NEWS OF THE SPORT WORLD

YANK CRIPPLES ARE IMPROVED

Fipp, Even, May Be Able to Start the Series; Meusel's Legs Alright Again; Pep Young 13.

(BY HENRY L. FARRELL.)
 NEW YORK, Oct. 9.—One more lap around the clock and the growing "lets go" of the umpires is all that remains on the program to get the third annual battle between the Giants and the Yankees for the world's baseball championship under way. It is, frankly, fair weather, it is promise, tickets are about gone, the teams are ready and the fans are waiting for the start.
 Miller Huggins, the little manager of the American league champion, is unusually cheerful and in good mood today. It seems that found a decrease when he called the roll of cripples.
 "Babe Ruth is ready and rarin' to go. Bob Meusel has found some of his big leas. Jimmie Foxx has separated from a stitch in the side. Marty Papp is still rather doubtful but Huggins thinks he will be able to start the first game."
 "What of the Giants start laying their eggs in front of them?"
 "Gins was asked about Pipp and his same stinks."
 "I'll have to do something when they start doing that," he replied.
 "Pep Young is still unwilling with a cold and John Seaver is back in the kink in his arm but otherwise the National league champions are ready of the word."

JOHN NOH OF TWIN FALLS

John Noh of Twin Falls, candidate for center of the 1924 University of Idaho varsity football team, is a mighty hard handicap to overcome. Noh has no high school experience and failed miserably on the freshman team last season. He is, however, out for the varsity this fall with a determination which is gaining the admiration of the coaching staff. Noh has the ideal build for a center, tipping the pointer 180 pounds and measuring 6 feet inches. He may not be able to make his award this year in face of some of the heaviest competition in varsity football history but the experience he is getting under Mathews will stand him in good stead for next season when the Idaho squad will need a good center and need one badly.

ATTENTION FANS

Tomorrow is the day for all good baseball fans to come to the aid of the Yanks of Giants in front of the Times office.
 Starting at noon, the Times will give you the details of the game as they happen, as the United Press will have a man watching every ball pitched and immediately he will send the message on a direct wire to the Times.
 Megaphone service will be given, and everybody is invited to be present. The fans know the sporting paper of the Twin Falls country. Nuf sed.
 If you can't be with us tomorrow, call 38 or 35 and we will be more than pleased to tell you of the happenings over the phone.

PIGSKIN DOPE

BY GOSL.

"Boy, he sure is hard-nosed."
 "If he is going to treat us this way for being a game we won't lose any more this season."
 "Gee, he doesn't realize that I am a stiff and core."
 There are but a few of the remarks put out by Coach Evans' squad last evening, after one of the most atrocious seasons of the year.
 "But the boys won't game, and they'll put out their best."
 Making a few changes in the lineup Evans started off early in the afternoon by showing the boys what he meant by blocking.
 "Swim was started at center, while Ray Hodge was sent to end, Chris Spencer was sent in to try his luck at playing tackle."
 "Must Find Fortuna."
 It is well said that fortune belongs to those who find it, and not to those who seek her.—Spanish Proverb.

MAJORS MAY CHANGE THE SLAB RULES

Changes Are Expected to Be Made at Meeting This Winter.

(BY HENRY L. FARRELL.)
 NEW YORK, Oct. 9.—When the major league club owners meet this winter to seek remedies for any defects that might have been apparent in the "national pastime" during the past season, it is probable that some relief for pitchers may be considered among the baseball candidates are John Miles of Culdesac, whose previous football experience has the name of being a power of Moscow; G. F. Cooper of Tacoma, Wash.; and the Thompson brother of Corvallis, Ore.
 Line players who have been unusually effective in practice so far are Robert Butler of Twin Falls; Donald Flynn of Twin Falls; L. W. Hansen of Moscow, Carl and Roland Washington of Corvallis, Wash. and Idaho will know definitely whether these glowing freshman prospects will merit the Vandal youngsters and the varsity. He took a few games before the frost set over their fear of bucking into Coach Mathews bunch of regulars. When they found that the varsity was far from unprincipled they made an excellent showing.
 Both line and backfield are present in encouraging amounts. Coach MacMillan is sure Idaho has freshman pennant winners last year is the authority for the statement that there are about 200 players of equal ability, making the selection of a first string a difficult matter.

IDAHO FROSH SQUAD GOOD

Twin Falls Lads Help to Round Out Machine at Moscow.

UNIVERSITY OF IDAHO, Oct. 9.—Practice by practice, in every way, the University of Idaho 1923 freshmen squad looks better and better. There is, in the opinion of the coaches, more promising material in this season's freshman than there was in the squad from which last season's team which took the northwest conference freshman championship was built. Opposing this bright outlook is an undercurrent—that this season's squad will perform more work than any other. It seems that this season the frosh gridlers are getting their dues.

Several scrimmages have been held between the Vandal youngsters and the varsity. He took a few games before the frost set over their fear of bucking into Coach Mathews bunch of regulars. When they found that the varsity was far from unprincipled they made an excellent showing.

Both line and backfield are present in encouraging amounts. Coach MacMillan is sure Idaho has freshman pennant winners last year is the authority for the statement that there are about 200 players of equal ability, making the selection of a first string a difficult matter.

Great quantities of tickets have fallen into the hands of scoundrels who are selling double the face value. Officials of the Giants and the Yanks said they figured that the speculators would be caught with a lot of them and would lose of their ventures.

GRIDIRON GOSSIP

NEW YORK.—Falls started this week to correct some defects in the tactical position of the line that were observed in the last game with North Carolina. Louis Richardson's line performance at quarterback had been a strong candidate for the regular job. The squad came out of the game without injuries.

PRINCETON, N. J.—Brilliant work of the Tiger backs was the only consolation of the Princeton coaches got out of the 25-0 looking game as the line worked very badly. The forward pass and kicking game was upset by the failure of the line to hold. No players were injured in the game.

ANNAPOLIS, M. D.—The Navy found no reasons for gloating over the showing made by its championship in the Dickinson game but the secondary team—that the team won't hit the red snapper this week with Steve Harsch, the star back, gets back into uniform. No players were hurt Saturday.

CAMBRIDGE, Mass.—Harvard was perfect in the showing against the Crimson in beating Rhode Island, 36-10, but the coaches said there were defects in the play which they naturally accepted. None of the players was injured.

PHILADELPHIA, Pa.—Gloom was deep over the Pennsylvania campus because of Penn's defeat by Maryland. The student body had been expecting big things from the team under its coaching regime and the morale of the institution has been badly hurt.
