NEWS OF THE SPORT WORLD

EAST HIGH WILL GIVE BRUINS A HARD GAME

All Southern Idaho Will Get a Thrill from the Twin Falls-East High Football Game Which Will Be Played Here Saturday Afternoon at Three O'clock. Opinions Differ As to Who Will Win and Considerable Dope on Both Sides of the Contest is Being Handed Out by the Official Dopsters.

Twin Falls versus East High. What a thrill one gets when these two football teams are matched. And to think that but two days remain before these two eleven face the field.

Considerable "inside" dope has been given by the dopsters who frequent the corners, and the opinions of these would-be seers to be classified as to who will win the game. The majority of the opinion that East High will have an easy time with the local team. That they will start an offensive attack that will completely bewilder the blue and white.

Others say that although the game will be close they are confident Twin Falls will win by at least two touchdowns and so the first prize goes to one knowing what is in store for the Twin Falls team Saturday.

Coach Warham of East High has a team built around a line that is superior to any one of the best school lines in the intermountain section.

Will his stalwart line of East High be able to get through the Twin Falls line? Will the Twin Falls line be able to penetrate the East High line? Now you have the whole thing in a nutshell. The line that will prove to be the potent factor in Saturday's game at Lincoln field.

It is conceded that Twin Falls has one of the best backfields in the state. Will the backs be able to get through the line for material gains?

Never in the history of athletics in Twin Falls has a game aroused as much

interest as the routine game with East High. These two schools played a 12 to 0 game two years ago, the invaders taking the four out of the score.

But two of the men who made the twin two years ago, are still on the East High team. Then and Captain Smith being the two. These two boys play tackle and come here with a reputation of being exceptionally clever, particularly on defensive.

Whether they will be able to show their wares Saturday remains to be seen.

Either way, the game will be a wonder to look at, and if present indications mean anything, there will be one of the largest crowds in the annals of Twin Falls sportsmen present to witness the contest.

The game will start at three o'clock sharp.

Come Down Slowly. The reluctance that a falling parachute offers to the air is greatly increased by its shape. The modern human parachute, made of silk, varies from 15 to 20 feet in diameter. It is tight by concave on the lower side and offers sufficient resistance to the air, so that when carrying a man, the rate of descent will not be more than 15 to 20 feet per second.

They look in the seat tanks in one lion's worry for mother.

Wonder if it was ever said of Billy Sunday that "all he's got is a prayer?"

Before deciding on a tennis player, it's better to consider you will look attractive with a towel tied around your head.

A cheer leader may be a football looking goat, but he never has to sit up nights putting teacher cracks out of his whittome.

College professors object to paying coaches. Next he will object to paying the athletes.

Poppy and Tommy Lipson should get together and rare off a constitutional assemblage.

Due to his long association with the football it seems to us that Willie Hoop would make a great baseball manager.

This Abe Gobelstein may be a real fighter despite the fact that the New York boxing commission has declared him lightweight champion.

McGraw is going to visit Ireland. What will he say when the Irish ask him to explain the signing of Messrs. Salomon?

Clown owner says there are no more great clowns. Proving this he has never seen George Harvey in action.

The looks like a bad season for the flocks, blind and otherwise.

Psychology is probably a fine thing, but Princeton must realize how low that a stout line and a fast backfield are not to be utterly scorned at.

The Boy Scouts stand for a square deal.

PET CAT HANDY AT FISHING

Crouches Down at Water's Edge and Deltily Whips Out Fish for Her Dinner.

The woman and her friend sat on the porch of the latter's summer home on Long Island. In front of them the ocean sloped down to an inlet of Shinnecock bay. Timothy, the family cat, who had been curled up at their feet, rose, stretched himself and strolled nonchalantly towards the water.

"Watch Tim," said Mrs. W., "if you want to see something interesting."

"The cat passing occasionally as if there were no special reason why he should turn his steps in this particular direction, reached the shore, and, crouching down at the very edge of the water, gazed intently into its depths."

"What do you suppose he sees?" the woman questioned.

"Watch," answered Mrs. W. "Tim kept this intent position for a few minutes, and then, bending forward quickly and delfily thrust a Malfre-and-chile paw into the water. Before the woman could draw a breath a small fish was tossed upon the grass, which fish its captor proceeded to eat, head, tail, and all."

—New York Sun and Globe.

MAYBE THERE WAS TOO PAYING TOLL.—That check of yours is no good. Your account is overdrawn.

Mrs. Harvey—Impossible. When my husband put it in the bank he told me there was enough to last six months.

THE FORBIDDEN CITY

"The forbidden city," or the "purple forbidden place," stands in the center of the old Tartar quarter of Peking, surrounded by moats and battlements. It has an area of a square mile, filled with a large number of palaces and courtyards connecting. The imperial throne-rooms are at the center of the city. All the private precincts are forbidden to the outside world.

In 1912 the emperor abdicated and the city was divided by a wall. The emperor and his family remained north of the wall. The southern half was taken by the first president, Yuan Shai-Kai, who had it renovated for his coronation as first of a new dynasty, which never came off.

It was then turned into a museum, and on October 10, 1925, was changed.

Thirty million dollars were offered the Chinese government for the treasures of the southern half of the city.—Time.

DESCENDANTS

The old elm tree, under which Washington took command of the American army, may die. But Professor Sargent is already growing young trees from cuttings from the old elm. These stools are the old elm's children, and when it dies and is cut down, one of the children will take its place.

Fathers, comparing themselves with the old elm, can do a lot of thinking. "Thinking," Mother says. Parents are sure of one form of life after death, at least. They live on, in their children.

MAKING IT RIGHT

Maid—"What's that, may I pop over to the toy shop and get a skipping-rope?"

Mistress—"Whatever do you want a skipping-rope for?"

Maid—"I've just took me medicine, and I forgot ter shake the bottle."

—The Daily Mail, Brisbane, Australia.

HOUSE MUST HAVE LAUGHED

"Oh mamma!" cried little Edna as she came running into the dining room. "Just think! I've played an April-fool joke on the mouse that you heard in the closet. I've set a trap there without any cheese!"

—Youth's Companion.

The Economy Basement

Always has a message for the thrift shopper; its low overhead, its quantity distribution, and its "inside buying" ability tend to give YOU staple quality merchandise at fire sale prices.

INCOME FOR MARRIAGE

A Cleveland judge has declared that no couple should marry on an income of less than \$200 a month. Here is where liquid is put out of business. The judge is an auditor of accounts. Really, income is the least important thing in happy marriage, and has been such ever since the red roses of love first began blooming in the human heart. The things absolutely essential to the happy home are strangely few. Chief among them are love and love. Neither of these costs money. But both of them often fly from it. The world is full of want, but of actual starvation there is little. Want and need are by no means synonymous. It is a nice question whether there are not more people who have more than is really good for them than people who have not enough. The greatest injuries and crimes against mankind today are committed by the ultra-rich. Honor happiness is not in proportion to income.

CREAMERY MEETING CALL

The call Wednesday afternoon for a meeting of the committee of the Twin Falls Creamery association, by President Guyton Knutson, a story in regard to which appeared in The Times last Saturday, of more than passing interest in view of the fact that the goal sought in this instance was almost reached last spring when the busy season began in the country. The creamery business is one which has been successfully managed on a co-operative scale in various parts of the country, and as this promises to become more and more a dairy region every encouragement should be given such enterprises. There are a number of flourishing co-operative creameries already running in this state. Last winter, The Times strongly urged the organization of the farmers along this line and the reasons seem more imperative now than then. On October 18, this year, attention was called editorially to the value of co-operation in this line to offset a movement to monopoly which is said to exist in the creamery business. It was pointed out in the editorial in question that it was commonly reported that the alleged creamery trust was violating two laws, namely the anti-trust law of Idaho, and a later statute prohibiting any concern from making a greater difference in price between two points in this state than the difference in freight rates between such points. Investigation was urged and in the event that the charges should prove true, prosecutions were suggested. Shortly thereafter it was currently reported whether correctly or not that there was a difference of 10 cents between the Kimberly rate and Bull rate on cream. This week action was started in the district court in Gooding county on the ground that discrimination was allowed by a certain concern against Gooding and Wendell for the alleged reason that an effort is being made to freeze out a local creamery.

If this charge should prove true, it is to be hoped that prosecution of the case will establish the fact and also establish the constitutionality of the law involved.

Cold Comfort. It is an extraordinary fact that men have not as yet discovered the distinctly every word uttered by those who are seeking for them, while the most strenuous attempts fail to penetrate even a few feet of the snow.

RHEUMATISM

Cannot Exist in the Human Body If You Will Not Try This Prescription. It is a prescription for rheumatism, muscular, static or any form of Rheumatism. This prescription does not pain the stomach. It does not depress the food you will while taking this prescription. Contains no mercury, salicylate soda, oil, white pine, or narcotics, but positively overcomes any kind of rheumatism or gout on earth. What more do you want? There is nothing just as good, and it is impossible to get anything better. The greatest relief ever known and also a superior liver medicine. Trunk's Prescription sells for \$1.75 or for only \$1.00 at Schramm-Johnson Drug stores.

WOMAN SO BLUE SHE CRIED

Because of Ill Health—Tells How She Found Relief by Taking Lydia E. Pinkham's Vegetable Compound. Burlington, Iowa.—I used to dread the time for my monthly period as it came every two weeks, and during that time I would have the blues and cry. Since I have taken Lydia E. Pinkham's Vegetable Compound I am so glad that I can hardly express myself. I have gained several pounds and look fine. I have recommended your medicine to my friends and you may publish my letter as a testimonial. I hope your medicine will give others the relief it did me.—Mrs. ELLIEN GALL, 2022 Dow Highway St., Burlington, Ia.

KIMBERLY

The funeral of Martin Paulsen was held Monday afternoon at the M. E. church here. Rev. H. B. Peterson officiating and burial was made in the Twin Falls cemetery. Mr. Paulsen was a pioneer resident of the tract. He also owned land near Orland, California, where he was at the time of his death. He was taken suddenly ill with appendicitis and an emergency operation was performed which was successful. He lived four days after the operation. His brother, William, was sent to the hospital and accompanied the body home, arriving Monday noon. Besides this brother, William, there is left one sister, Mrs. Kimbale of Kimberly, a sister at Jerome and one brother in Kennewick. Much sympathy goes to the bereaved ones as it was only a short time ago that their mother passed away. The sale of the Paulsen place, which is a 160 acre farm southeast of town was completed last week, the purchaser being Mrs. Lauer, who is a sister of Mrs. P. S. Sore of Twin Falls. Mr. Lauer bought the place two years ago from H. L. Bradford. The place has been rented to Frank Palmer of Castleford who will take possession about Nov. 1. Mr. Palmer is a well known farmer of Richwood. Round-bouted sheep and other high grade stock. Mr. and Mrs. E. Langford and two children of Laramie, Wyo., moved into the rental home on the farm. Melvold ranch which was vacated by Mr. and Mrs. Everett Jack who went to Ardenham to spend the winter. Mrs. Alma Copple and daughter are here to spend the winter with her, "Opie's" parents, Mr. and Mrs. John Doo.

Mrs. Will Dunn left Friday morning for her home in Three Creek after visiting Kimberly friends for a week. Mrs. Floyd Lacey was on the sick list last week but is now able to be back at her work. A. L. Williams and daughter, Mrs. M. E. Williams, are in the hospital in their relatives in Kimberly. Mr. Williams is the father of Mrs. Will Williams and Mrs. Glen Tyler is the daughter of Mrs. Holden. Mr. and Mrs. R. G. Wilson entertained at a week dinner Thursday evening. The guests were seated at two long tables in the spacious dining room which was artistically decorated with Jack O'Lanterns, autumn leaves and fruit, and Halloween decorations.

NEW METHOD HEALS RUPTURE

Kansas City Doctor's Discovery Makes Truss or Operation Unnecessary. Kansas City, Mo., (Special)—A new discovery which cures hernia, boys no equal for curative effects in all rupture cases, is the latest accomplishment of Dr. Hoffman, the well known hernia specialist of this city. The extraordinary success of this new method proves that it holds and cures a rupture. It weighs only a few ounces. It has no hard gouging pads, no elastic belt, no hot straps, no steel bands, and is as comfortable as a light garment. It has enabled hundreds of persons to throw away trusses and declare their rupture absolutely healed. Many of these had serious double ruptures, from which they had suffered for years. It is Dr. Hoffman's ambition to have every ruptured person enjoy the quick relief, comfort and healing power of his discovery, and he will send it on free trial to any reader of The Times who writes him at his office, 2071 K. St., Kansas City, Mo. He wants the person in each neighborhood to whom he can refer. If you wish to be right before for good, without an operation take advantage of the free offer. Write him today.

The place cards were ornamental with white and black and also the tally cards used in the bridge games which followed the decorated dinner. The bridesmaids were led by Mrs. Glen Whitney and Mr. Will Downing. Mrs. A. J. Wilson was presented with the consolation prize. Those present were the Messrs. and Messrs. H. H. Alderson of Twin Falls, G. F. Steel, J. Frank Linger, Fred Jones, W. A. L. Stewart, Glenn Whitney, G. J. Wilson, Will Downing and R. G. Wilson. The Showmaker cut a rash in her left knee last week which required several stitches to close. The wound is now healing satisfactorily. Mrs. Ben E. Pitter and Mrs. Edna Joy were Twin Falls shoppers Saturday. Mr. and Mrs. C. H. Houshman and daughter were Kimberly business visitors Friday. The Farmers' Creditors association will hold their regular November meeting Thursday evening, November 1st, at the S. Auditorium. There are a number of important questions to be taken up. One in particular being the question of hot lunches for the rural scholars at the grade schools. Mrs. E. J. White of Twin Falls will be one of the speakers of the evening. Mrs. W. A. Gill will be the leader of the meeting. It is hoped that there will be a large attendance. J. E. Severance came down from Pocatello last week and spent several days with his family. A. J. Fay spent several days at home last week. He has been building a modern home for a hairdresser and is ready to be ready completed. President C. W. Tenney of Gooding college gave a very interesting talk at the M. E. church Sunday evening. In his talk he spoke of the importance of the Idaho Pentecost, delivered an excellent address at the Christian church Sunday morning. The Jordan district church people also attended the services. Fred Wilson spent the week end at home, arriving Friday evening from Keweenaw, Mich.

The school will be closed for another week, according to Prof. Johnson, unless the weather is such as to prohibit further harvesting of the crops. If such is the case, the wagon drivers will notify the parents of the children of their route the evening previous, that the wagons will start the next morning.

IDAHO POWER COMPANY

7% PREFERRED STOCK

TODAY there will be more than thirteen hundred smiles of satisfaction in the faces of that many customers and employees of the Idaho Power Company. These people have become owners in one of Idaho's soundest and fastest growing industries and are sharing in the earnings of their Power and Light Company, because they have invested in 7 per cent Preferred Stock.

A Safe Dependable Investment in A Firmly Established Business

The Idaho Power Company is not a concern seeking capital with which to speculate in an enterprise whose success might be doubtful. This company is firmly established. It is a going concern, manufacturing a product that contributes to the happiness and welfare of everyone in the communities it serves.

It is because of the constant demand for broadening this service and expanding its facilities that this Company offers its customers and other local people an opportunity for profitable investment.

You'll have no waiting for mines to be dug, or wells drilled or factories built before you begin to get dividends. The Idaho Power Company is paying dividends on its Preferred Stock every 3 months and has been paying them every 3 months without a break since the first shares were issued six and a half years ago.

If you are interested in putting your money to work where it will earn you 7 per cent regularly, fill out the coupon below and receive the little booklet we have prepared—"More Power for Your Money." It's free.

HALLOWEEN IS QUIETLY PASSED IN TWIN FALLS

Wild and weird tales of grotesque adventures, some new products of the imagination of the reader and some ancient, occultatory efforts like the adventures of the boy who stood on the burning deck, were told with great effect around the campfire of the Junior High school last evening by B. Douglas Hawley to a lot of boys and girls who congregated to help celebrate Halloween.

As a whole the evening passed quietly with less noise and excitation than usual, though windows were

marked up, attires filled with debris and there were some more serious infractions to the city ordinance.

GUENY MAN IS CALLING ON LOCAL MERCHANTS TODAY

Virgil F. Guen of Ogden is stopping at the Ryeview hotel for a few days. He represents the John S. Stewart & Sons of Ogden and is placing their Blue Pine coffee with the local merchants in this city. This product is not new in Twin Falls as the merchants here have handled this product of the Junction City for several years.

HERE FROM BURLEY

Miss Helen Lansberry is getting the Blue Pine coffee with the local merchants and is glad to get the local merchants.

GOES TO LONG BEACH

Frank Smith has gone to Long Beach.

FREAK TEMPLE IN MOSCOW

The cathedral of St. Basil (also known as the Pokrovsky cathedral) in the Red square, Moscow, is one of the architectural freaks of the world on account of its towers, all differing from each other and representing in their variety of colors, pinnacles, nestings and turrets, says the Detroit News. It was begun in 1554 and was not completed till 1870. Plundered and desecrated by the French in 1812, it was restored in 1828-30.

The Uspensky cathedral, one of the sacred buildings in the Kremlin, Moscow, contains the oldest and most venerated holy pictures in Russia, as well as numerous relics of saints. The cathedral was built in 1475-79 by the Polignac architect Filaret, in the Lombardo-Venizian style, with Indian capitals. The building has been restored several times after being pillaged or burned.

AT THE PARK

BOOM TOWN NEARS ITS END

Only Two Inhabitants, Both Asad, Are Left Within Precincts of Bald Mountain, Colo.

Bald Mountain, in Colorado, has only two people, the chief of police and the postmaster. Not so many weeks ago there was a thriving mining town, but when the mines gave out the people left until only two remained.

William Dickerson was mayor of Bald Mountain for a number of years. He left the town to go to work in the office long time ago. He had given up the job of being mayor of Bald Mountain, having gotten tired of it. Then one day, there were a few people left, it was hardly worth while being mayor any more.

After Dickerson went away there were four people in Bald Mountain. Two of them ran for mayor. One man got his own vote and the other man got the other man's vote. The other man got his own vote and the other man got the other man's vote.

There were three votes for the other three men. One became justice of the peace, another chief of police, and the third postmaster. Then the mayor and the justice of the peace departed the town, leaving the chief of police and the postmaster to hold the fort.

There are three votes for the other three men. One became justice of the peace, another chief of police, and the third postmaster. Then the mayor and the justice of the peace departed the town, leaving the chief of police and the postmaster to hold the fort.

Dress Coats

Saturday morning you will have the opportunity of buying beautiful dress coats at just one-third less than their real value. There are 15 of them, sample coats. They have beautiful, luxurious fur collars; they are lined with canton crepe and peu de chine. The colors are: black, brown, navy, and gray. The collars are genuine squirrel, lynx, gray fox, black fox and beaver.

Every coat is worth not less than \$75.00, so this sale means a saving of \$25.50 for every purchaser.

See the window. It tells a story of a remarkable coat bargain. We have decided that no coat will be sold until Saturday morning.

If you are not prepared to purchase the coat outright, a small deposit will hold it for you. Come early for the best selection.
