

PROGRESSIVES TO BE MAJORITY

Congressman John M. Nelson Describes What He Terms "Gag Rule" in the House. Majority is Throttled Under This Plan and Speakership is Held Up for Present.

WASHINGTON, Dec. 4.—Progressive republicans in the house are battling to knock out the gag rule so that a majority of that body will have a chance to vote on constructive legislation.

Under the present house rules a committee chairman can pick a report and refer it to the floor. The majority of the house, the wishes of a majority of the house, the wishes of a majority of the house, the wishes of a majority of the house.

- 1—Provision for replacing incumbent and resident chairman of committees by men who will discharge their duties.
- 2—Procedure for recharging committees failing to act on bills and placing matters before the house for a vote.
- 3—Changes to prevent the rules committee from introducing amendments to bills.
- 4—Ban on pocket vetoes by chairman.
- 5—Require the speaker to give a weekly notice of business before the house to prevent surprise legislation.
- 6—Provision for obtaining a record vote in the house on amendments to bills.
- 7—A method whereby house members may give information to their government departments upon demand by resolution.

The progressive demands are reasonable. They do not even ask that the changes in the rules proposed shall be accepted. They simply ask for assurance that the changes will be given a chance for presentation to the house for action.

Eccu Chiffon Sleevelets and U-Neck Arc New

WOMAN'S INSTITUTE Fashion Service

By MARY BROOKS PICKEN

THE ladies are showing many lovely sleevelets made up of lace, chiffon, and net, also the materials for making these charming accessories. If one uses a color trim to harmonize with the sleevelets, it becomes her to make them herself, from the point of view of both convenience and economy. In this case, the dress is of soft brown velveteen with eccu chiffon for sleevelets and collar trim, and a piece of attractive pattern lace serving as a "collar" in the U-neck.

The bodies is of the latest variety. The skirt is of two straight widths of velveteen. The sleeves are cut in come two inches below the elbow. The sleevelets are put at tucked in the dress, but are held in, above the elbow, by an elastic in a tiny casing, and, at the wrist, by a wee band of chiffon.

QUESTION AND ANSWER BOX

Conducted by Auntie Sue

Dearest Auntie Sue I am a multi-year girl, seventeen years of age, and because you have helped so many others and I need help so badly I turn to you. Am I wrong?

I am help-ful to you. Oh I know I am young in years, but every one says I am twenty in my decisions, my outlook on life, and my ways and ability. I am attractive, not beautiful by any means, but most people look at me. I never cared so much for any one until I met this boy. We went together a time or two and he liked me to be his wife. He declares that he worships me—that he desires above anything else to call me his own. Before he met me he went with a girl who is just a common girl. She isn't any more, while I hold my virtue high above everything else. It is over her that my heart is breaking. I feel that I have been engaged to her, but he says he doesn't love her any more. He has a hold on him that I CAN'T break and oh, Auntie Sue, he means no more to me. When can I only my happiness with some one else. I CAN'T. If I should go to her and never see her again, would she would smile at me, should I ask him he would think I was jealous, and he would never love me and regards my wishes not at all. And here is the difficulty. He comes to me and if we don't happen to have a date he doesn't look me up but goes to some other girl and she is just as good as mine. I wonder if he will ever see me. He has a hold on him but that he loves me more than anything or anyone. I only wish he asked me if I wanted to go to the dance. I told him I could not as I was going to be busy and besides I did not care to go. He said he didn't care and if he could he would only just look on. About one I went to the ball and he was standing by her and looking at me though she was the light of his life. I know she cares for him in the way, but not like I do, and oh Auntie Sue, HOW CAN I BREAK FREE? He says he will not marry him but he has never given me a ring, although he can afford to buy one. I told him I would ask him to marry me and he said he would not. Please do not print my real name. (Sue's Lily).

Dear Auntie Sue, I am a multi-year girl, seventeen years of age, and because you have helped so many others and I need help so badly I turn to you. Am I wrong? I am help-ful to you. Oh I know I am young in years, but every one says I am twenty in my decisions, my outlook on life, and my ways and ability. I am attractive, not beautiful by any means, but most people look at me. I never cared so much for any one until I met this boy. We went together a time or two and he liked me to be his wife. He declares that he worships me—that he desires above anything else to call me his own. Before he met me he went with a girl who is just a common girl. She isn't any more, while I hold my virtue high above everything else. It is over her that my heart is breaking. I feel that I have been engaged to her, but he says he doesn't love her any more. He has a hold on him that I CAN'T break and oh, Auntie Sue, he means no more to me. When can I only my happiness with some one else. I CAN'T. If I should go to her and never see her again, would she would smile at me, should I ask him he would think I was jealous, and he would never love me and regards my wishes not at all. And here is the difficulty. He comes to me and if we don't happen to have a date he doesn't look me up but goes to some other girl and she is just as good as mine. I wonder if he will ever see me. He has a hold on him but that he loves me more than anything or anyone. I only wish he asked me if I wanted to go to the dance. I told him I could not as I was going to be busy and besides I did not care to go. He said he didn't care and if he could he would only just look on. About one I went to the ball and he was standing by her and looking at me though she was the light of his life. I know she cares for him in the way, but not like I do, and oh Auntie Sue, HOW CAN I BREAK FREE? He says he will not marry him but he has never given me a ring, although he can afford to buy one. I told him I would ask him to marry me and he said he would not. Please do not print my real name. (Sue's Lily).

On cakes—in the morning

When you get that first "whiff" of cakes in the morning—think of Scully's Skookum—you'll have "some" appetite. Cakes without Skookum are like ham without eggs—it simply belongs there. It's "Bully." Don't forget—nothing but pure cane and maple sugar.

It is now nearly 300 years since Stephen Gray discovered that certain materials conducted electricity and that certain others did not. Stephen Gray's name seldom is heard, but the network of wires around the world is due to his work.

He found, when he rubbed a piece of glass tube on to electricity it took a cork in the end of it carried away the electricity. A wooden rod at the end of the cork, several feet long, stiff carried away the electricity and even a damp thread, supported on silk loops, carried the electricity 200 feet. Silver wire he found, was the best conductor of electricity but then, as now, was too expensive.

None of the present uses of electricity would be possible if Stephen Gray had not done this pioneer work. His most important contribution was in 1729 when he explained the conduction and insulation of electricity.

Quite a number of empty houses are gradually filling up in Twin Falls and everything would indicate that prosperity has come to stay.

We notice that Boise devoted a full page in their Sunday morning paper to the exploitation of the fact that their farmers do not break or go to the red side of the ledger.

Now the city audit shows that we owe about \$100,000 more than we thought we did. This will help kill the Christmas joy which comes about this season but nevertheless following close to the heels of this announcement comes the statement that the lower gold mining may be renewed on the Snake river with a reduction which will make this industry very profitable.

IDAHO AND ROSEWORTH COLONIZATION

Idaho and the balance of the country heard much talk about the Brooklyn caravan settlers and the Roseworth lands. Indeed he echo of that settlement escapade has not as yet died away.

It was but the other day in no less a publication than the Country Gentleman that a writer attempted to give an illuminating word picture of the Brooklyn caravan failure.

Much was said in the attempt to ruin the good efforts of the Brooklyn caravan, about the absurdity of attempting to transplant city people to farm lands.

Now what a lie is given to all of this in the recent published statement of one E. L. Reynolds, one of the original Brooklyn Roseworth settlers.

But even more important than this is the conclusions that this original settler reaches regarding his Idaho holdings, for he adds: "Can anyone doubt that I knew where I spoke, the number of times that I said in Boise, that Roseworth possesses land of quality second to none."

Idahoans should always remember that the men who made this state what it is today, were not the pessimists. They were the optimists. They had faith in the irrigation of its lands and the fertility of its soil and they encouraged settlement and development.

But it may be fairly granted there will be no extensive spreading of the story of this settler. There will be no effort made to herald his success to the country at large. Nothing will

be done to broadcast how he won a farm from the raw sagebrush. Those who were instrumental in destroying the good effect of the Brooklyn escapade will see to it that the good name of the state remains blackened.
