DEMPSEY MAY RETIRE; NO CONTENDERS

Champion Expects to Appear Another Million and a Half by Fighting the Trio, Tom, Oibbons, Harry Willis and Louis Angel Firpo; Tex Rickard Can Always Find Some Sort of a Contender.

BY HENRY L. FAIRBELL.
NEW YORK, Dec. 15.—Jack Dempsey's talks of retiring and going into business as soon as he has added one and a half millions to his fortune by fighting Tom Gibbons, Harry Willis and Louis Angel Firpo, are being taken as a serious threat by the boxing world.

The heavyweight champion probably means that he will be forced into a voluntary retirement as he has no one to keep his million dollar chin out of the ranks of Gibbons, Willis and Firpo.

The heavyweight class is in such a state of decline that Dempsey will be forced to fight a number of smaller men to keep his name in the ring.

Looking over the contenders as they now stand, Dempsey might be believed to have no one to fight who would give him a real fight.

Any contender of this kind, however, are made without giving credit to Tex Rickard. As long as Rickard is in the promoting business it can be bet that an annual contender will be developed for a title fight.

Some boys who are working for thirty a week, and some less, will find it hard to figure out how Dempsey can be quitting the fight game and going into business.

Dempsey, it would seem, is now in the most remunerative business in the world. He can't find there can be picked from the legal, medical, professional or commercial world no young man under thirty, without an education or any bringing up, who has made \$700,000 for himself and \$700,000 for his partner.

Dempsey has done that. In the business of boxing his first and from the revenue he brings in the heavyweight championship of the world, he has earned \$1,000,000, and in taxes he has paid to the government at least one-fourth of that sum.

Anyone, under the circumstances, might be pardoned for asking: "What does he mean, going into business?"

Dempsey, we heard him say not long ago, does not want to retire, unless it can be that he is in love and wants to get married.

The champion said when he was training for the Firpo fight that he intended to defend his title until he was no longer champion, as he would no more willing to cut off the revenue from the championship than any young man is to quit a job that means more than a \$100,000 a year without stepping into the ring.

Dempsey did not say that he would never get married as long as he was the champion, and if he is an eager to get married he might retire, but with his \$700,000 he'll need dough when he gets tied up and has to go back to work eventually.

Like any young man who once had to get into and back on the brackets and who many times had to get his foot at back doors, Dempsey

SENIORS WIN FROM JUNIORS

In one of the best class games ever seen on the local floor, the Seniors took a hard fought contest from the Juniors 12 to 10, winning the class championship for the season of 1923.

These exciting boys both learned from making many baskets, the Seniors making three, and the Juniors one.

Goals were numerous, allowing both sides many chances at free throws, in which Branch Cole, of the senior team, excelled, scoring six in 19 tries.

Goals were also scored by the Seniors, with Dickford making the third one, while Kenneth Krievack scored the first one for the Juniors.

Future should go to every member of the two teams, as all played stellar games. Some, in particular, played a clever game, such as Cole and Krievack close at his heels.

The game of strategy was on the average, the his few more some great goals, saving many baskets for the Juniors.

Jimbin started for his team, his openings and his feeding being extra good. Jimbin took much better this year than last, and the blue and white should have more of him before the festive season.

Cron played a nice game, but had his hands full trying to gather baskets. Dickford also a beautiful basket in the last few minutes of play, this was a snafu.

The first game of the afternoon between the Seniors and Freshies resulted in 26 to 14 for the second year men.

Superior height, and weight told the story in this game, the smaller boys being no match for the Sophs. Rosa and Martin featured for the Sophs, while Smith and Gentry were the back of the heavy work for the Junior men boys.

BASKETBALL SCHEDULE TO BE ARRANGED

A meeting will be held this afternoon at 10:30 for the purpose of arranging a basketball schedule for the coming season.

Being the same system as that employed last season, the south central district has been divided into four sections. Meetings will be held at Murray, Wendell and Grey today, as well as at Bubi, and the same process of elimination will be followed.

In the west and district are: Bubi, Kimberly, Hollister and Twin Falls. It is not probable that the district elimination games will be held in Twin Falls as has been the custom the past few years.

Chicago Oil Faker Sought 'Abroad' by Secret Service Men

CHICAGO, Dec. 15.—Convicted that Leo Korvitz, Chicago's master vendor of legal concealments with which they hope to make certain his conviction in the event he is captured.

Two avenues of escape which Korvitz was considered likely to have taken were swept by thorough investigation and found to lead nowhere.

The man who swindled his family, his friends and scores of wealthy Chicago business and professional men of more than \$1,000,000 did not escape on a private ship or by airplane, police said they were certain.

Reports that he had purchased the giant power boat "Flying Fox" were found to be false when Dr. John A. Harris, New York hold out, notified that he owned the vessel, having refused to sell to Leo Korvitz.

Two aviators, stopped in a flight from Chicago to Georgia in the belief

"We Seek More Business on Our Deposits"

Another Package from Detweiler's

Well, I guess not that—the fellow who said that, slopped over a little. We don't believe in handing our customers a package—there has been too much of that kind of business in the last few years.

This is the time of the year that many a man does not know just what to buy for his wife to make her happy—now our experience has been that a woman is always happy when she is carrying a basketful of fresh eggs from the hen house, and we would suggest that you buy some "Globe-AI" Laying Mash, which will get the hens in a notion of laying eggs, and then she can sell the eggs and buy what she wants.—But be sure and build nests as soon as you start feeding it, as this mash is noted for quick service and the hens may get nervous if they can't find a place to sit down. Buy this and you will say we did not hand you a package, but got the worth of your money.

At any rate, if we wanted to hand a fellow a package, we would not be bragging about it all the time.

Now, don't forget that we are getting a carload of this "Globe-AI" Laying Mash—Come in and get it—We will give you a cut price on 500 pound lots. We read an ad the other day which said, "the early bird catches the worm." Come early—that is all right when worms are scarce, but at our coal yard you can come all day long, and you will be safe from being run over, as Old Man Detweiler is TRAFFIC COP. We also have a floor manager and man to load the coal.

Don't forget to ask us about that new Buick car for \$1,000.

Boys and girls in our town want to see the mercury down below the zero mark in order that they may use the skating pond. Announcement that those lingering in debts will be prosecuted ought to have a wholesome effect.

The Ells are showing the proper spirit in taking the initiative in getting up a municipal Christmas tree. Valentine is a time when everybody should be made happy, and it is especially the period of children's pleasure, and all should have a share. The Christ child was poor and lowly and it is fitting that the anniversary of his nativity should be the occasion for joy for all.

The statement of S. H. Hays that he is confident of the success of his plan to water the Sunnyside from the Salmon river of North Idaho is encouraging. Mr. Hays is an authority on the subject; his sons are prominent irrigation engineers and the idea is feasible. This will insure surplus American Falls water for the Bruneau.

Somewhat there is an old familiar sound about the statement of the Independent Gas & Oil company that it is being fought by Standard Oil. Similar statements have been appearing from time to time for the past half a century in thousands of newspapers, hundreds of volumes and scores of legal reports. Anti-trust laws seem impotent to stop the octopuses, and its opponents and victims seldom make appeals to criminal statutes nowadays. Yet, either the Standard is a much-maligned corporation or the law which it is charged with violating should be enforced.

SENATOR BRUCE BETRAYS PARTY

That was a weak excuse given by Senator Bruce of Maryland, when he changed his vote from Senator Smith of South Carolina to Senator Cummins, when he found that his next vote for Smith would have elected a moderate democratic progressive instead of a standpat republican to the head of the interstate commerce committee. Had he been asked to vote for Brookhart or LaFollette, this excuse would have had some consistency, as he might say that they were too radical, Smith is not a radical. He voted against the Eads-Cummins railroad bill as did a majority of the senate democrats and an overwhelming majority of the house democrats. This bill was signed under protest by President Wilson only because the time for returning the roads to private owners would expire in a few days and it was either this bill or chaos, and Wilson so staled in a message denouncing the law. The law was vetoed by the national democratic convention. To refuse to vote for Smith because he had voted against that bill was to denounce his own party. Besides Smith was just as good when he could be elected as when he could not. To vote for him until he had a chance and then desert him was of questionable good faith. To say the least.

THE HANSEN CORN SHOW

The Hansen Business Men's association, which was recently organized as part of the new community program, has announced an all-day corn show at the Hansen Community church for next Wednesday, from 10 a. m. to 10 p. m.

This enterprising village is in the heart of the richest and most prosperous part of the Twin Falls tract, and the advance agent of prosperity has convinced the Hansen business men and farmers that the time is ripe to shake off the hard times blues and prepare for a new day of enthusiasm and advancement.

The list of prizes offered by the Business Men's association is ample evidence that they do not do things by halves and already the samples of corn are coming in. To the members of the association, in surprisingly large numbers.

Contestants for prizes must take the ten ears of corn offered in competition for prizes, on their own land, which must be situated east of Kimberly, including both the north side and the south side of the Snake river. Any one on the Twin Falls tract is invited to show their corn but only the ten ear lots raised in the Hansen territory can be included in the prize list.

The entire program will be carried in a address and discussions of corn growing, feeding and seed selection, interspersed with vocal music. The list of speakers will include R. E. Broadbent, county agent; William T. Loefer, of the Barrick Bros. Seed & Supply company; and Charles Conner, practical corn grower. There will be an open discussion on the best methods of irrigation and cultivation by the farmers present.

Experienced men will judge the corn, and the International Harvester company will have experts on the ground to discuss the implements best adapted to the successful cultivation of corn in this territory. One M. W. Hansen, assisted by district representatives of the International Harvester company, will have charge of the implement section of the program.

The corn show will be followed by a three-day farmers' short course early in January which will cover all phases of agricultural industries incident to Southern Idaho.

Rev. Thomas Hodggett of the Community church is an active worker for the show.

Jerry Delaney, as Mame, Gay, and Mary O'More and Gladys Nagle, two youthful comedienne and dancers, in a scene from James Montgomery's musical show which comes to the Lyceum theater.
