

SOCIETY AND CLUBS

Cull Mrs. Al. E. Deiss, Photo 223

Musical Department.—The musical department of the Twelfth Street Club met Monday evening at the home of Mrs. W. B. Bunker. After the business session Mrs. F. F. Reiter, Mrs. G. A. Johnson, Mrs. J. A. Dierck, and others had an interesting article embracing eight of the modern songs. There was also an account of the achievement in the field of opera of some of the American opera writers. Illustrations from the "Opera in Europe" by Mrs. Hood were given on the platform.

"The Farmer May Hide His Laundry" and "I'm Coming Home" and "Songbird" by Alf Speake were sung by Mrs. Marcella, Mrs. N. J. Kresser, and Mrs. H. H. Harkness.

After the program closed with the singing of "The Little Dutch Girl" by Mrs. Olen Muddiman.

Elkay Normal Hour.—Monday evening the building and professional members of the Elkay Normal Club spent the time socially. Mrs. H. J. Youngs, who has just returned from a three months vacation in California, gave a very interesting account of her trip.

The Addison Avenue Social Club will meet Wednesday, February 27, with Mrs. Frank Smith in place of Mrs. Pickering.

POLITICAL NEWS

"They will never let us again," said the elderly Quaker to the visiting young man who had long overstayed his welcome. "Oh, we have no money! Of course, we will say yes!" "No, my young brother, I fear they will never let us again!" "But," said the young man, "what makes you think they will never let us again?" "With," replied the Quaker, "If they will never go, can there ever come again?"

Exports of Paper.—Canadian exports of paper, wood pulp and pulp wood for the month of May, 1923, were valued at \$12,621,000, an increase of 12% over the value of May, 1922. In addition, similar Canadian exports totalled \$29,753,835 over the April, 1923, figure of \$10,047,000. Exports of paper in May, 1923, totalled \$12,621,000, while wood pulp and pulp wood at \$10,047,000.

Copper.—Imports of Tin from Alaska, native copper number, the largest pure metal chunk ever found and weighing more than three tons, had been offered to Seattle Wash., on condition that it be placed in Pikeside street and that the metal be paid for "the George Street-right, Alaska, where it was found."

They're Who's in the Middle.—Tim—How are you getting along at home while your wife's away? Jim—Please! I've reached the height of efficiency. I can put on my socks without you either.—London Advert.

HER ENGAGEMENT RING

The true to seem transmogrification, her gloves off. To the hand on which she wears her engagement ring. Her eyes are pools of gladness, her smile like a star. It's a symbol of the future! Her engagement ring.

The whitening of her hands, the brightness of her smile. To the one who gave it to her. Her engagement ring.

And the merry little bairns, who now wear their own little engagement rings.

Are the countless joys awaiting them a golden glow? Wear with Her engagement ring!

—Delightfully.

SCHOOL MEET FILLS LARGE AUDITORIUM

Superintendent Mitchell Makes Clear Cause for Increased Levy. High Figures Show Increase. That Which Are Due on Appropriations Plus That Is Fee Levy of Tax Levy for Maintenance and Improvement of Schools. What Should School Board Do?

Factions not both in agreement on school levy as voted in last evening have shown up last evening in a school auditorium last night. The line of argument included almost exclusive support of the tax levy, while others insisted "Past Interstate Tax Levy" in the Times yesterday and in previous articles, namely, that the tax levy of 1921-22 was a good one and that as last year by granting the request of the school board would mean a cut in the budget, which would be reflected in the general fund tax, and that this would badly cripple the schools.

Perhaps the most telling single argument alone this was made by Mrs. Katherine Prentiss, who pointed out that the tax levy was the best way to help the schools. She said that the elimination of the equivalent of 20 teachers salaries and that it would mean more time for teaching instruction.

The meeting was called to order by President C. E. Mitchell, and the school board member present, Superintendent C. E. Mitchell, to explain the situation. Mr. Mitchell read the statement of the school board as follows: "We are unable to meet the financial obligations of the school system as it stands. This is the case as a clear exposition of the law in the state of Idaho, which provides that the school board may levy 10 mills and the state board give an extension of five mills; under the new law the levy is raised to 15 mills, which may be extended to 20 mill.

Mitchell showed where money came from when he explained the several funds in his statement was very thorough. He read from the report of the state department of education that the school taxes were among the lowest in the country and that the school taxes in Oregon, I. O., Smith interrupted to ask if there were not some of these schools which had higher taxes. Mitchell said that this was not so, but even though with the same number cost more per pupil.

He said that without funds he could not pay his bills, and if the voters should refuse to allow the levy, asked, for whom does he work? "For the children," he said. "If we don't have money, we will not be able to pay our debts, and if we don't pay our debts, we will not have money to pay our taxes."

Mr. Plach said he understood that Mr. Blaize did so and said that it was correct. Mitchell said that he had a stack of that sort on the eve of election unless prepared to prove his statement. Blaize replied that he had not read that statement and had not heard of it.

He said that his statements were true. Plach said that he had been told that Blaize had not been present at the meeting.

On the blackboard were shown where the other seven had a quarter referred to by Blaize yesterday were spent. One was for a new suit and the other six for a new suit.

Thomas Makre Ira C. Thomas made a plea for votes for the tax levy, which he said would put the different taxes in balance.

"It is true that the schools could not be maintained without the extra levy for the maintenance of the school buildings and the upkeep of the school grounds. It seems to me that if we do not have the extra levy, the schools will not be maintained. It seems to me that if we do not have the extra levy, the schools will not be maintained.

"School taxes are higher in this country in older districts, because taxes are lower in newer districts. In a short time, I can see no reason why the schools will not be maintained in the community here, who has the interests of the community at heart, and who is too

per cent American could not vote against it."

Transfer Not Legal

Jamey said that if the school could be run efficiently with the 6½ mills levy even it as suggested by Mr. Thomas the city administration would not be able to meet its financial obligations, and the school board would be forced to transfer and they would be liable for the debt.

Mr. Mitchell showed where money came from when he explained the several funds in his statement was very thorough. He read from the report of the state department of education that the school taxes were among the lowest in the country and that the school taxes in Oregon, I. O., Smith interrupted to ask if there were not some of these schools which had higher taxes. Mitchell said that this was not so, but even though with the same number cost more per pupil.

He said that without funds he could not pay his bills, and if the voters should refuse to allow the levy, asked, for whom does he work? "For the children," he said. "If we don't have money, we will not be able to pay our debts, and if we don't pay our debts, we will not have money to pay our taxes."

Mr. Plach said he understood that Mr. Blaize did so and said that it was correct. Mitchell said that he had a stack of that sort on the eve of election unless prepared to prove his statement. Blaize replied that he had not read that statement and had not heard of it.

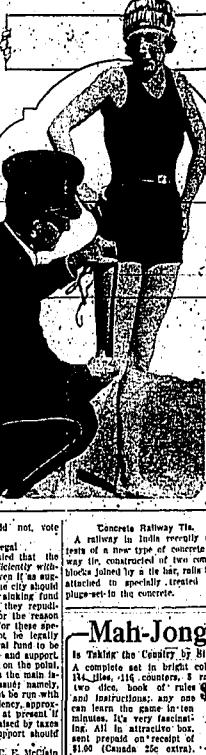

He said that his statements were true. Plach said that he had been told that Blaize had not been present at the meeting.

"It is true that the schools could not be maintained without the extra levy for the maintenance of the school buildings and the upkeep of the school grounds. It seems to me that if we do not have the extra levy, the schools will not be maintained.

"School taxes are higher in this country in older districts, because taxes are lower in newer districts. In a short time, I can see no reason why the schools will not be maintained in the community here, who has the interests of the community at heart, and who is too

SCIENCE TOLD IN TABLOID

Ictariology is making great progress and it cuts down the death rate. This is the science that deals with insects.

Microbes that cause disease are one

of the animal or vegetable kingdom.

The germ that causes diphtheria is

an animal, that of pneumonia is

a vegetable.

All microbes are not injurious to man,

some are necessary to his existence.

There are forms of vegetation that are not injurious to man, but in the soil of the earth.

The reason new diseases arise is because man's environment greatly favors the spread to man of some virus to which he has not acquired immunity.

The common cold, which medical men know how to prevent from crowding into a serious disease, may have wiped out millions of people in the past.

Today and a serious disease, once killed thousands of persons who otherwise

had no disease.

All microbes are not injurious to man, some are necessary to his existence.

NEWS OF THE SPORT WORLD

BUHL PLAYS METEORS IN FIRST GAME

Fast Games Loom on Sport Horizon As the Day Approaches for Opening of Sub-District Tournament.

(Game Thursday 8 p.m.—Twin Falls vs. Buhl.)
 Player vs. Buhl.
 Two Falls vs. Buhl.
 Twin Falls vs. Buhl; Kimberley vs. Pifer; Buhl was drawn, number 1. Twin Falls, number 2; Pifer, number 3. The first game will be played Thursday afternoon, beginning at 2:30. Twin Falls' starters will be set after the game is over. Both the evening and the losers will also tackle. "The double elimination system will be used," says Buhl. "It means that each team may be defeated twice, to end out of the tournament."

Buhler has withdrawn from the tournament, leaving four quints to fight it out. Three of the members were fast necessities, while the last fact necessitating withdrawal.

The first tournament was unable to be completed due to the weather. The games were suspended and rescheduled, while Twin Falls was willing to call the season closed due to the bad weather, until it was deemed advisable to call the event off as Buhl was the only entrant at the last.

Both Falls will not get a referee for all the games, thus insuring fair play. Buhler is in the tournament and it is a source of much regret that the cards are not to be seen in their books.

Three Falls has withdrawn for the final battles for stability. The tourney is now possessed by Buhl. All the games are to be played at the Buhl arena, which was originally and is properly adapted to tournament play. The evening games will begin at eight o'clock.

No Nut Cracker
By Joe Williams

A renowned wrestler has knocked out 21 birds in a row. A wrestler who can reform is capable of anything.

Joe Jackson Is Asks to Apologize for the Assassination of the Home-run Hitler
