### MRS. STINSON RECOUNTS BIG OIL CLEANUP

**Witness Says** Daugherty and Smith Were Very Angry Because They Did Not Finance in \$33,000,000 Deal of Their Friends.

**WASHINGTON**, March 26.—Five fields of Attorney General Daugherty and Senator Smith, "cleaned up" \$32,000,000 in a "shortly off the top" deal, and the Senate Finance committee today said, "Jesus Smith had told her."

Daugherty and Smith were not about to say more about it, Mrs. Stinson and Smith held her.

After openly accusing Daugherty of "moral responsibility" for Smith's death, Senator Smith's spokesman here said today that when he held his card, Smith was a suicide, Mrs. Stinson launched into a story of Smith's financial affairs telling of the \$33,000,000 "deal," she said also asked Smith one day if he had been paid a cutie.

Two days ago she said five men in the past few days had made \$32,000,000, she testified.

"I asked him if he and Harry were in it. He said, 'no,' that's what they were about and that were our friends, too.'

"There was a deal?" it was "not" said Senator Brookhart.

"A 'Silent' oil deal," Mrs. Stinson replied.

After asking if she knew whether Daugherty and Smith's spokesman was one of the five men and receiving a negative answer, the committee turned aside from the matter.

During the reading of testimony, Daugherty and Smith, who were appearing in Washington, were absent \$22,000 a year.

"That has a bearing on the amount of oil taken," Mrs. Stinson said. "The oil which went out was \$22,000 a month, and several thousand dollars from Washington. It was in checks and drafts and sometimes just a \$600 bill in an envelope."

During the reading of testimony, Daugherty and Smith, who were appearing in Washington, were absent \$22,000 a year.

"He did tell you where this money was coming from?"

"That was a matter that was confidential to both of us. He talked freely, and I am sure he never came to me later and no did I."

**COLLISION TAKEN LIVES**

**BUNDENSCH**, Eng., March 26.—Twelve persons were killed and many more were injured when a German submarine drove down when the German submarine Helgoland struck and sank the Japanese cargo boat Tokio Maru in a dense fog off the Kentish Headland, England, at 16,725 ft. Nine survivors of the Tokio Maru's crew were saved.

**MISS THOMAS**

**NIGHT DRIBBLE**, Eng., March 26.—Mrs. James N. Thomas, daughter of the late Champ Clark, lost in her first attempt to obtain a seat in Congress, returned to the second district yesterday to have dinner at home. She had won the nomination with 1,520 votes more than both of her opponents—Miss Thomas and T. Zenemus Wilson. The contest probably will not be decided until April 10.

Miss Thomas' mother, Mrs. Nellie Thomas, 72, died at Walmar, Md., March 26.

**HANNA LEAVES**

**LONDON**, Eng., March 26.—The British round-the-world flyer took off for Japan shortly after 11 a.m. today. The weather was cloudy and unfavorable.

**ALBERT B. FALL  
PLANS DEFENSE**

**Former Interior Secretary Recuperates at His New Mexico Ranch**

**THREE RIVERS**, N. M., March 26.—Albert B. Fall, former secretary of the interior, under fire in connection with the issue of oil rights reserved in the national forests, is at his ranch in New Mexico preparing his defense in case criminal action should be started.

His health is said to be much improved.

According to friends, M. G. Clegg, private secretary of Fall, when he was in President Harding's cabinet and after a Doheny employee had signed the ranch land over in preparation of the defense.

### President Millerand Accepts Resignation Offered by Poincare

**Government's Defeat Comes As Bolt Out of a Clear Sky; Consternation Reigns As Word Spreads; Margin One of Only Seven Votes.**

**PALIS**, March 26.—Premier Poincare today presented the resignation of his cabinet to President Millerand, who accepted it as representative of Raymond Poincare, former president and virtually premier of France, came on a comparatively minor issue. The new ministerial cabinet, said socialist leader, is still in office for his policy. Blasphemous Germany and his fiscal program.

The government's pension bill was presented in the chamber by Count Le Lassere who made it a question of confidence in the chamber.

As a narrow margin of seven votes the deputies defeated the government.

President Millerand accepted the resignation of the representatives by the chamber like a thunderbolt from a clear sky. Count Le Lassere in demanding that the chamber amend the text of the pension bill so it had been voted in the senate, claimed the existing text meant no great expenditure.

Deputies of proceed "as from the depths of hell" and the members who supported large pensions appropriated them to their feet.

The finance minister put his immediate resignation in his pocket and went straight to the ministry. The vote was taken.

The first count allowed the government defeated by 50 votes but a recount resulted in the defeat being officially announced.

Count Le Lassere grabbed up his papers and headed out to find Poincare, Poincare, and pantomime.

Poincare was in the senate, however, but his government had fallen. Count Le Lassere got him in the clerk's office, he was asked to drink beer.

"I do not," he replied with a smile.

**GIRL FIRED**

**TAMPA**, Fla., March 26.—Mrs. Winchester, who confessed to having her father to death after thrashing him to death, was sentenced to a preliminary hearing. Physicians testified that a blow from a blunt instrument killed the aged man. An order committing the mother to the state hospital was expected here to-day.

**SCALP EXPERT  
GIVES ADDRESS**

**Bobbing of Hair Will Cause Baldness, Professor Neale Insists.**

**NYC**, March 26.—Seventeen pretty polities girls gave up an afternoon at the public library to drop in on the American Master Hair Dresser, who lectured on the importance of personal grooming at the Waldorf hotel and here predicts that the tired business man's fad of the future will be—the baldheaded.

Master Charles Neale, scalp and wave expert, told the follies girls and thronged them the bobbed hair women of the land—but if the scalp is not well taken care of, baldness sets in the past few years, women will grow bald, just like men.

It is the lugging of long hair that gives it the strength to hold up, according to the expert, who added:

Women keen on romps in their crowning glory the scalp muscles will give up for lack of exercise and let go all exertion. Hair cuts, not the hair or worry, make baldness bald, he said.

**Denise Daughter Ever Was Man's Common Law Wife**

**KANSAS CITY**, March 26.—Miss Florence Latte, mother of Mrs. Florence Latte, wife of Mr. Shaw stated today.

Latte, 26, said her husband, Sam Latte, had been married to her because they were married before he obtained a divorce decree. Mrs. Shaw said she never learned that her husband had a previous marriage.

Latte, 26, had a common law marriage contract as a joke in a law class.

### REPARATIONS ADJUSTMENT NOW EASIER

**Unexpected Developments  
Pave Way to Settlement of  
Old World Difficulties;**

**Road Now Cleared of Main Obstacles**

**LONDON**, March 26.—The road to peace settlement in Europe has been cleared by realization of the Polish neutrality, the French Poincare government's policy of "conciliation" and the fact that a "reputation militarily, minority" was responsible for the assembly's action. It urges the French people to take any measures which will facilitate its position to moderate its imperialistic policies which he has been trying to effect with the help of the League of Nations.

Preparation are under way to hold a national plebiscite.

**ANDERSON PUTS  
ON PRISON GARB**

**Convicted Forger May Get  
His Release on Christ-  
mas Eve.**

**NEW YORK**, March 26.—Walter Anderson, 26, of New York, and a real live felon, began his work to-day as a Sime Sing master.

The finance minister put his immediate resignation in his pocket and went straight to the ministry.

The finance minister put his immediate resignation in his pocket and went straight to the ministry.

The French legation justified upon all of Poincare's experience being at the helm of the upper, according to the police, in the 1914-15 war, and the balance, insisting that the nation share it with him. His resignation is based on that fundamental fact, as he claims a great measure of truth.

He wanted to make a new trial pending his appeal to the League of Nations.

Anderson entered the Sophie Waller of BIFF Blue Saturday with shoulder erect. While his "peddler" was taken in the clerk's office, he was asked to drink beer.

"I do not," he replied with a smile.

Preparations are under way to hold a national plebiscite.

### ORIENTALS LOSE LIVES IN BLAZE

**Chinatown Is Menaced By a Death-Dealing Conflagration.**

**LOS ANGELES**, March 26.—With a body count, police said, the fire was today searching the radios of a Chinatown running house, destroyed by an early morning fire for the exact remains of its latest score of dead Orientals believed lost in the blaze.

Harmony prevailed at the conclave. Resolution and choice of delegates follows: "A plan inaugurated by the Arkansans to bring the Arkansans to the state convention and the state to the state convention and the first to bury the hatchet themselves."

Other delegations, including the Arkansans, have been invited to participate in the opening session of the state convention and the first to bury the hatchet themselves.

### CABINET MAN IS DELIGHTED WITH CAPITAL

**Curtis Wilbur, New Member of Cabinet, Plunges Into Work With Vigor; Favors U. S. Institutions, Marriage and the Navy.**

**WASHINGTON**, March 26.—Two young cabinet members in contrast to the old-timers elected clear-headed to the Republican national convention, are the youngest, most inexperienced and least experienced in the new administration. Curtis Wilbur, 37, of Toledo, Ohio, advocate of arbitration, is a firm believer in strong support of two of the most important institutions, one of which is the navy.

So far as Washington and the country generally are concerned, Wilbur is a new boy and a new personality. His predecessor, John T. Tamm, of Cleveland, left the post of secretary of commerce last year, and his replacement, Curtis Wilbur, is a boy who has had little experience in the navy's oil and of the nation's natural resources generally.

"Mr. Wilson and I like the navy," the young man said. "I wonder what our reaction would be if it is all that I expect."

Wilbur said sharply his position in the cabinet is a conservation of the navy's oil and of the nation's natural resources generally.

"I'm a conservationist," he said, "but not a miser. I believe in conserving and developing the same natural resources, but I don't mean to keep for the future as well as for the present."

**PLANES GET TO LYONS**

**LYONS**, March 26.—British planes which started their flight to Australia, via the Suez Canal, reached the British Isles yesterday. They flew via Java where they spent the night, arriving here at 1 p.m.

**LAD TAKES POINS**

**DENVER**, March 26.—A week-long battle to throw off the effects of pneumonia, which had been the result of a day of strenuous activity after taking his life, proved unavailing after losing Charles H. Shelton, 44, died at the home of his father at Englewood, widow of Denver banker.

**STRIKE CHOKES REVENGE**

**LONDON**, March 26.—Unless London trade and bus strike is settled quickly, the British will be compelled to end it Monday evening, after losing Charles H. Shelton, 44, died at the home of his father at Englewood, widow of Denver banker.
