NEWS OF THE SPORT WORLD

COAST BASEBALL WILL OPEN TOMORROW

President Williams predicts a Close Race This Season for the 1924 Pennant; Opening Day Attendance Should Be Record-Breaker; Salt Lake Plays at Portland; Week's Schedule Presented.

LOS ANGELES, Cal., April 7.—The Pacific Coast League opens its 1931 season tomorrow with no uncertainties of weather, according to President Harry A. Williams. In an announcement here today, predicting the "take-off" of the annual coast baseball season, Williams predicted a close race, well-nigh guaranteed throughout the summer by reasonable weather.

"Should the weather be favorable it would not be surprising to see opening day attendance records made in a number of coast league cities," Williams said.

"There does interest appear to have grown greater and more have sports writers devoted so much space to the discussion of the prospects of the various clubs. This interest unquestionably is due in a measure to the many new faces made possible recently through a reorganization of friendly relations with the major leagues."

"My own office, although it has nothing to do with the sale of tickets, for more than a week has been constantly besieged by those desiring to buy them."

"The Pacific coast has thoroughly the right spirit of the various teams by the baseball experts of the coast, it is to find any club which stands out prominently as to preclude the possibility of any of the seven winning the pennant. Certainly no player, at least, it appears to in a class club with each of the eight having a fighting chance."

show the effects of their efforts.

The document they are about to produce, it is regarded as being the most important since the Versailles treaty in its potential effect on the European situation.

The experts do not propose to fix definitely the total amount Germany is to pay. The two main features of the committee's report are:

1.—Stabilization of Germany's currency.

2.—Eliminating Germany's budget.

3.—For the first of these, the experts have proposed creation of a new bank of credit, with a capital of 1,000,000,000 marks governed by a board of 12 directors, seven German and seven foreign.

4.—The committee also proposes representation on this board will be the United States, France, England, Italy, Belgium, Netherlands and Holland.

Nine Prisoners Escape at Presidio

SAN FRANCISCO, April 7.—Search for nine prisoners who escaped from the military prison at the Presidio of San Francisco since their last night and escaped, was being continued today by military police and San Francisco officers.

Twelve prisoners escaped, three having been captured during the night.

Sixty-five prisoners in the guard-house could have followed their escape, but they were not. Those remaining behind, however, denied all knowledge of how the nine had been saved.

Susquehanna River Floods Low Lands

WILKESBARRE, Pa., April 7.—The Susquehanna river went out of its banks today flooding low lands along the west side, endangering scores of houses and doing thousands of dollars' damage.

Water in many houses in Elizabethville was flooded from the back water in Tully creek and Cula creek. Sixty-five houses in Tully creek, thirty in Elizabethville and thirty in Cula creek were flooded. The water is still rising.

APRIL TEST OF MILK GIVES US FINE STANDING

Great improvement! Over 1000 herds of April Custer Shuman by Figures Completed by Government of 225, according to department from records of the Trier, Luster for above the Average of Last Year.

Twin Falls with its second highest in the state in the milk test of 1923, when it had an average of 55.5, has had an average of 72.5, according to department figures completed today, which place it approximately where the highest city was six months ago. A great feature is that the lowest point in the six months tests, as completed by Government inspectors in February, 1923, or last year shows the average of last October. The highest test in 1924 was the highest last time in 1923. The lowest last October for the present six months period was 69.5.

There has been a wonderful improvement in the milk test over the six months period ending October, 1923, and the reason for this, when the figures are compared with the records of Dr. W. P. McArthur, is especially considering the fact that this city was among the highest in Idaho last fall.

Tests cover bacterial count, flavor, odor, sediment, butterfat, solids and appearance of bottles. All factors count and the showing is good all along the line here, down to the average of 72.5. This test is certainly creditable. The milk was all tested raw, none of it was pasteurized when the test was applied.

The following are the records of the various dairies selling milk in this city and under the name of "Twin Falls Milk": Herlihy, 72.5; Lake, 72.5; Greer, 72.5; Shaw, 72.5; 1923, 72.5; 1924, 72.5; 1925, 72.5; 1926, 72.5; 1927, 72.5; 1928, 72.5; 1929, 72.5; 1930, 72.5; 1931, 72.5; 1932, 72.5; 1933, 72.5; 1934, 72.5; 1935, 72.5; 1936, 72.5; 1937, 72.5; 1938, 72.5; 1939, 72.5; 1940, 72.5; 1941, 72.5; 1942, 72.5; DAIRYMEN ORGANIZE HERE TODAY

Parish Hall Is Filled with Enthusiastic Supporters of the New Society; Forty Thousand Pounds of Butterfat Monthly Will Be Delivered; Nothing Will Be Bought from Non-Members.

With 40,000 pounds of butterfat placed up, where only 30,000 was required for organization, the Twin Falls Dairymen's Association is now on the Parish hall today adopted the plan drafted by Attorney Fred H. Dunsen of Boise, after which a contract for the purchase of 40,000 pounds of butterfat monthly from non-members, which was struck was contrary to the provisions of the statutes governing non-profit organizations and would bring it the knowledge of the contract. It was also held that it would open the society to a dangerous challenge of competition.

The hall was filled with enthusiasm of men of district from all parts of the county who were present. G. W. Kuntz, president of the Idaho Dairymen's Association, who is also secretary here, said that the organization was now up to the point where it could begin to operate. The 21 articles were read and passed on by one. One article was amended so as to make it clear that the surplus will be divided monthly.

Following the adoption of the by-laws six candidates were placed in nomination for the five directors. As follows: D. J. Kuntz, E. S. Wood, C. H. Himmelman, L. S. Otto, A. Paulsen and Gustav Kuntz. The election committee was appointed consisting of Brown, Hill, Clark, Madson and Himmelman. When called the by-laws it became apparent that there was wide divergence of opinion.

Charvet broke, latest model run, low (less 4,000 miles) fully equipped, with first bumper of the factory, toilet, clutch, control, fuel, radiator, engine, special horn, disk wheels, floor mats, floor, door, and door, all new, guaranteed run smooth from 5 to 60 miles an hour, 20 miles to a gallon of gas.

The attendance at the various churches of Twin Falls yesterday was unusually large due to the spread weather which prevailed. Sunday was one of the best spring days of the year and everybody was anxious to look in the warm sun. The churches had a much larger attendance than on any other day of the year. The churches were marked by extraordinary numbers of people and the churches were marked by extraordinary numbers of people and the churches were marked by extraordinary numbers of people.

The first case is that of Alfred Coston and wife against H. W. Lewis and wife. In this case, H. W. Lewis and wife are the plaintiffs and Alfred Coston and wife are the defendants. The case is about a contract for the purchase of a piece of land. The case is about a contract for the purchase of a piece of land. The case is about a contract for the purchase of a piece of land.

The ranch sold for \$10,000. The purchaser paid \$5,000 on it. They want the contract set aside and the money returned.

ALTO COLLISION KILLS

YOUNG BOY FARMER

BOISE, Idaho, April 23.—A coroner's jury will meet Tuesday to place the blame for an automobile collision on the highway six miles west of here, early Sunday morning which resulted in the death of Edward P. Farmer, twenty-year-old son of a farmer, living near here.

A coach in which Farmer and two other boys were returning home from a dance in Boise collided with a touring car containing men and women returning from Nampa. The cars "side-swiped" in the center of the road and both overturned. Farmer's skull was pierced by a piece of windshield glass.
