POISONER OF WEALTHY WIFE MAY ENTER PLEA OF INSANITY

ABANDON HOPE FOR MEN CAUGHT IN DEPTHS OF WEST VIRGINIA COAL MINE

Distinguished Wedding Joins Old Families of British Isles And U.S.

John Francis Cecil and Miss Cornelia Vandembilt Are Married Today at Asheville, North Carolina; Guest List Includes Many Illustrous Persons.

ASHEVILLE, N. C., April 29.—Two of the oldest families in the United States and Great Britain were invited here today with the marriage of John Francis Cecil and Miss Cornelia Vandembilt.

Cecil announced his resignation from the British diplomatic service before the ceremony, and after a honeymoon in Europe, will return here to help his bride in administering her vast estates.

An assemblage of distinguished diplomats, representing a score of foreign countries, were present at the ceremony in All Souls' Episcopal Church, Bishop J. M. Horner, Rev. A. O. B. Bennett and Rev. George Granville Merrill officiated.

The bride was given in marriage by her mother, Mrs. Edith Vandembilt, widow of George W. Vandembilt and owner of the vast estate at Hillside.

The groom was attended by Hugh Vandembilt, an elder secretary of the British Embassy.

Relatives and friends of the bride found the bridegroom.

More than 1000 people attended a reception at 100-room house.

Hundreds of employers and business leaders were included in this number.

The couple intend to return home and make their summer home during the summer months.

Miss Vandembilt, on her paternal side comes from a distinguished lineage, the name of which includes an estate of approximately \$25,000,000. In her mother's side she traces her ancestry back to Sir George D. Ley-Dreux de Newbury, I. L.

The groom, while bringing neither title nor great wealth, has a host of friends well known who have been present since the time of Queen Elizabeth. He is definitely related to the Duke of Marlborough and Lord Robert Cecil, prominent in British politics.

Emmet F. Branch, British ambassador to Washington, was one of the distinguished guests who came here to attend the ceremony.

Emmet F. Branch to Succeed McCray as Indiana's Executive

INDIANAPOLIS, Ind., April 29.—Emmet F. Branch, Martin McElroy, lieutenant governor of Indiana, will become governor within 48 hours, and Governor James S. Hulbert will be succeeded by a jury in federal court yesterday of whom the militia to determine what will happen to him if he fails.

McCay, who was born in Darien, Conn., with a brilliant record, will be sent down to the "big house" some time today under heavy guard.

In spite of the heavy sentences he received during his career as a member of the party and took huge risk in returning his adventures since the break.

SMITH WANTS TO BE FREE LANCER

NEW YORK, April 29.—Governor Al Smith, apparently while to be the democratic national convention candidate, is being urged by his supporters, rather than a horse picked candidate for the presidential candidate. This would mean that the nomination would go far from the highly secret sessions held during the last 14 hours behind barred doors by state and national delegates to the convention, according to his pre-convention campaign.

It was not particularly surprising when the former attorney general of Illinois, democratic nominee, announced after Monday's conference that he had been approached by friends from every state of the Illinois delegation to Smith or any other candidate. This was followed by frantic announcement of his supporters that he had decided to support the horse picked candidate.

Smith's pre-convention campaign had been conducted in a spirit of complete secrecy, and he had been the lone spokesman for his party.

Smith's pre-convention campaign had been conducted in a spirit of complete secrecy, and he had been the lone spokesman for his party.

G. O. P. FULFILLS PLEDGES HE SAYS

Republicans Stick to Promises Arthur M. Hyde Tells Convention.

SPRINGFIELD, Mo., April 29.—The republican party has completely fulfilled all pledges made to the people of Missouri, Arthur M. Hyde, governor or assistant, declared today in addressing the representatives of the state delegations instructed to vote for President Coolidge at the national convention, were expected to be chosen.

He said the party had attempted to nominate President Coolidge and the late President Harding, "charging the members of the convention to do the same thing again." The race was three-quarters of a mile.

Mr. Hyde declared that in President Coolidge's case he had not offered the leadership necessary to return the country to the original principles upon which the nation was founded, principally to age.

ST. LOUIS, Mo., April 29.—Federal Judge David Patterson, Dyer died this afternoon at his home here at 85 years of age. He had been stricken principally to age.

M'CRAY FOUND GUILTY ON 13 FRAUD COUNTS

Governor of Indiana Stunned by Jury Verdict;
Refuses to Make Any Comment; Telephones Recast Decision in Brief Time.

INDIANAPOLIS, Ind., April 29.—Warren T. McCay, lieutenant governor of Indiana, was aghast at the verdict of "federal court" at Marion county jail today.

Hearts broke and stunned by the verdict, he refused to say anything about his guilt or innocence of the mail, the governor was ordered to stand trial for his offense, he said, to await general Wednesday morning.

The governor, he said, is the eighth in a row with 31 other prisoners.

From the moment he heard the reading of the verdict until the sentence was pronounced, he sat silent, with his hands clasped in his lap, until 10 o'clock McCay refused to make any comment on the case or to indicate he would resign from the post.

Annoyed by friends, however, it was reluctantly reported that he would resign from the position of the day after the sentence was pronounced.

McCay was accused of aiding and abetting in the plotting of the mail robbery.

The case was given to the jury at 6:15 last night and an instant later, he was sentenced to 30 years imprisonment.

FRENCH FLYER PERFORMS AIR ACHIEVEMENT

Entire Nation is Jubilant Over Feat of d'Oyly; Outflies British and American Aviators; May Continue Round-the-world.

PARIS, April 29—France is jubilant over the brilliant flight of Maurice d'Oyly, aviator, who has outflown both the British and American fliers in the world airplane race.

After fighting terrible storms in the Persian gulf and experiencing un-differentiated flying, his big biplane, the "Tigre,"

was damaged and down in the Sand dunes.

"Le Journal" computes that d'Oyly has 123 miles in 27 hours.

A mountaineer has started to fly across continents of his flight round the globe.

His 123 miles in 27 hours, is the best record ever made by an aviator in the history of aviation.

The plane, which has been flying since June 21, has covered 1,000 miles in 15 days.

French air experts are jubilant over the record.

McCay is the first aviator to fly around the world.

McCay has been flying since June 21.

Confesses Giving Germs In Order to Free Self from Odious Attention

Clarence O. Baring on Verge of Mental Breakdown Following Efforts of the Authorities; Wanted to Make His Wife Sick So She Would Go Far Away.

WHITE PLAINS, N. Y., April 29—Amazing confession that he poisoned his wife with germs of typhoid and pneumonia to escape from unwanted attentions of another woman, undoubtedly will result in a plea of insanity being entered for Clarence O. Baring when he is tried May 12 for attempted murder.

Baring, whose wealthy wife accused him of repeated attempts not only to poison her but to run her down with the family automobile, was closely watched in his cell here today, while counsel argued over releasing him, on bail and detectives unearthing the most incredible chain of circumstances and evidence against him.

BLAZE SWEEPS BIG OIL TANKS

Loss from Fire Estimated at \$275,000 Up to the Present Time.

TAFT, Cal., April 29—Fire continues to sweep four crude oil tanks of the General Petroleum company, which are situated on a hillside through the ravines of the San Joaquin river.

Two light crude oil tanks have been destroyed and one is still burning.

The flames were started yesterday on the hillsides near the tank farm.

LEFT AT THE DOCK

NEW PACT WITH JAPS EXPECTED

Nippont Ready to Enter New Agreement or to Revive Present One.

WASHINGTON, D. C., April 29—The United States is prepared to propose to Japan the negotiation of a new pact, the terms of which may never restrict or total evolution of Japanese imperialism to this country, but which will be a compromise proposal on this question, it was learned today.

It is ready to enter a new agreement or to revive the present gentleman's agreement where the two nations, with exception of parents, wife and children under 26, of Japanese already in the U. S. will be stated, in its place.

In the meantime, the conference committee of the Senate foreign relations committee will today consider President Coolidge's compromise plan—made public yesterday—and the Japanese proposal on this question, the executive branch of the white house said.

This is Boy Scout week and everybody should get some new suggestion on scout work. In order to do this you will have to read something new along the line of scout literature or else mingle with the scouts and catch a new vision of their program. We would suggest the latter as the best means because we believe generally speaking that first hand information is the best.

The Northwestern Association of Secondary and Higher Schools has given the Twin Falls high school a better rating than ever. This is indeed encouraging and should cause more of our young people who finish the grades to take the work offered by our high school curriculum. If these boys and girls can go into colleges and universities with credits attained here without question it certainly should be worth considering.

The parents of pupils and all others interested should make sure that they see the exhibit at the Twin Falls high school which will be on Thursday of this week. "The American fathers and mothers have been accused time and again of spending more time and money & bloodless stock than they do on their children and this exhibit should help to convince the public of the fallacy of this argument. Another way to break down this argument is to show our interest in our schools by visiting them more often than we do.

Some of the boys and girls in Twin Falls and perhaps some of the givings-ups will have become very rashous about breaking glass on the paved streets and leaving the pieces lie where the vessel was broken. This is not only dangerous but is positively contrary to law and common sense. A child might cut its face or hand so badly on this broken glass as to cause loss of life. This broken-glass is also hazardous to motor vehicles and might be the cause of a serious accident and no end of expense. Surely no one wants to place trouble in the path of others if they only stop to think, but we believe they have failed to think of these serious conditions and this result has followed. With the parents and guardians look after their children and everyone who sees children or others breaking glass on the street warn these individuals of the great danger of such action! This will do much to overcome this hazardous practice.

OPENING IDAHO'S COAL MINES

The public utilities commission of this state has ordered a hearing to be held at Driggs, Idaho, on April 29 to require the Oregon Short Line railroad to repair and put in spur line to the Tetou coal mines. On the surface such an application does not seem to carry any particular significance. It is necessary to look under the surface to realize its importance.

In southeastern Idaho there are coal deposits known to be of great extent and value but somewhat isolated from the arteries of commerce. In several different occasions efforts have been made to open these mines and to successfully mine the coal. During the war while William McAdoo was director of the railroads an order was issued as a war emergency measure to permit the building of a spur line to the mines. But no large amount of coal was taken out. Since then the operating company has passed through a period of liquidation and now interests have taken them over.

For some years people in the vicinity of the mines have been taking away such amounts of coal as they needed practically cost but the general consuming public have not been able to participate in the consumption of coal mined in their own state due to the difficulties the operating company had had and the transportation problem.

Nothing should be left undone to get the coal in the Tetou country to the general public. We do not believe there is any disposition on the part of the railroad to prevent this happening. If the carrier can be assured that the coal mines are going to be operated for any length of time warranting service on the spur and that it is not going to fail to mine the coal as other companies have failed, it will no doubt provide the service desired. The present trackage is in bad repair and must be improved before satisfactory service can be given. And the carrier has a right to expect that the tonnage to be handled out from the mines will be ready before it goes to the expense of making the repairs and operating the necessary equipment over the line.

Idaho's coal deposits should by all means be made available to the people of this state at a fair and reasonable cost. If coal mines can be successfully operated in other states they can be successfully operated in this state. Millions of dollars are spent annually by Idahoans for coal, the bulk of which goes to the mine owners of other states. To keep any part of this money within Idaho should be and will be a good stroke of business. Upon a proper showing that those back of the operation of the mines mean business and propose to get this coal to Idaho consumers, the railroad should be required to repair its spur line and operate the necessary equipment over it to make Idaho coal available to Idaho consumers.

Capital News.

Clippings From The Sagebrush Scout Booklet

The following Boy Scout pages are taken from The Sagebrush Scout booklet just off the press and is a very handsome publication presented by the district council and sets forth many excellent suggestions on scouting.

TO THE PARENTS

The camp this year will have an average of 150 boys and we will have a number of activities with the exception of our normal organization that becomes. We are sure you are interested in our plans, and the following is a copy of the letter we sent to our parents concerning the camp with the parents' view-point in mind:

LEADERSHIP.—The camp this year will be in charge of a boy committee composed of two boys of equal age, of good reputation, high moral character, and ability. He will be assisted by seven scouts who will be in charge of the camp for the benefit of the boys. The boys will be in charge of the camp and will be guided by the members of the Council; and by their judgment, the best results can be obtained. The camp must be conducted in a spirit of cooperation.

THE WATER.—This will be the first time the camp will be in contact with the water in the form of a lake.

THE WATERS.—This is one of the best springs in the whole territory, which is carefully guarded by the Indians, as they have a reason to believe that the water is poisonous to the white man.

THE WATER.—There are several streams which are difficult to cross, and the water is cold.

THE WATER.—The water is clear and delicious.

RIVAL TICKETS IN FIELD FOR BOY-ELECTION

Many Candidates File for Contest, Tomorrow Afternoon; Large Registration Yesterday; Afternoon; Big Parade and Stunts at Lincoln Field This Afternoon.

City Briefs

Marshall, famous travel-agency founder of Pine and Rose Room, of Built were given a marriage license last evening.

Honored in Maryland—Miss Margaret Dunlap of this city has been received by members of her representative family—the Morrisons, representatives of the Nebraska university and trustee thereof, last week. It is learned here.

Leave for Florida—Mrs. H. H. Starnes, local homemaker, will leave here Saturday morning to spend a week at her home in Florida. Their daughter, Hazel, who is attending the university at Missouri, will join them at the end of the year.

Reverend Writers House—Charlotte M. E. Finch as record in the race of Dr. D. M. Morrison against Neil Jenkins turned over, today, to S. J. Dillards, president of the platform committee.

County Candidates:

Democrats—Homer Wheling and Charles Anderson; Andrew Frank McAttee and Walter W. Teague; Fred W. Prokate; Judge —; Noyen Bremel and Paul Johnson; Guy Clegg.

Mayors—Edward Robertson and Robert H. Ditas.

Commissioner—George Sprague, Tim Robertson, Tom Atkins, Alfred Dunn, Dean McNeilan, Bob Weston, Edward G. Jones, John Warner, Billy Young, Hobie Martin, Harry Hackman, Harry Nelson, Frank Denton, Tom Gilmore, Al Highway Board—Fred Wagner, Alvin Neenan, Stanley White, George Taylor and Norman Ayers.

A total of 355 of the 388 members of the boy scouts are expected to be present at the rally which will be held at the Old Fashion Shop next to the Hotel Hiawatha tomorrow morning. The election of delegates to the national convention will be to the charge of Alre 12 M. Wolfe, who also had charge of registration activities.

The results of the elections will be voted upon Saturday afternoon at 4 p. m. while the new officers will be installed for the year.

Nominated and Voted—William Blanning a usher, earned a place in history today before Judge W. A. Baker, in charge of forming the first police check. His grandfather, R. Blanning, intended to promote his son to the rank of patrol boy and the regular boys and patrols met him. All members of the church and school were cordially invited to be present.

Nominated and Voted—William Blanning a usher, earned a place in history today before Judge W. A. Baker, in charge of forming the first police check.

The local organization of boy scouts of America will show its appreciation of the importance of school at the annual dinner to be held Saturday evening at the Hotel Hiawatha in the presence of its parents. In this business by urging every boy Scout to make a personal effort to go to school to visit their schools this day. This is also the date of the high school exhibit, so that it will be a day of great interest to the fathers and mothers to visit on that day.

The boy scout council offers an attractive banner with appropriate entertainment to all the banner clubs in the city in time to display in the legal scout parade.

Contestants must bring one or both parents to the annual dinner at least once per class period. At the end of each school each teacher will keep a record, each girl, boy, for the best boy scout banner. Tickets for this purpose the names of themselves, their parents and the class they will be found at tables near the office door in the hall of the junior high school.

Athletic News Good

The athletic stars promised for Lincoln field immediately after the parade cover a variety of things and promises to meet interest.

JUDGE LEE RULES IN FAVOR OF THE DIEBOLT MOTION

Court Asserts That Secrecy of Interests Held by Neutral Oil Company Entitles It to Water Under the Con-

tract With Miss' Consent.

In sustaining a motion to strike

articles of defense from the answer of the Commonwealth Trust com-

pany to J. J. Diebolt's suit, Judge Lee said that the order of the secretary of interior and the head of the reclamation system could hold water under the contract if no water without his consent.

The lands in question are outside the irrigated district, which is now

the central part of the state and it has been contended that such

lands were not entitled to water;

that they were in a dry region and

ground set forth in the complaint

and the answer.

DIES FROM BULLET WOUNDS

CHICAGO, April 29.—Walter Dev-

er, 32, died yesterday from bullet wounds received in a shooting at night in Chicago by an unknown man.

Devier was the manager of the S. H. Kress union businesse agent, was killed and three others wounded.

He was shot through the heart in the chest, the bullet passing through

the abdomen. The shooting started at a meeting of an electric union which is on strike, and members of the union were held for investigation.
