BUHL BEATS FILER IN 10 INNING GAME

BIGU, May 9.—The Buhl Yellowjackets took the Field Wildcat Indians team in a face game played in the rain Saturday afternoon.

The score was 2-2. The game was very fast, with both teams in good form.

Kelly bunted well for the Indians, allowing two hits of which one was driven by Captain Ed Moll of Twin Falls. Maxwell got a run of his out to tie it at the plate.

"House" Gandy, whom the Indians sent to the plate for the visitors but who had to say no, did not show up well.

Nampa scored three runs in the first inning, aided by several clean hits, and the Indians responded with just one in the game, putting over two runs in the seventh frame.

The score:

	T. H. I.	B. I. H.
Nampa	6 12	2
Twin Falls	2 6	1
Batteries: Kelly and Woods; Garfield, Shambaugh, Birthistle, Kelly; Garritt, 2. Marill, 3. Three legs; Jameson, two legs; Judd, Maxwell, Burde, 2. Smith and Woods.

FALL FROM SCHOOL

WAGON BREAKS JAW

OF OTIS KNAPP TODAY

Falling from a school wagon about a mile from the city, Otis Knapp, 13, a boy of the eighth grade, suffered a broken lower jaw and other painful bruises, and is now recovering in the Twin Falls General Hospital to which he was taken as soon as his injuries had been noticed.

Details of the accident are not known. He got on the wagon at his home and a half mile from town.

Knapp was riding in the front seat.

Elementary school teachers of Italy continue to send fervent thanks to Minister Gentile for the recent noteworthy improvement in their salaries. One teacher in the Alpenzini sent us a signed gratuity 200 lire for use in organizing an infants' school.

Tentative standards for all library training agencies and plans for accrediting such agencies are in preparation by the temporary library training board appointed by the American Library Association. This board was recently subsidized with a fund of \$10,000 by the Carnegie Corporation.

Reformers should not sit around hotel lobbies back, look, & wonder who come and go with bushy glances unless they are plain clothes detectives. Since searching glasses often betray the kind of characters that are really beneath these sheep's clothing. Women are quick to notice these masked for attention on the part of strangers and resent such unnecessary inspection.

Nearly every day we hear some new story about what the Oregon Short Line Construction company is doing toward getting ready for the railroad from Rogerson to Wells. The most recent story of this nature comes from Frank Magel who states that he sold four cars to a construction outfit in one day. That is a pretty good day's work in salesmanship, we would venture.

Some secret organizations would not be so popular with certain individuals in Twin Falls if they were not getting a cut on the initiation fee. These fellows should read again the story of Esau and beware of the fideiplus which caused the downfall of the kingdom of Israel. What we need is not more organization but more real honest 100 per cent Americans who will practice the Golden Rule with their fellow man rather than try to "sing" them every time the opportunity presents itself.

Warehouse men here say that they were much pleased with the general plan of government supervision of warehouses as stated yesterday, and especially pleased to find the representatives who presented the matter willing to listen to suggestions which they expect to incorporate into the recommendations in their report. The warehouse bill, like the farm loan bill, was passed during the first Huston administration and both have proven so successful that their scope is being extended.

One of the clearest evidences of the popularity of Augustus W. Huston, who passed away this week, is the fact that his former partner, M. F. Cunningham, came all the way from Idaho with his family to attend the funeral. Mr. Cunningham, who is editor of the Idaho Times-News-Advertiser, and who was for many years city editor of the Statesman, was a partner of Mr. Huston many years ago in Ottawa, Ill., and the friendship which grew out of the business relationship strengthened as years went by.

It looks as if Dr. Carlson McCollough, who ignored the Idaho issue and got a high plurality over straight pro-labor and anti-labor democrats in the primaries will be pitted against Ed Jackson, avowed pro-labor, republican in Indiana, though since he lacked a clear majority McCollough will have to secure a convention nomination. The democratic candidate will appeal at once to all non-slave elements in the Hoosier state, and will stand a good show of holding it in the democratic column.

MOTHERS' DAY PROCLAMATION

BY GOVERNOR MOORE.

As the incidents of life come and go we are daily reminded of the great merciful love of our mothers which has guided through the early days and still abides through later years. This is the love most nearly approaching that spark of divinity, pointing the way to a better life and higher achievement.

Our most loving care and tender, grateful appreciation for the declining years can but partially recompense the maternal solicitude and actual sacrifice for us in our youth. No material wealth can repay the love, which, regardless of poverty or riches, grief or happiness, obsequre or honor, follows us all the days of our lives. It is therefore appropriate that we set apart a day to show our honor and reverence to the mothers of the commonwealth of Idaho.

Now, therefore, in conformity with an act of the legislature providing for the second Sunday in May as "Mothers' Day," I, G. C. Moore, governor of the state of Idaho, do hereby designate and set apart

SUNDAY, MAY 11, 1924, AS MOTHERS' DAY.

Upon that day I recommend that the people of this state, the religious denominations, and the fraternal bodies, arrange to insure its appropriate observance, by paying tribute to the memory of the departed mothers and doing reverence to those still in our midst.

SALARIES PUT ON BASIS OF SECOND CLASS

City Briefs

Young girl Miss Julia, 15-year-old daughter of J. F. Scherling of Hansen died today. Details are sketchy and the time and place of funeral have not yet been announced.

Boys Superior:—The boy superior for the benefit of the Baptist athletic fund will be given tonight at the Baptist bungalow. A good collection will provide the supper and the public are invited.

Commissioners Place Compensation of All County Officers on Scale to Conform with Change in Classification Made by the Last Legislature Which Means Automatic Reduction of Their Own Wages.

Declaring that since this county has been reduced from first class to a second class county, and since salaries in all other states have been reduced, it is logical to cut salaries in conformity to classification in the interests of the taxpayers in whose behalf the reductions have been made, the board of county commissioners yesterday evening voted a general reduction of salaries. The cut does not apply to the present term. Auditor C. C. Gandy, who has been in office since 1926, voted on the ground that his term extends over four years and the reduction cannot apply next January. His case will be determined Saturday.

Commissioners Cut First:

The county board in order to be enabled to pay salaries monthly petitioned the legislature to change the county from first class to a second class county, which was granted. \$1600 to \$1500 is their own salary. Other salaries remained as before. The new cut is fully effective will amount to a reduction of \$2000 a year, and adds \$1000 to the county tax bill. This remains as before on account of his longer term, the reduction will be \$1800.

LEADERSHIP GATHERING:

ST. LOUIS, Mo., May 9.—Three hundred and fifty prominent Americans, leaders of the Boy Scout movement in America met here today in a two day session to discuss the future of the Boy Scouts of America. The membership of the Boy Scouts now is 700,000.

Fred M. Perkins, Roosevelt Man, Committed for Alleged Sending of Letters Threatening Pearl O. Meredith with Whom He Has Had Trouble Over Land.

Arrested by United States Marshals. F. M. Breckinridge, 1st const on a charge of illegal mail of threatening letter to Pearl C. Meredith, wife of Senator George W. Norris, followed him home. The letter was sent on April 26 last by Mrs. Josephine Daniels, wife of E. Powers who sat his case for hearing next Tuesday afternoon at 10 o'clock. The letter had been written to the committee of which he failed to turn up. It was committed to jail to await the arraignment. J. H. Mills is his attorney.

The trouble between Perkins and Merrills grew out of a follow-up of the letter to the Postmaster by Perkins some years ago which resulted in litigation that is still pending. Perkins was charged with having threatened Meredith, whom he was then in contact with, with a mail bomb and later with a mail bomb threat against him. He was indicted for mail fraud and mail tampering.

The club, under the leadership of Mrs. I. H. Masters, sang a political song on current issues composed by local people. The club will meet again to hear music with songs on new and original compositions at the next meeting of the club.

BUHL LAD OF FOUR DROWNS

BUHL:—Idaho, May 9.—The four-year-old son of Mr. and Mrs. Italo Rizzo was drowned in a coule on Father's ranch west of the Woodsman Inn about 10 o'clock. He had been missing only a short time when the young girl who was caring for him during his mother's absence, started a search. Her body was found near the place from where she had last seen him. It is presumed he fell into the water there and the body floated down the coule and through the flume. The body was recovered and carefully examined and the postmortem rushed out but the little fellow was beyond human aid.

CO-OPERATIVE CREAMERY IN STERLING PLAN

Twin Falls County Dairymen's Association Will Take Over Well Known Butter-making Institution and Run It on and After Next Thursday.

Having completed with all the terms required for financing their project the Twin Falls Co-operative Creamery, Inc., will be incorporated into a corporation shortly. The Sterling creamery plant and machinery will be taken over and operated on a cooperative basis. The new organization will consist of 100 members, all of the plants of the state which have been consolidated and being traded for, have not made up public, but it is known that the new organization will be able to buy the plant to operate the plant on May 15.

The movement for a co-operative butter plant has been under way for some time. A leading part has been played by Mr. C. G. Gandy, former president of the Gandy family, a successful and efficient executive, committee, with the co-operation of County Agent H. H. Horwood. The turning over of the plant will be only on account of the money for which the members have received to comply with conditions imposed by the banks. Twin Falls, through its number of commerce, is well equipped to handle the new co-operative organizations as well as the banks here have co-operated heartily. It is stated by the county agent.

A number of assembling stations, holding tanks and where cream will be taken in, and these will be announced later.

DANIELS' LIFE OF WILSON ADOPTED BY WOMEN DEMOCRATS

Local Organization Approves Biography by Former Naval Secretary to Adopt as Part of Program Devoted to Education of Issues and Principles.

The women's Democratic club last evening at its meeting at the home of Mrs. Thomas M. Daniels accepted "The Life of Woodrow Wilson," by Josephine Daniels, former secretary of the navy, who reported that the Bryan element in the biography was omitted.

Those who refused to turn over the Tenth Dame, reserve, as the official biography of the war executive.

The club members say that the book, being written for the interest and to show a side of the Wilson character, not generally known, will take absorbingly.

The program of the evening consisted of a paper by Mrs. D. F. Biggs, which was read by Mrs. Mary W. Morrissey, on the first anniversary of the death of Wilson.

Miss Ada Walkerston spoke on the principles of Jeffersonian democracy. Mrs. J. S. Deakins gave an address on current political events and Mrs. Mary Abbott spoke on child labor.
