

Davis Voices Necessity of Organization in His Talk Before Committee HAS CONFIDENCE IN U. S. VOTERS

CLARKSBURG, W. Va., Aug. 11.—A sharp demand for complete and immediate organization of his campaign was the first formal political utterance of John W. Davis, democratic candidate for the presidency in talking up the role of party government today. His demand was voiced at the meeting of the democratic national committee at which Clem Shaver was elected the new chairman today. The democratic candidate, in talking to the party whistmoths, made it plain that he is confident victory will come in the fall.

Clarksborg Extends Warm Welcome to Favorite Son Today

CLARKSBURG, W. Va., Aug. 11.—This city opened today to the greatest day of its history, when it will give its favorite son to his party as a candidate for the presidency. There was a continual blare of bands as the great-day moved on through, even after sunset toward night when John W. Davis will accept formally and officially, the nomination of his party.

The farmers of the Twin Falls, southside tract are getting 70 per cent of the normal supply of water starting this morning, according to an order issued Saturday. This will assure large crops and plenty of water for this season. Many parts of Idaho are looking to the Twin Falls tract for this season's crop supply and they are deeply concerned about the water supply.

It is remarkable how reasonable a vacation trip can be made to the mountains and scenic wonders of the west when you drive your own car and do your own camping and cooking. Recently a Twin Falls county citizen toured Yellowstone park and visited the Jackson Hole country for a week and actually spent less than \$100 on the trip for everything. Four people were taken and most of the comforts of home were enjoyed, too, on this outing.

Many tourists are passing through our city at the present time and they are getting a good or bad impression of Twin Falls, depending on the treatment accorded these strangers who are within our gates. Twin Falls can build a place in the hearts of everyone who passes through here by giving a small amount of attention to them during these tourist days. Such time and attention will be like good seed sown upon the rich soil it will bring forth abundant.

Twin Falls people who are not able to go to the hills for an outing should have access to some local resort in the immediate neighborhood of Twin Falls. There are a great many working people here who cannot afford a vacation and many who get off for ten days to two weeks who cannot get very far from their headquarters. Such folks should have a resort very close in to which they could go for a fortnight. Blue Lakes is the ideal location for such a resort and if a few tents were erected there and routed to people who would like to get out of town for a couple of weeks these tents should be filled quite readily from week to week during the whole summer.

LURKING DEATH

Are you careful enough when you cross the railroad tracks? Last year there were 2368 fatal accidents and 6314 injuries at railroad highway crossings, totaling the whole United States. There are thousands of such crossings. To eliminate them all, the railroads claim, would require years of constant work and an expenditure staggering to the imagination. Nevertheless, the elimination is taking place entirely too slowly. Every community has its grade crossings which stand out as extremely dangerous. A relative few crossings out of many, after all, are the real menace. The trouble is, it usually takes years of fighting and a heavy death toll to make the danger glaring, before these most fatal of crossings are done away with.

Economy is no excuse. A railroad is never so hard up, that it can afford to save money at the expense of human life. Meantime, it would be a good thing for motorists and jay-walkers to keep in mind that the train doesn't leave the track to hit them. Stop and look both ways before crossing. Checkups show that more than half of auto drivers cross the tracks without making any observation whatever to see if trains are approaching.

SCOUT RESOLUTIONS ADOPTED

In a memorial to the late Woodrow Wilson who was for eight years honorary president of the Boy Scouts of America, and for three years its honorary vice president, and to Warren G. Harding, who while president of the United States was honorary president of the Boy Scouts of America, an appreciation of their special services to the Youth of America and in particular to the Boy Scout movement.

Unqualified endorsement of the game refuge bill now before congress.

That the development of Boys' Life circulation deserves the enthusiastic co-operation of the entire leadership of the Boy Scouts of America.

For a wider and more uniform use of the official Boy Scout uniform.

An appreciation of the cordial support which the churches of America are giving to the movement and a pledge to encourage reverence and faithfulness to religious observances by their co-operation.

An appreciation to the educators of America for their co-operation, and reaffirmation of the policy of the Boy Scouts of America not to allow the scout program to interfere with school activities, and that scout troops should maintain their schools in every way possible.

Separate resolutions of appreciation of the cooperation given to the movement locally and nationally by Rotary, Lions, Kiwanis, Exchange, American Legion, B. P. O. E., Knights of Columbus, Masonic order.

In appreciation of the hearty support and generous assistance received from the press of America. In presenting the movement in a favorable light to the public and extending the field of its influence, and especially to the St. Louis press, public and scout organizations.

To Lieut. Gen. Sir Robert S. S. Baden-Powell, and the Boy

DAVIS ENTERTAINS

John W. Davis, Democratic nominee, pauses in the preparation of his acceptance speech, to read to Lady Nancy Post. She is a granddaughter of Charles Nelson Gilman, the artist, at whose summer estate at Dark Harbor, Me. Davis is preparing for the campaign.

Scouts of the British empire, a message of greeting, and expressing the hope that the bonds of friendship which have united the two associations may be renewed and strengthened throughout the ensuing year.

To the Canadian Scouts Association cordial greetings and hearty expressions of goodwill and affection.

A message of cordial friendship and goodwill to scouts and scout leaders of all nations, to be transmitted through the International Scout Bureau and our appreciation of their share in promoting through scouting the high ideals of service to mankind and love of God which will draw into closer fellowship all countries of the world.—Scouting.

SHOW HUMBLY—He which seeth proudly shall reap also proudly; and he which seeth humbly shall reap also humbly.—Matt. Cor. 13.

MANY TOURISTS TO SEE ROUND-UP

Besides providing thrilling entertainment for the insomniac business men, the big Frontier Round-up to be staged in Salt Lake City, August 27 to 30, will attract many thousands of tourists to Utah. The chamber of commerce, which is sponsoring the Market Week, is featuring the show in its national advertising. It is believed that the guests from other states will be brought close to Utah's wonders and will subsequently make excursions to many parts of the state.

The Round-up is to be a magnificent venture. It is merely an attempt on the part of the chamber of commerce to perpetuate the old traditions of the west and to participate in a picturesque way the spirit of the frontier. It is the present plan of the commerce chamber to make the Round-up an annual affair, each year adding to its scope and quality by bringing in the best riding talent. It is believed that Salt Lake City is geographically and historically entitled to such a national outdoor show.

for in November. I bringing you to spare no effort to this end.

"According to established precedent, I believe I am permitted to suggest to you the name of a chairman for your committee. As you have already learned, I have declined to offer for your consideration the name of Mr. Clem L. Shaver of Fairmont, in this state, whom I have had the privilege of knowing for many years.

"He served for eight years as chairman of the democratic state executive committee of his state and as such brought as the first democratic governor in 20 years. He served with distinction for six years as a member of the state legislature and therefore knows something of the slings and arrows of a political campaign. It goes without saying that I would not bring him to your attention if I did not cherish the highest opinion of his political capacity, his personal integrity and his intellectual courage. I feel, therefore, to commend him to you as the "wisest" of our entire confidence."

S.S.S. stops Rheumatism

My Rheumatism is all gone. I feel a wonderful glory again. In the free motion I used to have when my days were younger I can thank S.S.S. for it all. Do not close your eyes and think that health, free motion and strength are gone from you forever! It is not so. S.S.S. is waiting to help you. When you increase the number of your red-blood-cells, the entire system undergoes a tremendous change. Everything depends on blood-strength. Blood which is minus sufficient red-blood-cells leads to a long list of troubles. Rheumatism is one of them. S.S.S. is the great blood-cleanser, blood-builder, and strengthener, and nerve invigorator.

S.S.S. is sold at all good drug stores in two sizes. The larger size is more economical.

GRAIN REVIEW
CHICAGO, Aug. 11 - Grain futures
fell off sharply in trading on the
board of trade today.
Heavy liquidation during the final
hour of trading further depressed
values when the day's weakened
condition. Southwestern crop re-
ports showed improvement. The
trade awaited the Canadian crop
survey to be heard into this after-
noon.
Weakness in wheat led to an increase
in the visible supply together with
better state crop reviews sent corn
down sharply.
Cots felt the effects of weakness
in other grains and sharp break in
provisions closed lower.
