## TWIN FALLS WELCOMES DEMOCRATIC STATE CONVENTION

### EIGHTY MEN AND DREDGE MAY BE LOST

**U. S. Tug Solosear Stranded With Eighty Men on Board on South Bar Half Mile From Atlantic City; Aid Fails to Reach Tug.**

**ATLANTIC CITY, N. J., Aug. 25.—Eighty men are believed in peril aboard the government dredge Solosear, which ran aground a half mile off Atlantic City.**

The tug can be seen from shore, bounded by heavy seas. She is listing to seaward and big waves are breaking closer over her top deck.

Efforts to bring a life boat alongside were徒劳无功 because of the heavy seas.

The dredge is known to carry a large crew and, according to one report, eighty men are aboard her.

After efforts of the power life boat to reach the dredge had failed, a searchlight vessel succeeded in getting a wireless message to the coast guard cutter, which came to the rescue.

The dredge, one of two that have been working on the channel here, was torn loose from her moorings at 4 A.M. and swept out into the sea by the high wind, stranding on the bar.

### FIERY CROSS IS UNWELCOME ON RESERVATIONS

**General Motley Rounds Up Speculators at Camp Custer and Warns Prudent Action Will Be Taken If Another Attempt at Illumination Is Made.**

**CAMP CUSTER, Mich., Aug. 26.—Draastic action was threatened today by General Motley, commanding officer at Camp Custer. If another attempt is made to burn a fiery cross while the confederate camp is in session, at the hands of a detachment of Indians, the general invited a big group gathered about a bonfire on a hillside last night.**

Most of the speculators had fled by the time the troops arrived and about 35 persons were held in the guard house for investigation.

The members of them, however, are believed merely to have been speculators.

General Motley has issued a warning against fiery future gatherings in the camp.

### Inspired Shimmy Pronounced O. K.

**PEMBROKE, Ont., Aug. 25.—Shimmy, the dance which the Shimmy King and others who do it are doing, is all right, according to the statement of Rev. Thomas Smart, pastor of the Pentecostal Holiness church. Who, today came to the defense of more than 40 members of the local church who were helping to put up the Shimmy King in the downtown section of the city.**

The church, which has been instrumental in encouraging their children to participate in carnivals and a part of the church service,

**STATE HELD UP.**

**RESOLUTE, Texas, Aug. 26.—A single bullet held up the first national bank here today, according to \$2,000 in currency locked back office in the vault, and the bank was held up for nearly an hour.**

**LONDON CABARET.**

**LONDON, Aug. 26.—London again, most popular place to review, was entertained by the "Red Devil," a new musical comedy, which was presented at the Savoy theater.**

**THEATRE.**

### Doctors Lay Bare Heart of Man and Put in Stitches

**SAN FRANCISCO, Aug. 26.—Police surgeons today laid bare a man's heart, took out a bullet, stopped bleeding and revived the patient so that he actually lived and breathed for approximately one hour after the operation.**

Death, which really came, was caused by surgeons to seem of blood and not to faulty action of the heart.

The man was Maxine Ramee, who had been wounded in a knife duel. Six stitches were taken in his chest.

Dr. Edmund Butter, chief emergency surgeon, performed the opera-

### HURRICANE UPON CAROLINA COAST SWEEPS NORTH

**Tropical Storm Lashes Waves to Great Height; Many Ships in Area of Gale at No Distress Signals Are Received in Port.**

**WASHINGTON, Aug. 26.—The tropical hurricane that lashed the North Carolina coast has come up the coast, the weather warning, the entire coast line up to Boston on the approach of the storm.**

**Gales along a path 20 miles wide**

**blow the night, and no distress signals from ships at sea were reported by the naval commandants service here.**

**A warning was issued of the approach of the American yesterday afternoon, the many coastal vessels sought shelter before it broke.**

**Coast guard headquarters maintained an all night watch so that the resources might be available to meet any emergency.**

**General Charles G. Dawes, the president's running mate, left for Chicago and made a late night visit with Mr. Coolidge.**

**Arrived to the Ku Klux Klan according to Dawes, was made in their two home conferences.**

**They discussed proposed legislation for admission to Congress in December and the personnel of the administration.**

**General Dawes' study of the tariff committee's sugar report, the president indicated today he would be ready to make public his decision.**

**Under the law—the president and the Senate must agree on a bill.**

**It was reported that the committee's majority recommended a 25 per cent decrease and that the minority had filed a report protesting at an increase.**

**When Bachrach finished, Justice**

**Carver ordered a recess for a few moments, following which Justice Alton**

**Stanton of Illinois, a 30-year sentinel**

**prepared to argue at least four hours.**

**CRIMINAL COURT ROOM, CHICAGO, Aug. 26.—"They must hang."**

**This was the reply today of State's Attorney Robert E. Crowe, to the defense of the Ku Klux Klan.**

**He was asked for the views of Nathan Leopold and Richard Loeb.**

**Crowe put the finishing touches**

**to his answer to Darrow and "decided to take it to the United States," he said.**

**He then told the defense to demand a new trial for the youths who killed Robert Frank.**

**"The killing was deliberate; it was cold-blooded; it was committed with premeditation; it was careful planning," he said. "Nothing but the extreme penalty fits this case, and although I have been deeply impressed by Mr. Darrow's eloquent argument for leniency, in general, I hold that only one punishment fits this crime, and that punishment is death."**

**Crowe said he probably would require more than one court day—four hours to sum up for the state. He may take somewhat longer depending on the defense. Nathan Leopold, another defense attorney who closes for his defense, has to say.**

**THE CLAIMS ADJUSTED.**

**BETHLEHEM, Aug. 26.—Two hundred American claims against Germany amounting \$12,000,000 have been adjusted during Arbitration negotiations between United States and Germany agents of the U.S. present on the scene.**

**Agents of the U.S. present on the scene**

**settled to \$100,000,000.**

### WATCHING THE SCOREBOARD

Yesterday's hero: Walter Johnson, veteran Washington pitcher, shuttled down without a hit or run in a seven-inning game since by rain and won 2 to 0. It was his fifth shut-out of the season and the 10th of his career.

Babe Ruth hit his fourth home over left field fence for home run. Foster grounded to Newell. Reed fouled to Mussell. C. Cox throw from right to Mussell, Schley making clever one-hand catch, run, hit.

Two runs—Gehrke cracked Boston's first ball over left field with yard of Boron's plate. He grounded to centerfield fence. Ball struck out. Mussell walked. Mussell walked off, hitting bases. Newell popped to Boston. Tram, 1 hit.

disease would otherwise have been stampeded but.

"Second, there is little or no prospect that such a study would add anything to the knowledge that has been gained by the vast amount of European investigation."

"Third, the difficulty of controlling the virus of this highly infectious disease, and preventing the escape of the infected animals, makes it impossible for any country, that many of the states would immediately place embargoes upon practically all the products of the state in which investigation was being made."

"Fifth, the likelihood that, if any investigation were begun, it would be termed 'the Unethical'." That investigation or research study that might prove worth while, remains would have to be carried on for months and years, and the results which could be of value to the disease could be hard potential menace to the healthy, especially animals in the vicinity."

Wallace points to the failure of research to find a disease in animals, which the disease "is generally deadly."

A detailed explanation is an essential addition to this article.

Senator Walsh of Montana must have had the best intentions in devoting so much of his address of notification to a defense of Mr. Davis' legal practice, but it was depressing to begin the verbatim with an apology and a vindication. The Davis strategy should be to ignore attacks on his Wall street legal connections and maintain the offensive without cessation. He can never win this battle.

Recent interviews on what the world gained from the war overlooked one point made at a recent meeting in Bradford, Eng., of the section of pathology and bacteriology. It was pointed out that the health of soldiers drawn from the lowest classes improved remarkably as a result of a more nourishing diet. However, since the war unemployment has caused a relapse.

Mr. Davis' reference to the Klan "by name," Thursday enabled him barely to get the jump on Mr. LaFollette, whose pointed denunciation of the order followed 24 hours later. Mr. LaFollette fully made up for past time—for this is his earliest reference to the subject—by quoting Lincoln's censure of the Know Nothings in 1856, by declaring his own unalterable opposition and predicting that the Klan of today cannot long survive. Mr. Davis' speech of acceptance places his position beyond dispute. Neither the LaFollette platform nor the democratic platform named the Klan, but it continues to receive more advertising than it deserves.

The "Coolidge and Curley" buttons which are said to have provoked the wrath of the mayor of Boston seem to have originated with those republicans who are attached to his organization at city hall. The number of republicans who will split the ticket in this manner is probably small, and the very suggestion is a compliment that the mayor should appreciate. What he doubtless means in the fact that this grouping could be interpreted as evidence of a desire to throw democratic votes to the republican candidate for president.

Everybody is jumping on the poor automobileist these days as a highway menace. Why not devote a little attention to the bicyclist? A boy on a wheel is the most lawless thing loose today. There is no traffic regulation that he observes. He weaves in and out without regard to rules or right of way and he particularly delights in riding along the wrong side of the street against the traffic, now and then cutting a caper whose principal purpose seems to be to bring death by heart failure to automobile drivers, who know better than he does what a slippery pavement can do to a rubber tire. There was time when the policeman lay in wait to capture some miscreant who dared to ride his wheel on some path or sidewalk, but that was in the days when anything faster than a trot was high speed. Now the boys, and the girls, too, are on the sidewalks all the time, not only in the quiet residence streets, but down town.

The president's "old home week"—he will really have a foot night—is sure to prove better campaigning by far than a tour of the west. How all of the newspaper correspondents can be accommodated in Plymouth must remain a mystery to those who do not inquire into the subject closely. But, wherever the correspondents get board and lodging, they are on the job at the old homestead with the result that the country is reminded daily of the simple rural life in the Vermont hills out of which the president originally emerged, of the closeness of his family contacts to the son and of the utter lack of luxury and ostentation in such vacations as permit himself to enjoy. If the president now does things in field, barn or hen house that reveal him as a genuine "dirt farmer," no newspaper correspondent will fail to describe it to the high delectation of several million farmers in the great central plain of America. Not even Mr. Davis nor Mr. LaFollette can complain. They must grin and bear it. It is the president's right to be himself.—Exchange.

## CO-OPERATIVES DO LARGER BUSINESS

The average business per co-operative association in the United States increased from \$100,000 in 1913 to over \$215,000 in 1922 according to data collected by the United States department of agriculture. Marked increases in the business of tobacco and cotton associations are shown.

The average business for 18 associations handling tobacco in 1918 was about \$142,000, and the average for eight associations in 1922 was over \$7,600,000. The average for 79 cotton associations in 1913 was 191,000 and for 17 associations in 1922 it was \$1,400,000.

Average business for 468 associations handling fruits and vegetables was \$183,000 in 1918, and for 602 associations in 1922 it was \$284,000; the average for 960 grain marketing associations in 1913 was \$160,000 compared with an average of \$203,000 for 628 associations in 1922.

The smaller number of tobacco and cotton associations in 1922 than in 1913, and the larger business per association, bears testimony to the movement toward the consolidation of independent local associations into large, highly centralized organizations, the department says. A part of the increase in volume of business is due to the higher price level in 1922 than in 1913.

# FUSION FAILS OF ENDORSEMENT BY DEMOCRATS

**Joint Caucus of Democratic Delegates Favors Nomination of Straight Democratic Ticket for Idaho; Scattered**

Amid a perfect oratorical claque a joint caucus of democrats this morning went unanimously on record as declaring that there had been a majority of the delegates before the convention that the purpose of the convention has been to nominate a straight democratic ticket and invite everybody regardless of political affiliation to support it. The motion by J. W. Chapman of Gooding was seconded and carried. It was previously offered by W. Orr Chapman of the Twin Falls delegation, who accepted the alteration, which, however, he brandished as a *distinction of difference*.

**President of the State**

The original motion by Mr. Chapman was thought by some to carry with it the implication that some of the delegates were working for fusion. The author denied such a nomination. The original motion was withdrawn and substituted by Robert H. Miller, national committeeman, and State chairman James P. Pope. They explained that there was some talk in the northern, Idaho district to the effect that the democrats were nominating a nonpartisan party. Miller, who is a candidate for congress before the convention here, Mr. Pope said that the talk about a fusion deal was false and that it originated with a representative of another which had always sought to create misunderstanding among democrats.

**Wool Brand As Star**

"I want to say that I have no objection to this convention going on record branding the Statesmen as a little bunch of cowards who are afraid of the speeches of older and younger."

"I am always seeking to create discord in the democratic ranks and, unfortunately, it has sometimes succeeded. I do not always agree with Bob Miller, but I am willing to do in the same manner. I am willing to accept the substitute which contains a distinction without a difference. I am opposed to La Follette and Smith in their attitude toward the courts, and I am willing to accept the substitute which they would nominate for the supreme court." This had referred to J. H. Eldridge of Boise, beyond a doubt.

**Harmony Talk Applauded**

Franklin Spire of St. Anthony urged the delegates to get along and not to appeal for harmony. If anybody has any sore spot, let him chuse that down stairs and able by the action of the convention; we have two good men, let us support whomever you like. Let's have a pale face, but let's have a smile, as they say, and we visited almost every irrigation project in southern Idaho, which is their hobby."

They left Twin Falls this morning for Boise on their return trip to Portland.

**Portland**

"Portland wheat" is the head-quarters of the Lord as compared with "California," exulted "Bill" in reply to the ruminator that a wheat shortage existed on the Twin Falls tract.

**Pleasure Character**

"Bill" Stanley is famous as the "republican that looks like Bill" Bryan and is looked upon as a great orator.

He first visited the Twin Falls country in the early days when P. R. A. Hickel was making the first surveys.

Our articles of incorporation and by-laws provide that the corporation must be taken over at its annual cost at any time by the city of Twin Falls or by the chamber of commerce and that the stockholders are to receive the amount of their investment plus interest up to the time of its purchase. There is every reason to believe that within a comparatively short time the corporation will be able, either through the accumulation of funds or the sale of the property by the city or the chamber of commerce, to repay the stockholders the amounts of their subscriptions.

Committees appointed by the chamber of commerce will immediately solicit purchases of stock and

the total caucus is said to have been intended originally as a "Frolic" meeting.

**The Last Night Meet**

The fusion scarcrow, furnished by the state organ of the republican committee, caused quite a furor in the city last evening. The organ of the state organ of the fusionists, a general caucus in the Old Fellow's hall last evening, about one-third of the delegates were present when Mr. Chapman announced the purpose of the meeting was to consider the question of whether or not there could be no general caucus that could limit the action of the convention beforehand and that there were many absent. Among those who were not there were all the women delegates.

A motion to adjourn carried with one negative vote after which Mr. Chapman announced that an all-fusion caucus would be held Tuesday morning at 7:30. As this was entirely in accordance with the wishes of anybody, so far as could be ascertained after the meeting none of those who were in attendance had any further scheme hatched up. One speaker suggested that he did not think that the discussion of the question was a discussion of a subject having no existence.

**Card Is Absurd**

General indignation was expressed among democrats over the circumscribed nature of the effect of the decision of John C. Rice to cut off fusion with an account of his concurrence in the picketing decision of the supreme court in the Boles restaurant case. As a matter of fact, the state organ was satisfied with the decision, which upheld the right of lawful picketing, only the L. W. W. objected to its conditions. When a representative of union labor approached him to request him to withdraw his ruling two weeks ago, he expressed himself as satisfied with the decision in the case, and the only reason that it was not specifically endorsed as satisfactory, was due to the

## TOURIST PARK OFFICERS MAKE ANNOUNCEMENT

Officers Make Statement on Launching of Popular Stock Sale for New Facilities Under Auspices of Chamber of Commerce.

Official announcement of the sale of stock for the new tourist park corporation to begin immediately was made today by R. C. Lettsch, M. H. Johnson, Arthur L. Swin, L. Clos, and M. T. Sweeney, officials of the corporation formed by the chamber of commerce.

The signed statement comes *postscripto* to the flooding of the stock issue for the launching of the new tourist park-and facilities proposed by the chamber of commerce.

The officers' statement follows. To the Citizens of Twin Falls: This has been completed through what is hoped, and confidently expected, that a tourist park will be built which will go to a credit to our city and to those patrons who will increase from year to year.

That such a park is greatly needed is now a well-known fact. The one which has been planned, although what it should be, has not been fully carried out but has been the means of accumulating a fund for our chamber of commerce. Being kept in mind, it is not practical to make such a large amount available.

Taking all these facts into consideration, and with a sincere desire to make adequate provision for the future, we, as a committee appointed by the chamber of commerce, have formed a corporation to be known as Park Corporation, and have entered into contracts for the purchase of a tract of land near the northwest end of the valley, upon which we propose to build a tourist park.

We are in急切 need of your help in carrying out this plan. We are急切 to have the park ready for use at the beginning of next season.

Our articles of incorporation and by-laws provide that the corporation must be taken over at its annual cost at any time by the city of Twin Falls or by the chamber of commerce and that the stockholders are to receive the amount of their investment plus interest up to the time of its purchase. Frank Martin for Senator. It now seems that Frank Martin, who is running as an independent in the United States senatorial election against Senator William E. Borah, James P. Pope, T. A. Walker, both of whose names have been mentioned in connection with his name, stated that they were not candidates.

Letters from Peoria friends announced that Abby Campbell of that city would accept the nomination for secretary of state if nominated.

## SNAKE RIVER VALLEY TO HAVE BIG POPULATION

**President of Lumberman's Bank and Famous Pioneer Declares South Idaho Coming Heart of Western Population**

"The Snake river valley is going to have more continuous population than any other spot in the country," declared Robert Smith, president of the lumberman's bank and pioneer.

Mr. Smith, who is a citizen of Twin Falls, said that the valley is destined to be the center of the nation's population.

He was asked if he was not a candidate for congress before the convention here. Mr. Pope said that the talk about a fusion deal was false and that it originated with a representative of another which had always sought to create misunderstanding among democrats.

"I want to say that I have no objection to this convention going on record branding the Statesmen as a little bunch of cowards who are afraid of the speeches of older and younger."

"I am always seeking to create discord in the democratic ranks and, unfortunately, it has sometimes succeeded. I do not always agree with Bob Miller, but I am willing to do in the same manner. I am willing to accept the substitute which contains a distinction without a difference. I am opposed to La Follette and Smith in their attitude toward the courts, and I am willing to support whomever you like. Let's have a pale face, but let's have a smile, as they say, and we visited almost every irrigation project in southern Idaho, which is their hobby."

They left Twin Falls this morning for Boise on their return trip to Portland.
