WAR LEADERS ARE AGAINST THE PRESIDENT

Governor Bryan says that notwithstanding his disavowal of Coolidge, the Department is trying to force military mobilization over Civil Force.

LINCOLN, Neb., Aug. 25.—That the war-department heads are proceeding to mobilize for military preparedness in violation of the statement of the administration of President Coolidge, is the statement of Governor Charles W. Bryan, indicating that his opposition to the military mobilization was "true to the methods and purposes of the war department" to those proposed by President Coolidge. He claims that the war department is disregarding the attitude of the president.

FORD DENIES THAT
HE ENDORSED THE
ACTIVITIES OF KLAN

DETROIT, Aug. 25.—Henry Ford, who has made his home in Lake Orion, met the writers last night to repudiate an interview defending the Klan, purported to have been given out by him in Montreal.

"I did no such thing to anyone and did no such thing in my manner whatever. Please make absolute denial of the tales reported," said the magnate's message to officials at his Dearborn office.

Ford officials, on learning of the story, doubted its authority and promptly withdrew the manufacturer's message to officials at his Dearborn office.

OPTIMISM IS FEATURE OF MOST BUSINESS

Survey of Whole Nation Shows Improvement in Nearly All Lines; Farm Products Prices Are Relatively Better than for Some Time.

WASHINGTON: Optimistic predictions are being made for fall business as the result of some rather market changes for the better which have been noted in the last thirty days, according to the annual semi-monthly review of business conditions in the September number of the National's Business.

"Chief of the changes which have taken place," says the editor, "is the further increase made in the improvement that was visible quite plainly one and two months ago in the agricultural sec-

tions. Also there has been evidence of a distinct forward progress in the retail trade."

Realization that tourist traffic is in effect an industry has led the chamber of commerce to inaugurate the campaign for the improvement of the tourist accommodations.

MURDER CASE IN HANDS OF CHIEF JUSTICE

Most Sensational Trial in Annals
of American Courts Goes to
Judge Caverly Who Must Decide
Whether Leopold and Leo-
pold Shall Hang or Not.

CHICAGO, ILLINOIS, Aug. 25.—The case of Nathan Leopold and Richard Loeb rests in the hands of Chief Justice John R. Caverly.

Hearing of evidence and arguments for and against handing the young slayers of Edward G. Frankfort to the gallows began yesterday with a fiery denunciation of Nathan and Richard by State's Attorney Robert E. Crowe.

Crowe concluded his speech with a whirlwind oration, charging the murderer of Edward G. Frankfort with the murder of Chicago's "boy king" and the murderer he clasped with cattle-marks and mud dogs.

"The crime was committed," he said "simply for the \$10,000 ransom."

Better legislation for the dairy interests in protection from the extortions of the dairy trust is promised in the democratic platform for this state.

The main features of the Twin Falls county resolutions regarding light and power were incorporated into the democratic platform of Idaho. Their enactment into law would prove a complete protection to the people.

Twin Falls was well represented at the democratic state convention by Senator M. J. Streetley. His speech was a splendid resume of the accomplishments of the Twin Falls tract during the past twenty years. His description of the resources and the future of the Twin Falls tract was an alluring story to every one who loves the great west with its fascinating future of opportunity and undeveloped resources for the prospective settler and investor.

Four candidates have filed for the two vacancies on the board of education of Twin Falls school district No. 1. We are glad that there is sufficient interest in our school affairs to induce three men and a woman to file as candidates for these positions. Too often such places on the board of education go begging and no one can be induced to run. We were glad when the names of Fitzgerald and Perrine were filed for re-election because we feel that these gentlemen have made such splendid records during their time in office that they should be re-elected.

One of the interesting discussions before the committee on resolutions at the democratic convention was in regard to the endorsement of legislation "similar to" the McNary-Haugen bill. This matter first came up in sub-committee Tuesday when someone offered a resolution endorsing the measure, adding that protection be afforded farmers to the extent that the protective tariff protects the manufacturers. This was assailed by James D. Whelan, who had been invited to address the committee on the Twin Falls county power plank, later adopted, and by James P. Pope, of Boise, as tantamount to an endorsement of the republican protective system. The formal resolution which went into the platform, was then presented, and this was attacked by the same persons being largely an approval of the bill, some features of which they declared unsound and unconstitutional. They renewed their objections later before the whole committee. Friends of the plank, defended the McNary-Haugen bill in principle, but said that there might be provisions in it that would need amendment in detail, and that the plank would cover this. The main committee accepted this explanation and by a two to one vote allowed the plank to stand as written.

AT THE THEATRES

REVIEWS 18TH CENTURY

We had a feeling last night as we sat watching "Monster Beauvais" on the screen at the Idaho theatre that we were in for a good production but that in some magic fashion we were back in the eighteenth century, a silent spectator in the glittering court of that desolute monarch, Louis XV of France. From which we were relieved by the vehicle, which marks Rudolph.

REPUBLICANS PRAISE IDAHO CONVENTION

Twin Falls Delegates Say Harmony Was Prevalent and That Candidates Will Sink-Minor Differences in Interest of Success of Party Principles.

The republicans are nearly all here from Idaho Falls where they had a most successful convention and where they got a state ticket with the same degree of unanimity that was manifested on the part of the democratic. They talk with great enthusiasm about their party and while they concede that the feeling of animosity between Borah and the state administration is not as cordial as it might be, yet they say that both have made up all past differences for the good of the party.

That an interesting fight might have been made had C. C. Stoeckel pushed his proposed campaign for state auditor against F. A. Jeter is urged by many who had fought attorney general to assist Attorney General E. H. Connor had the opposition to Stoeckel Campbell had a mine inspector crystallized, and had the strong anti-Borah forces given way to their laudable feelings. However, it is pointed out that the principal contention to certain candidates will not interfere with the work of the campaign for republican principles.

Power Plant

The Sweely power plant was voted to add \$100,000 to the original \$1,000,000 introduced the resolution presented here in favor of the pending power constitutional amendment with legislation based thereon to prevent the expenditure of power company funds for the amendment unless appropriated and the endorsement of legislation rejected on the ground that it was a matter for the legislature to attend to. This leaves the question of the power plant unqualified. It is being attacked by progressive party resolutions on the ground that it might leave the door open to power company legislation unless specifically provided otherwise.

Endorsement of the national and state administrations and representatives in both branches of congress were passed with enthusiasm.

The platform pledged "further simplification in government," legislation for co-operation with the government under the Clark-McNary forest conservation bill, the general food relief bill for reclamation settlers; the state welfare commission and the proposed memorial in the university gymnasium, farmington and the like.

The public utilities commission is commanded for its recent efforts to secure for power consumers such rates as are reasonable and which the traffic can bear.

J. W. E. Wilson of this city served on the committee on resolutions and introduced Congressman Addison T. Smith for renomination. John W. Graham served on the credentials committee and Shad L. Hodgin on the committee on order of hospital.

All pride, Idaho Falls as a convention city.

IDaho Falls, Aug. 24.—Although John C. Gruber of Twin Falls got unanimous endorsement of Senator William Edgar Borah as republican nominee to prove to a Twin Falls man that he had "guts" enough to do it, he had none to stand behind the nomination by renomination. The only point where there was a change from the present lineup of state officers was in the case of supreme justices, where Charlton P. McCarthy declined to run and Jake Raymond L. Givens of the Ada county district court was selected.

Great enthusiasm prevailed during the session of the state convention on the nomination of A. H. Murray, attorney general, and F. A. Jeter, secretary of state were rumors were for weeks but nothing came of them. John McMurray of Oakley was chosen as attorney general and Frank C. Moore, C. K. Macrae as state secretary.

The ticket as nominated is as follows:

United States Senator—William E. Borah.

Representatives in Congress—Addison T. Smith, Burton L. French.

Governor—Charles C. Moore.

Lieutenant Governor—H. C. Vandridge.

Supreme Court Justices—Alfred Budde, Haymond L. Givens.
