## GOLD AND BRONZE MEDALS FOR PIGS FROM NEAR BUHL

West End City Sports in Tenth-Grade Interclass Statistics in Testing-Out Feeding Process to Mitchell and Rambler.

A gold medal for state champion-ship and a bronze medal for district championship were announced Saturday in behalf of the Mitchell and Rambler teams in the Idaho competition, which produced 262 pounds of pork from 13 pigs in the litter. Word to this effect was received by County Agent C. E. Brown on Saturday afternoon. The medals will be on display at the state seed show Saturday.

No milk was fed in the pigs and they were pastured on oats instead of corn-stalks.

The pigs ate, at an average of 110 pounds per day, 310 pounds of oats per pig.

The cost per pound of feeding them was 83 cents. They were fed 26 months and 26 days old when killed.

The Mitchell team had 806 pounds of wheat, 368 pounds of barley; 189 pounds of protein feed, 57 pounds of stock feed, 57 pounds of mineral and 66 pounds of mineral.

## BOY FOUND BY BOY SCOUTS AT MIDDLE NIGHT

Search by Boy Scouts, conducted last evening by President Thomas M. Robertson of the Boy Scout Council, and other members of the council, and district scout executive, and Secretary W. E. Nixon, for James Douglas, five-year-old son of Jim Douglas, a retired fisherman, was successful. He was found at the home of Mr. Black, an uncle, two miles out of town. The father works in the gravel pit on Rock Creek, and the boy often goes there. His mother supposed he had gone with his father until the latter returned in the morning. The search was con- tinued and at 11:30 the scouts were notified. Several others were sent out and hunting dogs were called in and an extensive telephone search was organized by Roy M. Gardner, manager of the Mountain States company, when the child was found safe and able to put into effect his

## FLAG SALESMAN DROPS PROPOSAL

Yielding to the wishes of seventy-five hundred persons, Penney representatives of the 300旗公司, a large company, have dropped his proposal to sell to the local merchants flags and banners to be used in the annual Fourth of July walk in front of the different businesses establishments. Penney appeared before the city commissioners last evening and said he did not want to put the thing over in the face of the protestors objection. He said that in the first place he had to pay \$1000 for each flag and he had to pay the manufacturer \$1000 more to have it made. And he might be liable to a fine of \$1000 if he did not do it. He said he had to pay the city \$1000 for the deal later on. Mayor Hutchins told him the commissioners had decided to drop the proposal and that he would not be the least bit sorry to take it under the circumstances.

The bird question occupied considerable time of the commissioners at its regular meeting last night. It was brought up by Commissioner L. W. Dwight, who said that some birds were damaging the landscape at the city park. The matter had been brought to the attention of the administration with the suggestion that something be done to remedy it. It has been estimated that 150 pounds of putty would be needed to stop the birds from flying in the park. The commissioners voted to have the putty applied to the trees.

## NOTRE DAME TO LOSE 17 GRID STARS

Graduation to Rob South Bend Outfit of Large Number of Athletes Who Have Fought Heroically to Uphold Reputation.

DR. HENRY L. PARFITT

NEW YORK.—Dec. 8.—Any football coach in the country might be pardoned for assuming a sour countenance when he saw newsmen gathered around his door in their demand for his last time.

The men, known as leaders in the Notre Dame cause, this year, including Eastern coaches, Miller, Crowley, and Layden, a combination that competent Eastern critics have called "the most powerful ever assembled."

Hocke will not wear a gloomy face. He is not only an optimist by nature but also by his experience as the director of football at one of the greatest football institutions among the schools.

It had not been seen so many times in the past that tears shed for Rockne's departure in 1920, when he was sent to Stanford, had been wiped away.

Rockne, however, has known for two years that seventeen of his best players were in 1923 taken from him and shipped to South Bend. There might also be the festive boards spread for the departure of the Notre Dame team.

He would want to have a stash of relief at the termination of the domination of Notre Dame on the college gridiron.

Rockne started a few years ago by taking his team to camp in the mountains in the fall and running the regulars in wheels. It looked like the eccentric attorney who was able to win the case.

The Notre Dame team, however, is a vote-starter.

There was, therefore, no significant strategy in a move to Rockne's home town, where they were needed vitally, several Eastern coaches picked up the stung and tried it in their big games.

The financial situation, the credit of foreign countries, in well, still has been materially improved by the election, it is believed.

## BOXING

PHILADELPHIA, Pa.—Bobby Wiggert, Philadelphia, bantamweight, and Joe DiMaggio, Newark, N. J., a 10-round draw. Cuddy DeMarco, Pittsburgh, lightweight, won the decision from Dan (Artie) Philadelphia.

BALTIMORE, Md.—Alex Hart, Philadelphia, lightweight, and Joe DiMaggio, Newark, went 15 rounds to a draw.

NEW ORLEANS, La.—Gone Tamm, champion of light-heavyweight, was an easy winner over Jeff Smith of Layton, N. J., in a 15-round bout here. Smith was knocked down in the seventh round, but fought on in at least 11 rounds.

TAMPA, Fla.—Mike Murphy, Atlanta, Georgia, won the decision on a foul over Harry Adair, New York. In the sixth round of a scheduled 10-round bout when Adair knocked Murphy down, referee Frank Williams stopped the fight.

MILWAUKEE—Mickey Walker, lightweight champion, decisively outpointed Jack Malone, St. Paul, middleweight, in a 10-round model-fight here last night.

DETROIT—Clarence Rosen, Detroit bantam, won a foul from Al Dundee, Newark, N. J., in the eighth round of a ten-round bout. Red Horning, St. Paul, lightweight, won a four-round decision over Al Wilson, Newark. Mike Jack (July), which was over Tony Rose, Detroit, in a six-round bout.

mentation—now wretchedly purblind, but meanwhile our mark goes on.

"American football," he charges, "is not this thing clearly. There is no greater leader in America like our own Oliver Lodge, and the American press, which is controlled by the same plutocracy, have fulfilled backward into ignorance."

Sir Arthur says that several American public characters were susceptible to psychic influences, notably Abraham Lincoln.

Lincoln, he claims, was helped to win the Civil War by advice from spiritualistic sources.

Records for Hornsby

Roger Hornsby, St. Louis Cardinals second baseman, is placing himself baseball greatest this season, one in hitting average and the other in leading his league for the fifth consecutive season. Hornsby finished with a total of 227 hits in 142 games, a .300 average, and a .400 on-base percentage. The previous record, set by George Sisler, 1922 mark, which was approximately .420, in turn, Hornsby tied with Frankie Frisch of the New York Giants, with 121.

## SWAN PROVED GAY DECEIVER TO ITS AND HUNTER'S LOSS

"Well, I awan," said Dr. R. G. Ince as he dug up \$25 to Prohibit Judge O. P. Lovell last evening, "but I am not going to let you get away with this. I am the one who was the goose and not the gander."

A short time ago while hunting near Hagerman with a party of others, Lovell, upset what appeared to be a swan, shot it and then, when it was dead, settled it drew a head on it and brought it down. He brought it to town and showed it to Dr. Ince, who, upon examination, declared that it was a real goose. But now, suspected otherwise, and under pressure of the law, he has given up his hobby.

Dr. Ince, however, was not satisfied and had the bird led to him, by word and method of flight. "I took it at its word, or rather at its honk," he said. "It was an old bird, and I could see that it was clearly mated." The game warden agreed that it was easy to tell the difference between the two swans.

The man in the whomping suit should have known better than to shoot a swan in the first place.

## FARM CHILDREN NOT INFERIOR

Facts involving 20,000 high school pupils representing every state in the Union show that farm children make better progress than other children through high school. This is true because of the unusually good progress of the farm girls. The facts show also that a higher percentage of farm girls than of other girls are enrolled and that the percentage of elimination from high school is lower. Unless we concede remarkable sex differences of ability between farm boys and girls, therefore, we must abandon the ancient myth that the farm stock is decaying and that all the brains have migrated to the cities.

Sentimentalists who have sought to improve rural education by raising the bogey of decay of the farm stock and have advanced a program designed to keep the most intelligent on the farm must seek another leg to stand on. The farm stock is still virile and intelligent. It is yet educable. We need not fear to offer to country children an unbiased liberal education and permit, even encourage those so minded and fitted to seek opportunity wherever it beckons whether it be upon the farm or in the professions or trades.

## CROSSWORD PUZZLES

Midnight was approaching. The Pullman slept swayed with what would have been rhythm had it not been for a flat wheel. In the smoking compartment sat three men. The youngest, in his thirties, lit a fresh cigarette. "I notice the country has gone biggs on crossword puzzles," said he. "A great many people seem to think it's something new. Why, one of my earliest recollections is working out things like crossword puzzles in magazines like St. Nicholas. That was 25 or more years ago. They were quite the craze in those days. And now, like a bolt out of the blue and for no apparent reason, the same craze again sweeps through the public. History repeats. There is nothing new under the sun."

"Up spoke the middle-aged man, lighting a cigar. "The origin of the crossword puzzle is farther back than your childhood, young man." The Rev. Charles Francis Potter of New York City, in a recent sermon traced the crossword puzzle back to the tetragrammaton, a sort of magic asterisk which was one of the charms used in the Middle Ages to keep the devil away.

"I certainly gets my goat, the way so many people waste hour after hour of precious time on these fool things. If I could get my employees a third as interested in their work . . ."

A tolerant smile from the white-haired old man who had been listening as he gazed out into the night. He lit his pipe.

"I used to feel the same way about the crossword puzzle craze that swept the country 50 years ago. But the older I get, the more I realize that such things train the brain to be alert. Not to mention that they afford man an innocent, harmless hobby for relaxation in which his nervous tension is loosened and his brain recuperates.

"After all, why try to sweep back the tide with a broom? Crossword puzzles come in waves in cycles just as surely as business depressions, religious revivals, dancing crazes, disease pandemics and others of an endless list."

"Everything is cycle, forever repeating. No one can explain it, except that cycles seem to be the pulsations of rhythmic psychic forces that play through the public like electric current through the filament of a lamp. Man is like a radio receiving set, through which play the impulses or vibrations from some distant and unseen broadcasting station . . . I am an old man; and soon I may pass through the black tunnel and learn the secret. Who knows?"
