Good Seen Members at the New Year

California Favored to Beat Easterners in Berkeley Stadium

BERKELEY, Cal., Jan. 1.—University of California and the University of Southern California meet on the football field here today in one of the two important East-West games which will mark the passing of the 1924 football season and the birth of a new year of sport.

California is favored to justify the 5 to 4 odds that it will beat Pennsylvania.

Talk of postponing the game here today ended suddenly last night with an official announcement by California Athletic association that the two teams would meet again on January 10th at 1925 population. The methods used in successfully combating metropolitan criminals are outlined in the following story, written exclusively for the United Press.

Detroit uses

and Placing of Stations
Have Kept Crime at Low
Ebb.

Editor's Note—Detroit police in 1924 undertook to reduce crime without spectacular rials, newspaper headlines or public notices.

The drift was to "practise" the same system which had been adopted in the "enigma series" program adopted to lowest per capita ratio since 1917, reports published this week showed.

Californians are favored to justify the 5 to 4 odds that it will beat Pennsylvania.

More than 60,000 tickets had been sold up to a late hour yesterday.

**REPORT TROTSEY
IS ASSASSINATED**

Rumor of War Minister's Death Reaches Capital of England.

LONDON, Jan. 1.—An unconfirmed report is coming from Buckingham Palace that Leon Trotsky, Russian war minister, has been assassinated, according to press dispatches here.

The Daily Telegraph, Berlin correspondent, says it is "instantly reported" there that Trotsky "had been completely unarmed and is interned in a Moscow prison."

Official Moscow dispatches to the United Press yesterday said that Trotsky is on a vacation in the Crimea, partly absent from his post because of his differences with the central executive committee of the Soviets.

BURLING TOT DIES.

BURLING, Idaho, Jan. 1.—Jack Erm, the 4-year-old son of Mr. and Mrs. August Erm, residing in the country, died suddenly Saturday morning of the brain Saturday night at midnight and died at 1:30 p.m. Sunday. Besides the parents he is survived by one brother and one sister. The boy was working in a mine at Bingham, Utah. He was said to have been the oldest woman in Germany.

Twin Falls and 1925.

As the days come and go the record of our lives is being written into the Book of Life. This record will run with the smoothness of a dreadnaught or a calm sea as long as things move in the normal routine but here and there will ripples be recorded to mark the rough places on the sea of life and regardless of the life these marks will show clear and clean cut on the history of every man and woman. But these ripples are lasting marks of the individual and will make or break his character. If these ripples are not so violent that they sink the ship they will be the making of the citizen.

Twin Falls and Southern Idaho, has good reason to be grateful for the year of 1924, and review again and again our mistakes and our successes—if we will truly profit by these ripples upon the great ocean of life we will go forward with renewed energy and success will be ours. We must learn to profit more by our mistakes but by the shortcomings of our neighbors as well. We must get back to normality and economize to the limit if we are to get on in these days of reconstruction when everybody is cutting the cloth as close as possible.

The Twin Falls tract has produced abundant crops during the past year but in some particulars they were not as good as those seasons, but the price has been much stronger and in the end agriculturists will clean up about as much as usual. There are certain crops which cannot be grown successfully in Idaho because of the distance from the market and we must learn to sell these off and produce only those crops that can be marketed readily and to advantage. Crops which move quickly on the market often cause disaster to our farmers and it is difficult to maintain the equilibrium of the farmer disturbed financial system and upsets business generally. We must come to the conclusion that we stand or fall together our neighbor's keeper in a stricter sense than we are really willing to admit. His success is our prosperity and failure is our downfall.

What helps the greatest mark of prosperity that has come to part of Idaho is through the release of mortgages and other commercial paper in this county. More debts have been paid off during the past year perhaps than in any previous twelve months of our history. This is the most encouraging sign in Twin Falls county at the present and the second is like unto it in that fewer debts are being contracted and thus the liquidation in the future will be easier. Money is easier to come on the Twin Falls tract than it has been for some time and we believe that the commercial conditions never looked so healthy as at the beginning of 1925.

Business property has been changing hands at a lively pace during the past twelve months and good homes in Twin Falls are at a premium today and practically all of the modern houses for rent have been taken. The market for real estate is larger by far than it has been for years and this is, after all, the test of the stability of a country. Farms have changed hands quite rapidly the past few months and we believe that our farmers are on a sounder footing today than they have been for some time.

When it comes to banking and our financial institutions we are glad to be able to announce that one of the leading banks in Twin Falls has announced that it has accumulated sufficient surplus to warrant the payment of dividends starting the first quarter of this year and continuing through 1925. We have not had an opportunity to interview the other two banks but believe that they are on a better footing than they have been for several years.

In considering all these facts we believe that the average citizen and business has good reason for taking heart and starting the New Year with vim and vigor which cannot but bring success.

In the words of another let us quote:

KEEP ON KEEPIN' ON

If the day looks kinder gloomy
And your chances kinder slim,
If the situation's puzzlin',
And the prospect's awful grim,
If perplexities keep pressin',
Till hope is nearly gone,
Just bristle up and grit your teeth
And keep on keepin' on.

Frettin' never wins a fight
And jumblin' never pays;
There ain't no use in boppin'
In those pessimistic ways;
Smile just kinder cheerfully
Though hope is nearly gone,
And bristle up and grit your teeth
And keep on keepin' on.

There ain't no use in groanin',
And grumblin' all the time;
When music ringin' everywhere
And everything's a rhyme,
Just keep on smilin' cheerfully
If hope is nearly gone,
And bristle up and grit your teeth
And keep on keepin' on.
