# NEWS OF THE SPORT WORLD

## RUPERT WINS FROM LOCALS IN FAST GAME

Visitors Show Remarkable Brand of Basketball and Take Victory; Minidoka County Quintet Superior in Every Department.

Rupert high school's basketball team overcame the Twin Falls team 27-16 in Friday night's game. The contest featured almost solely by the visitors' wonderful floor and backcourt play.

Minidoka basketball, the kind that one would want to see, was staged by the two teams. It was a marvellously effective team of individual stars functioning like clockwork.

Incidentally it is not sportsmanship to cheer when other team misses a basket. Twin Falls is no meanly the only offender in this matter, but it should not be done.

Ross Cole got into the game toward the close and he received a big ovation from the fans for Ross has always been a popular player as well as a good one.

The game was "meteoric all the way. Right at the start Rupert displayed an attack and defense unexcelled by any team seen on the Twin Falls floor this year.

Rupert did all the things that basketball should be. They were in the lead throughout the contest.

Twin Falls fought desperately to stem the tide of defeat but finally, whenever they threatened the brilliant scoring combination against them began a fresh upsurge and pulled out of danger.

Rupert did Hyde, forward and center of the Rupert team, were the principal reasons why the Minidoka county men kept the lead, although great credit must go to all five men. Stone, the best runner, showing that his ability is by no means limited to the cinder path.

The visitors seemed unable to penetrate the five-man defense system used by their opponents. Most of the time for the first half, the mid-floor, for Rupert covered it mainly well and forced long range.

Shols, few of which were successful. The lineup:	Twin Falls (18)
Rupert (27)	Forward, Martin
Burglar	Forward, Kelly
Hyde	Center, Kelly
Gregory	Center, Kelly
Stones	Guard, Thum

Substitutes—Twin Falls: Hersh for Weaver; Cole for Kelly; Borg for Navin. Rupert—None. Referee—Campbell.

## BASKET SHOTS

Rupert was just about the last word in style, flash and efficiency.

Twin Falls gave a nice exhibition of upfield fighting. Coach Plaster's teams never quit, no matter what the score is.

Though only a sophomore, Kelly looks like he is going to be one of the best players ever turned out at local school. His performance last night was distinctly creditable.

A regrettable incident occurred when the crowd razzed Rupert so that he could not play. Coach Plaster's had to go to the limit of the floor and say, "Let's show them Twin Falls' sportsmanship is unquestioned."

Incidentally it is not sportsmanship to cheer when other team misses a basket. Twin Falls is no meanly the only offender in this matter, but it should not be done.

Ross Cole got into the game toward the close and he received a big ovation from the fans for Ross has always been a popular player as well as a good one.

## ATHLETIC CLUB IN TWIN FALLS IS UNDER WAY

T. W. Flynn now has the Twin Falls Athletic club well under way at its location under the Twin Falls Bank and Trust building at the corner of Main and Broadway streets. Mr. Flynn is an experienced man in this line of work and feels that the time has long been ripe for such a thing here. The city has never enjoyed anything of this nature and sporting people will welcome its coming with more than passing interest.

Complete equipment has been installed at the club. The rooms are commodious and attractive and afford opportunity to exercise under proper supervision and supervision of the watchful eye of Mr. Flynn. His pupils always make rapid progress and gain robust health. Physical fitness is the most important thing in life for without a well body most of the good things intended. At least this is the belief of Mr. Flynn and it is for the noble purpose of improving the health of Twin Falls and vicinity that the athletic club has been started.

Swimming, water polo, boxing, fencing, dressmaking rooms and showers have been provided for the patrons.

The dues will be \$3 a month for the first month and \$2 for each month thereafter. There are no marks for the value given, and many are expected to take advantage of the opportunity.

## BOXING

NEW YORK.—Tex Dickert died today that he had matched Jack Dempsey and Tom Gillingham to meet here next May. "I'd like to put on the match but I haven't started any negotiations," he said.

NEW YORK.—Kid Kaplan, new featherweight champion, left today for California, where he is to engage in three four-round bouts with Bud Riley, Young Brown and Ernie Goodman. He was accompanied by Jackie Sayman, Joe Ritter, Jimmy Hatcherman and Tracy Ferguson, who are also under the management of Strykowski.

STRAUSLINE S. Y.—Tommy Ryan, Mericequester hantam, won a territorial decision from Johnny Curran, Jersey City.

## BUHL WILL HOLD BOXING BOUTS IN FEBRUARY

Young Billiard Scheduled to Meet "Kid" Conner at Fox Theatre February 11.

BUILD, Ida, Jan. 21.—J. Kelly is arranging a boxing bout to be held in the Fox theatre here on February 11. At that time several good bouts will be staged and many fans from Twin Falls and the east end of the county are expected to attend. Arrangements have been completed and as yet but in the understanding that two good preliminaries will be arranged besides the main event.

The main bout will be between Young Billiard of Castleford and "Kid" Conner of Bull, both the youngsters tip the scales at about 165 and this bout will be fast and furious. Both are handy with their dukes and have had several free fights in which they have shown their fighting ability. They are training hard for this event and a good number of fans from Castleford are backing their favorite to win. The main event will be a twelve round bout with no spectators unless a knockout comes unexpectedly.

Two good preliminaries of eight rounds each are being arranged by Manager Kelly and one of the young boxers from Twin Falls is expected to be matched with some one of his weight from the west end. This will be an eight round bout.

The other preliminary is a six round bout and the preliminary has not yet been arranged but will be fast and furious.

## Lenient Turkish Policemen

Turkish policemen make no attempt to surprise outsiders, but allegedly give warning of their approach by striking the pavement at regular intervals with long heavy clubs tipped with steel, to the great disgust of sleepless foreigners. It was formerly the custom of the night watchmen in Constantinople to shout loudly in English that all was well every time they pounded on the pavement; but the police found the shouting and since the armistice the night policemen, most of whom are very old men, content themselves with hammering the pavement. The Turkish policeman who is always under the management of Strykowski, as it is supposed to be the only means of getting the night policemen will patrol their beats.—Brooklyn Eagle.

## WILDCATS NOSE OUT BUHL TEAM

(Special to The Times.) BURL, Jan. 24.—After high school nosed out Buhl at basketball here on Friday night by a score of 25 to 23, first one team being in the lead and then the other. The local girls' quintet was a match for the visitors, but owing to the 10 minute rest in the time of 20 to 13 in a game which was very close in doubt.

First and exciting all the way the boys control kept the spectators on edge constantly. Coach Manning and "Casual" Frank York featured, both teams playing a championship variety of basketball.

Pier led 12 to 11, at the end of the first half Buhl took the lead later on and as one time was ahead by the score of 18 to 14. They did not enjoy this advantage long, however, for the Shilts and Adkins combination got to working again and quickly closed the gap, though only by the narrowest sort of fighting. Fleming and Allitis started for Buhl with Adkins and Shilts doing the heavy lifting work.

## KIMBERLY LOSES TO EDEN TEAMS

EDEN, Jan. 24. (Special to The Times).—The Eden high school won a double header from the Kimberly high school here last night. The Eden boys took their part of the double victory by a 21 to 13 score, while the Kimberly girls were thrashed 20 to 10.

Kimberly led during the first quarter by three points, but at the close of the half the count stood 10 to 8 in Eden's favor.

With a few minutes after the opening of the second half, the odds increased their lead to four when Henry, center for Eden got away for two successive field goals.

Kimberly was kept entirely on the defensive, throughout the first half and were successful only twice in getting around Greenham and Lawler, the Eden guards, to ring in a basket. Summer made a nice long shot at the beginning of the last quarter and Henry again in the last few minutes of play dropped two runs through the ring and brought

the score up to 21, while Kimberly counted one more point in the last quarter by making a free throw, bringing the final score to 13. The Kimberly boys put up a game fight and time after time they worked the ball near their goal during the first half only to have their play broken up by the Eden boys who were stinging a defense that was a feature of the game. Short and snappy passes, and the work of Henry at center for the locals also featured.

## A Loan That Gets You Out of Debt

For a borrower whose income is derived in part from salary, rent or wages, we recommend our installment loan plan in which the principal is gradually reduced. It is, in effect, a savings bank account in which you are regularly adding to your net capital.

The rate is lower than you have been offered in a long time. You may prepay the loan at your option at any time after 24 monthly installments have been paid, with an advance interest, bonus or charge of any kind. Each payment you make stops interest from date of such payment of the principal sum so paid.

For retiring your present loan, or to assist you in taking advantage of present abnormally low prices to purchase a home, we recommend this loan.

Due to the gradual reductions of principal, the total of interest you pay is less than you would pay on a so-called "straight term loan" at the same rate.

For example: On a \$2000 straight loan, 6 years, 6 per cent the total interest is \$600. On our installment \$2000 loan, 6 years, the total interest you pay is \$252. If you pay the loan, before maturity, the interest stops on date of such payment and the total cost is correspondingly reduced.

You don't have to buy stock in our company to get this loan.

## World's Lowest Priced FOUR-DOOR ALL-STEEL SEDAN

A newspaper in Detroit, the center of the automobile industry, stated very frankly that the new Willys-Overland line was the sensation of the New York Automobile Show. And the popular lead of 1925 new Overland models is this all-steel Overland Sedan.

That a full 5-passenger Sedan with a body entirely of steel, with four doors, can be priced at \$715 is the surprise of the automobile industry.

Such a car at such a price was bound to get a tremendous welcome from the public. Interest everywhere centers on this car. Sales are passing all goals previously set for it.

The Overland Sedan's steel body construction provides strength and durability, but gives you the airy, airy feel of greater driving vision. For steel eliminates bulky wooden body panels. See this car! See it today.

Dealer's Model: All-Steel Touring \$699, all steel Coach \$635. And the Overland Sedan's steel body is built on a new \$225 chassis.

# GASOLINE TAX FINDS FAVOR IN THIS CITY

Auto Dealers Meet and Draft Statement and Petition to Legislature to Raise More Money by Double Charges on Gas; All Owners Who Favor Plan to Join in Movement.

Proposing a flat license fee of \$10 for all auto, that a four cent tax be placed on gasoline and that fifty per cent of the auto tax go to either the highway district or county wherein it is collected, a number of auto dealers and the chairman of the local auto dealers' association met today at the office of Attorney Asher D. Wilson and placed their desires in the form of a statement and petition to be sent to our legislators. All owners who favor the plan are requested to call up Mr. Seal on 225 Main avenue, north, to join the petition.

**Statement of Case.**  
The following automobile dealers of Twin Falls convened at eleven o'clock on Tuesday afternoon to discuss the proposed license law and gasoline tax of the State of Idaho. Present were: Alvin S. Seal, president, Midget Automobile company, distributor of Dodge Brothers cars; C. E. Seal, representative of the automobile company, distributor of Buick automobiles; Ben Hendahl, representative of Hendahl and Nelson, distributor of Stutz and Durant cars; J. A. Barlow, representing Barrett Auto company, distributor of Hudson and Essex automobiles; Tom Company, representing Helmsford Motor Company, distributor of Chrysler and Packard cars, and the following absentees: Norville Auto company, distributor of Oakland and Cadillac cars. After considering the proposed law, W. T. Seal offered the following resolution:

"We resolved, that we recommend to the legislative delegation from Twin Falls county and to the legislators of the State of Idaho, that the automobile license law of the State of Idaho be amended so as to provide a flat auto license tax on each and every automobile in the State of Idaho of the sum of \$10.00, and that the gasoline tax law be amended to provide for a four cent (4c) gallon tax, and that the tax be increased to five cents (5c) tax now being levied, thirty per cent of the gasoline tax collected in each county be distributed to the county commissioners or to the highway district, and that the proportion to the amount collected in each of said districts, the balance to be utilized by the state department for road purposes, and that the same ratio of distribution on the auto tax be had as under the present law.

A second to said resolution was made by B. E. M. after further discussion, said resolution was unanimously passed.

**Tuition.**  
The following automobile owners and taxpayers of the county of Idaho, recommend and urge that the present legislature of the State of Idaho pass amended laws which amend the laws so that same will conform to the foregoing resolution.

The plan which it is reported that the legislature may pass, namely, with a dollar a hundred extra thereover was generally favorably received in this city among the citizens today, as it was held to be unjust to owners of the heavier class, and also the prohibitive on heavy cars that have seen some years of wear, for which no allowance has been made.

# AUTO BILL FOR BAD DRIVERS IS PROPOSED

Proposal for Alteration in Statute Providing Imprisoning or Cancelling License to Drive for Those Responsible for Accidents.

A measure has been drafted locally and introduced to the legislature by Mr. H. Hammond of this city for the purpose of averting auto accidents as a result of careless driving. A copy has been submitted to the committee of commerce for consideration and for recommendation to the lawmakers at Boise. The tentative draft follows:

Twin Falls, Idaho, Jan. 21, 1925.

To the Honorable Members of the Legislature, Now in Session at Boise, Idaho.

It is a well known fact that the death toll from automobile accidents is rapidly increasing. In many cases this is due to reckless driving. And many accidents are caused from failure of the driver, not knowing the road laws.

Mr. Henry urges upon you to make and pass a law to conform with some of the laws of adjacent states. Such law to be known as "Safety Road Law."

# AMERICANIZATION WORK CLOSSES FOR THE CURRENT YEAR

Final Meeting of Successful Session Held at High School Building in Twin Falls.

Closing exercises for the Americanization school were held in the high school building Thursday evening. The program was in charge of Miss Charlotte Bond, chairman of the entertainment committee.

Miss F. O. Cook, Miss Nellie Davis and Geraldine Richmond, the two latter appearing in negro costume; several native songs by Mexican children and readings by Miss Bond.

Miss J. M. Wolfe, chairman of the Americanization committee which had the work in charge states that the results have been highly pleasing and that all concerned have found the movement to be distinctly worth while.

While the attendance has been lighter this year than last, owing to local crop conditions having called for fewer numbers of Mexicans and to a number of foreigners to leave for other parts of the country.

Mrs. Wolfe said further, "The results have been most gratifying. We have been able to get in touch with these people and their families in a personal way that is the necessary forerunner to any successful effort to Americanize."

Each applicant to be granted a license must pass an examination before a driver at all times (as you) in regard to road laws and competency of driving an auto.

Penalty for failing to comply with such laws, or if a driver be the cause of an accident, his or her license may be revoked for ten days or a fine of \$5 to \$25 to be imposed.

For second offense license to be revoked for 30 days or a fine of \$25 to \$50 to be imposed.

For third offense ten days in county jail, or cancellation of license.

# BEET TOPPER PATENT HELD BY HÖVERMALE

Decision of Judge T. Halley Lee Today Declares that Ownership of Invention of the Patent Held by E. G. Company Represented by Judge E. E. Wallace at This City in Without Foundation.

A decision which by clearing the way for immediate progress in the manufacture of the patent beet topper, by the Hövermale Beet topper company of Eden, has just been handed down by Judge T. Halley Lee.

The plan which it is reported that the legislature may pass, namely, with a dollar a hundred extra thereover was generally favorably received in this city among the citizens today, as it was held to be unjust to owners of the heavier class, and also the prohibitive on heavy cars that have seen some years of wear, for which no allowance has been made.

The plan which it is reported that the legislature may pass, namely, with a dollar a hundred extra thereover was generally favorably received in this city among the citizens today, as it was held to be unjust to owners of the heavier class, and also the prohibitive on heavy cars that have seen some years of wear, for which no allowance has been made.

# Star Cars Low-Cost Transportation

The Quality Leader in the Low-Priced Field

From the beginning the STAR Car has established a new and higher standard of engineering in the low-priced field, being the first to include the following quality features:

- 1. Forced Feed Motor Lubrication
- 2. Silent Chain Front-end Drive
- 3. Single-plate Dry-disc Clutch
- 4. Semi-elliptic Springs, Front and Rear
- 5. Worm and Gear Type Steering Gear
- 6. Vacuum Fuel Feed with Tappet Guides
- 7. Durable Tubular Backbone
- 8. Removable Valve and Tappet Guides
- 9. Main Unit Separately Removable

The Star Motor is Highest Grade in a Low-Priced Car

STAR leadership is again emphasized in the new million dollar motor, with its honed cylinders, lapped piston pins, aluminum alloy pistons, bronze-bushed bronze-backed ball-bearing camshaft front bearing, 100% machined fly-wheel, and all bearing surfaces burnished—these in addition to the motor features mentioned above.

Everybody is making a noise about wanting their rights. That's an excellent idea. Go to it.

We are making it hot for our competitors—give us a chance, and we'll warm you up some, too.

Least you forget, we'll say it yet—we sell the best coal you can get.

Don't Forget the Big Fire Sale

You buy the goods first, and have the fire afterward.

Monday, January 26

On account of the volume of business we feel able to reduce the price of our coal as follows:

Straight Lump	\$10.00
Fancy Large Lump	\$11.00
Egg Coal	\$10.00
Nut Coal	\$ 8.00

Don't let anyone tell you that our nut isn't nut, just because the price is cut.

Shop around before you buy. We challenge any dealer in Twin Falls as to price and quality—Come on, let's go.

For Cold Weather Starting

—they leave the "punch"

We can tell you a Wilson Battery will give you your engine to a flying start every morning. You won't have to get it recharged all winter, either. If your electrical system is on the job, Quick starts take less out of a battery.

"These would be the best quality of any made in the U.S.A.," says L. L. Adams.
