MOVE TO PUSH STORM SEWER IS UNDERWAY

Surplus Flood Water From City Proves Injurious to Property of the Farmers Along the Line of Excavation as Reported in Will Appeal to the Council to Act.

Movement to push the immediate construction of a storm sewer in this city to take care of the surplus water, is about to be started by Sam H. Taylor, it is stated here. The water from the city under present arrangements, flow into the ditch and stream used by Mr. Taylor and others, it is stated, and creates a serious menace at times. It is understood that Mr. Taylor has consulted state authorities and that he has been assured that action is needed. However, nothing will be done until the matter is presented to the city. It is understood that the city has already given serious consideration to the question. Recently by Engineer H. H. Taylor, the situation quite extensively and at the evening meeting, March 18, was reported to the city council that under a new line, the storm sewer could be constructed at a much lower cost than ever theretofore contemplated. It might cost \$40,000 or \$50,000, he reported. Previous estimates had been much higher. More complete report is expected later.

COUNTY SCHOOL ATHLETIC MEET HERE SATURDAY

Organization for athletic contests in the state schools will meet this morning at the city in Twin Falls. Public will be attracted at a meeting of superintendents and higher officials at the county convention at the office of County Superintendent, Charlotte, Pond Saturday afternoon at 7 o'clock. A few of the superintendents met last Saturday afternoon but no formal action was taken.

Slow Paper Cause of First National of Buhl Closing

The First National bank in Buhl closed its doors this morning as a result of embarrassment growing out of the acceptance of slow paper on which was found impossible to immediately realize. A representative of the Federal Reserve system was called to Buhl to examine the condition of the bank was not announced, but the responsible representative of the bank it would be able to meet all obligations as soon as it could realize on all the securities. Cashier H. Barker said this afternoon that the national bank examiner had just arrived in Buhl and that he had no statement to give out until after consultation with that official.

WHOLESALE POISON PLOT IN BLAMED TO HARMED BRAIN

MEDINA, O., March 19.—A psychological monster that gripped the brain and warped the mind of the man, Mrs. Wise, 43, was blamed today for the Glensie wholesale poison plot. The hard-scrabble widow admitted putting arsenic in the water, inside at the Glensie home. These deaths resulted: Mrs. Sophie Hines, mother of Mrs. Wise; Fred Glensie, her husband; Lillian Glensie, her aunt. At least a dozen other relatives were made critically ill.

Here's the Way to Heal Rupture

A Miraculous Self-Home-Treatment That Anyone Can Use on Any Rupture, Large or Small.

COSTS NOTHING TO TRY.
Ruptured people all over the country are "dinned at" the almost miraculous results a simple method for rupture that is being sent free to all who write for it. This remarkable Rupture System is one of the greatest blessings ever offered to ruptured men, women and children. It is being pronounced the most "accurate" method ever discovered, and makes the use of trusses or supports unnecessary. No matter how bad the rupture, how long you have had it, or how hard to hold, no matter how many kinds of "trusses" you have worn, let nothing prevent you from getting this FREE TREATMENT. Whether you think you are past help or have a rupture as large as your fist, the reparators system will so control it, and keep it up inside as to surprise you with its magic influence. It will so help you restore the part where the rupture comes through that soon you will be as free to work at any occupation as though you had never been ruptured. You can have a free trial of this wonderful strengthening preparation by mail, send your name and address to W. A. COLLINGS, Inc., 228 College Building, Waterloo, N. Y. Send no money. Free trial is free. Write now today. It may save the wearing of a truss the rest of your life.

IDAHO STATE CHAMPION JERSEY MILKERS

Newly Compiled Report of the American Jersey Cattle Club Gives Important Facts.

Jackson Lake Storage, Acre-feet	On March 11	171,750
On same date a year ago	277,510	
For week ending March 14	7,583	
For same week a year ago	3,589	
Inflow from Sept. 1 to Mar. 11	172,320	
Outflow, same period a year ago	151,629	
Precipitation at Moran, inches	10.25	
For same week a year ago	10.24	
From Sept. 1 to Mar. 11	16.24	
For same period a year ago	8.62	

NEW YORK—Despite the fact that the tuberculosis death rate in New York City has declined 67 per cent in the last 25 years, that disease still is responsible for more than one-half of the total expense required for the relief of dependent families, according to the New York Association for Improving the Condition of the Poor.

HYDE AND SWOPE CASE (Continued from page 1)

HYDE AND SWOPE CASE (Continued from page 1)
They were observed in the Swope home during the afternoon.

In the vicera of Colonel Swope to cause death, chemists testified at the coroner's inquest. The coroner's jury returned a verdict which had in effect that anyone had been administered to Swope on the day he died, but were unable to determine whether or not it was felonious intent.

Testimony during Dr. Hyde's trial brought out that he had purchased cyanide in capsule form three times. A nurse described the giving of a capsule to Colonel Swope and the convulsions which followed. The jury found Dr. Hyde guilty of murder in the first degree and he was sentenced to life imprisonment. The Missouri circuit court then granted Hyde a new trial on a technical error. In this trial once again the juror escaped after hearing testimony for more than a month. The third trial in 1919 resulted in a disagreement. Since then several important witnesses have died. Hyde is now free. The case was continued many times because of lack of funds to prosecute and inability to get witnesses together.

Kayser - Munsing - Gordon Hosiery for Women

Kayser's Slipper Heel

We believe this the most popular hose in America; stylish; the colors up to the last minute; an all around wonderful full-fashioned hose, all colors.

\$1.69 Pair

TWIN FALLS—IDAHO

"BETTER DRY GOODS FOR LESS MONEY"

Diamond Hardware Co.

TWIN FALLS DAILY TIMES

Published Every Evening Except Sunday by the Times Publishing Company, Twin Falls, Idaho.

Entered at the Twin Falls Postoffice as Second Class Matter as a Daily Publication, April 11, 1918.

Published by arrangement with First National Picture, Inc., and Watterson R. Rothacker.

CHAPTER VII—Continued. "Yes, sir you drams," said O-mex, the half-breed, "I did indeed, but you mean, may I watch us every mile of the way; kill us if they can."

"How can they watch us?" he asked, staring into the dark, motionless void. The half-breed shrugged his broad shoulders. "The Indians know. They have their own way. They watch us. They talk the drum talk to each other. Kill us if they can."

By the afternoon of that day my pocket diary shows me that it was Tuesday, August 18th—at least, the seven drums were throbbing from various points. Sometimes they speak quickly, sometimes slowly, sometimes in obvious question and answer, one far to the east breaking out in a high staccato rattle, and being followed a few minutes by a low roll from the north. There was something indescribably nerve-racking about this constant drumming.

The yellow, sinuous form of a great puma, whisked amid the brush-wood.

"We will kill you if we can," he said, "and you will kill us if we can." "No one ever moved in that constant nature if we can and nothing of quiet nature lay in that dark curtain of vegetation, but away from behind there came over the one message of our fellow-man. 'We will kill you if we can,' said the man in the east. 'We will kill you if we can,' said the man in the north."

It was indeed a wonderful place. The river, that in the west had been a line of light-green rushes, we poked our two canoes through narrow, shallow passages, and eventually emerged into a placid and shallow stream, running clear and transparent over bed of white pebbles. It was here, in the twenty yards space, and was banded in on each side by most luxuriant forest vegetation that I had not observed that for a short distance there had lain the place of the river, and that I had seen the extent of such a stream or dreamed of the fairland beyond.

"What do you make of that?" he asked. "It is surely an Assai palm." "Exactly. It was an Assai palm which I took for my landmark." "The next morning I half a mile onward upon the other side of the river. There is no break in the trees. That is the worst part of the mystery of it. There where you see light-green rushes instead of dark-green undergrowth, there stands the great golden tree that is my private gate into the unknown. Push through, and you will understand."

(To be continued)

Daily Radio Program

Table listing radio programs for Friday, March 20. Columns include station names like WYAT, KATN, and various program titles such as 'The Great Radio Hour' and 'The Bluebird'.

NOTICE OF SALE. Notice is hereby given that the undersigned will, on the 27th day of March, 1926, at No. 315 21st Avenue East, Twin Falls, Idaho, and at 10:00 o'clock, sell to the highest bidder, well at public auction, the highest bidder for each of the following described lots...

The movement to get a large crowd out to the debate tomorrow evening at the high school auditorium deserves success. The encouragement to the students is worth while. Also, and not merely incidentally, the discussion does a lot of mental and intellectual good to the listeners. The average citizen has given more time or study to question of recognition of Russia, which is the subject of the dual debate tomorrow night, than the debaters. It is well for the men and women voters of today to get the viewpoints of those who will be the citizens of tomorrow.

TWIN FALLS AND CALDWELL HONORED

The Caldwell and Twin Falls sections are rejoicing over the fact that Swift & Co., the great packers, are to establish poultry and egg handling plants in those sections, which will be a great asset to the poultry business, which is a growing institution in those sections of the state.

The big institution will establish modern feeding plants in order to put the dressed poultry on the market in the very best of condition. Milk will be the great item of feed, which in turn will help the dairy industry.

The company in question has established a custom which will be put into practice in the plants at Caldwell and Twin Falls, of placing well fed and properly dressed poultry in individually sealed cartons with their guarantee on each sealed package, so that the buyer and the house-keeper will know that an article the best of its kind, is being offered.

The dairy and poultry industry of southern and eastern Idaho is destined to become one of the big income producers of the state.

In the Twin Falls section the company will devote its efforts largely to the encouragement of the dairy industry, although poultry will occupy a prominent place in the business program.

There is no jigger or better thing that the Idaho Falls chamber of commerce could do than get some great concern with experience and capital to come into this territory for the proper handling and b using of dairy and poultry products.

It will be a long, long time before Idaho Falls becomes a manufacturing or payroll town, if ever.

It might, however, be only a short time until every farm can be made a factory and produce a payroll that will make Idaho Falls and the whole community prosper.—Exchange.

BARRY DIBBLE IS RIGHT ON MUNICIPAL POWER PLANT FOR TWIN FALLS.

The reasoning of Barry Dibble, noted electrical engineer, in regard to the size of the plant needed when starting a municipal power system is logical and sound. He rightly points out that no more should be built than is needed and that this should be added to from time to time as required. He rightly suggests that a large and expensive plant, only partly used, eats up profits. Undoubtedly he is right in saying that power companies generally follow this policy. Nor are they alone in it. A sample of similar policy is shown in the case of the Oregon Short Line and the roundhouse on the Rogerson-Wells Road. A blue print is gotten out for a dozen pits, with further possible extensions. But the road does not need a dozen engine stalls at once. It will not need them until the traffic over a main line from Butte and other points to California points is established. But it will need two stalls as soon as the road to Contact is finished and surfaced. Hence the plan is to rush the construction of two stalls, put up two more shortly after and the rest of the 12 as required. To put up 12 when only two for engines to and from Contact are required, would be a waste of Capital. Those who say that we must build a power plant for 10,000 horse power, while dividing 5000 horse power with the Idaho Power company can be found only among those who want to scare people with the magnitude of the scheme.

COULD HARDLY DO OTHERWISE

It was to be expected that Howard Gore, temporary secretary of agriculture, would steer clear of any decision that would aggravate the grazing fee question and stir up a hornet's nest to welcome the permanent secretary, who will be William M. Jardine, formerly of Idaho. Gore was fenced in on both sides—"twixt the devil and the deep sea." First came the forest service with a reappraisal of forage values, urging a readjustment of fees—in some places a reduction would result, but chiefly increases were found desirable. Then came the stockmen, and their protests were pointed. Mr. Gore has been fortunate in finding a way out of a tight place, for he decided to leave to his "successor the decision of whether grazing fees in the national forests shall be put on a tariff with privately owned ranges." The present fees will continue until 1927, and in the intervening two years Mr. Jardine can study the problem. If Secretary Jardine is far-sighted he will advocate appointment of a commission to study the range fee question, thereby freeing himself of much worry. Stockmen want such a commission and agree to abide by its decisions, arguing it would automatically establish a definite national policy that would tend toward stabilization of the industry.

NEWS OF THE SPORT WORLD

MAT ARTISTS GIVE OUT NEW CHALLENGES

Jack Curley's Challenge That Wayne Mann Was a Third-Rate Wrestler Has Created a Flurry Among Wrestling Fans and Several New Offers Have Been Given Out.

(By HENRIK L. PARELLE)
NEW YORK, March 16.—Jack Curley's recent charge that Wayne Mann, heavyweight wrestling champion, was being used as the "head elephant" of the sport in a new wrestling trust, created a flurry among the wrestling fans.

Curley, who will be remembered named two wrestlers that would give Mann \$10,000 for a match and that would guarantee to throw him twice within 30 minutes.

He said that Mann was a poor third rate and that he was being hidden behind John Pesek, the shock-absorber of the trust. Max Bauman, manager of Pesek, is the first to come to Curley's reply to Curley and a counter challenge to most any of the ten men mentioned by Curley in his letter.

Here are some of the offers made by Bauman in a recent letter to the writer: "That Pesek is the only man willing to wrestle any one." "That he will agree to throw Jim London and Vadell, a fall each in 30 minutes on a winner-take-all basis.

"That he will agree to throw Dick Daviscourt and Vadell, five falls each in one hour." "That he will throw Joe Stecher in a three fall match and lose posted forfits in Kansas City, Omaha, St. Louis, Chicago, Boston and Wichita and has failed to get action.

"That he will throw Steve Gardiel five falls in one hour and then wrestle London, Stecher or Vadell." "That he will wrestle Mann on a winner-take-all basis and contribute any amount of money." Bauman says he is willing to post a substantial forfeit with any newspaper or bank in evidence of good faith and already has posted cash forfits in different cities for matches with Curley, which has been unable to locate.

Bauman says: "Stecher issued a challenge in Wichita and then failed to go to Wichita and sign for a match. I went there with an witness and he wanted me to post and then he grounded us by saying he wanted a \$10,000 side bet which I refused and that amount he refused to send his forfeit, and after ten days went to Wichita and he is still waiting for check for \$10,000, but would not have it certified. I demanded cash and Stecher refused to post." "Stecher has proved that he is not sincere by refusing to meet

TWIN FALLS HAS GOOD BASEBALL MATERIAL OUT

Opposing Practices of Twin Falls Have Half Squad Started Will Good Turnout.

Baseball practice started yesterday afternoon at the Twin Falls high school with about fifty male in uniform and much promising material for this year's team. Coach Peck Flaming is well pleased with the outlook for a strong team but realizes that he must develop his team from new material. Several of the boys who this evening have had more or less experience in baseball but few of them are letter men.

BERGER

Several of the friends and neighbors went to the home of Mr. and Mrs. P. F. Parrott, northwest of downtown, to celebrate their fortieth wedding anniversary. A delightful luncheon was served and enjoyed by all. Those present were: Mr. and Mrs. E. W. Brown, Mr. and Mrs. T. E. Parrott and family, Mr. and Mrs. J. B. Winfree, Mr. and Mrs. C. L. Christian, and Mrs. C. W. Brown, and many others.

Jack Curley's recent charge that Wayne Mann was a poor third rate and that he was being hidden behind John Pesek, the shock-absorber of the trust. Max Bauman, manager of Pesek, is the first to come to Curley's reply to Curley and a counter challenge to most any of the ten men mentioned by Curley in his letter.

Here are some of the offers made by Bauman in a recent letter to the writer: "That Pesek is the only man willing to wrestle any one." "That he will agree to throw Jim London and Vadell, a fall each in 30 minutes on a winner-take-all basis.

"That he will agree to throw Dick Daviscourt and Vadell, five falls each in one hour." "That he will throw Joe Stecher in a three fall match and lose posted forfits in Kansas City, Omaha, St. Louis, Chicago, Boston and Wichita and has failed to get action.

NURMI LOST RACE FROM OVEREATING

Finished Distance Runner Dropped Four Laps Before Race Was Completed At Big Trawl Meek Before Starting.

(By HENRIK L. PARELLE)
NEW YORK, March 18.—One good meal of his net did a large meal of weak food. Dave Nurmi lost his greatest triumph before a crowd of 10,000 that packed Madison Square Garden Tuesday night with the hope of watching his rival, Nurmi, run more than half a mile in front of Willie Hoits, his arch rival in the 5,000 meter race. He had gone around the track 20 times and had only four more laps to go when he staggered from the track and quit.

Physicians from the A. A. U. examined him and gave some kind of "back" diagnosis, which was very different from the one given in ordinary language he had suffered a spasm of the stomach. He was unable to leave his dressing room for more than an hour and he was forced to swallow two or three pills in which he had promised to make an effort for 4:10.

It was the first time that Nurmi had been beaten in a race from scratch since Guillemot, the French runner, beat him in the 1,500 meter race in Antwerp in 1920. "It was apparent to anyone who knew anything about running that Nurmi went several laps with a bad start," Fred W. Barker, secretary of the A. A. U. said. "It was in positive disbelief on his last three laps and it took him four minutes to get out of the race." Nurmi's race was shown when he made a new indoor record of 4:12. Hay ran 4:10 and Nurmi, 4:15. Nurmi, who has given Nurmi a great battle.

Allen Helfrich of Penn State, runner, made a new world's record in the six hundred yards when he ran the distance in 1:13.3.

The families of A. A. Parrott, O. E. Parrott, P. C. Christian and Fred Stone.

Mr. E. Lathrop was hostess to the Loyal Neighbors club Friday with full service, dinner refreshments were served after the regular club business and a general good time was had. The next meeting will be at the home of Mrs. George L. McCrean Friday evening, March 20th and the ladies will entertain their husbands and families.

Mr. and Mrs. Ben Parrott visited at the home of Max Smith, guest of Berzer Sunday.

Miss Christine Pond, county superintendent of schools, was a visitor at the Berzer schools Monday.

BUHL GIRLS MAY PLAY SHELLEY FOR STATE HOOP TITLE

High Is Willing to Meet Shelley Girls Team If the Latter Can Establish Their Standing in State Hoop Circles.

Buhl, March 19.—The protest of the Shelley high school girls' team to Buhl's claim to the state championship in girls' basketball is causing considerable comment in Buhl, and there is much speculation as to whether Buhl shall play them or not.

Immediately prior to the Buhl-Parma game, Supr. M. M. Van Patten wrote numerous letters to that section of the state to learn if there was a district championship girls' team. The president of the board of control, that section wrote that it knew of none, our old the other school men heard from recognize any claim by any other school.

Stecher's games were played with immediate neighbors, whereas the Buhl players met and defeated recognized sub-district champions, district champions, and they took the inter-district contest from Parma, Parma was the only team which more than doubled the score against opponents.

A telegram from Withouta, N. Lips of Wallace, Idaho, state chairman of women's basketball, to H. W. Barry, the Buhl coach, Wednesday, declared that the Buhl girls' state champions.

The state chairman had previously sent out questionnaires to all girls' basketball coaches, which were to be filled out and returned to include schedules and scores of games.

Stecher issued a challenge in Wichita and then failed to go to Wichita and sign for a match. I went there with an witness and he wanted me to post and then he grounded us by saying he wanted a \$10,000 side bet which I refused and that amount he refused to send his forfeit, and after ten days went to Wichita and he is still waiting for check for \$10,000, but would not have it certified. I demanded cash and Stecher refused to post.

Stecher has proved that he is not sincere by refusing to meet

science played. It was from these people that the state chairman declared Buhl state champions.

However, the Buhl team is willing to play Shelley, provided they are recognized in their district as the district champions. Buhl is willing to meet them at Buhl, on any other regulation size court.

But for this week attention at Buhl is centered on the Althon Normal-Buhl game here on Friday night.

CALDWELL, Idaho, March 19.—Shelley's jumper made have on Tuesday afternoon objection to Buhl's claims to the state basketball championship, in a telegram received by J. J. Rice, secretary of the state board of control of inter-school athletics, Tuesday morning from J. M. Wilkins, superintendent of the division that all this week with the Buhl hoops.

Stecher's high school protest statement made by you in yesterday's Statesman concerning Buhl girls' right to claim state championship in basketball. Shelley girls have won ten out of 11 games, our victories have been decisive.

We demand a series be arranged to determine championship or so championship right to it with Buhl. Shelley may get proper recognition.

Mr. Rice replied that he should take an official check of the girls' basketball series and that his statement in the Sunday Statesman was a news report with an official significance. He also suggested that a series could be arranged with Buhl and that he had written to M. M. Van Patten, Buhl superintendent, concerning the matter.

Buhl, by defeating Wendell in a district tournament and then sweeping Parma, laid claim to the state championship. Shelley has also made an impressive record and there is a possibility of a post-season game between the two schools to decide beyond all chance of dispute.

The New Orleans—In honor of St. Patrick's day, Manager Joe Peck, of the Bowling Green, is planning to hold a practice early in the week.

ST. PETERSBURG, Fla.—Thomas Madden, manager of the Bowling Green, is planning to hold a practice early in the week.

— to regain Strength

EVERY man, woman and child wants to have strength and correct weight. It comes from the blood. To be minus strength and underweight often proves loss fighting power in the body. It often proves you are minus nerve-power, minus red cells in your blood, minus health, minus vitality, and you are minus a plus in their strength. Your body fills to the point of power, your back becomes firm, your eyes clear, that come from thinness disappear, and you feel like a new man.

OUR BOARDING HOUSE—By Athern

FLAPPER FANNY says

The first broadcaster was the first woman who kissed and told.

TOM SIMS SAYS

Spring is the mating season. The birds mate. But they don't have any house rent or grocery bills.

At last women are becoming men's equals. Here and there you find one who really doesn't want to marry.

Women are nice people. But they sometimes refuse to marry with you in all the things about which you are infatuated.

Many single men think they can enjoy life more with their present habits than they could with a wife.

Trying to keep two people from marrying results in a married couple for eternity.

The female of the spring cleaners isn't as deadly as the male.

Spring fever makes you feel as if you have forgotten something.

Even if women do have more sense than men you never see a man with high heels on his feet.

The more you talk the less it counts.

A man is a person who thinks being late for his meals is no trouble.

The first sign of summer is when you wish it was winter again.

A lady's idea of heaven is a place where it is against the law for her father to die.

1000 BIRD HOUSES OR HOUSES OR CITY PLAN

Movement Starts to Create Interest in Wild Life Under General Supervision of Scout Executive Hawley, Who Has Just Won National Gold Medal; Mr. Bloom Has First Class of 40 Scouts; Prizes to Be Offered in All Grades in Schools.

One thousand bird houses in Twin Falls with nesting birds in the plant of an organization now under and pushed by Mrs. E. D. Bloom and Mrs. S. Douglas Hawley, under the general supervision of District Scoutmaster Hawley, who has just received one of the two gold medals awarded this year by the national organization of the Boy Scouts of America for the preservation of wild life.

The national organization of the Boy Scouts of America has just awarded the two gold medals awarded this year by the national organization of the Boy Scouts of America for the preservation of wild life.

Mr. Douglas Hawley, Scout Executive of the Snake River district, has been awarded the Gold Honor Badge for his splendid efforts in the preservation of wild life in Idaho and neighboring states.

Mr. Bloom has devoted several years to this noble cause, acting as a volunteer game warden and participating in large areas during two months of the summer.

He was largely instrumental in the creation of an immense preserve, Nevada alone, and has conducted a private investigation and study in this area. He has befriended the beaver by surveying conditions in six streams in two counties and making suggestions to the government that have been acted upon, so that his efforts reduced the untimely killing of deer in two counties by 75 per cent; the mountain sheep which he helped in the fight for life by his efforts to prevent killing out of season.

Mr. Hawley has also persuaded the owner of a large area of water to make it a wild fowl preserve, and in the neighboring territory inspired by him, has planted 100 shade trees and taken action to destroy the land birds' nests.

Also, under his leadership, planted wild rice and other aquatic plants, wild fowl feeding grounds in other places, besides helping them by means of seines to hold certain species and supervise for their bird study merit badge. Through lectures, book lectures, newspaper articles, and other means, he has done much to inspire in the boys of his council area an interest in the preservation of the protection of bird and animal life.

Scouts in camp have, under his direction, focused an area forest fire, and studied in conservation classes. In many other ways, in every way, Mr. Hawley has been a good scout to the wild life of his native state, and we congratulate him on this well-earned recognition.

Not advertising will be run in the annual and the students will stand in line for the purchase of certain annuals. Some of the business men have been given an opportunity to purchase a certain number of these annuals to send out as a means of advertising the town and to give any more business or professional men to place orders for the annuals must do so before 5 o'clock, Friday afternoon.

FREE LECTURE On Christian Science, in Evening Theatre, Friday eve, March 20.

City Briefs

Called by Death—L. Cloe has gone to Bethlehem, Wash., to attend the funeral of a sister.

Back in Los Angeles—Theodore Gray has returned from Angeles after a visit with his brother, H. C. Gray.

Small Pastor Resigns—Rev. H. G. Finley of the Knoll Baptist church has resigned and will be replaced in Twin Falls for a short period.

Go to Home—Mrs. Frank Schaefer of Idaho and Paul Finley of Twin Falls county hospital last evening.

Display of Noxious Wives—A display of noxious wives on the Twin Falls tract has been arranged by Inspector Ed. Larson and will be shown in the window of the Fisher Drug company. The wives are dumpy, fat and look rather repulsive, if dangerous.

BattleShip Gray Is Color—BattleShip Gray is the final color of the Blue Underhanging parties at the Menon at the water ground. The Menon ground are pulled in the same place. The "gray" party is the appearance and look rather repulsive, if dangerous.

Class Visits Telephone—Coach Phelan took his general science class to visit the telephone exchange in downtown. The young people enjoyed the visit and were interested in the intricacies of the telephone.

Grand Army Conference—Colonel C. L. Longley, Idaho department commander of the Grand Army of the Republic will be here Saturday to meet with the committee of the G. A. R. and the Ladies Aid to consider plans for the annual conference beginning here June 10 to a three day session.

Presented to Scouts—The Woodmen of the World presented a large United States flag and staff to the Boy Scout troop for which it is known. The troop, under the leadership of W. W. Prantz, had 14 members present. The scout pledge was read by the troop.

Person has brought suit for \$1275, alleged to be due on a building claim for 16 feet for claim for fuel and 175 for building fee. Plaintiff, W. H. Kinsey, vs. W. E. Passer, defendant. Plaintiff claims that the defendant has been using the building for a long time without paying the fuel and building fees.

Grain Growers' Union—Thirty growers are in session at the office of County Agent R. E. Hubbard, listening to the lecture by R. E. Stouffer, university extension expert. The matter of organization will be taken up later.

Funeral on Saturday—The funeral of David Roy Bjornness will be held at the Blue Underhanging parties at the Menon at the water ground.

J. A. WATKINS TO PLANT PARK AT AMERICAN FALLS

J. A. Watkins, the well known horticulturist, has just awarded the contract for preparing the plans for the new park in the center of the town of American Falls and in the parking and planting trees there. The work will start about April 1. He will plant and set the ground and the trees and shrubs and will stock of commercial trees.

The contract is for the sum of \$5000. In addition to this he will carry a full line of ornamental trees and shrubs and a limited stock of commercial trees.

Johnston Case Reinstated—The case of J. A. Johnston against Peter B. Johnston for separate maintenance dissolved some time ago was reinstated by the district court and the divorce action of Mr. Johnston, which was to have been resumed by the court, is now announced. The settlement was ultimately constructed and both sides are satisfied.

General Held—The funeral of Yonah J. Adkins was held at the Methodist church at 10 o'clock Monday and 10 o'clock Tuesday.

Twin Falls Honored—Mrs. S. Watkins of this city was honored last evening by the Grand Army of the Republic in the dining room of the hotel. She was the guest of honor at the dinner.

SURVEYS FOR NEW TRACKS AT DEPOT ARE ABOUT DONE

Surveying crews are finishing running lines for extra tracks north of the Twin Falls depot. The work is being done by the construction of the Regener-Veils railroad, and it is understood that the work will be completed by the end of the month. The surveying crews are working on the tracks and are about to start laying the rails.

CLASSIFIED ADVERTISEMENTS
Received too Late for Classification

WANTED—Housekeeper, on farm, uncombined lady preferred. Wm. E. Chambers, 212, 2nd, Idaho Falls.
