NEWS OF THE SPORT WORLD

YANKS MUST GET ON TOES TO WIN FLAG

Sensors Pull A Spirited Rally and Score Five Runs and Won the Game; Yankees Seem to Think They Have a Cinch on the Pennant; Giants Beat the Braves 8 to 1; Cincinnati Takes Third Straight Game from Cardinals.

By HENRY L. FAIRLEIGH.
 NEW YORK, April 17.—New York must win the American League pennant for the rest of the season. The easy-going spirit of the Yankees rather than any particular weakness in mechanical equipment is the fault that seems to be the handicap of the Yanks. It lost the pennant last year and it cannot have any other effect this season.

The difference between a championship team and a runner-up is the difference between the Washington Senators and the Yankees who have won the pennant with a 5 to 2 lead over the champions. The Yanks started a brilliant season and moved over near the exit from the bench.

Senators Hit and Win.
 In ten minutes the game had been down right out from under them. The Senators took a 5 to 2 lead over the Yankees and won the ball game. The Yanks seem to have everything but the stuff of which championship teams are made.

They take too much for granted. They are too sure of themselves. They are the best team in the American League and that the Senators are only a few games behind.

The Yanks are a stronger team on the field than they are in the clubhouse. They are a stronger team on the field than they are in the clubhouse. They are a stronger team on the field than they are in the clubhouse.

Yanks Have Great Catcher.
 Steve O'Neil was today's best pitcher. He was picked up by the Yanks only because he had a high school ball pitcher, whom he is playing in the major leagues. He is a catcher in the league when he was with the Cleveland Indians.

Shocker Takes Pitching Staff.
 Shocker, of course, has a reputation of being the best pitcher in the league. It is a pity that he was knocked out of the game when he pitched today. He was picked up by the Yanks only because he had a high school ball pitcher, whom he is playing in the major leagues.

Eden Wins Ball Game With Relief.
 Eden high school crowd bats will be the first team to win the home ground Wednesday evening. O'Neill was picked for Eden early in the game and pitched for the Yanks. The Senators pitched for Eden the last half and the score was tied in the ninth inning. At the close of the tenth inning the score was 11 to 10 in favor of Eden. This is the second game Eden has won this year. They have won from Hansen and lost one game to Hansen and lost one to Kimberly.

American Falls Busy Preparing for Celebration.
 AMERICAN FALLS, Idaho, April 16.—A committee headed by W. G. Hodge, president of the American Falls Chamber of Commerce, has been organized to prepare a program for the centennial celebration of the city. The committee will meet on July 1, at American Falls, to discuss the details of the celebration.

YESTERDAY'S HOME RUN.
 Harriet, Cal., 2—2.
 Gould, Ind., 2—2.
 Wright, Fla., 2—2.
 Myatt, Ind., 2—2.
 With, Ind., 2—2.
 Rommel, Ind., 1—1.
 Holke, Pa., 1—1.

Washington at New York, clear, 2 to 30.
 Boston at Philadelphia, clear, 2 p. m.
 Chicago at Detroit, hazy, 2 p. m.
 Cleveland at St. Louis, rain, 4 p. m.

He's Promising Fighter

Jim Maloney, crack Boston heavyweight fighter, who broke into the ring with a record of 10 wins and 10 losses. He is now a contender for the world title.

HANSEN DEFEATS EDEN HIGH BY 21 TO 5 SCORE

(Special to The Times)
 EDEN, Idaho, April 17.—Hansen took the home ground at 4:00 p. m. Eden's lineup was Clayborn, Summers, Lawhorn, Hensley, Gump, Averitt, Jack, Chalmers, Hoffman and Vincent. The first inning Eden made two runs and Hansen scored for himself. The first run was scored by Hansen. The second run was scored by Hansen. The third inning Eden failed to score and Hansen scored two runs. The fourth inning Eden scored one run. The fifth inning Eden scored one run. The sixth inning Eden scored one run. The seventh inning Eden scored one run. The eighth inning Eden scored one run. The ninth inning Eden scored one run. The tenth inning Eden scored one run. The final score was 21 to 5 in Hansen's favor.

Watching the Scoreboard

Yesterday's hero: Eddie Hummel led the best box carvelers after his first inning and hit a homer with two runners on base, helping the Athletics win their third straight game, 7 to 3.

Hard hitting off the line. Brooklyn pitchers enabled the Phils. to win their first game of the season, 8 to 1.

Three runs scored in the ninth inning with two down gave the White Sox a 4 to 2 victory over the Athletics.

Grove, Quinn, Wambert and Pitcher, Groves and Cochran.

Two runs scored by Glenn Myatt, star catcher, enabled Cleveland to beat the Browns, 2 to 1. Myatt's homer in the ninth clinched the game.

BASEBALL GAMES TODAY.
 National.
 New York at Boston, 2:15 p. m.
 Pittsburgh at Chicago, rain, 3 p. m.
 St. Louis at Cincinnati, cloudy, 3 p. m.
 Only games.

BUHL LOSES BALL GAME TO TWIN FALLS

Past Game Between West Enders and Twin Falls Shows That Buhls Are Superior Team; Hans, Haggis, By, Teneba Add to Scores.

The final score in the baseball game yesterday between Buhl and Twin Falls was 8 to 2 in favor of the locals. Three run-outs were planned with the story of the first three innings of the game as told yesterday afternoon through the columns of this paper. The day the game was played, it was a good game, but the fact that Buhl had fought all the way through, Buhl had a good team but last yesterday's game was too hot to conclude that the locals are better.

One of the sensations of the game was the hit by Eddie Hummel. He hit a long three base clear over center field and scored two men, Captain Ed. Hansen and Jim Maloney. Hummel hit a tight ball in the fourth inning which he passed to H. Heston. The ball was hit to the left and hit into the hands of the catcher, who threw it to the pitcher, who threw it to the batter on the base, who was out. The pitcher, who was out, was out. The pitcher, who was out, was out.

Alexander pitched a good game for the visitors up to the fourth inning, when he was relieved by W. P. Pender and Mullin took first. Pender's strike was the only one for several innings but in the eighth they were Pender fanned six and Alexander had four strikeouts to his credit.

Babe Ruth Operated on for Abscess but Condition is O. K.

NEW YORK, April 17.—Babe Ruth was operated on this morning at St. Vincent's hospital for an abscess. An official bulletin was issued at the hospital, but it was understood that the operation was a success.

VETERAN MAKES FIRST DONATION

Idaho Veteran Contributes First \$500 to Veterans' Memorial Fund for Disabled Veterans; More Than 35,000 Veterans Orphans in U. S.

BOISE, Idaho, April 17.—Mr. and Mrs. Arthur Story, of Boise, are the first Idaho contributors to the American Legion national Endowment Fund for Disabled Veterans and War Orphans.

Story is a disabled veteran himself, according to Lester E. Albert, executive of the Idaho department of the Legion. He and his wife, Bessie, helped raise \$500 for the fund. His wife winning a citation from the government.

The initial contribution was for five dollars. With it was a auto which had been donated to the fund. The fund is for the benefit of disabled veterans and war orphans.

U.S. TEACHERS SALARIES GIVEN

WASHINGTON, D. C., April 17.—The first time a survey of teachers' salaries over the United States in all grades of cities and schools has been conducted and the results made available in the school year in which they are paid.

The National Education Association announced a series of tabulations covering the pay given to teachers in the year 1924-25. The survey was published at the headquarters of the organization here, lists each school of teachers by state, and gives the maximum and average annual salaries in each.

The salaries paid to elementary or common school teachers in all sections of the nation, are perhaps the most striking. The average for the country is \$1,182. The average for teachers in the two-teacher country schools is \$1,182. The average for the elementary teachers in cities of more than 100,000 population is \$1,418.

Between these two extremes are the other elementary classes: cities of from 25,000 to 100,000, \$1,252; from 10,000 to 25,000, \$1,252; from 5,000 to 10,000, \$1,252; from 2,500 to 5,000, \$1,252; consolidated rural schools, \$985; schools with three or more teachers in the country, \$864; same type schools in villages and towns, \$1,114.

High school teachers average from \$1,977 to \$2,536 a year. The smaller high schools pay more, the larger cities pay more than the small, in a ratio similar to those of the elementary classes of teachers. The average for the class is between \$1,600 and \$2,000 a year. Common school teachers, who conduct ungraded classes, open-set classes, health courses and courses for the normal pupils, average from \$290 to \$430 more a year than elementary teachers, because of their special training. The average for this class was from \$1,423 in small cities to \$1,818 in the largest cities.

Mother Takes Arsenic While Waiting Trial

GARY, Ind., April 17.—Mrs. Anna Cunningham, 52, charged with murder in connection with the death of her husband and four children, today collapsed under a dose of arsenic in the Crown Point Jail. Physicians were ordered to examine her to determine whether she had swallowed arsenic.

Arrangements on the murder charges were postponed pending the medical examination of the woman.

When Mrs. Cunningham was searched in the Crown Point Jail, a small box of arsenic was found in her purse. Police want to determine whether her condition is due to poisoning.

Tom Sims says: A woman may go to church, to a party, to a dance, to a party to hear what she can hear.

Lightning struck a movie house in Kansas City, perhaps because it read the posters out front.

A New Jersey woman who had her husband 60 years should write a book, if she isn't too busy.

The way they trip the light fantastic now it looks as if they really are tripping.

BUILDING ACTIVITIES SHOW BIG INCREASE FOR FIRST QUARTER 1926

Building activities throughout the country are increasing in volume as the national building survey of the year advances, according to the report of the National Building Congress, S. W. Strass, president, today announced. The survey covers 250 cities and towns. A total of \$1,000,000,000 worth of work was authorized in the country for the first three months of the year.

There was a 25 per cent increase in the volume of building work in the first quarter of 1926 over the first quarter of 1925. This increase was 10 per cent in Philadelphia's 22 cities.

Table showing building activities for 25 cities in the first quarter of 1926, listing city names and dollar amounts.

Early Glazed Windows. It is said that in the reign of Henry II of England a few ecclesiastical buildings were glazed with sugar.

An advertisement worth looking over is never overlooked in this newspaper.

Sale and Decree of Foreclosure issued out of the District Court of the State of Idaho, in and for the County of Idaho, in the matter of the State of Idaho, Plaintiff, vs. the County of Idaho, Defendant.

According to Section 1048, Idaho School Law, if this day set, said Friday, May 1st, at Arbor Day, it shall be the duty of the authorities of every public school in the State to assemble the pupils in their charge on that day in the school building, or elsewhere as they may deem proper and to provide for and conduct such exercises as they may deem best to encourage the planting, protection and preservation of trees and shrubs and an acquaintance with the best methods to be adopted to accomplish such results.

PROCLAMATION OF ELECTION WHEREAS, it appears from a canvass of the votes cast at the GENERAL MUNICIPAL ELECTION held April 7th, 1926, that the required number of commissioners, to wit, two, were not elected under the provisions of Chapter 373, Idaho Compiled Statutes; and that under such provisions one Commissioner only was elected; and that by reason thereof it becomes necessary to hold a second election for the election of one Commissioner under the provisions of said chapter:

AND WHEREAS, it further appears that S. B. All and T. J. Douglas recently the highest number of votes cast for said office and are by virtue thereof entitled to be the only candidates at such election:

NOW THEREFORE, I, Shad L. Hodgkin, Mayor of the City of Twin Falls, Idaho, do hereby call a second election to be held on TUESDAY the 27th day of April, 1926, at which votes may be cast to fill the following offices: COMMISSIONER OF THE CITY.

The polls will be open at nine o'clock in the morning and will remain open until seven o'clock in the evening of the same day.

day. Write for details. Vernon Co., 1826
N. 18th St., Philadelphia, Pa.

The best way to mind your own busi-
ness is to tell others about it—
through the newspaper.

Calves Should Be Given
Liberal Feed of Grain
Unless the cows in the herd are ex-
ceptional milkers, calves intended for
fat yearlings should be started on
corn, hay, molasses, barley, wheat or oats.
When from four to six weeks old,
nothing so stimulates the growth and
early maturity as milk fresh from the
dam, but in all cases calves should be
fed the best milk available for at least
one month before weaning time.
Every effort should be made to get
the calves through the weaning period
without loss of body fat.
The grain ration should be increased so
as to permit as little change in their
rate of growth and fattening as pos-
sible.

Some feeders build "creeps" in the
pastures or lots so that the calves can
get their grain without disturbance
by the cows. Creeps consist of small
pens with openings which permit only
the calves to enter these pens, and
may have rollers on each side to pre-
vent braining the calves.

Live Stock Hints
Did you ever wear a collar that
didn't fit? Well, a horse or mule is
worse off yet with a collar too large
or too small.

Calves may be raised on a very
small amount of grain and very little
hay, but a liberal ration of grain and a
leguminous hay.

Which did you bring home from the
country fair—pork or experience?
Neither one will help you to
improve your outfit for next year.

Protect your animals from the cold.
This will make them more comfort-
able, and will save you feed.

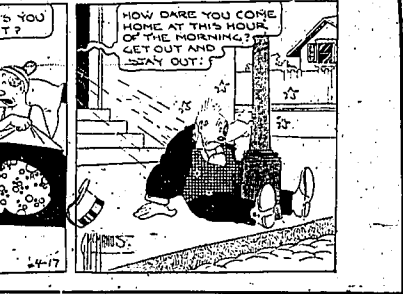

Be sure the hay is free—free from
cold rains. Shelter your own feed
and make the wool pit better.

It requires feed to carry sheep
through the winter, if the best re-
turns in wool and lambs are to be
made. Begin feeding the ewes and
lambs time and feed them until
pasture is good.

It might be well to make arrange-
ments to feed your ewes at least 275
pounds or more from their weaning
through the winter. This can be done
by giving them a liberal ration of
wheat in walking back and forth be-
tween feeding floor and hay house.

If you want a progressive news-
paper get The Times.

BY GEORGE N'MANUS

DAILY MARKET REPORTS

Grain Took Sharp Advance on Board of Trade Today

CHICAGO, April 17.—All grain
advanced sharply on an extremely
active market at the board of trade
here today.
There was a complete reversal in
what from drastic declines of yester-
day under foreign export, reduction
of the foreign movement from
Argentina and private bullion, crop
estimates.
Exports totaled around 600,000
bushels, two million bushels more
and a considerable quantity of Can-
adian flax.
Strong commission houses bought
corn when the leading cereal also
strengthened.
Oats went up with other grains
and Canadian exports.
Perishable selling by leading pack-
ers weakened provisions list.

TEMPERANCE WORK TOLD BY DR. DRAKE

President of the W. O. T. U. Makes Interesting Address to Representative Crowd at Methodist Church Last Night; Delightful Musical Number a Feature.

The history, present condition and future plans of the Women's Christian Temperance Union were clearly and eloquently set forth in a representative address last evening at the Methodist church in this city by Dr. Emma C. Drake, state president. The meeting was presided over by Mrs. C. Palmer, Twin Falls county president. A delightful instrumental music number was given by Miss Florian Hower of Herrick, Ill., who is here the guest of her uncle, W. Montooth.

Judge Lee Gives Non-Suit in the Case of Caldwell

Application for non-suit in the case of Caldwell against the Salmon River Canal company for alleged damage to the extent of \$15,000 to crops for non-delivery of water was granted this morning by Judge T. Bailey Lee, after the case had been argued and the witness examined. Last evening Judge James D. Holtwell moved non-suit on the ground that the witnesses the testimony did not show any contract for any water delivery by the canal.

PROGRAM FOR UNVEILING IS GIVEN PUBLIC

Ceremonies for Unveiling Connected with Presentation of Memorial to Daughters of American Revolution to Miss W. Wade Nephew. Mrs. A. B. Drake, state president of the D. A. R., presided at the unveiling of the memorial to Miss W. Wade Nephew, which was unveiled last night at the court house grounds, which will take place Sunday afternoon at the court house grounds, which will take place Sunday afternoon at the court house grounds.

The following is the program in brief: Jack Thorpe, band leader. Address by Rev. H. G. Humphrey. Address by Rev. A. G. Pearson. Invocation by Mrs. Kennedy. Presentation of the memorial by Miss W. Wade Nephew. Music by the band.

BEAN GRADING PROCEEDS FOR GREAT NORTHERN

Progress Made Toward Reaching Standard for Idaho and Montana Tolerance, Night Session Considered Meeting Here.

Negotiations are still in progress between Idaho growers of the Twin Falls tract and Montana growers of Great Northern beans with a view of establishing United States grades, and while the agreement has not been reached a relative progress has been made and an early adjustment which will leave the greater part of the crop here within the No. 1 variety is expected. The Idaho beans are the best in the world and the struggle here is to keep the standard as high as possible, in fairness to all growers. The committee for Twin Falls is meeting at the Kinney Wholesale company warehouse office to invite in a number of growers to participate. The committee members are John Kinney, J. T. Blake, C. B. Munson, E. L. Ericson, O. J. Childs and C. P. Howles.

All members of the committee except Mr. Childs attended the meeting. Others present, according to minutes of the meeting were Olan, John Kinney, J. T. Blake, C. B. Munson, E. L. Ericson, O. J. Childs and C. P. Howles. The committee members are John Kinney, J. T. Blake, C. B. Munson, E. L. Ericson, O. J. Childs and C. P. Howles.

Seven hundred and thirty-two cars of beans which about 150 were from the garden variety went through the scales on April 17, from the Twin Falls tract. The total tonnage was 45,800 tons, an increase of 5000 cars over the 40,800 tons of the previous year.

Idaho wants to modify the tolerance factor for No. 1 grade, meeting yesterday and last night. The Idaho growers have agreed to the Montana proposal to admit 'well-grown' otherwise satisfactory, as No. 1 grade.

6-Foot Beauty

Ernest Linnekin, Austrian painter discovered in Bismarck, S. D., who most beautiful beauty in the world now here, returned here and there married her. She was visiting in Corvallis, Calif. She is 6 feet tall.

The tolerance factor limits the percentage of broken, stained or dirty beans or beans of another variety, together with sticks, stones and other foreign material. Idaho offered a new proposal for No. 1 grade to provide for a 3 per cent tolerance with allowance of one-tenth per cent for foreign material. Montana's compromise proposal was for 4 per cent tolerance with 1 per cent allowance for foreign material.

Idaho declined to modify its original proposal for No. 3 grade, which provided for 5 per cent tolerance with 1 per cent foreign material. Final decision as to the grade factors is to be reached as a result of agreement between growers and dealers of Idaho and Montana, the two principal regions producing Great Northern beans, an representatives of the United States department of agriculture who conducted the hearings on the proposed grades here and at Billings.

There are many more that are double, says Nature Magazine. That is, they are made up of stars revolving around one another. Most of these pairs are of contrasting colors, one blue and the other gold, or one red and the other green. All these are considered to be one of the finest of the pairs that are visible in small telescopes.

FERTILIZATION OF ALFALFAS TO BE TESTED

County Agent Arranges to Try Value of Different Fertilizers and Combinations in Experiments to Increase Yield at Reasonable Cost.

Extensive tests of fertilization of alfalfa will be made during a period of three years and determines the cost of various sorts and combinations of fertilizers as well as their effect on the soil have been arranged by County Agent J. E. Brodbeck. There are six farms selected for the tests. Of these the Henry Schick, R. D. Peeler, L. W. Loveland, H. Aldrich and F. O. Johnson farms are at Castleford; the J. W. McInnis farm at Pavey; and the J. E. McClain and Bert Johnson farms are at Twin Falls. There are seven kinds and combinations of fertilizer including gypsum, potash, phosphate, barnyard manure and combinations of these. Each kind or combination (taken) consists of one acre, so that the total testing ground on each farm is approximately 42 acres.

WAR MOTHERS ASKED TO MEET

War Mothers and Gold Star Mothers and American Legion Auxiliary Invited to Attend Dedication.

The Daughters of the American Revolution invited the War Mothers and the Gold Star Mothers and the American Legion Auxiliary everywhere in the county to be present at the dedication of the Soldiers Memorial building at 2:30 on the court house lawn. It is hoped that members of the above organization will join this announcement and accept the invitation.

Only One 'Gold Mine in the U. S. National Parks

WASHINGTON, D. C., April 17.—Thousands of summer tourists continue to pass over the trail of Glacier National Park, a national park of the fact that a 'gold mine' is working daily in the mountains before their eyes. The gold mine is the mountain. The gold mine is the mountain. The gold mine is the mountain.

Back from Ogden—G. R. Bryant and daughter, Miss Grace Bryant, returned yesterday from Ogden, Utah. They visited with the Paul Bryant family. Dr. James C. Bryant accompanied the Bryants on a combined business and pleasure trip.

More Men Wanted—Demand for 15 more men for the steel gang near Hagerman was received today by the manager of contractors. Since the gang was limited to 15 men, who happened to apply for work could be engaged. Five were thus secured. The more are wanted at once.

are being held in the Washington school today and tomorrow. Boy Scouts—The Boy Scouts will meet in front of the court house in a meeting to discuss the unravelling of the Daughters of the Revolution memorial. Go on to Lovell—Mr. and Mrs. Kenneth Beach, who attended the Boise celebration yesterday, went to Lovell for a visit. Lovell's Bank—The boy scouts bank members came back on the stage at 8:30 this afternoon covered with mud but not putting on any extra extra because of their participation in the great parade and celebration. Boise yesterday.

Impatient

'Temp'—'You come' would you mind hurrying up my case a little? It's nearly twelve o'clock and if I'm going to go to jail I'd like to get there in time for dinner.
