GRANGE NEWS BY COUNTY REPORTER

Twin Falls County Pomona Raps Gooding, Smith and Legislators Will Carry Fight to Mercurials.

The following resolution passed unanimously by the Pomona grange in session at Lucerne school house, Saturday, April 17, leave no doubt in the minds of those persons who were interested to safeguard the interests of rural Idaho as to the feeling the grange have for them. That these legislators especially, Lovell and Senator Gooding and Representative Smith should so wantonly and basely betray the agricultural interests of the state, pass their resolutions. May the present attitude be kept alive against their time come seeking other favors, is the ardent wish of the datymen. The resolution follows:

Whereas, Distinct is one of the most important and one of the very few agricultural industries that are yielding reasonable profits to the United States; and

Whereas, This industry is seriously menaced by the increasing production and consumption of substitutes for butter, made from domestic and other foreign substitutes; therefore,

Be it resolved, by the Twin Falls county Pomona grange, in session April 17, 1926, that we hereby express our disapproval of the action of the Idaho state legislature in passing a law that would place a tax upon dealers in those substitutes that are being sold in competition with butter; and that we express our disapproval of those newspapers that supported the aforementioned interests in their fight to carry this bill which was asked by every farm and dairy association in Idaho; and that we disapprove of merchants who get their trade from the citizens of Idaho, offering these foreign substitutes for butter for sale in our best interests in helping the farmers and datymen of this county and state by refraining from buying from manufacturers and wholesalers these substitutes for butter and offering them for sale to the people of Twin Falls county and Idaho in return for their patronage.

Be it further resolved, that we urge the merchants of Twin Falls county and Idaho to refrain from selling and urging their customers to buy any substitutes for farm products, including substitutes for farm products.

possible the products of Idaho farms, dairies, orchards and factories' to the exclusion of such products produced, grown or manufactured outside of Idaho, and

Be it further resolved, that we condemn as positively unbecomingly and absolutely detrimental to the best interests of Idaho, the newspapers, the legislators and those citizens who opposed house bill No. 210 which would have passed a tax on lighters and manufacturers of oleo-margarine, and that those results should be given to the press with a request that they be given wide publicity.

Eight Granges Report.
 The meeting was held to order at 11:20 by Master Chambers and reports of the various granges were given, showing a substantial growth since the first of the year. Of the ten granges in the county eight were represented. Refreshments were taken for lunch and a splendid feast

was spread and enjoyed by about 25 persons, including children, who were present.

The literary program, included community singing, a vocal solo by Mrs. Todd and Lyle Winans, vocal solo by H. H. Kistner, reading by Mrs. Feibler, a piano, and violin duo by Mrs. Owenber, a short talk by Mrs. Kistner, a song demonstrator and an address by State Master W. W. Dent. Brother Dent accorded these members of the "Legislators" who refused to pass any bills that would be of benefit to the people at large. After hearing his address many members of the "Legislators" wondered if it would not be safer to pay the legislators and have them stay at home.

A count of the sparrows killed by the various granges showed the three granges, Castelford, Fairview and Lucerne, Northview and Cedar Draw together killed 4118, making a total of 9778 figured on a 6700 population membership basis the last three named won they have killed six average of 15 per member, while the losers killed 17.5 per member. The winners will be the guests of the losers at the next Pomona in July. A comparison of the numbers killed by each grange is interesting and shows that Castelford killed 493 per member, Fairview 354, Lucerne 268, Northview 243, Cedar Draw, 143 and Deep Creek 37. It was not stated whether or not this showed the relative sparrow population in each district.

A report of the short course showed \$225 expense on application by the chairman from the business houses for ads in the programs, leaving a net expense to T. S. Nicholson of Marsa of \$17.50 some interesting facts and figures concerning the Clear Lake Power law was adopted by the Pomona grange and a committee was appointed of Gustave Kuzak, Frank the

work must be done or a certain amount of money in May, 1926, to hold the office. A committee of Messrs. Newberry, Bonner and Nicholas was appointed to ascertain what could be done.

On motion of Mr. Cobb a committee was appointed composed of Cobb, Nicholson and Miller to cooperate with the bean growers in establishing grades for beans.

Seven candidates were given the obligation by Master Chambers and became members of Pomona grange. The executive committee was named and a committee on arrangements for the annual picnic to be held some time this summer.

After meeting Castelford at the next meeting place, grange adjourned until July 17, having completed the labors of one of the most interesting meetings held since its organization. The Bull grange should be in running order before this is printed. Complete organization and put the grange on its feet.

Seven reports five initiations and seven applications at their meeting April 13. They had a interesting discussion of bean grading and good roads. They are to have a box social at their next meeting, April 24. They also plan to have Mrs. Walter Johnson put on an entertainment early in May.

Ever think about Your Brakes?

You use them a hundred times a day. That means you use them ten thousand times to about three months. If they failed you just once—once in ten thousand times—it might mean accident, expense, yes, even death.

Let us look your brakes over. If they need adjusting we will attend to the matter. If they need re-lining we will put in Johns-Manville asbestos Brake Lining, the best, safest, longest-lasting lining for automobile brakes.

MAGIC CITY WINS FAST TRACK MEET

Twin Falls Gets 12 to 15 Firsts and Has Two Men Each with Total Points Exceeding Combined Points of Nearest Rival Town; Other Teams Do Fine Work.

The Twin Falls team won high honors at the track meet yesterday, getting 12 to 15 firsts, having within its membership sixteen firsts, of which it had 27, or eight and a half more than the total score of the second highest team. Pler got three firsts, the 800 yards, 1000 yards, the 1000 yard dash, won by Smith and the pole vault for which Moore and Patten of the Fair town led.

Smith was high man for Jerome, getting 11 of the 1456 points, C. Toome was the best for Gooding, getting 10 out of the 1000 yard dash and 220 race. Captain David Alvord, of Twin Falls, got 29 points, which was two above the total for any other town.

The contest was all good, and the team's practice, which was held in the afternoon, was a much better showing than the totals would indicate, demonstrating speed and making the Twin Falls team members keep busy every minute of the time.

Although there was much wind and cold rain, the crowd stayed well and showed appreciation for the fine work.

Summary.

50-yard dash—Timm and D. Alvord, Twin Falls, tied for first place. Pler, Pler, third. Time 5.5 seconds.

80-yard dash—Won by Alvord, Twin Falls, second. Time 7.5 seconds.

100-yard dash—Won by Timm, Twin Falls. Toome, Gooding, second; D. Alvord, Twin Falls, third. Time, 10.4 seconds.

High Jump—Won by D. Alvord, Twin Falls, first. Distance, 4 feet 2 inches.

220-yard dash—Won by Timm, Twin Falls. Toome, Gooding, second; Patten of Piler and Shawyer of Jerome, tied for third. Time, 3.5 seconds.

400-yard dash—Won by Johnson, Twin Falls. Alvord, second; Pler, third. Time, 1.5 minutes.

800-yard dash—Won by Timm, Twin Falls. Smith, Jerome, second; Clarke, Gooding, third. Distance, 38 feet, 11 inches.

120-yard high hurdles—Won by D. Alvord, Twin Falls. Nims, Jerome, second; Pler, third. Time, 1.45 seconds.

Bread Jump—Won by David Alvord, Twin Falls. Timm, Twin Falls, second; N. Alvord, Twin Falls, third. Distance, 18 feet, 2 inches.

Javelin throw—Won by Smith, Jerome. Martin, Twin Falls, second; Moore, Piler, third. Distance, 135 feet, 1 inch.

220-yard low hurdles—Won by Kelly, Twin Falls. Johnson, Twin Falls, second; Fletcher, Gooding, third. Time, 31.5 seconds.

Discus throw—Won by Timm, Twin Falls. Smith, Jerome, second; Diehl, Piler, third. Distance, 107 feet, 3 inches.

Mile run—Won by Hall, Twin Falls; Hall, Twin Falls, second; Jackson, Gooding, third. Time, 4 minutes, 14.4 seconds.

Half-mile relay—Won by Twin Falls (D. Alvord, Kelly, Johnson, Timm); Gooding, second; Jerome, third. Time, 3 minutes, 14.4 seconds.

Pler did not enter a relay team. No points were awarded for second and third place.

When Skill Counts

Installing an ignition system in a car requires technical knowledge and mechanical skill. The artisan must be familiar with every device in the car. That depends upon ignition in its operation. The slightest error and everything is out of gear. One depends upon his skill and knowledge of the ignition system in order.

Clean Cotton Rags Wanted At The Times Office

Do not let your rag pile up. We want clean, white cotton rags for our printing press. If you have a rag pile, please bring it to our office. We will pay you for them.

Watching the Scoreboard

Yesterday's hero—Joe Judge, Washington first baseman, hit a home run off the pitcher and helped beat the Yankees 6 to 1.

Wayland Dean, young giant pitcher, let the Browns down with four hits, drove in a run with a single and won a shutout victory 2 to 0.

Shaute, young Cleveland southpaw, allowed the Browns four hits and won his game, 1 to 0.

Two runs scored in the eleventh inning on two hits and a buffed throw saved the Cardinals an 8 to 2 victory over the Pirates.

Kamm's homer was the only big punch of George Davis and the Tigers beat the White Sox 11 to 3.

Danns was the first Detroit pitcher to go five innings.

Homers by Sliver and Harriet helped the Cubs beat the Pirates, 5 to 6.

Lefty Grove, Philadelphia's 1910-11 pitcher, made his second start and was so wild he hit and fouled the Red Sox winning 4 to 3.

YESTERDAY'S HOME RUNS

Harriet, Cubs, 1—1.
Jude, Senators, 1—2.
Stuza, Cubs, 1—2.
Kamm, White Sox, 1—1.

Jack Dempsey and Movie Wife Leave on Honey Moon

LOS ANGELES, Apr. 17.—Jack Dempsey, world's heavyweight champion, and his lovely wife, Betty Taylor, landed an eight-hour train charter before noon today on the first leg of their honeymoon, which is to include a trip abroad.

A crowd of movie folk, sporting cameras and cameras, lined the station and gave the couple a rousing send off. Jack Kramm, the champion's manager, was not among those present.

Jack and Estelle bonded smilingly for photographers and the champion issued his customary interview:

"Good-bye. In a night or two I'll still 50-50 in the fight business and hope that I have 'letted' or bunk."

WASHINGTON DAILY NEWS LETTER

BY HARRY B. HUNT
NBA Service Writer

WASHINGTON—Dack of President Coolidge's insistence on "economy" in both public and private expenditures is his appreciation of the extent to which the nation's income is mortgaged for taxes.

The fact that public debts, state and national, have reached such enormous proportions that state and federal tax charges alone constitute a burden of approximately \$100 per family per year, on the average, for every household in America. When there is added to this the additional taxes necessary to meet the current costs of government, local, state and federal, the tax load becomes so staggering that it cannot longer be considered as a real danger to our national well-being.

If the total public debt, for instance, of Coolidge's indebtedness among the heads of families in America, each family would be called upon to meet an interest bearing debt of \$1400. This is about six times the per family share of 10 years ago. An interest over the period of payment will about equal the amount of principal to be paid, the average liability of each family because of present public debts is \$3000.

And while this is being paid, taxes for current government costs continue to pile up.

M. KIRBY, president of the Curtis Aeroplane Co., is not optimistic over the outlook for early development of commercial aviation in the United States. The average of 1924-25 has had one of those who believed aerial express and passenger service commercially feasible. Some months ago, however, he wrote a careful survey made of just what might be expected in the way of patronage and revenue from an air passenger express business and what the cost would be. The report caused him to give up any idea of investing in such an enterprise at present.

DEVELOPS "commercial" airplane lines can be established, says Kirby, believes, a period of public cooperation and assistance, similar to that originally given the building of heavily loaded ships, must be provided at comparatively high initial cost. Kirby says that something that must be done by municipalities, in the same way, this cost and highways have been developed by municipalities for vehicle traffic.

"Then there are certain things the national government should supply, just as the government supplies lighthouses and channels for ships, in the interest of commerce."

"At present, the cost of transportation by air is from 10 to 25 times the cost of present established means of carrying the same amount of freight or passengers. It is sufficiently satisfactory to make it difficult to induce people to change to air travel, but it will be so in the degrees by evolution. It is at the present time a government function or none at all."

Embroidered in Human Hair
June Ho, wife of a Chinese merchant in Canton, returned from China with a lock of hair, but she carried her own tresses with her in the shape of an exquisite picture of Minnie Barber, which she had embroidered in silk with her own hair while crossing the Pacific. The necessary relief in the picture was obtained by the use of white hair, for which she of the stewardess sacrificed a lock.—London Tit-Bits.

Protection Above All Else

Is to Be Considered in Choosing Your Bank

During the past 20 years of uninterrupted growth, the First National Bank has constantly kept in mind the safety of the funds entrusted to it. Conservative management—rigid adherence to sound banking practice—officers who devote their entire time to the institution—directors who give their advice and counsel—shareholders of large financial responsibility and successful achievement—all these combine to make the First National a strong and safe depository.
