AILMENTS OF YOUNG GIRLS

Relieved by Lydia E. Pinkham's Vegetable Compound School Teacher's Experience

Evanson, Wyoming.—"A few years ago I had troubles over my such a girl's often have, and would suffer awfully every time. After teaching school and attending school and I had to go to bed for two or three days. One of my mother's suggestions was to take Lydia E. Pinkham's Vegetable Compound, which I did, and it did wonders for me. In the course of a year I married and after my first baby was born I got in too soon and it caused a displacement. This troubled me so I bought the Vegetable Compound and it worked so well for me. I know what the Vegetable Compound did for me because I took it again. It strengthened me and now I have five little kiddies. The eldest is six, the baby is five months old and I have two boys three and a boy of five years. I do all my own housework, washing and ironing, and I receive job letters in my life. My health is your wonderful medicine and I recommend it to my friends. Mrs. VERA B. CARPENTER, 127 2nd Avenue, Evanson, Wyoming.

NEWS OF THE SPORT WORLD

TWIN FALLS TRACK TEAM SHOULD WIN STATE MEET

Unless the north should upset it, Twin Falls will first place at the state meet at Pocatello Saturday, the coaches here figured out. Twin Falls, as far as ratings go, has margin enough to be safe, and in all probability it is figured that the school will be ahead. Two traits, which will lower the state record seem assured, the low hurdles by Alvord and the relay. The north has one place each, the leveling turn. Deemer of Sandpoint, has broken the state record several times this year and will undoubtedly lower it in the official race contest. On one of his trials he has made a record lower than the world's intercollegiate, but whether he can keep up to that high standard in the state meet is now around is not certain.

The preliminaries will start at Pocatello at 10 a. m. and the finals at 2 p. m. Saturday.

Watching the Scoreboard

Yesterday's hero: Bing Miller, Athletic outfielder, tripped in the final batting with one out. Miller had hit a home run and Dykes had singled and drove in the run that has been the key to 7, it was the fifth straight defeat for the Yanks.

George Slater hit a homer with two on and later alone home, helping the Braves beat the Tigers, 4 to 2. It was the nineteenth straight game in which Slater had hit safely.

Two homers by Jackson and one by Francis helped the Giants defeat the Phillies, 7 to 2.

Marengo's single in the ninth inning, clinching for that spot by Zach Wheat scored the run that gave the Braves a 6 to 5 victory over the Red Sox.

JOHN DUNDEE TO FIGHT SID TERRIS

BY HENRY L. PARRELL
 Veteran of the Ring—John Dundee, last fight in Featherweight Class.

NEW YORK, May 5—Johnny Dundee, one of the old men of the ring and a veteran of many battles, has been called to fight Sid Terris, who can count up many a victory on his list of triumphs in the boxing ring.

The former world's featherweight champion will meet Sid Terris, a side-like youth from the East Side, in the last show staged in the historic old garden.
 "I've got enough money to keep up for the rest of our days but I think a fellow ought to work as long as he is able to work and fighting is my life."
 What money around town is being laid at 8 to 5 that Terris, noted for his speedy footwork, will outpace the veteran who was fighting 16 years before the youngster had ever put on a glove.
 "I think that Terris will win by a knockout. He has every reason to try for a quick victory because Dundee and Terris should try and turn the fight for the second round only once and store some of the prize. Terris lost in his last big fight when he was beaten by Sammy Mandel.
 "Twin Falls will grow in proportion to your co-operation."

Babe Ruth Says He Will Be Much Better Than Ever

NEW YORK, May 6.—"These doctors and professors who are putting out stories that I'm through, because I had a little operation, are goofy," Babe Ruth said today at St. Vincent's hospital.
 "I'm just a little weak now but I'll be better than ever when I get out because I won't be bothered any more with that old trouble," he said. "The home run king has given up hope now of joining the New York Yanks on the first western trip."
 "The Yanks are in a horrible slump but they'll keep their heads up and they'll get out of it," he said.

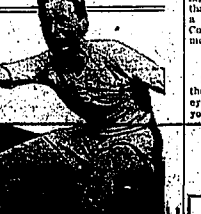

SPORT TABS OF EVERY KIND

CHICAGO—An open national tournament, expected to draw national competition will be played here next July under the Chicago District Golf association. President Robert A. Gardner announced.

CHICAGO—Stanislava Zhyzago, the Polish wrestler, defeated "Greek George" Kolosonaris in two straight falls at the Coliseum here, taking the match in 24:15 and the second in 2:20.

ASHBURY PARK, N. J., May 5—Following an exciting half hour chase, during which shots were fired, and one runner was wounded, coast guardsmen today captured a 46 foot launch with a cargo of 250 cases of whiskey.
 "Three men who were on the launch boat escaped, the wounded man being hurriedly carried in the arms of his companions."

Hurdle Victor

Introducing Lord Burghley, English nobleman, who was the 40-meter hurdle victor at the Penn relay games last week. Lord Burghley defeated some of America's best jumpers to take down first place. He was unable to cope with American speed over the shorter distance, however, being shut out in the 150-yard high hurdles. He was the first nobleman ever to complete in the Quaker carnival.

YANKS RANK SEVENTH IN LEAGUE RACE

NEW YORK, May 6.—New York's stumbling Yanks continue to be the most distinct disappointment in the major leagues. The team that was generally picked to be the leading rival of the world's champion Washington Senators and one that was regarded as a pennant winning probability by some critics, is way down in seventh place and might be last if it were possible to play worse than Boston and Detroit.

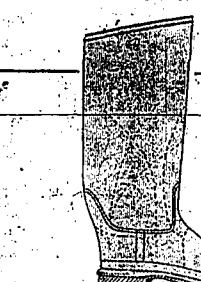

"The Yanks have lost seven out of their last eight games and they have won only four games this season."

"It's a good ball club. They're just in a slump," Babe Ruth said Saturday when he received visitors at St. Vincent's hospital where he is recovering from an operation.

"They're not hitting. They're coming out of it all right," Miller Huggins, manager of the club said today. "Without the big Babe to lead the attack, the Yanks have been hit a terrible hitting slump and they seem unable to get out of it. The line-up and batting order has been switched around several times but Huggins seems unable to find the old punch. The pitching, too, has not been up to expectations. Urban Shocker has won only one game so far and Huggins said before the pennant race started, that he was counting upon the former St. Louis pitcher to win 25 games."

The Detroit Tigers are also one of the surprising basins of the season. Bob pitching and fanly fielding have lost 30 games for the club that was generally expected upon as a one-two-three certainty and Ty Cobb now finds himself in the basement.

 Here's what Ozark Ripley, the internationally famous sportsman, hunter and fisherman, who wears this boot, says: "The Rod and Reel" is the best all-around sporting boot made. This boot clings to the thigh, the ankle and top of the foot. "Rod and Reel" is soft, flexible and elastic. Roll down any old way and it will not crack. NEW COUNCIL TAKES UP ITS CITY LABORS

Tunnel for Outlet of Surplus Water is Considered (Garbage Bins are Called for and Teams for Cleanup Job by Drainage Voles) House System of Distribution of Duties is Adopted.

Adopting the House system of the distribution of the duties of construction, which was in the possession of the department with the mayor, the reorganized city government got underway last evening. Commissioner J. S. Keel remains at the head of the finance department; W. T. Reed at the head of the public safety; Dr. W. H. Dwight, an commissioner of parks and grounds, and Ralph B. Smith succeeds S. S. All over the streets and the water department. The new council instructed City Engineer E. V. Berg to get data on the cost of a tunnel instead of storm sewer, called for bids for garbage hauling and ordered wages to continue the work of cleaning up the city. City Clerk J. L. Rice submitted a report on a tentative budget, which would permit a reduction of \$700 and this was laid over with the appointment of officers.

The old administration stepped out quietly after receiving the report of the chief of police for the year and negotiating allowing bills. The new men were sworn in and business got under way. There was complete harmony in deliberations.

Wagon to Continue
 C. E. Hanson presented the request of the city planners that wages continue on the work of gathering up rubbish. The main city has been covered but the outlying districts remain to be reached. In the city many have failed to put out debris not covered by the regular garbage contract, so some more work will be required.

After some discussion it was voted to call for bids for the year and negotiate allowing bills. The new men were sworn in and business got under way. There was complete harmony in deliberations.

Stomach Bloating With Gas Was His Worry

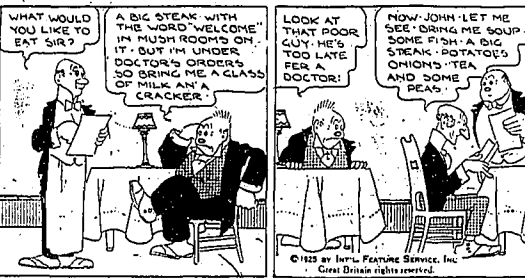

Mr. D. Zelinko, of New York, N. Y., writes: "I want you to know that no day passed for months and months that did not find my stomach bloated with gas and shooting pains darting through my stomach. I felt hungry at times, but as soon as I started eating, food nauseated me and I became illious. My tongue was coated, had bad taste and breath was offensive. I never thought this could all be from my liver, but my liver it must have been, for the very first day after taking your wonderful Carter's Little Liver Pills I felt like a new person. The small dose was so easy to take, too." For sale at all drug stores.

Title He Gave Himself

Stuck to Great Showman Probably the greatest showman the world has ever known was Sanger, famous for Sanger's circus. He was even voted so far as to give himself a title, and the title stuck so firmly that many people thought he really had been elevated to the peerage! Every one knew him as "Lord" George Sanger. In his book, "Sanger and Sings," Mr. Joseph Harter, the famous scene painter, tells how this "title" came about. It was the outcome of a duel in horses with William Cody, every one known as Buffalo Bill. According to Sanger, only though himself by far the more important showman. In the course of the preliminaries to the duel, Bill sent a representative to Sanger with a message to the effect that the Honorable William E. Cody refused to take a penny less than he stipulated for the horses. Sanger, who had the gift of giving men titles, and who also was not going to be outdone, without more will sent back the terse message: "If you are the Hon. W. E. Cody, then, I am the Lord George Sanger, and I will not give a penny more than I stipulated for the horses." And from that day on "Lord" George Sanger he remained.

Factor for Prosperity

Madison county is one of the richest agricultural counties in the state, and while she gets a system of roads in keeping with her agricultural richness, she will receive the "true" great set property she has ever known. Good roads do more to make people happy and contented than any other thing in the world. They bring neighbors close together and eliminate distances—Intertwine (Ala.) Times.

Better Road Facts

Twelve touring cars were delivered recently to the state highway department of New York for use in the inspection of extensive road work being carried on by the state. Contract for the construction of new roads in Connecticut covering about thirty-five miles have been awarded by the state highway department. The approximate cost of the work is \$1,600,000. Along with good roads, it takes a little good weather to make automobile enjoyable.

FLECHNER CONCERT A MUSICAL SUCCESS

Music Week Culminated in Delightful Musical Event by Twin Falls and Boise; Talents; Renditions Most Finest.

(By Mrs. A. K. Seaver.)
Gustav G. Flechner gave his third annual concert last night at the Olympian to an enthusiastic audience made up of music critics and musicians of this community and surrounding towns.

A varied program containing an appeal to a wide range of interest was presented as follows:
The "Stradella" overture, which was exceedingly well rendered; "Carry Me Back to Old Virginia," which was the work of a soloist, a southern belle, accompanied by piano; "Drama of the Stars" (Maria Guiberti); Mrs. J. H. Masters interpreted most effectively the dramatic melody of our home country.

The opening number of part II was a reading by Mrs. H. C. Schreiner. Mrs. Schreiner's selection was a well defined, entirely in keeping with the evening's program, a pleasantly rendered psychological study, "The Mind of Mrs. Masters," second appearance was greeted with applause. Her "L'Opéra Comique" was given in the original Italian, a truly artistic performance, with piano accompaniment by Mrs. A. K. Seaver.

Three numbers by the junior orchestra followed: "A Vision of St. Nicolas" (Lamp); "I Would That My Love" (Mendelssohn); "The Hooded Men" (Hendy) were of excellent tone and showed diligent application. A quartet composed of Mrs. Masters, Mrs. James Hall, Mrs. H. C. Seaver, and Lloyd Patrick delivered the most exciting critical "The Yellow Mountains" (Gowan) and "Greetings to Spring" (Girvan).

The Grand Fantasia from Wagner's "Parsifal," showed his favorite brass instrumentation extended to the fullness and skill. "The Melody in A Major" composed by Charles G. Dawes, vice president of the United States, was performed by the concert orchestra in a manner which aroused much enthusiasm. The program was brought to a fitting close with the "Panoramic Dance No. 5" (Strakos) and a selection from "Princess Ida" (Victor Herbert).

Mr. Flechner is to be congratulated in the successful bringing together of so many musicians of recognized talent from this and adjoining towns, including Boise, Buhl, Murtha, Albion and Pocatello.

Death Valley Sand Storm.

A sandstorm in Death Valley is a weird spectacle. When it comes it is a shoulder high, swirling gust of air that carries along the blazing sun and white, hot sands of the desert. Even though the sand is blowing, the sun is like a ball of flame. There it picks up the hot dust and sand, and blowing them into a thick, yellow fog that fills the valley into a veritable pit of hell.

SNOW SETTLES VERY RAPIDLY AT RESERVOIR

Depth Decrease Is Unusual; Water Content Is Very Great; However, and While Precipitation Drift May Be Heavy, Reservoir Filling, Supply Will Be Ample.

There will be no overflow of Jackson lake reservoir this year, and an early draft on the storage may prove a preliminary hardship.

Report from the U. S. Reclamation service about the snow, it is indicated that the water supply will be large.

Indicating that premature draft of water may make it doubtful whether the reservoir will be filled, it says: "Jackson lake storage on April 25 was 248,000 acre feet. Assuming an early is 847,000 acre feet. It is therefore necessary that a storage amount of 598,000 acre feet will be required to fill the reservoir. The curves of storage in this amount and that the probable runoff after April 25 in 1922 would very nearly have filled the reservoir."

ANNUAL CLUB BREAKFAST IS GREAT EVENT

Twentieth Century Club Flowers Most Successful Year with Banquet at Rogers; Beautiful and Tasty Decorations, Exquisite Music and Interesting Speeches Mark the Occasion.

One of the customs of the Twentieth Century club, the annual club breakfast was observed today at the Hotel Regency at 12:20 o'clock. Covers were laid for 100 at tables with crystal china, silver and the dainty little colonial table in a variety of colors, as favored by the club. The decorations were effective. The speakers table, where covers were laid for the incoming and outgoing presidents and the speakers of the day, was centered with a large bowl of tulips. As the ladies were gathering the club orchestra played a march. The invocation was given by Mrs. J. D. Scott, and following the luncheon a violin quartet composed of Mesdames Dunke, Berg, Beach and Zimmerman, played.

Mrs. Charles Dwight was a charming toastmaster, using the subject, "Good Will—The Twentieth Century Club," and gave a toast to "The Builders." Mrs. W. A. Patrick gave a toast to "The Builders." Mrs. C. H. Dickerson spoke on "The Underwriter," and Mrs. E. V. Parker on "The Contain." It was given by Mrs. Dwight and responded to in a most interesting manner by Mrs. McMillers. The president for the coming year, Mrs. E. M. Wolfe, in her address, Mrs. H. H. Wolfe, in "The Next Year." The program closed with Mrs. W. H. Dwight singing "The Builders." Mrs. H. H. Wolfe, in "The Next Year." The program closed with Mrs. W. H. Dwight singing "The Builders."

Such credit for this delightful affair is due Mrs. P. J. Costello, general chairman, and Mrs. W. Leslie, who was chairman of the decoration committee. The breakfast marked the closing of one of the most successful years in the club's history.
