VOLUME 8, NUMBER 69

TWIN FALLS, IDAHO, FRIDAY, JULY 31, 1925.

OLD VOL. XIII, NO. 65

FUNERAL OF BRYAN HELD AT CAPITAL

List Rites for Great Commoner This Afternoon in Washington, Church; Burial in Arlington Cemetery; Thousands Attend and Pay Loving Tribute.

WASHINGTON, July 31—In the little white chapel on the Maryland side, followed by memories of distinguished congressmen, the Presbyterian funeral service for the late afternoon over the hier of Wm. Jennings Bryan.

Buried With Flowers. The casket was packed with flowers and a roscoe piece sent by order of President Coolidge from the White House.

Secretary of State Kellogg and a delegation of low officials to the state department had to give place to the church. Groups of the commoner's comrades in arms from the Spanish American war and American Legion men in uniform were further back.

Challenge in Life. "What a challenge is such a life to all who follow; what a comfort to all who believe; what an indictment upon all who reject it; what a prophesy of power to all who make it real."

Man Made Lightning Stroke Capable of Killing 20 Miles. What Was Terrible for Parents Fighting.

San Francisco, July 31—A man-made lightning bolt, intelligently directed in the case of the death stroke which he will demonstrate to the United States navy in the United States today.

Mr. McLaughlin, the more terrible it is, the less the likelihood of war, he said. "I hope that the great majority of the United States will be in the hands of the United States navy."

Holds Purse

This girl is going to handle \$50,000. 600 a year. She's Marjorie Watson.

SLIM FIGURE IN FILMY CREPE IS ELITE'S CHOICE

Mrs. William Burdon Schooled as Newport's Best Dressed Woman in Annual Series of Affairs.

Newport, R. I., July 31—A slim figure in filmy crepe just tinted with green and wearing a plumed hat, she who continues to wear the name of a flyer, has won the title of the best dressed woman in Newport.

Challenge in Life. "What a challenge is such a life to all who follow; what a comfort to all who believe; what an indictment upon all who reject it; what a prophesy of power to all who make it real."

Man Made Lightning Stroke Capable of Killing 20 Miles. What Was Terrible for Parents Fighting.

FIRST LADY GETS HUGE BED SPREAD

Swampscott, Mass., July 31—A white ballad in the United States worked into his center and measuring seven by five feet, was featured one of the gawdy scenes of the White House.

Woman Paid \$400 to Have Husband Slain She Tells Detectives

CHICAGO, July 31—Calmly and in a matter of fact tone, Mrs. Nellie Nollie today told police she paid \$400 to have her husband, who was slaying her fifteen year daughter by another marriage, the payment was made out of her husband's insurance policy of \$6,000, she said.

Another Cano and James Sullivan are under arrest. Cano fired the fatal shot, the woman said. "The motive came a few days after Mrs. Nollie decided to have him killed."

STAR WITNESS TELLS OF PLOT

"Louis the Spider" Informant Court of "Associates" Plan to Kidnap Mary Pickford for Ransom at Los Angeles Trial.

LOS ANGELES, July 31—Plato devolved in underground hints to kidnap Mary Pickford, film star, and hold her for \$200,000 ransom were related today as the state closed its case against three men connected with the plot.

Defense to Open. The defense will start its case with attempts to strengthen the charges laid by the prosecution.

Boise Idaho, July 31—Project Manager J. B. Bond of the Boise project was preparing today to secure crop-eyes in favor of the government from settlers delinquent in drainage charges.

Boise Idaho, July 31—Project Manager J. B. Bond of the Boise project was preparing today to secure crop-eyes in favor of the government from settlers delinquent in drainage charges.

Growth of TWIN FALLS and IDAHO brings Standard Oil Company (CALIFORNIA) Distributing Station Here

BETTER TO SERVE the people of Twin Falls and surrounding territory, with their rapidly growing population and agricultural, mining and other industries, the Standard Oil Company (California) will erect and operate a thoroughly modern Distributing Station for its products at 5th St. So. and 3rd Ave.

An office will be opened in the Twin Falls Bank Trust at 117 Shoshone St. So.

The new Distributing Station, with ample storage facilities for petroleum products, and adequate stocks, will give quick service by tank-truck and rail to the people and industries of Twin Falls and adjacent districts. It will be ready for service about August 1st, 1925.

What Is the Standard Oil Company (California)?

The Standard Oil Company (California) is the pioneer oil company of the West. It began business in San Francisco in 1878. It is engaged in all phases of the industry: producing, refining, distributing and marketing.

The Company has 19,558 employees, of whom 12,465 are stockholders in the Company. There are more than 19,000 other stockholders. This Company has an enviable record as a pioneer in the oil industry of the West. It discovered and developed many of the important oil fields in California: Montebello, Elk Hills, Richfield, Huntington Beach, Inglewood and others. From its California properties it is now producing more than 100,000 barrels of crude oil daily. It is now seeking additional new sources of supply in Montana, Wyoming, Colorado, Texas, Alaska, Argentina, Colombia and Ecuador.

It has three modern refineries in California: at El Segundo, Los Angeles County; Bakersfield, Kern County; and Richmond, Contra Costa County, on San Francisco Bay. It has developed exclusive refining processes, among which

is its famous High-Vacuum Process for the making of lubricating oils.

Today the petroleum products of the Company number more than 400, ranging from the finest white oil for medicinal purposes to asphalt for paving.

The Company maintains one of the largest and best equipped petroleum research laboratories in the world at Richmond, Cal., for the study of petroleum and the improvement of the Company's products.

The products of the Company are distributed and sold by it in California, Oregon, Washington, Nevada, Arizona, Alaska, the Hawaiian Islands, and now in Idaho. The Company's products are also exported to many parts of the world.

To distribute its products the Company owns and operates 21 ocean-going tank ships and 13 other craft, 3512 pieces of motor equipment, 671 distributing stations and 703 automobile service stations, and leases nearly 2000 railway tank-cars. About 15,000 dealers distribute the products of the Company.

The Service at Twin Falls

From the new Twin Falls station will be distributed such well-known products as Red Crown gasoline, Zerolene oils and greases, Pearl Oil (kerosene), Calol Industrial Oils, Oronite brand products, and all other of our more than 400 products for which there may be need.

Our Twin Falls Distributing Station will enable us to make prompt deliveries of all products as frequently as necessary.

Back of the service of the Standard Oil Company (California) at and from its new Distributing Station at Twin Falls will be all the vast resources and experience of the Company, functioning through the most modern equipment in charge of carefully selected and well-trained personnel.

NEWS OF THE SPORT WORLD

DEMPSEY NOT TO HANDLE AFFAIRS THROUGH KEARNS

BY HENRY L. DARRILL
(Copyright 1925, by United Press)
NEW YORK, July 31.—Jack Dempsey told me over the telephone from Los Angeles early today that he had definitely severed business relations with Jack Kearns, that "Tex" Rickard was empowered to handle his affairs in the "Coke" ring and he would not appear in New York on Tuesday before the state boxing commission on order.

Dempsey's "Vance and DeWitt" Dickerman and O'Farrell, who have been on all sides regarding the champion's plans.

Work Out Each Day
"I am doing a little extra work every day and keeping in shape," said Dempsey. "But it would be impossible for me to fight Harry Williams or Gene Tunney this year."

Asked regarding the often reported fight to be staged by Floyd Fitzsimmons in Milledale City during September, Dempsey reiterated that he had not agreed for this or any other bout.

"I would be an old friend of mine and who has asked me if I would fight for him I told him I would, on condition I would be a hard match."

"I know the commission has the right to do that," he said, "and I am not going to fight on that score. It does seem that before taking any such drastic action they should give me time to get in shape by taking on at least one other match before accepting Willis as my opponent."

Nails Story
Dempsey emphatically nailed one of the published stories regarding his last appearance before the commission when the dove of peace secured a paper over his proceedings with the New York commission.

"Some sports writers have said that when I told the commission I would go back to New York after a short visit to Europe I already had my ticket to California in my pocket," Dempsey recalled. "That is untrue. The necessity for my quick return to California did not develop until my wife and I reached Delaware and it was there I bought the tickets west."

Watching the Scoreboard

Yesterday's hero: Sammy Gray of the Athletics, picking his first full tenth game in nearly a month, won his tenth game of the season on July 29, his fourth shut out, beating the Tigers, 5 to 0.

After taking three beatings in a row from the Pirates, the Braves turned the tables, smacking out three hits and won the fourth game of the series, 5 to 1.

For the ninth time in as many games the Robins battled against left-handed pitching and were beaten, 5 to 2, by the Cardinals.

With effective pitching by Buckton, the Indians took their third straight from the Red Sox, 7 to 2.

Coveleski's streak of 13 consecutive victories was broken when the Red Sox, led by St. Louis Brown, making it three straight.

Playing under the handicap of a heavy thunderstorm the Giants defeated the Cubs, 4 to 2.

BAPTISTS TAKE LEAGUE CONTEST

D. S. Unable to Cope with Stick Work of Opponents in Church Game; Score Ends 6 to 2.

Showing greatly improved form through the addition of three new players, the Baptist baseball team of the church league last night won from the D. S. team by a score of six to two in what was described as one of the most interesting games of the season. Suffering through the loss of one of their star players, "Sam" Hanson, the D. S. team seemed unable to cope with the Baptist pitcher.

Scoring was started by the D. S. team in the first frame and despite the name, ended their hosts in a sell assurance. However, in the second inning the Baptists got away with an excellent lead and when the score had cleared away there were six runs, three hits and one error.

The only other score made by either team was in the third inning, when the D. S. team scored a run. From then on the game was tight, neither side being able to push for a count.

Muz and Lindeman did the heavy work for the Baptists with W. Hitters an excellent battery for the D. S. team. T. E. Hunter was the cleanup.

Starting the game was the event club by Owers, scoring Olander and Lindeman about 40 min.

PUBLIC FORUM

ANOTHER THE GUY NO RIFE IT HERE.

Mr. Editor:
I see in Wednesday's Times that there is ten thousand members in the state of Idaho, according to official information given out at Boise, Idaho. This is only another bit that so ripe that it had to burst.

This information was first given the newspaperman by W. M. Cortner "Old Man" of Idaho, Utah and Nevada, formerly a music dealer from Munich, but will venture to say that there is not ten thousand members in the state of Idaho. Never was more so will be, honest men don't follow flara and crooks, and this applies to Twin Falls, too.

I see some of the great men that once bellered down with my kind of a game of chance in Twin Falls. Let us have a good clear city, go to church, go gambling. This here is now cluttering up the country with old machines. I may be wrong but I always thought that a slot machine was a gambling device of a hope chance from one side of the fence to the other, the brass rod and the kluxers' side, and the ball machine.

The Ku Klux Klan-imperial officers' trials, the members of that organization to be, and some of the

members make' end with the imperial leader. It is a democracy or if democratic why do they have to go to the Alamo, clear to get Hiram or some imperial must to approve the election of a grand dragon, did not the 176 delegates at Boise elect him? No, Hiram, does the electing, hiring and firing.

R. H. Gilchrist.

CENTRAL BASIN

(Continued from Page 1.)

of convenience that the interests of all concerned could be best served by holding the District Court at the present time, and we urge the future state conference committee to forego that matter in the organization of the state. The resolution bears the signature of G. H. Collins, manager of the Denver organization.

FURNAL OF HYMAN

(Continued from Page 1.)

WASHINGTON, D. C., July 31.—William Jennings Bryan will be held in a maximum-security prison, the unknown soldier, war medals and prizes in the ranks who died.

Today his body lay in state in the "church of the presidents," a service was held, and he will be interred by the city of Washington. Through the night, when all lights of the city were dark, three candles in arms of the Spanish-American war were kept burning at his feet.

Twenty thousand persons had marched up by the through the front door yesterday to see the eulogizer. From noon until 10 p. m. they came, and then the doors were closed for the night's visit. Only the beam of an electric light through the stained windows of the church permitted to enter morning passers by that a respected man of the nation was dead there.

Doors kept open. This morning the doors were again thrown open and despite a drizzling rain, more came to view his body. They were to be admitted from 8:30 a. m. until noon when the church closed as a Christian and public in preparation for the final funeral service which was to be held at 2:45 p. m. in the city.

The services will be opened with the singing of "O God, Kindly Light," the Joseph Story will then enter the church chanting a biblical anthem. The twenty-third and ninth psalms will be read. The latter was selected by Mrs. Bryan because it embodies the creed of fundamentalism in whose cause he died.

Then there will be sung the hymn, "Faith of Our Fathers, Living Still," and with only a slight military touch the body will be borne to the grave on the knoll at Arlington. It is expected the church services will require about an hour.

Through Capitol Center. The funeral cortege on its journey to the grave will march through the city.

FOR SALE—Women's pumps and oxford shoes in \$2.00, closing for \$1.25. Barber Shoe Co.

center of the capital. At the gate of the cemetery, the batteries from the sixteenth field artillery and the Third cavalry band will meet it to receive the casket in its final resting place.

Only brief services will be held at the grave. An army band will sound taps. No salute will be fired. The body will be lowered and carried with dignity.

Despite her condition and the strain of the occasion, Mrs. Bryan is said to be as well as might be expected.

May View Body
She may view the body today for her close Co.

the first time since her husband went in his last sleep on the cot in the rustic home of a friend at Dayton, Tenn. Some say, however, that she will not again look upon his countenance, preferring to guard in the memory of his face as last she saw it in life as he went to be buried last Sunday afternoon.

Mrs. Bryan will have to be carried to the church services and to the grave. She is said to be in a frail condition.

FOR SALE—Women's pumps and oxford shoes in \$2.00, closing for \$1.25. Barber Shoe Co.

PUBLIC POWER IS ENDORSED BY GRANGERS

Meeting at Business and Professional Women's Hall Last Evening Shows in Favor of Municipal Electricity, Executive Program Given.

Following a musical program and an address by J. H. Musters on municipal power, the Twin Falls Grange at its meeting in the Business and Professional Women's rooms last evening unanimously adopted the resolution of Overseer Harry Nelson following the example of the recent meeting of the Flor-Orange, favoring the furthering of any movement for municipal power in Twin Falls county. Mr. Nelson declared that this city should have a separate municipality of general bonded and expressed the belief that the next state meeting should be held here. Luncheon was served after the meeting. The preliminary program under the direction of Mrs. A. E. Henderson, evening lectures consisted of piano solos by Elizabeth McClain, readings by Miss Dorrington, piano solos by Miss Marcelle Wynn and vocal solos by Mrs. I. H. Musters, with Miss Wynn as accompanist.

pointed to the failure of regulation in Idaho and other states as corroborative of this principle, and declared that since the securing of power at a reasonable rate was necessary for the benefit of the people, the only alternative was through the establishment of municipal ownership. The speaker said in effect that there had been an great abolition of the people of Twin Falls tract for 20 years on which all were united and that was to see a large city there in the midst of the wonderful district. He had been here almost 1910 and marvelled at the growth to be noted. The city for the first seven or eight years grew at the rate of 2500 a year, and the whole country disclosed this. The reason for this was that it had reached a point where something more than the degree of agricultural development attained was required. Exports are needed, and it is only by offering some inducement that they can be brought here. The only thing that could be offered in reasonable power rates. The speaker from Vandeville university said in his lecture in the park that great forests covering New England and going elsewhere to places offering better inducements or advantages.

MERLE ZACHARIAN IN HORSE HUNT BY HORSE

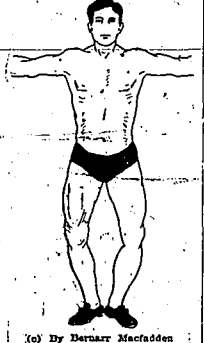

Merle Zacharian, 14-year-old son of Mr. and Mrs. A. C. Zacharian and brother of Clifford Zacharian, was badly hurt today when a horse he was riding threw him off and stepped on his chest. He was taken to the county hospital. It is believed that his injuries, while painful will probably be neither fatal nor permanent.

A newspaper is to enter your home in a fitting place for your advertisement.

INJUNCTIONS ISSUE IN THE SALMON CASES

A temporary restraining order was granted to the Twin Falls Bank & Trust company, intervenor in the case of the Peoples Savings & Trust company of Pittsburgh against A. E. Caldwell and others Thursday, by Judge Dietrich. Argument on the motion for the order was heard Thursday afternoon. Motion to dismiss the case in intervention was denied today, and was also motion to strike out the defense offered by Mack Smith and 75 others that the company could not foreclose unless it could be shown that it had exhausted its means of securing a water supply sufficient to carry out its contract and that it was alleged that it had not done so. Smith claimed that the company has two possible sources of such supply. Judge Dietrich, granting an injunction, conditioned on the filing of a bond for \$1000, against the Peoples Savings and Trust company intervenor with transferees pending final determination of the case.

EXERCISE HINT

Assume correct standing position. Extend the arms straight out from the shoulders. Fingers slightly curved and as tense as possible. Now bend the arms at the elbows bringing the hands back as far as possible. Then straighten the arms and rest on the floor. To obtain the best results, all muscles of the body should be as tense as possible.

McFARLAND IS HELD TO THE DIST. COURT

Testimony of Blacksmith Held to Corroboration That of Jagan Who Claims to Have Accomplished Work of Defendant in the Case.

Reducing the bond to \$1000, Probate Judge J. L. Hodges this afternoon bound over John Wallace McFarland to the district court on the charge of burglarizing the Rogerson depot on the night of July 16, after a number of witnesses had testified. James John Logan, sentenced this week on his own confession for the robbery, testified that he and McFarland had gone to the depot about midnight and had broken in with a crowbar which he said was furnished by the latter. He said that the crowbar was afterwards thrown into the canal at the point where it was found by the sheriff's force which he went there with them.

The only corroborative work by Erastus Insammy, who said McFarland borrowed the name bar from his shop a week before the robbery, was that Attorney W. Orr Chapman, of the firm of Bethwell & Chapman, held that this did not constitute corroboration of an accomplice within the meaning of the law, but the court denied his motion and granted the request of prosecuting Attorney J. W. Taylor that the man be bound over. Details regarding the situation were testified to by other residents of Rogerson, by Agents Arthur Dawley and others.

Jewish Farmers:—7000 Jews on the United States 70,000 Jews on farms. They are especially numerous in New York, New Jersey, Connecticut, Massachusetts, Michigan, Ohio and California. There are 40,000 Jewish farmers in South America. Most of them in Argentina.

No, Indeed!—"Ah! the way she spoke, Mrs. Arris, as though I was a bit of dirt. Why, I wouldn't speak to her 'round the way she spoke to me," London Humorist.

City Briefs

Here to Take Charge:—Eugene Jenne Conrad and Lieut. Minnie Reeves arrived yesterday from Ogden to take charge of the Salvation Army Corps at Twin Falls.

Son Is Born:—A son was born to Mr. and Mrs. George Cooper at 722 S. Second avenue Saturday.

Son to Cooper:—Born to Mr. and Mrs. George Cooper, 310 Third avenue north, a son, Friday morning.

Beans in Good Shape:—The bean crop is generally in good condition here in regard to such damage as may have been suffered from hail, according to Professor Hunsberger, who was here yesterday making an inspection of the fields with County Agent H. E. Brownard. Very little disease was found.

Back from Jerome:—Judge James H. Bethwell of the firm of Bethwell & Chapman, was in Jerome on legal business this week.

Alcohol Burns Up:—Alcohol of denatured variety, used by Carl Howard in making an house candle fire this morning and started a candle a blaze at 1221 Poplar avenue. The fire company extinguished it with only the loss of the alcohol.

Electric Hires Arrives:—The electric wires for the fire department arrived yesterday and was put up today. It will be used instead of a bell hereafter at the station.

Inspection Party Here:—H. A. Pierce, general superintendent; J. L. Ames, assistant general superintendent, and T. S. Kinross, of the car service department of the Oregon Short Line, arrived here this afternoon to inspect track and car conditions. They will return to headquarters this afternoon.

Myraugh Hoy Dies:—Verne Niel Griffin, son of J. J. Carlson, died this morning from three-quarter mile from Murtauk at 11:15 this morning. He was born July 13, 1903. No funeral arrangements have been made but it is likely the body will be shipped to Pleasant Grove, Utah.

Drawback to Investors:—Sir Jagadis Chandra Bose, famous Hindoo scientist, has invented an instrument with which one can see through a heavy book. But many books are so heavy that it would be a torture to have to see through them.

WRESTLER SCORES K. O.
MAISHFIELD, Ore., July 31.—Charles Davis Maishfield wrestler, scored an unofficial knockout in his match with Salter Wood, alleged navy champion, here last night, after which the referee awarded Wood the match on a foul. Davis knocked Wood down three times, the last time for the count, in retaliation for alleged rough tactics today.

Wormy Fruit Is Forbidden Market

Warning that wormy fruit will not be allowed on the market was issued last evening by E. V. Gifford, district horticulturist, 10 east 10th. "Now that harvest is here again, attention of growers and dealers is called to the fact that it is a violation of the state laws to offer for sale, by peddling or display any wormy or decayed fruit. Just now Idaho is enjoying and will continue to enjoy a large amount of tourist trade and from that standpoint alone, none but the best should be put on the market. Your department of agriculture through your local inspector urges and asks for your co-operation along this line, that so may continue to have the reputation of raising 'Apples You Can Eat in the Dark'."

ARCTIC TEST TO BE MADE
CHICAGO, July 31.—The first official test of broadcast radio and instruments made from inside the Arctic circle will be made tomorrow by the American Arctic expedition. The Zenith Radio corporation, announced today.
