NAVY WOULD ABOLISH BIG STATIONS BY CUT IN BUDGET

Congress and the Administration
Buffers a Huge Joke by Navy
Department When It Recom-
mends Abolishing Three Sta-
tions at a Saving of Seventeen
Million Dollars.

WASHINGTON, Aug. 13.—The Navy has played a great joke on the budget committee of Congress and the administration. When asked by General Lord, director of the budget, how it could have \$20,000,000 next year, it replied bluntly:

"We abolishing useless stations that we don't want but some congressmen do."

I recommended specifically that the Bureau of Navigation, the Brooklyn supply base, and the Great Lakes training station, be dispensed with at an approximate saving of about \$17,000,000.

By this more it put up to Lord and the administration the task of convincing the congressmen that the treasury needs the \$20,000,000. The congressmen need the naval stations in their districts, and washed its hands of responsibility for economy.

CONGRESSMAN DENIES USE OF MUCH LIQUOR

ALBENIA, Mich., Aug. 13.—Congressman Frank Scott emphatically denied that there were robustious liquor and gambling places on the United States frontier when members of the 1921 congress took a banquet into southern waters at government expense, while testifying today in his defense before the House Committee. Mrs. James Scott here, Mrs. Scott has filed a "cross-bill" alleging that Scott drank heavily.

"Where I am drinking or gambling on the risible," Scott said in answer to questions put by Mrs. Scott's attorney, Ward E. Preck.

"Also, I never had great quantity of liquor in our house as has been alleged. I don't remember ever having any Hale and Hale there as one witness testified in a deposition."

MISUSE OF MAILED CHARGED AGAINST TEXAS PROMOTER

BAY FRANCISCO, Cal., Aug. 13.—Dr. John C. Dryden, Texas oil promoter, was held here today on a federal warrant charging misuse of the mail and will be turned over to El Paso authorities.

Dryden was indicted at El Paso by a federal grand jury for his part in a Mexican colonization scheme. He was indicted by a court that owned 210,000 acres of land in the southern republic and that it was a veritable "land of milk and honey." His indictment charged he had colluded with sales of oil to the colonists and with tales or misrepresentation by the doctor and hardships they had endured.

Dr. Dryden was here in an effort to get his freedom.

The Texan was out on bond of \$10,000 on appeal from a sentence of five years at Leavenworth, Kansas, for mail fraud. He was to stand trial for mail fraud in the state of Kansas. In 1919 he was convicted at El Paso of mail fraud in five years in federal prison. He was pardoned by the late President Wilson after he had served four months of the term.

Martyr to Faith of 1700 Years Ago Will Get New Shrine

NEW YORK, Aug. 13.—The remains of a saint who died a martyr to the Christian faith nearly 1,700 years ago will be returned to a resting place in Cleveland where a new shrine will be set up for Catholics of the American continent.

The ancient relics are all that is left of the body of St. Ignatius, the first Christian martyrdom at the hands of infidels in Rome some time during 200 A.D. Ignatius, a disciple of Pope Pius XI to Bishop Joseph Schermer, and the Cleveland diocese, was brought from Rome by the Cleveland press, to the attention of the church which locked itself yesterday. This is the first time that a pope has presented the body of a saint to an American bishop and his diocese.

He is accused of bringing Mrs. Dona Winterrowd, Wyoming society matron, to Los Angeles from Phoenix. They have been living together in an exclusive apartment hotel it is alleged.

Mrs. Winterrowd deserted her husband in Wyoming, took her three children with her and moved to San Francisco, where she now resides, but still holds her home in Wyoming.

It was to be arraigned this afternoon for preliminary hearing before United States Commissioner T. L. Murphy.

WASHINGTON, D. C., Aug. 13.—More than half of the 400,000 children who enter the first grade in elementary schools each year fail to advance to the second grade, a tabulation of the results of examination of the department of the interior reveals.

With each school district expending from \$25 to \$50 per pupil, the bureau said, a tremendous waste in education was resulting from the inability of students to advance.

"It would be the same in every school in the country," the department said.

Belgium Asks Lower
Interest Rate on
Huge War Debt

WASHINGTON, Aug. 13.—A plan for a loan to Belgium on the \$160,000,000 Belgian debt is understood to have been presented by the Belgian funding commissioners at resumption of its meeting with the American commission today.

The Belgians contend that the rate of five per cent fixed in their original contract is too high, and that a lower interest rate at that time, but since their rates have been decreased to 34 and four per cent. The Belgian rate should be decreased likewise, they argued.

The interest of the Belgian obliga-
tion, called at 34 per cent, con-
stitutes about \$160,000,000, but the
drop would top off from \$20,000,000 to \$30,000,000.

The original five per cent on the
Belgian debt was cut to 34 per cent
when funding of the British obliga-
tion was undertaken. Further pay-
ments will be made at a rate reduced

HIGH PRICES DUE TO CLUBS DESIRE TO WIN

Supply and Demand Creates the Price for Baseball Players in Other Business Deal; All Teams Need Rebuilding with Exception of Pirates and Athletics; Boxers Should Be in Condition.

BY HENRY L. FARRELL,
NEW YORK, Aug. 13.—With the exception of the New York Yankees and the Philadelphia Athletics, two young hustling teams, every team in the major leagues needs some rebuilding to fit into the new baseball picture.

This means that the club owners will have to bid against each other for promising young players and prices will be high.

It was understood that the man-

agers reached an agreement to make a minimum of \$100,000 for exhibition prices for minor league players, but Connie Mack broke over last winter when he paid \$150,000 in cash and the equivalent in expenses for Tex Rickard.

An agreement, however, was made by a club owner and his rivals that one or two young

players would put his club into the pennant race.

The demand makes the market for ball players and the demand will be so great this winter and the supply so limited that prices necessarily will be high.

The New York Yankees have to be rebuilt entirely and when they take their seats into the market the other clubs will have to go high to outbid them.

The Brooklyn Robins also have to spend \$60,000 for young players to be able to compete in the new season.

The New York Giants, need pitching reinforcements, are also in the market and have to go high.

Other teams afford so high for any pitching prospect as John McGraw does not care to bother himself about it.

He has no objection to the price that will be needed for next year.

Two, three and four clubs have been found to offer ever so much player that has been located in the minor leagues. The Giants, the Yankees, the Red Sox and the champion Boston Red Sox, the young stars, San Francisco infielder, and this case typical of many others.

There is no doubt that the major league clubs have to pay high prices for minor league experiments, but the situation is now such that they are high or remain in the market.

Pinchot Yella Died Because Not in Condition.

Closely attended the physical examination and strict application of the rule that a boxer must be in proper condition before he enters the ring is a most important duty of boxing commission.

Several recent examples could show that those who apply the physical examination and strict application of the rule that a boxer must be in proper condition before he enters the ring are not as careful as they might be.

Pancho Villa's death was indirectly caused by the fact that he was not in condition to fight. He had an injured jaw and he was so sick that he had to be hospitalized.

He was selected, however, to take a chance, rather than disappoint the crowd.

Malie She, the Chicago bantam-weight was in no condition to fight the night he was knocked out by Roebuck. He did not feel well enough to not suffer any bad effects from the punishment he got, but he might have been killed or permanently disabled.

It is better to take precautions before a fight and disappoint a crowd if necessary than to pass resolutions of sympathy after a fatal.
