LAND PLANS OF WOOL GROWERS IS ENDORSED

Idaho Wool Growers Endorse Resolutions Along the Line Previously Adopted at Public hearings: Hugh Sprague, Almon Vining, in Opposition.

Proposals involving considerable alteration in the forest protection laws, as well as public lands, some have been endorsed in 11 meetings in public hearings throughout the state, proposed and adopted in a number of resolutions and motions to be presented to the senate land committee at Salt Lake City week. High Sprague, chairman of the "present" proposed the resolutions because they favor turning over the domain to the interior department and alone, voted against them.

Senate Gets Authorization.

President T. C. Brown was authorized to appoint a committee of three to present the resolutions.

Mr. Bell of the Portland western timber interests, who has been a strong advocate of the bill, declared from his booth, "Any Wood of Chicago was unilaterally regarding the lumber market." Mr. Copeland of the Orpheum vaudeville house, Boise, Idaho, presented a list of furnished numbers to the general audience to be passed on to the senate land committee at Salt Lake City week. High Sprague, chairman of the "present" proposed the resolutions because they favor turning over the domain to the interior department and alone, voted against them.

U. S. TURNS TO FRANCE-ITALY'S DEBT FUNDING

WASHINGTON, D. C., Aug. 20.—

With the signing of an agreement for the funding of Belgium's debt to the United States, the American government may be compelled to negotiate with France and Italy, which are due to mature within a month.

The French are expected about September 15 with the Italian following them as soon as the French four billion debt is adjusted. Both nations will scrutinize closely the terms agreed upon in Belgium in the hope of obtaining an amount of adapting the tenent terms shown to them to their own debts.

The agreement reached with the Belgians concerns with respect to a repayment of pre-arranged and post-war debts. Only one point of difference between America and Belgium is the date of maturity, and that is the time when the pre-arranged debt will be paid off.

All accrued interest was cancelled and provision was made for repayment of only the principal on amounts due on Sept. 15, to take down to the mat. After a swim they will return to the club rooms for refreshments.

The pre-arranged debt of \$171,000,000 was treated in the same manner.

DAVIS CUP TEAM HAS NEW STAR

U. S. Davis Cup Team Is Named Today; Johnson Replaces Harkness

NEW YORK, Aug. 20.—William T. Johnson, of San Francisco, will replace Harkness on the Davis Cup team. Harkness and St. John, Vincenzo Richards of New York and R. Norris Williams II of Philadelphia today were named in the United States Davis cup team.

The announcement was made by the selection committee of the United States Tennis Association.

Harkness, King of San Francisco, was named as the substitute player.

The announcement continued, adding that he had won the first two trials and was an amateur in his two recent trial contests, with Richards, who has placed the letter for number two position on the American team. Richards was given the position last year.

R. Norris Williams, II, was named an amateur of the Davis Cup team. Karl Harkness and Dean Murphy were named as a committee on playing strategy.

Watching the Scoreboard

Yesterday's Hero—Cotton Pirato. Brooklyn pitcher and former Pirato tripped in the seventh inning with the bases filled at home in three runs that beat the Pirates, 8 to 7.

Frank Snyder, veteran Giant catcher, doubled over in the sixth and shoved the ball into his glove as he ran that cost the Cubs 7 to 6.

Six errors by the Yankee defense drew the game from under Pennock and the Tigers won 4 to 3.

Cy Williams singled in the ninth and pushed over in the 10th to give the Athletics a 4 to 3 victory over the Pilots. It was the first time the Pilots have beaten Pete Donohue in 21 games.

Gantano's single with the bases filled and a triple by Welsh scored four runs and the Braves beat the Cardinals again 5 to 4.

Six runs scored in a ninth inning rally failed to clear the cap and the Athletics were beaten by the Browns 3 to 2.

With two down in the ninth and the bases loaded, Murphy dashed to the aid of Dixie Walker and retired McNaught on two pitched balls, the Senators defeating the Indians, 12 to 8.

One-pass, a single-and-a-double in the eighth inning gave the Red Sox their only run on Charley Robertson and the White Sox won 3 to 1.

BIRTH CONTROL-KNOWLEDGE

Controversy about the utilization of birth control knowledge can continue as long as any one wishes, but it should be a discussion apart from the question of laws. There can hardly be controversy as to the principle that access to knowledge should be lawful. To prohibit knowledge is clearly outside the proper realm of law. It is especially so in this instance, for the utilization of birth control knowledge is perfectly lawful. To control parenthood is not a criminal act under the law, but finding out how to control it is.

These laws have made the United States a laughing stock among nations. This is the only country in the world to treat a phase of science as criminal indecency.

As a matter of fact there is relatively little controversy by the thinking American public as to the desirability of using this knowledge. What educated men and women think on this matter is obvious from their lives. The large majority of "our best people," including congress, have acquired enough of this illegal knowledge to place the average birth rate of the country at a figure which plainly indicates the wide-spread achievement of controlled parenthood. (The U.S. rate is 22.8 per 1000. An uncontrollable rate would run upwards of 50 per 1000.)

The people make no effort to keep these old laws, and the government makes no effort to enforce them. If they were enforced, it would put millions of our best citizens in jail.

It is bad enough for the public morals to keep admittedly unenforceable laws on the books, but, in this case, it is also bad for the public health. The retention of these old laws is working positive disaster because quantities of harmful, worthless and rubbishy contraceptives are now being circulated. No laws on earth can stop the traffic in contraceptives. The question facing congress is how to render the traffic lawful and undetrimental. The primary remedial step to be taken is to pass the Cumming-Vaile bill, so that the medical profession will be free to warn the public authoritatively as to methods which are bad, and to properly instruct those who want information, as to what methods are scientific.

There have been two hearings on the bill. Practically the only opposition was from Roman Catholics. They make only one point, and that one is not germane to the bill. They do not believe in scientific birth control and do not want to utilize birth control information. But neither does the bill stand for belief in birth control, nor does it provide any means for circulating the information, nor does it make it compulsory upon any one to have or use the information. The Catholic point of view therefore has no bearing on the measure. As the bill merely establishes freedom of access to knowledge, it contains nothing to which a good Catholic could not subscribe, as a matter of principle, the same principle that makes them keen to protect their own rights to teach what they believe. It is in recognition of this principle that one of the Catholic senators stands for the bill.

WASHINGTON—If ever you want anything from the State Department, take up your abode in the basement of the building where millions or have a strong political pull.

The State Department is the greatest money-making office in Washington. You take off your hat when you go in, or get the state seal. What's more, you are turned into a statesman.

THE LUCKY DEVIL AT THE RADIO THEATRE TODAY

How a department store salesman who longed for the great open spaces won an automobile in a raffle, won a thrilling motor race against odds and finally won a beautiful girl.

RICHARD DIX IN THE PARAMOUNT PICTURE
"THE LUCKY DEVIL"

For his role in the picture of Palmer's comedy-drama, "The Lucky Devil," with Richard Dix in the title rôle, the picture now showing at the Radio Theatre.

With "The Lucky Devil" comes a revival of the automobile racing story by Byron Morgan, the man who made his fortune in the oil business, wrote thrillers and thrillers, this picture is the best attraction Paramount has produced in many months. It is the first of Dix's best work; Esther Ralston, Edna May Oliver and Anthony Japow are the principals in the interesting cast.

The picture is unique in that it brings Len Chancy to the screen in one of his "stratified" characterizations, the most prominent characteristic of this unusual melodrama, with comedy situations galore.

The picture is also unique in that it brings Fay Wray to the screen in a two-reel comedy called "Tame Men and Wild Women." Dixie Cole, the new girl present in the radio drama program and the International News reel completes the bill.

The WHO GETS SLAPPED? A MASTERSPIECE AT ORPHEUM

A屏版 version of Len Chancy's newest dramatic play, "He Who Gets Slapped," is scheduled to open at the Orpheum theatre today for a run of three weeks.
