Club spent an instructive afternoon with twenty-two members and three guests at the home of the office on Aug. 20 Wednesday and through the courtesy of Mr. Thompson and Postmaster. Members were shown much interest in the organization and told how mail was handled, in a very interesting way, giving many ideas of how their State's work taken care of. Mrs. Frank Schubert where the program was completed. The home of the hostess was artistically decorated by Mrs. Irndale and all the girls exchanged with items concerning past United States presidents. During the business meeting the club voted to send a car of canned fruit to the Children's Home in Boise. A paper on "Valuable Stamp Collections" was read by Margaret Reeder.

At the meeting held after the social hour by the hostess assisted by Vera and Biddle Lowry, Agnes Schubert and Esther Ivey. The next meeting will be at Mrs. Grimes' Sept. 23.

Tuesday evening Sister Robert McGinn entertained several of his friends with a theatre party celebrating his thirteenth birthday. After the performance the hostess enjoyed refreshments at the W. M. McNease home on Shoshone street. Those present excepting the host were Tom Peavy, Norman Alvard, Levitt Cranen, Jim Marcellin and John Hunter.

The Blue Lakes Campfire held their meeting Wednesday afternoon at the home of Mrs. Mayme Hayes. The business of the afternoon dealt with plans for the placement of the new permanent campfire at the W. M. McNease home on Shoshone street. Those present excepting the host were Tom Peavy, Norman Alvard, Levitt Cranen, Jim Marcellin and John Hunter.

Tuesday evening Eric and Mayne Coleman were host and hostess at a pleasant farewell party for Miss Durbin who was leaving to make her home in California. During the evening music, games and stories constituted the entertainment. Ladies in the various service groups were present. Those present were Virginia Lawrence, Marion Lawrence, Billy Hill, Virginia and Dorothy Dow, Gladys and Elsie Cox, Clara Marloty Cox, Dorothy Taylor, LaVerne Gillman, Charles Cox, Walter Doss, Edwin Lloyd, and Clara and Mayne Coleman.

The Salmon Salmon Club met with Mrs. Frank Thielert on Aug. 26. The president and vice-president, no business was transacted. Mendanes, Don Stafford and Claude Wood and Mrs. Fausto Mendanes, LaVerne Lee and Mayne Hayes guests of the club. At the close of the meeting delicious refreshments were served. The date of the next meeting will be announced later.

Suffered Two Years, Relieved By Taking Lydia E. Pinkham's Vegetable Compound

Marshalltown, Iowa.—"At the time I began taking Lydia E. Pinkham's Vegetable Compound, I had a severe case of constipation. I was a telephone operator, and had been suffering from constipation with bearing down pains and cramps in my legs as a result of sitting so long. At times I could not do any kind of work on account of my trouble. My mother was taking the medicine for the constipation, and she helped me and it did. I have also taken Lydia E. Pinkham's Liver Pills. I recommend them to everyone. They will answer all letters asking about them."—Mrs. P. K. Evans, Des Moines, Iowa.

Mrs. Norton's Experience—Before I started taking Lydia E. Pinkham's Vegetable Compound I had a weak and nervous, and had such terrible dizzy spells that I could not stand alone. I had to sit down every few minutes and felt all run-down. My husband got me a bottle of the Vegetable Compound and I am surprised at the results. I am taking one tablet, Mr. CLARENCE S. FORMAL FALL  
OPENING WILL  
BE HELD HERE

First of Monthly Merchants' Gathering to be held at the Window Shop and Extension Countries to Grand in Twin Falls. Will Cooperate in the County Fair.

There will be a formal fall opening in the city by the merchants as a result of enthusiastic endorsement voted by the majority of the public that the regular monthly merchant meetings and dinner held last evening at the Perrine hotel. The meeting, which was opened at 6 p.m., was presided over by the chairman of the merchants' bureau of the chamber of commerce, selected a committee composed of C. E. Booth, George W. Williams, J. E. Williams, T. F. Williams to make plans and report within the next couple of weeks. The meeting went on record as favoring the extension of the county fair at Filer and will arrange to let employees off in a way that it will future a larger amount of money than would result from a day closing.

Those who participated in the discussion were: James Langford, and岐嶺山，John Griffiths and Harley Sales of Nampa is playing his father, Jesse Sales.

# A Timely SHOE EVENT Extraordinary In The Idaho Department Store's Busy ECONOMY BASEMENT

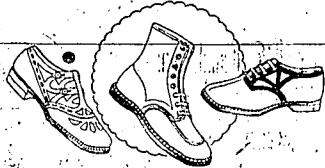

STARTS  
FRIDAY  
MORNING  
AUGUST 28

At the Idaho Department Store's Busy Economy Basement. Timely because there are hundreds of pairs of shoes for girls and boys of all ages and school begins September 14th. The largest wholesale shoe manufacturers, the great Roberts, Johnson and Rand Co., makers of ALL LEATHER SHOES sent us 1728 pairs of their very latest fall style shoes for men, women and children at prices which make it possible to sell them to the people of Twin Falls and the surrounding country, at less, than we would have to pay for them if we bought them in a regular way.

MEN'S,  
WOMEN'S AND  
CHILDREN'S  
SHOES

## THE REASO N

As shoes go through their factories if there is the slightest blemish or the dressing or any slight imperfection anywhere, they are put aside and sold at a material reduction. They look as well, they wear as well and they go to you at a splendid saving. They will be displayed in our show windows and on our racks in the Economy Basement and we will start selling them Friday morning, August 28. Come and see and use your own judgment. Read every item below.

# "FAIR PLAY FOR MIAMI"

Opportunity and Achievement Are Making a Great New Metropolis in the South, Says Noted Florida Authority

By GEORGE E. MERRICK

**F**AIR play for Miami is all that southern Floridians can interpret of its great wealth and development by facts and not by fancy.

An outpouring of articles in newspapers and magazines has created an impression that Miami is merely a hot, dry, dusty, over-crowded, tropical-land-wrecker's representation from 1920 to last, unwarmed by a single fact and traceable to those who seeking personal gain in truth would compare Miami's great development with the blight of Miami's back door, more than the blight itself.

Miami merits more mature consideration and an exposition of its remarkable growth and its potentialities which are steadily increasing it more and more into the national limelight. These are available for those who wish to learn.

I have lived with Miami in the upbuilding of Miami for approximately years, and I am as close to a native as usually can be found there; have done everything from grubbing cacao trees and clearing pine woods to building houses and dams, grading grave roads and alleviating poor graves. I have been in personal contact with most of Miami's principal resources in the actual and manual working out of them, and as far as the development and application of what is now possibly America's greatest really developed, new city of Coral Gables.

In Coral Gables there has been expended in the past three years more than \$2,000,000. There have been nearly \$30,000,000 of realty sales made throughout thirty states of the United States. There have been close to a thousand Mediterranean-type houses built, mostly of stucco and another thousand are forthcoming.

New \$10,000,000 Hotel

Such enterprises in Coral Gables as the Miami-Biltmore Hotel and the Miami-Coral Gables Club, which, with its golf course, tennis courts, polo fields, etc., represent in excess of \$10,000,000, are but a small phase of this development, which has a definite further ten-year program involving a million dollars more.

Coral Gables is only one of many great developments in Miami. There, for instance, Miami Beach, which twelve years ago was a mangrove swamp, is today a genuine city, with millions of Carl Fisher houses transformed into the greatest winter playground of the nation, and where

**EDITOR'S NOTE:** Mr. Merrick is perhaps the best posted man in the whole state of Florida upon the true meaning of the phenomenal growth of Miami and the Miami district. He has lived less than forty years outside a city of tiles, concrete, steel and coral rock, out of what a few years ago was nothing but scrub jungle. That is the City of Coral Gables, covering 3,400 acres, the youngest municipal unit in the United States, and in the United Development Corporation's Mediterranean style has made it the wonder-spot of Florida.

There has been invested in industry more than \$100,000,000.

**Million People for Miami**

Miami's growth has immediately increased from 1,000 inhabitants twenty years ago to the present two thousand inhabitants of today. True, there has been growing faster, gathering momentum with each year, and it will continue to do so until about the middle of next year when Miami will have a population of at least one ton and twenty years into a city of 100,000 people.

The bank deposits of Miami are a fair barometer of progress. They have increased from \$1,000,000 in 1914 to \$10,000,000 in 1924, an average of only a few million per annum. During the summer season, bank deposits fall off but ten percent, while during the winter months, Miami is no longer merely a tourist winter resort.

**\$60,000,000 in Building Permits**

Can you call a city a boom town whose building permits last year were close to \$60,000,000 in greater value than all the building permits issued in the first six months of this year were in 1924? When Coral Gables, Miami Beach, Hollywood and Miami Beach, the building activities are added, there is a building permit issued for the present year to place building permits for more than \$100,000,000, all of which are materialized in concrete, reinforced concrete and the everlasting coral stone. Those certainly are not buildings from which house twigs are made.

A million dollar causeway built only five years ago of stone, concrete and asphalt, designed to meet the needs of the country, has been lengthened to meet present traffic demands.

**Tremendous Expansion**

Thousands of miles of the most

permanent kind of highways gridiron the entire "strip area" and make every part of the entire and only built-up tract of territory literally a part of the city of Miami.

Nearly \$200,000 has been spent by the State of Florida in dredging and filling for agriculture, that great Everglades empire of millions, of which \$100,000,000 is being spent this year.

The developed potentialities of the Everglades alone would in time make Miami a city of a million people. One-half million people has successfully been located in the Everglades directly Miami's back door, more than \$100,000,000 in the sugar industry. Within a comparatively short space of time the Miami district will become America's sugar bowl.

## Great Port Development

Miami's port has just been approved to become the port of the present, appropriating nearly \$2,000,000 for the construction of its wonderful deep water harbor. Despite its poor natural harbor, Miami's port shipping already has grown to the point where a dozen three thousand ton and many freight lines enter Miami.

With the completion of the new harbor, Miami will take its place as a great port of commerce in the Atlantic. It is the logical contact port with all of the West Indies, Central and South America, and for a great eventual trade expansion in the direction of Europe. With the completion of the dredging, Miami will be the railroad link with the Everglades and beyond to the Florida

George E. Merrick

centers like New York that offer but really pitiful living advantages for the middle-class family.

## Miami, Home of Opportunity

**Great Miami waits Cities were** built in twenty-five years by farmer migration from the East. Was it not the same in a million cities to be drawn in ten years from the congested East, the semi-congested West and Middle West to Miami, where the lure, promise and results are a hundred to one more powerful than they were in the Middle West migration?

In Miami the nation has truly ruggedized its youth. Optimism is in the air, energy is in the blood, there is an outlet for born talents, resources, and founded upon a range of potentiality and opportunity absolutely new to American life.

**Miami is the mining in America.** In one fine, shining piece of the subsoil there is a deposit of that very American dream—deposits of freedom, opportunity, and achievement.

### PIRATES ARE PICKED TO WIN FLAG BY REDS AND CARDS

American League—Winners Will Be Defeated by Pittsburgh Pirates Is Opinion of Two Western Chieftains. Giants Will Finish in Third Place Is Predicted.

B. HENRY J. PARTRIDGE, NEW YORK, Aug. 27.—Predictions of the choice of the managers and players of the Cincinnati Red and the St. Louis Cardinals to win the National League pennant and the world's title.

The two western clubs, which have been in action for the last month, failed to win the hard-fought battle of the Pirates will carry them through

the National League pennant and manager, according to the western chieftains who are in a position to know the American League pennant.

"We have shown the Pittsburgh club the best pitching in the league and we believe that they will win the pennant," said Jack Hendricks, Reds' manager. "Our opinion is expressed by my players."

Hughie Jennings, manager of the Cardinals and his players also said that the home team would bring the pennant through to two championships.

"The Pirates have good pitching as well as a certain offensive," said Jennings. "They are a good ball club and I don't believe there is any way to stop them from winning the pennant and the title."

The Reds' record is 100 to 72, much that the team they will finish second and third, and that the Giants will not be far behind them, third.

Rogers Hornsby is bearing more than a year now.

"We are working hard to finish in the top half of the league, and we will be in there for a piece of the money. We will be a better club next year," he said.

A newspaper fit to enter your home is a fitting place for your advertisement.

The Times is unquenched for news in Southern Idaho.

## Watching the Scoreboard

**Yesterday's hero—Johnny Rawlings, Pittsburgh sub, hit a Homer and helped score a 10-1 victory over the Braves 2 to 10.**

**Menly's home—Eddi the Giants 6-5 victory in the first game but the Reds won the record game in the 13th when Caveney drove in a run with a single.**

**Carell's good pitching helped the Reds with their victory over the Phillies and moved them back into the first division.**

**The Yanks tied the bases in the first inning with nine runs but failed to score off Faber and the White Sox won 8 to 6.**

**Thirteen hits of five pitchers enabled the Browns to beat the Indians 11 to 8.**

**Cochrane's double and two infield hits scored the only run the Athletics could get off Oldie and the Indians won 8 to 1.**

**Whitfield won his fourth game in a row for the Tigers by beating the Red Sox 10 to 6.**

**The Phillies moved up into sixth place when they won their first game in 12 to 10. Schaeffer knocked out of the box for the second time in successive games.**
