LEGION MEN CRITICIZED ON CONDUCT

John R. McQuigg of Cleveland Is Elected Commander of the American Legion on First Ballot; Resolutions Chairman Declares Too Much Rowdiness in Omaha Convention.

OMAHA, Neb., Oct. 9.—(Concluded from previous page.) Legionnaires at the present convention of the American Legion here were heavily critical on the acts of the convention. Parties in General Massachusetts, chairmen of the committees on resolutions here declared that too much rowdiness in the meetings was to blame for disorder and mishap in or any in the history of the Legion.

John R. McQuigg, of Cleveland, was elected to the office of commander of the American Legion on first ballot.

McQuigg, a lawyer, was chosen on the first ballot over Edward E. Spafford of New York City and Howard P. Savage of Boston.

McQuigg received 607 votes, Spafford 224 and Savage 57.

McQuigg, who is now a captain in the Regular Army, was born in Cleveland, Ohio, 60 years old, and is a veteran of the Spanish-American war and was a colonel of engineers in World War I. He is now serving on the Mexican frontier.

McQuigg started his military career in 1904, serving in the Regular Army in the Cleveland Gray, crack militia company of his home city. He has served as commander of the Ohio department of the Legion since 1921.

J. A. Howell, of Ogdensburg, N.Y., only one other man, Leo Harrow of Mass., was placed in nomination for the command.

Rev. Wm. Patrick presided chaplain.

OREGON WILL GET TRUNK LINE EAST SAYS S. P.

President of Southern Pacific Testifies Before Interstate Commerce Commission Says Oregon Will Get New Transcontinental Line East.

Southern Pacific, Inc., president, testified before the Interstate Commerce Commission today in Sacramento, Calif., in a hearing on the transcontinental railway situation.

The line will be located on one hand on the great agricultural and timber section in Oregon and on the other will provide a mid-continent route through the mountains direct service to the major port of the United States.

Spindt's testimony was based on application for a new transcontinental line to construct a line from Klamath Falls southwardly through the Tulare Lake country to the Nevada state line, crossing the mountains direct service to the major port of the United States.

Southern Pacific, Inc., president, was present before the Southern Pacific, Inc., in the last light, to examine and control of such central Oregon.

This complete alignment was submitted to the commission in the Oregon rail controversy before representatives of the interstate commerce commission, who, William Sprague, general manager, presented a telegram from Carl H. Gray, president of the Union Pacific, pledging aid in furnishing water to Oregon with an amount of \$100,000.

This telegram was introduced to refute the contention of the Northern Pacific, Inc., that the railroad failing to reach the Oregon trunk line south from Bend to Klamath Falls that one could not be satisfactorily supplied by the Southern Pacific, Inc., Falls.

NEW YORK—The Berlebach-Jack Company will open its offices in Madison Avenue, New York, December 11, will be followed one week later by a match shop, Harry (Gerb) and Harry (Gerb) of the Gerb Brothers. Manager Joe Roberts announced.

Bishop Brown Is on Trial for Heresy and May Be Ousted

NEW ORLEANS, La., Oct. 9.—(Concluded from previous page.) authorities of the Protestant Episcopal church today quietly served notices on Wm. Montgomery Brown, heretic, that he had been excommunicated from the communion hall if the cause of further embarrassment.

Brown, who was twice convicted of heresy, became of name than he is known, and is a member of the congregation of the church which he left.

An influential messenger was then sent to Brown with the suggestion that he return to the church, and again against him was formally passed, but they would not tolerate any further discussion of his case.

Bishop Brown was unable to deliver his prepared address to the house of bishops before his trial, but he gave the following representative his side of the case and has consented to its release.

Brown: *Be it known, I am not a heretic and my beliefs are not heretical.*

Williams: *Montgomery Brown, beloved bishop of Arkansas made a stirring speech to the house of bishops before the Protestant Episcopal church today pleading why he was a heretic and an atheist and demanding that the charges be dismissed.*

What you demand, youth, is that I know what you would substitute for condemnation and punishment of heretic in an Anglo-American church and its house of bishops, both of which you have denied.

“I will not accept the super-nature of the bible and the creeds,” said Brown, “but I do accept the spirit of the prayer book.” The former cleric told the assembly that he was in a new age, the age of science and truth.

“I am a heretic, but I am not a heretic,” Brown said.

In a seven thousand word speech bristling with sarcastic references to the confounding of the church and its house of bishops which he said “was full of heretics” and declared he would not go to the last attempt to deprive him of his “canonical rights.”

American Federation of Labor Will Oppose Modifying Law to Let More Japanese Come Into U. S.; Propaganda Launched in Favor of Letting Japs Come In.

ATLANTIC CITY, N. J., Oct. 9.— American Federation of Labor will oppose any modification of the proposed immigration law to let more Japanese come into the country.

With consultation on immigration unbroken, that massive propaganda campaign has been turned toward what the Japanese will say about the proposed pact, agreed upon, but the conference yet have failed to agree on common ground in regard to the terms of the proposed League of Nations and proposed arbitration treaties between Germany and Austria.

Austin Chamberlain, foreign minister of Great Britain, issued a statement today in which he said that

“I have asked for no concessions, but I want to keep secret the negotiations so that mutual concessions will not be jeopardized, that treaty will be signed.

“To that I give my pledge,” he said.

The British statement said that the Conference had agreed on the “most friendly basis” that “all are optimistic about the outcome.” Germany is evidently anxious of the result, the envoys said.

Chamberlain declared, “I have every reason to believe the peace will be better before the conference will be closed with the verdict of the delegations of the delegations.”

Dirigible Disaster Is Blamed on Navy by Widow of Commander Lansdowne

(Continued from page 2)

WASHINGTON, Oct. 9.— Responsibility for the Shenandoah disaster was directly claimed by Mrs. Margarette Lansdowne, youthful widow of the ship's commander, when she testified today before the Senate investigation.

Today, Mrs. Lansdowne charged that the navy chief had ordered the eastward try of the navy's dirigible, which she asserted, was the cause of the accident, and that the try was inspired solely by political motives.

Dressed in mourning for her husband, Mrs. Lansdowne, who died October 14, the widow told the court she was appearing to answer Secretary Wilbur's accusations, which she said, were proved false, by the inquiry.

Members of the court privately declared they would accept her word, should she cross-examined and finally permitted her to have the stand with other cross questioning.

The main point in this correspondence is that the widow alludes in a letter to my husband from the chief of naval operations dated August 12, 1925, in which the commanding officer of the Shenandoah is represented as follows:

“I recommended that the flight be made at the end of the second week in October, but the date was set aside by the secretary of the navy.

“Members of the crew were unprepared for the long-distance flight.

**IT'S CRUEL TO
"PHYSIC" A CHILD**

To Dr. W. B. Caldwell, of Montreal, the "physician-physician" for 47 years. It seemed cruel that he should have to be kept constantly stirred up by the "cathartics, pills, salts, cataplasms and many other oils." His sole remedy for constipation was the cause of nearly all children's "illness" he did not believe in a sick child. He would prescribe "nothing" every little while was necessary.

In Dr. Caldwell's Syrup Peppin he discovered a laxative which would do a single dose to establish natural healthy bowel movements. It grew to be, then, even if possible, more popular than ever. Dr. Caldwell's Syrup Peppin not only causes a gentle easy bowel movement but, best of all, it does not offend the stomach. Besides it is absolutely harmless, and as pleasant that even a cross terrorist will be won over.

Buy a large 40-oz. bottle of any store that sells Dr. Caldwell's Syrup Peppin and see for yourself.

BUHL NEWS

By M. M. Van Patten

The library has two more of the "Reading with a Purpose" reading courses. The English literature course has been prepared especially for school children out of school, who wish to know more about English literature. It consists of a brief history of English literature, a guide to the best books, and a guide to a few of the best books. The books are arranged for consecutive reading. All of the books are in good condition.

The second course now ready is Great American Books, which is planned for adults. Both Sharpie, those who have been planning some day to renew their acquaintance with Hardy, Melville, Wharton, etc., will find great authors will find these courses just what they have been waiting for, it is stated.

RIM TO RIM SOUGHT BY TWO FIRMS

Joint Gathering of Chamber of Commerce and Credit Men's Association Pleased to Learn That Portland Capitalists Would Compete with Goliathites for Privilege of Building.

The acute competition between Atlantic and Pacific seems to have come to a head in the Twin Falls bridge over the Snake River, of which President Shad L. Hodges of the Chamber of Commerce, Spokane, last week, in a speech, was accounted today by the publication of the following telegram from President Dr. George W. Clegg, American Association of Engineers of New York, who has been recently checking up for eastern capitalists, who are interested in the bridge and have taken steps to send a traffic expert to Twin Falls to check my estimate.

The large gathering of business men who attended the joint meeting of the chamber of commerce and the credit men's association under the chamber's merchants committee at 6:30 dinner at Tom's last night, evidently the first formal organization, tell about the strategic importance of the position of Twin Falls. It is estimated that the decision will be reached for the privilege of building the rim-to-rim bridge was received with applause, from the audience.

The Hutton bridge had a few minutes before told the chamber of commerce he heard that Portland capitalists were interested in the bridge without the aid of any "tip-offs" and that this place, in particular, had this place, in particular, had this place, in particular, had this place, in particular,

and I am sure that the two firms are now in agreement to build the bridge. Value of Credit Society.

The value of the Twin Falls Credit Association was estimated to be \$100,000,000. Mr. Willard S. Hill, by John J. Hughes and others. There were various topics considered by George Atkinson, Andrew L. Johnson, Charles T. Thompson, H. C. Ericson and C. E. Pickett Chairman, F. W. Bronauger of the merchants committee, and the general manager of the bank under the auspices of which the gathering was held, told why he had determined to go to Idaho and then return to Twin Falls and stay there, to Twin Falls frankly.

Homes to house, caravans, politicians, loggers and other citizens and the like were freely discussed.

MEANS PROMISES REFORMS

Comes now the state commissioner of agriculture and tells the people what he will do if elected governor and says that they can get all reforms promised if they only have Means to get them. This has caused the state land commissioner to Nash his teeth with rage, and say that the man who gets in must show his qualifications by having I. N. for initials. However, the Parniaites are not satisfied with either of these viewpoints and declare that the Republican elephant must have a Billbridge on his head of his ticket will not go through. But down at Oakley, they all McMurray (make merry), over this situation and agree that the man from the West-Pearl town is oil right.

PROFIT BY THIS WARNING

The boys' dormitory of the Catholic mission on the Nez Perce Indian reservation near Lewiston—a small flimsy structure—burned to the ground and cost the lives of six children ranging in age from five to 14 years. Their deaths were heroic, because they returned to the burning building to arouse their slumbering companions and rescue them. But in their zeal to help others they gave their own lives. They were suffocated while trying to leave the blazing building. Without adequate protection from fire, isolated and made of material that is food for flames, this school holocaust took a frightful toll.

The first should serve as a warning and bring about an immediate and drastic inspection of public buildings, schools, etc., in this state and this city. An ounce of prevention is worth a pound of cure. Fire protection is the best possible insurance that can be carried by any community. Now is the time to exercise greater care. This is the season of the year when we can expect fires. Furnaces and heating plants should be inspected, fire escapes should be tested. Fire extinguishers should be overhauled. While the Nez Perce fire was a disaster, it may serve a good purpose by arousing others to take precautionary steps that will prevent one of greater magnitude.—Ex.

Noted Singing Evangelist Coming

Mr. Braswell is a noted tenor and former grand opera singer and was intimately acquainted with the late Enrico Caruso, of whom he has many interesting stories to tell. Mr. Braswell will sing in the Christian Tabernacle on Friday evening.

System Is Nearing Final Completion

The Buhi highway district is completing the last three and a half miles of gravel road provided for in the bond issue of \$100,000 and will finish the job before the end of October. The roads on the other to build the bond in the district will have 100 miles of them.

Lesson for October 11

PAUL IN CORINTH

LESSON TEXT.—1 Cor. 4:1-11.
MEMORY VERSE.—"I have said, but speak, and hold not back the peace."—Acts 20:20.

PRIMARY TOPIC.—God Protecting Paul.

INTERMEDIATE AND JUNIOR TOPIC.—The Young People and Adult Topic.—Young People in Corinth.

YOUNG PEOPLE'S CHURCH IN CORINTH.

1. The True Missionary Method (v. 1).

Paul came to Corinth a stranger in a strange city. He did not have an audience, but he had his advertising. His method in gaining a foothold in Corinth was as follows:

1. Finding a Home (v. 2).

This he found with Aquila and Priscilla, Jews who were recently expelled from Rome by the cruel edict of Claudius.

2. He Taught for His Daily Bread (v. 3).

He was in the same craft with them, being a tanner. Young Christians, the Jews, taught some trade by means of which he could earn his livelihood, should occasions require.

3. Preaching in the Synagogue at Corinth (v. 4).

Through Compelled to Tell for a Living While Getting a Foothold in Corinth, He Did Not Lose Sight of His Main Work (v. 4).

He remained in the synagogue every Sabbath, preaching the Jesus and His kingdom. The Corinthians should not be above honest toll; when no earthly master, he must not allow toll to interfere with preaching the gospel.

2. His Activity Was Tremendous (v. 5).

With his wife, he conducted three causes:

(1) They brought good news from the church at Thessalonica (1 Thess. 3:2).

To hear of the steadfastness of those who had forsaken Christ under his leadership, Paul new vigor in his ministry.

(2) They brought pecuniary gifts from the Macedonian church (Phil. 4:15; 1 Cor. 16:1).

With these funds, the necessity of tolling for a living, he could now devote more time and energy to the preaching of the gospel.

(3) Silas and Timothy became assistants to Paul's work.

Paul Opened (v. 6).

His increased activity was met with increased opposition. As the Lord's minister became more aggressive in his work, the ministers of Satan put forth corresponding efforts in opposition.

4. Paul Announces His Purpose to Turn to the Gentiles (v. 6).

Because of their blasphemy and opposition, he decided to withdraw from the church at Corinth to another.

5. The Lord Said It Was a Time When Judgment Causes One to Abandon Work Where Efforts Have Been fruitless, but It is difficult to know just when to do It.

"Oftentimes lasting harm is done to the work by preachers who, while people have turned against them, pride themselves on their work."

Paul's declaration, "I am almost a most solemn one,"

6. He Did Not Go Far Away (v. 7).

He remained sufficiently near them, where he could easily find them, that they would easily find him. It is likewise true that although Christ is obliged to depart from the soul that refuses Him, He lingers with yearning love around that heart.

7. It Was a Time When That Which Had Happened Could Not Be Reversed (v. 8).

Captain, the chief ruler of the synagogue, was converted. Perhaps Paul's severe action in turning away from them moved Captain to act.

8. Paul's Return to Corinth Causing to Guests were very trying. He needed encouragement at this time. It is just like the Lord to come at the time of the servant's greatest need. Note the following:

"Be Not Afraid." When one is executing the command of the Lord, he need not be afraid.

2. "Speak and Hold Not Thy Peace." The one who has heard the voice of the Lord, need not be afraid.

3. "I Am With Thee." The Lord is with every one who faithfully executes His commands.

"And Shall See on Thee, In That Day." This one sent by the Lord to do a work is immune from danger and harm until his work is done.

"I Will Much Protect Thee." The Lord is with every one who faithfully executes His commands.

4. "I Will Not Separate From Thee." To know that in the great cities the Lord has His own people, and that the one who goes in His name shall have fruit for his service.

All Are His

It is not the high number alone that is God. The winter, also, is His, and all man's winters are His—the winter of our poverty, the winter of our sorrow, the winter of our unhapiness, even the winter of our discontent.—George Macdonald.

Character

Character requires a still air. There may be storm and upboreal winds, but there must be peace within for the soul to thrive.—Rev. T. T. Menger.

Never choose a sole simply for its thickness. Many people still think thick soles wear better; as inferior leather is often treated with acid to make it look thick. But the wear isn't there. The acid rots the fibre and saps the strength.

The most desirable soles, from today's high-bred cattle hides, are of medium weight, selected only from the small sinew portion of the hide which wears best.

We use "K.L." acid-free, natural medium-weight sole—no thicker than the soles that were on the shoes when new. We advise against using hard, flinty, heavy weighing acid-swelled re-soles that pull the uppers off of shape and shorten the life of the shoe.

Every "K.L." Prime sole, such as we use, is trademarked so that you cannot only ask for them by name, but also know that you actually get them and assure yourself the advantages of genuine leather, acid-free soles—nature's footwear at its best.

WE tell you what WE use, and why—because this is a service shop.
