

NEWS OF THE SPORT WORLD

BRUINS TAKE EASY VICTORY FROM PAUL

Twin Falls Wins Easy Game with Paul but Latter Scores Touchdown from Kickoff After 90-Yard Run by Sanford; Bruins Score First Touchdown in Three and a Half Minutes.

Paul 49
Twin Falls 14

The Twin Falls high school football team defeated the Paul team yesterday by the one-sided score of 49 to 14, according to the official report, but the news here records the score was 61 to 7. The remainder of the game came in the fourth quarter when the Bruins kicked off to Paul and Sanford, the speedy half-back carrying the ball and started to run across the field toward the west goal but ending himself blocked by the Bruins line. The Bruins crested back and by clever dodging of several tacklers ran about 90 yards for a touchdown. Several Twin Falls players should have stepped in but they failed to get their hands on the slick Paul. The Bruins were offside and Paul was awarded the goal without kicking it over.

Twin Falls gained consistently and at will over their opponents and several times made touchdowns in two and three plays after taking the ball. Several forward passes were successful yesterday and many others failed. In the last quarter Krivanek handed to Paul and he ran 20 yards through a broken field for a touchdown in the second play after the Bruins scored.

The first touchdown of the game came just three and a half minutes after the game started when the Bruins carried the ball over for the first quarter. The Bruins kicked over the goal line and Paul was given the ball on the 20-yard line. Paul was penalized for stalling and then kicked the line for five yards. Paul was short on punts and kicked to the 20-yard line. Kelly made the first down on two attempts and Paul Martin clipped off eight yards.

Martin placed the ball on the 12-yard line and Kelly took it over for a touchdown. Martin and Kelly circled the ends for long runs and the Bruins did not back the line much in the future. Here played quarter and ran the team most of the game and his backwork and signals were fine but there was so much fumbling on both sides. The Bruins are not justified in fumbling against such a team as Paul. Robinson's left half played a good game and carried the ball well for his first game. Paul worked several nice plays for pretty fair gains. On a fake punt formation (Greenwell) got away for 25 yards. The whole backfield team was fast and slippery when tackled.

AFTER the first touchdown the Bruins kicked to Paul's five-yard line

and Paul carried the ball back three yards. After three attempts with only one yard gained each try, Paul fumbled behind the goal line but the officials did not give the Bruins a touchback. Kelly kicked to the 30-yard line and Paul ran the ball back ten yards. Kelly carried the ball over on the next play for the first and only touchdown. Kelly kicked the goal making the score 14 to 0. The Bruins kicked off over the goal and Paul again made short gains through the line but was forced on kick to

run over the goal line. Kelly ran the full distance to the goal around the end for the next quarter and Berg kicked 20.0. Kelly kicked to the 10-yard line and Paul ran it back 20 yards. Paul lost 10 yards and Sullivan blocked a punt which Paul recovered. Greenwell got away for 25 yards from the back formation. Paul was intercepted a pass on the next play and faced 20 yards before he was downed on the 10-yard line. Martin blocked it over and Berg failed to kick. The Bruins kicked off over the goal and Paul was tackling consistently through the line as the half ended.

Second Half.
Coach Plattstro sent in Petzold for Lucas at guard, Johnson for Sullivan at center and Martin for Kelly at half. The Bruins kicked off and Paul was unable to work the run from the formation and was forced to kick. The kick was hurried and intercepted by Hamilton on the 10-yard line. Krivanek tore off seven yards and Berg carried it over and kicked goal; 24-0. Twin Falls kicked to the 20-yard line and Paul ran it back five yards. Paul again got

away for a 30-yard gain around end but lost most of it in the next three plays and kicked. Hamilton made 20 yards around end and Robertson counted for 15 more and Hamilton repeated for 20 more. Krivanek covered 15 yards more and Hamilton placed the ball on the Paul five-yard line but fumbled and Paul recovered in the quarter ended.

Paul was kicking from behind the goal and the kick was downed because he could kick, giving the Bruins two points; 26-0. It was Paul's ball on the 30-yard line. Paul fumbled and Twin Falls recovered the ball on the 10-yard line. Krivanek repeated the same offense and Paul recovered, but were thrown for a 15-yard loss, and their kick was short, allowing here to back it over for another counter; Berg converted 42-0. The Bruins kicked off to Sanford who caught the ball on his own five-yard line and he raved through the entire Bruin team for 35 yards, leaving Paul's only counter. The Bruins were offside on the try for goal and Paul got the extra point, 48-7.

New Line-up.
Paul: Sullivan, R. Sanford, Paul; Dutzler, Left End, Martin; Lehner, Left Guard, Bush; Prabin, Left Tackle, Murray; Lucas, Right Guard, Murray; Frazello, Right Tackle, Robinson; Miller, Right Tackle, Macdonald; Berg, Right End, Clark; Quarterback.

Hobertson, Half, Sanford; Martin, Right Half, Smith; Kelly, Fullback, Greenwell; The Paul team is being coached by W. W. Nixon and continuing their material he is doing splendid work.

ALBION WINS OVER FILER

ALBION, Oct. 17.—Albion high yesterday defeated the Filer Wildcats, 11 to 0, in one of the hottest football contests either team has had so far this year. The Wildcats were plainly outwitted and out-manuevered.

The first quarter yielded a touchdown by Filer, Duppell making the score after recovery of a fumble from the Albion ten yard line. Stages of the game were Amos and Linn of Albion, Danzell, Dicht and Hall of the Wildcats.

In the second quarter Albion scored a touchdown and a goal kick which brought the score 7 to 6 in favor of

the Albion team. In actual attack, featured this quarter. The end of the third quarter had found the Albion without record in a rally. The Bruins succeeded in reaching Albion's four-yard line, but could not get the ball over the goal line. Albion then punted, recovered from a fumble and carried the ball to another touchdown. And another goal kick was kicked.

The fourth quarter found Filer attacking it more easily and on four occasions the Wildcats held Albion to a minimum when the latter was on the Filer ten yard line. Three touchdowns were scored.

JUHL, SCHOOL FOOTBALL SCORES.
Greenlee, 20; Amos, 0; Albion High, 0; Rupert, 21; Pasco, 21; Madras, 0; Moscow, 22; Cour d'Alone, 0; Kimberly, 7; Twin Falls, 14; U.

ANNOUNCEMENTS.
The Star Social club will meet with Mrs. L. H. Taylor, 523 Third street, next Monday afternoon.

If You Haven't Saved Before

you will appreciate the complete record of income and outgo that is yours when you use a "TWIN FALLS BANK & TRUST COMPANY" Checking Account.

It will show you where you spend your money, making it possible for you to plan economies—and though you can save but little, your deposits will be welcome in our Savings Department.

"1095" yet I certainly place it in the "2000 class!"

... "And better than the car I discarded which cost me almost twice as much," says the same delighted owner!

"Beauty such as has never before been seen in a popular-priced automobile! ... "A symphony in color" ... "to ride in the ordinary Six, men to experience the luxury and comfort of this one, is like comparing a day-coach to a Pullman" ... "as fine a specimen of engineering as I have ever seen" ... these are but a few of the sentiments expressed by present owners and they represent the opinions of others by the thousands!"

"The Handsomest Car on the Street" — "one owner calls it"

... a spectacularly beautiful color-composition in base of body a rich, beautiful blue-upper structure two beautifully blended tones of gray-gleaming jet-black top chrome die gold line running all around the body-belt adds a stiff further touch of richness ... Beauty in general effect-beauty in details-beauty in color-harmony—from every viewpoint of good taste and good appearance this Big Overland Six will excite your admiration as it has that of every man or woman who ever has seen it!

Inside, "a Superb Specimen of Quality Upholstery, Luxurious Equipment" ... the interior of this car is upholstered in rich Baker Velour throughout, beautiful in

in slouch and texture, soft and cool to the touch—dust-proof, moth-proof, extremely long-wearing ... Deep extra-comfortable cushioning ... pitch of seats ensures a driving-and-riding comfort you have associated only with the finest automobiles ... Generous seat-room for 5 passengers.

"All My Friends Remark Upon its Delightful Roominess" ... This another owner speaks—and why shouldn't the wonderful spaciousness of this big comfortable car cause comment? ... An extra wide area of 16 1/2 cubic feet—the equivalent of the amount of space ordinarily occupied by 150 more people ... Consider what all that extra roominess means to the comfort and enjoyment of yourself and your passengers ... Comfort-abiding. No cramping, no crowding.

"An Engineering Masterpiece" — "an internationally famous engineer" ... describes it

... In every sense the power-plant of this big Six is a positive wonder. It is a simple statement of fact that never before underlied and worked together more harmoniously or more efficiently. Power enough for your every need—lightning getaway—unbeatable stamina—the lowest gas and oil consumption you've ever known in a six-cylinder automobile ... The finely balanced crankshaft is drilled for positive force-lead lubrication at all speeds. Engine, clutch and transmission are a unit, all completely enclosed for protection against mud and dirt ... "Everything about this car suggests bigness, quality, richness, elegance"—this is the expressed impression of owner after owner ... "to the best of our knowledge and belief, no better materials, no greater care, no broader engineering experience have ever been more concentrated on the production of an automobile."

Come—See This Master Car

Examine it from the outside in, from the inside out. Scrutinize it completely, thoroughly, from head-lamp to tail-lamp. Bring all the facts you are able to gather about any Six selling under \$1995. Then compare. Only in this way can you form any adequate idea of the comparatively greater value that is yours in this De Luxe Overland Six Sedan AT ONLY \$1095—L. O. B. factory.

KIMBERLY NEWS

Mrs. R. H. Denton returned Tuesday from Blackfoot where she attended the district and state conventions of Women's Federated clubs as a delegate from the Ladies' Pioneer club of Kimberly.

Piert Olsen, youngest son of Mr. John Olsen, sustained a broken arm Thursday morning.

Wednesday evening as they were returning from Murtaugh Mrs. J. Frank Henry and Mrs. Frank Wilson

had a narrow escape from death. In attempting to pass a car the car driven by Mrs. Henry skidded and tossed gravel and turned turtle. The car was badly wrecked but the ladies escaped with only minor bruises and a general shaking up.

The Legion boys and the Ladies' Auxiliary enjoyed a jocosant dinner at the Legion hall Tuesday evening.

Mrs. Nelsina Berry has been quite sick for several days. Her mother arrived Thursday from Trow, Utah, to take care of the child while Mrs. Berry goes to the hospital for an operation.

Mr. and Mrs. A. E. Pettigrove have

gone to California to spend the winter in hopes of benefiting Mrs. Pettigrove's health.

Mrs. L. J. Faley of Murtaugh entertained the members of the Kimberly bridge club and a few other friends at a "delicious" Halloween party on Wednesday afternoon. The house was decorated in black cats and witches and other Halloween emblems. The party cards used in the games of bridge, the table decorations in the parlor—all reflected the same theme.

Prizes for high scores were won by Mr. Jas. Nygaard and Mrs. J. Frank Henry. These prizes were the Mercedes J.

Frank Henry, L. G. Wilson, F. E. Wilson, W. A. L. Stone, J. L. Shepard, O. L. Ross, H. E. Powers, L. H. Denton, L. C. Doty, James Nygaard, and Glenn Whitney at Kimberly and Mrs. Johnson of Murtaugh.

Mr. and Mrs. Axel Peterson visited relatives in Oakley last Sunday.

Mr. and Mrs. Jas. Shoemaker and family drove to Buhl last Sunday and spent the day at the A. Chamberlain home.

The best way to mind your own business is to tell others about it through their newspaper.

A large auditorium and field house costing \$250,000 is to be erected at the University of Nebraska, Lincoln, financed entirely by the athletic board of the university. The athletic board of Leland Stanford University is building and financing three dormitories on the campus for university students.

A department of child helping has been endowed at the University of Pennsylvania by Mrs. William T. Carter of Philadelphia. The purpose is to train those who, as parents or teachers, are charged with the upbringing of children and their moral and mental development to meet the obligations of life and of good citizenship.

A copy of the Declaration of Independence and of the Federal and State Constitutions will be presented to every grammar school graduate by the State of New Jersey. Provision for this was made at the last session of the State legislature. Dental clinics in schools, and pensions for school medical inspectors, as well as for janitors injured in service, were also provided. A law was passed prohibiting discrimination on account of sex in the employment of public school teachers.

AGRICULTURE IMPROVES

Compared with purchasing power from 1909 to 1914 the dollar of the farmer was worth 93 cents in August. That figure, just made public by the department of agriculture, is based on the average selling price of thirty agricultural products, representative of the United States as a whole. The cotton crop, the great reliance of the south, stands to bring its producers about \$1,500,000,000, approximately the same as last year. Wheat will return to its growers about \$1,000,000,000, which will be near or slightly below the income from that grain in 1924. Generally speaking, the corn crop promises to be fair to good. Minor crops do not suffer when compared with the others. Dairying and livestock growing also show promise.

When it is remembered that there are more than 6,000,000 farms in this country, and that 30,000,000 persons are directly dependent on agriculture for an income, there is sufficient reason for encouragement as to the farm outlook. The nation now has two fairly satisfactory crop years in succession. They have done more than bring about a revival of optimism in rural territory; they have had a stimulating effect on all lines of business. This reinforces the old truth that without satisfactory agricultural conditions there must be an inevitable period of depression in commerce generally. There is, obviously, no perfect balance yet in the economic machine, but the point is that it is working better. The task now is to keep it going as well as it is or better, while making such adjustments as the considered judgment of the people and their government dictate.

Freight rates, tariffs, cooperative marketing and crop diversification are subjects which have prominent bearing on the problem. Each of these phases is sufficiently complicated to call for expert ability in their handling. Yet the sooner they are dealt with in a comprehensive and logical manner, with the aim of affording equal opportunity for prosperity to all, the better it will be for everybody in the long run. In considering the revival of farming, it ought not to be overlooked that the improvement to date largely is due to the working of natural forces.—Exchange.

Business Is Built on Banking

THE modern business structure rests on credit and the commercial banks are its credit reservoirs. This institution extends to the business men of this community a cordial invitation to use these many facilities for the promotion of its many business activities.

TWIN FALLS
NATIONAL BANK

BACK OF A GOOD NAME

Rarely in manufacturing history has a name entrenched itself so firmly in the confidence of the entire world as the name Dodge Brothers.

Everywhere and to everyone this name means but one thing: a product built honestly of the best available materials and sold at a just price.

Behind this product, this price and this enviable reputation lie certain impressive and fundamental facts.

So important is a knowledge of these facts to the motor car buyer that Dodge Brothers, Inc., have determined to publish them, from time to time, until every newspaper reader in America may be presumed to have read them:

Dodge Brothers, during the past eleven years, have built and sold more than one million four hundred thousand motor cars—and more than 90% of these cars are still in service. This record requires no comment. It stands impressively alone in motor car history.

It has never been Dodge Brothers policy to build yearly models. When an improvement, that is really an improvement, is discovered, it is made at once. Their slogan, "Constantly Improved But No Yearly Models" is familiar the world over.

Dodge Brothers build one chassis and only one. This policy materially lowers manufacturing cost. It also enables Dodge Brothers engineers to concentrate their entire time and thought on the betterment of this one type.

Dodge Brothers have never had an "off year" or an "off car." This is because they have never used the public as a testing ground for "new models" or lowered the quality of their product in the slightest degree. Every change has been an improvement on the original design.

Dodge Brothers pioneered in building the first all-steel open car and the first all-steel closed car. These epochal develop-

ments have saved Dodge Brothers owners many millions of dollars by materially prolonging motor car life and by effecting marked economies in manufacture. This construction has also reduced incalculably the danger from accident and fire.

Dodge Brothers sell directly through their dealers to the purchaser. There are no sectional distributing agencies to increase the cost of distribution and the cost of the car.

Dodge Brothers have never given so-called "free service." The car is sold at a fair and honest price. Nothing is added to this original purchase price to pay for service that the owner may never need.

Dodge Brothers Dealers were pioneers in unanimously adopting the flat rate service system. By this system, the owner knows in advance what any service job will cost. There are no unpleasant surprises in his bills.

The sturdiness and long life of Dodge Brothers Motor Car is reflected in its resale value. Comparatively few Dodge Brothers Motor Cars are advertised in the resale columns of the newspapers. The values they bring testify unanswerably to their goodness—and the public's belief in their goodness.

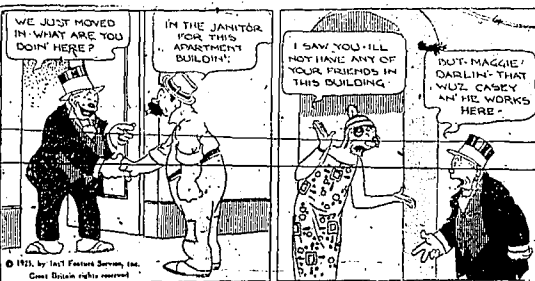

The time has passed when transient novelties can lead a thoughtful buyer to overlook the great essentials of motor car worth. A few of these essentials, outlined above, go far to explain why Dodge Brothers name is accepted, the world over, as the hall mark of dollar-for-dollar value.

SAMPSON BUYS LOGAN MUSIC CO. BUSINESS

Well-Known Corporation Will Close Out Present Stock and Install Complete and Permanent Line of Everything in Music and Radio; Twin Falls Prospects Attract Firm with Several Stores in Idaho.

Purchase of the Logan Music Company stock and business by the Sampson Music Company, incorporated, was consummated this afternoon at the big sale of the present stock to start Tuesday was announced at the same time. This sale is the result of the installation of a complete stock such as that maintained by the other Sampson stores of the nation under the title of everything pertaining to music and radio is kept on hand. This purchase was the result of a survey of business conditions in Twin Falls and the result of the fact that the Sampson Music Company, of which C. B. Sampson is president and general manager, has been in business in Boise for nearly 20 years. Other stores, each complete in itself, are maintained in Nampa, Idaho, and in every case where the company has opened an establishment, it has maintained its present status. This will be followed in the present instance in Twin Falls, Mr. Sampson said today.

Marked Sampson Trail. President Sampson is the nation as the man who mapped out and packed the Sampson trails covering 8,000 miles of highway. He declares that a careful examination of business conditions in this city and the survey of its resources and inevitable development has led him to take the step which culminated today.

Logans to Remain. "For the present at least, we will remain in this city," R. C. Logan said, after the transfer had been announced. "I shall be connected with the Sampson company for the present."

City Briefs

Marriage License Is Received.—Marriage license was issued Friday afternoon to Alva Collins and Richard Widmer, both of this city.

Farmer Bill V. J. W. S. D. Hutchins of the Industrial Insurance Board was in this city today on the workmen's compensation matter. He could not take points.

Receives From Operation.—Mrs. E. A. Walters, wife of Police Warden, who has returned from a hospital where she underwent an operation for cancer. She was entirely recovered.

Fined for Heaver Killing.—A. M. Prasher, who last April trapped heaver in Lemhi county and shipped the hides to New York, pleaded guilty last evening when brought before Probate Judge J. W. Holsen and paid a fine of \$25 and 40 cents.

Breaking the Record.—The Claude Brown Music store has a novel way of breaking the record without breaking the records. It is putting on a record display of records for singing machines in connection with its sale.

Car Number Given.—John T. Sullivan, same warden, has a rule of keeping the car numbers of those arrested. The man found this week before Justice W. S. Malloy, whose name was given earlier in the week in the Times but whose car number was not published here, was riding in 2025, the same warden says. Mr. Sullivan says he has rules for determining the ability to keep among other things on the car numbers.

Second Fund Drive.—Tuesday the annual campaign for raising funds for the boy scouts will be held. J. McMillan and Charles Steyer have charge of the foreign contributions; W. H. Eldridge and Harry E. Harter of the fraternal and fraternal organizations; R. A. Reed and D. J. Alvord of banks and Twin Falls companies; Arthur J. Peavey, L. E. Smith, W. H. Eldridge and Joe Barkley of the general campaign.

Boys' Club Opens.—The Twin Falls club will be reopened by its organizer, Mr. F. A. Harvey, at 312 Main avenue south on Thursday evening, October 16. Visitors will be welcomed and a radio program is planned. The club is a non-profit organization which will soon be increased to over 100. Besides its recreation features, reading and writing tables are being installed and other features added from time to time.

Drive Is Closing.—The move for the Otis Reserve fund in closing this article is now in closing this article. The final report today. All are encouraged. A number of tickets will report next week.

AMALGAMATED MINERS' BIG MEET PAYMENT OF \$15,000 TODAY

Final payment for miners made today to those who sold to the Amalgamated company during that agreement. The payment for which checks were mailed today, amounted to \$15,000. Best growers received five returns on their land for 1925.

ROAD BOARD CONSIDERS MANY BIDS

Plans for Extensive Highway Improvements in County May Be Put Into Execution If Commissioners Find Offers to Be Satisfactory.

The Twin Falls highway district board is making an extensive survey toward road building, this afternoon and should be completed before the adjournment of the present session, there will be a fine stream of hard surface highway. The following have been called for:

Graveling one mile between Section 21 and 22, T. 2 S., R. 17 E. This piece of highway extends from the end of the Conditia road two miles west of the above.

Graveling one mile between Section 6 and 7, T. 19, R. 17 E. This road runs west a mile from a point a mile south of the last stretch named. Graveling and graveling one mile between Section 15, T. 10 S., R. 17 E., and Section 18, T. 10 S., R. 18 E.

This stretch is about the highway, three miles from town, toward Shoshone falls. Graveling and graveling one and one-quarter miles in Section 22, T. 10 S., R. 17 E. This is near the rock crusher.

WANTED.—To clean and repair your furnace. Driggs, Idaho.

COURT GOES OVER UNTIL OCTOBER 26

Jury is Given recess until Week from Monday and Last Special Verdict Is Expected Early in Session. Will Be Imposed in Two Other Cases Monday; Law Term Closed Week.

The district court clerk case this week in recess. The morning and Judge W. A. Halseck dismissed the last special panel called for good and told the other jurors to be back a week from Monday to resume their duties. The court will take up court cases during the next week and hear a number of matters.

James H. Sullivan was found guilty last night of second degree murder. Sentence of Victor O'Connor and Peter Minner, set for today were continued until Monday, owing to the illness of Mr. Minner and the absence of John Kohanski, one of the attorneys for both defendants.

Attorney E. V. Larson indicated to jurors that while his client, Joe Martinez had no guilty knowledge of his brother's too much alcohol in his elder, he might plead guilty of technical violation.

The evidence against M. A. Wisom is said to have fallen down and his case will be dismissed. Prosecutor J. W. Taylor announced.

SUGAR BEETS OFF BEING HAILED OUT
Reports come from the Amalgamated Sugar factory to the effect that several beet fields are producing large yields after being hauled early in the summer. One of the fields in particular, that of Albert Shuster, looked like there would be no crop after the hailstorm and the farmer was badly discouraged. But the returns from the factory show that he harvested 60 tons to the acre.

Max Smith of Brezer, another farmer who was hit still harder by the hail and threatened to plow his beet field under after the hailstorm harvested 22 tons to the acre.
