WILL TWIN FALLS STAGE COME BACK

The Bruins Have a Fighting Chance to Win District Championship But Coach Plastino Has Not Had the Support of Fans and Citizens; Filer Is Next Big Battle on Armistice Day.

The most vital question in the minds of those interested in football is "Can the Bruins come back?" While the majority of followers of the high school football team feel that the Bruins lost the game last Friday at Bull largely because of penalties and because our team never got together as they should and could have done, there is an undercurrent of criticism on Coach Plastino's.

This is always true when fans make victory the primary requirement, regardless of the strength of the opposing team. Some loud-mouthed fellows were even heard to curse the coach at the Bull game. But this is neither sportsmanship nor even the heart of a gentleman so it should be passed by and the source considered. But nevertheless, such a spirit and such remarks hurt the morale of the Bruins for this season. Filer and Bull are even talking of this year's sportsmanlike conduct in Twin Falls. They attribute the loss of the game last Friday to lack of full-hearted co-operation on the part of the fans and citizens generally in Twin Falls.

But the all absorbing question "Can the Bruins come back and can Coach Plastino yet turn out a winning team?" We judge, the future by the past and it will be recalled that last year about this same time the Bruins were considered a third or fourth rate team and yet they showed such remarkable development that they gave Nampa the run of their lives for second place. We believe that Coach Plastino can bring his charges out of the ranks and make them play real football before the season closes. We also feel that the boys were over-confident last Friday and this loss should make them get down and work for the balance of the season.

TEAMS ARE LIABLE TO NEW BREAKS

One of Six Major Undeclared Eleven's Bound to Be Forced Out of Select Group in Saturday's Schedule.

NEW YORK, Nov. 5.—One of the six major undeclared teams, striving for sectional and national honors, will be forced out of the select group Saturday when Dartmouth and Harvard meet up in the mountains at Hanover.

Dartmouth can put forward a strong claim for national recognition if the team passes undefeated through a schedule that combined games with Harvard, Brown, Cornell and Chicago.

Syracuse, another of the eastern candidates, runs out of the family circle for an inter-sectional game against Ohio Wesleyan, one of the strong Ohio conference teams.

Michigan plays Northwestern, one of the weaker teams of the western conference.

Missouri plays Washington at St. Louis and its hold on first place in the Missouri valley conference is not threatened.

The complicated situation in the Pacific coast conference may be straightened out partially when Washington meets Stanford and California meets Washington State.

Several other games, including Notre Dame against Penn State, Washington and Jefferson against Pittsburgh and Princeton against Harvard will command interest.

WHEAT GAINS WHILE GRAINS FALL

CHICAGO, Nov. 5.—Wheat made good gains in today's session on the board of Trade. Oats were mostly weak.

Unsettled conditions caused an early start. Price changes were numerous but in the aggregate, trade was small. The first inspection of wheat from Winnipeg.

Corn weakened on free selling. Activity was the principal depressing factor in oats.

Problems were slightly higher reflecting advances in hot market.
