SOCIETY

Phony Society to 82 - After 6 P. M. Phone 78-W

Uranian and Literature Dept. - Wednesday afternoon Mrs. Mary Murray and Mrs. P. J. Caspella were business in the Uranian and Literature Department of the Twin Falls Y. W. C. A. at the home of Mrs. Murray on Seventh avenue north. Due to the absence of Mrs. E. C. Dawson, Mrs. Charles Dwight presided at the short business session which presented an especially interesting program. Mrs. W. C. Clonker relieved the chair and Vaddock's well known play, "The Fool," the paper being thorough and entertaining in every detail. Mrs. B. C. Byers read a splendid paper on "The Phony" by the famous essay story-teller Charles Haverstick.

Current Events Dept. - The current events department of the Twin Falls Y. W. C. A. was entertained by Mrs. E. C. Dawson and Mrs. John B. Smith at the home of the former Tuesday afternoon. Mrs. Kennedy Parkard presided over the business session. The program consisted of a reading of the current events. Mrs. W. W. Humphrey presented an interesting paper on "The Frequency." During the afternoon the business session which presented the social hour. During the social hour the delightful address was given by one and one Mrs. George Leopold.

Bible Class Entertained - Mrs. C. D. Weaver, assisted by the other ladies of the Ladies Bible class of the M. E. church Tuesday afternoon. A large amount of business was transacted at the business session which preceded the social hour. During the social hour the delightful address was given by one and one Mrs. George Leopold.

Unity Club Meets - Mrs. Emery was hostess to the Unity club Wednesday afternoon at her home on Third street north. One of the most interesting programs of the year was presented by Mrs. Clinton Smith for the afternoon. Mrs. Smith read a very suggestive paper on Blahs Conics. Mrs. Effie Hinton played several piano numbers of her own composition, which were especially enjoyed. Mrs. John Grabau delightfully read in the club. Mrs. John White gave several vocal selections. During the social hour, Mrs. Emery, assisted by Mrs. Roy Evans and Mrs. Whitman served a delicious lunch.

O. L. S. Meets - The members of the Eastern Star held their first meeting of the new year Tuesday evening at Mrs. C. C. Skjerve's, newly installed worthy matron, in the club. There was an unusually large attendance at the regular session and at the social hour which followed. A program followed the regular business session. Mrs. Effie Hinton sang "Gonna Warren" and "The Old Days." Mrs. C. E. Foster sang "The Old Days" and "The Old Days." Mrs. C. E. Foster sang "The Old Days" and "The Old Days." Mrs. C. E. Foster sang "The Old Days" and "The Old Days."

Red Cross Luncheon - Held at the home of Mrs. George Leopold Tuesday afternoon. The program consisted of a reading of the current events. Mrs. W. W. Humphrey presented an interesting paper on "The Frequency." During the afternoon the business session which preceded the social hour. During the social hour the delightful address was given by one and one Mrs. George Leopold.

DRUMS TAKE BOTH GAMES IN KIMBERLY

Double Header Won Last Night by Twin Falls Hoop Squads

Girls Game Is Close but Neither Side Foul; Blue and White Finish Strong After Score Is Tied.

Blue and White 29
Kimberly 11

Brain Girls 18
Kimberly 11

In a closely contested hoop game last evening on the Kimberly floor the Twin Falls basketball team triumphed over the local club and a 29 to 14 score in the girls' game and an 18 to 11 score by the boys' team. It took some time for the Drummers to get used to the center floor in the Kimberly gym and as a result the hoop team failed to start offing in their quarters while the Kimberly boys dropped on through the basket just before the close of the first quarter. The score was 4 to 4 and again tied at 14 to 14. These scores indicate that the game was hard fought all the way through and a letter case to watch that the score might indicate.

Coch Coach Plating and Coach Plating met each team and all of them worked hard and he was well pleased with the outcome for the game.

Coach Plating had been called out because he was not in school for the past semester and made the necessary three credits. This is an old rule. It is a rule that is not new and Coach Plating and Coach Plating have been called out for the same reason. He has been called out for the same reason. He has been called out for the same reason.

Kimberly had a hard fight but they were unable to locate the baskets as readily as they should or the final score might have been a different story. Seven fouls were called and Twin Falls drew five of these. The outcome of Patterson and Gauder was the feature of the early part of the game. This rapid floor work baffled the Drummers in the first half but during the second half they were able to locate the baskets as readily as they should or the final score might have been a different story.

RUPERT WINS FROM ALBION

ALBION, Jan. 13.—(Special) Rupert's basketball team won a hard fought game from Albion last night. The game was a real exciting one and it was a real exciting one.

WILLYS-KNIGHT GREAT SIX

The only engine that improves with use

Your own experience has proven that all poppet-valve motors wear out. Complicated and intricate valve mechanism ultimately yields to the incessant demands to which it is subjected. Carbon eventually gets in its destructive work on the finest of cylinders.

The experience of 75,000 Willys-Knight owners proves that service actually improves the sleeve-valve motor. It values to adjust—two sleeve-valve moving sleeves—and that is all—control the intake and exhaust operations. Carbon never but to seal compression hence to build up its efficiency.

When the finest of poppet-valve engines are worn out, the everlasting engine of your Willys-Knight is just coming into the full manhood of its power.

Casey-Parker Auto Company

Casey-Parker Auto Company
TWIN FALLS
P. O. BOX 8-8-1

TWIN FALLS DAILY TIMES

Published Every Evening Except Sunday by the Times Publishing Company, Twin Falls, Idaho.

Entered at the Twin Falls Postoffice as second class matter as a Daily Publication, April 11, 1914.

Having in mind increase of population which will require enlarged school facilities, the board of trustees of Postell's school district No. 1, recently has entered a contract for the purchase of eight blocks which will be used for building purposes when the necessity arises.

Installation of soft water systems at each of the two grade school buildings is only one of several improvements recently voted by the board of trustees of the Elber schools, according to information which has just been given out at the offices of the state board of education.

Club clubs which will become units of the National Society of Audubon clubs have recently been formed by Elmer McGee, deputy state game warden, in the rural schools tributary to Nampa. Mr. McGee has been decidedly successful in arousing sympathetic interest in school children in the work of conserving birds. In 1924 there were only 10 Audubon clubs in the entire state but this year approximately fifteen have been formed in Canyon county alone.

Nampa business men intend to work shoulder to shoulder with students of the Nampa high school in a well defined civic betterment program, according to the state commissioner of education. The students have formed a junior chamber of commerce and are displaying the most enthusiastic interest in the work planned. Careful interchange of suggestions and ideas featured a recent dinner at which the junior chamber of commerce members were guests of Nampa's adult civic organization.

Joel Priest has omitted American Falls from his schedule for the Union Pacific special "Sund Show on Wheels." The train, he says, will pass through American Falls, February 9, but will not stop. This is a form of discrimination compared to which freight rates are a mere trifle. And we do not propose to be placated with a new depot. We demand recognition, failing which we shall organize a rate association of our own and campaign in a way that will make Senator Gowling appear like a piker. Fair warning, Joel.

CANAL PUBLICITY

By James D. Wheeler.

The publicity feature of the resolution adopted at the meeting of Twin Falls Canal stockholders yesterday is a good one, provided that arrangements can be made to get the report out promptly. Years ago it was the custom for the canal directors to have a copy of minutes mailed after they had been read and approved by the directors at the next meeting. The secretary would then take his time in copying them and mail them, so that papers would have reports from mid-Africa before they got the details of what took place at a meeting. In most meetings the business is routine anyhow, so that when it is old it is practically worthless.

An amusing result of this system was shown in 1915 in regard to a situation at the weekend. The board took action to reduce a condition of which many were complaining. Nobody ever heard of it at the time. Thirty days later, but before the copy of the minutes had been sent out, the people, not knowing what had been done behind an indentation meeting, at which there were more than 100 present and passed strong denunciations and resolutions against the board for not acting on something on which it had acted a month before. This sort of delay finally resulted in the papers dropping the publication of the notices.

Of course, generally, the newspapers have been behind when anything big was coming up, and occasionally an executive meeting would be held. The report on the last audit was withheld a long time, on the ground, however, that it was not accepted and adopted because of a question whether or not they should be a supplementary report attached and was part of the audit, or whether they should be made separately. The report of the audit so far as affected public interest and curiosity was published in full in the Times after final acceptance. A very full synopsis of the 350-page report of the hearing on the ditch disputed check was also published in the Times as soon as that report was received and accepted. However, it is well to have publicity made the announced policy of the company and in order to make it effective it must be prompt publicity.

IDAHO POTATO CROPS

Two potato crops at Salmon, Idaho, sold their 200-acre potato crop for \$143,100. An Oakley, Idaho, farmer grew \$60,000 worth of potatoes on 75 acres. An orchard at Mesa, Idaho, sold \$200,000 worth of apples; and a cooperative dairy in the Boise-Payette valley has marketed \$2,000,000 worth of products.

All these were practically on the route to the Boise Basin placer mines, that in the business period of 1860 onward produced what some credible records say was a full billion dollars. The motecine miner tramped over these farms, sowing the soil as not fit even to walk on, and leaving hardly a root for a trail to prove his own existence. The plodding farmers are finding gold that outlasts the bonanza mine; and they have raised families and built roads and a splendid state out of the leavings. From Collier's Weekly.

CANAL BOARD POLICY GETS ENDORSEMENT

Sharp, Bated and Bauer are returned from their trip to the States and Su. Dies, Hartford, who ran as successor in Cunningham; Heavy Vote is Next Resolution Adopted.

TOWNS OF CANAL BOARD ELECTION

A. J. Shook, Elber 12,700
S. W. Bated, Twin Falls 11,822
C. J. Bated, Castleton 12,900
Frank Bauer, Elber 12,198
Su. Dies, Hartford 12,650
W. L. Alworth, Carey 6,500

The board is approximately 6000 greater than the vote of last year, which was 600,000.

A. J. Shook of Elber filed the ball in the canal election yesterday, showing a fair vote in nearly all parts of the district and an edge of 12,700 over Su. Dies, Hartford, who had the backing of the water, succeeded W. L. Alworth, who was with a candidate. W. L. Alworth, who had the backing of the water, with the latter local remnants behind him, was defeated. The vote, namely, at Elber—12,700; at Castleton—12,900; at Hartford—12,650; at Carey—6,500; at Twin Falls—11,822.

People Rejoice at End of the Canal Election

The people of the district were jubilant at the close of the canal election yesterday, when the board of directors was elected. The board of directors, which was elected by the voters of the district, will be in charge of the canal from the time it is completed. The board of directors will be in charge of the canal from the time it is completed. The board of directors will be in charge of the canal from the time it is completed.

Resolutions are Adopted

The resolutions of the legislative committee were adopted, and the board of directors was elected. The board of directors will be in charge of the canal from the time it is completed. The board of directors will be in charge of the canal from the time it is completed.

The Committee Report

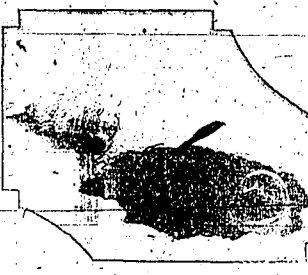

The committee report was adopted, and the board of directors was elected. The board of directors will be in charge of the canal from the time it is completed. The board of directors will be in charge of the canal from the time it is completed.

Now, therefore, it is resolved, that the board of directors be and they are hereby authorized to take prompt and effective steps to ascertain the local conditions of the canal, and to report thereon to the board of directors at the next meeting. It is further resolved, that the board of directors be and they are hereby authorized to take prompt and effective steps to ascertain the local conditions of the canal, and to report thereon to the board of directors at the next meeting.

So Short Loans

It was supposed at the continuation of the project of carrying a floating debt in the form of notes by the company, that for short periods of time and amount, even over the rate of interest and the borrowing of money to meet current expenses. We believe that the company should make each year a small amount of money to meet its current expenses, and to meet its current expenses, and to meet its current expenses.

MOTHER LOVE IN THE ARCTIC

One of the many and the things of the Arctic circle discovered in the American polar fleet (the showing tomorrow and balance of week at the Orpheum Theatre in the production of "MOTHER LOVE IN THE ARCTIC")

Amateur explorers found a seal cub crawling near its mother's head, and looking for the water. It was a miracle that the cub could see the water. It was a miracle that the cub could see the water. It was a miracle that the cub could see the water.

Whereas the company has in previous years engaged in Arctic expeditions, and carried out a program of Arctic exploration, and carried out a program of Arctic exploration, and carried out a program of Arctic exploration.

It is further resolved, that the company be authorized to take prompt and effective steps to ascertain the local conditions of the canal, and to report thereon to the board of directors at the next meeting.

Nash Advanced Six Five-Passenger Sedan

Announcing BOYD NASH SALES

Nash Dealer

It is a genuine privilege and pleasure to announce that Boyd Nash Sales has assumed Nash representation in Twin Falls.

You are cordially invited to visit these headquarters to view the complete display of Nash Special Six and Advanced Six models.

We feel that the Covey Ballard Motor Company and Nash owners in this territory are fortunate in having the Nash franchise entrusted to an organization of such unusual ability and excellent reputation.

The GREATER VALUE offered by these cars has been made STILL GREATER by recent sweeping price reductions ranging as high as \$300.

The new Nash home at 161 Second Avenue North is amply provided with modern and efficient service equipment, and Nash owners in this district are assured of a high standard of car maintenance.

Grouped among their many attractive features are four-wheel brakes of special Nash design; full balloon tires and disc wheels as standard equipment; highly efficient force-feed oiling system; and superb performance qualities.

Special Six Series—MODELS: The Five-Passenger Touring at \$1135; the Roadster at \$1115; the Five-Passenger Sedan at \$1215; and the Four-Door Sedan at \$1445. F. O. B. Milwaukee.

Advanced Six Series—MODELS: Five-Passenger Touring, \$1340; Seven-Passenger Touring, \$1490; Roadster, \$1375; Five-Passenger Sedan, \$1425; Seven-Passenger Sedan, \$2090; and the Four-Door Coupe, \$1990. F. O. B. Kenosha.

THE FEDERAL RESERVE A NATIONAL PROBLEM

By WILLIAM E. KNOX
President, American Bankers Association

The Federal Reserve situation is the paramount problem before American banking today. The time is approaching when it will be necessary for the nation to consider the question of rechartering the Federal Reserve banks.

The Federal Reserve system must be preserved. It is one of the most effective banking systems in the world. During the last ten years, through all the areas of war, inflation, depression and revival, it served this country as no country was ever served by a banking system. We know that without it our nation would have had a financial disaster far more catastrophic than any that ever occurred.

While we have this great liability and obligation to the system, we must recognize that among its friends there has been serious controversy over many matters of detail. There are many demands for change in the methods of its management and in details of its operation. Where these demands represent broadly the greatest good of the greatest number we should support them. Where they represent merely narrow, diverse interests of one part of the country or one type of business or banker, they should be subordinated to the common good. We should not let the great benefit of the common welfare be lost to prevent the system in general as it is now constructed, and soundly, such changes as are required to adjust it to circumstances of today.

The task of considering, sifting, weighing and coordinating discussion and suggestions regarding the Federal Reserve System has been assigned to the Economic Policy Commission of the American Bankers Association. It is hoped that thereby the Federal Reserve System will be given the best thought and the best support of banking. There is no greater service banking can render the nation than this. It goes right to the heart of good management of the public economy of America.

- 7:00 p.m. Banquet.

OUTBURSTS OF EVERETT TRUE

IN HARD LINES

"I could not work at all and had to take to my bed with a high fever due to intestinal indigestion, gases in my stomach and pain in my right side. I had spent six last week for doctors and medicine which gave me no relief. I was in despair. A lodge brother gave me a bottle of SERRVEX. One dose still convinced, and the first dose relieved me. Thanks to this medicine I am now in the best of health." It is a simple, harmless preparation that removes the intestinal gases from the intestinal tract and always the inflammation which causes practically all stomach, liver and intestinal ailments, including such ailments as SERRVEX. One dose will convince or money refunded. At all drug stores.

ATTENTION Automobile Owners

Your license is past due and in order to use your car you must have the plates on the car the 31st day of January.

COME NOW AND MAKE APPLICATION AND AVOID THE RUSH AND CONFUSION

We cannot write the applications that are due in the last few days of grace and give you service.

S. CLAUD STEWART Assessor.

About Retailers—the Growing Mass and the Dwindling Class

Goods which are well advertised nationally by the manufacturer are largely sold to the public before they ever reach the retailer.

Goods which are not advertised by the producer must be sold by the retailer.

In the one case, the manufacturer has done a great part of the job; in the other he has left it all for the dealer to do.

For many articles, national advertising creates an actual demand, so that all the dealer needs to do is say, "You can buy it here." In other lines, the advertising identifies the product in the possible buyer's mind, arouses his interest in it and establishes his confidence in the maker, upon which the dealer can cash in by his own selling efforts.

But with unadvertised goods, the retailer must start from scratch.

Retailers who favor nationally advertised lines believe in selling what the public wants. They are a growing mass.

Retailers who favor unadvertised lines believe in selling what they want the public to buy. They are a dwindling class.

The ranks of these latter retailers are rapidly growing smaller because most of them are learning that public confidence is the basis of successful selling; that quick turnover is a shorter and surer road to profit than long discounts on slow-moving, dust-gathering goods; that even those customers who appear to swallow their selling talk on unad-

vertised merchandise have a discouraging way of not coming back for more.

Just the other day a paint and varnish dealer in California wrote to a manufacturer in the Middle West whose name is known through national advertising wherever varnish is used. "We are discontinuing our other lines and hereafter will center our efforts upon (mentioning the name of the maker's product) because the demand is for it."

About the same time a printer in a northern Ohio city was telling his paper jobber that thereafter he intended to standardize on a certain nationally advertised make of bond paper because "everybody knows it, and it is so easy to sell."

And a druggist who carries packaged chocolates stated that he stocked only the nationally known makes, with the exception of one make well known locally, because all he had to do was hand out what the customer asked for and take the money.

Ten years ago—yes, even five—the manufacturer's salesman who went around to the trade and talked about his firm's national advertising was likely to be met with the statement that it would be a lot better if his concern took the money it was putting into advertising and used it to enlarge its counts to the trade.

Today, the fact that he is a real national advertiser is a tremendous asset with the trade in any manufacture, and his salesman's portfolio of advertising is as important as—very frequently more important than—his sample case.

Published by the Twin Falls Times in co-operation with the American Association of Advertising Agencies.

Bible Thought for Today

THE BEST PREACHING—Let your light so shine before men, that they may see your good works, and glorify your Father which is in heaven.—Matt. 5:16.

"Orator" Unappreciated
Baron Jean Baptiste Choisy. A French revolutionary oratorist. His house; a good school in every district claimed himself "orator of the human race" and assumed the name of Anarchy, after the Scottish prince, who was guillotined at Paris in 1794. Benjamin Franklin.

Robert J. Bender, General News Manager

What a United Press Reporter Must Know

THE UNITED PRESS was the first American news service to enter Latin America.

Its Bureaus in Buenos Aires and Rio de Janeiro receive news from Europe in five different languages—Italian, French, Spanish, English and Portuguese.

Here it is first translated into English and then re-translated into Spanish and Portuguese.

UNITED PRESS staff men must not only have a thorough knowledge of languages, but they must have a clear understanding of current history and world-wide political and economic questions.

They must know the significance of the Tacna-Arica question in Chile and Peru, the treatment of politics in New York or North Dakota, the present status of the World Court, the latest word concerning Wals' challenge for Dempsey's crown, the effect of the latest uprising in China.

This newspaper carries UNITED PRESS dispatches from South America as well as from every other country on the globe.

This great, independent news-gathering organization supplies you with the facts, without bias or prejudice or taint. The newspaper which prints news "BY UNITED PRESS" is always a distinguished newspaper.
