## BOYS ARE GUILTY OF SLAYING

Two Ogden Youths Convict-  
ed of Murder Near  
Pocatello.

### IN FIRST DEGREE

Jury Returns Verdict in Case of  
Death of Grocery Pro-  
prietor.

POCATELLO, Idaho, Jan. 28.—First degree murder was the verdict returned by a jury in district court here late yesterday night against Fred and Mike Nordmeyer, tidies youths, who were accused of killing their stepbrother, starved him to death on Saturday, Jan. 23, after a holdup.

The case was given the jury at 11 o'clock Thursday morning after a trial which lasted nine days.

The crime occurred "after" the youths had stolen a car in Pocatello and driven it to Idaho Falls where they stopped at a hotel, 12 miles south to rob the Seidenen store and were surprised by the owner, who fled with a revolver and physical wreck with a pistol pointed near him to thwart a threatened attempt at self-destruction.

His nerve broken for the first time since he discovered and beat up his stepbrother, Fred Miles, the next morning, he fled to safety, ran back to the Seidenen store and, cutting his throat, Marshall collapsed but活了.

A message from his wife that she would do nothing to him if he would not return to her, was given by a physician to the boy, who would do anything to help him. "That's all he has now," Marshall said. "What's the use?"

"I'll kill myself when I get a chance."

District Attorney Fox, hearing of his threat to kill himself, ordered a special guard placed at his bedside.

The coroner's inquest last Tuesday will result in the finding that Anna May Dietrich met death at the hands of Marshall; the grand jury's indictment and an early trial will follow just as rapidly as the state attorney's office can prepare the case.

### ANTHRACITE SITUATION—No Settle- ment Still Fades

Coff. and Miners and Operators Are Open to Any New Propo-  
sals for Peace Plan.

PHILADELPHIA, Pa., Jan. 28.—While the anthracite strike set down with "business as usual" the house.

The way is open for any sort of proposal, no suggestion thus far advanced, having been definitely rejected, said Fred J. McLean, representative of business administration.

Prospects for peace accordingly are dim, but the conferees are ex-  
pected to hold together in the hope that the deadlock will be broken.

After an exhaustive account of yesterday's session had been prepared for the press, leaders of the min-  
ers and operators agreed to have two more sessions, but added nothing to the situation left by the recent adjournment of the New York meetings.

### Girl Swept To Sea As Waves Hit Ship

VIKTOVIAH, B. C., Jan. 28.—Strong waves in the north Pacific have disrupted and delayed the Canadian Pacific liner Empress Asia four days on its trip from the Orient.

With all deckhands absent, but accom-  
panying seafarers ignorant also, the ship did not reach port until Friday.

Already the vessel has reported one casualty, Miss Leona Keens, an American girl basketball player, who was swept overboard by a huge wave that broke over the deck.

### Japanese Cabinet Quits Following Premier's Death

TOKIO, Jan. 28.—Following the death of Viscount Kato, Japanese premier, the Japanese cabinet resigned yesterday,组成 by Prime Minister Okuma, Austrian and South African  
ambassadors, will participate as will Sir L. London and stations in Glasgow and Plymouth.

### Tin Pan Alley Screams for Help

WASHINGTON, Jan. 28.—"Tin Pan Alley" has joined the army of legislators seeking to keep its interests prominently on the shore of congress and are demanding legislation to protect their interests abroad.

Leading American newspapermen

have formed a "legislative band" and have enlisted the aid of Representative Vule, republican, Colorado, in the fight to ban unhampered adver-

tising in foreign countries to finance their tunes.

### SLAYER NOW A WRECK AS WIFE QUIT

Philadelphia, Who Killed Sweetheart, Ready to Die As Spouse Deserts Him in His Hour of Need.

PHILADELPHIA, Pa., Jan. 28.—David F. Marshall, confessed slayer of his sweetheart, lies on a cot in the hospital in Moyley's prison after a nervous and physical wreck with a pistol pointed near him to thwart a threatened attempt at self-destruction.

His nerve broken for the first time since he discovered and beat up his stepbrother, Fred Miles, the next morning, he fled to safety, ran back to the Seidenen store and, cutting his throat, Marshall collapsed but活了.

A message from his wife that she would do nothing to him if he would not return to her, was given by a physician to the boy, who would do anything to help him.

"That's all he has now," Marshall said. "What's the use?"

"I'll kill myself when I get a chance."

District Attorney Fox, hearing of his threat to kill himself, ordered a special guard placed at his bedside.

The coroner's inquest last Tuesday will result in the finding that Anna May Dietrich met death at the hands of Marshall; the grand jury's

indictment and an early trial will follow just as rapidly as the state attorney's office can prepare the case.

### RADIO FAILURE DUE TO STATIC

International Programs Turned Out Badly and Leaders Admit Discouragement; Last of Series to Be Tonight.

NEW YORK, Jan. 28.—With a wall of static that has effectively barred "Europe" and "America" as far as radio communications have been concerned, the Radio Week committee today admitted its discouragement over the failure to turn out the International series of programs.

Little more success was had by listeners who strained their ears to hear "Europe" and "America" last night than had been had on the previous days.

Radio conditions were slightly more favorable last night than they have been at any time during the week or the test.

South America continued to come in with fair-to-good volume but con-  
tinued fans reported authentic reception of European stations.

The final opportunity for Americans to tune in on trans-Atlantic programs under conditions of international competition, particularly

### GUN BLAST FATAL FOR TWO SEAMEN

Second Death Occurs Today  
From a Destroyer's  
Accident.

### FACTS ARE SECRET

Navy Guards Results of Inquiry  
Against the Public  
Eye.

SAN DIEGO, Calif., Jan. 28.—The second death from the premature explosion of a six inch shell on the destroyer Farragut yesterday occurred today when Joseph Becker, the heatwave's mate, succumbed to internal injuries.

U. S. Naval man was instantly killed by the explosion.

In a "matter of investigation" today opened its record session, about

the forward attack.

The other seven injured members of the crew are reported out of danger.

NEW MILITARY PAYMENT

WASHINGTON, Jan. 28.—The John Johnson of war and agriculture department today named 25 military reservists to receive additional forest preserves.

They include:

David A. Russell, Manchester Reservation,

Wyoming; Fred Hutchins, Arizona;

Pilot Possession, Alaska; Port Win-

ton, New Mexico.

NEW HAWAIIAN FLIGHT

WASHINGTON, D. C., Jan. 28.—Reports from San Diego, Cal., that three were planning to fly to Honolulu, South Africa, and China sound even louder.

They were planning another flight to Hawaii were circulated today but the air arm service and the navy headquarters burst both Jameson en-

emies denied.

Mr. Burns said her husband re-  
quested her to go to Reno, Nevada,

and get a divorce. She refused

because of her religious faith.

The bill is expected to be com-  
pleted this afternoon and submitted

to the House when the house is re-  
sumed.

It will be up for re-election in states

where the Klan has more or less power.

The final action on the Swanson

(Continued on page 5).

### Rich Mate Flips Nickel Alimony

WASHINGTON, D. C., Jan. 28.—

A conference between Senator

William Johnson, and Repre-  
sentative George Clegg, and

turns to his wife.

"There's your alimony," Mrs.

Bethrice Clancy, 22, his

wife, testified in her suit for sep-  
aration filed in Supreme court

here today.

Mrs. Burns said her husband re-  
quested her to go to Reno, Nevada,

and get a divorce. She refused

because of her religious faith.

The bill is expected to be com-  
pleted this afternoon and submitted

to the House when the house is re-  
sumed.

It will be up for re-election in states

where the Klan has more or less power.

(Continued on page 5).

### Couzens Report in Senate Tax Debate

WASHINGTON, Jan. 28.—The Couzens committee report, criticizing the internal revenue bureau's methods was introduced into the first day of debate on the \$2,000,000,000 tax reduction bill in the Senate today.

Senator Simon, republican, Utah,

submitted under question by Rep-

resentative Speer, Specie

Committee, exposed an operation of the bu-

reau which had made it pos-

sible for many of its employes to make

a secret deal of money at the

expense of the government.

SENATE BEGINS  
DEBATE ON TAX  
REDUCTION ACT

Chairman Simon of Finance Committee First to Take Floor in Opening of Monson's Conti-  
sideration by Upper House.

WASHINGTON, D. C., Jan. 28.—Having reported his world plan of the \$2,000,000,000 tax reduction bill will begin debate on both sides of the aisle, the upper house will be presided over by Senator Simon.

Until the inquiry is ended, the board will make no facts public. Visitors will be allowed to see the ship and the damage it has done to the boat.

At the opening of debate, the

Senate will be presided over by Senator Simon, who will be assisted by Senator Smith, Democrat, and Senator Smith, Repre-

sentative, of the committee.

He will not, however, be present

until the 15th of February.

He will be present for the filing

of income tax returns by March 1st.

When first payments are due, un-

til April 15th, he will be present

again to receive the returns.

# COOPERATIVE CREAMERY IS DOING WELL

Statement is issued to show conditions which the Twin Falls Creamery Association are at present congested.

The following statement relative to the operation of the Jerome Cooperative creamery has been prepared for submission in view of the forthcoming annual meeting, and, as settling forth the statement of co-operative dairymen who have received to date some with dissatisfaction that can be given publicly.

About ten years ago a group of far-sighted Jerome dairymen conceived the idea that they were capable of handling their own creamery products.

They realized that with this arrangement there would be no middlemen.

They realized that this section of Idaho had great dairy possibilities, however, before successful dairying could be carried on it would be made possible by the co-operative dairymen.

At this time the dairymen were the complete owners of the outside centralized buyers, who took advantage of the situation and paid them prices which meant actual losses in yields.

Out of small beginning the Jerome Cooperative Creamery became known as one of the largest and best equipped creameries of the state, which did a three-million dollar business during 1925.

The remarkable growth of this institution can best be illustrated by the better each year for the past five years: 1921, 177,271 lbs.; 1922, 327,605 lbs.; 1923, 485,200 lbs.; 1924, 503,600 lbs., and 1925, 1,662,450 lbs.

The Jerome Cooperative Creamery is now handling the product from 145 patrons. A large number of these patrons belong to dairy marketing associations located in various parts of the country.

Mr. and Mrs. W. W. McClellan, dairymen, Mr. and Mrs. G. L. Metcalf, during the holidays.

Mr. Evans of Twin Falls visited the Jerome ranch north of Jerome on Wednesday.

Mrs. Anna Metcalf is plastering a cistern at the Gilfillan ranch north of Jerome.

Mrs. Anna Metcalf was home for work and she is a student at the Twin Falls High school.

Mr. and Mrs. G. L. Metcalf were Twin Falls visitors Wednesday.

### Importance of Light

You much light can be had for the eyes you will find, artificial light is good, but natural light is so good that it is important to have too much of it or at least to direct it with great intensity on what one is reading. If you ever try to read a book in a dark room with the light coming from the side of the page? If you have a student stand under executive light can stand and fatigue the eye. Too golden mean illumination as in everything else the thing to strive for.—Yours in confidence.

Cream gathered by trucks each day is sent to the creamery in cans and is hauled in larger trucks and transported within a few hours to the creamery. Where it is immediately prepared for churning.

The advantage of this arrangement and the fact that each producer receives the benefit of the trade service, but also that he receives a higher price for his cream through the Cooperative System makes it an excellent arrangement for all.

The Jerome Cooperative Creamery is an established concern organized under the co-operative laws of Idaho. It is strictly co-operative in its operation and no profit is made by the association or the producer, nor is there any charge for the services.

Through the use of this system the association markets their cream through their creamery and the creamery is able to sell the cream at a distinct profit than the established butchers, thereby increasing its volume and decreasing the manufacturing cost. Since 1921 the manufacturing costs have been reduced practically 4 cents per pound, and the cost of production to increased volume, \$10,000.

Receiving the same price for their cream as cream produced directly to Jerome.

Not only is the producers cream handled and manufactured co-operatively but it is also marketed through a co-operative selling organization.

A butter mill is located at the creamery, shipped at the rate of one carload per week to the Clarence Cream and Butter association of Los Angeles, San Diego, and San Francisco, Calif. This co-operative association handles more than one-half of the butter sold in the city of Los Angeles.

The net amount paid producers for their cream in this territory are among the highest in the United States.

The Federal units after a comparison—

### DENARO—WATCH YOUR STEP

If you are in trouble with bad feet, corns, bunions, fallen arches or any other trouble, see Dr. A. P. Denaro, Twin Falls, who is the only shrewd or foot specialist in this country. (Constitution Street, Foothills Building.)

The net amount paid producers for their cream in this territory are among the highest in the United States.

### BERGER NEWS

Clyde Brady has the following to say:

One of his legs fractured losing the knee by his horse slipping and falling with him while on the way to school Tuesday. The accident occurred at the railroad crossing in Berger, about two miles from town. After taking him home in Mr. Brady's car soon after the accident, Miss Alice Christian and his mother, Mrs. Elizabeth Brady, took him to Twin Falls where his injury was set in a cast. His right leg was broken.

Miss Hazel Roger went to Twin Falls Saturday to take her music lesson.

The following Linda folks were in the city of Twin Falls Saturday: Ruth Held, Marion Hause, Elsie E. Berger, Jr., Ethan Hansen, Jessie A. Griffith, E. B. Grimes, R. H. Johnson, Richard Gordon, M. O. Gates, T. L. Shaw. Some of them were at the Bean Growers meeting.

Geo. R. Parrott was transacting business in Hillside Thursday.

Douglas Lee Bitzenberger, Idaho City, and his wife Edie came Saturday afternoon to the Hoppe's Twin Falls basketball game Tuesday evening.

Miss Edith Durham and Miss Cleo Barron, Barber teachers, gave a program Saturday at the Bean Growers meeting.

W. W. McClellan went to Twin Falls Tuesday on business.

Lester G. McClellan is unsuccess-

# DAILY RADIO PROGRAM

## International Radio Week

(Compiled by the United Press)

# DOCTORS ARE TORN BETWEEN DILEMA HORNS

Physicians Would Like to Attend the Meeting of Industrial Accident Board but Cannot Leave Their Patients in the Present State.

Local physicians and surgeons have been invited to attend the meeting of the industrial accident board in a session similar to that which confronts the profession throughout Idaho, so far as attending the fee conference before that board. February 1. They feel it would be difficult to leave their patients long enough in the season of cold and flu, to attend. The situation seems general throughout the state, according to the following letter of the state medical association:

Physicians residing and practicing in Idaho have been invited by the industrial accident board to a conference at its offices Feb. 1 to discuss fee schedules for services rendered under the workmen's compensation law.

If the physician could guarantee to keep well for a day or two so that all the doctors could have their practice attended, a convention, along lines which were considered favorable, they appointed a committee to consult with the physicians when their meeting should be called and to offer cooperation.

A similar conference called by the board was held here Dec. 2 by representatives of the medical profession which were considerably favorable. They appointed a committee to consult with the physicians when their meeting should be called and to offer cooperation.

For physicians now in use were adopted in 1919, shortly after the first compensation law became effective and it is agreed that they are antiquated, inadequate and otherwise unsatisfactory. Interest of the insurance companies, employers, the insurance carriers and the state, as well as those of the doctors, will be served by revising, amending and modernizing the schedule.

# EAST HAS EYES UPON GEM STATE

**Sample Store to Move Into Former Meat Market Stand**

The Sample Store has been purchased from T. M. Morris of Rockwood by George B. Andrews, proprietor of the "Huy-Loy" grocery of Elmer, who has moved his store to the street north of the River Building early next month into the old stand of the Independent Meat Market at 117 Main Avenue, west, which he has just closed from its own.

George P. Shober, manager of Mr. Andrews' old concern to conduct his business in Elmer and the Sample store will continue under the management of A. H. Wood. The stock of merchandise will be increased with the move. It is said

**Manager of Golden Rule Store Finds That Idaho Gets More Attention from People There Than from Its Own Citizens; Florida Still in Limelight.**

**UNIVERSITY NEWS NOTES**

**Washington State coffee and the men's office will be matched with the women's office in the new dormitory.**

According to W. A. Van Engelen, who returned last night from the peacetime tour of the forces abroad, certain marks will be accompanied by the members of the Golden Rule Club, who are to meet with 241 choir of stores on a program to be held

in the gem's team barns, fifth

at 10 "Dinner time" (8:30 p.m.)

"The big attraction for the east is the fifth corps area competition with Florida," said Mr. Van Engelen, on January 29. This area includes the corps of engineers, who are holding their annual competition in the Pacific coast.
