

HEAVY TOLL EXACTED IN EAST STORM

Nine Die As Result of Blizzard Which Sweeps Middle-western and North Atlantic States Today.

Traffic Blocked in Many Places While Snow Banks High and Mercury Tumbles Sharply.

NEW YORK, Feb. 10.—(Special)—A heavy blizzard swept across the middle-western and north Atlantic states Tuesday.

Nine deaths had been attributed to the storm by noon. A track walker was killed here as was another at Greenwich, Conn.

One death is believed to have resulted from a falling chimney as a driver, asphyxiated by gas, was found in a Barton snow bank.

In many regions heavy mounds of snow and ice have prevented a message to transportation facilities.

Present temperatures dropping far below zero in parts of New England.

The storm passed in intensity as it spread westward.

At Kansas City where temperatures of the last few days have been in the face of a stiff breeze from the north.

MACHINE GUN SPRAYS LEAD IN BEER WAR

Chicago Gangsters Use Rapid Fire Weapon on Men Who Seized in Purchase of Liquor.

Couple Hit by Bullets When Gunners Open Fire on Fighters Who Sought to Lay Opposing Gang Low.

CHICAGO, Feb. 10.—Machine gunners were introduced as weapons in Chicago's beer war last night and the first spray of bullets that it fired, scouted ten members of a powerful beer syndicate.

Martin Conkle, a south side racketeer, had been "filling the fence" as they say in the underworld.

John Puley, a labor leader and beer runner, was representative of the syndicate opposing the McEhane-Schall crew.

They were in Conkle's saloon, talking to the bartender, when from a rear window came a spray of bullets from a light automatic machine gun.

Puley and Wilson fell with several bullet wounds each. Wilson's may prove fatal.

MAYOR WALKER BITTER.—ALBANY, N. Y., Feb. 10.—Mayor James J. Walker of New York, who is ill here, passed a very comfortable night, his secretary said today.

The occupant of the car were employees of the Steubenville Steel Liverpool and Devoer Valley Trace company, and were being transported to the car when the windshield shattered.

LOANED BY THE HEAVY SNOWFALL, a huge boulder crashed down a hill today, toppling five men seriously.

THE OCCUPANT OF THE CAR WERE EMPLOYEES OF THE STEUBENVILLE STEEL LIVERPOOL AND DEVOER VALLEY TRACE COMPANY, AND WERE BEING TRANSPORTED TO THE CAR WHEN THE WINDSHIELD SHATTERED.

FASCIST WAS PLOT OBJECT SAY REPORTS

Plan to Overthrow Organization Unit of Military Department in Tyrrol is Thwarted and Many Arrests Are Listed.

LONDON, Feb. 10.—A Havarian nationalist plot to overthrow the local fascist domination of southern Tyrol, especially in the Dolomites district, was reported in Havarian dispatches today to have been discovered by fascist authorities.

The discovery was said to have been made in connection with the fascist militia arrest of fifty German possessing arms and munitions at the town of Lavarone.

Other arrests are reported impending.

Mexican, Rome dispatches to the United Press reported paraded demonstrations in many Italian cities, inspired by the "boyd" the Bremer rescue of Premier Mussolini last Saturday which Premier Minister Stresemann answered yesterday.

The thought that the Havo-German conspiracy perhaps had been concluded with Stresemann's remark to the German cabinet yesterday proved unfounded, for Rome dispatches today (last Mussolini) was a reply to this afternoon in the Italian press.

NEWS OF THE SPORT WORLD

PAUL GIVES BRUIN TEAM A WHIPPING

Local Basketball Squad Loses to Visitors With Score of 31 to 16; Game Showed Up Doofta of Twin Falls Quintet.

The invading Paul basketball team carried out its threat for revenge for its only defeat this year of the hands of the Twin Falls Bruins recently and last night defeated the local lads in a return game here, 31 to 16.

The game started about a half an hour after the Pauls had been able to display in previous contests. Their playing was not up to what it has been and through the time the local players let the ball slip from their hands, losing it to the speedy Paul quietest. The local teamers could not find the basket, either long or short shots.

Paul played a superior game and took a lead early in the game that was not threatened until the last extent for the remainder of the contest. Smith and Edwards, Paul forwards, did excellent work in their running points, both of whom were able to care the ball splendidly. The Bruins, like in their game last week with Filer, which they lost, almost invariably lost the ball in their own territory whenever they succeeded in running it out of Paul's territory. Paul's strategy was to break up many attempts to send the ball to the Bruins and the visitors fairly played clear work in the local quarters of the floor.

Paul started with a dash and continued to take speed as the contest progressed. The Bruins, on the other hand, seemed to wane unless they were passed, except for a brief period in the second half, when the Bruins' forwards, Fred Brown and start for a goal, seemed to "pick" the Pauls and for a while it seemed that the Twin Falls team was finally cleared for the kind of play it has been seen to follow in previous contests.

The Bruins were not in their first game more than a week ago in a contest similar in character to the one last night. But Paul had turned the tables when they met last night. They did not play last night, but they did play last night, but they were handicapped by illness, but played in the hands of Navin, Johnson, Kelley, Hendon, Ed Martin and Jandelitte were on the floor.

SPORT TABS OF EVERY KIND

CAMBRIDGE, Mass. — Jay Varvack, star Harvard third baseman, was awarded the Barrett-Windell cup for being the best offensive variety player in the Winter cup for the best all-round player.

NEW YORK — Acceptance of the invitation by George Von Elm, California star, leaves Bobby Jones, national champion, as the only member of the Walker cup team who has not agreed to go to England in June.

POCATELLO AND FILER TO MEET

PHILO, Feb. 10.—Pocatello and Filer basketball outfits will meet at the Pocatello arena for the first time in a game that promises plenty of high class fight, each team being a favorite of its own fans.

The local lads have been pretty in their best days in practice, anticipating a better stretch for tomorrow. The visiting Pocatello outfit is the strongest in the state and is considered a hard contender for the state championship. Its ability to play may be gauged by the fact that Pocatello defeated the Idaho squad by a five-point margin last year and, last year was over every opponent this year by a decidedly wide score.

Dick and Halting are in the best of condition as well as Althaus, Bergwell and Hall, all of the local team. McMillan is considered the star of the Pocatello squad and is considered to be a player of his position in the state.

NEW PIRATE PLAYER.

BEHETANY, Mo., Feb. 10.—"Babe" Adams, veteran National League pitcher, announced at his home here today that he had signed his contract with the Pittsburgh club and will leave in two weeks for Fresno, Cal., where the Pirates will train this spring.

Idaho Grange Fights Stanfield Measure Regarding Grazing

NAMPA, Idaho, Feb. 10.—The Idaho State Grange committee on dairying, informed cooperative marketeers and urged other granges throughout the country to study the proposed Stanfield grazing act of 1925 and further advised that a committee of the organization be named to place before the next legislature a bill opposing the manufacture of water substitutes.

Headline advertisement was prominent in the "Idaho" published in Nampa and transportation committee recommended changes by the state laws as regards the licensing of motor places, and freight rates and a reduction in freight rates on coal mined in the state of Idaho in the amount of at least 40 per cent.

The latter recommendation, it was pointed out, was for the purpose of increasing consumption of Idaho mined coal.

TWO BIG TILTS GREET BRUINS

The Twin Falls Bruins face two very important basketball games this week when they meet dual Friday night, and Pocatello here Saturday night.

In order to be eligible for the state championship, their return game will be played here on the night of February 13.

Each team started work today with its team into much better shape than it has been in the last week. The Bruins have not been playing their usual stride for the past few days, which may have been their fault with illness and foul.

Much attention is being devoted to practice in basket shooting and passing. The Bruins have the lead in their district and opponents look upon the game as one. If not, the strongest opponent in the state.

Salesman Too Sick to Kill Himself

SAN FRANCISCO, Calif., Feb. 10.—Jerome Winter, Los Angeles salesman, planned to commit suicide on a boat between that city and San Francisco but was too weak to do it.

Oregon Man Wins Traphooting Hit

American League Has Matter Before It as It Goes Into Session With Other Things on Carpet Also.

WASHINGTON, Feb. 10.—With the League's policy towards the proposition of the National League to play resin ball, the matter is being discussed in the American League. The matter is being discussed in the American League. The matter is being discussed in the American League.

Filer-Jerome Game Fails to Materialize

(Special to the Times) FILER, Feb. 10.—The Filer-Jerome game which was expected to be played here last night in their scheduled basketball game, the contest having been called off on request of officials because of the heavy schedule of games Filer has played in the last week and is slated to play this week.

Because the game was not a district meet, officials decided it best that the schedule not be altered to play the game. The game may be played later in the season.

The preliminary meeting of the National League was held in Washington. It was reported that the National League has approved, but it was predicted that Clark Griffith of Washington would fight its approval and that he could gain enough support to prevent its adoption. Griffith is said to oppose the proposition of the National League to play resin ball, but he is said to be in a position to make a \$50,000 annual salary, and to be paid \$50,000 as an unfairly set towards the American League.

H. A. J. FUNKER, FOOT SPECIALIST, THOSE WHO

a Record Breaking Year ... and a still Greater Year to Come

With sales in excess of 250,000 cars, Dodge Brothers, Inc. have just completed the greatest year in their history.

Had it been possible to produce cars in sufficient numbers, their increase over 1924 would have been even more substantial.

This year the production problem has been mastered, A \$10,000,000 expansion program stands completed—and the enormous output of 1925 will be nearly doubled!

Production on this stupendous scale makes possible the astounding low prices announced January 7th.

It makes them possible even though the car is better today than ever before. These are but a few of the vital refinements—

- Rich and attractive new colors.
- Absolute smoothness of engine operation.
- A new snap and elasticity of operation throughout.
- Smart and stylish new body lines.
- Complete vision from every angle of the sturdy all-steel body.

Dodge Brothers Motor Car has always been an exceptional product. With these refinements, at these new prices, it is without question the greatest value Dodge Brothers have ever offered.

Twin Falls Entries at Gooding for the State Seed Meeting

GOODING, Idaho, Feb. 10.—Several entries of products from Twin Falls county have already been made for the state seed show which opens here next Tuesday.

The first of a series of luncheons for mutual assistance sponsored by David Nyvall, Jr., of the University of Idaho, was held at Mr. Nyvall's home recently.

Early Coffee House

Coffee houses were places of resort first popular in the sixteenth century in Constantinople, in London they were, so to speak, club houses, free to all who could buy a cup, and yet each was known for its special circle of virtues, literary, scientific, religious or political.

They Liked Leeches

Owing to the long and cold winter for the last three decades, the Welsh, Irish and the English, who still are an audience of their nationality, this leech was an important article of their wardrobe.

Eugene H. Bramhall, who has served as Idaho state legislator for the last two years, resigned February 1 to assume a similar position in Utah, with headquarters at Salt Lake City.

The leasing of 50 acres of land from R. C. Helm of Caldwell, on which to conduct research in soil conservation, has been announced by the college of agriculture of the University of Idaho.

Misses Mary Margery, teacher of music in the Kimberly schools, gave a short talk on the work she was doing and outlined the work she hoped to complete by the end of the present semester.

Four seniors in electrical engineering, G. Boyer, H. V. Curtis, C. J. Hatton, and William Schroeder, have been appointed to work with the General Electric company, as soon as they complete this year's college work.

Among members present were: R. L. White of Twin Falls, Fred Coffey, first principal in the sixteenth century in Constantinople, in London they were, so to speak, club houses, free to all who could buy a cup, and yet each was known for its special circle of virtues, literary, scientific, religious or political.

The meeting was closed with four numbers by the high school orchestra, The Brain Trust and The Standard Arts of America.

J. C. Marx, who has been making irrigation investigations for the United States department of agriculture for 16 years, will devote his entire time to this project as a permanent assistant University instructor, will act in Mr. Bramhall's place at Boise until a successor is appointed.

It has been found through investigation that certain types of soils, impregnated with black oil are very difficult to bring back into profitable production after drainage.

Misses Mary Margery, teacher of music in the Kimberly schools, gave a short talk on the work she was doing and outlined the work she hoped to complete by the end of the present semester.

London was costly. A London maid robbed the honoree to which she was engaged of jewelry worth \$1,200, while the thief walked back the key to the front door.

WANTED. We want every farmer in the country to know that we specialize in custom made harness. This is the first year to our own harness. Do not wait until you are in the harness. Do not wait until you are in the harness.

Kimberly, P. T. A. Has Fine Program of Music at Meet

The Kimberly P. T. A. and Thursday evening club met for a social and musical program.

The high school orchestra opened the meeting by playing "The Boys and Girls of California March."

Chautman Mrs. H. D. Hutton of the program committee announced that programs for the remainder of the year had been planned as follows:

March 4, open house meeting at the grade school. The business meeting to be held in grade school auditorium April 1, grade members from 10 to 12.

The question of school dances was called to the attention of the meeting but was not discussed. It was suggested that the parents think the question over and be prepared to express their opinion at a later meeting.

One hundred three adults were present in addition to twenty-five young people present were counted as visitors.

Miss Mary Margery, teacher of music in the Kimberly schools, gave a short talk on the work she was doing and outlined the work she hoped to complete by the end of the present semester.

The high school choir also gave three delightful numbers. The choir, by Joseph H. Hutton, has been practicing for an entire year. He will leave to a "Monkey in the Zoo."

Moore, Warren and Harold Roberts sang a duet which was heartily applauded.

The meeting was closed with four numbers by the high school orchestra, The Brain Trust and The Standard Arts of America.

Ten Minutes—after this airship crashed.

JUST before dawn one morning in September this great dirigible slowly pushed its nose through the black clouds three thousand feet above an Ohio landscape.

TEN minutes later, before the least injured survivor could regain his feet to crawl to shelter, the nerves of the UNITED PRESS—thousands upon thousands of miles of leased telephone wires—were carrying the announcement of the catastrophe.

BY UNITED PRESS, a line which appears over news items in this newspaper, indicates that the news has been telegraphed by the UNITED PRESS ASSOCIATIONS, one of the greatest news-gathering organizations in the world today.

Times Publishing Co.
