TALKING DRUMS BOY

WASHINGTON, Feb. 12.—Devolet in the Tacoma-Arizona appeals will be given on within five or six days. It was said at the White House today.

THE GREAT EMANCIPATOR

It is upon this day, the 12th day of February, each year, that the nation in its entirety observes in silence the birthday anniversary of Abraham Lincoln, the outstanding chief executive of the Civil War period and a martyr to mankind. No greater man has lived and no greater a great example to fit that humble person, the son of poverty, who rose from a rail-splitter to be the leading president of the world's greatest republic, America has lived on the ideals propounded by Lincoln since his death, carried directly through his mediation in the strife between the north and south.

The story books tell in detail how "Ab" used to do his arithmetic on a sand shovel and studied his books by the light of a firepiece, and his home, or that which he called a home, was a three-sided structure of logs, nesting in the heart of Illinois. When the nation played, Lincoln in the White House, his mode was not to change, for his life was that of a humble servant in character with the modesty of a schoolboy, which is often taken hold of these places, suddenly in a thrice so far fettered from that which they have been used to.

Lincoln will live forever in the minds of all Americans and even in the hearts of the Englishmen, Frenchmen and others who know him for his great love in running a nation successfully.

NEWS OF THE SPORT WORLD

LENGLEN AND WILLS MIGHT MEET IN U. S.

French Tennis Champ and Helen May Be Matched at Forest Hills Next Year, Is New Report Today.

NEW YORK, Feb. 12.—(Special) Americans may have the privilege of seeing their young tennis champion Helen Wills in her first match against Miss Suzanne Lenglen, the French tennis queen.

But an opportunity to see the world's greatest woman player in another match may come next year in another match at Forest Hills, L. I., N. Y. Asked if Miss Lenglen would be a member of such a team to come to America, one of her supporters said: "Why shouldn't she? She is regularly the best player in France."

Considering the vicissitudes in which the United States Lawn Tennis association has been beset, women's tennis in this country, it is very likely that France will be invited to hold an annual competition for the Wightman cup, which is destined to become the "Davis Cup" of women's tennis.

When the cup was offered for the international tennis several years ago by Mrs. Hazel Hotchkiss Wightman, only England accepted and it was not for some time that real competition was started.

France, at that time had only one real woman player—Miss Lenglen, and naturally did not care to spend a lot of money to take a certain beating.

With Miss Lenglen as the reigning star, France now has two other great young players in Miss Dill Viator and Miss Henriette Cochet, and the French players here believe that they would comprise the strongest team on the courts.

Such a flourish was not out of place through this year. That would be disappointed just before game time. John Sam, Herbert Kelly, Edwin Gwinn, Eric and Ed Martin are likely players.

Old Pipe, we're pals for keeps

SIX months ago, Old Pipe, we were headed for absolute divorce. We were wrecked on the twin rocks of Tongue Bite and Throat Patch. I tried tobacco after tobacco. Then... I found Prince Albert.

Today, Old Pipe you're closer to me than a tattooed anchor. P. A. made you sweet and cool as the wind from a laden orchard. P. A. led me out of the hot pipe desert into the pleasant valley of contented smokers. Comfort fell upon me... and it was welcome as rain to a dusty frog.

Say good-bye to worry, you fellows who don't yet know the joys of a jimmy pipe and P. A. Tell gloom to be on its way. Your first fragrant pipeful will give you a 99-year lease on happiness. Prince Albert is the mildest, sweetest, kindest smoke mortal man ever knew.

Prince Albert gives you a helping hand when you are down and the glad hand when you are riding the crest. A real friend that understands your every mood. Make a break now for the nearest shop where they hand out pipe-peace in tidy red tins.

PRINCE ALBERT
no other tobacco is like it!

P. A. is sold everywhere in tins and packs, and half-pounds in bulk. It is a mild, sweet, and fragrant smoke with a long, smooth, and pleasant taste. It is always with you in a tin and pack, ready for the Prince Albert pipe.
