UTAH SNOW-SLIDE FATAL TO FIFTEEN PEOPLE

Fifty More Are Buried Under Snow Mountain Which Hits Sap Gulch

Tragedy Occurs This Morning When Heavy Blanket of Flakes Slips Down on Small Town.

BINGHAM, Utah, Feb. 17.—Fifteen bodies have been removed from the debris of the buildings demolished by a snowslide early this morning. Fifteen persons have been rescued alive. The extent of the disaster has not yet been ascertained.

At least 50 more persons are believed to be entombed beneath the giant mountain of snow which came sliding down the mountainside of Sap Gulch about 7 o'clock this morning, crashing in five residences, two boarding-houses and a church.

BINGHAM, Utah, Feb. 17.—Three are dead and many believed to be entombed in a snow slide which occurred here early this morning.

Five residents, two boarding houses and the Methodist church were buried in the mass of snow that came roaring down from the mountainside.

First to get out in the wreckage of the buildings and mines from the entire district have been rushed to the scene to attempt to save the lives of the buried and who by chance may still be alive.

The number of victims of any hour period in the history of this vicinity, with one exception, resulted

(Continued on page 8).

FULL STORAGE FOR BIG DAM NOW ASSURED

Orders from Interior Department Mean That No Guarantee Will Be Needed by Utah Construction Company to Insure the Largest Dam and Equal Distribution of Water.

(Special to Times.)

AMERICAN FALLS, Idaho, Feb. 17.—With three days of continuous rain having failed to proceed at once on the big dam, the Utah Construction company planned little more for enlarging immediately the basis of its operations on the foundation and took steps which will lead to the completion of the dam in approximately 350,000 acres, feet of water for use upon the lands of the big project. The orders which were issued by the assistant secretary of interior obviated the necessity for any delay to start work on the dam in order to secure the maximum amount of water that can be impounded.

Refuses Tenders.

The situation was peculiar and presented a great deal of difficulty to the contractors, as they were unable to find tenders to proceed with the work. The original order from the department left a doubt, saying, in effect that the contracting firm was to proceed on this as far as the interior department would let it, but, upon receipt of the order, the contractors were unable to effect that the contractors were justified in proceeding without limit on the big dam, but there were reports to the effect that there were other advantages to the contractors, and the restrictive clause seemed to give color to this impression.

That the orders from Washington mean that all districts under the American Falls dam will receive an equal amount of water pro rata in proportion to its subscription and interest of whatever may be impounded. An order was issued to the contractors based on this, and the construction plan of the American Falls district here today by Assistant Secretary E. B. Johnson, after conference with President Wilson E. Shaffer, of Jerome, while the contractors of the Middle fork company will be released from its conditional guarantee and that the advantage which it might have derived from the storage over \$200,000 per foot, should no other enter, will be relinquished.

BOXED DIES OF SHOT.
BINGHAM, Utah, Feb. 17.—Philip Broome, 20 years old, Indian Mts., who in a letter to a friend in the mining city told a secret tale of his misadventures in the mountain quarters of the city jail today.

Mr. Broome, after police had searched all day for him, had last night voluntarily come to the police station and surrendered.

Questioning by officers brought

out an incident of dimmed

story of being kidnapped and held for "Chinese."

Police investigating the story

of the shooting of Philip Broome

in the Indian Mts. jail.

RENEWAL OF ATTEMPTS OF UNION MINERS TO CLOSE OPEN SHAFTS TODAY WERE FEARED AND POLICE STEP IN.

EVANSVILLE, Ind., Feb. 17.—Renewed violence was ominously feared today in the coal-mining district of western Indiana, where a dozen miners were injured in racing.

One of the injured men, Lee death

from a non-mining injury, in an Evansville hospital.

The racing occurred at isolated

mines in Warrick county when miners attempted to force the non-union workers to join the union of miners.

State militia, armed with rifles,

shot at miners who were trying to

close the shafts.

It was reported to authorities

that Lee, 21, was shot in the head

and died yesterday afternoon.

Local authorities were in close

touch with William Kershner, adjutant general for the Indiana National Guard.

Kershner, however, will make an

immediate sending troupe unless

the situation gets out of hand.

YOUTH CONFESSIONS TO KILLING SWEETHEART AFTER BEING LED TO SCENE OF CRIME AND UNCONSCIOUSLY GIVING AWAY SECRET.

WEWORK, Okla., Feb. 17.—Telltale eyes and "fads" have fixed the murderer for the murder of Mrs. Leon Erwin P. Hensley, her 22-year-old daughter, and her son, 10, today.

Hensley, led by officers, the

secret of the slaying did not know

that he was making a confession of guilt. But this officers, watching the young man were directed by his eyes to the secret of his killer.

After a short search, the killer

was found in a nearby hollow.

During last night, Hensley confessed

to firing the single shot through

the heart of the 15-year-old girl, authorizing the arrest.

After shooting, according to

the confession made public, Hensley washed the pistol in muddy water to destroy finger prints.

But failed to remove the magazine from

the pistol, and this part of the

secret, he said, was the killer's

secret.

It was expected today that Hensley would be held on the charge of killing his daughter when he is expected to stand trial and be sentenced.

DEPORTATIONS UNDER PROBE

American Consul in Mexico Is Instructed to Investigate Exclusion of Minister and Teachers Today.

MEXICO CITY, Feb. 17.—The American consul at Puebla, Mexico, has been instructed by the United States embassy to investigate the Mexican deportation of Rev. J. L. Phillips and seven teachers of the People's University, the city.

Officials of the school of the visitors, closed at Coquimbo, will be called if the offer of return from United States Consul Wedel is accepted.

The closure of this institution fol-

lowed the recent move of the government to eliminate foreign priests and foreign religious institutions.

To Curb Senate's Inquiry "Habit"

WASHINGTON, D. C., Feb. 17.—The republican party in the senate took steps today to curb the "habit of the senate," or filibustering, upon motions to adjourn.

In a conference the party adopted

a resolution which would have the effect of changing the rules of the senate so that any resolution re-

questing an investigation would have to be considered by a standing committee of the senate before it can be considered.

SCOPES PROSECUTOR INDICTED.

BIRMINGHAM, Tenn., Feb. 17.—A slenderly built former attorney general, Tom McKenzie, famous as a prosecutor in the John T. Scopes "monkey trial" last spring, now appears here before the grand jury to answer charges of transporting liquor.

NEW RIOT AT MINES IS FEARED

One Man Probably Fatally Slashed, Many Others Injured in Clash in Fields of Indiana.

Police Doubt Girl in Kidnapping Tale

BIRMINGHAM, Ala., Feb. 17.—Little Peabody, 10 years old, Indian Mts., who in a letter to a friend in the mining city told a secret tale of his misadventures in the mountain quarters of the city jail today.

Mr. Broome, after police had searched all day for him, had last night voluntarily come to the police station and surrendered.

Questioning by officers brought out an incident of dimmed story of being kidnapped and held for "Chinese."

INAUGURATION DATE

MIGHT BE CHANGED IN NEW MEASURE

WASHINGTON, D. C., Feb. 17.—The home naval committee today unanimously voted to a five-year building program for the navy and.

The committee voted to recommend expenditures of \$500,000 for the five years for the acquisition of new equipment, including two aircraft, each to be about three times the size of the Sopwiths.

Secretary of Labor Davis is ex-

pected to vote on the initial con-

tract for the first aircraft today.

He has referred the matter to the

Attorney General on the legal

questions involved and has the

construction board of review recom-

mendations to submit.

Meeting of Many Prominent Medicos Will Be Held in May at Atlantic City; Many Subjects Are Up for Discussion.

WASHINGTON, D. C., Feb. 17.—The war department today informed all service officers and enlisted men of the decision to repeat the annual medical examination.

The examination will be held at

the Atlantic City, N. J., May 15.

General Marion M. Poston,

chief of the medical corps, conducted

the investigation and preparation.

Dr. George E. Vincent, president

of the Rockefeller Foundation will speak

on their health problems.

SOCIETY

Phone Society to 62 — After 6 P. M. Phone 78-W.

Mr. H. R. Cowling and Mrs. A. J. Mat. entertained the Winchwood club with a pretty appointed one-thirtieth luncheon Wednesday afternoon at the home of Mrs. Cowling on Poplar avenue. The guests were seated at small tables attractively set with yellow and white cloths. The menu was carried out in the theme and in the centerpieces of bright candelabra. Candelabras were artistically arranged about the room. The afternoon's amusement was in the form of a kennelation.

Members of the D. I. O. Sisterhood were entertained by Mrs. Annette Gilt and Mrs. M. L. Hayland at Mrs. Cliff's apartment in the Colonial on Tuesday evening. Mrs. DeWitt Young presided at the piano. The program included a greater part of the time, there being no program. A short hour followed the business meeting.

The Parent-Teachers Association of the Washington school met on Wednesday afternoon in the Washington auditorium. Mrs. J. C. Portefield spoke interestingly and briefly on "Founders' Day" concerning some interesting facts in connection with the early history of the school. Mr. W. Z. Smith, representing the school board, discussed the new taxonomy. Following these talks, the members held a round table discussion on motion pictures.

Mrs. Jessie "Yodel" entertained the Mountainide club at an all-day meeting on Wednesday at her home on Fourth avenue east. The club members assembled at 10 o'clock. At noon a delicious luncheon was served from the large table. The program was spent with needlework and a pleasantly informal social time.

The Amoco class of the Baptist Sunday school held their regular monthly business meeting on Wednesday evening at the home of the teacher.

Mrs. Edwin Wells on Ninth avenue east. After the business meeting a social hour was enjoyed and the boys served delicious refreshments. Others in the church who were present were Misses Oliver, Smith, McElrath, McPhee, Sue Smith, Turner, Dean, Ian Prouch, Marion Smith, Velma Taylor, Winfield Tucker, and Stella Berthe. Guests of the class were Misses Leona Street, Emma Stephen, and Mrs. E. Turner.

The Parent-Teachers association of the Lincoln school met Wednesday afternoon in the school auditorium with Mrs. J. D. Whelan in the chair. Full details of the work of the school were given by Mrs. Whelan, who also outlined a short parliamentary law drill. The program was particularly interesting on this afternoon. Mrs. Zenia Smith speaking first on the tax levy, Mrs. I. E. Jonyn made a speech on the work of the general P. T. A. activities. Mrs. M. C. Maxfield, accompanied by Mrs. C. A. North, sang delightfully two solo numbers. Mrs. Perkins gave a talk on the founders of the P. T. A. and their work in the early days of the organization. The child's leisure hours were discussed at the round table, following the program. An interesting feature of the meeting was a reading of several essays, what I Do, What I Can Do As I Please by Miss Perkins, principal of the Lincoln school. These essays were selected as the best of those written.

LENGLEN AND WILLS WILL MEET AGAIN

French Star May Have Return Tennis Tilt With American Champ in Nice Tournament Next Month.

CANNES, France, Feb. 17.—The French badminton-tossing-to-the-most meeting of Helen Wills and Suzanne Lenzen and believed that it may come the week of March 3 at Nice.

Lenzen has already entered the Nice tournament, and while Alba Wills has not yet officially entered, she was believed likely to do so.

The play at Nice will be on Peter Lenzen's courts, the courts Lenzen knows so well and which he will be using in his tourney.

Lenzen still will play tennis, she chances her changeable mind, in the meantime, in the Monte Carlo tournaments.

Experts along the Riviera were asked what they thought of Helen's idea and what would be the outcome of a tennis-women's meeting.

There were many who believed that now that the notably cautious Helen had a taste of tennis-men's ways, she would be willing to risk some fun, hopefully, from the crown of many of the courts.

On the other hand Lenzen was not without admirers. The brilliance of her play and the apparent inability of Helen to match speed of foot against the French girls gave these experts reason for belief that Lenzen would dominate.

BUHL MAIDENS SURE OF GAME

BUHL, Idaho, Feb. 17.—Begins the last "out-of-the-park" of its star players. L. Metz, the Buhl high school basket-ball sextet, still stands undefeated and probably will wind up its game with Twin Falls at Twin Falls, Friday night, in this way. Harry Harry, coach, said today:

"The Buhl girls defeated the Kimberly maidens here last night with a score of 35 to 10 in a game that was a complete walk-away for the local players." The girls' team last year was state champion. It appears that Buhl girls will have the state championship for girls clinched.

Buhl is anticipating a close game with Twin Falls this evening, particularly as the girls are in top condition. Gladys Winzar, Berriedale Parish, Norma Scully, Arella Shewart, Esther Malone and Virginia Peck in all probability will be in the line-up for the game. Friday night—no spectators admitted to work seats. Seats, of course, is the outstanding player of her squad. She, Miss Stewart and Miss Wheaton are left-overs from last year's champion team.

Buhl teams the district now with presentation. Twin Falls is second and Pifer third. Twin Falls has lost two games and Pifer three. On February 26 the return game with Pifer will be played at Pifer.

A Christmas never goes.

BRUINS FACE BUHL SQUAD HERE FRIDAY

Visitors Are in Fair Shape for Return Basketball Game with Local Quintet.

BUHL, Idaho, Feb. 17.—Although the Buhl basketball squad has been under a handicap this year with butts mostly green material to work with, Coach James Seal believes the boys will have a fair chance to help Twin Falls when the annual quintet mix of Twin Falls-Friday night for their return game.

The squad is in fair shape but not up to what it might be. Neal Johnson, coach of the local quintet, says the boys are the backbone of the entire team and are depended upon to carry their squad through the index successfully.

The local quintet last night defeated the Idaho Falls team, 14 to 10, which displayed Buhl's good work at passing and its ability to hold its own against opponents. Johnson says the boys are showing improvement daily and that they are the backbone of the entire team and are depended upon to carry their squad through the index successfully.

What the Buhl players lack mostly is confidence, Neal said.

The game Friday night will determine the champion of the Northwest in the official tournament. If the local quintet fails to overcome the Twin Falls opponents, the former will be ahead of Buhl in percentage and will be entitled to play for elimination. Buhl had a record of 10-10 with a 10-10 tie with the quintet.

The local squad is in good shape despite the fact that it played a hard game at Hollister last night, and beat them 14 to 10. The night's contest leaves an "either one or the other" kind of anticipation among spectators.

Johnson, Bettie, Kelley, Gaskin and McDaniel are the members of the local quintet. They are looking forward to the first game of the Northwest tournament. The plan is to have the men take it as easy as possible to keep the players in shape for the Buhl game on Friday night, which will determine the Buhl chance to play in the district tournament.

The Buhl team will play at 7:30. The girls' team will not play tonight.

Few Will Dissent.

There are very few matinee audiences in the United States who are as full of the spirit of the game as are the people of the Northwest. And there are more automobileists in this country than there are telephones. It is a wonderful country, if anybody should ask you—Exhange.

BUHL FIGHTER HAS WORKOUTS

BUHL, Idaho, Feb. 17.—Ray Royenburger, the "Bullfighter" of the "Bullring" Hall of Portland, Oregon, ring event either here or in Twin Falls sometime the latter part of this month, in having his work out daily and at the time is in Twin Falls shape, near the flashy fighter from the Gate City.

H. J. Kelly, promoter of the coming fight, is confident the local boys can best his opponent. His chief concern has been a matter of money, however, and the "Bullfighter" has shown his state is good advantage in various parts of the country.

Belly hopes he may obtain a place sufficiently large enough to accommodate the crowd which he expects to see.

Roy has been showing plenty of speed and punch in his sparring and his weight, which is about 145 pounds, is about at the standard of his opponent, a fact which makes the fight very exciting.

Belly will have the date and

TWIN FALLS DAILY TIMES

Published Every Evening Except Sunday by the Times Publishing Company, Twin Falls, Idaho.

Entered at the Twin Falls Postoffice as a Second Class Mailed as a Daily Publication, April 11, 1918.

"GLAD TO SEE YOU"

"Glad to see you" is the somewhat hackneyed expression which is used when people meet. It is true of some people. We are glad to meet them. Their smile, their cheery word, their natural expression of good will makes the meeting a blessing and a joy. We are not just honest in the use of this sentence. We say it even when we are indifferent about the meeting or perhaps displeased. We would just as leave not to have met but we said it just the same. We are really glad to meet those who bring us encouragement, hope and genuine good fellowship. Some few make us glad and never anything but glad. We know they will have good news and good words. There will be nothing critical, nothing offensive because it is foreign to their natures. They have a happy faculty of holding in mind only that which pleases us. Of course you are glad to meet the man in business who dispels your fears and worries and makes you brave. You are always glad to meet the woman in society or in the home whose unselfish, beauteous spirit soothes, quietes and inspires. Do you think people are always glad to meet you? When they say it, do they mean it or is it just a form? Two friends have just met. They clasped hands, looked into each other's eyes with an expression of confidence and affection and from both came at the same time in ringing, hearty tones, "Glad to meet you," and they both were really glad. We are always glad for the sunshine, sweet music, rippling laughter and expressions of hope and kindness. If these finer qualities are in your life in a pronounced way we will be glad to see you.—Johnston Myers.

THE INTEREST OF NORTH IDAHO

North Idaho is much interested in south Idaho, particularly politically, with much information sought by those whom it is thought are in a position to give information, particularly advance information with the general impression seemingly prevailing that anyone from the south part of the state, particularly the southeastern part, is a fact of information.

The interest is not prompted by political curiosity. It is genuine; a north Idaho has many problems of its own which are vitally affected by legislation, and with the majority of population in the south part of the state that section is more powerful in a political way from the numerical viewpoint.

North Idaho is much interested in forest conservation, although not overly fond of the present forestry bill. North Idaho is confronted with the fact that the restoration and perpetuation of the vast forest area of the state have been undertaken too late for any benefit to be derived for many years to come, and had some care been taken 50 years ago the forests would have been perpetuated.

With the forests disappearing north Idaho is turning to other lines of endeavor and is interesting a great many people in reclaiming the cut-over lands which are particularly suitable for dairying, that being the particular branch of the livestock industry that thrives in the north end of the state, and where sheep raising cannot be done successfully.

With the coming of agriculture and dairying the problems of north Idaho are taking on a different angle from any previously experienced, and water resources are being regarded more closely with the result that north Idaho is beginning to look with a jealous eye on the ambitions of the sister state of Washington, which wants Idaho water for reclamation.

Irrigation will never be carried on in the same degree in the north part of the state as it is in the south, for there is not water sufficient nor is the land easily irrigated, for with all of the rainfall occurring during the winter months leaving the summer months dry and hot, making irrigation necessary, and for the first time in its history north Idaho is taking an interest in water and irrigation legislation.—Exchange.

OUTLOOK FOR CLOVER AND ALFALFA SEED

Over Production and Carry Over Has Reduced the Price of Seed Outlook, According to U. S. Department of Agriculture.

WASHINGTON, Feb. 17.—Inasmuch as red and white clover seed stocks are considerably larger than last year and prices are higher than normal, the production of these seeds should be increased; on the other hand the production of sweet clover and alfalfa seed might well be curtailed because stocks of these seeds are much larger than normal and prices especially are lower.

The attention of farmers who wish to sow alfalfa or sweet clover for hay, pasture or soil-enriching purposes is called to the fact that the single supply of good seed is available at prices that are the lowest since 1922.

Production of red clover seed during the past three years has been much greater than normal largely on account of unusual weather conditions, raising consumption of red clover on estimated (from all clover) production plus imports minus exports, the average annual consumption for the past 10 years has amounted to about 72,000,000 pounds. The 1925 crop will drop 20-30 per cent short of this and the deficiency has been met in part by large imports from France, The American Farmers' Association, Inc., the American Farm Bureau Federation, and the National Farmers' Union, more for domestic use than for imported red clover as domestic seed at present is selling at a premium of about 6¢ a pound over the price of imported seed of similar quality.

The average annual consumption of white clover seed during the past 10 years is estimated at 24,000,000 pounds. Production during the past three years was much below normal. During last year it was unusually good and seems to at this time both in the United States and Canada is the smallest on record. Prevailing prices are the highest since 1921.

The large 1925 crop of alfalfa seed, amounting to 48,000,000 pounds, is the largest ever recorded. The market was larger than usual. The available supply for spring and fall sowings, therefore, is much larger than usual notwithstanding small imports, relatively higher prices, some other products, and the continuation of alfalfa seed for horse feed. Furthermore, favorable weather in some sections which were unable to sow the usual areas last year because of drought, and for other reasons, may have affected the market for alfalfa seed. Unless the demand, however, is much greater than expected there is likely to be a considerable carryover of common alfalfa seed. Carriers of Gerlach and other hardy varieties of alfalfa may be little help than usual.

Alfalfa Crop Huge in 1925.
The 1925 crop of alfalfa seed, amounting to 48,000,000 pounds, is the largest ever recorded. The market was larger than usual. The available supply for spring and fall sowings, therefore, is much larger than usual notwithstanding small imports, relatively higher prices, some other products, and the continuation of alfalfa seed for horse feed. Furthermore, favorable weather in some sections which were unable to sow the usual areas last year because of drought, and for other reasons, may have affected the market for alfalfa seed. Unless the demand, however, is much greater than expected there is likely to be a considerable carryover of common alfalfa seed. Carriers of Gerlach and other hardy varieties of alfalfa may be little help than usual.

Sets and Parana

The whole length of the highway at Sets is about 88 miles. Of this distance 10 miles are actual set, formed by cutting, 14 miles are made by dredging through the lake, the lake being 10 miles long and no wider than the narrowest, being equal to that of the canal. The Panama Canal is a little more than 50 statute miles in length, including the dredged portion extending to deep water at either entrance.

Instant Relief From Bunions-Soff Corns

No sensible person will continue to suffer from those intense, agonizing, throbbing bunions pains when the new powerful penetrating yet harmless antiseptic Emerald Oil can readily be obtained at any well stocked drug store.

Applies a few drops on the inflamed swollen joint and see how speedily the pain disappears. A few more applications and the swollen joint is reduced.

So many wonderful powers is Emerald Oil that soft corns seem to shrivel right up and disappear.

All druggists guarantee it and are dispensing it to many foot sufferers—

HENRY S. NICHOLS WITH HIS WORLD CHAMPION YEARLING

Henry S. Nichols of Currie, Wyoming county, New York, bought his first purchased Jersey about three years ago. Two years ago he entered the show ring to test what his purchased cow would yield. In the first year six of the seven cows on test won the American Jersey Cattle Club silver medal. The seventh, an old cow, also made a notable showing. In his second year of testing one

BUHL ROTARY CLUB STARTS CHILD CANVASS

Invalided Children Will Be Offered Free Medical Service by Organization in Campaign To Open Today.

BUHL, Feb. 17.—The Buhr Rotary club today begins its canvass of the state to determine the number of crippled children who might accept free medical attention for their afflictions when and if they are unable to take care of them themselves.

The canvass is part of a nationwide movement on the part of Rotary International and even extends to foreign countries. It is one of the greatest efforts ever made to bring together an organization for the betterment of humanity and has received the wholehearted support of the entire Buhr club.

C. E. Bowring, chairman of the local committee in charge, stated that his team of workers would not neglect a single house in their work. The canvass for this section extends to Hollister, Castledale and other places. After securing the names of the invalids the club will desire to aid the Rotary club will offer to them an expert physician and surgeon for examination. This expert is being sent from the east.

A meeting of the local club last night was held to determine the arrangements "inside the car" to take the workers over their route.

Any money collected will be held in trust and while it desires to aid the child, may apply to the Rotary club if they are not covered in the canvass for medical attention. The Rotary is paying all expenses of the workers, who will have to bear traveling expenses in case they live too far to be interviewed by the team workers.

Civilization Delayed

Spaniards in California are uncompromisingly against natural mode of life, is the only spot in the Pacific islands where the native population is not dying out. Everywhere else civilization seems to have brought disease.

Idaho Veterans to Get Treatment for Any Kind Disease

BURRIE, Feb. 17.—The attention of all Idaho world war veterans is called to the liberal hospitalization privileges provided by the U. S. government under the law, and hopefully discontinued for any disease, sickness or disability at a government hospital free of any cost to him by making application to the U. S. Veterans Hospital of Buhr, The Veterans Hospital is located in Buhr, Idaho, and is one of the outstanding institutions in the northwest.

The American Legion, through its several posts, and its department service officer, William O. Hall of Buhr, is doing its best to inform the veteran leaders assistance in any way they might have pending before the veterans' benefit. The great number of regulations and the many types surrounding government activities make necessary the services of a specialist in this work.

INDIAS SERVES SHORTEST SENTENCE ON RECORD:

SACRAMENTO, Calif., Feb. 17.—

After serving one of the shortest sentences in record, Carl Schlueter, 50, of Sacramento, was released yesterday after his sentence had been commuted.

When Federal Judge Frank Kent was informed Schlueter was the man sought for trial for the killing of his wife, he said he would not be surprised to receive information to the effect that he steals a valuable letter while under the influence of whisky.

Beginning Tomorrow—A Remarkable Sale of

Smart New Dresses

"Sunbeam" Brand—in Genuine
Aberfoyle Radioux Chiffon
and Mohpac Sports Fabrics

\$5.95

AN EVENT the Dress Shop is justly proud of—we know fashion-wise women and misses will be delighted with such smart, attractive and practical dresses at so inexpensive a price! They are ideal for Spring and Summer—suitable alike for home, street and sports wear.

The large assortment is comprised of the well-known "Sunbeam" Dresses made of the fashionable Radioux Chiffon, a superior Rayon fabric in a very fine quality and unusual new Spring patterns. It is absolutely guaranteed sun-fast and tub-fast—also to retain its silken luster, and non-shrinking.

The models sketched above are representative of the attractive choice offered in this assortment. All straight-line tailored styles that embody the smart color features. Each individual with trimmings of plain white or colored Radioux Chiffon. Also models trimmed with handwork.

Distinctive Features Exclusive with These Dresses

Aberfoyle Radioux Chiffon is an outstanding

Rayon fabric of surpassing quality and beauty.

With the exception of the simple patterns, all

of the designs are exclusive to Radioux Chiffon and Mohpac fabrics—patterns of a character

not possible in any other Rayon material.

They fit perfectly because of their perfect,

generous cut. They have wide 4-inch hems.

In addition, these dresses have been made

very liberal in length, and in most instances

the hem can be made from 6 to 8 inches deep.

Regular Sizes, 46 to 44

Among the New Spring Colors and Color Combinations

Birds Eye

Periwinkle Blue

Lavender Green

Coral Pink

Beige Orchid

Summer Caskets

Red and Tan Combinations

The fine, expensive dyes used in Aberfoyle

Radioux Chiffon and Mohpac make these

colors possible. Even after

numerous tubbings and exposure to the bright

Summer sun, they will remain as fresh and attractive as when they are new.

Extra Sizes, 46 to 44

Mohpac Sports Dresses Also Featured in This Catalog

This wonderful new sports fabric is usually found only in dresses selling at much higher prices. Many trim styles in this group display distinctive new colors and designs.

They are smart for country club wear.

Pretty, Neat Hand-trimmed Pique Frocks Are Included in These Prices.

BUHL TAXES AS ISSUE IN ACTION HERE

Buit Is Filed by Attorneys Walters & Parry and B. H. Buszman to Recover Money Paid Under Protest Because of Alleged Error in Assuming That Plat on File Was Correct.

Suit for recovery of \$42,257, in 1929 taxes paid by W. A. Gray, present owner of 793 acres of land in what was known as the Federal Heights addition to Buhl, was filed yesterday. Buhl attorney George M. Thompson, of Twin Falls, said the valuation placed on the property by the county assessor, W. A. Gray, and his wife, Mrs. W. A. Gray, and their son, Ben-H. Bussman, of Twin Falls, was \$1,000 less than the true value of the property.

The valuation placed on the property by the county assessor, W. A. Gray, and his wife, Mrs. W. A. Gray, and their son, Ben-H. Bussman, of Twin Falls, was \$1,000 less than the true value of the property.

The plaintiff claims that the ground in question never constituted an addition to the city of Buhl.

The complaint states that the Payee Investment Company, the defendant, had no right to assess the property as an addition to the city of Buhl, and that the county assessor was probably led thereby to assume that legal requirements had been complied with. It is stated, however, that this was not the case.

It is further claimed that the plaintiff, the Buhlers Mortgagors company, the predecessor in interest of the defendant, Buhl, was without the consent of Lillian MacCormac, who has a life estate in the property, at the time it was accepted.

The plaintiff claims that the ground in question never constituted an addition to the city of Buhl, and that instead of being worth \$42,257, it was worth \$32,755. The value set by the court is \$32,755.

CALIFORNIA GAME BIRDS ENJOY WINTER IN ALASKA

WASHINGTON, Feb. 17.—A notable scarcity of game birds, with food scarce as ducks and geese have disappeared, and the fall and winter flight in the number of western states, particularly in California, Oregon and others interested in the conservation of our wild life have expressed alarm at the scarcity, fearing that there will be a marked increase in the numbers of these birds.

Telegrams came to the Alaska State Survey during the third week of January, 1925, showed that the number of ducks and geese and those remaining along the coast of southern Alaska and northern British Columbia.

KING WINS ELECTION

PRINCE ALBERT, Sask., Feb. 17.—Defeated, with 5,000 of the 6,000 votes cast, George G. King, general election candidate and first the opportunity to try for a first in life constituency through the courtesy of the Liberal members' resignation, a MacKenzie King, premier of Canada, and his independent candidate, Captain H. P. Burgess, M. C., in yesterday's by-election.

The Next Best

Give me victory or give me all else—Simpson Simpson.

ANOTHER CAR OF PRODUCT GOES TO THE PACIFIC COAST

Buhl & Company sent the second car of product over the transcontinental line to San Francisco. The total cost of mostly dried potato though had a quantity of butter and eggs. The difference in the rates for the two cars is due to the fact that the first car contained dried potato while the second did not.

H. C. Gandy, general freight agent of the Oregon Short Line, came in on a special car today to take up a number of freight matters.

Values in Cars Are Unprecedented

TWIN FALLS.—The automobile industry is offering unprecedented values in cars. In fact, the manufacturer and importer of the latest model of the Chevrolet Motor company, who bases his opinion upon the vehicles which he has inspected in the United States, Detroit and other countries, says that the value of an automobile is now \$1,000 less than it was in 1925, and the value for them may be as old as 1925.

The values are created by previous tax assessments, which are based on the fact that the government has made some of the last tax made, the tax of present and future automobile prices is 65 cents per dollar, a reduction of 35 per cent. The average price of all commodities is 65 per cent higher than in 1915.

FILER NEWS

BUHL

BUHL.—The Filer Knights club held its regular meeting and luncheon in the basement of the Methodist church yesterday.

At the New Year's party—After the opening song service a cheer contest was given by Maynard Miller, student of Rural High.

The usual spirit of glee fellowship prevailed throughout the entire program.

Jessie H. Stith, then read a translation from the American Almanac requesting the presence of Filer Knights and their families at the International convention to be held in the city of Filer next month.

On the same night Filer Knights invited to their home a group of the student of Rural High making the best call record for the year.

It was also voted to petition the Twin Falls county commissioners for necessary action to save the highway from the snowdrifts on the pavement to render it more safe for travel. It is the opinion of club members that many of the recent accidents might have been avoided if the roads had been properly cleared.

At the same time it was voted that each club member contribute one dollar to the fund.

On the same night the Filer Knights formally a resident of Filer, and A. W. Dunham of Los Angeles, C. W. Case and H. E. Hamner were elected officers.

REPORTS.—Filer Knights reported that the new Filer Knights club will be organized.

H. E. Hamner is owner of a new Chevrolet sedan.

TRUST PROBE CONTINUES

PITTSBURGH, Pa., Feb. 17.—The Allegheny County grand jury, having a victory in establishing that it has the means of compelling the Abundant Company of America to produce its books and the investigation of the company's financial method.

The committee fails to prove that the organization controlled by the Mellon interests by means of manipulative practices and unfair competition.
