CALIFORNIA WELCOMES IDAHO MEN

Twin Falls Excursionists Given Royal Welcome By Chamber of Commerce of Sacramento and Taken for Drive About Grain Fields.

Asher B. Wilson Describes Idaho Resources in Brief Address; Reno Gives Buffet-Dinner and Joins Hands With Idaho for Greater West.

SACRAMENTO, Cal., March 27.—Thirty-five Twin Falls, Idaho, business men, on a tour of California, were guests of the Sacramento Chamber of Commerce today.

The excursionists included:

Asher B. Wilson, president of the Twin Falls Chamber of Commerce, reached there this morning in a special car.

The party had breakfast at the Hotel Stateline, with members of the Sacramento Chamber of Commerce, and have been on an automobile trip around Sacramento and vicinity.

Following an informal luncheon the visitors left their afternoon at Oakdale Inn, Sacramento, en route to the southern part of the state.

The party passed through Reno late last night, where a welcome awaited, with greetings from city officials and the chamber of commerce.

Royal Hawaiian Hotel, Reno.

At Reno, where the train arrived at 3:45, cars were waiting and the excursionists were taken over the city for a short drive after which a dinner was served. They were warmly welcomed by Mayor E. E. Roberts.

Literature was plentifully distributed along the route by Secretary Charles F. Hall, and the members of the party, including the two County Agents, E. E. Bremer, specialized on the farm possibilities and actualities of the Snake River valley around Twin Falls. Samples of the best Twin Falls products, many unique and original, were collected and expressed warmly in a letter of appreciation, aroused enthusiasm in the places where stops were made and other products, and generalities.

Then came the big "Twin Falls Sample," the first "Twin Falls" sample, to express himself warmly in a letter of appreciation, aroused enthusiasm in the places where stops were made and other products, and generalities.

Livestock Show Is Opened with Fine Exhibit in Utah

SALT LAKE CITY, Utah, Mar. 27—Salt Lake City's contribution to the advancement of the livestock industry in the West and International west, is the Livestock Show, opened this morning at the Union stockyards at North Salt Lake for the ninth annual exhibition. In this year, even the prominent members of the Livestock Association of the Salt Lake chamber of commerce has disgraced from ways of handling previous shows. Violations with a special appeal to the public, who, it is believed, are the community who, perhaps, are not interested in the business of developing herds or for the market have been incorporated into the show.

OIL Gusher Spouts 25000 Barrels Daily

Oklahoma Oil Well Cannot Be Controlled; Workers Are Busy Constructing Dike and Tanks to Contain Large Flow of Rich Oil. 4

ENID, Okla., March 27.—Thousands of men were working frantically to get the gushing oil under control to keep the thousands of gallons of oil that are flowing from the state's biggest producer, brought in yesterday. The Sinclair Oil company's Hartwell No. 1 well, which a day ago gushed to overflowing, all the available storage tanks in the vicinity of the well will now be a huge earth reservoir.

The amount of oil was pouring from the gush at such a rate that the workers strive desperately to build enough extra tanks in which to store the overflow.

The well, which is flowing from a depth of 4,200 feet is said to be the largest ever bought in Oklahoma.

Literature was plentifully distributed along the route by Secretary Charles F. Hall, and the members of the party, including the two County Agents, E. E. Bremer, specialized on the farm possibilities and actualities of the great Twin Falls tract and of southern Idaho in general. Much interest was manifested by the Nevadans and Coloradans in the trip, while the two County Agents also spoke for a few minutes. The party was then returned to the train and at 12,000 feet had departed for Cheyenne.

It is a beautiful little city and the business houses of a dozen or so would lead one to suppose that it is a city twice as large as it is, 10,000.

CHILE REFUSES PLEBISCITE OF TACNA-AFRICA

Misunderstanding of Terms by Chile Given As Refusal to Accept Suspension of the Tacna-Africa Plebiscite; U. S. Attempt to Settle Differences

ATLANTA, Ga., March 27—Chile has refused to accept the suspension of the Tacna-Africa plebiscite while the United States attempts to settle the dispute by direct negotiations with Peruvians. The U. S. attempt, however, which Chile previously accepted the use of the United States' "good offices" was given as the reason.

Registration of voters who participated in the plebiscite in determining whether Tacna and Arica shall remain a part of Chile or revert to Peru began today with the entire population of the district in an almost hopeless state of confusion.

Registration booths opened at 8 a.m. with American and Chilean registration officials present and Peruvians absent. Through the night election officials and police officers worked feverishly, pending an effort to diplomatic settlement of the dispute over ownership of the provinces.

Washington, D. C., March 27.—The Senate, after a long debate, voted 67½ to 32½ to postpone consideration of the bill to prohibit manufacture, importation and sale of all distilled spirits for one year.

SENATE CONSIDERS PROHIBITION

President Asked to Commute Governor's Sentence in U. S. Pen.

WASHINGTON, March 27—President Coolidge was asked today to commute immediately the sentence of former Governor McCracken, Illinois, now serving a life term in Alcatraz penitentiary for embezzlement. His petitioners were Senator Watson, republican, Indiana, and two Indiana politicians, John J. Moorman and George M. Poland.

Jess Warren, Mrs. Beckley was invited to serve in Jerome Sunday evening. The tent was hauled around with mackintoshes, hung with roses and coyote hides, and bounded about with Indian trophies and deer heads. Gray moccasins were dressed in Indian costumes, covered much and fancy rakes throughout the evening. Lounges covered with Navajo blankets and pillows, and Indian rugs were made attractive with fresh work arrangements. Indian songs and confetti contributed the carnival air. Music was furnished by Haines orchestra. In the receiving line were Miss Jane Maxwell and Howard Hines; Miss Betty Wilson and Paul Petrotti. The grand march was led by Miss Maxwell and Howard Hines. The patrons and patrofesses for the event were the parents of the club members, who were seated in two hundred and out of town guests were Miss Lucille Hardbeck of Shoshone, Miss Harriet Kilduff of Boise and Miss Helen Lubey of Pasadena. The program was to greet and talk with the members and their husbands and the names of the 18 alumnae. The members acting as hostsesses were Misses Jane Maxwell, Betty Wilson, Jerome Krebsbach, Margarette Kilduff, Mrs. Irene Hart, Irene Hardbeck, Marion Brinkford, Edith Skillman, Peggy Watt, Alice Taylor, Edna Peatris, Castle Parker, Dorothy Berger, Melba Nelson, Catherine Newman, Marguerite Hardbeck and Mrs. Anna Kline.

Dogs' Characters

One often finds it hard to adjust himself to a dog's character. A type that has bad treatment will sour

deposition of a dog that was originally good-tempered, and it is equally certain that good and fair treatment will bring out the best in a dog, and good and fair treatment can change the original character of the dog.

BASEBALL MANAGER IS HIRED

California University Baseball Coach Signed As Coach of Twin Falls Baseball Team for Season; Zamloch Played With Detroit and Is Player Manager; Idaho Players Given First Chance.

Carl Zamloch, coach of the University of California baseball team, has been employed by the Twin Falls club as its manager for this season. This announcement was made today by A. B. Colwell of the baseball committee and his acceptance is expected today. The negotiations were carried on between Coach Cliff Evans of the Twin Falls high school who is now fresh coach at the University of California. The Twin Falls directors have accepted the offer made by Manager Zamloch so there is little doubt that he will accept.

Zamloch played with the Detroit team and after with the St. Louis Browns. He is a first baseman and outfielder. In early days he pretended to be a pitcher of the major leagues, but he is now a man and will be a player-manager. He seems to be entirely satisfactory to all the directors and yesterday a traveling salesman who was invited in by the league stated to Mr. Colwell that he had found a wonderful manager-player in Zamloch. Bruce Watson of the local committee states that he is well pleased with the new plan as does a number of the other baseball players and fans.

Manager Zamloch will begin to live in the town and the directors of the local club have instructed him to give southern Idaho players first chance. Players in this territory will be given preference over the local club and in a few days arrangements, for early practice will be made.

Tylor Christensen who was dismissed for some time past, has now again joined the baseball club. He was told that they could pay more than the Utah-Idean League rules permit for a non-playing manager.

MAJOR LEAGUE PENNANT RACE STARTS SOON

Training Camps in South Are Broken and Major Teams Leave for Opening Games; Pirates, Giants and Cardinals Have Eagle Eye on 1926 Pennant.

By CLARENCE T. FAIRCHILD.
NEW YORK—Major league teams, which opened pennant races in the spring as the major league teams leave the training camps and start northward for the opening of the season.

In the National League the champion Philadelphia Athletics, New York Giants, Brooklyn Robins, the Cincinnati Reds appear to be sure favorites, and the fight in the American League will be made by the Senators, the Philadelphia Athletics, the St. Louis Browns and perhaps the Boston Red Sox.

Among the officials who are split about the outcome: season-john A. Heyder, president of the National League, is most enthused;

"competition" he said, "develop interest and there should be plenty of interest. I think the Browns and Boston clubs are among the contend-

"practically every team in the circuit has been improved by the addition of one or two good young players. The Browns are the most important and neither did the New York Giants, but they are better club than they were last year."

The Boston club is believed to be almost entirely a good club of young players under a smart man named Frank Frisch, but it has a remarkable pitcher.

"I wouldn't attempt to pick the pennant winner in my league because I don't know and I don't believe any manager in the league is certain that he is going to win the championship."

General opinion expressed in the south favored the Senators, Athletics and Browns to fight it out for the pennant. League leaders and the Yankees have developed so well that they look like contenders. The Yankees have come along fine, and Keene and Lazzeri apparently have had a hand in their success.

The Athletics will start with the same team that made such a stupendous field for the pennant last season

and the exception of Johnny Tolpin in right field and Eddie Cicotte in center field, the department will be with the same team that fought so hard.

Farm schools in the Philippines are tending to stabilize some of the nomadic tribes in the Islands.

Social and educational guidance for girls, by a dean of girls, is incorporated in the public school systems of Brookline-Cambridge and Haverhill, Mass.

To meet the demand for teachers of Esperanto, an examination in that language was conducted in Vienna, under the auspices of the Austrian government.

The valuation of school properties in New Jersey has increased 129 per cent during the past 10 years, according to a recent report of the department of public instruction.

A pension may legally be drawn in two states by a teacher when the requirements of both states have been met, it is the decision by the assistant attorney general of the state of Washington.

It takes a tree many years to grow. But it takes a senseless man but a short time to destroy a 50-year growth once his tree-trimming ambitions are aroused, for he usually has no more knowledge of what he is about to do than a professional huckster has of imitating the mating call of the octopus.

The top leaves and upper branches of a tree are its lungs and, when these are taken away the tree has the same tendency to do as its trimmer would be someone to saw about a foot under his ribs and reach in with a pair of pruning shears and extract a couple of lungs.

THE GOODING BILL

The defeat of the Gooding rate bill lays that measure, aside from the present congress at least. In the congress of two years ago it was passed by a large majority in the senate and beaten in the house. This time it was beaten in the senate.

Though frequently explained, the measure is still often misunderstood, as it was by the Idaho legislature two years ago.

Instead of being a bill to lower rates, it did not touch the existing rate structure, but simply provided that the interstate commerce commission could not in the future legally make a lower rate from the interior to the coast points, for the purpose of meeting water competition, than the rate to intermediate points. In this respect, it would simply perpetuate the system put into effect by Director William G. McAdoo when roads were taken over by the government. It affected only water competition, for it would still allow discrimination in favor of the long haul in certain other instances in the discretion of the interstate commerce commission.

Under the old system it might easily happen that the road would be permitted to charge as much from Chicago to, say Pocatello, as from Chicago to Portland and back to Pocatello. Under the plan inaugurated by McAdoo, which is still in force and which the Gooding bill sought to make permanent, it would be possible for the commission to allow a charge from Chicago to Pocatello as high as the rate from Chicago to Portland, but it could not make it lower than that in order to meet water competition.

So far, the presumption is in favor of this system. Several times since the close of the war, the railroads have asked the interstate commerce commission to go back to the old system and in every instance the request has been denied after an elaborate hearing. The roads argue that they must have the privilege to make the discrimination in order to do a profitable business and that if they must send empty cars west to haul products back east, the intermediate points will lose more than they gain. So far they have been unable to convince the interstate commerce commission that this condition exists. It is said that jobbers in the interior points favor the Gooding bill for interior purposes, but since Twin Falls aspires to be a jobbing center this plea of the railroads has not aroused any enthusiasm in this city.

As the matter now stands, the McAdoo rule, which Gooding sought to perpetuate is still in operation and a decision of the interstate commerce commission only a fortnight ago indicates that it may stand for some time to come. But the commission has the power to set it aside at any time that it is convinced that it should and go back to the old system.

HOME, DAD AND THE BOY

By FRANNIE CHELEY

"SON, THEY AIN'T GOIN' TO USE YOU UNLESS YOU'RE LUCKY."

By F. H. Custer, Denver, Colo.

The No-Account Dad

He is the dad who has always had trouble-making the underlings he employs—blame it on hard luck, or what?

If he has only gotten a shirt in a different locality, and if he can't get it repaired, he'll just lay off, lay off, lay off, lay off.

He is the dad who, according to facts and figures, flies on the dead level line of ordinary—the dad who has, never believed himself to be a bad dad, but has lost control of his rats.

He wasted his time at school;

never believed in a higher education,

but now he is afraid to face the fact that whatever he was in his life

he is bound to be a failure.

The psychologist calls it "an inferiority complex."

His neighbors call it laziness.

His wife calls it purelessness.

He is everything his wife thinks he is, but he is also something else, and that something else is the last for cutting blue-blousers—now, tell me, when I was a boy, it is best for all business?

He needs to learn that there is

very little else of boys' value

than the right and

wise sons with them.

HOSPITAL BID IS WITHDRAWN BY GEO. AIKEN

Michigan Defective Beans Cause Drop in Market Here

The hospital bid was withdrawn this week because of a drop in market prices of all their beans, according to the statement of C. P. Bowles, manager of the Southern Idaho Wholesale company, which handled the crop for the growers. He says that it is not the policy of his company to withdraw bids.

The present low sale for beans is the result of the action of Michigan growers, who have a large quantity of beans that are due or less appeciated than they are throwing on the market and selling them for whatever they will bring.

Washington P. T. A. Elects Officers and Give Fine Program

Washington P. T. A. held its regular meeting last evening before the annual meeting of the Methodist church.

In opening this address, Rev. Mr. George D. Aiken today, and my efforts are no longer seeking to buy it. I got much encouragement from many sources, though, when I wanted to know what would prevent the church from getting it. One man told me he would resign my effort to sell the hospital and the people who wanted it, let us do our best, and no withdrawal.

Many Exceptions.

"Some of the persons who say that they want to buy the hospital said but said 'for God's sake don't let the doctors get hold of it.'

"Another element said, 'sell it all means; sell, but do not sell to the Catholics under any circumstances.'

"A third group said, 'Let us get rid of the hospital, only let us credit on the director, and all who were operated with her. The outcome will be attractive.'

After the play, punch and water were served, and the refreshments were served by Mrs. J. P. McCreary, A. H. Colwell, Dewitt Young and Silver Smith.

Jewish Festivals

The "Feast of Weeks," commemorating the giving of the law of the Ten Commandments on Mount Sinai to the Jewish people, will be observed Saturday evening at St. Paul's, or the Feast of Weeks, comes seven weeks after the Passover; this is at the beginning of the barley harvest, and the seven weeks make up the time of the sowing and reaping, and harvesting, ending with the wheat harvest which terminates the festival.

STUDEBAKER Standard Six Coach \$1195 Built like a Fine Sedan

STUDEBAKER has built the same fine quality into this roomy Coach that has made Studebaker cars famous the world over. And for interior roominess and finish it rivals many fast costler sedans.

In the Standard Six Coach we use northern ash and maple in the body construction the same as in the Big Six models. It is built of the same high-grade steels to the same precision standards—the very highest in the industry.

And Studebaker gives you in the Standard Six Coach the one essential in Coach design—roominess. There's ample room for five passengers. And the Standard Six Coach is the world's most powerful car of its size and weight.

If you want to see something really different in quality Coach design, at a price that is possibly only because of One-Profit manufacturer—see the Standard Six Coach at \$1195.

Cool Weather Is Cause of Warning on Use of Sprays

Warning was issued by E. G. Gilpin, state entomologist, to use oil sprays of lathen seven per cent strength, while danger exists for a temperature as low as 22 above zero, or below freezing. This morning the mercury stood at 22 above zero, and sprays and dusts should be applied when the temperature is above freezing. Early sprays and upsets which were applied in the fall have suffered and what the bulk of crops are still all right.

CITY BRIEFS

Book From Priest to Joseph G. Drury returned today from a business trip to Portland.

March 10th—John F. Hansen who had a sudden attack of illness Thursday is much better this afternoon.

At Camp Perine P. E. Hawley, a camp of about 200 spent the night at Camp Perine and will return this evening.

Return to Elmer—Miss Virginia Snyder, who was visiting relatives in the C. P. houses, returned to her home in Elmer today.

Reception for Judge Hayes—A reception is being held today at the home of Rev. and Mrs. Arthur G. Hayes for Rev. Lawrence Hansen, Miss Hayes' son.

Exhibition Papers—Exhibition papers have been issued for the return of the new year book built, who are entitled to it. Those charred with the theft of a car in Dingle. He has enlisted it is reported.

Joe Kuehler—Joe Kuehler returned from Atlantic City yesterday and was seen at the office of the St. Paul's church.

It is unlikely that forces and see overable and see through which stop where we are. The teaching of Jesus comes like a flash of lightning illuminating the whole field. He believed and taught that God is love and that the object of all life upon this planet lies in a higher and more spiritual existence beyond the grave.

"Christ has taken life, trackless by day and placed it in me, who am the least of all that are saved and beautiful and the life in life is greater. In my Father's house are many mansions, I go to prepare a place for you."

Exemplar—Doreen, the patriarchal decree of the grand establishment of Idaho was exemplified last evening at a meeting in the Odd Fellows hall at which Grand Patriarch W. L. Lambright attended. Refreshments were served. Miss Joyce and Edna were represented.

Leave This Morning—Mrs. H. Prechell, and son Pelly, and Mrs. Edna, and daughter, Mrs. S. Straus, are leaving for New York City where they will stay before leaving for the steamer Deutschland for Hamburg, Berlin and other points to visit relatives.

Starts for Europe—Mrs. S. Straus started for New York City, where she will leave for a trip through Europe on April 7, to remain five months across the ocean. She was joined by her son, Pelly, and daughter, Edna, who will accompany her on the trip. "A host of friends yesterday united in extending her farewell greetings and best wishes for a good trip."

Prosecution Corrects Statement—The statement that I obtained the care for alleged forgery against John A. Taylor because I felt that I lacked evidence of probable cause, is incorrect, says John A. Taylor. "I obtained the care for the reason that I lacked evidence of probable cause for the belief that sufficient evidence had been committed in this country."

Will Make Honesty Entry—Hereafter when we hold a meeting about reclamation of Hutton Butte stockholders of the Murchison Irrigation district may be asked to sign the minutes that we have no intention of violating the laws of Idaho," said T. T. Hulette, of Murchison yesterday. Mr. Hulette said that since an effort had been made to explain the situation to the stockholders he planned to "shut the door" they would take the precaution of going on record to the effect that they had no such intent.
