

VOLUME 9, NUMBER 30. United Press Association. Local Wire Service

TWIN FALLS, IDAHO, TUESDAY, MAY 18, 1926.

IDAHO WEATHER Clear, mild and mild tonight and Wednesday.

OLD VOL. XII

PROHIBITION IS ISSUE IN PRIMARIES

1,400,000 Quaker Voters Expected to Cast Ballots Today. Pepper, Vane and Pinchot in Hot-Fight for Senatorial Preference.

HARRISBURG, Pa., May 18.—Quarried by women and special detectives, Pennsylvania polls were thrown open at 7 a. m. today to receive the verdict of the electorate on beer and light wines and the national Coalgate administration.

Chas. mid-May sales indicated that perhaps 1,400,000 voters—as many as were cast in this state in the last presidential election—would be dropped into the ballot boxes in which millions were spent.

The women and detectives were selected at the expense of George Wharton Pepper, administration candidate; William B. Vane, vet. and Governor Clifford Pinchot, strict teetotaler, to see that no more votes are counted than are entitled to in Philadelphia, which citizens here say has a disputed reputation in that respect.

The three are meeting for the republican senatorial nomination in which newspapers warned this morning was "the greatest political battle in the history of the commonwealth," which has seen many political battles during and before DeWitt's days.

KIWANIS CLUB SPONSOR FOR CORN CLUB

Organization Backs Boys Who Will Help Make Idaho the Leader in This as in Other Agricultural Productions.

The Twin Falls Kiwanis club, through its president, Shad L. Hodgkin, has selected a small group of boys to be members of a corn club which they are sponsoring this year for the first time.

The club will be supervised by the Kiwanis club's agricultural committee, of which Nelson Wilson is chairman in co-operation with Will H. Baker, district club agent.

EXHIBITION QUARANTINED BOILER. Mayor Moore today granted extradition papers requested by Governor Hartley of Washington for Fred C. J. Morris now in jail in Twin Falls. The men are charged with stealing a gas controlling device from a grocery store at Oatville, Wash.

CONGRESS TODAY CONGRESS 100 YEARS AGO

Senate—Adopted resolution providing for investigation of charges that letters to senators were opened in Washington postoffice; adopted resolution to speed up delivery of mail by airplane.

HOW ARE YOUR PIGS' TAILS?

OMAHA, Neb., May 18.—It took a photo feature to supply a remedy after agriculture experts of the University of Nebraska had confirmed they didn't care how many Nebraska pigs were losing their tails.

The tall loss amounted almost to an epidemic in eastern Nebraska and western Iowa. M. E. Greenall, retired old farmer, came to the front and explained that he had found the reason many years ago.

"We had been feeding our pigs on hay and to due them their tails became stiff and fell off," Greenall said. "We changed the bedding to straw. We had no more trouble after that."

NEW COMPANIES SPEND \$6,000 TO REGISTER "SCOOP"

Charter Airplanes in Effort to Speed Films But Race Ends in a Tie.

Fairbanks, Alaska, May 18.—Thirty-two new real estate companies were organized here today after pictures of the Norge's arrival in Alaska, despite expenditure of \$3,000 each by two rival teams.

Both firms were in time to catch the mid-week boat, for Seattle, at 9 a. m. today. The main purpose of the flight, however, was to get the Norge back to the mainland.

IDAHO STOCK MEN CONVENE

BOISE, May 18.—Stockmen of southern Idaho, acting with Dan D. Casperson, special representative of the United States department of agriculture, are conducting their objection to a raise in grazing rates on national forest lands.

The growers' arguments before Casperson are urged against his statement that the amount is small, that it is the "last straw" and will force many of them to close out of the above show.

SALT LAKE-COPS NAB CRACKSMAN

SALT LAKE CITY, May 18.—Caught in the wings of the stage at the Victory theater, with a bag full of burping rocks, a man was nabbed today together with several lengths of fuse with giant caps attached.

The arrested man was the one who had been intended blowing the safe of the above show.

Considerable federal employment, Bill and Brookhart migrants here. Considerable relief.

IDAHO HAS WATER FOR IRRIGATION

Cultivation of Crops Maturing Early Will Help Solve Problem.

Northwest to Be Short of Water From Snowfall, Say Reclamation Heads.

BOISE, May 18.—While the supply of irrigation water in southern Idaho is below normal, growers will have sufficient to raise their 1926 crops by conserving it, according to weather bureau and reclamation officials.

On the Boise project Manager J. B. Bond has issued an order limiting each grower to two acre feet per irrigable acre on the project.

WASHINGTON, D. C., May 18.—The interior department's bureau of reclamation today announced that with the exception of the state of Colorado, irrigations water to be diverted from snow will not be up to normal, with deficiencies in the Pacific northwest.

NEGROES FACE ARRAIGNMENT

MAYFIELD, Ky., May 18.—An aroused community awaits the arraignment tomorrow of two negroes accused of attacking Pearl Ligon, 16 year old high school student.

The negroes, William Busby, 23, and J. L. Kelly, 21, were whisked away to Eddyville prison during the night, authorities fearing an angry mob would attempt to seize them.

SOVIETS TO BUY NEW DIRIGIBLE

LENNING, May 18.—The inclusion of a party of communications has received permission from the Soviet government to purchase a dirigible similar to the one known from Commander Umberto Nobile.

TWO MORE WILL MEET DEATH BY ASPHYXIATION

Nevada Miners Face Judgment in Fairlight Chamber, Strapped to Iron Bars.

CAIRSON CITY, Nev., May 18.—Of five men who went about the task of making more than 1000 feet of shaft in the Fairlight mine, two will die today.

The board of pardons will hear the men's final plea Thursday. It is therefore impracticable that action-fostering men have been strangled, as they will die by asphyxiation.

WASHINGTON, D. C., May 18.—The interior department's bureau of reclamation today announced that with the exception of the state of Colorado, irrigations water to be diverted from snow will not be up to normal, with deficiencies in the Pacific northwest.

NEW POSTOFFICE FOR SALT LAKE

SALT LAKE CITY, May 18.—An appropriation of \$25,000 for the construction of a new federal building in Salt Lake will be included in the appropriation bill of the next, or sixteenth session of congress, and members of the Utah congressional delegation are confident that a public lands bill, assuring western states little to school lands granted by the government, and a bill to reorganize Salt Lake boards for construction of air mail hangars at Woodard, Utah, will be enacted by the present congress, according to J. H. Rayburn, secretary of the chamber of commerce, who has returned from Washington, D. C. where he attended the forty-sixth annual meeting of the United States Chamber of Commerce, May 15 to 14.

FIRES EAT FORESTS IN 2 STATES

Blaze in Pennsylvania Does Damage Estimated at \$2,000,000.

RIDGEWAY PARK, May 18.—Some 20,000 acres of forest in Pennsylvania were consumed yesterday, raged today with respect to the north.

MIAMI, Fla., May 18.—The north woods of Minnesota were struck today with the loss of countless forest fires, some of which resulted in the destruction of a number of buildings.

Along the shores of Lake Superior were burning the most serious fire. One of them has attacked the town of Craner on a three-mile front, burning the Craner town and other buildings.

CLANDON, Wis., May 18.—Forest fires, which started some time yesterday and assumed threatening proportions near Abita, Noddy were brought under control today as the fire which swept this section died down.

TWO ARMY TEAMS MEET ON FIELD

BOISE, May 18.—Two army polo teams from Fort Benning and Camp Lewis are playing this afternoon in the northwest polo tournament which opened here Sunday.

TACNA-ARICA PEACE IS NEAR

SANTIAGO, Chile, May 18.—According to authentic sources, Secretary of State Kellogg has received Peru's consent for a division of the Tacna-Arica territory with Chile.

NEW MAIL ROUTE. WASHINGTON, D. C., May 18.—Air mail service to Cheyenne and Pueblo, via Colorado Springs and Denver, was inaugurated May 17 by the Colorado Airways, Inc. Postmaster General Now announced today.

MORE RULES FOR DODGING DIVORCE

DAYTON, O., May 18.—On the eve of the revision from the divorce reforms court, Judge Howard W. Brown, drew up a list of rules which he has written for the Ohio legislature.

ADMUNDSEN CRAVES OMELET; YANKEE ORDERS "HAM AND"

Explorer Rebuffs "Reception Committee"; Hunts Favorite Cook.

NOME, Alaska, May 18.—Like all experienced travelers, Knud Amundsen has a soft spot for favorite restaurants and favorite dishes.

Along the shores of Lake Superior were burning the most serious fire. One of them has attacked the town of Craner on a three-mile front, burning the Craner town and other buildings.

CLANDON, Wis., May 18.—Forest fires, which started some time yesterday and assumed threatening proportions near Abita, Noddy were brought under control today as the fire which swept this section died down.

ARMY ASKS FOUR FOR FT. DOUGLAS

General Holbrook Tells Legion of Advantages in Training; Much Business Is Transacted at Gathering Today.

Appeal to Twin Falls to send four men to Ft. Douglas, Utah, for the training period from June 19 to July 18 was made in a brief address delivered today at the American Legion luncheon by General L. R. Holbrook of the United States Army.

General Holbrook argued at 12:15 and left at 1:30 for Boise.

WASHINGTON, D. C., May 18.—Air mail service to Cheyenne and Pueblo, via Colorado Springs and Denver, was inaugurated May 17 by the Colorado Airways, Inc. Postmaster General Now announced today.

IDAHO BEST IN DRY OBSERVANCE

BOISE, May 18.—Idaho is the best state in regard to prohibition law enforcement in the nineteenth district, embracing this state, Montana, and Wyoming, declared O. W. Egan, state administrator, who is here on an inspection trip.

IDAHO, BEST IN DRY OBSERVANCE. BOISE, May 18.—Idaho is the best state in regard to prohibition law enforcement in the nineteenth district, embracing this state, Montana, and Wyoming, declared O. W. Egan, state administrator, who is here on an inspection trip.

AMERICANS URGE OPEN MEETINGS

League of Nations Committee in Discussion of Disarmament.

General Outlook for Success of Preparatory Debate is Pessimistic.

With the meeting of the preparatory disarmament commission, the question of whether open meetings should be held will be debated.

General Outlook for Success of Preparatory Debate is Pessimistic.

WASHINGTON, D. C., May 18.—Air mail service to Cheyenne and Pueblo, via Colorado Springs and Denver, was inaugurated May 17 by the Colorado Airways, Inc. Postmaster General Now announced today.

COUNTER MOVE IN POLICE

"ROSEN, MAY" report was circulated. State law enforcement officials are taking steps to counter the report.

General Outlook for Success of Preparatory Debate is Pessimistic.

MOMENTS WE'D LIKE TO LIVE OVER—THE BIG PARADE

NEWS OF THE SPORT WORLD

SPUDS WILL PLAY HOST TO LOCALS

Wild Heaves and Such

Table with columns: Team, W, L, Pct. Rows include Twin Falls, Logan, Idaho Falls, Pocatello, Salt Lake.

Frank Bevo's going to get another chance this week. Don't forget, the game plays the first game of the Pocatello series at Twin Falls, Thursty, Friday.

Cubs Travel to Idaho Falls By Bus; Spend Monday Fishing, Hunting.

Bevo May Get Chance at Leard's Gang This Afternoon; Mebbe Heffner.

At the "Bier end of the Snake river valley, where the railroad branches off the main line to go to Yellowstone Park, the Twin Falls Bruins will battle the Idaho Falls line this afternoon in the first game of a three-contest series.

The league leaders left Twin Falls bright and early for the Idaho Falls motor bus and planned to arrive in Idaho Falls in time to start the game this afternoon. This arrangement was adopted after it had been definitely decided the squad would leave Twin Falls Monday evening and travel by bus to the game center.

Dope has it that Bevo may get a chance to start against his Spuds. Bevo has been a little wild in his two previous starts but has been working hard during the past week and it is believed Zambich may give him a chance at the Spuds this afternoon.

If Bevo doesn't start, then it's Jim Heffner's turn again. Jim beat the Spuds by a 2 to 1 score in their game on the home lot and mebbe he can do it again.

A glimpse at the club standing and at the schedule for the first half of the week makes it seem likely that the Bruins may have a chance to get their feet in the series with Idaho Falls. Oatley is playing Logan, and unless Professor Walter has had his "College" swinging far into the night, the Bruins are not to look at least the big end of the series. Logan is nearest to Twin Falls in the percentage column and even 2 out of 3 for Oatley would help the Bruins a lot.

Pocatello and Salt Lake are so far down the list that whatever they do won't hurt the Bruins much. At the present, he has a habit of playing unhealth club out of slumps.

It's a question as to whom Jim Leard will send against the Bears in the opening game. He used his entire pitching staff during the series here and unless we miss our guess it will be Blank or Hurst who will take the mound this afternoon in an attempt to stay the advance of the Bruins.

On Hooks One. The Bruins took fifteen easy yesterday afternoon and twelve more of the club split up into two groups, one to go fishing, the other hunting.

Don Ziegler took Zam and Oatley down toward Crystal Springs to show them a few holes in the river and fishing "apparently" a group of the boys returned. Don knew all of the places.

"Ya oughten seen Oatley took that big one" Ziegler said after a group had returned. "He fell in up to his waist."

The fishermen deny it, either. The fellows caught two nice baskets.

FREEZONE advertisement with image of a bottle.

Don't hurt and don't drop a frezone. Present on an aching corn, instantly that corn stops hurting, then shortly you lift it right off with frezone.

Leading Hitters. (Including May 15 game.)

Table with columns: Name, Runs, Hits, Errors. Rows include Tolitt, Pocatello, Logan, Nelsen, Salt Lake, Crowley, Salt Lake, Apperson, Twin Falls, Hutton, Idaho Falls.

Blowdown on this page we find a reminder that the time is coming when the managers will have to cut down to a playing limit.

Mebbe you think that isn't going to be tough on some of our competitors.

But the bears will get away pretty well, because the outfit in its stands poses, in such that almost any of the players can fill in some place in an emergency and not bust up the team work.

It's our hunch that Prexy Cobble had better cut a flag pole for Athletic field because we are likely to need one alone about Labor day.

With reduction day approaching, there are some of the fellows that are going to have to hustle to save their jobs.

full, or at least said they couldn't then, you can take it or leave it.

Poley McBride led his western scouts into the wilds of the Snake river country somewhere in the vicinity and they meet at the afternoon in field maneuvers. Sold western scout are, Rhee, Cliff, Dwyer, Fitz, Wyeman and Poley. The party had a good time and shot a few cotton-tails but, according to Fitz, lionsbers couldn't forest his mebbe playing ball and wanted to make a home run why it was out the seventh inning.

DETROIT, May 18.—The Detroit Arctic expedition, commanded by Geo. H. Wilkins, will remain in the north all summer for exploratory alpine flights from Polar Harbor, and, for study of Meteorology. H. G. McCarrall, assistant manager of the project.

ZAMBICH MUST CUT DOWN CLUB TO 12 MEN SOON

League Rules Demand Reduction to Limit on May 24.

They fans, somebody's got to have their eyes closed, but so do know that if you get what we mean, because it's just a week from today until all the club managers in the Twin Falls league will have to cut down to 12 players and come within the salary limit.

What is the salary limit? We don't know, but so do know that the reason Twin Falls has leading the league is because she has quality in the lineup, and that's that.

And next is Pete Thompson. He, 100-balk about a catcher—how, a wow.

And Mike Maloney, catcher, out-fielder and general utility. Mike's the only catcher who we get outside of the Twins, and can play any place in the infield in an emergency. Take off yer hat, Mike.

And now for the pitchers—We'll keep Reg Duffin. And we'll keep Tom Powers. And we'll keep James Clifton Heffner.

Don't forget to remember that Skipper Zambich is going to play, too. He'll play right field regularly, either that or left field, play right field.

Then when Moore is needed behind the plate, Zambich can play right field. Can't you just see him, he'll play whatever the players can't.

New fans, that's our quota with the per Zambich is going to play, too. He'll play right field regularly, either that or left field, play right field.

There's Phil Apperson in center field. Phil's one of the few leading hitters in the league, and that's that. Gorman in left field. He fields 'em clean and throws them out at the plate. He frequently is in an off-balk sufficient friend Phil. We coulda kept Gorman.

Lonnie Barber, he's part of our infield and we can't back up that combination.

And Dwyer supplies the infield. And that's how Dwyer hasn't had an error and he's elected the pill to the lot no. 267 in the pages on the issue list. He's also part of that 1925-26 infield that has been taking care of the Bruins so good, so we had better invite Mr. Dwyer to put his feet under our table.

And Mike Maloney, catcher, out-fielder and general utility. Mike's the only catcher who we get outside of the Twins, and can play any place in the infield in an emergency. Take off yer hat, Mike.

And now for the pitchers—We'll keep Reg Duffin. And we'll keep Tom Powers. And we'll keep James Clifton Heffner.

ANSWERING SOME QUESTIONS ABOUT THE UNITED STATES RUBBER COMPANY'S RUBBER PLANTATIONS

Q—When did the United States Rubber Company first start to grow its own rubber? A—In 1911 the company planted 14,000 acres, or about 22 square miles in Sumatra. This represented then and still does, the largest planting operation completed by any one company in a single year.

Q—Is the United States Rubber Company's Plantation well regarded by authorities on rubber? A—Yes, Herbert Asplund, the British Rubber Mycologist of Southern India, in his report entitled "Recent Developments in the Rubber Planting Industry," refers to the United States Rubber Company Plantation at Kisanur, Sumatra, as follows: "Of all the areas visited, none produced so much useful information. Kisanur, the headquarters of these plantations, has become the Mecca of all planters who wish to keep abreast of recent rubber research. It is astonishing to find how many of the familiar problems of rubber planting have been so effectively settled during the last few years by the researches of the scientific staff."

Q—Does it take long to grow a rubber tree? A—It takes about 4 to 6 years from the time a seedling is planted until a tree is ready to be tapped, and its initial yield is only small. Clearing the jungle, removing stumps, leveling the land, breaking ground, growing seedlings from selected seeds, budding, grafting, transplanting and carefully tending the young plants, today nothing of constructing roads, railways, wharves, storage tanks, and buildings to house power plants, equipment, and employes in a wild tropical country—all take time and money.

Q—Why did the United States Rubber Company make this investment? A—Because it foresaw the time coming.

WILKINS WILL STAY IN NORTH

DETROIT, May 18.—The Detroit Arctic expedition, commanded by Geo. H. Wilkins, will remain in the north all summer for exploratory alpine flights from Polar Harbor, and, for study of Meteorology. H. G. McCarrall, assistant manager of the project.

There has been no abandonment of any places, McCarrall added, explaining that Captain Wilkins is an "old hand" to make such flights as seem necessary to him to accomplish.

TUESDAY WANTS ADS FAX.

TWIN FALLS DAILY TIMES

Published Every Evening Except Sunday by the Times Publishing Company, Twin Falls, Idaho.

Entered at the Twin Falls Postoffice as Second Class Matter as of Daily Publication, April 11, 1918

Did you ever stop to think just how much real publicity Twin Falls is getting because of membership in the Utah-Idaho baseball league? Yesterday the Salt Lake Tribune had the "Bruins" name in their big headline on the sport page.

Murray is coming and the bridge will be built, according to the latest dope over our special leased wire of yesterday. We hardly see how anyone could refuse to build this bridge after going as far as Murray and his associates have gone. This bridge will be a boon to Southern Idaho and will do much toward uniting this Southside Empire.

Some of our hens have a pretty big job ahead of them according to Pren Moore's prophecy. If they make his prophecy come true they will not have much time between now and next January for vacations or excursions. The Idaho Hen Man has predicted that they will produce 120,000,000 eggs this year and these eggs, when marketed will bring a total of two million five hundred thousand dollars. Some crop for the South Side Gem State hens.

If there is no new continent up there around the North spindle of this old earth why do men continually try so hard to find out just where it is and what kind of ake great old man Atlas uses to limber up his stiff old joints?

The dairy cows in and about Twin Falls are making a splendid showing as far as butterfat is concerned, according to the report appearing in yesterday's Times. The report showed that out of a total of 412 cows from 28 different herds the average butterfat production was 31.5 pounds and the average production of milk, was 763.8 pounds. The best test was produced by Tenckneck's Holstein herd of 22 cows. They produced an average of 119.8 pounds of milk and 46.3 pounds of butterfat. Such reports are a big boost to any farming community and show in a marked way what the dairy industry means to the Twin Falls tract.

FARM POPULATION-DOWN

A continued decrease in farm population in the United States is reported by the Department of Agriculture, which estimates that there were 479,000 fewer people on farms January 1, this year than on January 1, one year ago. The department estimates the farm population at 80,665,000 on January 1, 1926, compared with 81,344,000 on January 1, 1925, a decrease of 1.5 per cent. These figures include all men, women and children living on farms.

The movement from farms to cities, towns and villages in 1925 is estimated at 2,035,000, and the movement to farms at 1,185,000, a net movement away from farms of 901,000 persons. Births on farms during 1925 are estimated at 719,000 and deaths at 288,000, leaving a natural increase of 432,000 which reduced the loss due to cityward movement to 479,000.

The figures for 1925 showed a net loss in farm population of 182,000 persons.

GASOLINE TAX INCOME

Nearly 150 million dollars was paid in gasoline taxes in 1925 by motor vehicle operators, according to the Bureau of Public Roads of the United States Department of Agriculture. The exact amount collected was \$146,928,940, an increase of 83 per cent over the total in 1924 and four and one-half times the total in 1923. The increase is the result of the still wider use of motor vehicles, adoption of the tax by a number of states which had not previously resorted to it, and higher rates of taxation by other states.

Of the total tax collected, \$102,005,216 was made available for state highways, \$32,721,704 for county and local roads, \$75,439 for collection costs and \$11,221,627 for other purposes.

No tax was assessed in Illinois, Massachusetts, New Jersey and New York. The \$146,928,940 collected in the remaining states was derived from the taxation of a total of 6,457,783,284 gallons of gasoline, from which it appears that the average rate is 2.26 cents a gallon. The average consumption to the vehicle was about 130 gallons. In the 44 states in which the tax was levied the average amount paid by the motor vehicle operator was \$9.22.

Flat Feet and Rheumatism

Many persons think they have rheumatism in the legs or back when they have flat feet or broken arches. According to Dr. Solonius Strouss in U.S. Army Magazine, a young man fell in the woods, injuring his leg down the angle of a tree-trunk. Much embarrassed and fearing himself a victim of acute rheumatism, he stayed in bed nursing his leg. When he finally called on a physician, the flat feet were diagnosed and his illness disappeared in a matter of properly adjusted shoes.

Miss Nobody

He laid rough hands on Layton and forcibly ejected him from the room. He turned and addressed the half dozen witnesses with deadly calm.

"That goes for the rest of you," he announced. "In shaking the dust of this town from my boots I am not only shaking it from around I don't want that name mentioned where I can hear it."

"You've drunk, Kohler," he said. "I'm not afraid of you—drunk or sober."

"What I said means you, too," said Bravo. "If you don't think so, speak up."

"You owe Layton an apology," said Barbour. "And you owe the club an apology, too."

"If you'll wait a minute," said Bravo. "I'll write you."

He got a sheet of paper and went to the bar. He scribbled a few words, folded the sheet and walked up to Barbour.

"Here's my apology," he said, and dug it into the man's pocket. He walked out. Barbour picked up the paper and read it.

It was Bravo's resignation from the club.

Well, it was better so. She would never give him another chance.

When she emerged from the house the cool air striking her flushed face washed her rancored anger to a dead, dependent calm.

She looked about for Patrie, singled him out from the crowd and called him over.

"S'rray patrie," announced Patrie with an arched which was suddenly crossed by a look in Barbara's eyes. "What's matter? Don't you like it?"

"I don't like it," she said. "I notice that one of your members has failed to come."

"That's all right," cried Patrie. "I'm not. We kicked him out of the club."

"I'll do you," said Barbara. "I will you and a bill of exchange. Friends—I know I'll like that material."

"I'm an order," he said. "And a pleasure!"

He started his car; a moment and landed, Barbara's joy leaped at the sight of a familiar, weathered face.

"I'm an order," he said. "And a pleasure!"

"I'm an order," he said. "And a pleasure!"

"I'm an order," he said. "And a pleasure!"

Njagara's Roars Are Placed on Record; Louder Than Man-Made Noises

Top: Noise measurement being made at Prospect Point. Bottom: Tabulating noise at foot of American Falls. Circle: Investigators comparing noises on Canadian side at head of Horseshoe Falls.

The great falls of Niagara—more commonly known as the nation's houseguest—were on record as the loudest noise ever recorded by a scientific instrument, according to a series of scientific tests made recently.

The noise test of the falls were made at Prospect Point, directly below the falls, and at the foot of the American Falls, directly below the falls.

Bible Thought for Today

WISDOM PHENOMENON.—When wisdom is joined with a true heart and knowledge is placed upon its soil; discernment shall preserve thee, understanding shall keep thee.—Prov. 2:11, 12.

Family of Freaks

A family without fingers or thumbs was discovered in Italy recently by a scientist. For three generations no woman in the family had had a fully developed thumb. In every other way the women are normal and healthy.

Bible Thought for Today

HAPPY IS THE MAN WHO HOPES.—He holds, God will not cut away a perfect man, neither will he hold the evil doors.—Job 13:20.

Loss of Appetite

Dairy Calves Next Right

Feed to Make Best Growth
Dairy calves should be taken from their mothers when twenty-four hours old. They have their dam's first milk in order to get started right. Place them in a clean stall or pen and teach them to drink by letting them suck your finger and try at a taste of the milk. Feed two or three pounds of whole milk morning, noon, and night. Do not neglect the noon feed. If you do they will gain through the night better, and the result is scents and other in-terestant results.

TWIN FALLS MARKETS

Table with columns for BUYING PRICES, PRODUCE, and CATTLE AND FOWLS. Lists prices for various commodities like wheat, sugar, butter, and livestock.

DAILY MARKET REPORTS

Closing Grain Report on Chicago Board of Trade Today
CHICAGO, May 18.—All grain closed higher on the Chicago Board of Trade today after a pronounced rally from the early dip in wheat prices.

Furnished apartments for rent

Phone 571.

Why Fifty-Dollar Scrub

Is Most Expensive Bull
Usually they figure that a pure bred sire worth what is a pure bred also, for variety let us figure what a scrub bull costs his owner. United States Dairy Bureau figures show that scrub bulls cost \$3.45 a day more in feed than pure bred.

SELLING PRICES

Table with columns for CATTLE AND FOWLS, listing prices for various types of livestock.

FOR SALE - Housekeeping apartment completely furnished for high housekeeping, one, two and three rooms close in, and low rates, by month. The Oxford, 483 Main N.

Famous Indian Chief

Red Cloud was the principal chief of the Oglala-Teton Sioux of Pine Ridge reservation, the largest band of the Sioux nation and probably the most famous and powerful chief of these tribes. He was born at the fork of the Platte River, Neb. in 1822, and died at Pine Ridge on December 10, 1909.

Dairy Hints

Good cream is clean cream cooled. Let the milk scums judge a cow's worth. Milk and cream are in great demand and have already reached good prices.

Everything Worth While
There is no action so slight nor so mean but it may be done to a great degree, and embodied thereby...

SCHOOLS PREPARE TO CLOSE

Activities in Many Lines as Examinations Approaches End; Examinations Early Next Week, Terminating Next Week Commencement.

With the approach of the bi-centennial program, the school and the Methodist church Sunday night at which Rev. A. G. Pearson delivers the sermon and the commencement in the park Thursday morning which Hon. Paul Roberts is speaker, classes are moving at the high school.

Speeches by various members of the class and faculty and the program will be features of the senior breakfast tomorrow morning. The orators have not yet been selected but the musical program will include a piano solo by Mrs. Pease, a vocal solo by Marjorie Woods and a flute solo by Green Dwight.

JURY PANEL IS EXHAUSTED IN DAMAGE ACTION

Retired of the case of Ora L. Munson against Frank Dekhtz was called this morning. The action was brought for injuries sustained on the road near Curry when the car of Dekhtz struck the car which Munson was driving. The jury at the previous trial, disagreed. The plaintiff asks \$4025 damages. The regular panel was exhausted early today and the sheriff was ordered to bring in others. J. W. Taylor, who with W. D. Gillis, of Piller, represents Munson and made this on the ground that a deputy sheriff was one of the witnesses. Porter & Wilbur replied that this was no objection and that they had the deputy was witness for the plaintiff. Judge Habcock overruled the objection.

Twin Falls Has a New Cookie Factory

While we usually herald a new factory in our city with blarneyed breath of black type yet we sometimes wonder how a local concern could make this new product and hence about a substantial benefit for the community. This concern did not ask for a ribbon upon which to erect their factory but they have made one for several years. The stamp ink advantage of their present factory and plant is that it is twenty-four foot built instead of 12.

HER 76 YEARS MADE NO REFERENCE TO KARNAK

This Medicine Rid Her of 12 Years of Misery and Made Her Well and Happy Just the Same, Says Portland Woman.

The town of Leatr, Wash. high up among the Cascade mountains, has never seen an automobile. Furthermore, there is only one horse and buggy in town, and they came in by train.

BUGLAR SUSPECTS ARE BOUND OVER UNDER \$3,000 BOND

Tommy Last, Evening Saturday Probable Cause That There is Probable Cause to Believe Them Guilty of Colville Crime.

Following identification at a hearing in the probate court late yesterday, Fred Sparks and Cecil Burns were bound over to the sheriff for delivery to custody of the Washington officials, and were taken to Colville, Wash., to act in case of extradition papers. The men were identified positively by the above names, by Albert Franklyn, who testified that Carl Mason was simply an alias for Fred Morris. They are charged with robbing the Pitzley store at Colville, where George McKay Woodworth, brother-in-law of Cecil Morris, testified for the defense, and said that he knew Carl Mason by that name and was a thief for some time. Mason denied that his name was Fred Morris.

Milk Inspection Report for City

The following results are the average of the tests of milk analyses for the last three months, excepting last April and the 15 which are for the month only, according to W. C. Crooks, city health officer.

HIGH SCHOOL

With beautiful and artistic refreshments afternoon Mr. and Mrs. A. Wilton Peck, with their son, Hubert, and daughter, Priscilla, presented a special program for the high school and an unusual number of guests. The special number was a group of songs by Mr. Peck, "Where You Walk," "Hallelujah" and "Send Thy Child to the Father Country," from "The Song of Songs" (Hendel), "Drilling and Drumming," a piano solo, by Nora, was given in honor of the high school. The first number was a second group by Mr. Peck, "To Willow, Willow," an English folk song, "At the Altar," by Mrs. Wilton Peck, "The Song of Songs," by Mrs. Wilton Peck, "The Song of Songs," by Mrs. Wilton Peck, "The Song of Songs," by Mrs. Wilton Peck.

POLICE ARREST ALLEGED BOMBER

BRENSON ATHES, 38 1/2 - Police today arrested a man who was arrested in connection with the bombing of the passenger of the American embassy here Sunday.

Young Folks of Five Churches Are Organized

Orrel Thelen was elected president and Clinton was secretary of a meeting of young folks at the Baptist luncheon Sunday evening, which was attended by 200 young people of the Baptist, Brethren, Christian, Methodist and Presbyterian churches. It was decided to hold meetings from time to time, though no date was definitely set for the first one.

QUICK SERVICE FOR BEAN FOLK GUEST TONIGHT

Meeting and service of 425 guests in ten minutes is a feat promised at the banquet of the Bean Growers' Association at the Southern Idaho Wholesale warehouse tonight.

NEWS IN BRIEF

Here a visit Miss Margaret Elliott, of Puyallup, is here visiting Mrs. Anne S. Hill.

CLASSIFIED ADVERTISEMENTS

FOR RENT - 1 room modern house and sleeping porch. Good lawn and shade. Call at 116 1/2 Lawrence east of Phone 621W.

Acid Stomach

"Phillips Milk of Magnesia" Better than Soda. Hereafter, instead of soda take a little "Phillips Milk of Magnesia" every day. For fifty years genuine "Phillips Milk of Magnesia" has been prescribed by physicians because it overcomes three times as much acid in the stomach as a saturated solution of bicarbonate of soda, leaving the stomach sweet and free from all gases.

The town of Leatr, Wash. high up among the Cascade mountains, has never seen an automobile. Furthermore, there is only one horse and buggy in town, and they came in by train.

Chevrolet Car Is Smashed by Hudson

A Chevrolet car driven by J. A. Johnson was smashed near the cemetery hill by a Hudson driven by the driver. He believed that he was driving along when Macias swung around into his car. He says that he went into a house to telephone and when he came out the five-gallon keg which from the door he judged had contained moonshine had been emptied and thrown over the fence. He believed Macias to have been the owner and reported to the sheriff.
