CARROLL IS CONVICTED OF PERJURY; TWO COUNTS

New York Theatrical Man Found to Have Dodged Facts in Narration of the Events at "Champagne" Party.

Jury Returns Acquittal on Counts Having to Do With Testimony Concerning Liquor Serviced.

NEW YORK, May 27.—Elton Carroll, Broadway theatrical producer, today was found guilty on two counts of perjury in an outgrowth of the jury investigation of the party he gave on the night of February 22-23.

The two counts, which were voted the third and sixth in the indictment, both having to do with Carroll's denial that Miss Eva Haynes had bathed in a tub allured to certain liquor as the climax of his party.

He was acquitted on the two remaining counts which had to do with his denial that he had served liquor at his party. Two other counts, relating to the guest list, had previously been dismissed.

\$10,000 bail.

The jury had been out approximately one hour.

After the defense had moved that the verdict be set aside, the jury returned to the庭室 and the count was voted, which sentence was deferred one week.

Carroll is liable to five years prison sentence and a \$5,000 fine as a result of conviction.

Indictments are still to be upheld.

At the time of his decision was reached, Carroll sat in his counsel table, holding Mrs. Carroll's hand. He was plainly nervous.

At the moment the verdict was returned, his wife, who had been waiting outside the courtroom, was being attended by a lawyer, Dr. Gustavus Adolphus of Sweden in City Hall park, just outside the court room window. Carroll was watching the ceremony from the window, when he received the call to hear the verdict.

Carroll left the court room with his lawyer, Herbert R. Smythe and Mrs. Carroll and a group of friends, immediately after court proceedings were over and went to her clerk's office to renew his bath which the court had ordered doubled to \$10,000.

Retesting of Cattle Will Be Started in Two Idaho Counties

BOISE, May 27.—Retesting of cattle for tuberculosis in Gooding and Minidoka counties will be started within ten days, according to an announcement by Dr. W. C. Nyce, state veterinarian.

The state and federal bureaus are negotiating with the counties for the retest, which is necessary every three years to keep the counties in the accredited area.

Daily Flights Made from Elko to Boise

BOISE, May 27.—Daily deadhead flights over the Elko-Boise-Pasco air mail route are being made this week under supervision of Walter T. Varnay, air mail controller, preparatory to resumption of the service next Tuesday.

The service has been suspended for 45 days due to defective equipment furnished by the manufacturer. The new flights now being made are for the purpose of checking the schedule drawn up by the postoffice department and testing the new motors which have been installed in the mail planes.

NEGRO HANGED BY MOB.
WILSON, Ark., May 27.—Accused at an attack on a white girl stoned to death in which Albeit, Black, a negro was kept under guard, forced entrance to the jail and hanged him. The negro had been charged with that attack.

KIDNAPERS HUNTED.

Strange Chick Has Two Bodies

VANCOUVER, B. C., May 27.—Chickens have never been noted for great intelligence, so what was this poor fowl to do with only one head to go around? It has four legs and two bodies!

Such a bird was hatched from a chicken egg on the Harry Hayden place near here. The young chicken, displaying considerable resourcefulness, has learned to walk on one leg, by lifting the other foot over the other, overcoming the interference of the two extra legs.

STOKES CASE NOT SETTLED

Legal Controversy, Long Before Death, To Be Continued in Contest of Will by Wife.

DENVER, Colo., May 27.—The Denver Juvenile court will hold a hearing on the will of H. E. Stokes and Helen Elwood Stokes to decide right to share in the millions left by their father, Judge Ben D. Lundy, announced today.

NEW YORK, May 27.—Litigation which brought the late W. E. Stokes finally into public notice after his death still continues after his death.

Attorneys for Mrs. Helen Elwood Stokes, the wife with whom he fought bitterly throughout his life, and for three years immediately after the death of Stokes' will which gave to W. E. Stokes, Jr., son by a previous marriage, all of the fortune he had amassed, that they would contest the will.

The estate was estimated at between \$7,000,000 and \$8,000,000.

Sainted Undermyer, who represents Mrs. Stokes, said that it would be alleged that Stokes was under undue influence when he signed the will for making a will in the time the testment was drawn.

ROCHESTER, May 27.—When Dolores, partner of the late John J. Murphy, who helped him to become a millionaire, died recently, he turned to his attorney, Secretary Jacob Elwood Stokes, for legal advice.

Elwood Stokes, the husband of the house lawyer, had recommended that a statement of net worth be made before the testator, and he believed it was done.

Two newspaper men argued with him for two hours. "The papers have been writing about me," he told them. "I am not writing," he said.

It started in Washington, and it has already been printed all over the country that northwestern apples are the best, and markets unless you demand premium quality, he believed.

When the committee voted last week to postpone action on the measure until next session, Smith argued for a sub-committee to study the power phases of the Saline-Jordan-Boulder dam bill, he said.

Smith, he said, had no objection to the bill.

Two or three years ago he expected the committee to cancel the dam project, he said.

THE TWIN FALLS SENIOR CLASS

Today is Senior Day in Twin Falls and one hundred and nineteen young men and women were officially honored this forenoon by being given a diploma from the Twin Falls High School. We believe that these young people sense fully the confidence the Board of Education and the faculty of the high school repose in them when they honor them by handing them this diploma. The honor of our school and our city goes with each of these diplomas and if these boys and girls sense fully the meaning of this diploma it will auger a great deal to them in their future life. They will always have a tender feeling for this city wherever their bark may be launched. They may wander far from this spot but they will always remember the associations they made here in the Twin Falls High School.

Many a proud father and mother has paid dearly that their children might have this chance which they did not have when they were in their teens. As the parents watched their boy or girl march forth and receive that diploma they said it is worth the price we paid and then they will breathe a prayer to high heaven for the success of these boys and girls as they go onto higher institutions of learning or march forth to battle with the elements for success in the business or professional world.

In any event we hope these boys and girls will go on and complete their college career if possible but anyway we wish them all that their cup of joy will hold in the shape of happiness and success.

IDAHOS BIG OPPORTUNITY

Idaho has an opportunity to lead the parade of Legion men at the national convention to be held in Philadelphia next October, and in order to do that it will be necessary for the various posts throughout the state to enroll an additional 700 former service men.

This is an effort that concerns the whole state, and not just the service men and members of the Legion alone, for the good that can be derived from the publicity would be invaluable to Idaho as a whole and would attract attention of the nation to Idaho.

The peculiar position occupied by Idaho as a new state in the union and a far western state would make the publicity doubly valuable for the reason that it would be the unexpected thing, says the Times-Register. No particular comment would be created should the representatives of the state of New York, Pennsylvania or Ohio lead the parade for that would be the expected thing, and no particular interest would be taken, but for Idaho to be able to occupy that place of honor would be unique and would attract attention and comment.

In addition to marching at the head of the parade the Legion membership of Idaho can be depended on to do other worthwhile things if the recent convention Omaha is a criterion, and where Idaho potatoes and other products, particularly Idaho cheese, was put on the front pages of the newspapers of that city and the country at large and served at the various hotels in Omaha that week.

So, with that program in view, every citizen of Idaho can well afford to take an interest in the program and plan of the Legion to swell its membership to the needed number in order to bring a coveted honor to the old home state.

A PEEP INTO THE FUTURE

Some day, perhaps in the year 2000, when the H. G. Wells of that remote time shall sit him down and compile the annals of the twentieth century, he will not have to rack his brain to find a suitable heading for his chapter on the first quarter of that epoch in America. He will designate it, of course, "The Era of Prohibition." And he will go on to list them, beginning with alcohol, running the gamut of associated censurships, and ending with—what? Will it, perchance, be tobacco?

By all the gentle shades of all the apostrophizers of the fragrant leaf, such a prescription, people will exclaim, is impossible; nay, the very idea is preposterous!

But it is! Equally preposterous, twenty years ago, was the mere thought of that which terminated not so long ago in the Eighteenth Constitutional Amendment. That, too, wouldn't, simply couldn't be done. "They" would never "put" Prohibition over," but "they" did.

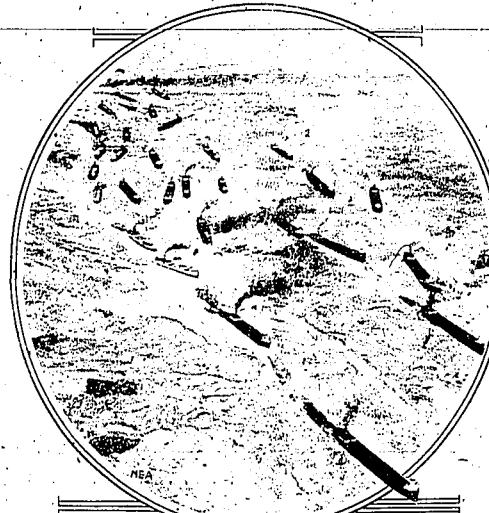

Why? Because, as people now realize, even a small, an almost infinitesimal majority, if it but clings long enough, gains a hearing over the opposition of the great, but inarticulate majority. Words work wonders; they are the stuff that "reforms" are made of.

In free America, at present, shrill pipings are audible against the tobacco addict. A little coterie of zealous persons infected with the future meddlesome-ism have been crying, like the queen in "Alice in Wonderland," "Off with his head!" For since these busy and vociferous regulators of other people's affairs do not happen to smoke themselves, their kind of logic leads them to try to abolish the practice altogether.

Experience in one prohibitory field, especially, should have left the American body politic sadder but far wiser. To dismiss the anti-tobacco agitators with a laugh may well be what they deserve, but this course may leave them laughing last.

Wherever in this country wishes the mild solace of tobacco to survive will do better, instead of laughing at the queer folk who deey it, to combat them actively. And the

Ice Pack Delays Fleet of Great Lakes Steamers

Nearly forty huge frozen Lake steamer boats for the fleet of the later ice and grain, were held for several days in a great ice jam at the foot of Lake Erie, just outside Buffalo harbor. Wedged in the ice, was many hours before the boats could break through and get out to open water. This picture was taken from an airplane shortly before the boats got out.

WASHINGTON DAILY NEWS LETTER

BY CHARLES P. STEWART
News Service Writer

WHAT'S the news from Twin Falls? The senior senator from Twin Falls is one of those almost forgotten but well deserved heroes. He's remarkable enough, but you have to see him on the jump.

A couple of minutes talk with him is a long talk, for Uncle Tom's news is solid and reliable, but he hasn't a second to waste.

He's secretary informed me he'll be out for two minutes' talk that night, but he's been talking for another hour, and still has the wrong idea. In the end, he'll have to get it over with and then turn his attention to something else.

"And at that," added the secretary, "this moment is eaten and finished."

But he has a good interviewee.

He's been talking for another hour,

but he's the wrong idea. In the end,

he'll have to get it over with and then turn his attention to something else.

"And at that," added the secretary.

PATRIOTIC PAGEANT IS FINE AFFAIR

The patriotic program and pageant presented in the auditorium at the Laverne Inn was put on by the Twin Falls High School. The school showed personal interest and splendid training. The theatre was filled with interested spectators from beginning to end.

The first number was a regulation of eight pieces, including 17 marchers, with piano accompaniment by the band Klass. Accompanists during the program were Miss Mamie Klass, Cecilia Beckwith, pianists, and Hills Swanson and Raymond Schwartz, violinists.

A fine action song, "Haymakers and Dairymen," by the primary grades was then given and this was followed by a symphony and piano solo.

The program, "Following the Stars and Stripes," was a recapitulation of what happened between the time when Betsey Ross completed the first flag for General Washington and the present day. Betsey was introduced as a "hero," and was well received finding that there was no place so far back in history as the Soldiers' Home where she had sewed. It would always stand for the high principles which Washington intended. She fell asleep and the vision of the future was presented. Minute men and daughters of liberty did their part, and the march with its bugle notes, the Soldiers' Home in 1812 and names of that period presented a further development. The volunteers of '61; with Barbara Frith in a patriotic role, were followed by women veterans of the Civil War. The Columbia girls, Boy Scouts, Campfire girls, former who fed the millions and former girls, Knights of Columbus, sister war nurses and army "elephant"; all with patriotic utterances and attitude.

During the performance, individual songs were given. The tableau and scene, "For God and Country," was greeted with warm applause and taught a lesson of the duty of the citizen to the Creator and to the state. A piano solo and several violin predictions closed the performance.

How to Gain 5 Pounds in 30 Days

If You Don't Do It Get Your Money Back.

Ask any druggist for a box of McCoy's Cold Liver Oil Compound Tablets. They cost but little, are sugar-coated and as pleasant to take as candy.

In the most pleasant way to take nasty cold liver oil and not upset the most delicate stomach.

Slimy men and women take them to speedfully put on plenty of good healthy, solid flesh, and for the purposes of the druggist says, "Don't gain this lean and woman after take on 5 pounds or more in 30 days." As a matter of fact, Schramm-Johnson and druggists are authorized to return your money if you don't take on 5 pounds in 30 days.

One thin woman gained 15 pounds in six weeks.

Be sure and ask for McCoy's, the original and genuine Cold Liver Oil Compound. Tablets—50 Tablets—50 cents—Adv.

Smart Alter All

A young "Mister" "Smart Alter All" to a certain Indianapolis lawyer did not have a high opinion of the mentality of the lawyer. His parents, however, were not aware of their son's opinions and one day, when he came in and said:

"Well, Father, Mr. Blank is smart after all. He took his automobile apart and put it back together, and it runs."

Grand Prize Outlined—Plans for the Fourth of July from the

caused view of James W. Evans, director of Seattle's Kish chair factory. Evans will speak tomorrow afternoon at a number of conferences.

This does not consist of how many inventions we have, but how we use these inventions. Progress depends upon the use to which we put the things we possess. If you buy something to do that, does not mean that we are progressive. We progress only as we become better men and women. If we do not become better persons, we shall not progress. This is the case, though we should be rich and popular and influential we will not be contented.

Not What We Have,

"It is not what we have that makes us progressive, but what our character is. We are progressive when we make an hour in an auto, if we mean to do that, does not mean that we are progressive. We progress only as we become better men and women. If we do not become better persons, we shall not progress. This is the case, though we should be rich and popular and influential we will not be contented.
