TWIN FALLS DAILY TIMES

Published Every Evening Except Sunday by the Times Publishing Company, Twin Falls, Idaho.

Entered at the Twin Falls Postoffice as Second Class Matter as a Daily Publication, April 11, 1918

Too little respect is shown for the flag today. Yesterday the Elks Flag Day exercises were not nearly as well attended as such a program should be. The Boy Scout flag raising this morning was also poorly attended. Only about twenty scouts and possibly ten or a dozen persons were present at the flag raising exercises. It is not a hardship for a scout to get up and be out at six or six-thirty in the morning, but we are all too careless about giving proper attention to these affairs.

Announcement was made yesterday in one of the Boise papers that Judge Morgan would perhaps be the candidate of the Democratic party for governor and John F. Nugent would perhaps make the race for Senator George's toga. This all sounds very good but in other parts of the Gem State other good democratic brethren may have different plans and the outside counties may not agree with the Ada county delegation as to just who should be nominated and who should not. Judge Morgan and Senator Nugent are eminently qualified for the posts to which the Ada county democrats endorse them but it would hardly be fair to have both candidates come from the same section of Idaho. Twin Falls county may have a candidate for one of these important posts and we feel pretty sure that Bannock county will present Mayor Ross of Poacatello for the office of governor or U. S. senator.

It is high time the people of Southern Idaho and especially Twin Falls and Jerome counties were given something definite about the Rim to Rim bridge. We have waited until our patience has been exhausted for work to start on this bridge and now we are told that the bonds have not been sold. Yet if we remember correctly we were told before the franchise was granted that the bridge was fully financed and there would be no delay. The columns of The Times are open to Mr Murray and his representatives and some definite announcement is due the citizens of the two counties at once. We have waited long enough and now is the time to have some real action in the construction work on the bridge. We are informed that the steel has not been purchased as yet and we feel that at least some of the material for building this bridge should be on the ground now.

GOVERNOR MOORE'S SPEECH ON IDAHO

We are just in receipt of a copy of Southern California Business, a magazine published in Los Angeles, and giving verbatim Governor C. C. Moore's speech before the chamber of commerce of that city when the excursion from Idaho visited there in February. We will quote only a part of this speech on account of space.

"We of Idaho desire that the people of Southern California know more and buy more of Idaho, and Idaho desires to know more and to buy more from Southern California.

"Man has ever been a builder. Even in the time of King Solomon's temple. In the great cities of the East, the development of the timbers and the prairies of the West, and in your own modern city, Los Angeles, we find that desire to build—to excel.

"I recall the histories of the migrations of the early peoples, searching new lands and new opportunities. The mellowing influence of time has invested those early migrations with the glamor of high romance. But I am inclined to believe that those early peoples with their slow and crude methods of transportation, failed to appreciate the romance of the movements in which they participated and builded far better than they knew.

"Today we are experiencing the mightiest migration of people the world has ever witnessed. The great empire lying west of the Rockies, with its snowcapped mountains—its sun-kissed slopes and its fertile plains and valleys—is the world's new "Promised Land." Sometimes I think that we of the West are too near this great movement of people, too much a part of it, to appreciate its scope and possibilities.

"We have seen the beginning of the new social and industrial era. We are laying the foundation and are beginning to build for a great and splendid future. We of Idaho know that meetings between the people of our neighboring states, will strengthen the ties of inter-community interests by which the states of the Northwest and of the Southwest are bound in helpful neighborliness. Our railroads, our highways, our modern inventions have, in actuality, made us neighbors. In the cities, in the farming districts and in the remote mining camps of Idaho, we have but to "tune in" and we can hear our market reports and your concerns, we can enjoy your singers and your fun-makers, and we can benefit by the more serious discourses of your educators and your religious workers. And when we want to meet you face to face, we are only thirty-six to forty hours away by rail.

"There are gentlemen today who will acquaint you with the facts regarding the resources of our forests and our mines and with the productiveness of our agricultural lands. But I want to invite the readers of this magazine to come to Idaho and acquaint themselves with the beauties of our valleys and our majestic mountains and with the peaceful tranquility of our lakes. I want you to enjoy with us our trout streams and our big game hunting.

Both had been presidents of the club in its early days. Mrs. W. H. Turner is also an honorary president. Mrs. W. M. Arnold had charge of the program which was composed of a piano solo by Mrs. J. D. Claborn; talks on early club days by Mrs. M. J. Keeley of Twin Falls, Mrs. W. M. Van Houten and Mrs. Martin Sullivan, and a piano solo by Mrs. Florence Wright. The leader had arranged for a luncheon which afforded the members much merriment. The first was won by Mrs. Carl Emerson and Mrs. Roy D. Scott, and the second by Mrs. H. W. Heitman and Mrs. Charles Brown. The hostesses served punch and water. About 35 members were present. There will be no meeting.

Mr. and Mrs. L. V. Dean spent Sunday at the Fairview home in Twin Falls. Billy and Lee accompanied them.

A number of land owners attended the meeting held in Hogerson Monday night to discuss the discontinuance of retaining the land under this system and applying the water to the land north of it.

DR. W. B. CALDWELL AT THE AGE OF 83

"Purges" and "Physics" Bad for Old Folks

While Dr. W. B. Caldwell, of Monticello, Ill., a practicing physician for 47 years, knew that constipation was the curse of advancing age, he did not believe that a "purgative" or "physic" every little while was necessary. To him, it seemed cruel that so many emaciated old people had to be kept constantly "luffed up" and half sick by taking cathartic pills, tablets, salts, calomel and many other.

In the Caldwell's Syrup Pepsin he discovered a laxative which helps to "regulate" the bowels of old folks. Dr. Caldwell's Syrup Pepsin not only causes a gentle, easy bowel movement, but each dose helps to strengthen the bowel's muscles, shortly establishing natural "regularity." It never grips, sickens, or upsets the system. Unlike other laxatives, it is absolutely harmless and pleasant to take.

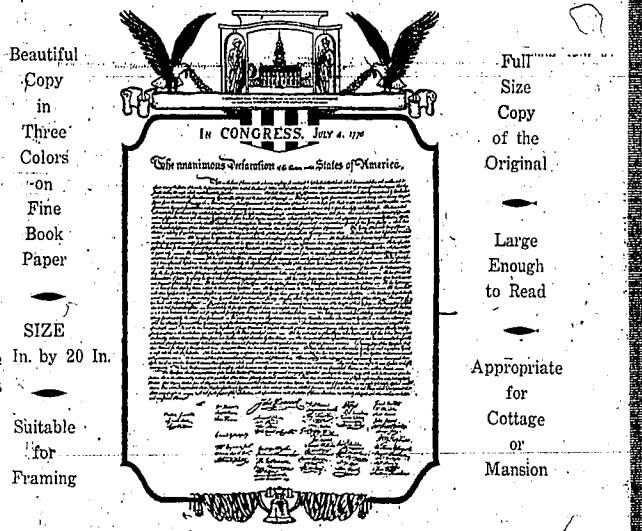

If past fifty, buy a large 60-cent bottle at any store that sells medicine and just see for yourself.

DAILY MARKET REPORTS

Closing Grain Review on Chicago Board of Trade Today

CHICAGO, June 14. Today's closing grain prices were all below last week's, but higher on a point of view. The market was a little more active than the previous day, but the heavy loss of the wheat crop was the main factor in the decline. The weather continued to be the dominating influence in the grain.

THE report of a recent rain over the entire wheat belt, and North Dakota—where further moisture is still needed, caused considerable selling and a drop in prices. In most of the crop, the increase in the available supply, which amounted to 22,522,000 bushels or 47 points, was as much as expected and caused extensive short coverings.

Corn was under pressure throughout the day and fell 1/2 cent. It was sharply below last week's Saturday close.

Although not lost fractionally in all positions, it did easily and rather the strongest tone on the floor.

The heavy loss receipts at the Union Stock yards, as well as the slump in corn prices proved favorable for provisions and they closed lower.
