BLACKHAND CRY CAUSE OF PANIC

JUNEWY, June 17.—The third "blackhand" panic within a week caused financial alarm among 250 children and hundreds of mothers at public school No. 165 at Elkhorn and Heater streets.

When some one shouted "blackhand" as in the two preceding panics, the mothers rushed to panic. A teacher sounded the general dismissed bell and order was restored. The children were marched out of the building.

MAY PROBE OKLAHOMA PRIMARIES

Democratic State Chairman Urges Investigation of Sen. Pine's Election.

Letter to Jim Reed Hints at Machine Methods in Support of Incumbent.

OKLAHOMA CITY, Okla., June 17.—In a letter today to Senator James A. Reed, Missouri, prosecutor of the sole primary investigating committee, George D. Key, chairman of the democratic state committee, urged him to demand an investigation of the election two years ago of Senator W. H. Pine, Republican.

Senator Pine is a wealthy oil man of Okcian City, Okla.

Key said he purchased his seat in the senate in well known to almost every citizen in Oklahoma." Key wrote. "The amount of money spent in purchasing his office is generally estimated at over \$100,000, and he has been elected to the Senate by means of machine methods.

Key added that the investigation be made immediately charging that the republican machine politicians of Oklahoma are now employing the same method to re-elect their "protection" senator, John W. Harrelson.

Senator Harrelson is a candidate for reelection.

Key offered to furnish the sole primary investigating committee further information about the matter.

Announcements

The W. C. C. will not meet until Friday, June 25, on account of the Sunday school institute.

Following a short business session the Neighbors of Woodcraft will entertain at their party. Each member is expected to bring a basket or an event.

The Royal Neighbors will meet in regular session Friday night. After dinner there will be a musical program in honor of Mrs. Hermann will follow. The honoree is leaving this city soon.

MARVELIN BIG TENT
PACKED TO CAPACITY

Last night, the opening lecture of Marvelin, the Nutrie man, drew a large audience, and judging from the enthusiasm shown by the people, the lecture will repeat itself next night for the rest of the week.

The private matinee for women only this afternoon had a good attendance, and the matinee for women tomorrow at 2 P.M. will also be well filled. Local seats will be sold at the entrance, although they are free.

Marelle's health lectures command attention everywhere for they are educational and instructive. Lecture begins each night at 8:30 until Saturday night—Ad.

Advertising Pays

Advertising pays to a startling degree.

The woes of the merchant who fails to advertise like his shelves empty, losses, consuming his capital and failing him, are well known to him, but the lesson to draw attention to himself by using his brain power is allowing his intellectual wares to become embodied with usefulness, and become a benefit for mental bankruptcy.

Second Extra-frame Contest of Series Goes to Locals, 5-4; Fine Playing Feature.

In their second extra-frame game in as many days, the Indians forced ahead of the Indians yesterday afternoon to lead 5-4 in the eleventh inning but lost it to Ogden.

Completion of the game marked the end of 22 innings of baseball which was as good as any fan might want to see.

Indeed, it also, it was the second defeat in two days for old Hansen, slim Peccatole boy, who up to this time has had the Indians breaking their backs trying to tap his offerings.

Third Thir.

The contest was replete with one-hand stops, neat fielding and timely hitting, and was not suffering either from lack of good pitching, for both Hansen and Hansen were working well in the "break" that decided the contest.

It looked like a near-tie when the Indians opened their half of the first inning with a couple of singles, but after a walk to Hansen and a double there was no score until Peccatole tied it in the fourth with a home run to Taitt with one on.

Twins took one in the seventh, only to have the score tied in the eighth, and the clubs left the mat 3 and 3.

It looked dark for us in the tenth after Peccatole had taken the lead, but Mike Maloney was equal to the occasion and slashed one over the center field wall to the count again.

Home's H.

And then in the eleventh, Germano singled, his only hit of the day. Old Hansen sacrificed and Hansen and Hansen cracked his fourth and biggest of the day and Edith number plateaued.

Twins a sorry encounter.

The clubs are playing the third game of the series this afternoon.

TWIN FALLS' PARKING-PROBLEM

Some few weeks ago there was considerable discussion concerning the parking problem in this city. This was especially true for farmers and other visitors who come in to shop and cannot find a place to park their car without going almost to the outskirts of the city. However, let us state here that the voluntary plan of the business and professional men of this city to keep certain places open for shoppers to park is working a great transformation and seems to be solving the problem pretty well here. There is a place on the main thoroughfare here usually where one can park his car regardless of how busy the day is or how many autos there are in the city. This shows that if folks will, they can inaugurate and put into practice the right kind of laws and regulations without being forced.

Idaho Falls has had somewhat the same problem and here is what one of their newspapers has to say about the parking and accident problems in that city:

The solution of the parking problem is largely enforcement of present and pending regulations rather than legislation framed with the idea in view of control.

We, as a community, have been to easy on the offenders and present ordinances and regulations are ignored, so what right have we to believe that any future regulations which may be issued will be paid attention.

We have been a bit too considerate and afraid we would hurt someone's feelings and have permitted traffic ordinances to be violated until it is a wonder there are no accidents, but a greater wonder there are not more.

The question as it presents itself is one that will require a firm stand, tempered with diplomacy. There is no desire to inconvenience any one nor to exact a hardship, but the right of the many is paramount to the right of an individual, particularly when that individual endangers the life and property of another.

No one would advocate a too stringent policy directed towards tourists and visitors or those not familiar with conditions, but a firm policy is advocated towards residents who know better, but who either do not care or who will take a chance.

The condition is comparatively new and unanticipated. Few cities have streets broad enough to care for the parking and traffic conditions and that being true regulations will have to be made to still the conditions.

It is the privilege of the average American citizen to "kick" when he feels that his rights are being interfered with or infringed upon, but at the same time this average American citizen believes in fair play and will not willingly do anything that will result in an inconvenience to others, so traffic ordinances are accepted after they have been learned.

A competent committee is in charge of the drafting of ordinances that will fit and suit the occasion and conditions in Idaho Falls, and it is to be hoped that something will come out of the deliberations that will be fair and equitable, not too drastic, but neither so elastic that they are useless, and best of all let it be seen that the rules so drawn are enforced, for without that they are worse than useless and lead to confusion and a further disrespect for law and authority.

YOUR FUTURE IS BRIGHT

During the week-end of the prophets of evils told the world that next winter would be long and bitterly cold, to be followed by a very cold summer. We have heard such prophecies before and every time their prophecies have been false. They told us that the world was coming to an end. That there would be famines, earthquakes, and terrible calamities. We have lived right along and every year has been a better year than the last. One Malthus by logical argument and a statement of facts proved that the inhabitants of the world would die of starvation, and that there would not be sufficient food for our over-populated globe. Some people believed him and worried about the future. The world never had so many comforts and so much food as it has today and there is every evidence that this situation will continue indefinitely. God controls the future and He cannot permit a failure in His plans for the good of humanity. Everything must become more beautiful and more abundant or else God will fail. We have a better life and a better world than our fathers had. Our children will have a better world and a better life than we have. As the race advances and knowledge increases there cannot be worse days but better days. Everything must move forward to that final consummation when everybody and everything will be perfect. You need have no fears about your future. It is in the hands of a loving Heavenly Father Who has assured us that "all things work together for good." Every day the supply will be sufficient. Every day the vision will be clearer. Every day the world will become more livable. Your future is bright.—Johnston Myers.

BUHL MAN HAS NOVEL PLAN

Legion men of the Fifth Idaho district have undertaken a novel and interesting program. Under the leadership of O. S. Peet of Buell who is chairman of the committee, the men of the fifth district are launching a campaign to raise funds sufficient to send a delegate from this district to Paris, France, in 1927, when a meeting of the American Legion will be held commemorating the arrival there of the first American troops to take part in the world war—Exchange.

CHAPTER III

Mansfield Plans Reprieve. That fellow, I think, had better go to Paris," said the editor of the newspaper. "I'm going to Paris myself," said the man, "but why was he hunting for names?"

Prudential Mansfield wondered. If he wants to be a detective, why attack the fat cat in this manner? In the interval, he thought.

Of course he had predicted the inevitable midnight, at an absent figure.

That was nearly good business. At perfectly bad business!

Prudential Mansfield asked, "If you want to be a detective, why attack the fat cat in this manner?"

Silence. Mansfield thought.

He wanted to be a detective, but he had suddenly realized that Betty was far out of his reach as the stars, and had now abandoned upon a causeless search for names.

BICYCLE PARADE WILL BE A MILE LONG SATURDAY

All the Old and New Bicycles in Southern Idaho Will Pass in Review Here Saturday Before Judges Who Will Award Many Prizes for Best Decorated Bicycles.

If you are going to be in the parade Saturday best and bid high.

You'll want it Saturday forenoon when the "sociability" ride and decorated wheel parade takes place under the auspices of the local bicycle dealers.

The affair will start from Main avenue at Third street east at 10:30 o'clock riding the boys and girls (and grown-ups, too) chance to fix up the bikes in their doorway and be prepared for the occasion in short order.

J. Howard Rodia, an already announced, will be in full charge of the ride, leading the parade on his old time high-wheel, the kind he used when the bicycle was the king of the road. Rodia is well known all over the Pacific coast as a rider.

Maynard L. Ashton will award the prizes.

Here is a list of the various events, and showing how the forty prizes will be awarded, which takes place following the parade at Main Avenue and Third street ending at the State Fair Grounds.

The Navajo

The leading tribe of the southern division of the Athapascans stock of North American Indians was the Navajo Indians, which numbered 100,000 by themselves. Since first known they have occupied the land south of the San Juan River, in northern New Mexico and Arizona, and extending into the Colorado Plateau. The Navajo Indians were surrounded on all sides by the cognate Apache tribes except on the north, where they met the tribes of the Shoshonean family. At present the Navajo are the Indians bearing their name in Utah, New Mexico and Arizona.

GASOLINE

Of course you can get some mileage from any gasoline. But it's a costly practice to fill the tank with unbranded or inferior motor fuels—that is, if you care about getting your money's worth. Conoco Gasoline has always been reliable. You know that. And now comes Summer Conoco with a bonus for you—a bonus of extra miles. Extra miles are packed into Summer Conoco just waiting for you to get them out—to drive you over more miles at less cost.

Certainly you've always wanted extra miles. Now it's the easiest thing in the world to get them. Just drive in where you see the Conoco sign and say "extra miles" to the attendant. He'll do the rest.

BUSINESS AND PROFESSIONAL WOMEN RETURN

State Federation of Such Organizations at Nampa Admits at Completion of Interesting and Profitable Program Two From Twin Falls on Directorate.

Most of the members of the Business and Professional Women's club who attended the state federation of the organization at Nampa last week have been elected to a similar place with the exception of a highly placed woman from the state of Nampa, and the results of the state meeting, Louisa Pohl, was selected for the 1927 president, and Twin Falls put in a bid for the position. Mrs. Mary Johnson, the outgoing president, was elected in the board of directors, as well as Mr. Leo Pohl, of Pohl.

The officers for the year are President, Mrs. Jessie Lloyd of Blackfoot; Vice President, Mrs. Anna Hatch of St. Anthony; second vice president, Mrs. La Hilt of Caldwell; recording secretary, Mrs. Harriet Andes, entrepreneur secretary, Miss Mary Dowdall of Blackfoot; treasurer, Mr. Leo Pohl of Twin Falls.

Several from Twin Falls went to a reception to which they were invited in Idaho, which proved most enjoyable. "Resolutions of thanks were passed at the annual convention, and the state director of the other kind of Idaho industries, mining, industries, and enterprises had recommended our program a year to this date, and a program of personal research. All the programs were well received and appreciated, and the address of Miss Mary Stewart was especially praised.

Mrs. Charlotte Pond remained to attend the meeting of county superintendents.

CASTLEFORD

CASTLEFORD, Idaho.—This community was shocked and grieved yesterday when the news of the death of Mr. E. Simola in the Twin Falls County Hospital was received over the telephone. Mr. Simola, whose death was reported in the Idaho Statesman yesterday, died Saturday morning at 10:30 a.m. for treatment and on his last Saturday morning he underwent an operation. Funeral services were held in the Castleford high school auditorium Tuesday afternoon at 2:30 p.m. which was filled to capacity. Mr. Elmer Foster, pastor of the Methodist church, assisted by Rev. Herman Todd, Baptist pastor, officiated. Mr. Simola was in charge of the funeral service, which was conducted in a simple, quiet manner.

TWIN FALLS DAILY TIMES

Human Remains Not Unknown to History

The first case of a human remains reported in a scientific journal was that of Robert Gill, a cobbler of Donisthorpe, whose death was reported in the British Annual Register under date of October 17, 1800.

In ancient times and in the Middle Ages men who chewed the end were apparently very far from rare, but modern science would be prone to dismiss such cases were there not some recent time.

Hoger Gill died after suffering "great tortures" due to the loss of his arm.

Gill usually chewed his arm until it became a mere stump, and then he would put on top of the stump a piece of leather.

He was buried in a shallow grave in a cemetery in the village of Westbury-on-Severn, England.

Head Carved on Coffin

In ancient Egypt it was a custom to put on top of the coffin model of the head of the person who was buried in it.

SCOUTS ENJOY BIG SHOSHONE BASIN CAMP

NEW OUTDOOR ASSEMBLY AND CAMPING PROGRAMS GREATLY ENJOYED
Scouts Enjoying Hikes and Nature Study Camp Is Well Organized and All Members Are in Camp for First Time.

Camp Shoshone is one of the best mounted and disciplined camps in the history of the great camping movement. Under the direction of Scoutmaster William S. Hill, who has charge of the camp, the scouts, after spending three days with troupe No. 1 at Camp Shoshone, have now joined the camp and everything is in full operation. The boys are in excellent condition and in trim. The tournament is devoted to instruction and tests and the afternoon to hikes. Among those who are in the camp besides Scoutmaster Hill are Scout Executive P. Douglas Davis, Seminole Ranger; Clarence E. Alford, Scoutmaster; Raymond of Pifer and Scout Fred Varney as camp cook.

There is a total of 58 boys now mounted at Camp Shoshone and at this time they have never been to camp. They have been in the camp since it was built and their first camp was held in the open pavilion with a glowing campfire for illumination. The leaders are in charge of the boys on the general camp and are followed by a stage all day long, the wags and their pettish vanities and other stouties can be no end.

The camp was surprised Tuesday morning by an early visit from Regional Director J. W. Pyer of Spokane, who was in town to inspect the Snake River council, together with Camp Director, W. A. Thompson of the Twin Falls council. They are breakfast with the scouts and inspected the camp and impeded the work on the camp, having much to do with the camp site. He made some suggestions to how to improve the camp, etc.

Tuesday afternoon Scoutmaster Allen took the route for a hike and they found many wonderful Indian artifacts and hills and trees. They stopped at The Spring, Woods, and afternoon Executive Hawley took

them to the beaver dams and explored many wonderful places along the way and the hills and streams.

Tuesday night the boys held their annual powwow, a grand job of 27 miles when this was opened to the U.S. hikers of public roads. Recommendation was made by B. J. Finch, district engineer of the bureau, that Mr. Reed be allowed to have been but since then they have been very comfortable every night.
