GEORGE STATE FISHERMEN IN PROTEST

Dynamiting of Logs Kills Fish, They Contend; Held Meeting.

MORONG, Idaho, June 29.—Dynamiting operations along the waters of the North Fork river have resulted in the killing of thousands of fish in the stream, according to reports from fishermen in various sections of north Idaho who make this their fishing ground. These reports come from five of the north Idaho counties held a meeting this week at Coeur d'Alene and adopted resolutions condemning the practice of dynamiting the log jams in the river. Logging operators in this district do considerable blasting to release the many jams that clog the spring runs.

Tollermen practicing the slaughtering of the thousands of trout have been sent to the state game department at Boise.

Fishermen returning from Deep creek, a main tributary of the North river, report that several quantities of dead fish in the river, apparently killed by the blasting operations which have been going on for some months. Norman Edwards, of Wallace, well known fisherman, reported that there had been more fish killed this spring than he had seen in some months. Norman Edwards, of Wallace, well known fisherman, reported that there had been more fish killed this spring than he had seen in some months.

FLOOD WARMS BELLEVILLE. BELLEVILLE, June 29.—Living fish waters of the River Elbe today were partly destroyed by these operations.

NEW CATHEDRAL IS DEDICATED

ST. LOUIS, June 29.—Six ribbons of the church in the brilliant robes of their order today dedicated the new cathedral of America's foremost Catholic church.

A hot sun shone down on the throng which numbered close to 50,000. Prayers and stentorian singing were in vogue this morning will continue all day without break until the procession of the Blessed Sacrament at 11 o'clock tonight.

IDAHO FARMER IS MISSING AND SON IS HELD

Son of Charles Zins Olinas That Father Walked Over East and Never Returned; Son is Held on Forgery Charge.

IDAHO FALLS, June 29.—Charles Zins, formerly of Minneapolis, county, of Blaine county, living near Basalt with his family, where he has been engaged in farming, has been missing from his home for two weeks and friends here have taken the matter up with the officers of Bonnevill and Blaine county to investigate.

The disappearance is being held for investigation and questioning, and it is stated that a forged check had been signed against the boy.

Rock Creek Water Case Is Reversed by Supreme Court

HOISE, Idaho, June 29.—Judge W. A. Halsebeck's decision as to the distribution of 50 inches of water of Rock Creek in Twin Falls county was reversed by a supreme court decision Monday and the case was remanded to trial.

George Crockett and others sought an injunction to prevent Henry Jones and W. H. Turner from obtaining the point of diversion of this water. The lower court had ruled for Crockett.

WRITERS' FISCAL, SET.

HOLLYWOOD, Cal., June 29.—The body of Gerald Beaumont, noted author of short stories, will be taken to Oakland, Cal., for burial after funeral services in the Church of the Blessed Sacrament here tomorrow. The author died here Saturday of pneumonia.

NORTH DAKOTA MAY HAVE BIG PRIMARY GRAFT

Same Gang Is Threatening to Use Huge Slush Fund in North Dakota

WASHINGTON, D. C., June 29.—A charge that the same interests which financed the \$500,000 campaign in Pennsylvania are sending money into North Dakota to influence the primary there tomorrow, was filed with the senate primary investigating committee today by H. H. McArthur, assistant U. S. senator from N. D., secretary of the senatorial race there.

"It is my personal opinion that the large slush fund has been obtained through misappropriation of money set up to be expended in North Dakota for the purpose of defeating Senator Egan and sending President Coolidge's complete manager, L. B. Brown, out of the senate," said McArthur in the statement.

McArthur contended Joseph H. Gray and W. L. Melby, prominent party leaders in Pennsylvania, collected \$500,000 for the 1924 Coolidge primary campaign. Of that amount, he charged, \$250,000 was sent to North Dakota and other western states to help carry those states for President Coolidge.

APPROPRIATION GETS APPROVAL

WASHINGTON, D. C., June 29.—A proposal to increase federal prohibition enforcement funds by \$100,000,000 made in the house today by Representative Laguardia, independent socialist, New York, was voted down by acclamation after the New York had asserted that under present conditions same appropriations were "merely invitations for bootleggers."

Charles Laguardia's motion went attempts to eliminate the entire prohibition item and to eliminate the \$100,000,000 for "under cover" were overwhelmingly defeated.

The appropriation was finally approved as recommended by the committee, adding \$25,000,000 to the \$100,000,000 already appropriated to Andrews' army.

LETTER WRITER BELIEVED KNOWN

NEW YORK, June 29.—The identity of the man whose love letter, written to Mrs. Elsie E. Brewster, Long Island society woman, was believed to have been written by her murderer by her father-in-law, is believed to be Roscoe P. Conklin, whether of the American West or the East, is being determined according to the New York World.

MAN HELD FOR DEATH OF HIS GIRL

Bob Gaines Charged With Murder After Probe Lasting Two Weeks.

SCOTTIE, Idaho, June 29.—Wallace "Bub" Gaines, was charged with the murder of his daughter, Sylvia, 22 year old Smith, college graduate, in an information filed in superior court today. Gaines was arrested at Sagu at the home of his brother, William Gaines, king county commissioner, Depue, Ore. He was taken to the county jail.

The information upon which the arrest was based charged that Gaines had choked and beat the head of Sylvia Gaines with a rock or some other blunt instrument from which wounds, said Sylvia Gaines died.

Sylvia was slain on the night of June 16. Her body was found on the shore of Deep Lake the following morning. She had been beaten in the head.

Mother in Custody. The present Mrs. Gaines is half-German second wife. His first wife, deceased a divorcee, charitable society and in New Mrs. Harry E. Maynard of Fairfield, Mass. she is the mother of the murdered daughter. Sylvia was born in the east.

After the separation of her parents she did not know where her father was. She had been in the custody of her mother, who she read the name in a newspaper, connected it with her father and started a correspondence which, resulted in a reunion.

Gaines, had absconded, has been drawing total disability pay from the government for war injuries. He was employed from time to time as a painter for the county.

SNAKE FIGHT ON TONIGHT

BIGGEST, Texas, June 29.—The snake supremacy of Texas will be at stake tonight.

Two of Texas' largest and most vicious rattlesnakes are "on edge" tonight with two Missouri blacksnakes.

If the blacksnakes win they will be thought to Texas to have winners to exterminate the dangerous rattler from the hills of the state.

W. A. (Snake) King of Brownsville who has charge of the rattlesnake today that the latter is king of them, all with the exception of the Incha cobra.

Rancher Gates of Sugar Creek, Mo., however, disagrees with King and is bringing his blacksnakes here to do battle.

Evangelist Has Many Marriage Proposals; Goes Into Seclusion

Aimee Semple McPherson Has Received Hundreds of Mail Order Proposals for Marriage But Is Not Interested; Gives Her Version of Proper Husband; Plans to Go Into Seclusion to Avoid So Much Gossip and Many Foolish Stories.

LOS ANGELES, Cal., June 29.—Hundreds of mail order suitors are proposing marriage to Aimee Semple McPherson. It was disclosed today by the evangelist.

Mrs. McPherson declares she is "not interested" in marriage but for those who are courting the attractive gospel instructor there are six specifications she outlines as her "idea" of a husband:

1. A preacher of the gospel;
2. Good looking, preferably blonde;
3. Six feet tall or thereabouts;
4. An eloquent orator;
5. A golden-voiced singer;
6. He must play a slide trombone, not an saxophone.

Will It Be Seclusion. Aimee Semple McPherson prepared today to go into seclusion for a week or ten days, feeling increasing active charge of her flock of 25,000 worshippers.

The evangelist said she wanted to avoid the many rumors and whisperings concerning her disappearance on May 18 and her sensational reappearance five weeks later in Honolulu, Hawaii.

"I'm tired of hearing in such places and so many rumors," she said. "I want to get away from all that."

"I am quite willing that every word of my story should be the most accurate history, but I believe that more can be accomplished by an investigation of a few people in Los Angeles who are victims of my success here."

"There has not been one thing reported which has displeased any detail of my story and will result in its worth which costs each one of the story, it must be accepted outright as the truth, and that's all that is."

Another Woman Answered Description. Mrs. McPherson scoffed at reports from Chief of Police Stalling Dewart of Los Angeles to Chief of Detectives Herman Cline that he had partially identified a woman found wandering in that city on June 11 as the evangelist.

"Just another of those who run," she said. "I have heard hundreds of them myself since I returned home and I suppose I will hear many more."

The El Centro police chief, in addition, described the appearance in El Centro and Calexico of a "mystery woman" as being believed it was the evangelist.

The woman registered at a hotel in El Centro and samples of handwriting are being forwarded here for scrutiny by investigators. Cline would not comment on the El Centro report until he inspected the penmanship himself.

CONTRACT AWARDED. WASHINGTON, D. C., June 29.—The United States veterans bureau has awarded contracts for new buildings at the Veterans' hospital at Palo Alto, Cal. The largest contract is \$1,000,000 for general construction to R. E. Campbell, Los Angeles.

(Continued on page 3)

SANTA BARBARA OBSERVES FIRST QUAKE BIRTHDAY

City in Midst of Reconstructing; Spanish Theme Prevails.

SANTA BARBARA, Cal., June 29.—The earthquake which struck Santa Barbara on Jan. 9, 1925, is being commemorated in the city today by the first anniversary of the catastrophe.

It was just a year ago today, at 6:45 p. m., that devastating Santa Barbara was literally shaken down by the most severe shock tremor any American city has suffered in recent years. Eleven lives were lost, hundreds were made homeless and property damage was approximately \$20,000,000.

Santa Barbara today is still in the midst of its reconstruction. There are still scattered vestiges of the disaster, debris and ruins dot the city. But, in the midst, the city is fast being reborn into another metropolitan-greater than the first.

Throughout the restoration, Santa Barbara is clinging to the Spanish theme in architecture. Plans now on foot, the new buildings are designed in Spanish colonial architecture and color schemes.

Let It Rain CANADA IS WITHOUT A MINISTRY

Reigning cabinet of Mackenzie King Creates Need of Provisional Government.

OTTAWA, Ont., June 29.—Hon. Arthur Meighen was sworn in today as prime minister of Canada.

OTTAWA, Ont., June 29.—For the first time in the history of Canada, the country today was without a government.

The Hon. Mackenzie King, head of the liberal cabinet, who has been in power less than a year, resigned yesterday after the governor general had to grant him a dissolution of parliament.

The Hon. Arthur Meighen, head of the conservative, has accepted the post but has not yet formed a government. Without the support of the progressive party, which holds the balance of power in the house, the conservative cannot command the necessary majority to carry on.

Meighen will probably announce the formation of a provisional government late today and will ask the house to proceed with the necessary votes of supply to carry on the government for two or three months hereafter which an election will be held.

FARM RELIEF BILL GAINS IN SENATE

Coolidge-Fess Measure Still Certain of Defeat; Votes Are Checked Up.

WASHINGTON, June 29.—Extensive private from the White House show that the Coolidge-Fess farm relief plan in the senate, a check-up of attachments by the United Press showed the attendance of 48 republicans.

While the bill still is virtually certain of defeat, there is by no means the over-optimism usually against it that there was on Saturday, and extended debate may swing a few republicans to the bill.

There is talk with the democratic side estimate that from six to ten democratic votes will be cast for the bill and 25 against it. "This means the bill will be defeated by the vote of the number of republicans who vote against it."

A count of republicans showed many who voted for the Coolidge-Hausen bill would relinquish their allegiance with the Lamm vote and vote for the Fox bill.

There are, however, about 13 republican votes counted as sure and the measure and the opposition of Senator Shillington, a farmer, of Minnesota, would make 14 votes to be added to the democratic opposition. This makes from 40 to 45 votes against the bill, of every vote now voted, which is impossible.

SPECIAL TRAIN IN RECORD RUN

PITTSBURGH, June 29.—Mrs. Cyrus H. McCarrick, wife of the former president of the International Harvester company, was speeding toward the home in Chicago on a special train.

Halfpast noon here, who said that the train, exclusive of the Pullman, would leave Mrs. McCarrick's home could assign no reason for her desire to make a quick trip to Chicago.

The run from New York to Pittsburgh was 21 minutes faster than by record previously held by the Broadway Limited.

GERMANY HAS SLIGHT QUAKE

BERLIN, June 29.—Slight earthquakes shook southern Germany today, causing momentary panic in many centers.

No damage has been reported. Residents of Baden ran into the streets when the hills were felt, and in Heidelberg the population's fear was increased by lightning which fell from capes.

Widespread Shock Felt. A widespread and more severe severe earthquakes shook the eastern and central Mediterranean area Saturday night. The shocks extended from Italy to the east shore and to North Africa.

Woman, Wanted in Idaho, Found Dead

LOS ANGELES, June 29.—Elitha Fama, 28, who was being held in the county jail on a fugitive warrant from Pocatello, Idaho, on a charge of passing worthless checks was found dead in her cell today.

The woman is believed to have died of heart disease. A post mortem examination was to be held by County Attorney Bureau Waster late today.

EDITORS TO MEET IN CALIFORNIA

LOS ANGELES, June 29.—Hundreds of visiting editors were to arrive here this afternoon for the opening tomorrow of the annual convention of the National Editorial association.

The editors, representing 38 states (two states, are traveling in two special trains).

They were being asked today of Orange county on eight evening tours through the county, and will be followed by Governor Friend W. Richardson.

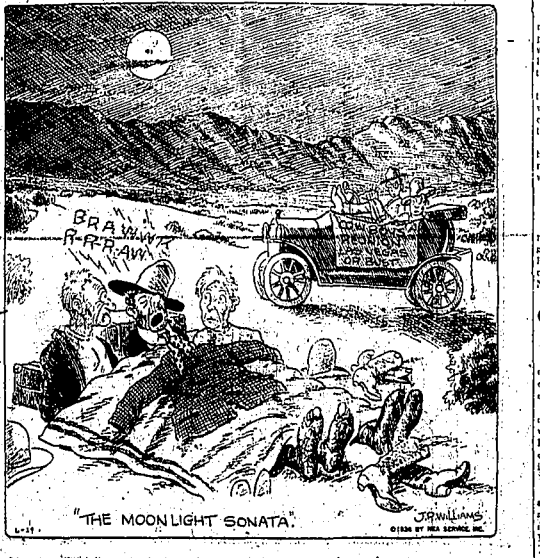

Business session will continue over Friday and will be followed by an extended field meeting Saturday.

BOSTON'S PONZI ARRESTED ON WAY TO EUROPE

Arrested as a Common Thief Charles Ponzi, Boston's financial fraudster, was taken from Italy on way to New York.

He faces a jail term of seven to nine years on a sentence and possible deportation to Europe. Charles Ponzi, Boston's financial fraudster, was being brought back here today to be held for New England authorities.

He faces a jail term of seven to nine years on a sentence and possible deportation to Europe. Charles Ponzi, Boston's financial fraudster, was being brought back here today to be held for New England authorities.

"THE MOONLIGHT SONATA" BY JOHN W. BROWN

SOCIETY

B. P. W. G. Luncheon—Appropriate to Independence week the program carried out at the business and professional women's luncheon, patriotic in character. Mrs. Geneva Lewis was chairman of the program which included the reading of the pledges and singing of "America" by the assembly as the opening numbers. Mrs. Lewis read the national Independence program and Mrs. Emma Warren spoke of her duties as county treasurer at this time. Following the Warren the guests of the club were called upon for remarks. The guests included Mrs. Kiehlmann of Los Angeles, Mrs. Lillian Kemp of Boulder, Colorado, Miss Jean Harlan and Mrs. P. W. Scholter. Mrs. Kiehlmann a past grand matron in the Order of the Eastern Star and a former resident of Idaho, is house guest at the home of Dr. Dale Sawyer. Mrs. Harlan is the former chautauque superintendent and Mrs. Kemp is here for the summer, the guest of her sister, Mrs. Scholter.

Husband and Wife

My wife prepared the most tantalizing looking steak, juicy, with all the fixings, when she knows I am going to eat high blood pressure and the doctor won't let me eat meat in any form.—Z. P.

WHAT DOES YOUR WIFE DO?

Kiwanis

Ralph A. American, of Scranton, Pa., is the new president of Kiwanis International. Active in Kiwanis for years, he was elected to the presidency at the annual convention in Montreal last month.

CHAUTAUQUA AND PAGEANT WORK WELL

The chautauque young junior program, consisting of fifteen children for the play at the grandstand July 2nd under way this morning under the direction of James W. Evans, for a number of hours. In the evening for the same period of time, beginning at 7:15 community singing will be indulged in, practicing for the big pageant. Last evening the band of the "Old Bonnet" and the "Old Frontier" composed by Mr. Evans and was scored by Dr. G. O. Palmer, who pronounced working good.

Lodge Getting In. The Modern Woodmen of America was the first lodge to get into the float. The Masons and the Moose are starting on floats and expect to get in.

The guests of the other girls in the organization. Mrs. Clarence Cox is chairman of arrangements, a special feature of the entertainment being a picnic stand. Refreshments will be served.

SCOUTS RETURN FROM SHOSHONE, CAMP IS CLOSED

Camp Director W. A. Thompson reports that this morning that Camp Shoshone had been closed for the last time this season and P. Douglas Hawley, scout executive, and the camp tents, etc. will be brought down today. The past two weeks have been very successful for the scouts and the camp has been a most profitable one.

It was planned to turn the last week of the camp over to the high school boys, but since only four boys showed up for camp, the week was decided to be over at Shoshone for the season. The second contingent of boys returned yesterday from Camp Shoshone and report a very enjoyable stay at their cabins and Shoshone basin.

Water District Report to Date

UNIVERSITY STANDARD IN RAISED BY SOCIETY

Under the old system the greater majority of university admissions were made to candidates nominated by the community party, the communist youth trade unions, and similar organizations.

Announcements

The Christian Women's Missionary Society will meet in regular session on the church porch at 2:30 Thursday afternoon.

All children taking part in the "Misses Day" are requested by Mrs. W. Humphrey, chairman, to meet in the city park at 4 o'clock Thursday afternoon, July 1. Miss Jane Harbart, school supervisor of chautauque has kindly consented to drill the children.

AT THE THEATRES

RAY GRIFITH AND HARRY LANGDON IDAHO TOMORROW

Tonight is the last screening of Laura Laplante in "The Beautiful Cheat." The Universal comedy drama, "Tomorrow" two of "screendays" greatest comedians make their appearance at the Idaho theatre in two-rolled new picture. Griffith appears in the Paramount picture "Hot Faint" which from press reports is a screen from start to finish. Harry Langdon, the highest rated comedian in the world, will be presented in "Honey Stacey Day," a two-rolled farce. The Idaho Pat O'Grady will be shown again. The first screening of the "Boy Scouts" great serial "The Radio Detective" will be added to this show on Friday only and on Saturday morning all four serials will be indelimited free of charge.

Acid Stomach

"Phillips Milk of Magnesia" Better than Soda. Hereafter, instead of soda take a little "Phillips Milk of Magnesia" in water any time for indigestion or sour, acid, gassy stomach, and relief will come instantly. For fifty years Phillips' "Phillips Milk of Magnesia" has been prescribed by physicians because it overcomes three things as much acid in the stomach as a natural solution of bicarbonate of soda, leaving the stomach sweet and free from all gases. It neutralizes acid fermentation in the stomach and gently urges the stomach waste from the system without purging. Besides, it is more pleasant to take than soda. Trust only "Phillips" Authentic cent bottles, any drug store—adv.

"The Radio Detective" Next Saturday A. M.

A wild pitch by Infielder Harold Goddard in the seventh and eighth innings of the 2 to 2 tie between the Braves and the Yankees by a 2 to 0.

ATLANTIC CITY, N. J., June 29

John Hartung, the youth of the younger set in Atlantic City, today won the 1938 United States rubber championship by hitting out its opponent in two straight games.

The Barton youngsters' impressive victories were secured over George Deane of Staten Island, N. J., and Louis Lee of Atlantic City, N. J., in the most exciting matches of the season.

The 47 entrants continued to show in their eight appearances. Deane and Lee were the only ones who will be concluded until tomorrow and the eight winners will fight it out until five finalists to meet Friday, six chosen.

SPORT TABS OF A EVERY KIND

NEW YORK.—Frankie Garcia of Los Angeles, made his debut in New York last night, defeating Spencer Brien of Atlantic City in a 10 round fight.

BOSTON.—Frankie Thomas, world's middleweight champion, won an easy decision over Edmann of New Jersey last night at the Garden. The fight was a 10 round affair.

PITTSBURGH.—Byron Doney, of Cleveland, middleweight, knocked out Cleveland's Edmann in the first round of a 10 round fight.

CLEVELAND.—O. H. Habre and Billy Walker, California lightweight, will meet here in a ten-round go at the Garden at 8 p. m. Human weight 120 pounds and Wallace 132.

Howard Kinsey of California today entered the semi-finals of the pugilistic contest at the Garden. Kinsey, of South Africa, 6-3, 10-3, 3-6, 4-2.

THAMSPICE.—The 1938 United States Rubber Championship will be held here July 7 to 11, is expected to attract 7,000 delegates.

Feet Shod With Hottails

The skin on the foot of a mule found in Australia is thickening to an amazing degree according to "The Crow" writing to the Sydney Bulletin.

"One day an old Nighthawk came to me complaining that his nose was badly cracked. After I had examined it, I found a bag containing a dozen hottails, and when I touched them to his nose, he at once closed his eyes and his nose was still in the flesh."

Dresses on Exhibition

The dresses worn by Virginia Hamilton in the film "The Sign of the Cross" are on exhibition at the Washington Y. W. C. A. and including both Mrs. Wilson, are preserved on 750 feet of continuous film.

NOTICE—Boy Scouts' band meet

Friday, July 1, 8 p. m. at the high school at 8 p. m.

CHAUTAUQUA MAN TALKS ON BIG BUSINESS

Author of "In His Steps," delivers Lecture This Afternoon on "What is the Biggest Business in the World?" Sheldon is from Kansas.

Tomlin's program opens with the New York Steel Company in a special musical program followed by Herbert Leon Pope in a humorous lecture.

The afternoon program was fairly well attended regardless of the weather. The Chautauqua address by Charles M. Sheldon of Topeka, Kan., this afternoon was on the subject, "What is the Biggest Business in the World?"

The biggest material business in this country is insurance.

The value of the 200,000,000 automobiles as given by government figures is \$7,724,000,000. The value of the crop raised annually from 15 to 18 million dollars.

Maximum production of coal has been five hundred million tons annually. The annual output of steel is over 40,000,000 tons.

business has been \$274,000,000. Fuel is the second biggest business in the United States.

Next to food and fuel night come transportation. The railroad of this country have a mileage of 225,000 miles.

There is a property investment of twenty billion dollars. There are over one million seven hundred thousand acres of land. Salaries and wages are over \$2,000,000,000.

A big business is the railroad business. The railroad is the biggest business in the world.

Banking is the biggest business. The bank business in New York amount annually to over \$2,000,000,000.

Real estate is the biggest business. The value of the real estate in New York is over \$2,000,000,000.

There are more than 100,000,000 people in the United States. There are more than 100,000,000 people in the United States.

There are more than 100,000,000 people in the United States. There are more than 100,000,000 people in the United States.

There are more than 100,000,000 people in the United States. There are more than 100,000,000 people in the United States.

There are more than 100,000,000 people in the United States. There are more than 100,000,000 people in the United States.

UNITED STATES TIRES ARE GOOD TIRES

What is a Real Tire Test?

United States Tires are under continual test in our laboratories and on our road test vehicles.

Questions and Answers that may be News to You—by a Tire Engineer of the United States Rubber Company

Question—With 30,000,000 cars running in America, does not the experience of tires largely take the place of factory tests?

Answer—The contrary. Tire factory tests are so important in the life of every user because an additional obligation for searching tests are made by the manufacturer.

Question—What tests are made on Steel Wire?

Answer—Steel wire is given a chemical analysis to determine whether it meets our specifications and it is also tested for tensile strength and elongation.

Question—Are United States Tires tested alongside of other makes?

Answer—Yes. Tire tests are conducted daily in our laboratories and on our road test vehicles.

Question—What is the object of these comparative tests?

Answer—to maintain the superiority of our design and construction.

Question—Does the fact that a large number of tires of a certain design are used in construction have any effect on the life of the same?

Answer—No. Viable design and good road conditions are constantly changing. Tests that are conducted daily in our laboratories are conducted today to design and construction.

Question—How does the United States Rubber Company keep abreast of these constantly changing conditions?

Answer—It has a corps of factory trained technical experts in different sections of the country constantly checking the performance of tires under actual operating conditions.

Question—Do all companies test their tires in this way?

Answer—Most all companies make tests of some sort. Very few, if any, carry through the constant checking that is carried by the United States Rubber Company.

IDAHO PROGRESSIVES TURN DOWN FUSION

The progressive state committee has turned down all propositions to discuss fusion and has refused to consider it in any way, according to press reports. However, the progressive committee is not the progressive party. Discussion would have paved the way for an understanding, which is all the democratic committee wanted to do; but the real power in both instances is reposed in the state conventions which meet on August 21. The delegates there will represent the voters who sent them and if they really want to unite effectively to get rid of the present regime in this state, which has been kept in power by the division of democrats and progressives, they can do so. If they want to follow the advice of those who would keep apart elements with similar plans and platforms, it is up to them. Those who want close co-operation without party destruction still have a chance to appeal to the common sense of the voters of both parties, who have power to control, if they take the trouble to exert it.

Mark Sullivan in the Sunday syndicate articles by comparing the election methods pursued by Matt Quay in Pennsylvania and by W. A. Clark in Montana a quarter of a century ago, with those adopted in Pennsylvania this year shows that the direct primary is not a corrupting force and that things were as bad or worse in "the good old days." They may not be much improved, but they were not spoiled by the new system. Mark says that in old times senators were not nominated by conventions, which however, sometimes endorsed them. In some cases this was, however, really nomination, as it was in Texas for years. The first instance on record of an endorsement that amounted to nomination was that of Stephan A. Douglas in 1858 in Illinois. President Buchanan started to crush Douglas for his attitude on the admission of Kansas. In order to protect himself, Douglas carried the fight to the people, and when delegates met they were under virtual instructions to give what was practically a nomination by convention to "The Little Giant." The defeated administration carried on the fight to the election. The republicans, when they met gave an endorsement, also tantamount to convention nomination, to Abraham Lincoln, and that in a very real way the great comparison with its famous debates, was between two men nominated by convention, but really virtually nominated at the primaries that sent delegates to the state convention of Illinois.

EASTERN INTOLERANCE FOR IDAHO

A recent editorial by the Daily News in New York City, classing the citizens of Idaho chiefly as "hog wallowers," is typical only of the uninformed and intolerant eastern citizens of the United States. The editorial betrays a sublime ignorance not only of Idaho but of the west, its people, its industries and the history of its development. We are thankful that only a few newspaper writers and others, cursed with intolerance, have this opinion of our state.

The most casual observer and every school child knows that the west has been populated, reclaimed and developed by the most courageous sons of the extreme states. These people are educated, have educated their children and have surrounded themselves with the finest touches of civilization. Thousands of residents in Idaho who are native sons of New York state and other far eastern sections reason, more than any other group, with this purpose to debate the land of their adoption.

Proximity to large cities does not necessarily mean civilization. In many ways it means the opposite. Those who came to the west brought with them the desire for better things, higher morality and a real sincere desire for advancement. Western civilization is built on a demand for improvement over the existing regimes of olden days and places. Western civilization has been refined by the fire of sacrifice, burning away the dross of selfishness.

We are proud of our Idaho citizens, gathered from all points of the world. We can only sympathize with those who live in ignorance and intolerance and bid them to come to Idaho to shake off the mantle of greed and clothe themselves in the raiment of unselfishness.—Idaho Home Industries Association.

MURTAUGH NEWS

Mrs. J. L. Tolman returned home on Thursday from the Twin Falls hospital where she had undergone a successful removal of gall stones. Mr. and Mrs. Vernon Lee left the 1:50 week for Aberdeen, where Mr. Lee has employment.

Idaho Progressives Turn Down Fusion in Meet with Democrat

MEMPHIS, June 29.—Efforts of factions within both the Democratic and progressive parties to combine against the republicans in the fall campaign, came tonight here in Memphis when the plan which had already been introduced by the Democrats, was turned down by the progressive state central committee.

As a result of the failure of the fusion plan the democrats made plans for a whirlwind campaign and success was forecast by their Chairman E. B. Dillingham. Meritt was chosen as the convention city and a resolution was adopted to the national democratic committee, forming nomination of a national candidate by majority vote.

Sub-committees of both the democratic and progressive state central committees met Monday afternoon and passed up three propositions, abandoning of
