TWIN FALLS DAILY TIMES

Published Every Evening Except Sunday by The Times Publishing Company, Twin Falls, Idaho.

Entered at the Twin Falls Postoffice as Second Class Matter on July 10, 1918.

The band concert this week was exceptionally good and while the crowd was somewhat small on account of the stormy looking weather yet the concert was staged just as advertised. The Twin Falls band is growing in popularity and plays every Saturday evening in Kimberly.

Will "Bill" Borah sound the keynote to the 1928 campaign in his speech before the co-operative workers of Twin Falls county next Thursday afternoon at the Filer fair grounds? The grangers like to listen to Borah and he generally has something to say but no one ever knows in advance what the senior senator will discuss on a stated occasion. He is far different from most political speakers who usually have a long, pre-written copy for the press long before the speech is delivered. If the senior senator is honest next week he believe that he will address the progressive forces in Idaho to get together on some sort of platform whereby a union of Progressive-Democracy can be worked out and all vote for the same candidates.

Whether you agree that John Jurko should have paid the penalty he did on the gallows yesterday morning, must admit that it has taken a long time to execute justice for the awful crime which he committed here more than a year and a half ago. We believe that every condemned man should be given a fair and just trial by his equals, but our courts are too slow in getting action behind their decisions. Had this case come up in some European courts the execution would have been completed in about three months after the crime was committed. We believe that the long delay in the execution of justice causes an increase in crime in America.

If some of the energy that is wasted by the women of Twin Falls on bridge parties was devoted to the care of the underprivileged children of this city the happiness of this community would be greatly multiplied. Just the other day a boy who had no home spent his last twenty cents to get into a show in order to get out of the rain in this city. If you question whether there are any underprivileged children in this city just look around you a bit and you will be convinced. We have no great objection to bridge parties but the same time and energy could be used to so much better advantage. If only a part of this money and energy were turned into proper channels it would do a deal for improving not only this community but all the communities throughout America.

THE BROKEN PLEDGE

In the republican national platform on which President Coolidge was elected this promise was made: "We pledge the party to take whatever steps are necessary to bring back a balanced condition between agriculture, industry and labor." None of the senators and the representatives are departing and nothing has been done to keep this pledge to farmers. All the labor brings forth a protest—the opening of a new division in the department of agriculture for federal jobholders.

Never in the history of the country has a more slippery course been pursued than on this question of the furps. For a good while, the administration pretended that it could do nothing because farmers were unable to agree among themselves on what they wanted. But when the grain belt farmers did get together and presented their plan, machinery was set in motion to kill it. It is true, this plan with its equalization fee, proposing to take money from one man's pocket to help another out with his losses, was unsound. But it is no more unsound than a tariff for private profits which takes money from other men's pockets for steel or for aluminum.

Never in the history of the country was a course more shameful. For at the eleventh hour, when returns from primaries in the country districts sent chills up administration backs, President Coolidge actually proposed to reach into the treasury and take \$100,000,000 of public money for loans to bolster his prestige. There was no sympathy for the farmer's hardships in this. Loans will not bring back a balanced condition between agriculture and industry.

Frankly and brutally, Secretary Mellon, spokesman alike for the administration and the interests entrenched in government, has told farmers what is expected of them. Their business, as he outlines it, is to keep on producing cheap food. With cheap food for labor, behind a tariff that is a swindle, combined in mergers by financial manipulation to which a compliant administration shuts its eyes, these interests are prospering as never dreamed of fifteen years ago.

We are told that farm leaders are determined to renew their fight in the next congress for the equalization fee scheme. There is no cheer in that. For agriculture's sake, it is hoped that the individual farmer, riding the long hot rows this summer, will think this thing through. If he does, he will see that his salvation lies in digging out by the roots these privileges granted by government to the favored powerful; and that, this done, he will not need any fee or other speculative unwelcome scheme to bring back a balanced condition between agriculture and industry.

His boat will leave his service at his office in Atlantic City, Sunday.

BUDLONG WOMAN RESTS HER CASE

Story of Life and Presentation in "Sundays Called Today Much to Surprise of All Present."

NEWPORT, R. I., July 10.—"The woman" Jessie Margaret Budlong spent a night, with assumption of the trial of her husband's divorce suit here this afternoon, by resting her case without finishing the story of her married life.

NEWPORT, July 10.—The battle of Budlongs, involving the question of divorce, is now over. Budlong's case was heard today, when Jessie Margaret Budlong, as her own attorney, still continuing her defense, took her husband's lawyer under cross-examination.

For nearly two hours, during which the courtroom was filled with curiosity, Budlong's lawyer, Mr. Phillips, his "improbable" defense, the respondent first question after the trial of the opposition counsel, but the majority of the jury were fairly convinced because of plaintiff objections that were sustained by the court.

Presbyterian Pastor Will Leave Boise for Southern California

BOISE, Idaho, July 10.—The Rev. Joseph H. Bittel, pastor of the First Presbyterian Church of Boise for the last six and a half years, has tendered his resignation to take effect September 15th.

AUTOS PAY BIG SUM IN IDAHO

BOISE, Idaho, July 10.—Idaho licensed 800 pleasure automobiles and 624 trucks during April. It was reported Wednesday at the office of the Secretary of State. The report was delayed because of the failure of two counties to send in their tabulations to the Secretary of State.

The revenue collected during the month was \$11,067.25, of which the state received \$12,406.67, 10 per cent. During March 12, 10 per cent. machines and 587 trucks were then licensed plates, the revenue being \$10,909.67. The registration in March is explained, always in a larger shade than in the time all old machines and trucks plates.

REED COMES TO THE FRONT AN LEADER

Would never be, matters for democrats. Reed worked a shift, sometimes with the republican insurgents, sometimes with the insurgents in the Democratic party. He found the republican-democratic coalition on the top bill. He worked for Walsh's unsuccessful proposal to investigate the Mellon controlled Aluminum Company of America.

Then came his sensational investigation of the republican primaries, which cost nearly three million dollars was spent by the majority party candidates in the Pennsylvania senatorial race. It gave the democrats a big vote in the big state issue at a time when they had no acceptable big issue with the republicans.

Dodge Brothers Deliver Vast Number of Cars

Dodge Brothers delivered in United States have delivered 93,273 motor cars and trucks during the first half of this year, a gain of 52,929 cars or 127 over the figure of 120,704 for the first half of 1925.

Although the final figures for Canada for the last week of the second quarter are not yet available, according to the preliminary report the gain in total deliveries to Dodge Brothers Total shipments of motor cars and trucks from Dodge Brothers and Graham Brothers factories in the United States are 135 were 207,115, a gain of 88,215 or 127 over the total for the same period last year.

The official figures for total production of passenger cars and trucks in the United States and Canada during the first six months of 1926 will probably not be available before July 15, said Frank Stutz, of the Mopar Automobile company. "But the industry's gain of 127 over the corresponding period last year reported for the first six months of this year by the United States Department of Commerce will be little changed. By comparison Dodge Brothers gain is nearly four times as great as that of the industry."

UTAH IDAHO CLOSES SPLIT SEASON SUN.

Idaho Falls Will Finish Six Half of Season With a Lead of Six Feet Over Twin Falls Who Starts in Second Place Next Starts Open on Tuesday for Benefit of Bess.

SALT LAKE CITY, July 10.—The split season rule has been applied to the professional League schedule. The following consent of five of the participating clubs. This decision was handed down by Acting President George H. Bennett in the absence of President Fred M. Nyce of Ogden. The league designated Sunday as the closing day of the year, July 11, marking the end of the second year.

Under the decision Idaho Falls clinches the honors for the first half of the season by leading the league with a record of 10-4. Twin Falls, by six games, Idaho Falls and the winner of the second half will battle for national honors in a postseason series yet to be arranged.

The three Idaho clubs lead the league in the first half. The Salt Lake finished third; Logan came in fourth place with Salt Lake and Ogden trailing in the order named.

It is expected that the split season decision was taken because of the different showing made by the Salt Lake and Ogden clubs. These teams have been materially strengthened and an interesting and exciting race for final first year honors is anticipated.

They must pay for the taking out of money carried off by themselves by Sheriff Housard. The amount makes an accounting weekly with the probation officer.

Had Local Meeting—County Agent H. E. Housard returned today from the regional railway conference at Salt Lake City. He said that while no great changes had been made, the meeting was a success and would result in better understanding between the road and shippers. C. E. Munson returned Friday.

Boys Are Paroled—Two boys, 15 and 14 years old, respectively, who were arrested for robbing the Twin Falls Auto Wrecking company warehouse and stealing a lot of articles, including rifles, have been paroled to their parents. It was stated by John H. Ault, county probation officer, this afternoon. All plunder was \$20 worth of clothing which they destroyed.

OLD PROSPECTOR SLAIN FOR GOLD

CHICO, Calif., July 10.—Empty tin cans strewn over the entrance tunnel to a gold mine led prospectors to the murder of Thomas H. Ellis, local prospector.

The man originally containing gold from Ellis' new "strike," according to the National winter wheat crop, now being harvested was estimated today by the agriculture department at 2,727,762,000 bushels, compared with 2,580,000,000 bushels harvested last year and a five-year average of 2,480,000,000 bushels.

The corn crop was estimated at 2,667,700,000 bushels, compared with 2,531,000,000 bushels last year and the five year average of 2,480,000,000 bushels.

The spring wheat crop was estimated at 1,922,950,000 bushels, compared with 2,171,000,000 last year and a five year average of 2,250,000,000 bushels.

When Ty Cobb is announced as a speaker, there is little need to remind those who attend the hour of his speaking. Promptly a stream of honorees before the noon hour, one day last week Ty Cobb came to Postville to play ball—but to talk to the crowd.

He had to see his home in the car company. And every man in the factory was on hand to hear what he had to say. It is a part of a newly arrived Detroit and Pontiac to see Ty in street clothes and to hear him talk back to see him play baseball.

He had to be on hand promptly, for Ty had to make back to Detroit to be in the line-up against the Athletics in the afternoon. The ray music of the band and the performance of the crowd were only Ty Cobb, the world's greatest ball player, the mischief of ball players would receive.

Ty, who owns an Oakland sport reader, came out to the factory at the request of A. H. Glavin, president of the general manager to talk on "Teamwork." The gathering, in a sense, celebrated the tremendous expansion of the Oakland Athletics in the organization as represented by the starting of a \$5,000,000 factory which will more than double the output on the Oakland and Pontiac Six cars beginning in January of next year.

Ty stressed the tremendous opportunities ahead for the men now in the organization, as he sees the future for the increased expansion must come from within the ranks. He likewise pointed out that Mr. Glavin's job was much the same as his own. He had to build up a team from his own experience of his early days in baseball.

Although no provision had been made for the hero worship of youth, Ty spent more than 15 minutes shaking hands with a motley array of school boys and youths after his address.

Mr. and Mrs. J. H. Townsend Sr. and Mr. and Mrs. J. H. Townsend Jr. and daughter, Charlotte, Ruth, Edith and Mary attended the celebration in Twin Falls July 9th.

Mr. and Mrs. Roy Williams, Mr. Williams Sr., Mr. and Mrs. John Gerber, Mrs. Evelyn Gerber, Mrs. Thelma Gerber, Mrs. Klumeyer, Mr. and Mrs. E. E. Lawrence and Gene of Hollister, Mr. and Mrs. Tom Fingow of Hollister, Idaho, saw the parade in Twin Falls July 6 and then went to the A. H. Purrow home and ate a picnic lunch on their lawn. Late in the afternoon they all went to the park to see the rest of the program.

About 50 of an inch of rain fell in Hollister Wednesday evening and 37 on Thursday evening.

Among the Hollister folks who attended the celebration in Twin Falls Monday were Mr. and Mrs. E. F. Paulson and family, Mrs. A. E. Caldwell, Miss Nettie Caldwell, Chas. Caldwell, Mr. and Mrs. Way and family, Mr. and Mrs. Hubert Gerber, Mr. and Mrs. M. N. Knudsen and family and Wendell Lawrence, Mr. and Mrs. George Lawrence and family, Mr. and Mrs. Marshall Barnhouse and family, Mr. and Mrs. Frank Deal, Mr. and Mrs. Fred Rigg, Mr. and Mrs. A. J. Macdonald, Mr. and Mrs. J. H. Hedges and family, Mr. and Mrs. Capper Stewart and son, Owen, Mr. and Mrs. P. H. Bates and family, Mr. and Mrs. E. L. Hazard, and Nelda Hazard, E. H. Cox, A. J. Palmer, W. P. Klumeyer, Edna, Martha and Leta, Stanley Strine, Miss Helen Strickling, Miss Virginia Morabone, Miss Marie Henderson, Marjorie Louise Morabone and the Palmer.

Robert Palmer spent July 4th in Shoshone, Idaho.

C. H. McFarland visited the county seat today.

Mr. and Mrs. G. M. Hall of Twin Falls called on some of their Hollister friends Wednesday.

Mr. P. E. Lawrence, Mr. A. J. Macdonald, Mrs. P. Klumeyer, Mrs. Fred White, Mrs. John Dudley and Chas. Caldwell were among the Hollister people seen in Twin Falls on Thursday.

U.S. WHEAT CROP LEADS LAST YEAR

WASHINGTON, D. C., July 10.—The Nation's winter wheat crop, now being harvested was estimated today by the agriculture department at 2,727,762,000 bushels, compared with 2,580,000,000 bushels harvested last year and a five-year average of 2,480,000,000 bushels.

Buhl Girl Goes to Twin Falls Hospital

BILLIE, July 10.—Miss Geraldine Sherkey, daughter of Mr. and Mrs. J. H. Sherkey of Buhl, was taken to the Twin Falls hospital last night with an acute attack of appendicitis. Miss Sherkey was taken sick while on a movie Thursday evening. She was confined to her bed Friday with a very high temperature.

PARIS, July 10.—Two' votes of confidence, passed early today, heralded the victory of the Brandt government and the policies of Finance Minister Josu Collioux. A preliminary vote of confidence was obtained when the chamber voted down a socialist measure, 225 to 222 and then expressed approval of the finance policy in a vote of confidence, 209 to 247.

A government measure granting the cabinet permission to enact necessary financial legislation by decree will be advanced immediately, it is understood.

NEW YORK.—W. M. Garland of Los Angeles, upon his return from the meeting of the Olympic committee, at Lisbon said that the next games would be shortened from four to three weeks.

WALL STREET FINANCIAL

NEW YORK, July 10.—Although professional opinion is not in favor of the week-end stock market session to extend Friday's reaction their efforts were accorded no success.

Even in the early trading when some speculation was naturally to be expected in view of the sharp selling movement of the previous close, an important pressure was observable.

Bullish tendencies developed in many sections of the list, impressive buying of assumed old stock in the Southern Pacific and Pennsylvania proved particularly stimulating.

WASHINGTON, D. C., July 10.—A subpoena was issued today to Thomas Cunningham, former treasurer of the Pennsylvania state Republican committee to appear before the senate private investigating committee, at Chicago, July 25.

Cunningham has failed to answer repeated summonses.

If you don't need it someone else does. Try a want ad.

More Men Go Out In N. Y. Sub. Strike

NEW YORK, July 10.—The addition of 246 power house men to the ranks of the striking subway and elevated employees of the Interborough Rapid Transit company came today as the second subway wreck in 24 hours occurred.

The wreck was at 1:23 a. m. at the sharp curve near the Howling Green subway station, 100 feet from the spot where a train went off the line yesterday.

The company said no one was injured. The arrival of a ten car Lexington avenue train left the rails. Reporter and photographers were barred from this tube and information was taken out by a company representative.

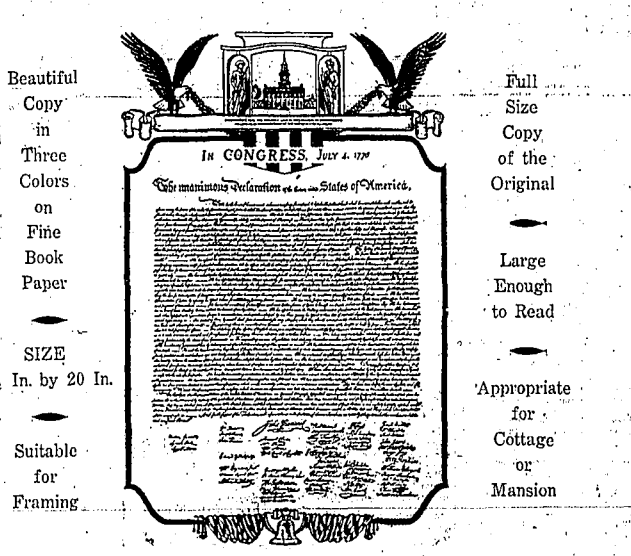

He said the motorman of the train Lawrence Cumby was a station man just recently qualified for operator duties.

Although the company did not disclose the cause of the derailment it was understood it came after the motorman had run past warning lights.

Detroit, Mich.—The quarter final matches will be played today in the national play courts tournament here with Bill Tilden and Lew Lewis N. White and other stars paired against each other.

Senator Clark's Honey Moon is Described Today
DITTE, Mont., July 10.—The day William A. Clark of Missouri was married to Thelma C. Hoada, mother of three women now suing for daughter's share in the \$425,000 estate of Senator Clark, the man who later became a senator and a millionaire, boarded a steamer coach at Curlew, Utah, for Helena, Mont., according to testimony on record here.

DAILY MARKET REPORTS

Closing Grain Review on Chicago Board of Trade Today
CHICAGO, July 10.—(Special)—The fear that the government report which is to be published this afternoon may curtail a purchase trading in the heavy kind of Trade was rather light today. The news of good rains over the spring wheat country meanwhile forced all prices to a close below the levels of yesterday.

BOY THIEVES LIED ON AGE PARENTS SAY

Parents of T. W. DeCamp and Earl Bromo Who Stole Three Cars and Burglarized Kimberly Hardware Store, Declare Boys Had Good Records and Faked Story of Lives to Protect Names of Families; Will Ask for Parole.

That T. W. DeCamp and Earl Bromo, sentenced last month to the penitentiary for a term of one to 14 years from this city on their confession of guilt on the charge of stealing the James D. Wiseman car, and are really both under 18 years of age, was the statement made here today by the parents of the former, and the father of the latter, who seek their release on parole, and who returned to Twin Falls today to lay the case before the board of pardons.

Fuller Tolls Shroy, O. Bro, father of the boy who gave his name as Bromo, said that the boys left their homes in Spokane on the evening of May 29. DeCamp who gave his right name here, is said to be in the care of Mr. and Mrs. T. W. DeCamp. It is said, he was in high school until the day of his departure. Young Bro is but 15 years his father states, and his birthday is on June 5, this year. It is stated that both boys have good records at home, in school and neighborhood.

The boys, according to their parents left without notice. Efforts to locate them proved unavailing. Their whereabouts, was not learned until after they were in the penitentiary. They told the officers here and stated in court that they were both over 18 years of age, that they had been away from home for ten years and were indolent about regarding their parents. Their parents say that this was because they did not want to disgrace their families.

Had Striking Career. The boys stole three cars on the way, the last being the Wiseman car. They also burglarized the Kimberly Hardware company store. They were arrested in Oden where they had parked the Wiseman car, and had fallen asleep in the motor seat. The boys acted "hard boiled" in talking to officers, confessed the offenses readily, but insisted that they were over the age which would subject them only to sentence in the industrial school. Their appearance corroborated their statements that they were over 18 and as they offered no extenuating circumstances, they were sentenced.

Mr. Bro and his son glad that the boys were caught and punished promptly, after they had so far departed from making any record as he believed it would reform them thoroughly.

When sentenced here June 12, DeCamp told the court that he was born in Canada and did not know where his folks lived now. He was born and did all his life in Spokane, and was a matter of fact. Bro said he was born in Oregon and had not seen his folks for years, which was equally off of the truth.

Captain R. H. Barnes left, via Wells, Friday, afternoon for his home in California, after a business trip to Twin Falls. Captain Barnes was formerly warden of the State Soldiers' Home, under the administration of Governor Alexander and was a resident of this city for many years. He likes Idaho better than the Golden State, where, however, the condition of his wife's health compels him to live. He visited his daughter, Mrs. David Miller, of Twin Falls, and sons at Eden, while in Twin Falls.

BUHL OIL MEN DESIRE RETURN OF ALL LEASES

1926-1927. The board of directors of the Melon Valley Oil Association last night to consider a letter of C. H. Mullins stating that he would not be able to comply with the stipulations of the leases. The board voted to have the leases returned to the association at once. They have also voted to work as a unit in negotiations with other companies.

The secretary of the board was instructed to examine correspondence with the companies whose offers were rejected when the deal was closed with Mr. Mullins. All present were enthusiastic over the outlook and felt sure that a resolution would be passed in the fall before the close of the oil season.

In addition to the acreage of the association totaling over 5000 acres, there were 2500 acres of land covered by application for oil prospecting permits by Ted Easlin and others and approximately four acres similarly represented by S. E. Hyde, S. A. Weber and others who stated that they were willing to act in a unit with the association. This brings the total to approximately 10,000 acres in and about Melon Valley, suitable for oil leases. This trip of the acreage is expected to be an interesting one to interesting prospective oil companies.

Mr. Easlin, representing his interests, stated that he expected to return to Laramie, Wyoming, in the near future and would carry an investigation of the lease of the three oil companies operating near there, the Midwest, Ohio and Texas. He is personally acquainted with Mr. Richard, director and president for Montana, Wyoming, Utah and Colorado operations of the Midwest Oil and Refining Co., and also with the president of the latter company at Laramie, and Mr. Hester, district superintendent of the Wyoming and Montana operations of the Ohio Oil Co. He said he would use his influence to interest these men in the field.

Parties will be taken of the limited secondary formations with a blow-by view of the whole will be made by Mr. Easlin at Laramie and in future correspondence with the many oil companies now interested in the oil and gas possibilities of Melon Valley and vicinity.

The board meeting closed with a unanimous decision on the part of the directors, J. W. Wertenkamp, J. W. Smith, C. W. Martin, M. E. Wood, and W. S. Hyde, that they will preserve the present organization and use every effort to increase its strength in order to get quicker and better results.
