Cuba Hard Hit by Furious Storm but Florida Is
Barely Touched; Some Damage Reported at
Miami but Hurricane Sweeps Northeast to
Sea Before Causing Much Ruin.

More than thirty persons were
reported dead in Cuba early
today and at least 500 injured,
with property damage reaching
\$10,000,000, by a West Indian
hurricane, which struck the
eastern coast of Cuba yesterday
and swept into the Florida
peninsula. About 200 small
houses collapsed and 100 fishing
schooners were wrecked.

An 80-mile gale hit the tip of
the Florida peninsula yesterday
afternoon, striking over the
Florida Keys and along the
Florida straits, the fringes of
the storm swept over Key West
at 78 miles an hour, and Key Largo
which is 65 miles south of Miami
at 65 to 85 miles an hour.

NOT TO APPLY TO TARIFF
WASHINGTON, Oct. 21.—The
International Bankers' conference
today announced that it had
intended to apply to the United States
tariff. In the opinion of Secretary
of Treasury Mellon, within and
without the tariff, it had never seen
the significance before it was
made public and no financial
leaders had ever discussed it with
him.

China Rises Up Against
Foreigners Within Gates

Peking, Oct. 21.—Foreigners
employed in China are being
subjected to a squeezing-out process
which is rapidly ending their
number, according to information
obtained from a variety of reliable
sources. Two major plans of operation
are being followed by the Chinese
in this process of elimination:
(1) In cases where foreigners
work under contract, renewal of
contract is being refused in a
considerable number of cases. In
certain cases where for reasons of
force or otherwise it is not considered
wise to "terminate" unwillingness
to renew, the new contract is not
negotiable in the market and
cannot be signed by the foreigner.
(2) Foreigners who do not work
under contract are being subjected
to various forms of direct and
indirect pressure designed to show
them that they are not wanted.
This extreme form of economic
boycott and personal assault, but
there are many less extreme but
equally undesirable forms.

The Chinese never wanted
foreigners in their country. But
previously they have concealed this
attitude, save in times of open trouble
such as the Boxer rebellion. Now
the underlying Chinese feeling is
coming to the surface—and in my
opinion, China is now going to be
not only implacable, but actually
unsafe, for foreign residents.
The Shanghai "May 30th Episode"
of last year, followed by other
disturbances in Canton, Hankow
and elsewhere, brought in their train
a multifold anti-foreigner attitude,
which has specifically directed at
British and Japanese but which
extends generally anti-foreigner.
Pronounced feeling has become less
evident, but most observers believe
that underlying sentiment of antipathy
is actually becoming stronger.
In practically every foreign
enterprise in the past out the
foreigner's attitude is manifest. It
is declared, Chinese control of
mission schools and missionary
education is demanded. Foreign
investments are being "frozen out"
of governmental activity; business
representation is sought into
China. Chinese in all cases where it
is possible and where foreign
investments do not demand their
own personal representation, are
being expelled. Foreigners are
being subjected to a "policy" of
"elimination" in the increasing
demand for foreign debt and the
return of the railroads, which
will be the "appeal" of European
railway interests and other
foreigners will be applied to such
debits.

# SOCIETY

Member Club—Mrs. W. B. Riddle, hostess, entertained the members of the Society club, Monday afternoon, October 19, at 7:30 o'clock. Fourteen members responded to roll call with Halloween costumes. At the close of the evening, Mrs. Riddle gave an informative talk on home economics. Mrs. Charles Thompson was club guest. Later, at the termination of the evening, Mrs. Carl Miller and Mrs. F. A. Hingrich, served delicious refreshments.

Relief Society Meeting—The Relief Society met Tuesday afternoon. The subject for the afternoon, "Life and Works of Robert Frost," was discussed by Mary Whitford, assisted by Will Fred Whitehead who read some of the poet's works. A violin solo by Mrs. Thompson was especially appreciated. The business meeting, which followed plans for the banquet, dinner and dance to be given by the Society on Saturday, October 27, at Park hall, were completed.

Highland Fire Club—The Highland Fire club was entertained at the home of Mrs. Jake Watts on Wednesday afternoon, eighteen members and six guests being present. Mrs. Schmitt presided over the business session and the remainder of the evening was spent informally. A delicious luncheon was served by Mrs. Schmitt, assisted by Mrs. Carl Johnson at the close of the afternoon, Mrs. Fred Johnson will entertain the club at its next meeting.

P. E. O. Meeting—Mrs. Edward Cooper and Mrs. A. H. Folsom entertained chapter "117," P. E. O. on Tuesday evening at the home of Mrs. Cooper on Seventh avenue north. Mrs. Bess Glenn Director, a former president of the local chapter, presided. Mrs. R. Churchill presided over the business session at which Mrs. Tim White and Mrs. C. C. Tucker presented several favorable reports on the same and cooked food laid held October 16. Mrs. T. Warner was in charge of the evening's program. "Kisses of Today," and gave an interesting account of the government under the present regime. Mrs. Cooper, Miss Ruth Fox and Mrs. Carl Hahn, whose paper on Russian religion was read by Mrs. W. E. Sloan, also assisted Mrs. Warner in presentation of the subject.

Wednesday Bridge Club—Mrs. E. B. Williams was hostess in the Women's club bridge club on October 20 at her home on Seventh avenue east. Three tables were arranged for the evening and Mrs. William Hill was first prize. Second prize went to Mrs. J. G. Thorp.

Moraine Club—At the meeting of the Moraine club held at the home of Mrs. James Munson on Wednesday afternoon, election of officers resulted as follows: Miss Pearl Joyce, president; Mrs. S. L. Leece, vice president; Mrs. Albert Puffer, secretary; Mrs. C. S. Swallow, treasurer. A short program, with Mrs. Puffer in charge, was followed by the serving of a delicious lunch.

ANNOUNCEMENTS  
On Friday evening, October 22nd, at 7:30 o'clock, the Pythian Sisters will hold their regular meeting. This will be followed at 9:00 by a Halloween party and dance. Pythian Sisters meet every second Friday at 7:30 for their post-meeting, and are each asked to bring a cake on Friday evening.

The Catholic Women's League will meet this evening at the Jay-Lacey Inn. Captain Everett and Mrs. James D. Wilson will speak.

**VICKS VAPORUB**

Just what your aching throat probably needs this morning, heating vapors that arise from Vicks Vaporub when it is rubbed over throat and chest at bedtime. Ang's Vicks acts two ways—once.

- (1) It is vaporized by the body heat and inhaled right to the inflamed air passages, loosening the phlegm and easing the difficult breathing.
- (2) At the same time it warms and stimulates the skin like an old-fashioned poultice, "draws out" the pain and soreness and thus helps the vapors inhaled to relieve the congestion.

Good for the colds of all the family.

McMillan and daughter, who have been visiting here from Idaho Falls have returned to their home. Mrs. E. L. Turner is recovering at her home from illness caused by influenza of the ear.

## AT THE THEATRES

**DAIHO.**  
Five hundred throats festooned with Spanish moss form the background of a southern swamp built on the Pacific-Pacifique lot for Max Pickford's latest production "Spartacus" now showing at the Idaho theatre until Saturday.

Two cohorts of flow were in possession from New Orleans, as stage these throats and I took an army of men working a solid week to complete their destination. Each hour was done with it and as some of our passengers were seen early in the night I took considerable measures to accomplish the artistic effect that was necessary. In a brief time men were forced to believe by hand the result that Nature spent a century in obtaining.

## OPHETIM.

Cooking cleanly, stirring evenly and escapes; the individual brilliance of Fred Thomson and Silver King; and the fascination of soft-moving, laughter-provoking drama made "The Tough Guy" one of the best evening's entertainments seen locally in many a long time. The most recent of the production featuring the famous warring hero and his horse is now playing at the Ophetime theatre, daily providing an added delight for the great army of Thomson fans. Lola Todd, Robert McKim and Billy Butts, in addition to the wonderful Silver King, are the featured players supporting the star.

## NEW SCOUT EXECUTIVE EMPLOYED

(Continued from Page One)

Snake River council. The following resolutions committee was appointed by Chairman Pease to draw up suitable resolutions to be spread upon the minutes of the Snake River council meeting. Mr. Hawley's work in connection with the council is being supervised by Mr. W. T. Seilly.

**Financial Briefing.**  
T. M. Johnston was called upon for a financial report of the council and stated that there was on hand after all bills were paid up to the present \$1465.00 and about 200 bills due the council from chapters. The Snake River council will have a small surplus over at the close of the year according to Mr. Johnston.

Scout Executive Highway gave a brief report of the condition of the Snake River council and stated that the number of results in the council is 852 divided among fifty chapters. This shows a marked growth over what the number was when Mr. Hawley came here three and a half years ago. The slight that 65 of this number were in the Tenderfoot class, 210 as second class scouts and 161 were merit badge scouts.

Dr. J. G. Phillips of Jerome stated that their council had recently presented the question to their post of the American Legion of making over the direction of the post solely in their community. This idea was presented to the Jerome post (Chapman S. G. Rice and his family) at a recent meeting of the Legion. It was looked upon very favorably by the American Legion and they will undoubtedly take charge of the work in Jerome county.

Scoutmasters Convention.  
Treasurer W. E. Sloan announced the scoutmasters convention to be held Friday evening in Twin Falls and stated that they had arranged a very fine program with the assistance of W. E. Hardy of Oakley and Capt. Walter Stetson of Bluff who drove to Twin Falls to assist in arranging the program for this convention.

## Immodest?

The following were present from the Bluff council: Mayor Charles A. Johnson, George Scholer, Dr. R. E. Smalley, W. C. Roberts and A. G. Stahler. Those from Oakley were Paul Hale and W. G. Jarley. Flier was represented by Dr. M. J. Good.

# R.P.M. & Power

YOUR motor is designed to deliver a certain number of revolutions per minute to give maximum power and response under all conditions.

But as carbon forms, that "knock" occurs. The motor revolutions drop, and you lose power on hills and pickup in traffic.

Conoco Ethyl Gasoline knocks out that "knock." What's more, the carbon (which causes the "knock") becomes a means of power because carbon increases pressure—and increased pressure means increased power. Conoco Ethyl Gasoline performs perfectly under this increased pressure.

So fill the tank with this revolutionizing fuel at the nearest sign of the Conopintal Service—and get extra *knockless* miles in spite of carbon.

# COLLECTION SPECIALISTS

You prefer to let your banker handle your investment money, because you know he is a specialist in the money field, so must you realize then, that in order to get 100 per cent collection efficiency your collections must necessarily be handled by collection specialists.

The Doctors' and Merchants' Credit Association, with home offices in Boise, are a co-operative organization of collection specialists, and are placing agencies all over Idaho to better be able to handle claims for every institution in Idaho.

Mr. A. Beresford, Twin Falls manager, will be only too glad to show you that we are the best collectors in the northwest—that we get the money and so do you regularly.

You must join this big collection organization and know first hand that here's an organization that is especially equipped to handle any collection trouble you may have.

TROJANS DOPED TO BEAT BEARS

FIVE ELEVENS STAND OUT IN GRIDIRON RACE

WILDCATS MEET RUPERT FRIDAY

Larger Cities in State Have Best Teams; Pocatello Strong; Gooding and Filer Weaker Than Last Season.

The leading football teams in southern Idaho are Nampa, Pocatello, Caldwell, Boise and Twin Falls. North Idaho also has some strong contenders for the state championship but little has been heard from them and as there are no camps between representatives of northern and southern Idaho until late in the season there is nothing upon which to base a comparison is present.

Wichita Pocatello. In the opinion of many fans Pocatello has the strongest eleven in the state, and if the Gridiron team's showing, thus far it is to be taken as a criterion this opinion is well founded. Rich Cox has developed a team that is really a real team in the eyes of the state fans. The aerial attack of the Peko boys is hard to stop, while the team has been cleverly coached in sound defensive play. It has fast halfbacks who can tear up hedges around either flank, hushies who can pick up the long backs in the enemy line, a passer who is accurate and handy and a kicker whose punts are a delight to watch. Yes, indeed, Pocatello is being coached by a stern bid for highest honors. "This is Pocatello's year" is the battle cry of that school and it looks like the hopes of the year are to be realized at last.

Chalwell, too, has surprised the knowing ones with a good team this season. It is not often that Caldwell has a fine football team but this year is an exception, which is mighty pleasing to the fans up there. Hagers in the Idaho division has counted when the list of prospective champions is being compiled. Hager's team has a real offensive line to break the line by beating the Nampa Bulldogs in 1925 and are practicing hard every day with that end in view. Incidentally Nampa is doing best up on football strategy, and with the fleet Garrity to attack the bulldozers at the junction of the line, they are a threat. Nampa was not up to its usual tricks in the game with Filer last week but can always be depended on in the crucial, important clashes.

Brulins Good. This year's Twin Falls eleven should be well up on the list of stellar teams. What the Bruins can really do is unknown for they have not yet been tested. Despite the close racing in some of Twin Falls' victories the team has never been close to defeat for the blue and white defense cannot be pierced except by a high class team. Nampa, Caldwell, Pocatello and Boise can undoubtedly make headway against the Bruins, though how much time will be spent on football outlinings can hardly wait until the better teams meet so that an accurate comparison of form can be made.

Gooding and Filer hardly have strength enough to defeat Twin Falls this year, neither team being so well near an evenness as last season. Gooding has lost the only real important games played, Pocatello and Nampa, while Filer barely nosed out the weak Shoshone last year. It was an easy prey for Nampa. Bull, which upset Twin Falls last year, is of only average strength. Rupert, Oakley, Burley, Albion, Kinloch, Declo and Wendell are but ordinary teams. Idaho's smaller towns are not threatening this year in the same way as last year. It is the larger ones which will play for supremacy honors in 1926.

MINERS ENTOMBED. MT. CARBON, T. Oct. 21.—Two miners were smothered to death in a rush of coal at the Scott colliery, Equipment today. Joseph Shilko, 26, was caught in the slide and covered. FILER, Oct. 21.—Friday of this week the Filer Wildcats will be seen in action against Rupert on the local high school field. Rupert has a new coach this year, and we understand that Nixon is putting a real team in the field.

The Filer-Nampa game at Nampa last week was a hard battle. Murphy the Wildcat center, will not be in the game Friday due to an injured ankle he received in the Nampa game.

Greenwood has been shifted to center and Blandford who has been working at half back will be shifted to tackle and Captain J. Monte to guard.

Shankley, who won much glory by his strong defensive work at Nampa, will fill his hole at tackle.

The coaches are well acquainted as to the game Friday due to an injured ankle he received in the Nampa game.

This game will be very uneven home game and will come in the district run. The Wildcats have a clear slate so far in this district and it looks like Twin Falls will be our chief contender for the district title.

It might be of interest to the Wildcat supporters to know that the Nampa game does not meet against us in the district run. It was a hard game and the Wildcats pulled up a few football pointers.

Eighteen strong, the Twin Falls Bruins will depart on Friday morning's train for Salt Lake to meet the football warriors of West High on Mountain Field. The game will be played early in the evening and after a good night's sleep Bruins will crowd at the stadium. Another and at least as important, and of course at least as important, will be to make a heavy and out of site.

The student body of Twin Falls High school will be down at the stadium to demand a \$25,000 damages from former Attorney General A. Mitchell Palmer and former Allen Bradley, Canadian Pacific, was filed in the justice department today by federal court in Boston.

The game will be close, and the outcome will be decided in the without scoring. West High is not nearly so formidable as last year, while Twin Falls is stronger. This will do much toward evening matters for that decisive victory of the Bruins last year.

The players who will make the trip are: Lucas, DeLoe, Williams, Anderson, LeRoy, Vance, Stinson, Slaughter, K. Kerkorian, Myers, B. B. Peterson, Sullivan, H. Bell, H. Plummer, T. Robertson, Kelly and Martin. Six more will accompany the team as managers.

# SAMUELS TALKS OF ISSUES ON THE CAMPAIGN

### Samuels Refers to Record of Junior Idaho Senator and Contra to Moore and Davis Administrations with That of Alexander.

Pointing to the fact that Governor M. Alexander during his first term spent only \$4,122 that J. W. Davis during his first term spent \$12,510,223, while C. C. Moore spent \$26,303,073, H. P. Samuels, progressive candidate for the United States senate last evening to a large audience at the Parish hall quoted figures to sustain his contention. The figures totaled the same as those given in the interview of W. Scott Hill Monday, except that Samuels gave some details and segregated two funds, the soldier settlement and the tubercular hospital, which were referred to in our general term among in the interview.

On National Issues.

Turning to national matters, Mr. Samuels stated that he was in favor of the Gooding family of all the vice finance money intended to the farmer farmers. He said:

"I am in favor of the government provided for with the intention of helping the newly farmer to buy stock, to cut the tax on the farmer but no market for his crop, but the farmer did not get it in Idaho. Senator Gooding's family got \$382,900, while a farmer could not get enough to buy a milk cow."

He scored the senator for his bill 77 for the vote for the senate and rule, for his vote creating Novembers, for his vote for the Fordney-McCumber tariff bill which contains a joke nullifying its benefit for the farmer and for his voting to whitewash the Teapot Dome scandal.

Figures on \$24,25.

Declaring that he took the first administration of each governor because the last one of Governor Moore was not complete Mr. Samuels said that the comparison did not tell the whole truth in favor of the Alexander administration, since the state-governor's purely administrative expenses were proportionately even less than the total figures shown.

After referring to the record of Governor Moore and the \$26,303,073 bond issue, Mr. Samuels added:

"The last republican legislature transferred the tubercular hospital fund of \$141,000 to the general fund. This fund was raised by the taxpayers during the Davis administration for the purpose of giving aid and comfort to the unfortunate that are afflicted with tuberculosis. Also the soldier's settlement fund of \$200,000 was turned back or taken over by the general fund. This makes \$411,000 added to the general fund to be spent by the administration, and is not shown by the tax levy. There is also an invisible tax that the Republicans do not say anything about, which is: (tax rate, 1 year) \$392,561 Insurance premium tax, 1 year 132,000"

(Constitutional tax, 1 year 22,000 Miscellaneous tax, 1 year 21,000 Total \$1,542,192

"Adding the invisible tax to the bond, tubercular and the soldier's settlement fund amounts to \$2,652,192, which is not shown or mentioned by the speakers for the republican administration when they talk about reducing taxes."

"To prove this, we statement that state taxes increased over 200 per cent by including the oldest form of government. I will refer to the tax levy of Governor Alexander for 1925, General Davis, which was \$943,121; Governor Davis in 1924 (first year of administration) \$942,721. This shows about 214 per cent increase. Levy for 1925, 1926, 1927. Yearly allowable tax of \$1,542,192, equal to \$1,542,192; equivalent to total levy of \$2,652,192. This shows tax higher than even before. Look at your tax receipt, and add to it the invisible tax."

"I cannot understand how the tax Moore and Lieutenant Governor Baldrige will make such statements of reducing taxes 47 per cent when they know that the taxes of Idaho are higher than ever before."

His Irrigation.

Mr. Samuels took up the record of Gooding as governor when four districts including the Salmon were opened with interrepresentation regarding the amount of land which could be successfully irrigated, and which caused great losses and total litigation.

County Comities Speak.

Charlton Harry Nelson, president, and introduced Mr. Samuels, and the county committee, closing with the introduction of A. H. Lucas, who told of his work as a lawyer and of his legal qualifications for judicial office, and referred to his legislative and journalistic experiences.

Several speakers urged all to register and get others to do so.

**Spry-Baldrige at Buhl Tonight**

William Spry, former governor of Idaho, and H. C. Baldrige, present republican lieutenant governor and a republican candidate, will speak at Buhl tonight.

Schedule of other republican meetings in this district are as follows: including November 1 are as follows: October 22, Hock Creek, principal speaker, Shad L. Hough; October 25, Marsburg, J. W. Taylor, prosecuting attorney for Twin Falls county; October 28, Twin Falls, Frank R. Gouber, principal speaker; October 29, Buhl, Addison Smith and Shad L. Hough; and November 1, Twin Falls, Addison L. Smith and Shad L. Hough.

**Volcanic Disturbance**

The far-reaching effects of a volcano were witnessed in 1883 in the straits of Sunda, between the islands of Sumatra and Java. The explosion when the volcano burst out on the island of Krakatau was heard in Ceylon, 2000 miles away, and the ocean was set up by the colossal expelled French men of the ashure at Malabar.

**DAILY MARKET REPORTS**

**Closing Grain Report on Chicago Board of Trade Today**

CHICAGO, Oct. 21.—Grain futures dropped to a close below that of yesterday when traders on the Chicago Board of Trade displayed a distinct aversion toward buying the advance of Liverpool. The British price can only be reckoned as a half factor if a large export business develops, and that is impossible with the present scarcity of hogs. Only 200,000 bushels were worked today.

CHICAGO, Oct. 21.—Cattle—Livestock market steady; yearlings, \$8.12; steers, \$7.01 to \$7.25; cows and heifers, \$4.50 to \$7.15; stockers and feeders, \$5.25 to \$7.15; \$1.60 to \$1.75; hogs and pigs, \$11.50 to \$12.50; western range, \$4.75 to \$5.00.

**EUGENE DEBS IN ILLINOIS**  
 (Continued from page 1)  
 with an address. On September 14 he began a ten year sentence at Alton for violation of the espionage laws. He received 225 ordinary \$5.00. A legal fight to free him ensued, but the socialist leader was forced to remain in Alton until the Harding administration when he was quietly released.  
 Once more Debs took up the fight in behalf of the cause and for other men who were indicted in the Debs case he has repeatedly said so. That he fought on in his waning years with the fight that "on him lay the love of his adherents and the respect of his enemies."  
 Few men were more loved and few more genuinely despised, and few other men who were indicted in the Debs case were more loved by their opponents than Eugene V. Debs.

BIG SCHOOL AGE GROWTH IS SHOWN

Census of District Indicates Increase in Population; 222 More in Total Than Last Year; Girls Predominate Heavily.

An increase of 222 in the total number of students and pupils in the Twin Falls districts between the two six and 21 years, and an increase of 163 in the total number of children between the compulsory ages of eight and 18 is shown by the census completed this afternoon.

The large increase in the total number of girls compared with boys is a feature. Last year there were 1318 boys and 1185 girls in the total number between six and 21 years. This year the census shows 2011 girls and 1845 boys. In the total for the school years were 1255 girls and 1243 boys last year, while this year there are 1514 girls and 1377 boys.
