### FILER PLAYS BLISS DOUBLE HEADER FRIDAY

A double header basketball game between Filer and Bliss will be played at the Filer Rural High school on Friday evening. The game starts at 7:30.

### BRUINS TO MEET KIMBERLY WITH BERTSCH SICK

Opening Game of Basketball Season for Bruins Finns Captain Bertsch Out of Game; Kimberly Should Have Advantage on Home Floor; Squad Has Worked His Piano Hard.

With the Kimberly game upon them the Bruins find that they are very likely to be without the services of their captain, Walter Bertsch in the initial opening tomorrow night at Kimberly. Bertsch has been suffering for some days with a sort of flu that has kept him from practice and that has weakened his condition for the game.

Billor Kelly, Tim Robertson and Nelson will probably be in Bertsch's place at right forward when the game rings tomorrow night.

Aside from the apparent loss of Bertsch for the Kimberly game, "Plasty" accretion is in first class shape. Elvin Kelly at center, and for the other positions Harry has a number of good possibilities. Two former Kimberly high school stars, Alvin Remington and Wade are likely to be seen in the lineup tomorrow night.

Kompton has been doing good at forward and Wade has been doing as well at center. Hatfield and Nelson will probably be in the spinning guard position for tomorrow night.

Another man who will certainly be in the lineup tomorrow night is Hollie Martin. Although only a freshman, Hollie has been showing up in the rotation and should be a valuable man throughout the season.

Long hard practices have kept the Bruins this week in the Bruins' line and Kimberly will meet a fighting Bruin five.

### BUHL DEFEATS COLLEGE GIRLS

College of Idaho defeated the Twin Falls girls basketball team yesterday in a game played at the college gymnasium. Buhl's assistance in the final game Wednesday evening by a score of 49 to 6. Coach Harry Berry's girls had things their own way throughout the entire game. The collisions were frequent in ending the ball and the centers failed to get the jump during the opening.

Mrs. Buhl forward, who made thirteen baskets for her team, and Macy, who hooped nine baskets, starred for the west end. In the latter part of the game Wilcox, one of the substitute forwards, scored on a foul.

For C. of I. Hill and M. Graefel scored the six points. Helcox and E. Grimaldi starred as centers for the colleges. Stewart and Southwick of Buhl, guards, also did some excellent work.

# TWIN FALLS DAILY TIMES

Published Every Evening Except Sunday by The Times Publishing Company, Twin Falls, Idaho.  
 H. MASTERS, Editor and Publisher.  
 Entered at the Twin Falls Postoffice as Second Class Matter as a Daily Publication, April 13, 1918.

This is essentially new library week. The committee of the Moroni Olsen players are donating the proceeds of the show to the cause; the P. E. O. is putting on a big show, and the public-welfare department is putting out 2000 little banks with the motto, "A penny a day till the first of May will help the library right away." All combined will assist in arousing public sentiment for a bigger and better Twin Falls library, and also tend toward getting action on an amendment to the law which will permit the taxpayers to vote library bonds should they so desire. The letter published elsewhere herein from Melcher W. Priebe shows that the movement in Twin Falls is attracting attention at the University of Idaho and doubtless in other schools attended by Twin Falls students.

We hope that the political serap which is on between the Idaho politicians and the Agricultural department will not throw the whole thing into the whirlpool of politics and destroy the good work which these various agricultural men have been doing for the past few years. Just which side to believe in this controversy is quite a problem. Because as usual each claims that his is the 'one hundred per cent' bank and the others are throwing dust in their face. But we believe that it is to gratify some hungry politicians and somebody wants to get their hand into the pot. Unless this is the case this mixup is the first sign of failure on the part of the Baldrige administrator to master the situation. We shall watch developments with much interest and will be glad to accept some opinions of other folks on this question if they see fit to put them down on paper.

Some members of the Idaho legislature were bewailing the fact the other day that a few bills had been introduced into this session of the state legislature, but we do not feel that is such a great calamity. In fact we are of the opinion that about three-fourths of the slush which is presented to the lawmakers in this state and other should be forgotten. There are just a few changes in legislation that we need badly, and perhaps a few new laws that these could be enumerated on your two hands if both houses of the Idaho legislature should decide to adjourn at the end of a thirty day period and cut out a lot of talk and do business for thirty days they could accomplish all that is needed in the shape of legislation this term. But they will piddle and paddle along and perhaps stop the clock at the end of the session in order to have a few more days in which to hash over some pet measure which have the endorsement of a particular section or district.

The program for the "Womanless Wedding" at the high school auditorium tonight and tomorrow night is interesting partly on account of the histrionic talents of some of the members of the cast, and the lack of the same on the part of others; and all told it promises to be an event that will furnish plenty of unique and wholesome amusement for the people. The director who has charge of training the ladies (?) has a rare faculty for working both promising and unpromising material into shape, and should the acting prove as satisfactory as the rehearsals should the goods prove as satisfactory to wear as they appear in the show case, the play will be a scream. In the meantime, it should not be forgotten that the main objective is to help the Twin Falls public library, in which enterprise the P. E. O. deserves the full support and patronage of the community.

## AT THE THEATRES

MACY PLAYERS TO PRODUCE "THE GIRL FROM IDAHO"

Howard Macy today secured a block of plays, three in number, for which he paid \$400 for the privilege of showing them in Twin Falls. The first one to be produced will be "The Girl from Idaho," a play that will surpass any other production yet produced in Twin Falls. A story that grips the heart one minute and tickles the funny bone the next. So if you thought "The Girl" was a great play just wait till you see "The Girl from Idaho." It will be the greatest play with the realst people you ever saw.

It is needless to insult your intelligence by asking you to even believe that at any time in the history of Twin Falls has anything like \$200 ever been spent just for the right to produce a show for so short a time, but Howard Macy believes in giving the best that is procurable in this line of plays and he believes in his friends of Twin Falls and surrounding towns to the extent of paying this enormous amount of money and he is counting upon these friends to look him up with their patronage to make it possible for him to produce these 12 Broadway attractions for the small sum of 50 cents.

CHICAGO CLOSING GRAIN REVIEW
Wheat Prices Rallied at Close and a Good Deal of Profit-Taking Followed.
CHICAGO, Jan. 13.—Wheat prices were steady at the opening and rallied slightly later but ran into considerable profit-taking on the advance. This pulling caused a small recession and closing prices were fractionally lower than the previous close.
The cash market was very slow, with few sales made at unchanged prices.
Corn was sharply higher but encountered profit-taking in May at and over 82 cents. This shaded the best prices to some extent and the close was just fractionally higher than Wednesday's prices. The cash market was 1/2¢ higher.
Oats closed fractionally lower. Provisions closed lower.

# TWIN FALLS TO INVITE CONVENTIONS

Member of Commerce directors will send delegation to Wood Growers and to State Chamber to Ask them to Come to Patrick Resides As Chairman and Wilson Takes His Place.

Invitation to various state conventions to hold their next meetings here was among the things voted by the directors of the Chamber of Commerce in session in monthly dinner meeting at the Reception table. The Idaho State granite meet here in three days next week. The Wood Growers are several others coming up or now in session.

These include the wool growers and the druggists at Emmett and the Holstein association at Weiser. Now in session, the wool growers and cattlemen in Weiser and the state chamber at Boise next week and the fruit growers at Boise in January.

A delegation will be sent to the Wool Growers' meet and another to the members of the State Chamber of Commerce. Resignation of W. A. Patrick, because of the change in his business relations, was followed today by the election of Asher D. Wilson as chairman of the board, which carries with it the duties of the presidency of the chamber of commerce. Mr. Patrick, who remains in business here, retains his membership on the board of directors.

## Contempt Decision Due in Two Days

At the close of arguments in the contempt proceedings against the old board of county commissioners and P. W. Beckwith, former superintendent of the hospital, last evening Judge Hugh A. Baker of Rupert, took the matter under advisement stating that he would hand down a decision in about two days.

The arguments centered largely around the question whether the affidavits of five physicians filed yesterday to the effect that an anesthesiologist is a necessary part of the hospital staff was material.

The affidavits were read by prosecuting attorney O. W. Whitman. W. Orr Chapman contended that these affidavits were material, since the question was whether the new rule imposing a general fee payable by the operating surgeon in advance, was constitutional. The objection, recently granted by Justice Baker, J. W. Taylor, former prosecuting attorney, contended that since the hospital should pay for service, the question was relevant, even though the doctor should not use the county anesthesiologist, on the same principle that he goes with a dinner at a hotel and should be charged with the same whether the guest should eat it or not.
