

BRITAIN TO HALT WAR MANEUVERS

Action on Halting of British Fleet Enroute to Shanghai Postponed Until Tomorrow by British Cabinet; Cantanese Make Request.

LONDON, Feb. 3.—A decision by the British cabinet on the suggestion that the British fleet and army now on route to Shanghai be diverted to Hong Kong in compliance with the wishes of the Cantanese national committee was postponed today until tomorrow.

The cabinet, the United Press was authoritatively informed, will meet tomorrow to consider the suggestion. If the armed forces were diverted to Hong Kong they would remain there ready for action in case Shanghai were threatened with immediate trouble.

It was estimated that 20,000 troops were en route to Shanghai or under orders to proceed there today.

LONDON, Feb. 3.—The British cabinet was expected to meet today to consider a proposal that naval and military reinforcements now en route to Shanghai be halted elsewhere to compose the differences which interrupted the signature at Hankow of an agreement between Great Britain and Cantanese nationalists.

Sir Austin Chamberlain, the foreign secretary, and his advisers have had several proposals in mind, but it was said authoritatively that they favored the one which involved the foregoing procedure. Such a return to the status quo would mean the "return" of a working agreement which would obviate the necessity for further preparations for the defense of the international concession there.

The so-called "war party" in the cabinet, comprising the majority of the British cabinet, were expected to charge at today's cabinet meeting that Chiang Kai-shek, the nationalist foreign minister, had been moved by his alleged Bolshevik advisers to refuse to sign an agreement at Hankow on the status of the British concession at Shanghai.

Britain would seek to convince Chen that the Shanghai defense force now stationed at Hankow should be moved to Shanghai have been officially terminated, was intended solely to defend British lives at Shanghai as a last resort.

WASHINGTON, D. C., Feb. 3.—Secretary of State Kellogg decided today to ignore the note of Dr. T. S. Seward, secretary of the National Central American representatives meeting the Nicaraguan civil war.

IDAHO SCHOOL TAX BILL IS KILLED TODAY

Senator Pike of Twin Falls Voted for the School Bill; Irrigation Bill Passes Senate.

BOISE, Feb. 3.—Overwhelmed by a flood of oratory, the state-wide school tax bill was defeated in the senate of the Idaho legislature this afternoon by a vote of 20 to 24.

There was considerable objection to the principle of the bill but all the objections were on the method of making the distribution after the money was raised. Senator Pike of Twin Falls voted for the bill.

BOISE FORGER IS ARRESTED

Former Realty Man Arrested on Charge of Forgery Said to Have Escaped Before Disappearance in 1925.

CINCINNATI, O., Feb. 3.—The chain of circumstances which prevented Allan Stein, alias A. C. Abbott, 38, a salesman of the Central B. M. Co., of 1000 S. Main, of \$20,000 which he obtained in a forgery three years ago in Boise, Idaho, returned him to the arms of justice Tuesday night when he was arrested by Detectives Deink and Michael Methane in his room.

Stein, who said he had been employed by the late Fred C. Dumbro Co. as a salesman, admitted the forgery, said the detectives, but refused to give the details of how the bill was perpetrated in the first place.

Under questioning, Stein, who had been working in Cincinnati for the last six months under the name of Abbott, would not say why he had been in the real estate business in Boise.

"Then dad died," he said. "Our business was all went to pieces, so I pulled this trick. I went to Florida and got into the real estate business and got a job. But now you've got me."

SCRIPPS ESTATE WILL BE TAKEN INTO U. S. COURT

Daughter of Publisher of Chain of Newspapers Sues for Six Million Still Due Her on Contract with Late Publisher; Hughes is Attorney.

LOS ANGELES, Calif., Feb. 3.—Mrs. Josephine Scripps of Miramar, Calif., has brought suit in federal court here against Robert L. Scripps, an executor of the estate of the late James Scripps, who was her husband and the son of W. B. Scripps.

The petition does not state the exact sum but specified it exceeds \$6,000,000 while the suit was filed a claim of \$10,107,284 was presented to the executor of the estate and rejected.

The complaint charges that in 1907 Scripps turned over management of the newspaper properties to James G. Scripps. Under this agreement, according to the complaint, James Scripps was to receive 50 percent of the increase in value of the properties. Later this percentage was increased to 33-1/3 per cent, the complaint alleges, and finally to 50 per cent.

Would Remove Restrictions on Medical Alcohol

BOISE, Feb. 3.—A amendment to the state prohibition law to agree with the Volstead act's provisions as to grain alcohol for the use of physicians in connection with medicine, was heard Tuesday. The measure probably will be presented within a few days to the public health committee of the senate.

The bill would remove the restriction on alcohol for medicinal purposes as far as the Volstead act has no such restriction.

PLANT BEETS IS ADVICE OF PROF. CARTER

Government Expert Tells Leadership Will Not Menace 1927 Crop.

BIRLEIGH, Feb. 3.—That the white fly will not be so numerous on the next crop year, and that it will be a good year to plant sugar beets was the opinion, emphatically given in his talk here by W. A. Carter, of the U. S. Department of Agriculture, who is here at the leadership week conference from Twin Falls, where he has been conducting experiments on various reasons for this conclusion. Other features of the program were talks on educational subjects by Don Suttell, of Provo, Professor Merrill and others.

Hard on the Fly. The white fly came into the irrigated sections in large numbers last summer on account of the extreme drought which deprived them of food.

Dean Nuttal of Provo, Utah, in address on religious education, stressed the effect of environment on students and pupils, whether in Sunday school or regular schools. Within the definition of environment, he included the character and location of the building in which the school is located. REVOLUTION STARTS IN PORTUGAL

Army Officers Demanded a Few Days Ago That Government Resign and Substitution of Another of Military Character; News is Censored.

LISBON, Feb. 3.—Revolution began in Portugal today.

Private advisers received here yesterday announced that the disturbance had begun but revealed no indication of the extent of the revolutionary activity. It was presumed that the disturbance had not extended to the entire country and that it probably would be confined to a single city.

The political affairs of Portugal have been stormy intermittently since the assassination of King Carlos in 1908. The king was succeeded by King Manuel, who was deposed and killed in the republican revolution of 1910. The republic was proclaimed, but was organized by military leaders in an effort to win back the throne for Manuel but was failed in its objective and the other was denounced by the deposed monarch.

Two revolts took place in 1925. One in the north was suppressed with difficulty, but in July the capital was bombarded by the warship Vasco da Gama and the government was put down.

MURDERER IS NOT MOVED BY DEATH TRAP

MUNTSVILLE, TEXAS, Feb. 3.—The patient feeling which usually grips the hearts of murderers was not shaken by the death of George J. Housh in his death cell here today.

The confessed slayer of 13 persons—his two wives and 11 children—was not entirely unrepentant nor was he ungrateful. The receipt of his electrocution, which is set for February 25, a few minutes after midnight does not terrify him. He regards it as a matter of course, an obligation to society he must pay for his crimes.

A correspondent of the United Press was allowed to visit the strange cell of the Texas killers in his death cell here today. Housh talked freely, without show of emotion.

NEWS OF THE SPORT WORLD

CARDINALS AND YANKS SIGN FEW CONTRACTS

Yankees and Cardinals Are Having Trouble in Getting Old Players to Sign for 1927; Hornsby Deal Complicates the Cardinals Lineup; Babe Ruth Has Not Signed.

By HENRY L. FAHRELL.

NEW YORK, Feb. 3.—Sam Breadon probably was beginning to realize today the realities that accompany contract of a world championship baseball team.

Breadon, majority stockholder in the St. Louis Cardinals, had plenty of money in the team when the Cardinals stock would have been worth at least 20 cents a dozen in the open market.

He depleted his old friend Dranen Riekey and made Rogers Hornsby, the great right handed batter, manager of the club.

"He put into Hornsby's contract an agreement that he would have to manage the management of the team for the salary of a player and that as a bonus he could have so many shares of stock in the club.

Breadon and Hornsby then proceeded into business differences that resulted in a trade, in which Hornsby was sent to the New York Giants.

Then it developed, after a meeting of the stockholders of the St. Louis club and at the same time was secured by the New York Giants.

John Heydler, president of the National League, said Hornsby never could play second base for the Cardinals as long as he was a director of the Cardinals.

"There are 70 days in which to adjust this business arrangement, and there is no contract for alarm or scandal," Heydler said.

Charley Stoneham, president of the Giants, said it was a business arrangement and that Heydler would have to play with the Giants next year or he could not play at all.

The Hornsby problem isn't the only one that Breadon has to consider.

Breadon has among his managed players Alexander the Great, Jess Haines, Phil Rhee, Lester Bell and Tommy Thomas. That is the whole Cardinals team.

They all want more money, and Breadon is having for the first time the experience that the owners of other championship teams have gone through.

The Giants, a second division team, have signed all their players with the exception of George Kelly and Zerk Barnes and the Giant office is not worrying about them.

The Yankees, a championship team,

FREE THROWS

Goodness comes here Saturday evening instead of Friday as originally announced because the opera is scheduled for Friday evening. This will be the decisive game because Goodluck is considered the strongest team on the north side.

Captain Horvath is getting in better shape each afternoon and will be going great, according to Coach Mastino by the next game.

What would have happened had the Cubs been kept on the bench instead of being started Monday evening in the Report against the first quarter. It is a good deal like asking how much is Rogers Hornsby worth to the Giants.

The Fibre Wilcats are working hard for the district championship, but took a step down when they allowed for opponent help from (without the) Coach Jimmie Neill's quietest to romp off with a victory.

The Twin Falls high school sports committee are very busy and are to make much out of basketball or any indoor sport we must have either an enlarged gym or a new hall somewhere. Think it over.

Report appears to be in the running for district honors if they continue to go as they have thus far this season. However, the contenders are hard to predict at this stage of the game and the finish of the district tournament will perhaps be required to settle the account.

SPORT TABS OF EVERY KIND

PHESNO, Calif., Feb. 2.—Mickey Walker, midline champion of the world, technically knocked out Mickey Wallace, 21, of Salt Lake City in the third round of a scheduled ten round bout here Tuesday night. In the three-rounds Walker landed three effective punches and Wallace two.

CHICAGO.—Funeral services will be held tomorrow for Gustave W. Axelson, veteran Chicago sports writer, who died Tuesday. Axelson wrote sports in Chicago for 30 years.

MONTRÉAL.—Herbert Lewis, professional hockey player, must play with the Duluth Hornets until action on the \$10,000 suit for breach of contract is settled, according to an injunction granted here. Lewis jumped the team and was to have played with Montreal in the National League.

ST. PAUL.—The Chicago Cardinals lost to St. Paul in a regular American association hockey match, 2 to 1.

DETROIT, Mich.—In an overtime period game, the Detroit Cougars defeated the Chicago Black Hawks 4 to 2 in a National League hockey match.

ANNAPOLIS, Md.—Three Navy crew men have their first work-out of the season on the Severn river. It is the first time in many years that the oarsmen were able to get such an early start.

They are having the same trouble. The "Big Boy" is not signed and Ben Paschin and Ben Donough and Herb Penneck and others of the Yanks' set of prima donnas are looking for money.

EDEN PLANS TO PLAY WILDCATS

EDEN, Feb. 2.—(Special to The Times).—Basketball fans of this section are looking forward to next Friday evening's contest between the local high school boys' and girls' teams and the Filer Rural high school team. During the past ten days the Eden teams have been up against some of the strongest teams of the district and with a number of their first string players out of the line.

On both teams they have been playing out of luck with the result that they have held the short end of the score. However, they have maintained their fighting spirit and are working hard this week to get into better condition to give the Filer teams a run for the money. Wilfred Lattimer, captain of the Eden boys' outfit and who has been out of the game since the beginning of the scheduled season with a crushed finger, has sufficiently recovered and will in all probability take his place at center in the game against the Wild Cats. Owen, right forward, has been out for the past few games but will be back to help make up a winning combination. Lattimer and Owen are the only members of last season's squad. No comparative strength of the Eden and Filer teams can be yet determined.

Both teams have dropped a game each to the Inlet team. Inlet rolled up a larger score on Eden than they did on Filer, not only short on players when they tackled the Inlet team, were playing their second hardest contest of the week. From all indications the contest will be anybody's game until the final whistle when the two teams meet on the

local court Friday evening. Little is known here of the strength of the Filer girls' team. The Eden girls will be short the services of two of their leading players for the remainder of the season as Marie Canada, center, received injuries a week ago that will keep her out of the game for the rest of the entire season. Edna Melton, lin, just recovered from a severe illness and will not be strong enough to be back in the game. This leaves the Eden girls pretty well handicapped, but a number of second string players are fast rounding into top basketball players and by the end of the week a fast combination should be available to meet the Filer girls.

Gladstone's Name Is Vindicated by English Jury

LONDON, Feb. 2.—The name of William Edward Gladstone, four times premier of England, was vindicated today by the charge of falsifying with a woman when a jury acquitted his son, Viscount Gladstone, of a charge of libel. The charge arose from the latter's angry denunciation of a writer who had charged the statesman with marital infidelity.

OTTAWA, Ont.—Three goals in the second period enabled the New York Americans to defeat the Ottawa Senators 4 to 2 in the National Hockey League play.

SACRAMENTO, Cal.—Morvin Slen, young catcher with the Sacramento Great league ball club, has been added to the Detroit American league club. Hank Severstad, veteran American league catcher will go to Sacramento by the deal.

DEBATE TRYOUT HELD LAST NIGHT

Howard Patrick and Kenneth Kall chosen to complete Team for Twin Falls High School Debate Squad.

Kenneth Kall, Junior, and Howard Patrick, freshman, were chosen to complete the debate squad at tryouts at the high school last evening. Kenneth Kall spoke with much control and poise and had a well constructed speech. Howard Patrick's delivery was brilliant and his argument was logically constructed. Patrick's achievement in making the squad is singular in that he came into high school at the semester and is a high school student of only 14 days standing. He has a fine record for both debate and scholarship in the junior high.

In addition to the two men named above the following men complete this year's debate squad: James Holmwood, Edwin Colberg, Kenneth Joushars, Lewis Jones, Byron Lindahl, George Sprague and Ralph Welsh.

NEW YORK.—Pete Rickard will reply to the boxing commission tomorrow for permission to charge top fees of \$20 for the contest between Jack Sharkey and Mike McFay scheduled for March 2.

SOUTH BEND.—Patsy Phelan, backfield star of the Notre Dame football team, has been reinstated in school and will be eligible for football next season. He was suspended when he failed to return to South Bend with the Notre Dame team after the visit to the coast last season.

NEW YORK.—Leptine's end in an overtime period gave the Montreal Canadiens a 2 to 1 victory over the New York Americans. The match was witnessed by a crowd of 15,000.

UNIVERSITY PEP BAND COMING

Idaho University Band Starts Tour of Southern Idaho Today; It is the Musical Organization.

MOSCOW, Idaho, Feb. 2.—The university of Idaho pep band, as it will appear in nine southern Idaho towns during the next two weeks in the realization of the ambition of Fred Davis, Nyall, Jr., its conductor.

Myron Nyvall came to the west seven years ago and found an organization known by the name of still holds, but which was used only for "ball" playing and dance at athletic contests. Mr. Nyvall, well known as a composer and conductor, immediately saw possibilities in the group for formal concert work and that end he directed his efforts.

The remarkable success has been accorded while recognizing. Only recently Jacques Greshkewich, internationally renowned conductor, now at the head of the Portland Junior symphony orchestra, added his enormous list of those of a rapidly growing list of prominent critics. Mr. Greshkewich heard the pep band play a special concert before the Portland Chamber of Commerce last fall. He decided to accept the position of conductor of the band, and in the process of reorganizing it, he has been successful in securing the necessary number of members within four months after the first indication of this notice, to the satisfaction of his office in Twin Falls, County of Twin Falls, State of Idaho, this being the place chosen for the transaction of the business of said estate.

Noted January 10th, 1927.

J. F. WHITE, Administrator, Estate of A. D. McNell, deceased.

Notice is hereby given by the undersigned Administrator of the Estate of J. F. McNell, deceased, to the creditors of and all persons having claims against the said deceased, to exhibit them with the necessary vouchers, within four months after the first publication of this notice, to the said Administrator at his office in Twin Falls, County of Twin Falls, State of Idaho, this being the place chosen for the transaction of the business of said estate.

Noted January 10th, 1927.

MORE FUN! DON KEY (with STANLEY HOLLAND, JAMES VAN DYKE, and others)

Saturday Morning Special for the Kiddies "FIGHTING WITH BUFFALO BILL"

P. A. makes good with pipe-particular men

Cool as Pike's Peak. Sweet and fragrant as a breeze through a greenhouse. Fragrant and mild . . . a mildness that has you smoke pipe-load after pipe-load, with never a tongue-bite or a throat-parch. Yet with that full, rich body which you demand in a smoke.

Considered from any angle, Prince Albert is jimmy-pipe joy of the highest degree. Smoke it fast or smoke it slow. Smoke it after breakfast, right up to bedtime. It is always delightful, always friendly. If you don't know P. A., you don't know what your pipe can bring you.

PRINCE ALBERT

—no other tobacco is like it!

The more you demand of a pipe-tobacco, the more you will enjoy this prime favorite of experienced jimmy-pipers. Prince Albert commands a pipe to stand and deliver. Briar or corn cob. Calabash or meerschaum. It doesn't matter. The tobacco's the thing!

Fling back the hinged lid on a tidy red tin of P. A. Breathe deeply of that rich, rare aroma, promise of a wonderful taste to come. Tamp a load flush with the brim and light up. Now you have it . . . that taste . . . that class-by-itself taste of Prince Albert!

P. A. is sold everywhere in tidy red tins, round and oval tins, and in 100-gram and 250-gram tins. Always with your grocer or tobacconist. Ask always for Prince Albert. It is the only pipe tobacco approved by the Prince Albert process.

IDAHO'S OUTLAY FOR EDUCATION

(By State Board of Education)

At least once every two years, and frequently between times, our attention is called to our public and state schools and the money necessary to support them.

The so-called "high cost of education" affords no reason to suspect extravagance or mismanagement in the direction of our schools.

The average length of the school year has been extended so that the great majority of schools are now in operation eight or nine months.

Pupils continue in the schools much longer than heretofore. There has been an enormous increase in the number of pupils entering and completing high school and in those proceeding to a normal school or college course.

There has been a vast development of scientific knowledge and its application to everyday life. The sciences, properly studied, have become essential in the education of every man and woman.

There has been a general movement toward certain practical or vocational forms of education in our public schools, particularly shop work, domestic science, and agriculture.

The laboratories and shops necessary in the teaching of sciences and vocational subjects require greatly increased space per student, expensive apparatus and equipment, and highly specialized teachers.

Everything that enters into an educational plant has more than doubled in cost; the building themselves, the coal needed to heat them—even the brooms to sweep the floors.

Salaries, too, are higher than they used to be, but the increase in this respect is far less than in the cost of material things. Neither have teachers' salaries increased so rapidly as the incomes of the trained men and women in business and the professions.

Idaho's Well-Balanced System. Public education in Idaho has experienced a normal and healthy development similar to that in other states.

Elementary education (through the eighth grade) for every boy and girl. About 96,000 children, representing one-fifth the population of the state, are now taking advantage of this.

High school education for every eighth grade graduate. Where a school district does not provide a high school it is required by law to pay a fair tuition charge for pupils of the district attending high schools elsewhere.

A normal school training, two years above the high school, to qualify teachers for elementary and junior high schools. There are two state normal schools, at Albion and Lewiston, serving nearly a thousand people every year.

Vocational education in certain trades and industries. This is offered in a number of high schools, also by day and night classes in the Technical Institute at Pocatello, and in extension classes conducted for men already employed in the industries at various points in the state.

proposing it in appearance; the local bank was almost ramshackle, the Nevada Sabon, of Victorian vintage, was no more than a shabby structure, and the national prohibition amendment under the imaginative name of Sot Drink Emporium, and the big jail was of adobe. But this little corner of California's Sierra Nevada had seen bloody historical times, and as the physical layout of the town was almost unimpaired.

CHAPTER IV.—Continued. Choking with rage Fred shook him raising in his ear "The wretched little with you— you have a mother, too, yuh rat— and I've sworn vengeance on your mother— for what yuh did to mine!" With popping eyes "Seah-ban!" struck at while Fred already forced him backward to the floor. His eyes were wide with hate.

GEORGE APPEALS TO THE SUPREME COURT OF IDAHO

Various causes of reversal are set forth in brief of Attorney T. K. Backman in Water Conversion Application.

William R. Gray by his attorney, T. K. Backman, has appealed to the supreme court from its conviction on a charge of unlawful conversion of water, a misdemeanor. In his brief Mr. Backman makes reversal on the following grounds:

That the information in the case fails to charge an offense with the same fullness and precision in matters of substance as is required in indictments in like cases, as provided for in Section 8811, Idaho Compiled Statutes of 1915.

That the facts stated in said information do not constitute a public offense.

That the act or omission charged as an offense is not clearly and distinctly set forth in ordinary and concise language without repetition, and in such a manner as to enable a person of common understanding to know what is intended, an violation for in paragraph 6, Section 8834, Idaho Compiled Statutes, 1915.

That the act or omission charged as an offense is not stated with such a degree of certainty as to enable the court to pronounce judgment upon conviction, according to the right of the case, as required by paragraph 7, Section 8834, Idaho Compiled Statutes, 1915.

TWIN FALLS CONSTRUCTION GOES UPWARD

Building Permits for Twin Falls, Idaho, show Residences and Lath Structures.

An analysis of the building permits issued in Twin Falls city for the year 1925 shows the following information:

There were 66 permits totaling \$125,320. Twenty-two of these were for residences or structures costing \$2000 or more.

The year 1925 showed 40 permits issued, with only 13 equalling \$2000 or more. The total for 1925 was \$127,776, slightly larger than the total for 1924 due to the construction of one \$50,000 plant.

There were more residences built in 1925 than for several years past, both in the city and the surrounding rural community.

DR. W. B. CALDWELL AT THE AGE OF 83

To Dr. W. B. Caldwell, of Monticello, 111., a practicing physician for 47 years, it seemed cruel that so many constipated infants and children had to be kept "retired up" and half sick by taking cathartic pills, tablets, salts, colonic and nasty oils.

While he knew that constipation was the cause of nearly all children's ills, he constantly advised mothers to give only a harmless laxative which would help to establish natural bowel regularity.

In Dr. Caldwell's Syrup Pepsin mothers have a regulating laxative which they can depend upon whenever a child is constipated, bilious, feverish or sick from a cold, indigestion or sour

Mr. and Mrs. Carl Hilbway entertained at a birthday party Monday evening. At a late hour a deli-

icious hot lunch was served. Mr. and Mrs. J. M. Gray and Mr. and Mrs. C. D. Graves of Hanson were out of town guests.

After the "Flu" is over — you need a Tonic

Help is Wanted to Restore Your Needed Strength and Energy.
"Flu" leaves the body weakened and run-down. In such cases, a tonic is clearly indicated. Restore the appetite and put yourself of that listless condition.

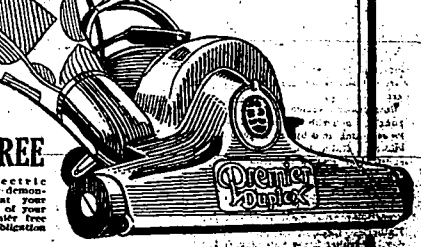

"Flu" is a very enervating ailment. It leaves its victims so weak and fatigued that there is as much danger from the after-effects as from the disease itself. In other words, after an attack of the "flu," you need a selective tonic to rebuild the system so that you may have your normal strength and energy restored.

"PEALIN' PEACHES"
AN ORIGINAL POEM
BY TWIN FALLS GIRL

The following original poem entitled "Pealin' Peaches," was composed this week by Mrs. Myrtle Ayola of Twin Falls, who has composed a book of "Farm Songs" from which four were read this week at the annual meeting of the Twin Falls Co-operative Creamery association:

Pealin' Peaches,
Hras, all rally singin'
Far to the south a-wingin'
O'er mountain's sunny reaches;
Autumn leaves a-fallin'
Treads to me a-cattin'.

But me, I'm pealin' peaches,
Ships at sea a-sailin'
Fisher's lines a-trailin'
O'er ocean's sandy beaches;
Billows are a-sailin'
Airplanes are a-sailin'.

But me, I'm pealin' peaches,
Flowers are a-fallin'
All sweet perfume laden,
Each pretty one beseechin';
Me to come, and pick 'em,
(An' say, I'd like to kick'em)

These darn ole stinky peaches,
Autos out a-rollin'
Lovers out a-strollin'
(Nature all lovers teachin')
Trains a-go'n' tootin',
Hunters out a-shootin'.

But me, I'm pealin' peaches,
Pretty dames a-dancin'
Hoases steppin', prancin'
'Neath sockey's breechin',
Authors that are writin'
Dugillets a-fightin'.

But me, I'm pealin' peaches,
I hope when I'm a-dyin'
That no one falls a-singin'
An' mercy no one beseechin';
For I shall happy be,
That 'no one 'll ever see

Me, these pealin' peaches.

Which Man is Your Friend?

Your Solid, Worthy Local Merchant

The Itinerant Bell-Ringing Peddler

ONE, your Merchant, is a solid part of the city where you make your home. He employs his capital, his time and many of your friends to promote a business of service for you; depends upon many sales at a very small-profit margin to build his business.

HE pays taxes toward beautifying your city; toward its parks, its streets, its policing, its water and sanitation service, its schools wherefn your children are being educated.

HE believes in your city sufficiently to invest all he has in its chances of prosperity and progress, believing that you will do your part in promoting that normal, healthy, civic growth by doing likewise, insofar as your purchases of needs that he can supply are concerned.

HIS is the risk entirely, representing a great faith in you, in your right thinking and in your knowledge of good values and service at a fair price—a price, incidently, over which he has no control, since keen competition keeps that price down to the lowest possible level in your behalf.

YOUR local Merchant asks no advance payment before he delivers your merchandise selections; is often willing to trust you to pay him some time in the future. He deserves your patronage.

IF you deny him; you fail to keep faith with your right to citizenship and usually pay an average of 23% more for the "privilege" of buying from the peddler.

AND what has the "bell-ringing peddler" to offer? A pleasant line of talk? Surely! He is carefully trained to "sell" you, if you are at all susceptible to "the gift of gab." Make no mistake, he understands he must be a good salesman.

DON'T be misled, either, about his low price argument. He isn't giving anything away. His plan of selling is actually more expensive, as a rule, than the Merchant's method of distribution, for the very simple reason that he is a high-pressure man, trained to outdo the efforts of the Merchant's sales people, and expects to get paid handsomely for it. His "commission" is usually all of your down payment.

IT is an indisputable fact that be it silk hosiery, wearing apparel, books, auto accessories, toilet articles, jewelry, furniture or what not--

You Can Buy to BETTER ADVANTAGE
From Your Local Merchant!

YOUR local stores are splendid, up-to-date, clean, attractive and filled with standard brands of nationally advertised merchandise at fair prices. And they are here to stay.

—as between your solid "Local Merchant" and the itinerant "bell-ringing peddler," your choice, for your own protection, is obvious!

TRIGUEIRO SANITY IS LIVE ISSUE

Attorneys Disagree as to Fact of His Mental Capacity and to Its Significance in Presenting Arguments to Jury; Will Be Submitted This Evening.

"It is not necessary for a person to use a club or a gun or to threaten violence to another in order to exert undue influence," declared Captain J. W. Porter, in opening his address to the jury in the suit of H. A. DeNeal, administrator, to set aside transfers made by Frank Trigueiro to Maurice Guerricharain this morning. "There are many ways by which such influence can be exerted. Neither is it necessary to find that Trigueiro was insane when he signed the papers. "If a person has the confidence of another, if by suggestion or by depriving him in some way of contact with others whose interests may be involved or eliminating them, he turns the mind of that other in such way as to actually affect his actions, he is exerting undue influence. "Consider Frank Trigueiro alone down there in that canyon out of contact with people generally and in close contact with the defendant and you can readily see how the defendant had the opportunity in the one way or another to affect decisions of Trigueiro to insulate himself into the solitude of his employer. "You know as a matter of common knowledge that people who are insane and sick, are often unduly grateful on one hand, or who, under such circumstances harbor undue hate on the other. Both of these things are manifest in regard to the actions of Trigueiro as told by witnesses on the stand. Says Mind Impaired. "The physician who treated Trigueiro in his dying days was Dr. Morgan. He told of his condition and this is borne out by the previous condition of the man, physically, as shown by the testimony regarding his inability to sign his name before, without aid. We put doctors from Hual, Ellor, Twin Falls and Kimberly on to testify regarding what effect the condition of a man as outlined by Dr. Morgan would have on his mentality and they all said that in their opinion it would mean that his mind would be impaired. In that case it would take no evidence to prove undue influence that would otherwise be the case. Captain Porter then went into the testimony at length to sustain his theory of the case. Chapman Takes Issue. "There is only one real issue in this case, that of sanity, according to the view of W. Orr Chapman, who, following the morning recess began at 11:20 to reply to the arguments of Captain Porter. Despite the great number of witnesses the issue is not at all complicated, he said. "You will be asked in special interrogatories to an-

HATFIELD WAS TRAINED TO USE PISTOL

Member of Famous Kentucky Family Tells About Local Quarrel; Did Not Want to Kill Man Here.

"That he was trained in his early days in south-districts, with a gun, and had come to this principle in his Kentucky home, was the statement today of Richard Hatfield, of the famous local family which arranged for a subscription by connecting with theatrical Clark Tipton at the Britton pool hall. He said Tipton was the aggressor and had a gun. After Tipton hit him and Richard him, he got his gun and went back to settle it with flat unless Tipton should draw. He said he had only one eye battle in his life. He took his girl to church one night in Kentucky and two fellows tried to get him. They threw 11 stones and hit six times, so that they destroyed his left arm, and otherwise wounded him. Asked by Prosecutor Whitman if he had gotten the other fellows, he smiled and said, "I turned him loose as he acted in self defense. "You had a gun with you," suggested Mr. Whitman, and he replied smiling. Probate Judge C. A. Holley gave him 15 days and \$25 fine. The defendant said he used no arms in the case and did not intend to shoot Tipton. NEW BORN: Vincent Richards, national team star, who returns Sunday with the Pyle coupe, is fit and may not be able to play for two months. His doctors fear he has lost a toe and may have to undergo an operation. When you need a job use The Times want column.

FRANK LYNCH RESIGNS FROM CANAL OFFICE

Well known Arroyo Canal Executive Takes Position as Millionaire Uncle in San Diego Has Fine Record Here.

Resignation of Frank C. Lynch, assistant secretary and auditor of the Twin Falls Canal company, has been notified to each of the directors. Lynch will go to San Diego next month to take a position as investigator of investments for his uncle, Frank Lynch, a millionaire, whom he studied by invitation recently.

The elder Lynch is president of the Benson Lumber company of San Diego and of the Benson Timber company of Oregon, and has large oil and shipping interests. The resignation will be taken up at the meeting of the board next Tuesday. Mr. Lynch has been identified with a number of auditing positions here. He did the auditing work in the office of the county clerk for a number of years and has been in his present position two years, having a reputation for accuracy and speed in all positions.

President Coolidge Is Eating Sausage Again

WASHINGTON, D. C., Feb. 3.—President Coolidge celebrated groundhog day by welcoming sausage back to his breakfast table. The succulent food long a favorite of Mr. Coolidge's was carried several weeks ago and rumor credited an increasing presidential reluctance as the cause. This morning the president entertained R. M. Connor, republican national committee man from Texas, and several prominent middle westerners, and in their honor sausage and scrambled eggs were served on the White House table. The problems of the hour were said to have been laid aside as a table topic in favor of Rebecca Bradley Rogers, Texas college girl, who is charged with robbing a bank.

Flees from Hankow and Anti-Foreign Rioters to U. S. Home

SEATTLE, Wash., Feb. 3.—Mrs. Hunter Mann and her son, Hunter Mann, Jr., were en route today to Mrs. Mann's former home in Knoxville, Tenn., following their flight from Hankow, China, during the anti-foreign rioting there. Mrs. Mann arrived in Seattle Sunday night bringing stories of how Americans in Hankow were forced to stay inside for days during the bloody demonstrations of Chinese troops and workers. Mrs. Mann and her husband and son were imprisoned in their apartment in Hankow for three days while mobs patrolled the streets outside. They dared not venture out for fear of being killed by the rioters. The woman said she and her son finally escaped from the city on board a Japanese steamer when a terrific rainstorm drove the mob from the streets. Mann will return to the United States in a few weeks.
