Attractive Bridge Supper—Mrs. and Mrs. W. Or Chapman, and Mrs. and Mrs. P. H. Stowell entertained with a charmingly arranged bridge supper Friday evening at the Chapman home, covers being marked for the guests by eight small tables. Red carnations and fresh-baked Valentine place cards were used in decoration, and the menu carried out a color scheme of red and white. Mrs. Jack Thorp and J. D. Sienema were awarded the high score prizes and consolation went to W. L. McFarland.

Past Matrons Entertained—Mrs. P. W. McRobert, assisted by Mrs. J. W. Houston, delightfully entertained the members of the Park Matrons club on Friday evening at her home on Blue Lakes boulevard. Mrs. D. W. Jenkins presided during the business session and members responded to roll call with quotations from or incidents pertaining to the life of Abraham Lincoln. Madeline Fred Walker, E. J. Daly, J. H. Murray, and Shank of Baird and Mrs. Wood of Twin Falls were guests of the club. South Smith invited the club to meet with her on Friday evening, March 4, and the remainder of the evening was spent on a delightful and delicious luncheon.

jesters Attend Play—The members of the jesters club had a scattering for last night's performance of "Peg O' My Heart," presented by the Mazy Players at the Lakeridge theatre. The actors worked into their lines several clever remarks concerning the jesters. This is the second pre-entertainment of the club to have been invited to the club to meet with her on Friday evening, March 4, and the remainder of the evening was spent on a delightful and delicious luncheon.

Excelsior Social Club Members—Mrs. E. Lowry entertained the members of the Excelsior social club Wednesday evening at her home. The program included a humorous reading and a guessing contest. At the close of the afternoon the hostess served luncheon.

Entertained at Hausen—The members of the T. S. S. club motored to the country home of Mrs. John W. Walden, near Hausen, Friday for the regular club meeting. A "potluck" luncheon was served at one o'clock and the remainder of the afternoon was spent socially. Mrs. C. W. Collier and Mrs. Spencer of Hausen were guests.

Acirema Club—Mrs. C. D. Hunt entertained ten members of the Acirema club at her home on Myrtle avenue Friday afternoon. Refreshments and conversation occupied the afternoon's diversions. At a late hour the hostess served a delicious luncheon.

Hoax: Tragedy

Veda Bellefeuille longed to be loved like the heroines in story books are loved. So the twenty old Marshalltown, Ia., girl wrote letters to herself from imaginary suitors and showed them to her fiance, Charles L. Elford. As a result, Elford's body was found in his hotel room the other day. It is believed that jealousy led him to take his own life.

YANKEES ARE NOT BOASTING ABOUT TEAM

Miller Huggins Resents Early Dope About His Team's Easy Skipper and Dislikes Predictions That Yanks Have a Cinch on the Flag.

By HENRY L. PAIRICEL. NEW YORK, Feb. 5.—Miller Huggins, the manager of the New York Yankees, is not so much a booster as he is usually supposed to be...

young pitching strength. The Athletics, with Eddie Collins, Zack Wheat and Joe Judge, will be an improved club in more ways than one.

Collins and Wheat may be just the experienced veterans needed to balance the team and put some real fighting spirit into it.

The Senators' lineup is certainly an attraction. Speaker is still a great ball player and circumstance has not meant to encourage him to play his heart out.

Success, last year due to the fact that the Yankees over their successors have the club enough of a head to withstand the terrible slump that came in the final dash to the wire.

If the club should not happen to have the same speed of the stars this season, they certainly are no cinch.

The addition of Rogers Hornsby and three bats of the slightest chance that he will not play with the Giants.

Metzger, like Huggins, doesn't like to have his athletes told that they are so good.

The Cardinals may not be as strong as they were last year, but they are still a team to be feared.

BUHL WINS TWO KIMBERLY GAME

Conch Barry's Sixth Takes Opening Game 25 to 10 Scores Kimberly Boys Lose 28 to 9.

KIMBERLY, Feb. 5.—The Buhl quintet started the game rather slow and appeared to be afraid that something might happen to mar the contest.

However, in the second quarter they got going and scored quite freely.

The first quarter closed with the score 8 to 0 for Buhl. The end of the second quarter showed that the Buhl boys had chalked up 21 points.

Very little scoring was done in the third quarter but it closed 26 to 5 for Buhl.

Kimberly did the bulk of the work in the last period, running up their score to nine points, while the visitors put but two points.

Davis and Sherman tied for high point men with 16, each in about two quarters of playing time.

The curtain raiser between the eighth grade teams of Buhl and Kimberly, the local win by the score of 12 to 11.

Kimberly did the bulk of the work in the final minute and the Kimberly lads converted a foul throw for the winning point.

BURLEY LOSES TO RUPERT BUT GIRLS VICTORS

BURLEY, Feb. 5.—The Burley and Rupert boys' basketball teams met in a three-play game at the first basketball game since the boys' season opened.

The Burley boys were defeated by a score of 22 to 25. The girls, however, were victorious by a score of 18 to 12.

However, Burley should have won the boys' game if they had only been better in their defense.

The girls' game was a close one, but the Burley girls were able to hold their own in the second quarter.

In the boys' game the Wildcats were able to outscore the Eden quintet in the first quarter.

SHALL BLOOM BE RETAINED?

Just now there seems to be quite a little excitement in Twin Falls over the election of a school superintendent. Quite a number of petitions are being circulated, some for and some against Superintendent E. D. Bloom, the present head of our school system.

In selecting a manager of our school system it is worth thinking over just what effect the change will have if those who are determined that the only thing to do is to make a change.

We believe that a majority of the board of education will vote for the re-election of Superintendent Bloom but this fight is bound to injure the school organization in the eyes of the pupils and in the minds of the patrons as well.

Another thing which excited the folks somewhat was the announcement that a secret meeting of the board was to be held. Secrecy is always looked upon with suspicion and naturally enough this aroused those who felt that something was about to be slipped over. The result was that petitions began to be circulated.

BOISE CHARTER AND TWIN FALLS EXPERIENCE

Boise by its vote Thursday decided to go back to the old special charter of 1866, as it was amended before the change was made to the cabinet form of government. There had always been a strong element in Boise opposed to the cabinet form.

After a time, the backers of the majority ticket started to circulate a petition for the city manager plan. It then developed that the commission form men had quietly circulated a petition for that form, and filed it before the other, giving them the edge on the situation, and allowing them to have a vote on their plan before the other could be voted on.

The result of the retreat on the part of the men backing the city manager plan was to increase the majority for the commission form of government. If, indeed, this retreat did not carry that form.

HOUSE BILLS INTRODUCED

Bills passed by the house on Thursday:

House bill No. 25, by Mr. Marshall Clearwater, permits highway districts to make a special levy for trunk highways when the bonded indebtedness does not exceed 10 percent of the district's total valuation. The bill increases the bonded indebtedness limit for this purpose from 5 to 10 per cent.

House bill No. 52, by Paul Blaine, to permit exclusion of agricultural lands from city limits.

House bill No. 65, by the education committee, increases the maximum tax levy of independent and rural districts to permit exclusion of agricultural lands from city limits.

Mr. and Mrs. Roy Peterson and family spent Sunday evening at the J. S. Thompson home.

and Mrs. W. J. Burke and son. Mr. and Mrs. Will Vogel and family of Utah were Sunday guests of Mr. and Mrs. Annie Vogel. Mr. and Mrs. John Robertson and family were also here.

Mr. and Mrs. J. S. Thompson and son Alpha went to Twin Falls on Thursday Saturday.

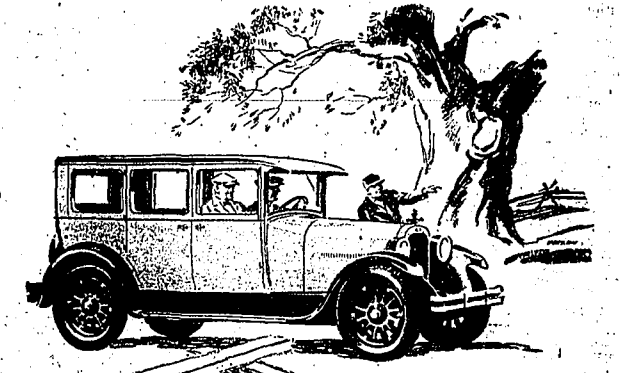

House bill No. 66, by the insurance committee, bestows life insurance policies taken out by corporation boards of directors on the lives of its members.

House bill No. 71, by the chief and county committee authorizes municipalities to provide electrical wiring and use of electrical appliances, stores and use of photographic supplies and operation of motion picture machines.

House bill No. 98, by the judiciary committee, permits county commissioners to pay expenses of returning for trial in Idaho a person extradited from another state, when state funds for return of alleged criminals have become exhausted. This bill was passed under suspension of the rules to permit Ada county to return Alvin Stein from Cincinnati, Ohio. Stein is wanted here on a charge of larceny.

Senate bill No. 9, by the cities and towns committee, gives second class cities the right of first class cities to set zoning ordinances. These last two bills were passed at the afternoon session.

If you don't use it someone else does. Try a want-ad.

How to read Percentages

Were Dodge Brothers to sell 100 motor cars one year and 200 motor cars the next, they could truthfully announce that their sales had increased 100% in a single year. Yet they would only have sold 300 motor cars in all.

In other words, PERCENTAGE of annual gain is not conclusive. THE NUMBER of cars sold is the true test.

That Dodge Brothers sales in 1926 showed an increase of 27.6% over 1925 is not the MAJOR fact to consider—striking as it is.

But that Dodge Brothers sold 259,967 cars in 1925, and then in 1926 sold 331,764—a gain of 71,797 sales in twelve months—tells a story of growth that stands out like a tower on the skyline of the industry.

Three hundred and thirty-one thousand buyers LAST year! Many more vital improvements added THIS year! No increase in price! Three powerful arguments for earnestly investigating this smart and sturdy product before deciding what to buy!

RARE BIRDS FOUND IN TWIN FALLS CITY

Many Rare Species are Described by Prominent Student of Birds in Twin Falls; Ten New Types Noted

(By Mrs. E. D. Blom)

Several people in the city have seen large flocks of rare birds this week. Four or five hundred of these strange birds were seen at the corner of

Washington and Third street east feeding on seeds of the Russian olive trees. They are one of the "Bismuth" birds, and are commonly called waxwings.

One of these "Bismuth" birds, and neighboring parts of Asia, another in North America and a third in circum-polar. The latter is the one that came here in flocks this week and is the Bohemian waxwing. It is about the size of a robin.

WASHINGTON—Major folk out of ear of earlier that goal to attend the session that opened the Smith debate an hour before its usual opening of the Senate.

When the senatorial gallery was empty, but that reserved for senatorial families was jammed and he saw all the senators.

When the Senate finally refused to accept Frank L. Smith's Illinois, Speaker Longworth will be glad to have him over in the House.

Not that Smith was actually hugged or kissed, but Speaker Nick was glad to have him on the back so enthusiastically as to register open endorsement.

Smith was welcomed by other Old Guardmen, such as Senator Gilbert M. Denny, at the long-winded greeting was not his first.

JUDGMENT FOR \$25,000 IS PAID TODAY

Portland Cattle and Loan Company Closes Last Chapter of Suit Which Decides That Feeder Inc. Precedence Over Mortgage by Paying Cash.

One of the largest judgments ever paid in this county was settled this week when the Portland Cattle & Loan company delivered today to Judge E. A. Walters of the legal firm of Walters & Egan, \$25,000 principal and \$10,000 interest with costs in final adjustment of the claim of Gould & Egan of Butte. This case, which has been in litigation for nine years, is of special interest to farmers since it upholds the right of the feeder of cattle to collect his fees and holds that his interest is paramount to that of the mortgagee.

Facts of Case. Fred J. Hill left a herd of stock with Glenn Gould and Edna Gould to feed and winter. The Portland company had a mortgage on the livestock and said that it was not obliged to pay feed & board. It had not contracted with them. They brought suit by Judge Walters. Judge W. A. Babcock held that the state governing the fees of livestock keepers was broad enough to protect the feeder. The case went to the supreme court, where this judgment was affirmed. The Portland company asked a rehearing, which was denied by the supreme court, thus closing the case.

Welch Will Define Position at Meet Here on Tuesday

Commodore John S. Welch, of the state department of agriculture is expected to elaborate on his views regarding branding, marketing, etc., at the meeting of the Twin Falls Horticultural society at the Parish hall, Tuesday afternoon at 1:30. An interesting feature promises to be in regard to removal of spray material. In certain quarters purchasers have been alarmed over the idea that poisonous spray remains on the fruit, and it is essential that it be made clear that this is a mistake. M. L. Dean, director of plant industry will talk on this subject and Harry Sabin will discuss branding and grading. Claude Wainfield, entomologist of the experiment station, will talk on orchard pests.

Foolish Despair
Despair is like forward motion, who, when you take away one of their playthings, throw the rest into the fire for machines. It goes on with itself, turns its own executioner, and revenges its misfortunes on its own head. It refuses to face under disappointments and crosses, and chooses rather not to be at all, than to be without the thing which it hath once imagined necessary to its happiness.—Chaucer.

Wasps Natural Thieves
Wasps are natural thieves, and they pilage the sweet things from all manner of places, even the bees not being immune. But the wasp's a cunning thief, also, chewing up bits of wood and mixing it with a glutinous saliva to make a paper-like substance out of which to build its nest. This queen wasp is a good laborer in her own day but eventually she devotes herself entirely to laying eggs.

Announcing

Heppler Nash Motor Co.

Nash Dealers

It is a genuine privilege and pleasure to announce that the Heppler Nash Motor Company has assumed Nash representation in Twin Falls.

We feel that the Covey Ballard Motor Company and owners in this territory are fortunate in having the Nash franchise entrusted to an organization of such unusual ability and excellent reputation.

The new Nash home at 319-321 Main Avenue West is amply provided with modern and efficient service equipment, and owners in this section are assured of a high standard of car maintenance.

You are cordially invited to visit these headquarters to view the full display of the NEW ADVANCED SIX, SPECIAL SIX and LIGHT SIX MODELS just introduced by Nash to the public.

Powered with seven-bearing crankshaft motors, these new Nash models reveal a calibre of performance which is immediately recognizable as of decisive superiority.

Among the wealth of attractive new features and refinements included in all of these models are: 4-wheel brakes of special Nash design; five disc wheels as standard equipment; air cleaner; oil purifier; and full force-feed oiling system.

Cars Will Be on Display Monday

The Nash price range on seventeen different models extends from \$865 to \$2090, f. o. b. factory

NEWS OF THE SPORT WORLD

YANKEES ARE NOT BOASTING ABOUT TEAM

Miller Huggins Resents Early Dope About His Team; Little Skipper Is Not Easily Satisfied and Dislikes Predictions That Yanks Have a Cinch on the Flag.

By HENRY L. FARRELL. NEW YORK, Feb. 5.—Miller Huggins, no more superstitious than any other baseball manager, resents strongly the allegation of the sports writers that the New York Yankees are a sure repeat in the American league pennant race.

Morgan is not easy to satisfy. Last spring in the St. Petersburg training camp he became furious because some of the sports travel-ers had said that the Yankees were not all alike and in spreading the kind of fun about his Yankees and Morgan that only the Boston Red Sox would be able to beat out his club for last place.

"They were wrong last year, in placing my ball club," he said, "and they are wrong this year, in saying that we have the pennant in a walk."

Huggins admitted that he had a good ball club—that he will have if they all stick and in spreading his gloom the little manager may have told the athletes that they are no good."

"We didn't have any cinch last season," he said. "Cleveland gave us an awful fight in the final game and even if Speaker will not be with the Indians this year the club ought to be as strong as it was last season. The Athletics had the best attendance since the close of the season and Washington certainly will be an improved club with Speaker in the out-looked that only the Boston Red Sox would be able to beat out his club for last place."

The Yankees' apparently are not interested in the club and from some reports it is thought they would like to see the Browns get the former Detroit star, as they feel they might be able to coax Ken Williams from St. Louis.

Young Pitchers Needed. Flaring on the wear and tear that a year works on ball players, the Yankees will not be any stronger this season than they were last year and the club is really in need of

pitching strength. The Athletics with Edlie Collins, Zack Wheat and Joe Moley, will be an improved club in more ways than one.

Collins and Wheat may be just the experienced veterans needed to balance the team and put some real fighting spirit into it.

The Senators' lineup are certainly as strong. Speaker is still a great ball player and circumstances in favor of his entrance into to play his head off.

Success Last Year Due to Start. The Yankees owed their success last season to a flying start that gave the club enough of a lead to withstand the terrible slump that came in the final stretch to the wire.

If the club should not happen to have the same speed at the start this season, they certainly are no cinch.

The addition of Rogers Hornsby and there will be the greatest change that he will not play with the Giants, but has John McGraw's club in the talk as a prospective champion.

McGraw, like Huggins, doesn't like to have his athletes told that they are no good. The Giants probably will start as an even better bet for the pennant but they are not worth tons of odds or any kind of odds.

The Cardinals may not be as strong as they were last year, but Pittsburgh Pirates ought to have more fight and better spirit than they had in the 1926 campaign. The Cincinnati Reds will be just as strong as the Giants were.

They will be stronger with Hornsby at second base and with Collins on the pitching staff but they have three good clubs to beat and the three will take a lot of beating.

BUHL WINS TWO KIMBERLY GAME

Coach Harry's Soccer Takes Opening Game by 22 to 15 Score; Kimberly Boys Lost 28 to 9.

KIMBERLY, Feb. 5.—The final quarter started the game rather slow and appeared to be afraid that something might happen to mar the contest. However in the second quarter they got going and scored quite freely.

The first quarter closed with the score 8 to 0 for Buhl. The end of the second quarter showed that the Buhl boys had chalked up 21 points. Very little scoring was done in the third quarter but it closed 26 to 6 for Buhl.

Kimberly did the bulk of the work in the last period, running up their score to nine points, while the visitors got but two points.

Davis and Thurman led for about two quarters of playing time. Sullivan for the locals gathered five of the nine points. Sizemore played a nice game at center, as did Hunt and Ballard.

Kimberly Wins Eighth Grade. In the curtain raiser between the eighth grade teams of Buhl and Kimberly the locals won by the score of 12 to 11. The score was tied when the final whistle blew and the Kimberly boys converted a field throw for the winning point.

Buhl Girls Win Easily. The Buhl girls had little trouble in running up a large score on the locals. The local girls fought hard all the way but the teamwork and size of the visitors was too much of a

handicap. The Kimberly forward missed many shots, but were unable to get the ball often enough to make many counters. Both McKay and Tuck played the game well and the winning contest also played nice work in getting the ball down the court.

SPORT TABS OF EVERY KIND

ST. LOUIS, Mo.—The St. Louis Cardinals announce receipt of a conditional contract from Frank Frisch, who finished in a trade with the New York Giants. The salary figure was not given.

CHICAGO, Feb. 5.—The Chicago Teachers' union today voted to accept a new contract with the city board of education. The vote was 15 to 10.

BOULDER, Colo.—(Special.)—Colorado university and Colorado Teachers will meet in a dual arena in the contest here tonight, marking the first appearance of the Silver and Gold squad here against a conference opponent.

GOODING PLAYS BRUINS TONIGHT

The Twin Falls Bruins meet the Gooding team tonight in the high school gym at 7:30. This is expected to be a real battle according to Coach Gooding because the Northerners are playing strong and the Bruins are in the best shape they have been in for several weeks.

BURLEY LOSES TO RUPERT BUT GIRLS VICTORS

BURLEY, Feb. 5.—The Burley girls won down to defeat in one of the hardest fought games witnessed here in years in the district house. Burley led most of the first half and the score showed that. Burley led of five points in the early part of the game while Rupert looked only on the score while Burley had a jump on the first quarter with a lead of 12 to 5. Burley played a solid ball and won the game by a score of 22 to 15.

The first quarter should be given credit for the victory. Burley led 12 to 5 at the end of the first quarter and the girls played a solid ball and won the game by a score of 22 to 15.

However, Burley should have won the game had the girls played the same way in the second quarter and had kept the lead made in the first quarter. The girls played a solid ball and won the game by a score of 22 to 15.

SHALL BLOOM BE RETAINED?

Just now there seems to be quite a little excitement in Twin Falls over the election of a school superintendent. Quite a number of petitions are being circulated, some for and some against Superintendent E. D. Bloom, the present head of our school system. The election of a superintendent of schools for the next three year period is before the board of education and the public is very much aroused over the question. There has been very little open opposition to Mr. Bloom up to this time but the opposition seems to have organized their forces and are now putting up quite a fight against his re-election. The majority of this opposition arises we believe from those who have had relatives whom they had hoped to find positions in the schools and who were denied such position because of the reassignments of the board. In any event much opposition has arisen from this source and this coupled with the other minor objections which always arise in cities this size, because many citizens feel that they know better how to run the school system than the superintendent or the school board.

In selecting a manager of our school system it is worth thinking over just what effects the change will have if those who are determined that the only thing to do is to make a change. Business institutions very often retain a manager or boss because of his acquaintance and because he knows the community needs better than a new man could possibly know such conditions. In other words, they dislike to lose a certain amount of business and the prestige which their place of business holds while a new manager is being broken in.

We believe that a majority of the board of education will vote for the re-election of Superintendent Bloom but this fight is bound to injure the school organization in the eyes of the pupils and in the minds of the patrons as well. It will be a great deal harder in the future for Mr. Bloom to accomplish the same results and get the proper co-operation because of this flurry. We believe that the condition is a very unfortunate affair and will make for very slight gain and the sum total of the loss will be much greater than the gain whether the present superintendent is elected or rejected.

Another thing which excited the folks somewhat was the announcement that a secret meeting of the board was to be held. Secrecy is always looked upon with suspicion and naturally enough this aroused those who felt that something was about to be slipped over. The result was that petitions began to be circulated.

BOISE CHARTER AND TWIN FALLS EXPERIENCE.

By James D. Wheeler.

Boise by its vote Thursday decided to go back to the old special charter of 1866, as it was amended before the change was made to the cabinet form of government. There had always been a strong element in Boise opposed to the cabinet form. The cabinet system as it operates in Twin Falls has developed some advantages and some disadvantages. Its adoption here grew out of a peculiar political condition. In a three cornered political fight—P. W. McRoberts, two councilmen and other city officers were elected on what was technically known as the Citizens' Manager Ticket, popularly known as the Service Men's ticket. Two councilmen were elected on the ticket headed by Tom Warner and known technically as the Citizens' ticket, and popularly as the church ticket. A third ticket Boyd polled a large per centage of the vote but elected no officers. This last ticket was opposed to the city manager plan and favored the commission form of government. The Citizens' ticket took no stand on this issue as a party.

After a time, the backers of the majority ticket started to circulate a petition for the city manager plan. It then developed that the commission form men had quietly circulated a petition for that form, and filed it before the other, giving them the edge on the situation, and allowing them to have a vote on their plan before the other could be voted on. Wisely or unwisely, and the writer who had been writing for the city manager plan believed unwisely, the city manager backers agreed to lay off in the educational campaign which they had started pending the election on the commission form. As the campaign developed this course led to two developments, both favorable to the commission form. One element which favored the city manager plan thought the commission form better than the old plan and voted for the change which, when made, would be fixed for at least six years. On the other hand, the more active opponents of the city manager plan among the friends of the old form of city government got the impression that if the commission form were defeated there was a plan on foot to put over the city manager system. A large element of voters from the old Citizens' party cast ballots with that in mind.

The result of the retreat on the part of the men backing the city manager plan was to increase the majority for the commission form of government, if, indeed, this retreat did not carry that form. However, as a whole the administration of the city has gone well. Except in a few instances it is hard to say that there would have been any material difference in administration had the municipality been run under the old plan by the same men that has been conducted by under the commission plan.

... A man's mother—killed—and her murderer—slain in death—had his face hardened, and with a leap of powerful muscles he was on his feet and rolling up his blanket. The light struck him so from the sun, the morning air lost its tang, his delight.

CHAPTER VI.—Continued. He looked around and into the face of Buddy, looking very white and sad as he was. "Say, Mister," whispered Buddy. "I want to thank you for letting me ride that wagon with you. You're a regular scout." "I like you, Buddy," said Fred, smiling.

Fred choked. "I'm—Fred, you're not, Buddy!" There was no answer but the lapping of water on the beach and the sound of Silver's propping legs near the shore. "You're not scared," said Fred. "I'm scared," said Buddy.

CHAPTER VII.—Continued. Down the shore the Sierra with a farthing gaiter of dripping sunlight. It was a cold dawn, and the small boys looked at their blankets at the margin of the lake. HOUSE BILLS INTRODUCED

Bills passed by the house on Thursday are:

House bill No. 26, by Marston, Clearwater, permits highway district to make a special levy for trunk high ways when the bonded indebtedness does not exceed 10 percent of the district's total valuation. The bill increases the bonded indebtedness limit for this purpose from 5 to 10 per cent.

House bill No. 52, by Paul, Blaine, amends the city charter of Bellevue in regard to election of agricultural lands from city limits.

House bill No. 55, by the education committee, increases the maximum tax levy of independent and rural high school districts from 16 to 15 mills.

This bill also prohibits districts may exceed the 15 mill limit upon a school, of the necessity heretofore to the

state board of education. House members introduced this measure the only successful legislation on Thursday, roll call showing 41 yeas, 21 nays, with 15 not voting.

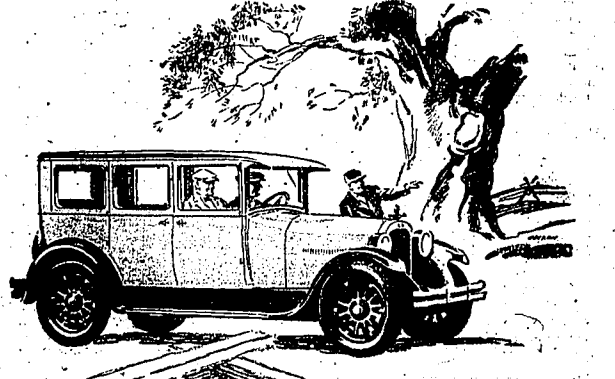

House bill No. 65, by the insurance committee, legalizes life insurance policies taken out by corporation boards of directors on the lives of its members.

House bill No. 71, by the cities and towns committee authorizes municipalities to regulate electrical wiring, and use of electrical appliances, storage and use of photographic supplies and operation of motion picture machines.

House bill No. 98, by the judiciary committee, permits county commissioners to pay expenses of returning for trial in Idaho a person extradited from another state, when state funds for return of alleged criminals have become exhausted. This bill was passed under suspension of the rules to permit Ada county to return Allan Stein from Cincinnati, Ohio. Stein is wanted here on a charge of forgery.

Senate bill No. 15, by the cities and towns committee, gives seven cities the right of first class cities to enact zoning ordinances. These two bills were passed at the last afternoon meeting.

How to read Percentages

Were Dodge Brothers to sell 100 motor cars one year and 200 motor cars the next, they could truthfully announce that their sales had increased 100% in a single year. Yet they would only have sold 300 motor cars in all.

In other words, PERCENTAGE of annual gain is not conclusive. The NUMBER of cars sold is the true test.

That Dodge Brothers sales in 1926 showed an increase of 27.6% over 1925 is not the MAJOR fact to consider—striking as it is.

But that Dodge Brothers sold 259,967 cars in 1925, and then in 1926 sold 331,764—a gain of 71,797 sales in twelve months—tells a story of growth that stands out like a tower on the skyline of the industry.

Three hundred and thirty-one thousand buyers LAST year! Many more vital improvements added THIS year! No increase in price! Three powerful arguments for earnestly investigating this smart and sturdy product before deciding what to buy!

RARE BIRDS FOUND IN TWIN FALLS CITY

Many Rare Species are Described by Prominent Student of Birds in Twin Falls; Two New Types Noted.

(By Mrs. E. D. Bloom)

Several people in the city have seen large flocks of rare birds this week. Four or five hundred of these strange birds were seen at the corner of 4th and Main streets and feeding on seeds of the Russian olive tree.

They are one of the "Bombay-birds" family and are commonly called "white throats" by the people of the north.

These birds are quite tame and may be closely observed if you approach them slowly and without talking.

Washington News

BY RODNEY DUTCHER WASHINGTON—Many folk got out of bed earlier than usual to attend the session that opened the Senate's first day of work before the usual opening of the Senate.

The galleries were packed tighter than at any time since Congress came for its present short session—many spectators who either had to stand in the aisles or sit on the floor.

The diplomatic gallery was empty, but that record for senatorial families was jammed and so were all the others. The Senate chamber of a House crowded all got to see an eminent Christian, led to the floor.

The fact that the eminent Mr. Smith had numerous defenders anxious to see that he at least be allowed to state his views and then the speaker's wife, displayed great interest from her usual seat in one of the reserved galleries.

WHEN the Senate finally reconvened to accept Frank L. Smith of Illinois, Speaker Livingston, will be asked to have him over in the House.

JUDGMENT FOR \$25,000 IS PAID TODAY

Portland Cattle and Loan Company Closes Last Chapter of Suit Which Decides That Feeder Has Preference Over Mortgage by Paying Cash.

One of the largest judgments ever paid in this county was settled this week when the Portland Cattle and Loan company delivered today to Judge E. A. Walters of the legal firm of Walters & Parry, \$15,000 principal and \$10,000 interest with costs in final judgment of the claim of Gould & Frost of Butte. This case, which has been in litigation for nine years, is of special interest to farmers since it upheld the right of the feeder of cattle to collect his fees, and holds that his interest is paramount to that of the mortgage.

Facts of Case. Fred J. Hill left a herd of stock with Glenn Gould and Elijah Frost to feed and water. The Portland company had a mortgage on the livestock and said that it was not obligated to pay Gould & Frost, as it had not contracted with them. They brought suit by Judge Walters. Judge W. A. Babcock held that the statute governing the fees of livery stable keepers was broad enough to protect the feeder. The case went to the supreme court, where this judgment was affirmed. The Portland company asked a rehearing, which was denied by the supreme court, thus closing the case.

Welch Will Define Position at Meet Here on Monday

Commissioner John S. Welch, of the state department of agriculture is expected to elaborate on his views regarding branding, marketing, etc., at the meeting of the Twin Falls Horticultural society at the French hotel, Monday afternoon at 1:30. An interesting feature promises to be in regard to removal of stony material. In certain quarters purchasers have been alarmed over the idea that poisonous spray remains on the fruit, and it is essential that it be made clear that this is a mistake. Mr. Le Deane, director of plant industry will talk on this subject and Harry Sabin will discuss branding and grading. Charles Whitefield, entomologist of the experimental station, will talk on orchard pests.

Foolish Despair
Despair is like forward children, who when you take away one of their playthings, throw the rest into the fire for madness. It grows angry with itself, turns its own expectations, and revenge its infirmities on its own head. It refuses to live under disappointments and crosses, and chooses rather not to be at all, than to be without the thing which it hath once imagined necessary to its happiness.—Chapman.

Wasps Natural Thieves
Wasps are natural thieves and they pilfer the sweet things from all manner of places, even the bees' not being immune. But the wasp is a unique creature also, chewing up bits of wood and mixing it with a glutinous saliva to make a paper-like substance out of which to build its nest. The queen wasp is a good laborer in her colony, but eventually she devotes herself entirely to laying eggs.

Announcing

Heppler Nash Motor Co.

Nash Dealers

It is a genuine privilege and pleasure to announce that the Heppler Nash Motor Company has assumed Nash representation in Twin Falls.

We feel that the Covey Ballard Motor Company and owners in this territory are fortunate in having the Nash franchise entrusted to an organization of such unusual ability and excellent reputation.

The new Nash home at 319-321 Main Avenue West is amply provided with modern and efficient service equipment, and owners in this section are assured of a high standard of car maintenance.

You are cordially invited to visit these headquarters to view the full display of the NEW ADVANCED SIX, SPECIAL SIX and LIGHT SIX MODELS just introduced by Nash to the public.

Powered with seven-bearing crankshaft motors, these new Nash models reveal a calibre of performance which is immediately recognizable as of decisive superiority.

Among the wealth of attractive new features and refinements included in all of these models are: 4-wheel brakes of special Nash design; five disc wheels as standard equipment; air cleaner; oil purifier; and full force-feed oiling system.
