## NEUTRALIZED ZONE FAVORED BY CHINESE

**Manchurian War Lord of Northern China Approves Neutralized Zone Around Shanghai to Prevent Mob Violence.**

PEKING, Feb. 7.—The United States suggestion that the international settlement at Shanghai be neutralized to prevent fighting of mob violence in the city today had the approval of Marshal Chang Tso-lin, Manchu war lord and most powerful of the Northern Chinese military.

It was understood that Chang, although fully in favor of the American suggestion would make a written reply to United States Minister Mas Murray for transmission to Secretary of State Frank B. Rowland. Chang was understood to prefer that the United States accept his "reticence" in a neutralization scheme because a formal acceptance of it might arouse Chinese to allege that Chang was willing to surrender Chinese sovereignty at Shanghai.

Chang's neutrality proposal is being expected by Peking observers to regard neutralization as an unwelcome interference by Chinese interests assigned to secure the Northern army position at Shanghai by preventing the nationalists from capturing the city and then to halt the present flow of revenue from that port to Chang.

Koloff's neutralization proposal is being submitted to Marshal Chang, who commands the troops which now control and defend Shanghai.

## Bomb Believed to Have Wrecked Home Killing Two

**PITTSBURGH, Kan., Feb. 7.—**An explosion that destroyed a home and splinters, killed two children and severely injured their mother occurred shortly after midnight Monday morning.

Mrs. E. L. Mayberry is in a hospital in a critical condition. Her two small children were killed. Police believe a bomb was hurled into the house.

## IDAHO HAS IN TREASURY NOW 2,804,780.77

**State Treasurer Banks Makes Detailed Report of Condition of State When Office Is Turned Over to Successor.**

BOISE, Feb. 7.—Idaho's total cash accounted for in the state treasury, when D. F. Banks, retiring treasurer, turned the purse strings over to Byron DeLoach, the incumbent, on January 3, 1927, was \$2,804,780.77, according to a complete report handed to the incumbent by H. A. Blatt, director of the bureau of public accounts. The above total was divided as follows:

Deposited in banks, \$2,471,253.53	Involved, 125,552.89
Cash items, 3,562.75	

According to the state auditor's records, there was a balance of \$24,429.42 in 29 operating state funds on the above date. 289 separate funds and revolving funds showed balances of \$47,523.96 and \$35,702.57, respectively. The endowment funds had a total balance of \$52,017.25, the public school endowment fund having over \$132,000 of the total. \$24,429.42 in 29 operating state funds amounted to \$527,468.06, had been deducted from bank balances as is customary in the auditor's records.

Blatt's thorough report shows in detail the verification data resulting from a check-up on the deposits in various banks listed as depositories. He also speaks into the status of all revolving funds set up in the treasurer's office for the convenience of state departments and agencies.

The report states that the funds are being managed in a most correct and in agreement with the state auditor; that a physical examination of all funds in the office belonging to the state or held in state bonds, was made and found to agree with the records.

## FUNERAL OF EX-EMPEROR IS HELD TODAY

**Nearly Million and Half People Witness Cortege of Emperor As Body Is Taken to Imperial Gardens for Final Rest; Ancient-Shinto Ceremonies**

TOKYO, Feb. 7.—Japan's millions bowed in mourning today as the body of Emperor Yoshihito, who died December 27, was borne through the streets of the capital to the imperial gardens for the final funeral rites.

Pilgrims from every corner of the land of the rising sun gathered in Tokyo, and it was estimated 1,500,000 lined the route to the gardens. The ancient Shinto ceremonies were strangely blended with modernity and microphone along the line of march enabled millions unable to be present to join in the national mourning. Even the creaking wheels of the great funeral cart were caught on the radio.

The creaking of the wheels was the symbol of the nation's sorrow, caught up by the radio, the arrangement, in rhythmic seven note cadence, was scattered through the air to the farthest part of the island empire, heard for the first time by other than the crowd huddled along the line of the procession.

The draw of the wheels, by ancient custom, is made by a mechanical arrangement, in rhythmic seven note cadence which emit the sounds in regular order from the time the procession starts.

Business was suspended during the day as the crowd gathered and sought vantage points. At night the electric lights were not turned on and the magnificent procession wound through the streets in the impressive light of flickering torches, reflecting in gleaming points from a recent snowfall.

## CONGRESS TODAY

SENATE: Resumes consideration of conference report on radio bill; continues debate on McCarry-Haugen farm shelter bill beginning at two o'clock. Thursday afternoon session begins consideration of Senate message.

HOUSE: Considers \$100,000,000 military appropriation bill; military committee considers Muscle Shoals bill.

## BAPTIST PASTOR GOES TO ASYLUM

**SALEM, Ore., Feb. 7.—Rev. Walter G. Jones, Baptist minister, charged with violation of the Mann act, was an inmate of the State Hospital for the insane here today.**

The wife pastor of the Protestant Baptist church a few years ago, Rev. Jones was admitted insane at a court hearing in Portland yesterday following an examination by Dr. William Hume, mental expert, appointed by the federal court to determine the mental condition of the tall, homely pastor.

Dr. Hume was accused of framing the Rev. Jones, jury members from Portland and Fort Worth, Texas, for immoral purposes.

All charges against him have been dismissed.

## Book of Prayer May Omit 'Obey' from Marriage Ceremony

LONDON, Feb. 7.—Misses the word "obey" in the marriage service and with other vital changes suggested, the bishops of the Church of England today presented to the joint convocations of York and Canterbury their proposals for altering the "Book of Common Prayer."

Discussion of revision of the book of common prayer has kept the bishops busy during the month. Delegations have marched to the palace of the Archbishop of Canterbury in protest against this or that proposed alteration.

In most instances the high church and factions within the church of England have been in direct opposition regarding the "advantage of changes."

## TWO BROTHERS SHOT IN LONELY LIQUOR QUARTER

SALINAS, Calif., Feb. 7.—Bodies of two men shot to death in a lonely ranch house on Peach Tree Grade, five miles southeast of Salinas, were found today, confounding authorities with a gruesome murder mystery.

The slain men were William and Dan Jones, brothers.

Evidence of a brawl in which liquor is believed to have played a part were found in the house, authorities were told.

## MUCH VITAL LEGISLATION IS PENDING

**Authority to Grant Loans to Veterans on Compensation Certificates; New Cruisers, Boulder Dam and Muscle Shoals Bills Are Still Pending.**

WASHINGTON, D. C., Feb. 7.—House leaders today began an inventory of pending legislation preparatory to turning over to the legislative underwriter many bills and resolutions reported favorably by committees. Only bills of major importance will be accorded a place on the calendar for the remainder of the session.

All appropriation bills have been passed. The executive bill is expected to be sent to the senate either today or tomorrow and the second deficiency bill will be taken up sometime next week.

Some of the measures which probably will be given a preferential status today are:

"Authority for the veterans' bureau to grant loans on adjusted compensation certificates; authority for construction of new homes; improvement of naval station and construction of a new state office building and construction of additional veterans' hospitals.

Legislation will "go up in the air" on several important matters, including reappropriation, Boulder dam, Muscle Shoals and creation of a private corporation to handle medicinal whiskey.

The Boulder dam and Muscle Shoals projects are causing no end of worry. The senate measure stands a better chance of solution than the dam project. Executive meetings with representatives of the American Cyanamid company and the Farmers' Federation Fertilizer corporation on their offers for Muscle Shoals will be concluded this evening by the military committee.

Nothing will be reported after joint hearings committee members said neither bill would be accepted in its present form.

The levy of the two bills in grant of fertilizer production and the right of the government to reacquire the properties in case the offers are not fulfilled.

Should both offers be rejected, the committee will submit a government appropriation bill to the house. Leaders would then be portrayed over the Muscle Shoals problem but promise to expedite consideration of the recommendations of the military committee.

While the Swing-Johnson Boulder dam bill is pending in the senate.

(Continued on page 3)

## FIREMEN AID KILLED IN COLLAPSE OF WALLS

CHICAGO, Feb. 7.—Two firemen were killed when the walls of a thirteen story building collapsed while fire fighters were attempting to extinguish the blaze.

The other men were seriously injured and several others were killed and several others by the falling debris. The thirteen-story wall of the William Flynn and Joseph L. K. building collapsed.

The fire had burned unchecked for a long time.

## MCMARY FARM BILL WILL PASS IN FEW DAYS

**Chairman McNary and Congressman Haugen Predict That Bill Will Pass Senate and House This Week; Radio Bill Comes Up Today.**

WASHINGTON, D. C., Feb. 7.—Only an unexpected break could prevent adoption of the McCarry-Haugen farm stabilization bill, farm loan holders of both houses predicted today as committee members hurried to work days of the short session.

Both Chairman McNary of the senate appropriations and Chairman Haugen of the house agriculture committees said a vote may be expected before the end of the week. They predicted the long delayed farm relief measure would pass the senate by a margin of at least six voices and the house by a margin of ten.

If the vote is in danger of delay, Senator Goetzling, republican, Idaho, is prepared to offer the senate a provision to limit debate. There is no chance of a filibuster in the house, although it may encounter some parliamentary difficulties to hold it up beyond the planned period for debate.

## IDAHO SENATE GETS THIRTY NEW MEASURES

**Another Old-Fashioned Bill Introduced; School Transportation Bill Approves; Thanks to Be Presented to Purchase Stock in Building.**

BOISE, Feb. 7.—The senate of Idaho received thirty new measures when twenty measures were introduced, a third as many as have been introduced since the session started.

Most of the measures are appropriations bills and a few are general bills.

Measure bill 22, to purchase, improve and alter Park, Greenway, direct Park, and other public buildings, was introduced by the senate.

The senate will act on the bill today.

Radio Bill Is Up Today. The senate bill, introduced in the path of the farm measure, in the senate, is to be cleared away this afternoon and then the farm bill is scheduled to be kept before the senate until final action is obtained. McNary does not expect debate to last more than two or three days.

There are no bills scheduled to be introduced until the senate and friends of the measure have decided to keep silent in order to speed it up.

When President Coolidge will do about stating the bill is not revealed, but its friends predict he will not reject it.

## Postal Receipts for January Show Big Increase Over 1926

WASHINGTON, D. C., Feb. 7.—Postal receipts during January were \$10,234,023.40, an increase of \$1,277,522.65, as compared with the same month last year. Postmaster General New announced today.

Atlanta, Ga., with an increase of 14.1 per cent, led all the cities. Port Worth, Texas, with a gain of 11.5 per cent, followed. New York, N. Y., with an increase of 10.6 per cent, was third.

The seven ranking cities were:

New York, 10.6 per cent;	Los Angeles, 9.78 per cent;
Indianapolis, 9.76 per cent;	Philadelphia, 9.02 per cent;
Pittsburgh, 8.31 per cent;	San Francisco, 7.89 per cent.

## NEW YORK.—The National Professional Football League meeting here reached a tentative decision to divide the 22 team organization into two divisions of 11 teams each.

## BAND BRAWLS VAST CROWD TO CONCERT

Hundreds Are Turned Away From the Free Program by the Idaho University Musical Association. Numbness, Hysteria and Standing Room Are Exhausted.

Hundreds were turned away Sunday afternoon after standing room had been exhausted for the free Idaho Pop band concert at the Twin Falls high school auditorium. Lines before the time for the beginning of concert all seats were taken and standing room was occupied. A stream of people were leaving thereafter, while an untold number of people were waiting in the vain hope that perhaps they could get in. A large number stood in the aisles during the concert.

The Twin Falls might have an opportunity to hear the organization of 22 members, which includes Hoy Stephenson, a Twin Falls high school senior.

The band struck a responsive chord. The saxophone quartette was also a pleasing feature.

## Talking Films and Telegraph Pictures Are Controlled

SAN FRANCISCO, Cal., Feb. 7.—Fundamental patents secured by the Federal telegraph company will control production of talking or musical films, the transmission of pictures by wire, radio, television and methods of producing sound or phonograph records through use of light beams, it was believed today by Rudolph Speckler, one of the company owners.

## ANOTHER ONE OF THOSE SLOW-MOVING GAME S

## Potato Growers Cautioned Not To Plant Too Heavy

**Agricultural Outlook Report for 1927 Cautions Growers Against Planting Too Heavy Crops of Potatoes and Onions; The Slogan Is 'Go Slow!'; Potato Shipments for Past Week Given.**

(By U. S. Department of Agriculture)

THE 1927 crop of potatoes in the agricultural outlook report for 1927 released recently says with respect to fruits and vegetables, it cautions growers against a considerable increase in acreage of the staple vegetable crops and favors reduction in onions, sweet potatoes, and several other crops. It also cautions growers against a considerable increase in acreage of the staple vegetable crops and favors reduction in onions, sweet potatoes, and several other crops. It also cautions growers against a considerable increase in acreage of the staple vegetable crops and favors reduction in onions, sweet potatoes, and several other crops.

The Potato Outlook.

After the relatively limited potato acreage of the few years past, after the short crops and favorable prices of 1925 and 1926, there seems to be some danger of over-planting in 1927. The crop is expected to increase to some extent, but the indications indicate a considerable increase of 13 per cent in the 1927 potato acreage. With average yield of 112 bushels per acre, an increase of 13 per cent in acreage would result in 400,000,000 bushels crop, or only 21,000,000 less than the harvest production in 1926 and growers doubtless would receive low prices. The disastrous season of 1924-25 should be a warning against such an increase of acreage as it is per cent. After the heavy production and poor returns of that season, plantings were reduced in 1926 to normal. The increase in acreage in 1927, however, is not to be made in both the early and the late states. Production also followed the trend in 1926, with a decrease in 1927. In other words, after a short crop year, heavier plantings in the early states and the south and the north, shipping sections seems to be a likely possibility. It is proportionately large acreage throughout the north and west crop states. This overproduction in the actions of growers in the north and south in 1927, is the feeling the markets may be in this year.

Not only in Michigan, Maryland and Idaho reported in the outlook, but the crop in the south and the north is also expected to be exceptionally large. It is estimated that 26,000,000 bushels of potatoes will be produced in the valley this year, compared with 24,000,000 bushels last season. Farmers made it possible to produce in 1926 and 1927.

(Continued on page 2)

## LUMBERMEN ARE SOVIETS, SAYS SPEAKER

White University Professor Tells Lumber Dealers That If They Demand More Legislation They Were Soviets.

SALT LAKE CITY, Utah, Feb. 7.—"Not all men are without neckties. Some of them put on waders' uniforms and address exclusive dinner clubs," said Dr. Elbert D. Thomas, professor of history of the University of Utah in an address recently to the annual convention of the Utah Lumbermen's association.

Professor Thomas declined to tell his lumbermen that if their organization was 100 per cent for lumbermen only, and advocated and lobbied for special class legislation, it was soviet.

"The man who says congress should be abolished and the president should run the country is just as belittled as those who come from R.N.D. Russia," said Professor Thomas.

The speaker continued by declaring "as long as you live with scattered poor across the people contented and the government stable. When you concentrate wealth you cause unrest and render government unstable."

The association's president expressed to Dr. Thomas the thanks of the association for the frankness of his address.

## BURLEY OUSTER IS POSTPONED

Failure of Judge Hartson of Boise to Arrive This Morning in Burley Caused Delay in Opening of Ouster Case.

(Special to the Times)

BURLEY, Feb. 7.—Delay in arrival of Judge Hartson from Boise prevented it impossible to begin the hearing in the ouster case against Prealey D. Pace, Cassia county sheriff, this morning.

Judge Hartson arrived at noon, however, and the case was set to open at 1:20 p. m. Motion to postpone the action on account of absence of material witnesses in the United States district court were on file by Attorneys E. V. Larson and Sylvester T. Lewis, lawyers, for H. Lelch, the complainant.

## LADY SWIMS CATALINA CHANNEL

### First Woman to Conquer Rough Channel of 22 Miles is Myrtle Huddleston; She is Middle Aged Woman and is Congratulated by Gertrude Ederle.

LONG BEACH, Cal., Feb. 7.—The first woman to swim the Catalina channel, famous 22-mile course, in the Wright Sea marlin, rode in her home here today while an 11-year-old boy related to her with his mother's amazing victory over the treacherous stretch of blue Pacific. The remarkable achievement of Mrs. Myrtle Huddleston, who started out on the rocks at Point Vicente and collapsed yesterday morning, after conquering the channel in 20 hours, and 42 minutes, was with the most vivid chapters of underwater fiction.

Attacked by barracuda, lost in a heavy fog, carried back several miles by strong currents and that she nearly died, she persevered until she reached the mainland of the middle-aged woman, whose distance swimming dates back only a few months, completed the task that other men have done, her time only bettered by the 17-year-old Canadian youth, George Young.

DETROIT, Mich., Feb. 7.—Gertrude Ederle, the first woman to swim the English channel, when informed by the United Press of Mrs. Myrtle Huddleston's successful negotiation of Catalina channel Sunday, said: "Gee, I'm glad to see another woman has shown that we are real swimmers. It's too bad that other men have done, her time only bettered by the 17-year-old Canadian youth, George Young."

Last Jury Case—The case of Lyon against Long, now on trial, will be the last jury case of the term, it was stated by Judge W. A. Bolcock this afternoon.

Filed Brief—Brief for the plaintiff in the case of Joe Marshall, et al., against the state board of agriculture was filed this afternoon by Judge James R. Botwell and T. K. Hackman. They claim that under the present rule commercial potatoes cannot be sold and that this is confiscation. The brief for the state is expected by mail from Boise.

My associated Salt Lake Hatchery now ready taking orders. Ancon and Hamson strain White Leghorns and B. P. Rocks; B. J. Rocks; and other breeds. All breeding flocks inspected; certified by Utah Poultry and Hatchers' Association. Eggs orders here now. Special prices. H. D. Hanson, Blue-Lake Div., north, Twin Falls, Idaho. Phone 51012.

### SPORT TABS OF EVERY KIND

EXCLUSIVE SPINNING, Mo.—West. League club owners agreed to a 164-game schedule for the 1927 season after an all-night session last night at the annual meeting here. First games will be played April 14.

KANSAS CITY, Mo.—Thousands of clay pigeons were shattered by 75 nationally known trap-shooters here yesterday who were warming up for the twenty-third annual state-wide shoot, scheduled to begin today at 10 a. m. Frank and Fred Etchen and Frank Trech and several other shotgun wizards have registered for the shoot.

EVANSTON, Ill.—E. P. Madigan, former star football player at Notre Dame university and of late years responsible for the development of winning teams at St. Mary's college, Oakland, Cal. is the latest possibility mentioned for the job of head football coach at Northwestern university. The position was left vacant several weeks ago when Glenn Tibbitts was resigned to accept a position at the University of Wisconsin.

NEW YORK.—The New York Rangers defeated the Pittsburgh Pirates, 2 to 1 in a National league hockey game here last night. In the first period the Pirates fought hard to tie the score but were prevented only by the strenuous defense of the Rangers.

NEW YORK.—Bogers Hornbly, just arrived from the New York Giants, started his Giant career with a prediction that McGraw's team would have the pennant won by the Fourth of July.

NEW YORK.—The New York chapter of the Baseball Writers' association, at its annual dinner last night, tried the famous Casey for sloughing, often he did him well known strike out and took all the joy out of Matville.

### Well Known Local Man Buys One of the Hoosier Stores

E. O. Haines, well known local man, who has been identified with the Hoosier Furniture company, for the past several years, has purchased the store at 212 Main street north, formerly known as the Hoosier Exchange. In the future the firm will operate under the name of the Standard Furniture company, according to announcement made today by Manager Haines. The company will continue in the same line, dealing in second hand and new furniture.

### GOODING TAKES DOUBLE HEADER

Gooding ..... 28  
T. F. Bruins ..... 27  
Twin Falls Girls ..... 15

While the above figures do not tell the story of the hoop game which was played here Saturday evening, yet these scores give some idea as to the two contests. The boys' game was a real battle from start to finish and several times the Bruins were in the lead and the score was tied a number of times. The first half of the game closed with the score 20 to 16 in favor of the Bruins. During the first quarter the efforts ruffled and foot the score at the close of the quarter. The score was 24 all. The Bruins seemed to lose their pep somewhat in the last period while the game was hard fought yet the Gooding quiet shot a couple of baskets in quick succession which gave them one point lead.

Halls Martin was the star for the Bruins and scored a total of 17 points with six field goals and five free throws. Kelly made four baskets and Haines garnered one. Ward at center played a good game and Nelson, at guard was working hard but his passing was not accurate. Kelly did not play his usual game when it came to shooting baskets. The whole Bruins squad was up in the air and with Captain Bertch out of the game on account of injuries the team seemed more or less out of luck as far as winning was concerned.

Warden for the Gooding team was the star with 10 points to his credit.

### GOLENSCHEN, THE OTHER FORWARD, SCORED 8 POINTS AND PRINCE CLAIMED UP THE OTHER POINT.

The girls' game was one sided and the Gooding level was too strong for the locals. The visitors mostly got the jump and this gave them the ball which is quite an advantage.

In the last two periods the north-siders drew away from the locals to win by an 11-point margin. However, Gooding forward, was high for points with 12, and Lauritzen, her roommate, gathered 11 points. For the Bruins Smith was high with eight points and Jenkins gathered five. The lineup:

Gooding: Twin Falls, Doyd; Light Forward, Lauritzen; Left Forward, Plack; Jumping Center, Huges; Running Center, Harris; Left Guard, Harris; Right Guard, Reference: Duchs, Boys. Twin Falls, Doyd; Light Forward, Galshebra; Left Forward, Humphrey; Ward Center, Prince; Left Guard, Reference: Lyons.

### BUHL TO PLAY T. F. BRUINS TUESDAY EVE.

Decisive Contest Scheduled for This Week in Sub-District Hoop Game; Buhl is Only Undrafted Team They Play Here Tuesday Evening.

The undrafted quintet of the west will come here tomorrow evening to play the Twin Falls Bruins, and this game may determine in a large measure whether Coach Haste will continue to coach here or not. He will come with his team from the district tournament, if the Bruins lose this game it will hardly be worth while to make the journey at the various teams and their results. Buhl and Buhl will fight it out on the floor tonight Friday and this promises to be a hot game, too. Buhl has a win over the Wildcats and it promises to be a fight for blood.

In the first end of the game it seems to have narrowed to Buhl and Gooding teams. These two have met once as yet and both have victory but the principal northern states to read observations. No other team in the district has made much of a showing in far. The coming week

### POTATO GROWER

(Continued from page 1) potatoes several weeks earlier than usual and potatoes were nearly completed by February 1. If growing conditions prove good, this crop will be making to market early, possibly starting by the middle of March. In case other early states throughout the south follow the example of Florida and Texas, it is reasonably sure that old potatoes will have to meet competition at the opening of spring. It is generally believed that heavier supplies are stored in the north than at this time last year. Opening sales of new stock are showing much lower prices than those of a year ago.

Extremely good weather the middle of the week again for the northern and eastern potato markets. Weather was reported some of the shipping centers reported 20 to 30 degrees or more below zero, so that haulages were very light, loadings were limited, and demand was much less than usual. Prices in southern New York and the north central region declined 5 to 20 per cent. The Idaho Falls market held nearly steady, E. O. R. prices in southern Idaho declined 5 to 10 per cent. Extreme general range of 11.00 to 2.00 compared with the wider range of 15.00 to 2.25 at the end of January, 1926. Combined shipments from the leading late crop states decreased about 100 cars to a total of 3500. Idaho shipped 1125, Minnesota 220, Wisconsin 420, and Michigan 225 cars. The season total to date from 1926 is 3530 cars ahead of last year's, corresponding movement for the principal northern states to show a net gain of only 100 cars over last year, with possibly 6000 cars yet to move during the

next five months. Terminal markets closed considerably weaker, with price declines of 10¢ to 25¢ per 100 pounds. Eastern round whites ranged \$2.70 to \$2.75; Maine Green mountains sold at \$2.35 to \$2.35, with tops of \$2.25 in Washington and Cleveland. Bulk Long Island Green mountains brought \$2.60 to \$2.65 in New York city, and the Chicago carlot price of sacked northern round whites was \$2.00 to \$2.20. Chicago sales a year ago ranged mostly twice as high. Idaho russets are now bringing only \$2.70 to \$2.85 in this market, but heat Idaho stock touched \$4.10 in Cleveland.

Shipments for East Week Idaho potato shipments for the past week amounted to 433 cars, just over the 30 per day mark. Of these, 317 went west, with 75 to southern California and 28 to the northern district. Idaho arrivals in Chicago totaled 191 cars, equivalent to almost a fifth of the shipments. Total United States shipments have increased to a daily average of 725 cars.

**OMAHA LIVESTOCK**  
OMAHA, Neb., Feb. 7.—Cattle—Receipts, 7500; market, 10.00 to 10.10; higher; yearlings, \$7.25 to 11.75; cows and heifers, \$7.00 to 11.00; steers and heifers, \$4.00 to 6.00; calves, \$5.50 to 6.50; bulls and stags, \$6.00 to 12.00; western ranchers, \$5.50 to 7.50. Hogs—Receipts, 8000; market, mostly 15¢ higher; bulk of country, \$11.50 to 11.75; top, \$12. Sheep—Receipts, 6500; market, steady to 25¢ higher; fat lambs, \$8.50 to 12.50; ewes, \$5; spring, \$10.00 to 11.00.

### Much Vital Legislation Pending

(Continued from Page 1) Sent bill has advanced further this session than at any time during its six years before congress there is a general feeling among veteran members that the measure is dead. When you need a job use The Times want column.

**Modern smokers enjoy the mellow fragrance of Camel**

THE smokers of this modern age appreciate the smooth, mellow fragrance of Camels—that taste and goodness that come from the choicest tobaccos grown. Camel's steadily growing popularity with modern smokers has given it the greatest preference any cigarette ever had. In quality and in fame Camel is supreme.

Meet the cigarette that has won the modern world. There is not another like it—regardless of the price. Always mellow, always mild—the smoothest smoke ever made.

"Have a Camel!"

don't wait until midnight Many telephone users stay up until midnight to place Long Distance calls. They want to take advantage of the lowest rates.

Exception to the Rule Other telephone users get into hot water, but the housekeeper hates to get out of it.

Relieves Indigestion Very Quickly Men and women all over the world have been taking a small, easy to swallow, purely vegetable, fruit, mint, and ginger, and relieve attacks of indigestion and sick headache.

Dean Nuttal of Provo, gave some wise counsel to the Leadership meeting at Burley last week, when he suggested that the teachers, with full regard to facts, bring out the most striking feature of the subject at hand in order to fix the attention of the pupil.

The bill permitting the collection of funds to cover interest and bond liquidation out of profits of municipal plants, which was introduced Friday by Senator W. F. Pike of this county ought to be enacted into law.

Do you know that while the sculptor chisels into stone the image that is in his mind he at the same time transforms the stone into the vision that burns in his brain?

IDAHO LEGISLATURE TO AID ADVERTISING CAMPAIGN FOR GEM STATE

Outstanding developments within and without the legislature of the past week were, first, the decision to provide the funds for the state to carry on an advertising campaign; and, second, the compromise proposal to make the Idaho Technical Institute at Pocatello the southern Idaho extension of the state university, or the University of Southern Idaho.

It is definitely certain that the legislature will provide some medium and method for carrying on a state-wide advertising campaign, either through the recreation of the office of the commissioner of immigration, a special commission, authorized to supervise the campaign, or a combination of both commission and commissioner.

For a number of years now—in fact, for the past four years—Idaho has been dormant so far as advertising is concerned, and it is admitted that this has been decidedly detrimental to the state.

WHY MOTHERS GET GRAY—HELPIN' 'EM.

HIGH SCHOOL TO HAVE ART DISPLAY SOON

Two Hundred Fine Pictures from Elson Gallery in Massachusetts to Be Shown in the School Library February 24-26.

An art exhibit of the highest character and worth is promised for the library of the high school for three days beginning February 24. It was announced today by Superintendent Ernest D. Bloom.

The display consists of 200 most noteworthy from the "Elson Art gallery" in Brookline, Mass. in various shades and colors. This is the first art display made in this city since 1916. All the works are highly prized.

KIMBERLY P. T. A. HOLD MEETING

The Kimberly P. T. A. meeting on Thursday evening was well attended, the attendance being filled to its capacity.

After a short business meeting the report for the picture was taken. Mrs. Bickel's room having the highest percentage of attendance, with an average of 62 per cent, was awarded the picture for the following month.

The meeting was then turned over to the chairman of the program committee, Mrs. Gray. The program consisted of appropriate music and addresses by Mrs. Gray, Mrs. Bickel and Mrs. Johnson.

The need of erasing an interest in the cause of prohibition among the young people as well as the older ones was stressed. The work of the Loyal Temperance Legion was explained. A meeting to be held at the grade building Friday afternoon was announced. The work of the organization is from five to sixteen years and the enrollment fee is ten cents.

The play, "The Eighteenth Amendment Fiasco" given under the direction of the W. C. T. U. was well rendered and heartily applauded.

FAMOUS STAGE PLAY TO SEE COMEDY PICTURE

The New York premiere of "The Nervous Wreck" at Christy's big laughing success which is on show at the Idaho theatre, found many well known stage players present to see how the characters they played in the stage hit looked after being transferred to the celluloid.

Harrison Ford plays the part of Henry Williams, interpreted at the Sam Harris theatre by Otto Kruger; Bygones Haver has the role played on the New York stage by Jane Walker; Chester Conklin plays the part taken by Holier Cavanaugh; Mr. Oswald is the "Jerome Underwood" that William Holden played; Vera Steadman is the daughter played on the boards by Mildred Nelson; Herbert Howarth has the role played by Joseph Brennan; Charles Gerard is the film counterpart of Albert Sackett; Paul Nicholson is the role played by Edward Arnold and Clarence Burton has the part portrayed by Billy Hatch.

Announcements The Neighbors of Woodcraft Temple club will meet Tuesday afternoon with Mrs. J. W. Sullivan, 262 Fourth avenue east.

Twin Falls Man Will Officiate on Northside

W. F. Hittler, had been selected to officiate the sub-district basketball tournament to be held in Gooding on February 17-19. The following teams will participate in this contest: Wendell, Bliss, Halley, Stogans, Carey, Jerome and Gooding. Hittler is an old basketball coach and had been called upon a number of times this season to officiate at the hoop games on this trail.

SPUD REPLEVIN CASE IS BEFORE DISTRICT COURT

C. A. Lyon, represented by J. W. Taylor, S. H. B. Long, represented by Haver Bickel, tried to hold potatoes while violating agreement.

A replevin suit, Lyon versus Long, involving right of possession to a car of potatoes was called this morning in the district court, when the case of Albert Miller, et al, against C. W. Koyan, was continued until fall when the interests of William Graham, et al, were called to trial, when the case of Albert Miller, et al, against C. W. Koyan, was continued until fall when the interests of William Graham, et al, were called to trial.

The claim of the plaintiff in the replevin suit is that he sold his potatoes to Long last fall for \$175 and that the latter did not carry out his agreement and is trying to hold a car of spuds to which he is entitled. Long claims that after Long paid the first car he refused to pay the stipulated price and instead an amount of \$157, which plaintiff says he did never intend to pay.

Chains of Lyon. The claim of the plaintiff in the replevin suit is that he sold his potatoes to Long last fall for \$175 and that the latter did not carry out his agreement and is trying to hold a car of spuds to which he is entitled.

RESURRECTION IS PROVEN BY MANY FACTS

Testimony of the Gospels, of St. Paul's Epistles and All Christian Scriptures Establish Truth of the Resurrection.

Proofs of the resurrection of Christ were forth Sunday morning, by John H. Reynolds, in connection with the subject in the Presbyterian church, Ketchikan, Alaska.

Blide Front Proof. However, the first proof of the resurrection lies in the teaching of the Bible. The witnesses of the gospel were true witnesses. Their accounts are in agreement and standing on another, are irrefragable; since the substantial different and both statements are true. Had they been called to account between the two, they would have agreed on telling exactly the same circumstances.

Blide Front Proof. However, the first proof of the resurrection lies in the teaching of the Bible. The witnesses of the gospel were true witnesses.
