SOCIETY

Champion's Bridge—One of the most charming affairs was the afternoon bridge with which Mrs. H. N. Chapman and Mrs. H. A. Brice entertained at the beautiful Chalmers country home on Wednesday. At bridge, which was played at four tables, Mrs. Claire Davis and Mrs. H. L. Dinkler were awarded the prizes. Large baskets of red carnations and fern decorated the rooms and red carnations in crystal had vases centered the tables at which a two course luncheon was served following the games. The candy baskets were of red and red velvet pine marked each plate.

Compliment Mrs. Wiley—Members of the Neighbors of Woodcraft Tumble club gave a handkerchief shower in compliment to Mrs. Betty Wiley Tuesday at the club meeting at the home of Mrs. H. C. Maguire. Mrs. Wiley is leaving the first of April to join Mr. Wiley at Salt Lake where they will make their future home. During the business session Mrs. Wiley resigned and Mrs. R. V. Sheppard was elected to take the place of Mrs. Wiley of the club. An amusing contest was conducted, Mrs. Sheppard winning the prize. Delicious refreshments were served by the hostess.

Entertain Bridge Club—Mrs. J. P. Orr entertained the Harmony Club on Wednesday afternoon at her home on Elizabeth avenue east, three tables playing Mrs. C. Moore captured the high score favor and Mrs. J. P. Orr her second. The low score award Mrs. A. A. Tamm, a guest, secured a pretty favor. Following play Mrs. Orr served a delicious two course luncheon.

Wednesday Bridge Club—This week the Wednesday Bridge Club entertained Mrs. J. P. Orr, Mrs. E. C. Owen, Mrs. E. C. Beach played high and Mrs. J. P. Orr secured high.

Mrs. Shaw, Hostess—Mrs. J. H. Shaw entertained sixteen members of the Women's Progressive club Wednesday afternoon at the home of Mrs. Shaw. Mrs. J. H. Shaw presiding over the business session, Mrs. Behr and Mrs. McClain were appointed directors in the Rural Federation and Mrs. Campbell was elected to membership. Ten guests of the club were present. Mrs. Shaw and Mrs. Haverhill served. Refreshments at the close of the afternoon.

M. S. and S. Club—Mrs. Verna Jordan, Mrs. Zella Jordan, Mrs. L. V. Robinson and Miss Emma Robinson entertained the M. S. and S. club on Wednesday afternoon at the home of Mrs. Verna Jordan. Mrs. C. R. Shipman gave a report of the last Rural Federation meeting during the business session. Mrs. J. H. Westfall was in charge of the program and read a paper on "Our District Schools". Mrs. C. R. Shipman won the prizes. Refreshments were served. Guests of the club were Misses Gertrude, Erlson, L. C. Robinson and P. H.

Men's Club—The Men's club met at the home of Mrs. A. N. Howell of Curry Wednesday afternoon with nineteen members responding to roll call with current events. During the business meeting the club voted to send \$10 to the Capper Home for Crippled Children at Tappan, Kansas. Mrs. E. J. Malone and Mrs. John Parish were welcomed to membership. Miss Mary Lou Bailey sang two delightful Irish songs and Mrs. J. H. Phil favored the club with several piano selections. At the close of the afternoon the hostess served a delicious two course lunch which carried out a color scheme of green and white. The next meeting will be on April 8 when Mrs. Bowen entertains the club at the home of Mrs. Chas. Dietrich of officers will be held at this time.

Woman So Nervous Can't Digest Food

"I was bothered with gas so bad that I thought I would choke. Food wouldn't digest but stayed in my bowels. I was so nervous, it helped till I heard of *Atlerika*. It has done wonders for me."—Mrs. T. A. Derolis.

Becase *Atlerika* acts upon the upper and lower bowels, it gives the system a *REAL* cleansing and clears out all poisons which usually cause gas, sour stomach, nervousness, sleeplessness, headache. Just ONE spoonful stops GAS, and relieves that full, bloated feeling so that you can eat better and sleep better. Even bowels move daily. *Atlerika* brings out much additional poison which you never guessed was in your system and which may have long caused trouble. No matter what you have tried for stomach and bowels, *Atlerika* will surprise you. Major's Pharmacy and other druggists.—adv.

LYTELL AGAIN IN HIS SUPER-HERO ROLE

Just a little while ago, Bert Lytell, playing in the Columbia production, "The Lone Wolf Returns," smiled cynically out from the screen and spoke the title which was heard around the world in the original story by Louis Joseph Vance.

"If I ever find a woman," he said, "who is more beautiful than the most beautiful I ever saw, I'll go straight."

In the same picture, "The Lone Wolf" met Billie Dove, and it was generally taken for granted that when answered the specifications, but now comes a man known as "Harry Lytell," who is no other than Bert Lytell, appearing in the role of a super-crook in "Oliver the Law," another remarkable drama from Columbia, which comes to the Idaho theatre Friday.

There is nothing unusual about a girl having two suitors, but when one is an ex-prize fighter and the other a champion boxer, she at least has a variety that is unusual as well as startling. This is what happens to the girl in "Hot Patter Salt No. 1," an A. O. Cook and Stuart which is coming to the Idaho theatre tomorrow when it begins a two day run. Rather than an active desire for publicity, and his character has a healthy aversion for a crabbed and complaining youth, so the story revolves about the girl's quest for a suitor.

"The Girl in the Hat" is a story first in the film profession and highly so in the story. There is a handling shock and run down millionaires, and it is here that the French, unaware of the owner's identity enter for a series of treatments. From then on the comedy is a riot of fun for the boy's helpers are no other than Al Cooke and Kit Guard, and for all who love laughs, no more need be said.

"FLAMING FOREST"

One of the best red-blooded pictures of the year.

Time is an apt description of Conroy's "The Flaming Forest," which opens at the Orpheum theatre tomorrow.

Like all stories based on the works of James Oliver Curwood, "The Flaming Forest" is replete with thrillingly dangerous situations and logically works up to a gripping climax that will bring any audience to the edge of the seats.

REVERSES JUDGMENT

The supreme court has reversed the decision of T. Bailey Lee, an district judge in a case involving Salmon lands by reinstating a foreclosure on lands of H. B. Lorain, which had been vacated on motion of E. H. Haddock, who purchased the land from Lorain. The contention of Haddock, sustained by Judge Lee, who is now on the supreme bench, was that the period of entering a decree ran from the time of entry of judgment, while the contention of the Columbia South Trust company, plaintiff, was that it runs from time of default.

FRENCH PRIME MINISTER HAS REMARKABLE MEMORY

PARIS, March 24—Premier Raymond Poincare has a "photographic mind."

This remarkable gift which is extremely rare, enables the French premier after he has written a document, to refer to it in the most exact way without misplacing even a single word. The length of the text makes no difference.

Poincare gave a vivid example of this recently in connection with his appearance before the chamber of finance commission with regard to France's financial situation. Poincare gave out in advance to the press a long, written statement of what he would tell the commission. The stenographic record of what Poincare told the commission, apart from extraneous matter, with no notes or paper before him, accorded exactly with every word of the statement given out previously at the ministry of finance.

BUCK WEAVER WILL PLAY IN SEMI-PRO BALL

CHICAGO, March 24.—Buck Weaver, hero of many a battle with the old Chicago White Sox and Blackhearts for being a member of the famous "Black Six" will make a comeback in recognized ball.

While the witty veteran, who in his day was one of the greatest of infielders, will not come back in the professional game, he will play this year with a recognized semi-pro team. The announcement was made today by William Nelson, manager of the Chicago club of the Mid-West Semi-Pro League. He said he had contracted with Weaver to play for the Chicago team this year.

Landis refused reinstatement on the grounds that Weaver knew of the "scandal" in 1916 but did not divulge the facts to officials. "Baseball is human and susceptible to errors," Nelson said in explaining his position. "The fans supported 'T' Cobb and 'T' Speaker last fall, Chicago fans also have confidence in the integrity of Weaver."

The semi-pro manager said he believed Weaver's return to baseball would be a popular move in Chicago.

Weaver is particularly happy over Nelson's act. He has been fighting ever since 1919 to be reinstated. "I'm going to play the best game I can for old 'T' Weaver," said "T" Whitey who kicked me out of the racket, are going to be the most jealous birds in town."

WASHINGTON DAILY NEWS LETTER

BY RODNEY DUTCHER HIS SENATORIAL

WASHINGTON.—President Coolidge is not at all haphazard, possibly almost modest, for photographs. In fact, it is generally supposed that he is a rather fond of it.

But you may recall that you have not seen a picture of the interior of the president's new temporary home, the Patterson mansion on Dupont Circle. It is very likely that you won't. And it's the president's fault.

As soon as it was announced that Mr. and Mrs. Coolidge would reside in the home of the former Countess Glebova, Mrs. Elmer Schellinger, a great many bright young men engaged in the business of taking photographs bent every effort to obtain photographs before the temporary White House.

Mrs. Schellinger herself had no objection. It occurred to her that it was a rather poor idea of the old home. In fact, Mr. Schellinger had some photographs of the White House that he had not desired to have such pictures appear in the newspapers.

No reason was given for this reticence, officially. The president of the United States should not be given explanations for anything of such a nature. It is the time appointed for the president to desert the White

House pending repairs, and to move into the Dupont Circle place, efforts were made to obtain the interior views. These efforts likewise came to naught. The camera boys could stand outside and shoot as much as they desired, but they couldn't see in.

The only suggestion of an explanation, which comes from persons who have been inside the house, is that the president feels the interior would hardly square with the coolidge tradition of Vermont simplicity. Anyone who has ever been inside the old Coolidge home in Plymouth, Vt., with its huge, lengthy stovepipe hovering the sitting room, will get the point.

A desire has been manifested from the direction of the White House to stress the innate simplicity of the Dupont Circle place. But, under the circumstances, this is a rather difficult task. The mansion is vastly more airy than any private residence your correspondent has ever seen in the state of Vermont.

It is hardly likely that publication of interior views of this little palace would have any effect on the popular conception of President Coolidge, and the chances are that the president's objection is due to a feeling of modesty. If it were his own personal dwelling, it might be different.

P. A.

-the password to pipe-pleasure

GIVE the sign to the man behind the counter and he will hand you a tin of the grandest tobacco that ever snuggled in the bowl of a pipe. Throw back the lid and revel in that tantalizing aroma of real tobacco. Load up and light up. There you have it.

That is Prince Albert, Gentlemen—smoked by more men than any other pipe-brand. This overwhelming preference didn't "just happen." It exists for the single reason that P. A. brings more deep-down, solid satisfaction out of a pipe than any diet you could put it on.

The very first pull will tell you that Prince Albert is unlike any other tobacco. Notice how cool it smokes, no matter how wide you open the throttle. Notice, too, that it doesn't bite the tongue or parch the throat, no matter how often you fill-up and pull-in.

You may think you are all set on a smoke-program. Fair enough. But don't let that interfere with your getting a first-hand knowledge of what P. A. offers in real pipe-pleasure. Where there's so much P. A. smoke, there must be the fire of truth. Try it and see!

P. A. is sold everywhere in this and other lands and is guaranteed to give you the most enjoyable and healthful pipe-smoking experience. It is made with every bit of love and care to reward the Prince Albert smoker.

Don't Tell the Wife

By WILLIAM B. COURTNEY

"DON'T TELL THE WIFE" starring Irene Riccio, is a Warner Bros. picture.

RYOPHIS Ranny, polo star, and his beautiful wife, Joan, are temperamental misfits. Ranny is a divorcé, Ranny hates her, being her, though secretly knowing she loves him. Ranny is a polo star, and his beautiful wife, Joan, are temperamental misfits.

CHAPTER VIII.—Continued Ranny, far from betraying fear of the news that Ranny intended to kill him, merely asked "what for?" My word, what a bore!

John Gray Varick had time to grope his claims of matrimony. Ranny, who had dismissed the hotel keeper and closed the door—closed it, too, a door which Ranny and I had locked together.

"I've had a little more to do with you than you think," Ranny said. "I've had a little more to do with you than you think," Ranny said.

WILL ROGERS' HOMEELY ADVICE

America and Americans are great joiners. They will do most anything to join some kind of an organization—a luncheon club, a lodge, or anything else that will take them away from home.

Instead of sending marines down to Nicaragua to interfere in the election of the Nicaraguans, Americans should have raised a fund and sent them down there so that a real election in conformity with American ideals could be held, he said.

Then the United States found it necessary to interfere in Mexican affairs, just for the sake of having something to do. Even a dispute over a small strip of land near the Peruvian border attracted our attention.

America ought to be mighty thankful to geography, according to Rogers, because it has saved us a lot of grief and trouble, placing to the north of us Canada and to the south Mexico, neither of whom want to fight us.

Rogers may not have been diplomatic in his criticism, but he certainly hit the nail on the head in driving in his homely illustrations, and, best of all, he got over to his audience his meaning so that what he says is thoroughly understood.

We need a lot more statesmen having the kind of horse sense that Will Rogers exhibits.

Imperial Cleaning Company Makes Big Plant Improvement

The Imperial Cleaning company has completed the rearrangement of its cleaning plant and the installation of several pieces of additional equipment which make the plant complete and modern in every respect.

In the finishing department, a large prespermeant press has been installed, and the company having specialized in this class of work, A New Way has been developed, which has been added to the finishing outfit.

In the cleaning room, a larger washer will supplement those used heretofore, and the cleaning personnel add a second washer has been installed to handle wet cleaning operations.

To make possible the handling of larger amounts of wet cleaning, an event, an ideal filtration system has been installed in conjunction with the present system for recombinating and purifying the water.

The machinery has been selected and arranged to permit great efficiency in handling the work passing through the plant, and all cleaning and finishing will be under the active control of a single operator.

EXPLAIN COLLEGE CAMPUS ENGLISH

LOS ANGELES, March 24.—That anomaly of modern civilization, the Collegian—who has gained fame through his flaming editorial effusions, is off on another tangent, this time to offer a queer jargon that is rapidly displacing campus discourse in English.

These pedantic who have dedicated their efforts and lives to the study of lexicology frankly admit their inability to trace or offer any reason for the trend toward "Collegian" as "she is spoke" in some of our higher institutions of learning.

However, the Collegian sees nothing strange in the fact that "I graduated" is a creature who spouts one who necks.

That Mr. Roger's Thesis is most incomplete is evidenced by the collection of "campus" talk compiled at the University of Southern California for the benefit of less intellectual groups.

If our potential leaders of state and business are hard to cilly before to a "powder house (infir)", they do not mean dynamite in the strict sense of the word, but refer to a serenity act. Likewise a "cine" is a fraternity house.

If a girl is full of life and animation she is a "lover fluff" and a dream girl is a "hot-house" how-wow. On the other hand, a "pop-eyed pansy" or "green pansy" refer to a young woman who lacks charm.

A coed may be styled as a "butter and egg fly" meaning that she is a social queen. On other occasions she is known as "Lochness," "Cloud," "Wova" or "Tin-Pansy."

To "junk" is to stop and so "reconize the sora" means to understand.

"Pisikin" refers to football players.

"Step-lins" is a cut down flay-

Mrs. Honor Duquette, who recently submitted to an operation for gall stones at the county hospital returned home Thursday.

Misses Inez Stephens, Marie McClure, Mabel Graves and Mrs. W. C. Stuehlin were dinner guests of Mrs. R. K. Dillingham on Tuesday evening.

The "Pant Matrons" club and their husbands met Thursday evening at the home of Mr. and Mrs. T. J. Moore for a pot-luck dinner in honor of Mr. and Mrs. Joe Wood, who are leaving soon to make their home at Detroit, Mich.

The Filer Woman's club met on Wednesday with Mrs. T. S. Nicholson northwest of town. Guests included Mrs. Harry Wohlth of Twin Falls, Mrs. J. M. Markle of Dolan and Mrs. James Young. Mrs. Claire Gilliland had charge of the program and reviewed the Open Air singing and instrumental musical selection from the opera. The next club meeting will be held at the Eastern Star hall April 1st. A pot-luck luncheon will be served, followed by election of officers. The Girl Reserve banquet will be given April 8. Refreshments were served by the committee.

"Pussy-foot" indicates the collegian in attempting to make a "bitcher" is one who steals another's girl friend.

"Hanging of goober," refers to the art of occultation.

"Plush" indicates one is stylish and to "pipe the flight" is to watch the parade of co-eds.

The list is unending and Mr. Webster's well known catalogue of information will undoubtedly need revision if the present trend continues.

GUN CHEWING CONTESTS. POPULAR IN NEBRASKA

LINCOLN, Neb., March 24.—Fred Feltz, husky voiced Mathom, Neb. farmer, started something when he "popped" his way to the world's best chewing championship in a contest at Omaha.

As a result, of the widespread notoriety Feltz gained with his boyhood, contents of nearly every magazine are being held in Nebraska cities and towns.

Duck calling and chicken calling contests followed the gun calling tournament. Exhausting the variety of "calling" contests, other fields of endeavor were resorted to. A few days ago, an Omaha youth crammed 100 sticks of gum into his

mouth to claim the world's gun chewing championship. His claim was short lived.

Gun chewing contests are being staged in all parts of the state and a state-wide tournament probably will be held later. The gun chewing record to date is 150 sticks at a single chewing.

Bob Bell, eleven-year-old Hooper, Neb. youth, claimed the egg eating championship after consuming 72 soft boiled eggs in less than an hour, breaking the record of 22 made by his father. About the same time, Tony Odio ate 24 hamburger sandwiches in a tournament at Nebraska City. Both records still stand.

An Aurora, Neb., youth ate 25 cinnamon rolls at a single sitting

and has challenged Odio to a "hot horse" contest. The contest will be held soon.

In the next five years, he declared, he made and presented to her father forty copies to satisfy his suit. He said the value of the presents was \$226, but the father had sold them and had not given him the money.

COWTESTER REPORT SHOWS RESULTS FOR SECOND MONTH

A total of 232 cows were tested by W. J. Byrne in behalf of the Pioneer Cowtesting association for the month of February. The average pounds of fat per cow was 23.3; the average pounds of milk 626 and the number of cows including 40 pounds of fat were 69. The L. J. Tencknick, Twin Falls, herd of 23 Holsteins, with 962 of milk and 36.1 of butterfat topped the large herd. The J. R. Crawford Bull herd of six Holsteins with 995 of milk and 40.5 of fat, the smallest herd, and the C. Flanagan herd of Twin Falls, Jersey herd of four cows with 851 pounds of milk and 38.1 of butterfat, the milk.

The honor roll for the month made up of herds with more than ten per cent of the cows producing 40 pounds of fat, is as follows:

J. R. Crawford, four cows or 40 per cent over; J. C. Finckler, two cows or 50 per cent; E. Middlestead, 10 cows or 40 per cent; C. Wiseman, two cows or 20 per cent; L. J. Tencknick, seven cows or 20 per cent; P. DeNero, two cows or 25 per cent; A. H. Adfield, two cows or 25 per cent; J. H. Gatt, two cows or 25 per cent; J. C. Barker, two cows or 18 per cent; C. Wilson, two cows or 14 per cent; C. H. Hemphill, two cows or 13 per cent; J. H. Gatt, two cows or 11 per cent; William McCauley, one cow or 10 per cent.

Dairy Notes

The "off-again-on-again" dairy farmer will never succeed.

In summer milk should be heavily watered—through the cow.

A cow cannot eat enough pasture-grass to supply nutrients for 25 pounds of milk.

Most cream separators will do a much better job of skimming the milk when it is warm.

The feeding of lime calves can be carried at the same time that they are being taught to eat grain.

Most dairymen who own as many as a dozen cows should build a silo. It will pay for itself before long.

The University of Wisconsin has found through experimentation that sweet clover will not taint milk.

The organism that produces the ractov disease in milk, cream, and other dairy products has been discovered by the University of Illinois.

Cow testing association members feeding grain rations to cows on feed lots should be careful to give them no grain and pasture with grain, and the difference is decidedly in favor of pasture with grain.

It is said that milk keeps so long longer if cows have access to salt at all times. At any rate, they need it, and if a block, or a salt trough, is kept under a shady tree, they will be found around it often.

Some dairymen who are unfortunate enough to have good cows that are hard to milk, or that are kickers, put the these cows in the stalls.

Dairymen who live near a city press milk probably make one or two cents per quart as feed for the milk.

Do not use the milk room as a kitchen for the storage of all kinds of old equipment. Such things often accumulate dirt and encourage a general carelessness in handling the milk.

THE HERO SOMEBODY ELSE ALWAYS GOT OUR CHANCE.

OUT OUR WAY—BY WILLIAMS

SITUATION IN CASSIA COUNTY IS PUZZLING

MURRAY, Idaho, March 24.—Returning from the extreme southeast portion of the Bluff river section of the county, where she spent the greater part of last week in school visitation, Marguerite M. Buchanan, Cassia county superintendent of public instruction, found the most complex situation existing in school districts No. 23 in a dispute of long standing as to the place in the district where school should be conducted.

There are two school houses in the district, she says, one at Naf, where school is now held, in an old structure with the poorest possible facilities, while at Strevel, there is a good brick building built years ago for school purposes by the townsite company, which stands vacant.

"It has happened," says Mrs. Buchanan, "in the course of events, that the majority of children have lived, and now live, near Strevel, while school is held in Naf. The majority of voters living at Naf, who refuse to let the school go to Strevel, to which place the school parents desire that it be removed."

"It was the most novel experience I have ever had," explained the superintendent, "in that the difficulty seems to have arisen from an old feud, and at the meeting I held looking toward a settlement, the two factions, as it were, seemed to be numbered exactly the same as those seeking removal to Strevel, the meeting closing with neither side having given in to the extent of a single vote."

"Since the school house at Naf is a community building and that at Strevel in a privately owned structure, the superintendent has no apparent jurisdiction over either and can find no provision in the school law whereby she can remedy the situation, especially in view of the fact that a settlement between the two local factions, which seems almost impossible.

"But they are, so isolated, that only inexperienced teachers can be secured, resulting in correspondingly poor work, which could be greatly improved, in my judgment, if the school were conducted at Strevel."

Kimberly School Wins Award for Sale of T. B. Seals

(By H. S. Correspondent.)

KIMBERLY, Idaho, March 24.—The Anti-Tuberculosis association has just announced through the executive secretary, Mrs. Catherine McArthur, that Kimberly school, Twin Falls county, has won the class A award for the sale of Christmas seals last December. This award is a pair of standard school scales. Schools having 100 or more pupils enrolled were in competition all over the state. Some very good records were made. Kimberly's percentage was 53 cents per pupil. Washington school in Kellogg, Mrs. Martha Forbes, principal, came second with 46.7 cents. Dietrich school, Lincoln county, Ursula Fry, principal, came third with 29.6 cents.

St. Joe school in Benewah county, Mrs. Bertha Bartels, principal, won the award in class B—special basketball outfit—with a per capita sale of 62.4 cents. This class included schools with from 25 to 50 pupils enrolled. Hancock, Blaine, Elmora county, Wayne Hart, principal, was second with 38.7 cents. District No. 4, Valley county, Mrs. Leo Madsen, principal, was third, with 30 cents per capita.

In class C schools, those having an enrollment of 18 to 24 pupils, Carleton, Valley county, District 29, Mrs. Bremer, school principal, was first with a per capita sale of 40 cents. The award for this class in a playground ball. Mason school, Shoshone county, Miss William Boulanger, principal, came second with 39 cents per capita; and district No. 61, Ada county, Miss Lucile Gray, principal, came third with a per capita sale of 29.7 cents.

The school at Tamarack mine near Gem in Shoshone county, Miss Moore, principal, carried off all honors in class D—schools with 6 to 17 pupils. This class had \$2.55 per child. They will receive a first aid kit for the school. Tamarack school carried off honors last year.

Ancient American Relic

Matinee and Evening

Festival Planned by Burley Schools

BURLEY, March 24.—What promises to be the paramount feature of the year's activities of the Burley high school will take place on Friday evening, April 1, in the form of an "evening's literary beginning" with the presentation of a comedy-drama by the junior class, entitled "Professor Pop," featuring Everett Doolley as Professor Peterkin Pop, who, in visiting Russia, is initiated into the secret society of the "Immortal" writers.

Pepp returns to his college in America and the scene through the remainder of the play is told in his audience on the college campus, where many exciting events occur after a Russian dancing teacher learns the password of the secret society, which the professor has joined. A double wedding takes place as the play ends.

Other characters making up the cast are Edward Hinchman as C. H. Buttonworth; Alton E. Barker as Howard Green; Ned Powles as Slim Butty; Stanley Miller as "Freddy" Benson; Frank Story as "Nobby" Fleming; Clyde Carlson as Pink Hatcher; Herlen Thomas as Buster Brown; Evelyn Parris as Betty Gardner; Verma Taylor as Aunt Mollie Boulder; Lois Hall as "Patsy" Muggins; Elaine Hoig as Olga Stoppel; June Schuler as Kitty "Clover"; Ed Fowler as "Nolan" Drew; Raymond Phillips as "Ivan" Van Hill; and Lillian Wessler as "Catharine" Kay.

Following the play is a high school carnival, there will be held a "which" special feature, the number of which is evidence in the nature of a "number of horrors," an "art party," and a "fortune teller."

The proceeds will be used in part on the annual junior prom, which will be held in the Armorial on the evening of May 6. The play will be presented in the high school auditorium with the other act in the evening.

Rupert Hughes Pleads for Truth in Teaching History to Children

That those responsible for the education of the youth of America are victims of a misguided sense of patriotism in seeking to portray our national heroes as "archangels with all the virtues and none of the vices" which the flesh is heir to," is the declaration of Rupert Hughes, famous novelist and short story writer.

Speaking recently in reply to those who censor him for picturing George Washington as man instead of saint, Mr. Hughes asked: "Why should we idealize the principal truth in our boys and girls, and then teach them lies? Why, for example, must we insist that Washington never told a lie, that his interest in the fair sex was only a theoretical one, that a drop of liquor never passed his lips? Can we not render unto him the things that are his, and still have a romantic and inspiring figure, whom the youth of today may well emulate?"

"I heartily agree with Charles McLean Andrews, who said: 'A nation's attitude toward its own history is like a window into its own soul and the men and women of a nation cannot be expected to meet the great obligations of the present if they refuse to recognize the past, that has made them what they are.'"

In his latest book, "George Washington," Mr. Hughes sticks to his guns of historical truth. Many scenes of research were spent by the author in collecting data, poring over the yellowed pages of old manuscripts, diaries, letters—in an effort to find Washington the man.

Washington's own diary," comments the author, "gives the flattest possible contradiction to the effort to make him out a man of piety."

Mr. Hughes urges the parents and preceptors of the coming generation to lay greater stress upon the real virtues and graces of that day—courtesy, kindness, thoughtfulness of others, "which were the chief characteristic of Washington himself."

"I am for short skirts and bobbed hair," continues Mr. Hughes, "the way of ermines, long skirts and periwigs is of the past, but it is comforting to realize that the courtesy"

HUGE TABERNACLE IS NEARLY COMPLETED IN ONE DAYS WORK

Volunteer Workers of Twin Falls Protestant Churches Erect Great Tabernacle for Bulgin Revival Meetings in One Day; Many Workers Appear Early This Morning and Women Furnish Dinner; Big Revival Opens Next Sunday Evening in New Structure; Committées Are Announced.

The Protestant churches of Twin Falls turned out the masses today to build a huge tabernacle for the Bulgin revival campaign which opens here next Sunday evening. About 100 workers began work promptly at 8 o'clock this morning and the structure was well under way in 3 p. m. this afternoon. The work is being directed by Rev. Roy Gourley of the Bulgin organization and every church has a large quota of workers employed in this campaign. The tabernacle is being erected on a vacant lot near the center of the business district at the corner of Third, Avenue and Second streets.

A carload of lumber is being used in the erection of this huge structure and the building will be auctioned off at the close of the revival meetings. Extensive preparations have been made for these meetings and committees have been working for weeks for this purpose which is to be held in the regeneration of Twin Falls city and northern Idaho in general. Special prayer meetings have been held every part of the city and speakers have gone to Duhl, Miller, Knoll, Hansen and Kimberly to arouse interest in these meetings.

Plans are out for the greatest revival since the Oliver meetings which were held here in a similar tabernacle some seven or eight years ago. The Bulgin party consists of Dr. Elwood J. Bulgin, a native of Texas and converted American lawyer. He is invited to look after the revival and the circuit is great. Like Rev. William Lincoln, Dr. Bulgin will be assisted by Charles B. Clark as director of music and choir arrangements. He is a baritone soloist and expects to organize a choir of 600 voices for the revival.

Rev. C. C. Curtis is chairman of the general committee in Twin Falls and Rev. J. G. Humphrey, is secretary. The following are some of the committees as they have been organized: Finance committee: E. E. Potter, John Sanger, W. P. Parish, Walter Case. Boys and girls' chorus: Mrs. W. A. Patrick, Miss Alma Ludwig, Mrs. Carl Benson, Mrs. Vera C. O'Leary, Florence Turner.

Personal work: C. E. Allen, Lawrence Turner, Miss Esther Laidson, Mrs. Frank Houghton, E. V. Gipson. Secretarial: Mrs. C. C. Curtis, Mrs. Ira Wynn, Mrs. D. H. Churchill, Rev. Charles Rank, Mrs. William Baker. Music: L. T. Patrick, Miss Fretta M. McCoy, Miss Edna Graham, Mrs. C. E. Potter, J. D. Kerling; ten additional members to be appointed later. Delegation: C. L. Conrad, W. A. Patrick, Willis Young, Samuel Gamble, Mrs. Homer, Kenneth, Fred, Cliff, J. W. Beauchamp, Miss Allie Gibbs, Mrs. J. Perognon. Tabernacle: E. A. Sloan, C. H. Eaton, C. E. Edwards. Location: T. J. Douglas, J. C. Beauchamp, E. L. Ashton. Gatekeepers: P. W. Slack, W. M. Baker, L. A. Smith, T. J. Houston, Victor Melton. Publicity committee: T. H. Masters, C. H. Brown, J. A. Vandenberg, C. H. Harvey, W. B. Fletcher, E. W. Hurch, Tom Hlodgett. Centurion band: E. L. Ashton.

The affirmative team which will debate Boise is composed of James Bothwell, Kenneth Kall, and Byron Rendahl, while the negative team which will debate Blackfoot is composed of Ralph Webb, Lewis Jones, and Kenneth Douglas.

SUGAR BEET PLANTING IS UNDER WAY

Ground Is in Fine Condition and Prospects for the Season Are Unusually Good; Many Have Signed Contract Which Has Endorsement of Growers' Association.

Sugar beet planting has started in the Twin Falls area and by next week will be well under way in many localities, according to Warren C. Swenson, district manager of the Antikamunated Sugar company. The ground is now in excellent condition. The contract with the sugar company has been endorsed by the Twin Falls County Beet Growers' association. Although the objective of 2000 acres has not been attained, Mr. Swenson stated, however, that he hopes that it will be before long. The weather conditions have eliminated the white fly from consideration, experts say, and the season on prairie is the best in years.

OFFICERS SEEK SPUD CACHE IN COUNTY TODAY

Search of officers for 50 sacks of potatoes has been on all day and continues at present time, while O. Arrington of this city and D. Adams, a former resident are held in custody for arrest last evening on request of Sheriff W. E. Rhoads of Moham County, who led the potatoes and which arrived last evening. They traced a truck which they believed carried potatoes, as for the Bureau. The truck is custody came in from that part of the county in a truck similar to the one traced, but had no spuds when taken into custody. When taken into custody Arrington and Adams looked well and said they delivered a load of apples at Roberts Tuesday and stopped at Grand a short time a little later. According to Sheriff Rhoads and Mr. Casper, the latter was leading potatoes of Adams and had the car practically filled, but only another was on load when they stopped work Monday evening. The next morning the potatoes of Adams and had the car practically filled, but only another was on load when they stopped work Monday evening. The next morning the potatoes of Adams and had the car practically filled, but only another was on load when they stopped work Monday evening.
