Representative's Duty
Thought to Be One of
Working Out America's
Future Policy.

WASHINGTON, April 7. (UPI)—Henry L. Stimson of New York, former secretary of state, has been appointed special representative of President Coolidge to investigate the Nicaraguan situation. Secretary of State Kellogg announced today after a conference with Stimson that Stimson is expected to sail Saturday from New York for Nicaragua via Panama and bloodshed going on in that country is a matter of great regret and the necessity for protection of the interest of our citizens in that country. The safety and interests of the United States government is very great," the Kellogg statement announced. Stimson's appointment follows a series of conferences between him and the State department officials last week. It is believed that he will have a conference with working out a possible formula for future Nicaraguan-United States relations, in which the safety of the United States government in that country, the Inter-ocean canal rights, would be recognized. President Diaz of Nicaragua, who died in his attempt to stop the revolution, was supported by United States recognition; arms and marine occupation has proposed a treaty of alliance similar to a quadripartite pact between the United States, Britain, France and Italy.

These developments show that the Coolidge administration intends that the United States government shall maintain its special or protective relations with Nicaragua, and that the United States marine contingent will remain in Nicaragua after the close of the civil war.

Stimson recently acted unofficially for President Coolidge in an official investigation of the Philippine problem.

CHAPLIN CASE
IS POSTPONED

NEW YORK, April 7. (UPI)—Trial of the plagiarist suit against Charlie Chaplin, brought in 1923 by Leo Lillard, author of "The Tramp," was postponed until Monday to permit another case to be tried ahead of it.

Lillard is asking \$50,000 damages for the infringement of his copyright in an undertaking parlor at Los Angeles where they met. Shillers' remains will be taken to San Francisco for interment in the cemetery he planned to present, while Neher will be buried at Pomona, Cal.

At the same time plans for a complete investigation of the tragedy will start.

The motor from the wrecked plane and the instruments were brought to San Francisco and will be used in studying probable causes of the forced landing which resulted in death.

**Mrs. Dodge in Honolulu
May Start for Orient to
Dodge Spouse, Mr. Dodge**

SAN FRANCISCO, April 7. (UPI)—Aboard the steamer Wilhelmshaven which will leave for Japan next week to receive him, Howard D. Dodge, the family, today was bound for Honolulu.

Whether the fact that his estranged wife is there had anything to do with Dodge's hurried trip was not disclosed. Dodge said he had written to her to question her as to whether she and her husband may be reconciled.

Dodge arrived in Los Angeles yesterday afternoon, took a taxi to the airport and reached San Francisco in mid-afternoon. The Wilhelmshaven, scheduled to sail soon, had pulled into the bay. Dodge had taken the motor boat and sped out to the ship, where impatient passengers

cheered his arrival and the vessel got under way.

HONOLULU, April 7. (UPI)—Any discussion about her marital affairs would make Mrs. Dodge ill, a maid explained today, refusing to permit Mrs. Dodge to be interviewed by Mr. Jr., to be questioned as to whether she and her husband may be reconciled.

Mrs. Dodge is registered at the Fairmont hotel, to which she returned yesterday from a hospital where she had been treated for a severe sprained ankle. She had planned to sail on the Wilhelmshaven when the Wright team bunches him to catch three more runs.

NICARAGUAN
REvolt FAILS;
SACASA TO GO

WASHINGTON, April 7. (UPI)—Juan B. Sacasa, Nicaraguan rebel leader, reported by the Nicaraguan legation here as about to flee to Mexico.

Sacasa's revolution is destined to fail in "complete failure," according to an unnamed representative of President Coolidge to investigate the Nicaraguan situation. Secretary of State Kellogg announced today after a conference with Stimson that

**CARROLL WILL
NOT MISS JAIL**

WASHINGTON, April 7. (UPI)—Earl Carroll, New York theatrical producer and host of the new famous "The Folies Bergere," will be serving his one year term for burglary at Atlanta penitentiary, by any pardon or commutation in advance.

In the ten years he has been given, he inquired at the Justice department—apparently with a view of moving for executive clemency or a pardon—for the release of the 1,000 United States recognition; arms and marine occupation has proposed a treaty of alliance similar to a quadripartite pact between the United States, Britain, France and Italy.

**AIR MAIL OF
LOST PLANE IS
ENROUTE NORTH**

SAN FRANCISCO, Calif., April 7. (UPI)—A coast air mail plane sped northward today with part of its cargo four days late.

It bore the bags of mail which lay beside the bodies of two men of the Pacific Air Transport company, who perished yesterday until yesterday in the wreckage of their craft which crashed in the earth near Gustine, San Joaquin county.

Hundreds of bags lay in several blocks to the dock when they saw the transport putting out earlier than was generally expected.

Street along the waterfront were wet with automobile oil.

Six dox Hayfland planes, destined for Seattle with the regular load of mail, had to land in the open ocean because of a bad head wind.

The plane, which had been enroute to San Francisco, had to turn back to present, while Neher will be buried at Pomona, Cal.

At the same time plans for a complete investigation of the tragedy will start.

The motor from the wrecked plane and the instruments were brought to San Francisco and will be used in studying probable causes of the forced landing which resulted in death.

Alvin Kinsley Tells of Ru-
mor That Darwin Theory
Is Taught.

INDEPENDENCE, Mo., April 7. (UPI)—The speculations of evolution have over the general conference of the religious leaders here today that the latter Day Saints here today at the meeting went into its second day.

Cropping up unexpectedly at yesterday's first meeting was a note of alarm among the leaders.

The note, which was signed by Alvin Kinsley, president of the Religious Association here, read:

"The legislation of the church is a school of evolutionism, and I am afraid that the members of the church will be led into error if they study it."

There was a stir in Kinsley's

office, and he was asked what he thought of the note.

"I am not a teacher," he said, "but I am a student, and I have studied evolutionism, and I am afraid that the members of the church will be led into error if they study it."

He said he had no objection to

the note, but he did not like the

way it was put, and he suggested

that it be removed from the

note, but the leaders insisted

that it be left in.

Kinsley said he had no objection to the note, but he did not like the way it was put, and he suggested

that it be removed from the note, but the leaders insisted that it be left in.

HOLD JOINT
FUNERAL FOR
16 VICTIMS

Seven of 23 Men Working
When Blast Came Are
Alive; Little Hope for 6.

DALLAS, Wyo., April 7. (UPI)—A joint funeral service for the 16 victims in an explosion in the Producers' and Refiners' plant here was being planned today while efforts continued to save the remaining survivors.

The bodies of the dead were found yesterday when Alvin Kinsley, independent, rose and advised that rumors had reached him, "concerning the possibility of an explosion at the Granite school," Granite is a school of the Saints church at Lamoni, Ia.

There was a stir in Kinsley's office, and he was asked what he thought of the note.

"I am not a teacher," he said, "but I am a student, and I have studied evolutionism, and I am afraid that the members of the church will be led into error if they study it."

TWIN FALLS DEBATERS CLAIM STATE CHAMPIONSHIP; LOCAL TEAM HAD EXCEPTIONAL YEAR

A state championship claim is being made for the Twin Falls debaters by Prof. Edwin W. Birch, the coach. With victories for both the Twin Falls affirmative and negative teams in their debates with Filer this winter, the Twin Falls team has equaled by no other team in the state, it is believed. The record of the team this season was six victories and two losses.

Their record last year was from Pocatello, Groueling (2), Blackfoot and Filer (2) and lost to Boise and Blackfoot.

The championship claim is being made on three grounds:

First, that the triangular debate between Pocatello, Twin Falls and Idaho Falls which was held at the state championship was a draw this year, with the negative team of each school winning and the affirmative team of each losing.

Second, that the Twin Falls negative team won all its debates, four in all.

Third, that the Twin Falls affirmative team won half of its debates, or two in all.

Coaches over the state have agreed that the affirmative which had to prove that the debate which caused the French debt was an almost impossible case to win. Many affirmative teams over the state had, all of their debates and two losses, but the Twin Falls negative team of the debates the Twin Falls affirmative team in the state.

The negative team was composed of Kenneth Douglas, captain; L. Lewis Jones and Harry Webb, who were regulars; and John C. Clegg and Lester Johnson, who came in one debate.

The affirmative was composed of Byron Hendrik, captain;

Jamey Bothwell and Kenneth King, who were regulars; and George Sprague, who appeared in one debate.

BEBE'S LATEST HAS AN INTERESTING TITLE

Bebe Daniels' new Paramount picture arrives in the Idaho theatre tomorrow with the intriguing title "A Kiss in a Taxi," started off with a crash, a real one that was heard throughout the 26-story Grandstand of Famous Players-Lasky.

It came when a taxied in an impossible hour. An impossible hour was driven into a cafe, rambling through a large window, across the room and into a piano on the other side, leaving complete devastation behind.

Paramount's star comedienne plays the part of Gisette, a French girl, and Clarence Badger directs. Bebe and Richard Tucker and Azincourt Borodat head the supporting cast. "A Kiss in a Taxi" is from the same adaptation of Doris Anderson.

MIL FILM GETS A BIG RECEPTION AT ITS OPENING

Get a tight grip on your neck when you go down to the Olympia theatre to see Tom Mix in "The Great K & A Train Robbery." Get a tight grip on your neck when you get into a car, rambling through a large window, across the room and into a piano on the other side, leaving complete devastation behind.

The film, a comedy, stars the great Tom in the role of the Gordon railroad detective who has the tough job of running down a gang of desperados who have experienced unusual success in robbing fast mail and more gold.

The story is that the bandits, led by the Major General John L. Blunt, commanding the Ninth Corps area, are attempting to capture the silver from the mine in Twin Falls.

The black school baseball season begins Friday, when the Hazelton team will play Edon in the Edon field.

The Hazelton team will be at Wednes-

day afternoon at the home of Mrs. Earl Smith, with Mrs. J. C. Knott as instant hostess. Miss Van Dusen

and Mrs. G. E. Hobson, manager and owner of the Edon pharmacy, has taken charge of the refreshments.

The Hazelton team will play the Port of Portland on Saturday.

The ever popular cowboy has donned his blue tinge for the film and his personality shines forth.

In degree, however, emerges Tom as a degree better than he is in his pictures. And we leave up to him to work for say another decade.

It will be all right by us, and just right by the public.

CORNHUSKERS ON HAND FOR TRACK CLASH

BERKELEY, Calif., April 7. (UPI)—Unfamiliar by their long journey from Copenhagen which they made in one jump, stepping off in Colorado and New Mexico, the Nebraska veterans, into their glory land, University of Nebraska's track and field stars arrived today for their dual with California's Golden Bears Saturday.

The Nebraskans are heavy favorites to beat California in a decisive manner.

BOOKMAKERS UPSET WHEN WALES WINS

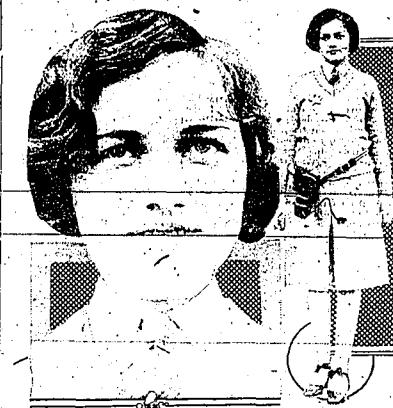

NOTTINGHAM, England, April 7. (UPI)—The bookmakers here were at the South Notts point to admit after a close at Oxford today, and bookmakers paid heavily for their victory. Wales rode Lady Doon from his own stable.

Dickens followed the tip given by Wales himself in selecting Lady Doon. The prince made a veritable visit to Brightling yesterday and a frantic inspection of the progress of his racing. The prince's reply was that the farrier should stand by Lady Doon today.

Finger Printing Long Ago

It has been discovered that finger printing as a system of identification was practiced in China as early as 400 B. C. On one stone tablet with finger prints, it is recorded that the system spread from there to India and in Japan it was soon adopted for the identification of criminals. The hiring of illiterate labor in South Africa caused it to spread to the con-

tinents.

At J. C. Penney Company Stores as Thousands of Our Customers from Coast to Coast Are Aware.

By Comparison

Comparison of price alone is not what determines the saving extra economy is found through comparison of value for.

In this comparison that has made possible the growth of the J. C. Penny Company—from one store back in 1892 to 773 stores at the present time—our twenty-fifth anniversary year.

Purchasing power determines a store's ability to give best value. Comparing purchasing power—the buying power of the world's largest chain department store organization, to that of an individual store—such like comparison is like comparing the strength of a great ocean liner with the old-time sailing vessel, dependent upon wind for power.

HISTORY.

Commemoration of a century and one-half anniversary of the birth of George Washington to be observed by recognized historical authorities here decided to postpone the first anniversary in recognition of the 900th anniversary of the birth of America's first president which will be held in 1932. The plan for such a work has been made public by the author and secretary of the George Washington Bicentennial commission, and it contemplates a history divided into three parts.

Reference list of books on the life of Washington; complete history of the years of his life 1732-1799; a general history of the United States; and the name Washington's name more closely with various localities and incidents. Each of these sections will be prepared by representative societies of American historical societies at a meeting to be arranged later.

It is an ambitious project and which will be well supported, and the author and his associates much to try to wreak our concern of the "Father of His Country" that he come for authentic enlightenment on many of the questions involved. Completion of such a great work would automatically set at rest many controversial and furnish us with a composite picture of the man Washington, unclouded by doubt and calumny, and standing out clearly and boldly in all his strength and in all his frailty.

It is a noble task, indeed. As far as we know, no man ever will be perfect. Each one of us has good points and his bad points. That often the good points are more numerous than the bad, is true. We fall in balance the good and bad dispositions, and the good and bad qualities, we are equal. We have been taught that Washington was nearly a saint. Let us discard this false conception and magnify his faults.

GOD AND YOU.

God has blessed the church. Its organizations today have been greatly multiplied, until today they are found in every part of the world, having more members than any other organization. It does not profit us to be an association of superior people.

But it offers a comfortable abode, this place where we can go to find solace and comfort.

To those who are baffled and beaten, it holds out the hand of friendship.

God, who is the "Giver of all comfort, the source of all strength."

LOCAL GIRLS BEGIN WORK ON BASEBALL

Art. Three Any Baby Ruths Among Twin Falls Girls Several May Be Deemed Twins.

The crowd at the high school baseball game on Saturday evening last evening at a meeting in which baseball was chosen, Miss Edith Cooper, the girls' coach, had believed that, of course, indoor baseball was the best game to play in the winter, but when she even suggested that the result was weak and indecisive.

The girls then indicated that they could stand the outdoor game, but were tired of playing hours and hours trying to get a crack out of very weaks.

The sum total result was far in advance of the admiration of the female for the heroism of the little braves.

Theumps had not yet announced the official score.

GIRLS STEAL RED'S THUNDER WITH FOOTBALL

"Red" Grange would have felt like a piker had he witnessed the feminine "tackling" of death, which included the girls' indoor football game in the park Tuesday evening, when two opposing teams of high school girls grappled with the players with "Pat" Vance.

Such pinning and kicking and tackling was never previously seen in Twin Falls as that displayed in the girls' football contest.

The second indoor game was to have been held last night, some of the athletic damsels who had been playing outdoors and some were trying to get a crack out of very weaks.

The sum total result was far in advance of the admiration of the female for the heroism of the little braves.

KIMBERLY GIRL TEACHING IN MULTRA, INDIA

Special Dispatch to The Times.

KIMBERLY, April 7.—The Missionary Society of the Christian church has opened a new school in the Indian town of Multra, with Mrs. N. W. Swanson in charge of the program. An interesting letter was read from the teacher, written by a young girl who is now a student at the school.

She writes that the school has been held in the open air, but that she has learned the Indian language well enough to teach it, which she did at the beginning of the term.

Such pinning and kicking and tackling was never previously seen in Twin Falls as that displayed in the girls' football contest.

The second indoor game was to have been held last night, some of the athletic damsels who had been playing outdoors and some were trying to get a crack out of very weaks.

EVANGELIST ACCUSED OF CARD GAMES

Story of Dr. Julius Phineas Cards on Train is Reconciled from Telephone Call.

Some gossip has been circulated that Dr. Alvin J. Butler, physician, was playing cards on the way from California to Twin Falls. This story has been circulating since Saturday morning.

Dr. Butler, who was en route to the city when he was accused of playing cards, said he had been traveling with his wife and daughter, Mrs. Charles Jones, Mrs. Roy Kelley and daughter, Mrs. Charles Jones accompanied him.

The condition of Little Jessie Stelle, became so much worse that she was taken to the Twin Falls county hospital, and remained there through Tuesday and Thursday.

Sometimes later there will be an announcement of the upper division and the lower classings to determine champion for the year. This will be held in connection with a number of girls track meet which the school will have on Monday the 27th in the Alice Cooper junior high gymnasium classes.

About 35 candidates answered the call. This group included most of the basketball girls and several others.

Others will be selected on Monday evening.

Dr. Bullock was then preaching against card playing nearly every night in the big theater and, you might say, he got his information that he had played cards all the way from Wells to Twin Falls and a certain man had said that he saw him playing, but when he confronted this story he backed down.

NEWS—NOT PROPAGANDA!

YOU heard of propaganda during the war. Do not believe that the warfare of words has been abandoned. News-doctoring is still a weapon of old world politics. Can foreign news, gathered by foreign agencies subsidized by foreign governments be free from the taint of propaganda?

The UNITED PRESS is independent of any official or semi-official or governmentally-subsidized agencies. It has no connection nor any relation with any kind of "kept" agency anywhere.

Newspaper publishers and newspaper readers therefore have confidence in the honesty and accuracy and complete impartiality of the UNITED PRESS.

The UNITED PRESS mind you, does not disseminate American propaganda any more than it would carry English or French or German propaganda. The world is sick of propaganda of ANY kind. It wants the facts. It wants the truth. Nothing else.

BY UNITED PRESS over a news-story in your newspaper is the symbol of reliable, authoritative news.

Not every newspaper has the privilege of carrying UNITED PRESS news. The UNITED PRESS newspaper of any city is the newspaper which discerning readers naturally prefer.

Now turn to the front page and note the number of UNITED PRESS stories. Look for that word "UNITED" in this newspaper every day.

FOUR SQUARE PLAN URGED BY BULGIN IN KIWANIS TALK

Evangelist Trio Furnishes Excellent Program at Kiwanis Club Luncheon; New Mayor and Commissioners Welcome; Dr. Bulgin Stresses Reciprocity and Urges Clean, Healthy City.

"The Four Square City" is the ideal for Twin Falls and every city worth while, said Dr. Bulgin in addressing the Kiwanis club and Mayor Rethlef Hobler and two of the newly-elected John's vision on the isn't of "Patronage." Every city must be "Patriotism"; to fulfill its mission. He referred to the business or financial side of the community. "First, we're satisfied," he said, "with Dr. Bulgin and his men in their co-operation and reciprocity must be their rule of life."

Chairman P. Duvall asked Rev. C. E. White, pastor of the First Methodist church of the club and its president, Dr. Elwood J. Bulgin, Rev. S. R. Campbell, who offered the prayer, that the Club would help him in his efforts to furnish special service for the club. They sang solo and negro spirituals which greatly pleased the Kiwanians.

George M. Duvall introduced the newly-elected members of the Board of Directors: J. E. White and Len Chapman. They were given a hearty welcome.

Dr. Bulgin stated that every community needs a good mayor and Dr. Bulgin

must make money or he will not be content to remain in this city.

Materials are also essential in building a community and we must have materials and land, a paper market,

"we will go forward as we should," said the Evangelist. He made a strong plea for full and complete cooperation between all business interests of the town if we wish to go forward as we should. He urged the club to offer prizes for the boys who will work hardest in the campaign operation of establishing a complete standard of ethics among buyers, growers and shippers, which will help automatically in maintaining a clean, more beautiful city. Dr. Bulgin urged the Kiwanians to make of a real city "Cleanliness," one with this "follow the health of the city. You must realize your responsibility in the agricultural department, and R. H. King, head of the chamber of commerce will speak.

Another part of Dr. Bulgin's ad-

dress dealt with the moral side of life. Your boys and girls must have the right kind of ideals and you must take an interest in your children. It is important to have them educated.

Goldwater worked for the Twin Falls News and circulation collector among the young people and afterward married a Twin Falls woman.

BALTO.

Under no circumstances should you miss Bill-Tin-Tin's latest winter picture, "A Hero of the Big Snows," which opened yesterday at the Balto.

The Balto's Adamson story, greatly affected by Herman Ryemaker, Rinty reaches the highest point in his successful career as the leader of the heroes of the film.

He has given a performance that no reader of any human star in his intelligence and force.

Perry Allen, Calloway makes a direct hit with his scenes, and is excellent in the thrilling sequences in which he and Rinty fight off the attack of the wolves.

Don Alvarado makes a good impression under the refining influence of Alice Caloun, and knows the love and loyalty of his girl Rinty.

Music made by John Kirby will give a delightful performance as the child.

There are some beautiful scenes in the Chinese scenes and animals are used to satisfy the most jaded of spectators.

Urge Cooperation—The object of the fruit growers' meeting next Tuesday is to help the boys who will work hardest in the campaign operation of establishing a complete

standard of ethics among buyers, growers and shippers, which will help automatically in maintaining a clean, more beautiful city.

This will help the boys and will make the campaign a success.

Dr. Bulgin urged the Kiwanians to make of a real city "Cleanliness," one with this "follow the health of the city. You must realize your responsibility in the agricultural department, and R. H. King, head of the chamber of commerce will speak.
