HOW THE TERRITORY IS DIVIDED

The territory covered by The Times will be divided into three districts for the purpose of assuring an equitable distribution of the many prizes in the mammoth "Everybody Wins" campaign, with a complete set of prizes for each district. The territory covered by The Times comprises Southern Idaho and adjoining territory.

DISTRICT NO. 1, will include only those participants residing within the city limits of Twin Falls. At least one, and possibly two, of the prize cars and as many cash awards as there are active participants will be awarded in this district. DISTRICT NO. 2, will include only those participants residing in Buhl and Castleford, and will include all those who receive their mail through the Buhl or Castleford Postoffices. At least one, and possibly two, of the prize cars and as many cash awards as there are active participants will be distributed in this district. DISTRICT NO. 3, will include only those participants residing in the territory served by The Times which is not included in either of the other two districts. At least one, and possibly two, of the prize cars and as many cash awards as there are active participants will be distributed in this district.

HOW THE PRIZES WILL BE AWARDED

Every active participant in The Times' Free Gift Distribution will receive either a cash commission, a cash prize, or one of the four big cars. The person polling the greatest amount of votes in the campaign, regardless of which district he or she may be in, will receive the first of the four big cars. The second place person will receive the second highest number of votes in the three respective districts (outside of the winner of the Grand Capital prize) will be given the three remaining prize cars—the highest of the three district leaders taking his or her choice; the next highest district leader then getting his or her choice of the remaining cars, and so on. Then after the four cars have been awarded, the three remaining leaders will be given the remaining cash awards. The number of votes in the entire campaign period will determine the value of the cash awards. The winning candidates (those who do not win one of the above gifts) in each and every district, will each receive a cash commission equal to 10% of all money he or she has turned in for subscriptions, according to the rules of the campaign.

The campaign assures that each district will receive at least one of the cars; that any district can win two of the cars; that each district will receive one of the \$100 cash prizes, and that each and every candidate who does not win one of the big prizes will be well paid—on a basis of ten percent—for every effort he or she puts forth in the campaign.

Also to Participants Residing
Within Twin Falls City Limits

One \$100 Cash
Prize

Every active participant who does not receive one of the capital prizes is guaranteed a cash prize equal to 10 per cent (one-tenth) of all money turned in by them for subscriptions.

Also to Participants Receiving
Their Mail Through Buhl or
Castleford

One \$100 Cash
Prize

Every active participant who does not receive one of the capital prizes is guaranteed a cash prize equal to 10 per cent (one-tenth) of all money turned in by them for subscriptions.

Also to Participants Residing
Outside of Twin Falls City
Limits (Excepting, also, Those
Who Live in Buhl or Castle-
ford, or Receive Their Mail
Through These Postoffices)

One \$100-Cash
Prize

Every active participant who does not receive one of the capital prizes is guaranteed a cash prize equal to 10 per cent (one-tenth) of all money turned in by them for subscriptions.

\$3,000 IN CASH

A Special Fund of \$3,000 in cash has been set aside to be distributed in the form of salaries among active non-prize winners on a ten per cent basis. Any candidate who remains active throughout the campaign, making a regular cash report, but fails to win one of the big prizes offered, will participate in this commission feature. Think! "One-tenth of every subscription you collect goes into your pocket if you fail to win a prize. This means that every man and woman who participates—there will be no losers in this race. Could anything be fairer or more liberal?"

Mashed and Creamed Potato Cannery In Twin Falls Is Plan

California Concern Is Interested Because of Reputation of This County for Raising Finest Spuds on Earth; Process Is Said to Be Effective and Inexpensive.

A proposition from a concern in the Twin Falls potato, served at southern California to can mashed and creamed potatoes at the Twin Falls cannery, with Asher B. Wilson, who has been in the potato world and where there's no place like it, has been presented by the Idaho Chamber of Commerce, pointing out their fine points to the chef.

It has been suggested that the proposed plant could be operated in connection with some other industry.

AUTO TOUR OF STATE CHAMBER STARTS JUNE 1

Effort Is Made to Have One or More Cars from Twin Falls in the Convoy; Governor Has Strong Support Along Atlantic.

The Idaho State Chamber of Commerce, which is having a series of stops to different parts of the state in an auto caravan tour on June 1, expects to receive a large number of cars from Twin Falls, it announced.

Robert Amly, C. B. Corcoran and W. A. Leutier had been recalled from Blackfoot to testify for the presentation of the trophy for the first place.

Up to present time they had not been on the stand and the state case was progressing about as on their previous trial.

'FORTY THIEVES' IN LATE VERSION

By United Press

ESSIEG, JUZOSPEK.—A crazy fiesta-player, who is virtually a member of the band into the ranks of the police here after being caught in a log by a young girl, it was revealed when the girls were brought up for trial on

charges of thievery.

A disk was approaching one evening an old gypsy woman knocked at the door of a peasant's farm near Essieg, near the border of the forest peninsula to leave there over night a heavy bag which she was carrying on her back.

The peasant's daughter, who

had been sent to the kitchen to place the bag in the kitchen.

Later, after the peasant woman had departed, the girl noticed something inside the bag. Since many wolves had appeared near her home recently, she became frightened and called her father, who had informed her that the wolf in the bag.

She seized her father's hunting rifle and fired into the bag. A shriek from the peasant woman followed.

She rushed into the village and alarmed the local gendarme. They returned to the house and opened the door.

A frightened gypsy woman, who had confessed to robbing the house, had turned to the room. He told of how he would give his life to find the young gypsy.

The gendarme compelled him to confess the gypsy arrived he arrested them.

Waters Are Sweeping Over Louisiana Areas After Levees Break.

By W. L. LEWIN
United Press Staff Correspondent,

NEW ORLEANS, May 14.—The aftermath of a levee break—evacuation of threatened territory was still on the "sugar bowl" lands of eastern Louisiana.

More of the 100,000 people who live in the area had already left their homes and were seeking safety along higher ground toward the refugee camps at Manresa and Marksville.

Herbert Hoover, secretary of commerce, said a rapid transportation of refugees to safety was being made in the threatened Louisiana.

Low Angelus parish was already under water and St. Landry, the next parish south, was rapidly becoming part of the lake. The water had risen to the northern border of the Gulf of Mexico as a result of breaks in the Bayou des Glaises at Big Bend.

Wheeler Hoover, left Alexandria, Louisiana, to inspect the damage.

Wheeler is understood to have pressed for legislation to help the victims return to the candidate of the league.

After the conference, Wheeler gave out a press statement in which he said the League expects an immediate response from the administration.

"We are in sympathy with the law to be enforced."
