MEMORIAL DAY

Plans for the Memorial Day observance here Monday were made by the committees in charge at a meeting last night and are outlined elsewhere in this paper. The Memorial Day is one that the year when all citizens should but regular activities and join in paying homage to those who have sacrificed their lives that we might live in peace and liberty. There will be a parade here Monday, the churches and all civic organizations will join in the observance in various ways and the graves of the heroes buried in the Twin Falls cemeteries will be decorated.

MORE OPTIMISM FOR SOUTH IDAHO

Mr. E. V. Gipson, district horticultural inspector, estimates that 1,500 tons of fruit will be shipped from the Twin Falls tract this year. The Times inquires what Mr. Gipson's estimate is for the low but if the 1,500 figure is correct, then the people of south Idaho have much for which to be thankful. The apple crop this year, Mr. Gipson says, gives indications of being the largest in the history of the tract.

If prices will hold up to a figure which will assure the apple and other fruit growers a fair margin of profit there are better times ahead for this district and the present time is by no means the worst that has been experienced in this district; in fact, there is very little complaint.

Despite the fact that the weather has been cool here this spring, the late fruits and berries are in excellent condition, it is said. The apples are reported to be in the trees that some growers are considering thinning them out so that those which remain will be of better quality.

Mr. Gipson urges all fruit growers to complete the early spray work as soon as possible, and this advice should be followed. The experts who travel from place to place and who are in close touch with market and other conditions do not offer advice for the sake of talking. They may be slightly astray in their estimate of ultimate results at times but surveys conducted by farm organizations and government bureaus show that in the main the information given to the agriculturists is correct.

JUDGE BABCOCK'S RULING

District Judge W. A. Babcock made a ruling here yesterday which may give legal practice in several Idaho cities if not throughout the state.

In a case in which a criminal charge had been brought in the name of the City of Twin Falls, the judge decreed that charges in all such cases must be brought in the name of the state and not in the name of the city, despite the fact that a city ordinance may have been violated. The judge said that the bringing of prosecutions in the name of the state is the practice in Idaho if not all other states.

It is pointed out that Judge Babcock's decision of yesterday will be carried out if the state supreme court, in any event, the result of Judge Babcock's ruling is not likely to interfere with the regular course of the law as, if it is upheld, the changing of legal blanks to read in the name of the state instead of the city will be the only necessary action.

COMING OUT OF THE MUD

One of the chief benefits the farmer derives from really good roads is that of being able to move his farm products to market more quickly, cheaply and without injury. The farmer's crops are his stock in trade. If he can market them without delay when the price is up, he is the winner; if, because of bad roads, he is unable to get his products to market until after the price has declined, he loses.

Another decided advantage in good roads is that they encourage the use of motor vehicles by the farmer, effecting a saving in time and worry in moving his crops, and in getting his family to school and children to school.

Thousands of miles of poor roads which act as tredders for main highways are being made practical for modern traffic at a minimum of expense, by protecting the old base with a waterproof wearing surface. This firm base is made available for use which would otherwise be wasted and thus to distance from school and markets and prohibitive cost of building standard types of state highway pavements.

The modern tractor and road machinery plus the water-proofing qualities of asphalt are enabling hundreds of communities to come out of the mud. Good roads are probably next in importance to newspapers in unifying our people. Boise Capital News.

LINDBERGH'S LIFE

The story of America's Hero, the first man to fly from New York to Paris in a non-stop trip.

By MORRIS DE HAVEN TRACY, United Press Staff Correspondent. Copyright 1927 by The United Press.

CHAPTER I

Charles A. Lindbergh's greatest achievement as a pilot was not his record-breaking flight across the Atlantic Ocean, but his flight from New York to Paris in a non-stop trip. It was this flight that made him a household name and a hero to millions of people. He was the first man to fly from New York to Paris in a non-stop trip.

Which are just some of the things which go to show that Charles A. Lindbergh is not a mere curiosity, but a complete master of himself, direction in life, and great courage. He is not a man who is content to be a pilot, but a man who is content to be a pilot and a man who is content to be a pilot and a man who is content to be a pilot.

When one reads of his exploits, one can but be amazed at the courage and the skill which he displayed in his flight. He was the first man to fly from New York to Paris in a non-stop trip. He was the first man to fly from New York to Paris in a non-stop trip.

Today - Lindbergh's Life Story. Million Welcomes Him at Brussels. Amid the cheers of 1,000,000 Belgians at Brussels Saturday, King Albert of Belgium decorated Lindbergh with the cross of the Order of Leopold, the nation's highest honor. What has caused this sensational welcome? The flight, primarily, of course. But this boy's personality has much to do with it. Read about Lindbergh in The Times starting today. Hanson Holds Bruins While Logan Chalks up 9 to 1 Win

CANFIELD FAILS TO HODD VISITORS; LOCALS READY TO START NEXT FRAY

Gardiner's Men Not Discouraged As Result of Yesterday's Loss; Hanson Buffs Heavy Hitters and Whiffs Seven Men

Lefty Canfield failed to muzzle the Logan colossuses yesterday and the visitors rained home on the legs end of a 9 to 1 game with Gardiner's twin falls Bruins. The visitors clubbed the ball right merry throughout the game, getting three runs in the second inning, one in the fifth, four in the sixth and closing with one in the eighth on a combination of twelve hits and four error committals.

The Twin Falls team crossed the home plate once and that in the ninth inning. Hanson, Logan hurler, heaved a nice game, holding Gardner's men in check and striking out seven men.

O'Shea, the wallpinning Irishman, who pitched the first four innings, was pitched around by three hits out of five during his hitting was duplicated by Woodson, who pitched the last three hits out of four official trips to the plate. Lodge and Canfield did the heavy stick work for the Bruins, each getting two blazes.

In the extra base column, Woodson, O'Shea and Gerard collected four runs for Logan and O'Shea completed a good day's work with a three-base blow.

Manager Gardiner and his snappy bunch of Bruins will be right back in the field in the next game. This morning it appeared that today's game would be called off but official action was not taken in the extra base column. In case of a postponement it is likely that a double header will be staged tomorrow or Monday. The score of yesterday's game was as follows:

CUBS' PITCHER CHECKS OFF AND BATS VICTORY

Root Retires Reds and Then Singles to Score Winning Run.

Yesterday's hero, Charley Root, who relieved Lefty Brubaker, with a runner on first, hit one out and retired the side without scoring, blanked the Reds for three innings and then singled to score the winning run, giving the Cubs a 2 to 2 victory over Cincinnati.

Thommy Thomas, White Sox southpaw, hung up his hat as pitcher of the season when he defeated Detroit 3 to 1. Thomas has allowed two runs in the last five innings he has pitched.

The Pittsburgh Pirates ran their winning streak to nine games when they came from behind to tie the score on four runs in the seventh inning, winning in the tenth 8 to 7. Joe Bush won his own game when he scored Harrier with a single.

HUBERT WORK MAY BE PARTY TO CANAL COMPANY ACTION

Reclamation Officials in Charge of Water Distribution, Who Have Been Sued to Compel Them to Deliver Larger Quantity Say Secretary of Interior Is Real Party in Interest.

Motion that the name of Hubert, secretary of the interior, be added to the list of parties defendant to a suit brought by the Twin Falls Canal company against George W. Carter, state commissioner of reclamation and G. Clyde Baldwin as deputy commissioner, and G. Clyde Baldwin as watermaster for district No. 25, was filed today in the district court here by H. E. Ray, United States district attorney for Idaho, in behalf of the defendants named. The suit is brought by the canal company to compel the delivery of from 300 to 500 second feet of water during certain periods of the year, which it claims are improperly held out, and diverted to other companies.

The question involves the construction of what is known as the "Pater" dam, which was completed in 1910. The dam is situated on the Snake river, and is the source of the water supply for the canal company. The dam is owned by the United States government, and the canal company is a private corporation. The canal company claims that the dam is not being operated in accordance with the terms of the contract between the two parties.

The canal company claims that there is an increase of 300 to 500 second feet of water during certain periods of the year between the dam and the Miller dam, and that it has a right in the natural flow of the water between the dam and the Miller dam. In his answer, the district attorney alleges that the water in question is accreted from seepage and is not a part of the natural flow of the river. The canal company does not deny that the water is accreted from seepage, but it claims that it has a right in the water which drains back and forth between the dam and the Miller dam.

EARL CARROLL'S STATUS SERIOUS

ATLANTA, Ga., May 23.—Earl Carroll, New York theatrical producer, is in a critical condition from a medical and part physical and mental. Dr. Henry McGehee, Atlanta specialist, said today:

"Something must be done immediately." Dr. McGehee declared, "If Carroll is to recover, I cannot say at this time what the cause of Carroll's condition is but will be able to do so in time."
The report of Dr. McGehee, Dr. Fred C. Williams, superintendent of the South Carolina state hospital, and Dr. James Poche, Columbia, S. C., on Carroll's condition is to be forwarded at once to the department of justice in Washington.

None of the physicians would say whether they recommended clearance for Carroll, now a federal prisoner, and sentenced for perjury, a charge growing out of the investigation into his famous "flunk tub" birthday party in New York.

TRUCKMEN WILL NOT APPEAL TO IDAHO COURTS

Attorney Believes Law Will Stand Though Unlawful; Operators Will Obey Provisions Will Have Enforce.

Although criticizing the present law as discriminatory in some of its features, the truckmen of this city are inclined to accept it on grounds of expediency and get on with it rather than attempt to try its constitutionality. It was stated today by John H. Barnes, secretary and legal representative for the temporary organization in this city, following a meeting attended by about 80 last night. Mr. Barnes said that truck drivers for commercial purposes feel that the law was unjust inasmuch as it did not extend the extra fee to trucks owned by all companies and private firms and corporations, but careful study of the supreme court decision in the case of Smallwood against Jeter convinced him that it would be probably enforced. The meeting was addressed by H. W. Jordan and Franklin Smith of the state law enforcement department, who declared that the Idaho statute was better and more favorable to operators than the statute in force in Washington and Oregon, and who emphasized the statement that it would be probably enforced. A provision in the law which will bring under control the practice of Montana and Wyoming truckmen coming here during the busy season in the fall was approved by the Twin Falls operators.

A. W. Hon, secretary of the Idaho association of Truck Owners & Operators urged union with the state organization and harmonious effort to secure adjustments. A motion to appoint a committee on constitution and by-laws went over to a meeting to be held later.

RETIRED FROM MEETING
S. J. McAnulty, O. W. Dougherty, R. Walker and E. J. Hulme, Odd Fellows, and Mrs. Effie Watkins, of Twin Falls, and Mrs. Belmont, of Hazelton, Rosebush, returned late Friday from Salt Lake City, where they attended the state meeting of Odd Fellows and Rebekahs. Representatives of four other states were present, as well as representatives of the Sovereign Grand Lodge of the I. O. O. F. of America. These returned here to Jerome today to attend the meeting there.

ATTACKS SALMON CUT.
The proposed cut in the Salmon tract from about 2000 acres to 2500 and the borrowing of money to secure the reduction was attacked on constitutional grounds in a complaint filed last evening by Richards & Hagen, of Boise, in behalf of Thomas Sanderson. The complaint alleges that it is proposed to borrow \$550,000 and that with charges and interest will amount eventually to more than one million dollars. Sanderson says that he has investments in the Salmon tract in the way of stock and that these and all other holdings would be "annihilated." The proceedings whereby the canal board took action to carry out the plan are "unlawful," Richards will, it is believed, submit legal issues regarding the constitutionality of the company.

MOON'S PAINT STORE

Here's where the "Gyp" falls down

Some tire dealers sell off-brand merchandise purely on a price basis. "They knock 'em down and leave 'em lay," is the saying in the trade.

We do business on exactly the opposite principle. We sell only first-grade nationally known goods, like GOODYEAR TIRES, at the lowest prices that'll let us stay in business, and we back up every sale with SERVICE

Where You Come In

If you're a customer of ours we're on call any time. If you're in trouble, we're on the job to help you out. Just buzz our phone—that's all. We'll leave a meal, or a warm bed if necessary to get you all set and on your way again. Make us happy by giving us a chance to serve you.
