### Coolidge Heads Westward for Vacation

#### WILL REST IN SOUTH DAKOTA

Special Train Carries Executive and Large Retinue From Washington.

By PAUL E. MALLON, (United Press Staff Correspondent)  
WASHINGTON, June 13.—With a retinue of 15 White House attendants, photographers and newspapermen, President Coolidge will set out tonight on a special train to spend two months in the Black Hills of South Dakota.

Threats the locale of six-week-long hunt and Indians he will devote himself primarily to fishing, walking and avoiding guests.  
Stop in Indiana.  
Early tomorrow afternoon the presidential special will leave for two hours at Hammond, Ind., to enable Mr. Coolidge to dedicate the new White House memorial.  
Resuming his journey before sundown he will reach Elgin, S. D., on Wednesday morning to be welcomed by state officials.  
After half an hour's stay here he will go on to Rapid City, arriving Wednesday, evening for a 22-mile motor trip up to the state game lodge, which is to be the summer "White House."  
Accompanying the president will be his children, Mrs. Coolidge, General New, Secretary and Mrs. Sanders, Major General James F. Cowley, his son, Curtis, and his daughter, Mrs. Blodgett. Also in the party will be a number of household employees and a number of White House attendants.

#### WOMAN DOCTOR HELD IN SLAYING

Headed by the San Francisco chief of detectives, a half dozen American operatives offered their services to the Winnipeg authorities and were committed in connection with the local murders.

#### ONE KILLED IN PRISON BREAK

JOLIET, Ill., June 12.—Charles Schader, one of five men held under sentence of death in the Will County jail, was killed today by the death of Warden Peter Klein at the State prison a year ago, escaped.

#### WOMAN DOCTOR HELD IN SLAYING

#### CAPITAL BIDS LINDY ADIEU

Flier's Plane Balks and He Takes Another for New York Trip.

#### CAPITAL BIDS LINDY ADIEU

By CARL D. GHOAT, (United Press Staff Correspondent)  
WASHINGTON, June 13.—The national capital said adieu to Charles Lindbergh today and sent him on his way to New York's warehouse with many Goodbyes.

#### CAPITAL BIDS LINDY ADIEU

It was a beautiful takeoff. He swung the motor straight up at a height of 500 feet, turned and circled over the city.

#### CAPITAL BIDS LINDY ADIEU

All the pilots gave a snap of surprise at his fine takeoff. He traveled over to the Potomac river a mile to the west and then headed into the wind.

#### CAPITAL BIDS LINDY ADIEU

He went into a loop and came back over the field to watch the start of the accompanying planes.

#### CAPITAL BIDS LINDY ADIEU

William T. Kerr of Pittsburgh founded the National Flag Day association and for 20 years has been its president. He is shown here after receiving a flag which American flag presented by Miss Jean Laidley in behalf of the Holy Cross society.

#### FLAG DAY LEADER HONORED

William T. Kerr of Pittsburgh founded the National Flag Day association and for 20 years has been its president. He is shown here after receiving a flag which American flag presented by Miss Jean Laidley in behalf of the Holy Cross society.

#### By Participating in the Times' Campaign You Can Win Car

Either the \$1,745 Buick Master Six 4-Door Sedan, the \$1,087 Nash Light Six 2-Door Sedan, the \$1,020 Fully Equipped Whippet Six Coach or the \$1,202 Fully Equipped Pontiac Six 2-Door Sedan Can Be Yours.

Interest in the Daily Times' "Everybody Wins Something" prize campaign is increasing somewhat. Friday and Saturday saw more real enthusiasm manifested.

Why, a new candidate who has it in mind to run for mayor, or who, after subscriptions, can do almost anything he or she desires in this campaign.

Every day brings inquiries about a greater part of them are accompanied by votes, from persons who, having been nominated, have thought it over carefully and have decided that the opportunity of securing one of these big handouts.

During the last few days the hundreds of dollars in purses of gold and silver and cash commissions, is too good to pass by.

Anyone who drives an automobile should have Twin Falls Times Accident Policy.

DO YOU KNOW THAT AUTOMOBILES KILL 14,000 persons a year, or at the rate of 38 a day? What if you should be among the 14,000 or more killed during 1927?

WHY WILL EVERY DRIVER OF AN AUTOMOBILE PERSIST IN THINKING THAT HE WILL ALWAYS BE THE LUCKY ONE—that in some inexcusable way he will be the exception—that as far as accidents are concerned, he is immune?

It makes no difference how careful you may be, whether you are walking or driving, it is the other fellow you must always look out for.

NO MAN WHO LOVES HIS FAMILY DEARLY SHOULD BE WITHOUT THE FULLEST MEASURE OF PROTECTION, AND THIS INSURANCE NOW OFFERED BY THE TWIN FALLS DAILY TIMES PROVIDES THAT PROTECTION.

DELAYS ARE DANGEROUS—TAKE THAT INSURANCE TODAY!

#### CHEERING CROWD TRAMPLES POLICE

National Hero, Flies From Washington to New York Where Yelling, Screaming Throughs Give Him Tumultuous Greeting

By MORRIS BENEVEN'TRACY, (United Press Staff Correspondent)  
NEW YORK, June 13.—New York today received Charles A. Lindbergh as its hero in the most tumultuous welcome this city has ever given to any man.

Lindbergh flew here from Washington, alighting in the harbor from an amphibian plane. He was brought to the Battery through a line of hundreds of whistling, shouting boats and beneath great fountains of water thrown 150 feet in the air by five boats in the escort.

For five minutes police fought back crowds to give him a chance to land.

When the thousands at the Battery saw Lindbergh was once ashore, they could not be restrained longer. They surged through the police lines as if some were there and packed in if mass around his automobile.

Two hundred mounted police charged at full tilt, their whistles, forcing horses threatening to trample the people before them. But it took five minutes of that mad charge to dismount a path ahead of Lindbergh's car. Then it began moving slowly through the crowd, with mounted police showing and crowding back the throng. The crowd closed in behind it.

Telex tape began streaming from buildings to entangle itself in the web of the old officers of the 112th, even as he watched the outpouring of tribute to the hero's arrival.

There never was a day like this, the oldest officer of the 112th, even as he watched the outpouring of tribute to the hero's arrival.

#### WORLD FARM CO-OPERATION COOLIDGE PLEA

President Greeted Delegates to International Meet at Washington.

By PAUL E. MALLON, (United Press Staff Correspondent)  
WASHINGTON, June 13.—Winding up his final day in Washington before starting tonight for his Black Hills vacation, President Coolidge today welcomed the delegates of the First International Soil Congress in a speech urging co-operation between the nations of the world to provide food for future generations.

Twenty-five nations, including Russia, were represented by delegates who will discuss for a week the problem of increasing fertility of the soil and development of barren land for crop production.

The "interchange of ideas and the personal observations made possible by such international gatherings as this can not but be productive of a better understanding among different peoples and ultimately lead to a more universal desire for peace among all nations."

"The fundamental importance of the soil as a national and international resource is becoming more and more apparent to us when we reflect upon the extent to which all mankind is dependent upon the soil for its food, clothing and shelter."

"Long after our mines have ceased to give up their treasures the soil must continue to produce the food necessary for feeding the increasing populations of the world."

Coolidge pointed out that the world now is spending \$187,000,000 a year through the agricultural department with \$200,000,000 for scientific research.

#### TWO NEGROES ARE BURNED AT STAKE

MERIDIAN, Miss., June 12.—Two Negroes, Jim and Mark Jones, were seized and burned at a stake here today for the murder of a white man.

The two Negroes were seized by a posse of white men and taken to a public square where they were burned at a stake.

# SOCIETY NEWS

## Juvenile Program at Blue Lakes Club

Members of the Blue Lakes youth club were entertained Friday afternoon at the home of Mrs. George Bradley. The program committee, Mrs. Cecil Perry and Mrs. Ben Elmer, arranged an especially enjoyable children's program for the afternoon. Community singing opened the program, and Harriet Perry gave greetings of welcome. Appearing in numerous rhymed verse were Harriet Perry, Marilyn Dean, Perry, Kenneth Miller, Evelyn Johnson, Nellie Dougherty, George Johnson and Barbara Bradley. This exercise concluded with nursery health poems. Musical numbers included a piano solo by Ruth Miller, a whistling solo by Barbara Bradley, accompanied by Genevieve Bradley; a song, "The Boy's Dream," by Edith George and Doris Johnson, accompanied by Grace Johnson, a piano solo by Mrs. Albert Francis. Delicious refreshments were served by the hostess, assisted by Mrs. Dorothy and Misses Genevieve and Barbara Bradley.

## Pythian Sisters in Temple Session

The members of the Pythian Sisterhood met in temple session Friday evening in the K. O. E. hall. Mrs. Ira Westfall presided over the business session, during which a vote was taken to discontinue the meetings until next fall, following the next session. During the social hour Mrs. M. T. Nelson and Mrs. D. H. Cook served light refreshments.

## ELKS OBSERVE FLAG DAY AT B. P. O. E. HALL

Interlocking and Instructive Program Is Given Amid Artistic Decorations; Congressman Smith Urges History Teaching.

Teaching that a history of the flag, similar to that illustrated and read during Elks Flag Day exercises, should be taught in all the schools, in order that pupils and students might have a more striking realization of the growth of the country, Congressman Addison T. Smith yesterday held a public address at the B. P. O. E. Hall program in this city, arranged upon the proposition "Teaching the History of the Flag." The speaker, who held the attention of his audience.

**Program Is Artistic.**  
The hall was beautifully and artistically decorated by the committee, including decorations of A. Wilbur, Ed. Charles D. Thomas, grand exalted ruler, called the meeting to order. An introductory instrumental solo was given by Mrs. D. E. Ryan, and this was followed by the ritualistic opening service by the officers. Following a solo by Mrs. O. P. Davall, there was given the history of the flag by Misses officers, with Miss Mary Ella Wynn as pianist. There was a song by a trio composed of Mesdames Davall, W. George Smith and F. W. Bracken. After the address by Congressman Smith, the program closed with the singing of America by the audience.

**Should Read History.**  
Mr. Smith said that more history should be taught in the homes. The lives of our great men should be made familiar to the young. The young should be brought to understand what the program of the day brought out, that we never went into a war of aggression or for aggrandizement, and that we always won.

The Indian failed to develop this country, the Northerners failed, the Spaniards failed, and it remained, practically, for the English to carry out the great work. We all seek to leave something material to our children, but the greatest material thing is the liberty established and perpetuated in America," Mr. Smith said.

**Can You Answer All of These Questions?**

1. Was Theodore Roosevelt ever Governor of New Jersey?
2. Who wrote "Candide"?
3. What noted California dealer was born in Sicily?
4. What are the colors of the following colleges: Illinois, Harvard, Notre Dame, Southern California?
5. Under what president was James H. Sherman Vice-President?
6. What is the money value of a 1900's relationship to the Roman in about C. A. D.?
7. What ruler defeated the Romans in about C. A. D.?
8. What is the name of the present Pope?
9. Give within 15 years the date of the death of Napoleon?
10. In printing parlance what is commonly known as a "stick" (The answer to these questions appear elsewhere in this edition.)

## ANOTHER CHARGE FOR IDAHO

Idaho has a chance to gain legitimately and fairly through the aid of other sections, particularly in the flood districts of the mid-west and south.

One of the Boise papers last week carried a letter interview with a southern man in which he said that many of the people of the south who have been financially ruined by the floods are looking for new fields of activity. Many of them are good farmers and want only a boost at the start to become successful.

The idea has occurred to the editor of The Times that the commercial clubs and other organizations of this district would do well to send advertisements into the south or, better still, send representatives into that area to induce the farmers to come here.

It has been stated that a few of the farms in Idaho are being tilled by persons who have been in charge of lands taken over during the depression. It is financial concerns and that the results therefrom have not been particularly pleasing.

It is certain that these title and financing companies would be glad to add in the program outlined above.

This proposition should be particularly attractive to the real estate and land companies of this district and is submitted for their consideration.

## FARMING MADE EASY

This is new. A tractor and plow with an driver, all by themselves, guided by electricity, plow a 20 acre field on the farm of the Suburban Agricultural college last week, farmers, professors and business men looking on. The first furrow only was ploughed under human guidance. That furrow acted as guide and the machine did the rest.

There you have the ultimate solution of the farm question, and proof that "back to the farm" is not necessary.

The farmer will sit, sitting in a chair, on a tower in the middle of his acres, watching one machine spraying potatoes, another cultivating corn, a third cutting green oats for hay, and not a farm hand on the place. In Kansas alone this year additional "combination" machines for harvesting wheat will do away with 25,000 itinerant extra farm hands.

Trains, mowers and machinery will solve the farm problem as they have solved other industrial problems.

The above editorial is the first one published about two weeks ago by The Times and indicates that the Barley editor is in accord with the forecast made by The Times.

## THE HIGHWAYS AND THE BOOTLEGGER

When rum runners and bootleggers become so careless they run their cars into head-on collisions on the highways of the state, it's time the strong arm of the law was reaching out and getting them.

This happened between New Plymouth and Fruitland Wednesday when a violation of the prohibition law, a coupe, struck a sedan, injuring the woman occupant and demolishing his own car. The rum runner attempted to dispose of the liquor he had aboard by throwing the bottles into the ditch.

Realizing he could not elude all of the evidence of the illicit cargo, he ran from the scene of the accident. Not only guilty of violating the federal and state prohibitions, but admitted criminal negligence by driving recklessly and he joined The Helmsons in an attempt to elude the law.

If the Payette county officials could make an example of this bootlegger it would be a healthy thing for law enforcement in this state. Transportation over our highways of contraband liquor is, of course a common and constant thing, very difficult to stop.

But not infrequently there are cases like this one where the officials have a chance to get their goods and nothing should be left undone to apprehend this rum runner and to see that he is severely dealt with at the hands of the law.—Boise Capital News.

The Times endorses the Boise editor's opinion that the authorities should make an example in the above case if the facts are as related. The Times, however, does not agree with the statement that liquor running is difficult to stop. Officials who really go after the law violators can easily curb their activities.

## WHY DO YOU LIKE SOUTH I D A H O ?

Believing that a general discussion of the advantages, future development plans, conditions relating to health, property and other good points about northern Idaho will give the people of Idaho a better understanding of this part of the state, The Times is starting a "South Idaho" column. Like Southern Idaho.

Everyone under the plan is eligible to write about this subject. The only rules will be that no words should be of not more than 200 words, free from harsh or other objectionable language and that the writer sign either his full name or initials to the letter. When the writer wants only his name to be used, the desire will be complied with if indicated in the letter but they must sign their full name on the address under the initials. There will be kept for the editor's file. Replies may be made by any writer to the suggestions or proposals contained in a previously published letter.

Write why you like southern Idaho and make any suggestions you desire for its advancement. Forward your communication to Idaho Editor, Twin Falls Daily Times.

## HEIDA HOYT TELLS ABOUT SWIMMING

By HEIDA HOYT (United Press Fashion Editor)

NEW YORK, June 12.—To go swimming at a fashionable resort these days costs more money than buying a suit but numerous well-heeled accessories. The days when you could go swimming in a simple suit with cap and shoes, something that bathing ensemble are no more.

Today there must be a smart beach wear of some kind to go with the swimming suit itself may be through the swimming suit, one must go along the beach with the latest in accessories. The accessories in bathing designs or with ornate flower motifs on the outside and with all-colored linings are perhaps the most practical of the caps, wraps, cushions and printed towels, some of them are very attractive, especially when worn over a suit or bathing suit. Shorter, blazer jacket lines are also featured this season. One also sees quantities of one-piece knitted bathing suits, knitted at the center of the back and bright stripe facings.

Facings and bathing slippers, containing little stresses are favorite with women who do not care for the expense of one-piece knitted suits. Checked taffetas are particularly youthful and attractive. Two-piece knitted suits are favored above all one-piece models at present. These two-piece models consist of a knitted shirt and a pair of contrasting trunks. The trunks are as bright as the top portion of the one-piece suit and they are fitted with belt straps, for one always wears a belt when trunks and separate shirt are worn.

Bathing base this season are extremely fascinating. Some of them are made of black rubberized material painted with gay-colored designs in shapes of large handbags with decorative top flaps. Others of rubberized materials have draw-string tops. Some of the latter are made with del-trad lines, and have red and orange.

## OUT OUR WAY—

**at the— THEATERS**

**Charter Oak Slips**  
Slips from Charter Oak, under which King John signed the charter giving English people parliamentary rights, are dug from the oak in Sherwood forest where Robin Hood administered the broken oath of allegiance, have grown to sturdy trees in Pleanantion, Calif.

**Let Plants Breathe**  
Plants breathe through their leaves. They can not breathe if the pores are clogged with dirt. Outside, the rain keep them clean. Indoors, they must be given a bath, once a week at least, with tepid water through a fine sprayer. Try this and see how your plants thrive.

## PEOPLE SHOW INTEREST IN SCHOOL BONDS

The public voted in the election of the friends of the proposed grade school facilities that not only are in the best interests of the community but that the grade not be closed until the needs of the grade school are met. In one ballot box, the grade school was voted for by the first of the voters and scheduled another for the second of the voters.

According to the figures, the grade school was voted for by 100 per cent of the voters. The grade school was voted for by 100 per cent of the voters. The grade school was voted for by 100 per cent of the voters.

The public voted in the election of the friends of the proposed grade school facilities that not only are in the best interests of the community but that the grade not be closed until the needs of the grade school are met. In one ballot box, the grade school was voted for by the first of the voters and scheduled another for the second of the voters.

There are two propositions contained in the bond issue of \$75,000. It is proposed to devote not to exceed \$20,000 for the construction and equipment of a gymnasium, and not to exceed \$55,000 for the construction of a building for school purposes either on grounds already owned by the district or to be acquired.

Both propositions have been discussed for several years. On one hand it has been repeatedly urged that the gymnasium of the school district is inadequate and that by the erection of one wall and the putting on of a roof a large gym could be equipped which could be used for a ball seating 2,000 or about two and a half times as many as the present high school auditorium.

On the other hand it has been urged that the budgetary needs in the grade buildings are badly liquidated and ventilated and are a menace to health of the pupils. Speaking generally, these arguments were not put forth by the same people who were opposed by those who claimed that the present were exaggerated, and who insisted that taxes were already too high. Opponents were not always the same in both cases. Some months ago the proposition of the gymnasium plan requested that an election be called to submit their proposition to the people.

Accident  
Policy

**You Need Not Be Killed to Collect On This Insurance—**

**for the Policy Pays \$10 to \$20 a Week for 15 consecutive weeks for any injuries sustained in any manner specified in each policy.**

## THE LOG OF THE OIL WELL, MELON VALLEY, TO DATE

I, a member of the board of directors, holding one share of stock, will give \$100,000, offered some for sale at 100% profit. By reason of offering name for sale the other members of the Board seek to buy me from my seat. The president of our board has to advise Melon Valley. The board is holding about 7,000 acres under government permit on the site. It seems to me that he is not a member of our proposition. The date on a good many of our leases have been changed since they were not issued and I ask that all leases be returned to land owners at once.

On June 11, Jackson few days ago. I was written to him about the continued delay and I said, "It seems to me that they will not be late in announcing the oil well." I said, "I will wait." He replied, "One is near King."

## Answers

1. Not be governor of New York, however.
2. Voltaire.
3. England.
4. Orange and blue; crimson; gold; and blue; gold.
5. Under William of Orange and John Bull.
6. Four hundred pounds a year for three years.
7. Bonaparte.
8. Thus XI.
9. Webster died in 1857.
10. The cut-out lines of nonpareil type.

## WORLD WAR TEN YEARS AGO TODAY

June 13, 1917.

King Constantine of Greece, whose queen is sister of Kaiser, yesterday was ordered by allies to abdicate. General Pershing receives thousands of welcome in Paris. German army of 100,000 men over London killed and injured 17,000.

TOMATOES: Plant 'em late and win with the "Hot" plan. Let 'em stay in the ground until the 15th of July. Two weeks gain in maturity. Celery, cauliflower, cabbage, peas.

# A MESSAGE TO ALL!

## To You Married Men!

Who are doing the utmost to give your families the best there is in life, and who are continually looking for money making opportunities—

## To You Married Women!

Who, although you may have household duties to take care of, feel that you are a partner in the home and want to do your part in these days when every dollar counts so much. Especially if you want to own a home of your own or to lift the burden on the one you now have—

## To You Young Men!

Who are constantly feeling or complaining that "it's hard to get a start these days" and that big opportunities that came to men in days gone by are not open to the young men of today—

## To You Young Women!

Who realize the girl of today, the ones worth while, are those who do things, those who are willing to exert themselves to attain a goal or an ideal, who are factors in the world and in the lives of those about them, who are live and energetic and not idlers—

## TO EVERYONE!

Who desires some of the better things of life—a car, a home, a start in business, or anything else that money can buy—

May we not suggest that you learn and consider the money-making opportunities that exist for YOU in The Twin Falls Daily Times' "Everybody Wins" Campaign.

Opportunity is knocking today at your door. Here is an offer whereby you can convert your spare hours into extra dollars, and luxurious motor cars valued at \$1,020, \$1,080, \$1,087 and up to \$1,745. The very least we pay participants is ten per cent in cash of all your collections on subscriptions if you do not earn a gift.

Nomination Blank in The Twin Falls Daily Times' "Everybody Wins" Campaign

### Good For 5,000 Votes

I hereby enter and cast 5,000 votes for

Miss, Mr. or Mrs. \_\_\_\_\_

as a candidate in The Twin Falls Daily Times' "Everybody Wins" Prize Distribution.

Address \_\_\_\_\_

Phone \_\_\_\_\_

NOTE—Only one nomination blank accepted for each candidate nominated

You owe it to yourself to investigate. You owe it to yourself to act. Today you are invited to participate in this \$8,000.00 gift list. Full information, without obligation on your part, is available to you upon your request. We invite you to participate. Your nomination paves the way.

# IDAHO CROPS PROSPECTS BEST IN YEARS, SURVEY REVEALS

## AVERAGE CONDITION FOR JUNE 1 IS ABOVE 1926 IN NEARLY ALL LINES

### Winter Wheat 91 Per Cent Normal; Spring Wheat 94; Production in Both Estimated Above Last Year; South District Status Is Best.

Special Dispatch to The Times  
**BOISE, June 13.**—The winter wheat in Idaho in June 1 had a condition of 91 per cent normal, a one-point gain over May 1, and the 10-year average is 86 per cent, according to the report for the month of June issued today by the United States department of agriculture, division of crop and livestock estimates.

This indicates a production of 11,160,000 bushels more than promised a month ago. The 1926 production was 10,283,000 bushels and the five-year average, 1922-1926, is 9,632,000 bushels. The 1927 crop is expected to be 11,160,000 bushels, or 700,000 more than the 10-year average. The crop is expected to be 11,160,000 bushels, or 700,000 more than the 10-year average.

The crop is expected to be 11,160,000 bushels, or 700,000 more than the 10-year average. The crop is expected to be 11,160,000 bushels, or 700,000 more than the 10-year average. The crop is expected to be 11,160,000 bushels, or 700,000 more than the 10-year average.

## Chamberlin a Racer in 1914

Chamberlin's experimental talents got a good start. This picture, taken in 1914, shows Chamberlin and the automobile which he used to enter the "Good" and state races. He had several spins and narrow escapes.

## GIRL RESERVES OF TWIN FALLS GO TO CAMP

Large Delegation Will Start at Noon Tomorrow for Annual Camp at Point of Lakes; Fine Program is Promised.

The Twin Falls delegation to the annual convention of the Girl Reserves of the Y. W. C. A. of southern Idaho will leave tomorrow at noon for Fayette lake, under the leadership of Mrs. Franko Barnhart, and Miss Viola Evans of this city. The girls with 23 will have the largest delegation of any of the towns represented. Other places participating will be Pocatello, Hazelton, Eden, Bull, Boise, Dry, Mountain Home, Nampa, Meridian, Wilder, Paris, Emmet, and Elgin. There will be 150 delegates in all.

The day will open with the annual flag raising at 6:30 a. m. at the high school campus by the boy scouts. All afternoon, former mayor will deliver the address for the occasion. All scout troops are expected to be present at these exercises.

Tomorrow will be peony day in Twin Falls. In order to assist the library committee for funds, Lloyd Walden, grower of fine flowers, donated his entire peony crop to the library without charge and the committee girls have consented to sell them. It was at first planned to have the sale Saturday, but Mr. Walden said that the flowers were developing so rapidly that they would be sold before the end of the week.

Lindy's Plane Can Be Fixed, Assert Experts  
By United Press  
WASHINGTON, June 13.—Charles Lindbergh's plane, the Spirit of St. Louis, the motor of which developed valve trouble today, can be repaired quickly, according to many and National Aeronautics Association officials. After air field mechanics had suggested that the engine was no longer newsworthy, the market air condition said the valve trouble was easy to remedy and only a matter of a few hours.

Innense Artificial Lake  
Martin's artificial Idaho is an artificial lake which is under construction. It will be the largest artificial lake in America. Its surface area is 40,000 acres and it will contain 300,000,000 gallons of water.

Applied Hat  
Portland sanitarian...  
Mrs. A. L. McMillan girl granddaughters, Eleanor Lauenbaum, left yesterday for a visit to relatives at Coe.

Legion to Elect  
The American Legion at its meeting tomorrow night will select four delegates to the state convention, which meets in Weiler July 28 for a three-day session. Plans for the entertainment district convention here June 22 will be laid. The Legion auxiliary plans to furnish a luncheon for the boys at the meeting tomorrow evening in Legion hall.

Scouts Are Registering  
Scouts are beginning to register at headquarters in the court house here today for the next Sunday camp session. Troops one and seven will set in line.

## City of Leningrad Sinking Into Ocean

Leningrad is slowly sinking into the sea, Russian geologists have discovered. Life filled Atlantic which is said to have sunk under the waters west of the Baltic Sea. Geologists found it in the past century and a half. The speed of subsidence is only a few centimeters a year, but the danger of food is increased by even slight drops in the land level.

The massive St. Isaac cathedral, one of the largest and finest structures in Europe, was founded by Peter the Great. It is now sinking into the sea. The cathedral is sinking into the sea. The cathedral is sinking into the sea.

Original Steepclashes  
Steepclashes are a new race in which the competitors have to surmount obstacles, such as hedges and ditches, in order to reach the winning post. The first race of the kind was run in Ireland by a party of fox-hunters, who actually made a distant church steeple the goal of the impromptu race. Such races are now being run in favor, and steepclashing became a recognized branch of horse racing.

Matter Unchangeable  
It is an accepted fact by the majority of scientists today that matter can neither be destroyed nor created. It may be changed, re-arranged, adapted, in innumerable ways, but this does not involve actual creation.

Primitiv Road  
A corduroy road is now constructed over bogs or swamps by laying logs side by side across the track. The road is so-called from its similarity of construction to the tracks of corded cloth known as corduroy.

Shattering Joy  
"An astronomer," said H. H. the age of Chinatown, "looks into the sky and discovers beautiful things so distant that they must be measured by light years." The joy of mathematics is rudely interrupted when he is notified that his bank account is four dollars overdrawn."—Washington Star.

## HIGHWAYS FROM TWIN FALLS ARE ALL EXCELLENT

The announcement received here yesterday by the Chamber of Commerce that Helena Summit road is open to light travel increases the importance of the announcement of the Idaho State Auto association that all roads from Twin Falls are in good condition, tourists say. The association declares roads from Boise to Pocatello through Bliss, Hagerman, Bull and Twin Falls to be excellent and from there to Shoshone to be in good condition. The Boise to Pocatello highway from the Nevada line all the way to Pocatello is in excellent condition. The Boise to Pocatello highway from the Nevada line all the way to Pocatello is in excellent condition.

## BOY SCOUTS TO RAISE FLAG AT HIGH TUESDAY

Tuesday is local flag day throughout the United States and it is expected that the State Spanglers' Union will float on the streets and on the homes of the people of this city. The day will open with the annual flag raising at 6:30 a. m. at the high school campus by the boy scouts. All afternoon, former mayor will deliver the address for the occasion. All scout troops are expected to be present at these exercises.

Gooding County  
Gooding County: Gooding. Owing to cool weather all grains and hay are about two weeks late. Present condition of crops indicates not a loss and a normal yield. Wheat has stood well, corn and barley not so well. A little too cold for alfalfa. Beans, peas, and clover are all about a week late. A little too cold for alfalfa. Beans, peas, and clover are all about a week late.

Peony Day is Due Tuesday for Library  
Tomorrow will be peony day in Twin Falls.
