That apple-and-pear, just-out-of-the-bath, rarer loveliness you admire in so many women is easily acquired by anyone who wants to look fresh and youthful.

You can make your skin as fine as the stuff dreams are made of by simply meaning it with a lotion made of the price of two lozenges squeezed into a three-ounce bottle of Clear White, which you can get from your nearest dealer.

It clears and refines the skin, takes away all discolorations, freckles, tan and blemishes by whitening it and reviving its youthful glow.

How It Started

By JEAN NEWTON

"AS HANDSOME AS AN ADONIS"

THIS phrase used to describe manly beauty or the similar expression, "He's a veritable Adonis," are quite familiar in everyday speech. We have them from the pages of mythological lore, where we find the story of Venus and Adonis.

Adonis was mortal as the gods and handsome that Venus herself was captivated by his manly charms. Leaving her Olympic heights to bear him company, she combed the woods with him, and together they hunted animals. Always, however, Venus charged Adonis to beware of the wolf and the lion and the bear.

"The brave toward the timid," she told him: "courage against the coward is not safe. Beware how you expose yourself to meet my hapless fate at stake. Attack not the beauty that nature has armed with weapons. Your youth and the beauty that charms Venus will not touch the hearts of lions and bristly boars!"

Adonis, however, was too brave and noble to heed this advice. At his first opportunity he went out with his spear at a wild boar, and the animal, snatching at the weapon, leaped upon him and buried his tusks in his side, taking his life. Venus, grief-stricken, heard the groans of her beloved and hurried to the death. Seeing his lifeless form buried in blood she was beside herself with grief, and there made this vow:

"The spectacle of your death, my Adonis, and of my lamentation, shall be annually renewed. Your blood shall be changed into a flower."

And so saying she sprinkled nectar on his blood, from which within an hour there sprang up a flower, bloody in hue, which is said by the Europeans to be their red and purple anemone!

All throughout literature we find references to the handsome Adonis, and the manner in which he met his death, of the most familiar is the following verse from Milton's "Comus":

Beds of hyacinth and roses
Where young Adonis fell repose,
Where we'll sit of his deep purple
In slumber soft, and on the ground
Bedeck'd with his Queen.

You owe it to your car

It costs a lot of money to over-haul a car—and automotive engineers estimate that most overhauling jobs are the result of careless and faulty lubrication.

Isn't that a good enough reason for using only Conoco Motor Oil, the oil of known quality—the lubricant which has fought friction successfully for years in all types of motors?

You owe it to your car—and to yourself—to insist upon Conoco.

There's a grade for your motor. Use that grade regularly and insure your car against abnormal depreciation, scored cylinders, and burned out bearings.

BYRD READY FOR SEA TRIP

Flier Will Start Friday for Paris If Weather Clears

NEW YORK, June 15.—Commander Richard Byrd will start for Paris in his tri-motor, "Fokker," monoplane, "America," as soon after Friday as the weather permits, it seemed certain today.

Byrd is announcing that the plane needed only fuel and provisions to be ready to start. Byrd refused to make his plans before he left to receive an honorarium at the Virginia Military Institute.

He developed, however, that Carl Schorff, of the National Aeronautic association at Washington had arranged to come to New York Friday with a special airship for the America. The biograph records the plane's altitude throughout its journey and thus reveals any lands it may make.

Bert Acosta and Lieutenant Young E. N. N. will fly with Byrd in his big, wireless-equipped plane. Rumors that Byrd planned a flight around the world were added to the report of the airship that he would fly back to the United States after a 12 or 24 hour stop there. None of the reports had the slightest verification.

ATLANTIC CITY, N. J., June 15.—Clarence M. Dunbar, president of the I. O. O. F., was installed as imperial potentate of the Shriners today at the second business session of the annual Shrine convention here. He succeeds David W. Crowland of Montgomery, Ala.

Another Carvee Flyer.

NEW YORK, June 15.—Another carvee 24 hours was ahead of Colonel Charles A. Lindbergh today. Enough time was permitted for his appearance from noon until midnight to fly to Washington and back if he wants to bring his beloved plane, the Spirit of Saint Louis to New York.

Unlike yesterday, when rain and wind twice prevented the carving in an army plane for Washington, the weather today seemed favorable for a flight if Lindbergh changed his plans. He may wait until late Thursday or Friday before going for his plane and then fly direct from Washington to St. Louis.

willing to admit that battleships were useless in the light of aviation development.

Charges Rejected.

He said there was no occasion for permitting the Spirit of St. Louis to be damaged. He said after Lindbergh's phone aboard the cruiser Memphis, which Lindbergh was quoted in New York as saying caused the trouble.

Mitchell insisted that Lindbergh might have proved the correctness of the Mitchell position in favor of a special government department of aviation.

Warner held the defect had been developing for some time, and the fact that the Spirit of St. Louis had been flown to New York so many would have come to him.

Charley Lindbergh Blushes Furiously in Escaping Kiss

NEW YORK, June 15.—Charles Lindbergh's face blushed and he missed a kiss when he lavated the wild, rough Times Square district to-day.

Lindbergh was coming out of the New York Times building after inspecting the movie.

An attractive young woman jumped from the crowd around the door and kissed Lindbergh on the cheek. He was so shy she failed to kiss him.

Lindbergh blushed furiously, pushed the girl away and retreated to the shelter of the Times doorway. Police held the girl until the flier was escorted to safety.

A great crowd of curious girls, Broadway beauties and darts laughs delighted by Lindbergh's did not seem to enjoy it at all.

The girl was not arrested and did not give her name.

The Program

The news programs which will be broadcast from station KFXX, Jerome, Idaho, (wave length 204 meters) will be furnished by Southern Idaho's leading daily newspaper, The Twin Falls Times. They will consist of all of the very latest items from every part of the world, including Idaho, and will also contain a summary of the markets available at the time the news program is broadcast (12:30 to 1 p. m.). The United Press association, of which The Twin Falls Daily Times is a member, is undoubtedly the fastest news service in the world. The KFXX station radio fans will be assured of receiving news from such men as Morris De Haven Tracy who wrote the Lindbergh story and who has covered the sensational welcome given America's aerial hero since his return to this country.

The Times will be pleased for everyone to hear its programs through KFXX and is giving this service to aid in the development of this part of the state and to promote a spirit of friendship between all citizens of this area. The program started today and while The Times regrets that it was unable to give advance notice, for the reason that it was not ready of the start until after yesterday's paper was published, it will do everything possible to make the broadcasting plan a success.

OPTIMISM STAYS WITH SHIP

A few words often tell a big story, something really vital to the life of the people and to the betterment of the nation.

While no definite announcement has been made of the stand the American financiers will take in connection with the situation, it may be safely forecast that the big bankers and industrialists of this country will not let the ship slip and that they will furnish the necessary money and take a chance on Russia paying back despite the fact that she has steadily refused to pay debts incurred in America by the czarist regime.

Seventy-five million dollars worth of business coming at a time when the industries are generally slack, is indeed a stroke of luck, and if the proposition goes through, thousands of workers in the east who are usually made idle by the seasonal slackening of business will obtain employment.

The farmers of the United States also will benefit for the reason that Russia must have food and supplies of various kinds which are produced by the agriculturists of this country.

Russia must know in advance, however, that she cannot hope to carry out her official propaganda in this country and that she will not receive the official recognition of the United States until she agrees to accept the past debts and complies with other terms set forth by the American government.

ANOTHER SERVICE

The Twin Falls Daily Times today launches another service for the people of the southern Idaho district.

Through KFXD of Jerome, The Times will daily, except Sunday, broadcast radio programs from 12:30 to 1 p. m. The news items, which feature will be broadcast from KFXD from 2 p. m. to 2:30 p. m.

The Twin Falls Daily Times believes that this plan will aid in the development of southern Idaho and that it will promote a spirit of friendliness between the people of the district.

The Times is rapidly expanding its service to the people of southern Idaho. The addition of the radio program is only one item in The Times' efforts in carrying out the promise made when the present management took over the paper. Many other features and additions to The Times' service are planned.

HUMAN FIENDS AND SLAYERS

Florida seems to be as well supplied with human fiends and slayers as well as with everything else. Tampa officials have in their custody one B. F. Levine arrested for murdering a family of five people several days ago and who has also confessed to killing five members of another family a year ago.

Quite naturally the people of Tampa are horrified, indignant and determined to administer swift and certain justice to the murderer. It has been necessary to call out the National Guard to preserve peace, and officials have had to resort to every possible ruse to keep the prisoner in their hands from being seized by the angry mob.

For three months the mob sought the effort to get Levine, following whose arrest five others lost their lives in rioting. The whole state has been aroused to the seriousness of the situation and the apparent lightness with which human life is held.

The mob spirit being exhibited in Florida should not be encouraged. But it ought to be a warning that radical steps must be taken in this country to eliminate the crime and lawless and lawless activities and to settle in punishing them. These human fiends, once their guilt has been established, should be eliminated, but through the proper process of law. —Boise Capital News.

WHY DO YOU LIKE SOUTH IDAHO?

Believing that a general development of the advantages, future development of the state, considerable improvement in health, prosperity and other good points about southern Idaho will probably result, a few of our friends, all over this part of the state, The Times is starting a daily column, "Why I Like Southern Idaho."

Everyone under the plan is eligible to write about this subject. The only rules will be that letters should be of not more than 500 words, free from harsh or otherwise objectionable language and that the writer sign either his full name or initials to the letter. When the writer wants only his name to appear in the column, the desire will be complied with if indicated in the letter but they must sign their full name and address under the initials. These will be kept for the editor's file.

Articles may be made by any writer to the successors of proposals contained in a previously published letter.

Write you like southern Idaho, and make any suggestions you desire for its advancement. Address your communication to Idaho Editor, Twin Falls Daily Times.

KALSE UPHOLDS PHILATELY ART

In the following letter to the editor of The Times, Mr. H. F. Kalse, declares that stamp collecting is an indication of a noble mind.

"A short while ago, the writer was enjoying one of the beautiful corners in the city park, when he observed a man was discussing Philately (stamp collecting) with his companion.

"The collector should be confined in a institution, to be out of the way. The writer (although rather young)

HEDDA HOYT TELLS ABOUT FASHION NOTES

By HEDDA HOYT. (Faded Press Fashion Editor).

NEW YORK.—Vivian with pastel shades, black and white combinations and beige for sportswear are brilliant shades of red and purple. Purple is a bit newer than red where sportswear is concerned and frills of this shade are worn with light gray slippers and accessories.

Shades of sulphur and bright yellows are also noted at smart outdoor gatherings. Of course, brown, gray, beige and natural shades are still strongly emphasized wherever smart women gather but one must admit that flax in preference to these intertemporal shades for sportswear, bright shades rate above pale pastels.

One saw so many pastel-tinted frocks last summer that it's a relief to find well-dressed women asserting gray colors. Now, too, in the realm of sportswear are shades of red and purple. These may be of real snare or of cloth intended in evening dress.

Conspicuous shoes are a necessity where sportswear is considered. Thus we notice many models with pumps made of narrow braided, ribbed leather. The leather is woven rather loosely so as to permit the air to reach the foot. The heel of this shoe, however, is made of solid leather to prevent one's foot from turning as one steps.

Sweaters and skirts are again considered quite as smart as anything one can wear for sports occasions this year. The skirt may harmonize in color with the sweater or act as a contrast. Sweaters may be worn at the front or at the back.

Wearable suede gloves of champagne or made coloring are recognized as the appropriate thing for sportswear. They may be worn with the entire white costume as well as with the colored outfits since they are worn with white this season in most shades.

Vegetarian jackets and long coats in high colors are worn for any sports occasion this season.

QUESTIONS YOU MAY ASK AND THEIR ANSWERS

Explaining The Times' \$8000.00 Campaign

HOW THE TERRITORY IS DIVIDED

The territory covered by The Times will be divided into three districts for the purpose of securing an equitable distribution of the money prizes in the mammoth "Everybody Wins" campaign, with a complete set of prizes for each district. The territory covered by The Times comprises Southern Idaho and adjoining territory.

DISTRICT NO. 1, will include only those participants residing within the city limits of Twin Falls. At least one, and possibly two, of the prize cars and as many cash awards as there are active participants will be awarded in this district.

DISTRICT NO. 2 will include only those participants residing in Bluff and Castleford or who receive their mail through the Bluff or Castleford Postoffices. At least one, and possibly two, of the prize cars and as many cash awards as there are active participants will be distributed in this district.

DISTRICT NO. 3, will include only those participants residing in the territory served by The Times which is not included in either of the other two districts. At least one, and possibly two, of the prize cars and as many cash awards as there are active participants will be distributed in this district.

Question: What is your \$8,000 Free Gift Distribution?
Answer: It is a circulation sales campaign in which you sell The Daily Times a portion of your spare hours in return for a guaranteed compensation of 10 per cent cash commission on your gross subscription sales—if you do not earn a gift. You are afforded the opportunity of participating in a mammoth gift list which totals \$8,000.

Question: What does your gift list consist of?
Answer: Gifts valued at \$8,000, including purses of gold coins and automobiles valued as high as \$2,750. There is a \$1,750 Buick Master Six, Four-door Sedan; a \$1,807 Nash Light Six, Two-door Sedan; a \$1,650 fully equipped Whippet Six Coach; a \$1,020 fully equipped Pontiac Six, Two-door Sedan; three cash prizes of \$100.00 each and a sum has been set aside in cash to be paid ACTIVE non-gift winners on a 10 per cent basis.

Question: What are the three districts in which the territory is divided?
Answer: The districts are purely for the purpose of affording an equitable distribution of the gifts. You may secure subscriptions anywhere. However, you are a set of gifts and cash awards are assured for each district.

Question: How is compensation determined?
Answer: The basis of the distribution is 10 per cent on every dollar you collect if you do not earn a gift, providing you remain ACTIVE in the campaign, making a regular weekly cash report.

Question: How are votes obtained?
Answer: A certain number of votes are given for subscription payments as shown by the vote schedule and by coupons which appear in each issue of the paper.

Question: Are non-votes per subscription given in the first part of the campaign?
Answer: No. The campaign is on a decreasing schedule, divided into four parts or periods. Biggest votes are given in the first period, which is now in effect. Votes decrease with each period.

Question: May subscriptions be taken from persons not subscribing in The Times, as well as from new subscribers?
Answer: Yes. All subscriptions count according to the vote schedule. A vote bonus is given for new subscriptions in each period excepting the fourth.

Question: May I secure subscriptions outside my own district?
Answer: Yes. You may secure subscriptions anywhere.

Question: May I take subscriptions to be started at some future date?
Answer: Yes. Simply make a notation on the stub in your receipt book to that effect.

Question: How is the campaign to be brought to a close?
Answer: Under the sealed ballot box system. During the entire final period the box, locked and sealed, will be at a local bank where participants and their friends will deposit their subscription collections and votes. This precludes any possibility of favoritism and insures fairness to the intended degree.

Question: When is the best time to accept The Times' offer and make a start?
Answer: Now, while subscriptions count for most votes. Largest vote credits are given during the first period which is now in effect.

Question: How can I participate in the Gift Distribution?
Answer: Fill out the nomination blank elsewhere on this page and bring or send it in, or call at The Times office.

Question: Does it cost anything to enter or participate in the gift list?
Answer: Not one cent now or ever to enter and earn any of the gifts.

Question: Am I entitled of any compensation for my time?
Answer: Every participant who does not earn one of the gifts will be paid in cash the sum of 10 per cent of his or her total subscription sales, if they remain ACTIVE in the campaign, making a regular weekly cash report.

Question: Will subscriptions be worth more to me later in the campaign than they now are?
Answer: Subscriptions are positively worth more during the first period of the campaign than at any other time.

Question: Who will earn the four big automobiles and the three cash prizes?
Answer: The seven people who realize that the good things in life have to be gone after. Nothing worth having was ever gotten without some effort. If you have determination to say to yourself, "I am going to participate in this big gift list," your battle is half won.

EVERY PARTICIPANT COMPENSATED
All gifts to be awarded absolutely free to men and women, boys and girls, residing in Twin Falls and this territory. You are welcome to share in this distribution. It costs you nothing now or ever. It is not even required that you be a Daily Times subscriber. Every active participant is guaranteed either a cash gift or an automobile. Clip out the nomination blank and send it or bring it to The Daily Times office today.

HOW THE PRIZES WILL BE AWARDED

Every active participant in The Times' Free Gift Distribution will receive a cash commission, a cash prize, or one of the four big cars. The person polling the greatest amount of votes in the campaign, regardless of which district he or she may be in, will receive his or her choice in the four big prize cars. Then, the three persons who have received the highest number of votes in the three respective districts (outside of the winner of the Grand Capital prize) will be given the three remaining prize cars—the highest of the three district leaders taking his or her choice; the next highest district leader than getting his or her choice of the remaining cars, and so on. Then after the four cars have all been awarded, the three persons in the three respective districts with the next highest number of votes to the car winners will each receive \$100.00 in cash. All other active non-prize winning candidates (those who do not win one of the above gifts) in each and every district, will each receive a cash commission equal to 10% of all money he or she has turned in for subscriptions, according to the rules of the campaign.

This plan assures that each district will receive at least one of the cars; that any district can win two of the cars; that each district will receive one of the \$100 cash prizes, and that each and every candidate who does not win one of the big prizes will be well paid—on a basis of ten percent—for every effort he or she puts forth in the campaign.

JACK DEMPSEY BATTLES SHARKEY IN NEW YORK ON JULY 21

FORMER CHAMP TO FACE TOUGH COMEBACK BOUT

Tex Rickard Confirms Bout; Expect Million-dollar Gate.

NEW YORK, June 15.—The long-rumored meeting of Jack Dempsey and Jack Sharkey in a bout to decide which will meet Gene Tunney for the heavyweight title was confirmed by Tex Rickard today. He informally announced the fight at a lunch at Brooklyn's Waldorf hotel last night.

Dempsey and Sharkey will meet July 21 at the Yankee stadium before a crowd which Rickard confidently expects will pay \$1,000,000, although no championship is on the card. Each of the principals will get 25 per cent of the gate. It was understood that Dempsey, who has been training in California for several weeks, will come east and take over his favorite Saratoga training quarters. Rickard said United Press dispatches from the coast quoted Dempsey as confirming the Dempsey announcement of the fight but did not say when he would come east.

With Rickard's announcement of the fight, the summer and fall fight program for the big boys begins to take definite shape. It had been thought because of doubt over whether Dempsey could get into condition for an attempt to regain his title.

Sharkey's knockout victory over Jim Maloney recently, it was reported the Boston archer will continue track at the championship without going through the Dempsey elimination.

BRUINS CAPTURE FOURTH GAME FROM GIANTS

Pick's Single Does Work; Bruins Take Ten Straight Victories.

Yesterday's hero, Eddie Pick, who joined the Chicago Cubs with the week, and rapped out the single in the 11th inning that gave the Bruins their fourth straight victory over the New York Giants and their tenth in a row. The score was 4 to 3. Pick's single scored Hoche. Jack Wilson whacked out his 13th homer of 1927 in the sixth.

With Ed Rheim and Grover C. Alexander pitching, St. Louis Cardinals beat the Phillies, 6 to 4. Cy Williams of the Phillies scored his 13th home run of the season. Australian Champ Makes Fresh Start

LOS ANGELES, June 15.—Bill Gilbey, Australian champion in three boxing divisions, will make his second American start at Hollywood stadium Friday night when he meets *Big* *Ham*es, Wilmington heavyweight, Grimes featherweight, Schwabich and silverweight champion of the Antipodes.

In his first bout here against Doc Steele, junior heavyweight, Grimes came back after being floored four times in the first three rounds to give Steele a terrific body beating. This, despite the fact that he had the decision, made him an instant favorite.

The workouts here the past week have been impressive. **Blackberry a Nuissance**

BRITISH PROS GIVE THREAT

OAKMONT COUNTRY CLUB, HILLTON, Pa., June 15.—A new amateur has joined and holds the spotlight at Oakmont, and Bobby Jones of Atlanta, today was relegated to a rear place in the race for the national open championship.

Among the early starters the British professionals were showing great improvement, and several who were not much in the picture at the start threatened to be close to the top by night.

Arnold Compston, the tall British pro who had been having his troubles being with the others in the rain and had Tuesday, began showing a hot possible golf today and quickly picked up a large following.

Most of the spectators walked for Walter Hagen, the first of the popular American pros, to go out, but those who followed Compston saw some great playing.

Arnold was at the turn in 38, one over par, and then brought his score to even-par figures with a birdie.

BODY OF UNIDENTIFIED MAN FOUND HERE IN ROCK CREEK

The body of an unidentified man, apparently about 40 years old, was found at 2 o'clock this afternoon partly submerged in Rock creek a mile and a half above the rock crusher, by Frank Beatty. The feet and legs of the man were in the water and the head and shoulders against a rock ledge on the side of the creek. No serious bruises were found and none on the head have so far been discovered. Officers have no theory as to the cause of death. He was fairly well dressed but wore no coat. He had \$4.30 in his pocket, but nothing with identification marks. Officers believe he may have been dead 24 hours. The body was brought to the coroner's office at 3 p. m.
