THIS DAY IN FISTIANA

JULY 14, 1911
YORKIN IS WHITE
 BY DOC REID
 Thirteen years ago today, Charlie White, the Chicago fellow who weighed 240, battered the tough Stanly Yankin of Texas into submission in 12 rounds at Denver, Colo. The battle is said to have been one of the most brutally fought affairs ever witnessed in the sub-belt city. Both contestants were fighting contenders for titular honors in the lightweight class until the Texan was eliminated by White. The latter had three chances at the knocked-out White, but the Texan was unable to get up. White, who was known as "The White" during the reign of each, was now owner of a physical culture school in Chicago and is prospering.

SPECIAL NOTICE

As announced in the "Rules and Regulations," published at the beginning of the campaign, the Ballot Box in the Twin Falls Daily Times' campaign has been locked and sealed and placed in the lobby of The Twin Falls Bank and Trust Co., where it will remain until the closing hour of the campaign—10 o'clock Saturday night, July 16th, 1927. No subscriptions or votes whatever will be accepted through the campaign department this week and candidates and their friends are to drop their coupons, subscriptions and subscription money in the sealed ballot box.

Candidates will have access to the sealed ballot box each day during the regular hours of this well known banking institution. The hours are 10 a. m. until 3 p. m. each day.

ARRANGEMENTS FOR CANDIDATES TO DEPOSIT THEIR COUPONS IN THE SEALED BALLOT BOX ON SATURDAY EVENING WILL BE MADE AND ANNOUNCED LATER IN THESE COLUMNS.

You must be sure that all votes, money and subscriptions are in the ballot box at the closing hour as none will be accepted through the mails or in any other manner after 10 p. m. Saturday, July 16th. Neither will any money be refunded, so be sure you have everything in perfect shape. If candidate wish, The Times' campaign department will furnish them with envelopes in which to make their final deposits in the sealed ballot box.

But Two Short Days Remain

Entire Section Being Combed by Tireless Times' Candidates

TO THE CANDIDATES

The end of the campaign is but a few days away. If you can trust your own judgment as to your competitor's strength based on facts and observations and lay your plans accordingly there is yet time to stem the tide and turn it into a sweeping victory.

With only two more days after today in which hustling candidates in The Times' mammoth prize campaign may entrench themselves behind enough votes to win, small "gigantic" tireless, thorough canvases for subscriptions as these energetic men and women are making these last few days has never before been seen in Idaho.

It is truly a wonderful race between the most popular and the most capable representatives of the people of this community that has ever been inaugurated in this section.

Twin Falls is watching and waiting, wondering and hustling for the favorites, and so are all the surrounding cities and towns.

And when the value of the prizes at stake is taken into consideration it is any wonder? HONOR, GLORY AND A SMALL FORTUNE AWAIT THE WINNERS SATURDAY NIGHT.

Analysis of the standing of the candidates as published for the last time, before the final count, today shows an interesting situation as the headliners round the last turn and go into the "home stretch" under "whip and spur."

The best entries of this section of the country are on the score card—the purses mean hundreds of dollars to the winners. The candidates are rounding the turn for the last time—thousands of enthusiastic fans are cheering and "pulling" for their favorites—and the wire is almost in trench—MAY THE BEST CANDIDATES WIN.

Are you going to be one to finish triumphantly with an overwhelming number of votes or are you going to be content with what you now have and see the efforts of these many weeks go to waste, and the big rewards of the campaign wrested from your grasp by more enterprising competitors? It is up to you now—will you come out on top or will you let your rivals beat you to the big prize!

Don't try to figure out just how many votes it will take to win for you will very likely fail to get enough. Don't be afraid of having too many votes, for you CAN'T HAVE TOO MANY. It would be better to win by a million votes or so far more than to get left by a few thousand.

Overconfidence has lost many battles. Relaxation at this stage of the campaign is suicidal to success. Determination to win coupled with relentless activity in vote getting will help make any candidate a winner. What is intended to be done must be done now. To tempterize is to let some competitor sweep ahead and claim the prize that would have been yours.

Now for Real Speed

Now is the time to double up your fists, grit your teeth, roll up your sleeves and GO TO IT with all the energy you have at your command.

Remember that the long term subscriptions are the most valuable. Get the six-year subscriptions—everyone of them you secure THIS week means you 375,000 votes (coupons included). Bear in mind that every \$12 "club" of subscriptions turned in entitles you to 100,000 EXTRA PRIZE VOTES.

It seems to be unanimous, this perseverance that is characteristic of The Times' candidates, and this last period will undoubtedly witness the most spirited battle that has ever taken place in this section.

All The Daily Times' territory is being raked as thoroughly as with a fine-tooth comb, and the abundance of subscriptions coming forth are sending the vote totals to almost colossal figures.

Rallying Forces

Now that the candidates are entering upon the last two days of the race for all the big automobiles, and big cash awards, thoughts of "now or never" are hovering in their minds. Candidates in The Times' gigantic prize campaign are rallying their forces and marshaling their ranks as would a general on the eve of a great battle, preparing with feverish haste to make their final stand for victory before 10 o'clock Saturday night—the last night—while all are waiting, watching, wondering and hustling for their favorites.

Leading candidates are seeing with the hustle of preparation for the final dash and with eagerness are fighting valiantly and determinedly to reach the goal where the four big automobiles await.

Many weeks of hard work and anxiety culminated in the closing scene at 10 o'clock Saturday night, at which time the big automobile campaign comes to an official close and the most successful candidates will claim the magnificent prizes—bested by four automobiles.

Must Check Votes

Each and every candidate is urged to get his or her vote totals in shape to check with those of the Twin Falls Daily Times. The Campaign Manager will set aside Thursday and Friday of this week as days in which the candidates may come to this office and verify their records with those of the campaign department.

Simply add up your vote totals, then come to this office and verify your totals with the total this office has for you. If there is any difference it can be fixed up now. NO CORRECTIONS WILL BE MADE AFTER 3 P. M., FRIDAY, JULY 15.

Any candidate who does not come to this office and check and verify his or her vote totals with those of the Campaign

Manager, will be considered as having given notice to the Judges and the Twin Falls Daily Times that they accept the figures of the campaign department as correct and authorize the Judges to use them as the basis for the final count.

The votes as they appear in the last count as published today will remain unchanged until the final count by the Judges, except in case of correction of any errors which may exist. If The Twin Falls Daily Times' account is not absolutely correct according to your figures and records, notify this office immediately, so proper correction can be made before the end of the campaign.

The Times' Big Campaign Ends Forever at 10 P. M., NEXT SATURDAY, JULY 16th

Lefty Flynn Baffles Bee Sluggers and Bruins Win, 5 to 2

TWIN FALLS POUNDS MALLOY FOR 12 HITS TO SHOVE OVER VICTORY

Manager Leard Uses New Shortstop Who Bingles Nicely; Shifts Batting Order With Good Effect and Things Look Rosy to Local Baseball Fans.

Special Dispatch to The Times
SALT LAKE CITY, July 14.—Lefty Flynn, leading here yesterday for the Twin Falls Bruins, led the Salt Lake Braves down with four hits and struck out seven men while the Bruins were winning by a score of 5 to 2.

Manager Leard took charge of the club yesterday and immediately put in the new pitcher, Fred Malloy, who took up the duties at the short field close through three innings, gathering two hits out of four lines up, including a two-bagger. He did not have a fibbing inning. The batting order was shifted with good effect.

The Bruins gathered a total of 12 hits as they overcame the Salt Lake Braves. They started right off in the first inning by smothering Salt Lake. The Bruins then closed their attack in the sixth when three Bruins ac-

PITCHER GROVE DELIVERS HITS, ATHLETICS WIN

Drives in 3 Runs; Cubs Increase Their Lead in National Race

Yesterday's term—Lefty Grove, Athletics pitcher, contributed two hits which drove in three runs in yesterday's game with the Cubs. Grove was only one run more than was needed to win the game. The score was Philadelphia 7, Chicago 4.

The Cubs increased their league lead slightly by smothering a doubleheader with Boston. Carlson started for the Cubs in the first game and pitched badly. Jones who relieved Carlson pitched better. Carlson started for 18 hits and the score was 6 to 2. Root outpitched H. Smith in a well pitched second game and the score was 4 to 1 in favor of the Cubs.

The up and coming Texas diamond Washington held the Athletics to a 1-0 American League considerably when they won two games, 7 to 2 and 2 to 1.

Murry Pelham, a superb pitcher, got five hits in five innings in the second game and hit a single and a home run in the first contest.

George Siler of the Browns batted first for the second game and by turning in four hits in four innings in yesterday's game with the Red Sox, Siler, St. Louis second baseman, also got four of the team's 18 hits in four times at bat. The score: St. Louis 14, Browns 1.

Hittite double and Lazzerri's triple in the eighth accounted for three of the Yankees' run and made it possible for the team to win 5 to 2 over Cleveland. Smith had a perfect day's hitting, average with three singles in addition to a double.

Cayler led Detroit's line to center get away from him in the 11th inning. White's three-run homer and the Indians' second baseman raved home with the winning run. Petty and Meadows, who had a combined score from running into bases, figures. The Pirates made it in the fourth and Brooklyn struck back in the ninth, the final score being Brooklyn 2, Pittsburgh 1.

Cleveland got 10 hits from three Giant pitchers to win, 11 to 3 and give the New Yorkers chances of handling the National League matter another attack.

After the score had been tied for six innings, the Cardinals took advantage of Derwatt's wildness in the 12th and scored two runs on the Phils to win, 7 to 6.

UZZUDUN PUTS K. O. ON WILLS

NEW YORK, July 14.—Harry Will, the Alton heavyweight, who once was considered by many as another Jack Johnson and a serious challenger for the championship, was definitely a has-been today. Paulino Uzzudun, the Alton, in his first fight for promotion because of his decisive defeat of Wills in last night's fight at Ebbets field in Brooklyn.

Paulino had never been rated too highly, but the blow he landed on the jaw of the never in the fourth round of a scheduled 10-round fight might have benefited a better fighter. It enhanced his reputation as a slogger. The delivery of the smothering blow began at Paulino's heels and met with no resistance until it smashed him on the unprotected jaw of the "black-song" Wills.

Wills dropped in the floor and watched with a dazed look while the referee was giving the count. The sound of a bell interrupted him in an upright position, but Paulino pointed on him, sending the heavy man sprawling against his ropes. A left hook finished Wills, who took the count in a sitting position, unable to get on his feet.

The knockout blow came as a complete surprise. But the fight had been extremely dull.

LEARD REPORTS AT SALT LAKE

Brins Win First Two Players Yet Leadership Top Two Under New

Twin Falls ball club won its first game under the tutelage of its manager, "Lefty" Leard, from Salt Lake 5 to 2. Leard reports to Fresno that George Randolph, who accompanied the Bruins to the Zion City, Mr. Smith, returned yesterday.

With Leard came two new diamond performers. One was Bill Bremer, catcher, and the other, Les Harzog, pitcher and utility infielder.

The new pitcher appears to be well pleased with the material he has found in the team camp and looks especially well who work of manager, George Leard behind the plate. He says only one bad day and that is team work, which will get special attention.

After the series of Salt Lake the Salt Lake Braves are against the "Great Lakes" here—next week, giving local fans a good chance to watch the Bruins perform under their new leader.

LIFE OF JACK SHARKEY

By HENRY L. FABRIEL, Failed Press Sports Editor

NEW YORK.—Whatever may be the opinion of students to admit that you can lick anyone, Jack Sharkey is no roughneck and he is not a dumbbell. Like the Jack Dempsey, when he had to meet in the Yankee Stadium on July 21, he had no college education, but he has picked up a lot of practical knowledge and he doesn't use "dumb and dumber" in his conversation.

He had to leave the parochial school in the eighth grade and went to work when he was 14 for the Edson-Johnson shoe factory looking for a job to support. He worked three years and then went to Bretter, Port, Conn., where he threw gravel into a concrete mixer. He went back home shortly after and wanted to work something else.

He wanted to enlist during the war but his parents objected on account of his age and he left the national guard and came to New York where he went to work as a day laborer. He then got a job in the Jersey City shipyards and went back home in 1919 to the shoe factory.

The following year he left home again and came to New York. He didn't have much luck finding a job when the funds were very low.

He found a job to the Brooklyn Navy yard and enlisted.

He had to do a hitch of six years on the training ship at Newport before he could go to sea and it was there he had his experience as a seaman about the marines and his first fight.

When the time came to go to sea he was assigned to the North Carolina, which was taking the Annapolis midshipmen on their training cruise. During the cruise he had about 60 bouts with boxers on the crew and he finally won the Atlantic Fleet Championship on Columbus Day, 1923.

He recalls that it was on Columbus day four years later that he made his great fight against Henry Willis. That was a fight that always will

be talked about for it exploded the faith of the black menas. Will had been paraded for years as the "light heavyweight" in the ring and no one would fight him until Sharkey came along.

Previous to this time Sharkey was rated much more than a good line heavyweight who did most of his training around home but when he challenged Will, the boys started looking up his record.

The record wasn't good enough looking to warrant his bravado and it was revealed that in one fight in New York against Sator Edito Hurt, man his work was questioned and he was called before the commission and told there was a suspicion that he had fixed up his opponent.

"I beat him, didn't I? Have you got a rule that makes a fighter knock his man?" I thought they called it boxing in New York.

It was at that time that William Maltona, the veteran commissioneer looked him over and made the rash prediction that he would be the champion some day. Maltona drove the Dempsey-Tammy fight out of New York by getting a ruling on the contention that Sharkey was the man to fight Dempsey and it was Maltona who stuck by Sharkey when everyone was saying that it would be a matter of time that Will would finish another set up that might ruin the name.

When Sharkey came into the ring he shared right across at Will. When they were called together for instructions Sharkey looked him over with a sneer and a glare that forced the negro's eyes to the floor.

A microphone was in the corner and Sharkey was asked to say something into the radio microphone.

"I'll knock him out sure as hell, but I'll be damned if I'll ever let him take a punch from me."

He didn't knock him out but he never had taken and foreclosed him out on a foul.

Sharkey used a child when the referee refused to let them con-

front. After winning the Atlantic Pacific championship, Sharkey was matched against Bill Crowley, a Pacific West champion. Crowley was a 220-pounder who boasted he had run six rounds with Dempsey in a sparring match.

They fought seven rounds and the referee ordered an extra round after which Sharkey's hand was raised. When the fight returned to Boston Sharkey's time was up and he asked for his discharge. He was asked if he would remain in the service while and try out with the navy candidates for the Olympic team.

He said he needed money badly and he decided to give up his chances for the Olympic team and pick up a little money fighting.

Three months after his discharge he was ordered an extra round after which Sharkey's hand was raised. When the fight returned to Boston Sharkey's time was up and he asked for his discharge. He was asked if he would remain in the service while and try out with the navy candidates for the Olympic team.

PLAY SNOOKER-HILLIARDS at the Smoker Clear Store—adv.

If YOUR jimmy-pipe could talk, it would say: "Fill me with Prince Albert and watch me strut. I'll repay you a hundred-fold." No doubt about it, many a pipe has been blamed for things that weren't its fault at all. You have no idea how well a pipe behaves on P.A.

On my say-so, buy yourself a tidy tin of good old P.A. today. Throw back the hinged lid and revel in that fragrance of the world's greatest pipe tobacco, bar none. Then tuck a neat wad into its business-end of your pipe and light up. There's the answer to every pipe-wish.

Cool as a pound-keeper. Sweet as escape from the place he keeps. Mild, but with that full, satisfying flavor of the greatest tobacco that ever tumbled into a pipe. No matter how wide you open the smoke-throttle, there isn't a stop-sign or a detour anywhere.

Nearly as a store where they hand out jimmy-pipe joy in tidy red tins. My advice to you is to make tracks for there at once. Fill your pipe with this glorious tobacco and get the fun that's due you. No matter what your present program is, try P.A. Give your pipe a chance!

Enough to make a pipe get puffed up.

PRINCE ALBERT
—no other tobacco is like it!
